On November 21, 2016, Eastman Chemical Company (the Company) issued and sold 200 million (or \$218 million based on the euro/U.S. dollar exchange rate as of November 10, 2016 as published by the U.S. Federal Reserve Board (the exchange rate)) principal amount of 1.50% notes due 2023 (the 2023 Notes) and 500 million (or \$544 million based on the exchange rate) principal amount of 1.875% notes due 2026 (the 2026 Notes and, together with the 2023 Notes, the Notes), pursuant to the Underwriting Agreement (as defined below) and the Company's Registration Statement on Form S-3 (Registration No. 333-204119) filed with, and declared effective by, the Securities and Exchange Commission (the SEC) on May 13, 2015 (the Registration Statement), and the issuer free writing prospectus and prospectus supplement (the Prospectus Supplement), filed with the SEC on November 16, 2016 and November 17, 2016, respectively. The 2023 Notes were issued and sold as additional notes of the same series as the already outstanding 550,000,000 aggregate principal amount of the Company's 1.50% notes due 2023, issued on May 26, 2016 (the existing 2023 Notes). The 2023 Notes will be treated as a single series with the existing 2023 Notes and will have the same terms (other than the date of issue and the initial price), including having the same ISIN, Common Code and CUSIP number, as the existing 2023 Notes. The Notes were issued under an indenture, dated as of June 5, 2012 (the Indenture), by and between the Company and Wells Fargo Bank, National Association, as trustee (the Trustee).

The Notes are unsecured, unsubordinated general obligations of the Company. Interest on the 2023 Notes is payable annually on May 26 of each year, beginning on May 26, 2017, and interest on the 2026 Notes is payable annually on November 23 of each year, beginning on November 23, 2017, to the persons in whose names such Notes are registered in the security register at the close of business on the May 11 preceding the relevant interest payment date, in the case of the 2023 Notes, and on the November 8 preceding the relevant interest payment date, in the case of the 2026 Notes, except that interest payable at maturity shall be paid to the same persons to whom principal of the Notes is payable.

The Company may redeem the Notes of each series, in whole or in part, in the case of the 2023 Notes at any time prior to February 26, 2023 (three months prior to the maturity date), and in the case of the 2026 Notes at any time prior to August 23, 2026 (three months prior to the maturity date), at a redemption price equal to the greater of (1) 100% of the principal amount of the applicable series of Notes being redeemed or (2) the sum of the present value of the Remaining Scheduled Payments (as defined in the Notes) of principal and interest on the applicable series of Notes being redeemed (not including any portion of such payments of interest accrued as of the date of redemption) discounted to the date of redemption on an annual basis at the applicable Comparable Government Bond Rate (as defined in the Notes) plus 30 basis points with respect to the 2023 Notes and 25 basis points with respect to the 2026 Notes; plus, in each case, accrued and unpaid interest to the redemption date.

The Notes of each series are redeemable, in the case of the 2023 Notes, on or after February 26, 2023 (three months prior to the maturity date) and in the case of the 2026 Notes, on or after August 23, 2026 (three months prior to the maturity date), at a redemption price equal to 100% of the principal amount of the applicable series of Notes being redeemed, plus accrued and unpaid interest to the applicable redemption date.

If, as a result of a change in, or amendment to, the laws of the United States or any taxing authority in the United States, the Company becomes or will become obligated to pay additional amounts with respect to the Notes of either series, then the Company may at any time redeem, in whole, but not in part, the Notes of such series at a redemption price equal to 100% of the principal amount of such series of Notes, plus accrued and unpaid interest to, but excluding, the applicable redemption date.

The Indenture contains covenants that, among other things, restrict the ability of the Company to incur certain secured indebtedness, enter into sale and leaseback transactions and consolidate, merge or transfer all or substantially all of its

assets and the assets of its subsidiaries on a consolidated basis. These covenants are subject to a number of important exceptions and qualifications. In addition, upon the occurrence of a Change of Control Triggering Event (as defined in the Indenture) with respect to a series of Notes, the holders of such series of Notes will have the right to cause the Company to repurchase all or a portion of such series of Notes at a price equal to 101% of the principal amount of such series of Notes plus accrued and unpaid interest to, but excluding, the date of repurchase.

The Indenture also contains customary provisions for events of default including for failure to pay principal or interest when due, failure to perform covenants in the Indenture and failure to cure or obtain a waiver of such default upon notice, and certain events of bankruptcy, insolvency or reorganization. Subject to certain exceptions and conditions as set forth in the Indenture, in the case of an event of default, the principal amount of the applicable series of Notes plus accrued and unpaid interest may be accelerated.

The existing 2023 Notes are listed on the New York Stock Exchange (the NYSE) under the symbol EMN23. The 2026 Notes are a new issue of securities with no established trading market. The Company intends to apply to list the Notes for trading on the NYSE, and expects trading in the Notes on the NYSE to begin on or before December 21, 2016.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the complete terms of the Indenture, which is filed as Exhibit 4.1 to the Company's Current Report on Form 8-K dated June 5, 2012, and the Notes, the forms of which are filed as Exhibits 4.2 and 4.3 hereto, each of which is incorporated herein by reference.
