[Questions and Answers](#)

[About Our Annual Meeting](#)

This proxy statement (the "Proxy Statement") is being furnished in connection with the solicitation of proxies by the board of directors (the "Board") of Monotype Imaging Holdings Inc., a Delaware corporation (the "Company"), for use at the Company's 2017 Annual Meeting of Stockholders (the "Annual Meeting"). This Proxy Statement and form of proxy will be made available to stockholders on or about April 5, 2017.

[When and where is the Annual Meeting?](#)

Time: 8:30 a.m. Eastern
Date: Monday, May 1, 2017
Location: Company Headquarters
600 Unicorn Park Drive
Woburn, MA 01801

[Who can vote?](#)

Stockholders of record as of March 22, 2017 (our "Record Date") are entitled to vote. As of our Record Date, there were 41,837,038 shares of our common stock (the "Common Stock") entitled to vote. Each share of our Common Stock is entitled to one vote for each Nominee and one vote for each proposal.

[How many shares must be present to conduct the Annual Meeting?](#)

The presence at the meeting in person or by proxy of holders of shares representing a majority of all the votes entitled to be cast at the meeting, or 20,918,520 voting shares, will constitute a quorum for the transaction of business at the Annual Meeting.

[What is the difference between a stockholder of record and a street name holder?](#)

These terms describe how your shares of our Common Stock are held. If your shares are registered directly in your name with Computershare Investor Services, our transfer agent, you are a stockholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

[What is a proxy?](#)

A proxy is your legal designation of another person to vote on your behalf. By completing and returning the enclosed proxy card, you are giving the persons named in the proxy card, Scott Landers and Anthony Callini, or each of them, each with the power of substitution, the authority to vote your shares in the manner you indicate on your proxy card.

[How do I vote my shares?](#)

If you are a stockholder of record, you have several choices. You can indicate your vote and designate your proxy:

Via the Internet;
By telephone; or
By mailing your enclosed proxy card.

Note that votes made by phone or on the Internet must be received by 11:59 p.m., local time, on April 30, 2017. Please refer to the specific instructions on the printed proxy card. If you hold your shares in street name, your broker, bank, trustee, or nominee will provide you with materials and instructions for

voting your shares. If you return a properly signed proxy card but do not mark your vote on any matter, your shares will be voted FOR the director Nominees and Proposals.

Why did I receive more than one Proxy Statement and proxy card?

You will receive multiple Proxy Statements and proxy cards if you hold your shares in different ways (for example, by joint tenancy, in a trust, in a custodial account) or in multiple accounts. If your shares are held in street name, you will receive your proxy card or other voting information from your broker and you will return your proxy card(s) to your broker. You should vote on and sign each proxy card you receive. To request that only one copy of any of these materials be mailed to your household, please contact your broker.

Can I vote my shares in person at the Annual Meeting?

If you are a stockholder of record, you may vote your shares in person at the Annual Meeting. If you hold your shares in street name, you must obtain the appropriate documents from your broker, bank, trustee, or nominee giving you the right to vote the shares at the Annual Meeting. If you intend to attend the Annual Meeting in person, we encourage you to mark the meeting attendance box on your proxy card. You must bring to the Annual Meeting a picture identification and proof that you are a stockholder of record in order to vote your shares at the Annual Meeting.

What is a broker non-vote?

A broker non-vote refers to a share of our Common Stock represented at the Annual Meeting that is held by a broker or other nominee who has not received instructions from the beneficial owner or person entitled to vote such share and where the broker or nominee does not have discretionary power to vote. If you hold shares of our Common Stock in street name, you must provide written instructions on how you want your shares to be voted on each Proposal. If you do not provide voting instructions and the Proposal is considered a non-routine matter, then your shares will not be voted. Please note that [Proposal One Election of Directors](#); [Proposal Two Advisory Vote on Executive Compensation](#); [Proposal Three Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation](#); and [Proposal Four Approval of the Company's Third Amended and Restated 2007 Stock Option and Incentive Plan](#) are considered non-routine matters, so it is very important that you provide written instructions on each Proposal if you want your vote to be counted.

Security Ownership Guidelines

and Anti-Hedging Policy

Our Board believes that security ownership by the Board and our CEO is important to align their interests with the interests of our stockholders and to further demonstrate to the investing public and our employees the Board's and CEO's commitment to our Company. Accordingly, we maintain stock ownership guidelines for both our non-employee directors and our CEO, which we make available on our website at <http://ir.monotype.com/>.

Our director stock ownership requirements state that any non-employee director who has served on our Board for at least three years is required to beneficially own a combination of shares of our Common Stock, vested stock options and unvested shares of restricted stock with a dollar value at least equal to three times the Board annual cash retainer on the measurement date, which is December 31 of their current service year. As of December 31, 2016, all non-employee directors met the requirements.

Our CEO is subject to equity ownership guidelines that, beginning four years after the later of the adoption of the guidelines or the first date he was employed as the Company's CEO, require him to hold a combination of shares of our Common Stock, vested stock options, and unvested shares of restricted stock with an aggregate value at least equal to three times his base salary on the measurement date. The measurement date is defined as the close of business on

December 31 at the Company's principal place of business. Our president and CEO, Scott Landers, was appointed to that position on January 1, 2016 and will become subject to these guidelines on January 1, 2020. However, as of January 1, 2017, Mr. Landers satisfied these ownership requirements.

We maintain an insider trading policy that prohibits all directors, officers and employees and their immediate family members from engaging in the following transactions relating to our securities or derivatives thereof: purchasing or selling puts or calls, short sales, trading during a standard quarterly or special blackout period and/or placing standing orders (other than under Company approved Rule 10b5-1 trading plans), and holding our securities or derivatives thereof in a margin account or pledging them.

Board Structure, Leadership,

Governance, and Independence

The following provides information about the structure, leadership, governance, and independence of our Board.

Board Structure

Our Board has eight members, is divided into three staggered classes (Class I, II and III), and each director in each class serves until a successor has been elected and qualified and until the earlier of their resignation or removal. Our current Board is comprised of six independent and two non-independent directors.

Our two non-independent directors are our former president and CEO, Douglas J. Shaw, who has been a member of our Board since 2004 and was our president and CEO through December 31, 2015, and Scott E. Landers, who is our current president and CEO and became a director in 2016.

Board Leadership

We have separate positions for the chairman of the Board and president and CEO. Robert Lentz currently serves as our chairman and was re-elected by our Board in February 2017 to serve as a chairman for a second three-year term, which will begin on the day after our Annual Meeting. Our Board believes that there are advantages to having an independent chairman, including:

- To assist in facilitating matters such as communications between the Board and our president and CEO;
- To provide strategic guidance from the Board to our president and CEO and senior management team;
- To assist the Board in reaching consensus on particular strategies and policies based on input from senior management;
- To ensure that the appropriate level of oversight, independence and responsibility is applied to all Board decisions, including risk oversight; and
- To allow the Board the opportunity to review the chairman's effectiveness in the position at the end of each three-year term.

The Board believes that Mr. Lentz's skill set, understanding of the Company's business and end user markets, and his ability to offer strategic guidance to our executive management team allow him to continuously excel in his role as our chairman.

Board Governance

The Company and the Board are committed to good corporate governance practices that promote the long-term interests of our stockholders. We believe our governance practices not only strengthen our Board and executive management team accountability but also build trust in our Company with our stockholders. Our governance practices include:

Edgar Filing: Monotype Imaging Holdings Inc. - Form DEF 14A

In 2016, our Board adopted a majority voting standard for the election of directors in uncontested elections with a director resignation requirement if a director is not re-elected in an uncontested director election, and amended our corporate governance guidelines to reflect such change.

Our Board re-evaluates the effectiveness of our chairman of the Board every three years and either elects or re-elects a chairperson every three years.

Our Board operates under written corporate governance guidelines, which can be downloaded from our website at <http://ir.monotype.com/>.

The committees of the Board operate under written charters, which can be downloaded from our website at <http://ir.monotype.com/>.

Our Board conducts an annual self-evaluation, part of which is to determine whether or not the current leadership structure is optimal for our Company and our stockholders.

Each committee of the Board conducts an annual self-evaluation, part of which is to determine the effectiveness of the committee and highlight areas of committee focus for the upcoming year.

We conduct an annual review of corporate policies, governance guidelines and committee charters to ensure compliance with industry best practices.

The Company has adopted a Code of Business Conduct and Ethics, which can be downloaded from our website at <http://ir.monotype.com/>, that is applicable to every member of our Board and all employees including our president and CEO and all senior financial officers.

We provide that any amendment to or waiver of a provision of our Code of Business Conduct and Ethics which applies to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions, will be disclosed by posting such information on our website.

Our Company policy encourages all directors to attend our annual meeting of stockholders.

Board Responsibility for Risk Oversight

The Company's management is responsible for day-to-day risk management and implementation of Company policies. We maintain an internal risk management committee that is responsible for ensuring that our risk management program, which is comprised of strategic, operational, financial, and legal risk identification and prioritization, as well as active risk management and mitigation, is reflected in our policies and actions. Our Board is responsible for our risk identification and prioritization process, has oversight of our risk management program, risks related to our operations and business strategy, and receives reports on risk management from members of our executive management team.

Table of Contents

Our audit committee has oversight responsibility for our Sarbanes-Oxley Act of 2002 compliance program, our internal audit function, and oversight of the resolution of certain issues identified by our information technology and security function. Our management development and compensation committee has oversight of risk considerations with respect to our executive compensation programs. The committee works directly with management to determine whether our programs improperly encourage management to take unnecessary risks relating to the business or whether risks arising from our executive compensation programs are reasonably likely to have a material adverse effect on the Company. Our Board believes that this shared oversight is appropriate, rather than consolidation of responsibility with a single board level risk management committee.

Board Review of Business Relationships

and Transactions

All related party transactions are reviewed under our related person transaction approval policy by our audit committee and reported to and, if required, approved by our Board. The term related party transactions refers to transactions required to be disclosed in our filings with the SEC pursuant to Item 404 of Regulation S-K. Responsibilities for these reviews and associated actions are as follows:

Our audit committee is responsible for our policies and procedures for the review of transactions between the Company and our directors, director nominees, executive officers, security holders that beneficially own more than 5% of any class of our voting securities, or the immediate family members of any of these persons under our written related person transaction approval policy;

A list of related persons, which is updated quarterly and cross-checked periodically, is available to our employees and officers who are involved with or familiar with the transactions, contracts or other legal or business arrangements that we may or have entered into; and

The related persons list is checked prior to entering into any transaction, contract or other legal or business arrangement.

If it is determined that we have entered into or may enter into a related person transaction, including any modification or addition to an existing contract or arrangement, our general counsel is notified and she reviews the applicable rules and determines whether the approval of our Board, the audit committee, or both, is required and if so that approval is obtained prior to entering into the transaction. No related person transaction is allowed unless our general counsel has either specifically confirmed in writing that no further approvals are necessary, or specifically confirmed in writing that all approvals necessary for us to enter into such arrangement have been obtained. In the event that a related party transaction requires the approval of the Board, the audit committee reviews the transaction and then makes a recommendation to the Board for its consideration before the transaction is entered into.

Independent Compensation Consultants

The management development and compensation committee has engaged Pearl Meyer & Partners LLP (Pearl Meyer) to serve as its independent compensation consultant. In this capacity, Pearl Meyer provides peer group advice, peer group pay practices and other relevant benchmarks with respect to the Company's executive officer compensation, reviews of director compensation pay practices with the management development and compensation committee, and provides an ongoing overview of regulatory developments and compensation trends. In addition, Pearl Meyer reviews and advises the committee on executive officer and other key personnel compensation data and recommendations. During 2016, the management development and compensation committee engaged Pearl Meyer to provide further services including a comprehensive review of market non-employee director compensation and market executive long-term incentive programs. Pearl Meyer takes direction from the management development and compensation committee, reports directly to the committee and does not provide any services to the Company other than those

described above.

The management development and compensation committee has assessed the independence of Pearl Meyer pursuant to SEC and NASDAQ Stock Market (NASDAQ) rules and determined that Pearl Meyer is independent and that their work has not raised any conflict of interest. In making this assessment, the committee considered each of the factors set forth by the SEC and NASDAQ with respect to the compensation consultant s independence, including that Pearl Meyer provides no other services for the Company other than pursuant to its engagement by the management development and compensation committee and the individual compensation consultants from Pearl Meyer who advise the committee have no prior relationship with any of our named executive officers or any member of the Board. The committee also determined that there were no other factors that should be considered in connection with the assessment or that were otherwise relevant to the management development and compensation committee s engagement of Pearl Meyer.

Independence of our Board

and Committee Members

Board Member Independence

Our Board has considered the relationships of all directors and any transactions involving the directors and determined that two of our directors, Douglas J. Shaw who was our president and CEO from 2007 through 2015 but remained on the Board as a director and Scott E. Landers who was appointed as our president and CEO and elected to the Board in 2016, each have a relationship that would interfere with the exercise of independent judgment in carrying out his responsibility as a director. Neither Messrs. Shaw nor Landers serves on any committee of the Board. Aside from Messrs. Shaw and Landers, each director qualifies as an independent director under the rules of the SEC and NASDAQ.

Management Development and Compensation Committee Member Independence

Each member of our management development and compensation committee is independent as defined under the Exchange Act, Rule 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and the rules of NASDAQ.

Table of Contents

Audit Committee Member Independence

The Board has determined that Mr. Simone and Ms. Lenehan each qualify as an audit committee financial expert as defined under the Exchange Act and the applicable rules of NASDAQ. In making its determination, our Board considered the nature and scope of the experiences and responsibilities that Mr. Simone and Ms. Lenehan have previously had with reporting companies and, in the opinion of our Board, neither of them have a relationship that would interfere with the exercise of independent judgment in carrying out their responsibilities as a director. Each member of our audit committee is independent as defined under the Exchange Act and the applicable rules of NASDAQ.

Nominating and Corporate Governance Committee Member Independence

Each member of our nominating and corporate governance committee is independent as defined under the rules of NASDAQ.

Management Development and Compensation Committee Interlocks and Insider Participation

In 2016, Ms. Lenehan, Ms. Gaddis and Messrs. Heinen and Yeaton served on our management development and compensation committee. None of our executive officers serve as a member of the management development and compensation committee or as a director of any entity that has one or more of its executive officers serving as a member of our Board or management development and compensation committee. None of the members of our management development and compensation committee has ever been one of our employees.

Table of Contents**Director Compensation**

The following provides a summary of the structure of our non-employee director compensation in 2016.

Board and Committee Cash Retainers

Our non-employee directors receive cash compensation in the form of an annual retainer for their service on our Board and additional cash retainers for their service on committees. They do not receive meeting fees unless the number of meetings of the Board or any committee exceeds ten per year, in which case non-employee directors are entitled to receive per meeting fees of \$1,000 for any additional meeting attended. Further, the Board has discretion to award additional compensation to any director who undertakes additional responsibility above and beyond their committee responsibilities. Our non-employee directors are also entitled to reimbursement of reasonable travel expenses for Board and committee meetings, Company-related activities that require their attendance, and payment of director-related education expenses.

Our Board reviews the structure and amount of director compensation every two years. In 2016, the management development and compensation committee engaged Pearl Meyer to assist with a comprehensive review of director pay practices, and the committee provided this information to our Board in conjunction with its director compensation review. Director compensation will be reviewed again in 2018.

Our annual cash retainer structure for our non-employee directors in 2016, was as follows:

Position	Annual Cash Retainer
Chairman of the Board	\$125,000
Non-employee Director	\$75,000

(other than the Chair)

Additional cash retainers for each non-employee director who served on one or more Board committees in 2016 were as follows:

Position	Additional Cash Retainer
Audit Committee	
Chair	\$22,000
Member	\$11,000
Management Development and Compensation Committee	
Chair	\$15,000
Member	\$7,500
Nominating and Corporate Governance Committee	
Chair	\$10,000
Member	\$5,000

There were 15 meetings of the Board in 2016, and accordingly, meeting fees were paid to each of our directors in 2016 in an amount reflective of the number of meetings over ten attended by each non-employee director. Actual cash retainers and meeting fees paid to each non-employee director in 2016 are set forth in the *Director Compensation Table - Fiscal 2016*.

Equity Compensation

In 2016, our non-employee directors received a grant of restricted stock equal to the number of shares with an approximate dollar value of \$125,000 based on the closing price of a share of our Common Stock on the grant date. The restricted stock award granted in 2016 vests on the earlier of the first anniversary of the grant date or the date of our next annual meeting of stockholders. Additional equity awards to our non-employee directors, which may include options to purchase shares of our Common Stock, are considered and approved by our Board during regularly scheduled or special meetings of our Board prior to the grant date, which is generally the third business day following the annual meeting. In 2016, no additional equity awards were granted.

Equity Grants upon Election to the Board

Upon election to the Board, new non-employee directors receive a grant of restricted stock with an approximate dollar value equal to one and a half times the annual cash retainer paid to a member of the Board.

Director Nominations

When our Board is required to select a new member, it relies on the nominating and corporate governance committee to identify suitable candidates for nomination and to assess their qualifications in light of the policies and principles in our corporate governance guidelines and the charter of the nominating and corporate governance committee.

Process for Identifying and Evaluating Director Nominations

Generally, the nominating and corporate governance committee identifies candidates for director nominees by consulting with other members of the Board and management, on its own, by utilizing search firms or other advisors, through the recommendations submitted by stockholders or through other methods deemed helpful in identifying candidates. Once candidates have been identified, the committee confirms the candidates meet the minimum qualifications by gathering information about the candidates through interviews, detailed questionnaires, comprehensive background checks or any other means deemed to be helpful in the process. The committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of this process, a recommendation is made with regard to the suitability for election of such candidates. The specific qualities and skills our Board and nominating and corporate governance committee look for in each candidate are outlined below.

Director Qualifications

In identifying prospective director candidates, the nominating and corporate governance committee considers all facts and circumstances it deems appropriate, including among other things, skill set, depth and breadth of business experience, independence, and the needs of the Board. This assessment includes consideration of the following minimum qualifications that must be met by all directors:

- Be of the highest ethical character and share the values reflected in the Company's Code of Business Conduct and Ethics;
- Have a reputation, both personal and professional, consistent with the image and reputation of the Company;
- Have the ability to exercise sound business judgment; and
- Have substantial business or professional experience and be able to offer meaningful advice and guidance to management based on that experience.

The committee also considers factors such as:

- An understanding of and/or experience in the technology, software, and creative professional industries or other experience deemed relevant at the time;
- Leadership experience with public companies or other major complex organizations;
- How such candidate would contribute to the diversity of the Board, although the Company does not have a formal diversity policy;
- Experience in accounting or financial industries; and
- The degree to which such candidate's experience strengthens the Board's collective qualifications and skills.

Once the nominating and corporate governance committee receives the nomination of a candidate and the candidate has complied with the minimum procedural requirements above, the candidate is evaluated by the committee and a recommendation regarding the candidate is delivered to the Board. Compensation

Proposal Two

Advisory Vote on Executive Compensation

The Company gives its stockholders the annual opportunity to approve the compensation of our named executive officers. We believe our executive compensation programs have been designed to align executive incentives with the creation of long-term value for our stockholders. Although stockholder approval of our compensation plans for named executive officers is advisory in nature and not binding on the Company, our Board and management development and compensation committee value our stockholders' opinions and will consider the outcome of this vote and determine what actions may be appropriate to address those concerns when making future executive compensation decisions.

This Proposal relates solely to the advisory vote to approve the compensation of the Company's named executive officers and does not include any other matters. This vote is advisory and therefore not binding on us, our Board or our management development and compensation committee.

Proxies will be voted FOR this Proposal Two unless contrary instructions are set forth on the enclosed proxy card.

The Board of Directors recommends that stockholders vote FOR the approval of the compensation of our named executive officers.

2016 Performance & Compensation Highlights

Company Strategy

Over the past few years, we've witnessed a dramatic shift in the way people are creating and consuming content. Digital has become the primary method of information consumption, forcing brands to focus more intently on how they create a consistent experience across multiple consumer touchpoints. Social media, the explosive growth of mobile, and the demand for personalized content have created new ways for us to serve the expanding needs of design and marketing creative professionals. Brand experiences now include a broader range of design assets including type, user generated content, and emoji, among other assets. As brands' needs have changed, we have expanded our offerings to better serve them.

Our markets and the established relationships we maintain with some of the world's most recognizable brands are providing an opportunity for us to capitalize on, and expand beyond our strong foundation in type and extend our value proposition to include design assets, technology and expertise. We now offer more products and services to help brands express themselves and engage with customers - while measuring the performance and impact of their marketing campaigns. In 2016, we made significant strides toward our corporate goal of delivering more value to our customers while solidifying our foundation, fortifying our previous investments, and growing and expanding our business.

Operational Achievements

Our Creative Professional business represented more than 50% of our overall revenue for the first time in our history;

Our acquisition of Olapic Inc., and its subsidiaries Olapic UK Ltd., and Olapic Argentina S.A. (Olapic) added user generated content to our product offerings and talented professionals to the Company's growing employee base;

Our Swyft business became self-funding during the year and launched more than 100 branded sticker apps into the Apple® iMessage® store on a single day in September;

We rolled out flexible licensing models and subscription services that make it easier for brands to work with some of the world's most popular typefaces, and we saw several Global 2,000 brands take advantage of these new models;

We converted more than 30% of our estimated printer revenue from unit royalty payments to annual fee payments, providing greater revenue stability for the Company and more predictability for our printer customers;

We continued to demonstrate our ability to identify and capitalize on new revenue opportunities within the markets we serve with our launch of font licenses for HTML5 digital ads, and in our first year of licensing fonts for digital ads we more than quadrupled the revenue generated by licenses of web fonts for web sites in its first year; and

Table of Contents

Tapping into our deep expertise in type, in a collaboration with Google® we unveiled Google Noto, a typeface that spans more than 100 writing systems, 800 languages, and hundreds of thousands of characters representing the launch of one of the largest type projects in history, enabling communication for billions of people around the world accessing digital content.

Connecting Compensation to

Company Performance

We target total cash and time-based equity compensation at median, with the opportunity to over-achieve median total compensation if we exceed our pre-determined performance targets.

The Company was required to meet at least 95%, up from 90% in 2015, of at least one of its revenue and non-GAAP net adjusted EBITDA targets before any named executive officer was eligible for cash incentive compensation.

More than 30% of the equity awards made to our named executive officers in 2016 will vest only upon the achievement of pre-determined revenue stretch goals that we believe are difficult to attain. Accordingly, when the Company does not over-perform, our named executive officers do not receive value from their performance-based equity awards.

The *Summary Compensation Table Fiscal Years 2016, 2015, and 2014* in this Proxy Statement includes a dollar amount that represents the grant date fair value of all equity awards granted to our named executive officers in 2016. However, since a substantial portion of the equity awards made to our named executive officers vest based on the Company's future performance, we believe it is important to consider the amount a named executive officer could actually realize in 2016 based on what awards vested during the year. The chart below shows the value of equity awards granted in 2016, as reported in this Proxy Statement, compared to the value of equity awards that actually vested in 2016.

Financial Highlights**

Total revenue of \$203.4 million, an increase of 6% year-over-year.

Total Creative Professional revenue of \$102.4 million, an increase of 16% year-over-year.

Non-GAAP net adjusted EBITDA of \$59.8 million, or 29% of revenue.

Cash and cash equivalents of \$91.4 million at December 31, 2016.

Investing for Success**

We hired more than 230 new employees across the Company in 2016, including those from the acquisition of Olapic, to help implement our corporate vision and expand our business opportunities;

We invested \$7.7 million of non-GAAP net adjusted EBITDA in 2016 behind Olapic to help support our expansion and growth, and we are prepared to invest approximately \$18.0 million of non-GAAP net adjusted EBITDA in 2017;

We maintained our commitment to return value to our stockholders:

With a 20% increase in the dividend that we pay quarterly, returning \$17.5 million in 2016 and an aggregate \$54.4 million over the life of the program returned to stockholders; and

Through our share buyback program announced in August 2016, which returned \$5.6 million to stockholders in 2016.

** See our Form 10-K for the year ended December 31, 2016 for a reconciliation of all non-GAAP financial measures to the comparable GAAP financial measures.

Compensation Discussion & Analysis

This section describes the Company's compensation programs for our named executive officers that were in effect for 2016 and the decisions made with respect to these programs. Our goal is to explain the details of these compensation programs and describe why we believe they are appropriate for our Company and our stockholders.

The compensation tables found in this section contain information for the individuals who served as our principal executive officer and principal financial officer at any time during fiscal 2016, as well as our three other most highly compensated executive officers who had been designated by the Company as executive officers as of December 31, 2016. These individuals are referred to as our named executive officers in this Compensation Discussion and Analysis, and are as follows:

Our Executive Compensation Objectives

and Principles

We believe the Company's success is dependent on experienced, engaged, and motivated talent at all levels of the organization. We strive to provide a total compensation package to our executive officers that we believe:

- Provides compensation opportunities that are competitive for comparable positions at similar companies, including those with whom we compete for talent;
- Reflects the level of accountability, business impact, and future potential of each executive officer;
- Aligns the interests of our executive officers with those of our stockholders by linking their compensation to the achievement of the Company's short- and longer-term business strategies and objectives;
- Reinforces ethical business practices;

Increases the proportion of variable compensation as an executive officer's level of responsibility increases;
Discourages excessive or unnecessary risks; and
Motivates team behavior to achieve superior cross-organizational results.

We focus on maintaining total compensation levels that we believe will be perceived by our executive officers and stockholders as fair and equitable. We rely on the following principles to guide our executive compensation decisions:

Focus on Total Compensation Opportunity

Compensation decisions are based on the overall compensation opportunity, which includes base salary, short-term cash incentive compensation, equity incentive compensation, and benefits.

Pay Competitively

We target the total compensation opportunity to be in-line with executives who hold comparable positions at public companies of similar size and in similar industries.

Reward Results

A significant portion of the total compensation opportunity is variable and performance based, subject to increase when results exceed pre-determined corporate targets and decrease when results fall below target. No payout is made if results do not achieve threshold levels of performance.

Our short-term incentive plan rewards annual financial performance results.

Our long-term incentive awards include performance shares, which only vest upon the achievement of stretch goals in support of the Company's long-term strategic goals.

No Executive Only Perquisites

Other than an annual physical examination that gives our executives the opportunity to complete all of their annual doctors' appointments in one visit, the benefits package offered to our executive officers is the same as the benefits package provided to all full time employees.

Same Policies for all Named Executive Officers

All of our named executive officers are compensated under the same policies, which are reviewed regularly by the management development and compensation committee to assure they are aligned with our overall compensation objectives and principles.

Executive Compensation Program Elements,

Mechanics, and Timing

Our management development and compensation committee determines executive compensation by utilizing input from our president and CEO, senior vice president of human resources, and Pearl Meyer, the committee's independent compensation consultant. In order to make executive compensation determinations, the committee considers a variety of topics

and reviews materials that are provided by the Company, Pearl Meyer and/or other industry sources. The chart below shows the compensation topics considered by the management development and compensation committee and when the committee discusses, reviews, and approves each topic, as applicable:

Further, the management development and compensation committee reviews and approves the cash and equity compensation of

our executive officers. The next chart summarizes the three main elements of our executive compensation programs, including why the element is part of our compensation program, when the element is approved, and the mechanics of each program element. The management development and compensation committee makes the determination with respect to each of these elements and the president and CEO provides input on all executive officers except himself.

Table of Contents

	Base Salary	Cash Incentive Compensation	Equity Incentive Compensation
Why Provide this Element	Compensation to attract and retain executive talent.	Reward for achievement of the Company's short-term financial and operational results.	Align executive officer interests with stockholders to reward for value growth. Focuses efforts and decision making on sustained long-term performance and retains talent based on vesting schedule and realizable value.
When Determined	Annually, during the first quarter of the fiscal year, and applied retroactively to January 1 of the applicable fiscal year.	Annually, after the review by the management development and compensation committee of our audited financial statements for the prior year and consideration of the individual's prior year performance results.	Generally granted annually following the filing of our Annual Report on Form 10-K for the prior fiscal year, however, the committee has discretion to make equity awards at any time. Equity grants may also be made following the hire or the promotion of an executive officer.
Program Mechanics	Determined with consideration of job responsibilities, prior experience, demonstrated leadership, individual performance results against stated objectives and anticipated impact on our success. Mid-year adjustments may be made to reward a promotion, substantial increase in responsibilities, or if a market adjustment is required for fair pay or retention.	Under the Incentive Plan, corporate performance goals, determination of eligible participants and individual targets are established annually. In 2016, no executive officer was eligible for a bonus payment unless the Company achieved at least 95% of one or more of the pre-established corporate financial performance goals. Under the Incentive Plan, the management development and compensation committee cannot establish a maximum cash incentive compensation amount for any participant that is greater than two times their base salary. In addition, once the targets are established, the committee does not have discretion to increase a payout under the Incentive Plan for any participant.	Awards are defined by our 2007 Option Plan and made under our equity award grant policy. Awards granted annually, in the aggregate, are based on internal dilution guidelines, management recommendations, benchmarking to industry and peer group data and an analysis of overhang and dilution compared to our peer group. Individual awards take into account peer group award levels, current and anticipated future individual performance and impact as well as retention value of current holdings. Grants are made at fair market value and calculated based on our closing market price on the grant date. Generally, vesting terms for restricted stock and options are 25% after the first year and quarterly thereafter, but can vary based on the intention of the committee in granting the award and the award type. Performance shares only vest upon achievement of pre-determined performance targets.

Above and beyond the compensation elements listed in the chart, we also offer the following benefits to all employees, including our named executive officers:

- Discretionary 401(k) matching program;
- Life and disability insurance;
- Travel and accident insurance;
- Optional health, dental and vision (which requires cost sharing);
- Supplemental life insurance coverage, which is fully paid by any employee electing this benefit; and
- Tuition reimbursement program.

We offer only one perquisite to our executive officers that is not available to our entire employee base - a comprehensive, Company-paid yearly physical examination. Although the Company's medical plan already provides for annual physicals, the comprehensive examination provides the convenience of doing all appointments and tests in one location on a single day, which helps encourage our executive officers to conveniently take the time necessary to maintain their health and wellness.

Table of Contents**Benchmarking and Peer Group**

In order to make compensation decisions, the management development and compensation committee benchmarks total compensation and each individual compensation element to determine whether our compensation is competitive by comparing our financial performance and executive compensation against an approved peer group of companies. For 2016, the peer group was selected with guidance from Pearl Meyer and approved by the management development and compensation committee based on a comparison of the following objective and qualitative criteria between the peer group and the Company:

Objective Criteria

- US based publicly traded organizations in either the applications or systems software or internet software and services industries;
- Organizations that list the Company as a peer for executive pay purposes;
- The ISS peer group; and
- Companies with revenue between \$75 million to \$480 million with market capitalization of \$230 million to \$2.3 billion over a trailing twelve month period.

Qualitative Criteria

- Organizations with comparable products, services and end markets to those of the Company;
- Organizations with greater than 25% of their revenue coming from outside of the United States;
- Organizations with expected projected double-digit revenue growth over a one-year period;
- Organizations with double-digit EBITDA margins; and
- Local competitors for talent.

The management development and compensation committee determined that it was appropriate to adjust the market capitalization and revenue ranges used to determine our 2016 peer group companies from the ranges used in 2015 to reflect the current revenue performance, EBITDA, revenue growth, and market capitalization of the Company and the peer group companies. In 2016, four peer group companies, Constant Contact Inc., Netscout Systems, Inc., Rocket Fuel Inc., and Synchronoss Technologies, Inc. were removed from the peer group - Constant Contact was removed because it was acquired and Netscout Systems Inc., Rocket Fuel Inc., and Synchronoss Technologies Inc. were removed because their market capitalization and/or twelve month revenue or EBITDA growth fell outside of our peer group ranges; and two companies were added, HubSpot Inc. and Marketo, Inc., as they each met the updated criteria for our peer group companies. The results of the objective and qualitative comparisons, and our final peer group of companies for benchmarking purposes in 2016 was as follows:

Upon determining our 2016 final peer group of companies, the committee performed a detailed analysis of the cash and equity compensation programs and levels provided to similarly situated executives of our peer group companies as compared to our current executive compensation programs and levels. While the committee does not target specific percentiles for individual executives for cash or equity compensation, the committee does have a philosophy of, on an overall basis, being within a competitive range of the market median for target cash and time-based equity compensation. Further, the committee has structured the executive compensation program to provide the opportunity to attain above market median compensation through the achievement of pre-determined corporate performance targets associated with cash incentive compensation and the vesting of grants of performance-based equity.

In determining the compensation targets for individual named executive officers, the committee also considered recommendations from our president and CEO (for named executive officers other than himself) and senior vice president of human resources, based on:

A review of the individual's previous year performance, leadership role, and performance objectives for the upcoming year;
Market information provided by Pearl Meyer including data relating to our peer group and other relevant publicly available compensation surveys; and
The views of our president and CEO and senior vice president of human resources on our total compensation program's ability to attract, retain, and motivate the level of performance necessary to achieve the Company's goals.

How We Weight the Elements of Executive Compensation

We determine the appropriate allocation between annual cash and equity incentive compensation with a goal of weighting the allocation toward variable compensation based on corporate financial and other performance goals and individual performance. We establish financial and other performance goals so that target attainment is not assured and payment for performance at or above target levels will require the individuals to perform at a high level, devote significant effort to the business, and produce significant results. We also develop individual performance objectives to support achievement of our annual corporate goals in order to ensure that the priorities, focus, and efforts of our named executive officers support the success of our strategic initiatives and drive achievement of our business objectives and financial goals.

The management development and compensation committee considers total compensation (cash and equity) when evaluating competitive data provided by Pearl Meyer and tally sheets prepared by our human resources department that include information on each named executive officer's current and past compensation. Based on this review, the committee can decide to adjust one or more elements of their compensation. Certain compensation decisions may specifically impact other elements of compensation. For example, because potential annual cash incentive payouts are based on the individual's base salary, increases in base salary may also increase the amount of the cash incentive payout. We have not implemented a specific policy for determining the allocation between cash and non-cash compensation, however in designing the total compensation structure, the committee assures that compensation remains

Table of Contents

generally aligned with the market median, with the opportunity for increased compensation if the Company overachieves against any pre-determined performance targets. The committee generally allocates a greater percentage of total compensation to equity, or long-term compensation, as they believe equity awards are an important component of our total compensation structure to provide appropriate competitive total compensation, motivate, and retain our named executive officers, and align management and stockholder interests.

Risk Mitigation in our Executive

Compensation Programs

Payments under our Incentive Plan are based on pre-determined, annual corporate performance goals which are equally weighted to mitigate the risk of decisions driven by the impact to one metric at the expense of the other. Individual performance objectives are also established for each named executive officer. In 2016, no executive officer was eligible for a bonus under the Incentive Plan unless the Company achieved at least 95% of one of the pre-determined corporate performance goals that was approved by our Board. The Incentive Plan also contains a claw back provision in the event the audit committee determines that there will be a subsequent change in our audited financial statements that impacts whether the financial performance targets were satisfied. In the event of a claw back, a named executive officer would be required to repay any amount based solely on the satisfaction of a target that was no longer satisfied based on the change in our audited financials. While the management development and compensation committee has no discretion to determine whether a repayment is required, that committee does have discretion in determining the payment received that was based on such target and which therefore must be repaid.

We generally weight our compensation elements toward longer-term elements such as equity awards, including performance-based awards that align with stockholder interests. In furtherance of this goal, we use grants of performance shares that are tied to difficult to achieve, pre-determined financial or corporate targets that must be attained in order for vesting to occur. We believe weighting toward long-term compensation effectively aligns the interests of our named executive officers and stockholders. Our president and CEO is subject to equity ownership guidelines that, beginning four years after he became our president and CEO, or as of January 2020, require him to hold shares of a combination of shares of our Common Stock, vested stock options and unvested shares of restricted stock, with an aggregate value of at least equal to three times his base salary during any fiscal year, which further reinforces this alignment. As of December 31, 2016, our president and CEO met the equity ownership guidelines.

We believe that these compensation practices encourage longevity and stability in our management team and discourage individuals from making decisions based on immediate personal gain, thus reducing the overall risk in our business activities.

Stockholder Outreach

In 2016, 96.6% of votes cast by our stockholders were in favor of our executive compensation program. We believe it is important to maintain on-going conversations with our stockholders to discuss our executive compensation programs including our cash compensation and equity award granting philosophies, dilution, and general corporate governance practices. During 2016, our management team reached out to our largest stockholders and provided them with an opportunity to provide feedback on, among other topics, our executive compensation programs and corporate governance practices. The Company's management intends to regularly engage our stockholders in these conversations. Further, our management development and compensation committee invites our stockholders to communicate directly with its members to inquire about, or provide their opinions about the Company's executive compensation philosophies and programs. Any communications should be mailed to:

2016 Executive Compensation Payments

Base Salary

When determining base salary increases for 2016, the management development and compensation committee considered the variance in base salary of named executive officers when compared to the median for our market and of our peer group as well as the financial performance of the Company, the overall performance and effectiveness of each named executive officer, and any significant change in their scope and responsibilities since his or her last base salary increase.

Based on this analysis, the committee awarded percentage base salary increases to each named executive officer that were generally in-line with the salary increases granted to our employee base, with the exception of Mr. Landers who received an above median salary increase to reflect his promotion from chief operating officer to president and chief executive officer. Even with this percentage increase, Mr. Landers' base salary remains in approximately the 50th percentile when compared to the base salary of similarly situated individuals in our peer group of companies.

These base salary percentage increases listed below were approved in February 2016, and applied retroactively to January 1, 2016. Salary increases and the resulting 2016 base salary for each of our named executive officers were as follows:

Table of Contents

	2015 Base Salary	Percentage Base Salary Increase	2016 Base Salary
Scott E. Landers, President and Chief Executive Officer	\$375,000	20%	\$450,000
Joseph D. Hill, Former Executive Vice President, Chief Financial Officer, Assistant Secretary and Treasurer	\$340,000	2%	\$346,800
Benjamin W.L. Semmes III, Executive Vice President, Market Strategy and Sales	\$336,142	7%	\$361,000
Steven R. Martin, Executive Vice President and Chief Innovation Officer	\$300,000	3%	\$309,000
Janet M. Dunlap, Executive Vice President, General Counsel and Secretary	\$284,898	3%	\$293,000

(1) Mr. Hill left the Company in October 2016, however he received a base salary increase in 2016.

Cash Incentive Compensation

In March 2016, our management development and compensation committee set annual corporate performance goals (the Corporate Performance Goals) and established the participants in and individual targets under the Incentive Plan. In October 2016, the committee revised these Corporate Performance Goals to reflect the Olapic acquisition, resulting in a full year revenue goal of \$212.7 million and a full year non-GAAP net adjusted EBITDA goal of \$64.3 million (see our Annual Report on Form 10-K for the year ended December 31, 2016 for reconciliation of all non-GAAP financial measures to the comparable GAAP financial measures). Individual threshold, target, and maximum cash incentive compensation amounts for all participants in the Incentive Plan are set as a percentage of annual base salary, with no payment made unless the Company achieved at least 95% of either the 2016 revenue goal or the non-GAAP net adjusted EBITDA goal. For 2016, the threshold, target, and maximum payments as a percentage of annual base salary were as follows:

Position	Threshold	Target	Maximum
President and CEO	75%	100%	200%
Executive Vice President, Market Strategy and Sales	49%	65%	130%
Chief Financial Officer and all other Executive Vice Presidents	41%	55%	110%

In 2016, the management development and compensation committee set the target incentive cash percentage of annual base salary for our president and CEO at the median when compared to target cash percentages of similarly situated individuals in our peer group of companies. Under the Incentive Plan, the committee cannot establish a maximum cash incentive compensation amount for any participant that is greater than two times such participant's base salary. In addition, once the targets are established, the committee does not have discretion

to increase a payout under the Incentive Plan for any participant.

In February 2017, the committee determined that each named executive officer had substantially achieved his or her individual performance objectives for fiscal year 2016. While Mr. Hill left the Company in October 2016, upon his departure, he had substantially achieved his individual performance objectives and was eligible for cash incentive compensation, pro-rated to the number of days he actually was employed by the Company in 2016. Our named executive officer's individual performance objectives were as follows:

President and Chief Executive Officer

Drive achievement of Company-wide revenue and non-GAAP net adjusted EBITDA targets and maintenance of recurring revenue levels; pursue and close acquisition opportunity in-line with Company strategy; develop cross business value propositions; work closely with the chief innovation officer to ensure foundation of expansion of customer and partnership network is developed; work closely with the senior vice president of human resources to create and launch next level leadership program; drive high level strategy associated with executive team's build out of product management and product marketing teams; and drive achievement of business unit and major initiative revenue and customer attainment goals.

business model for consumer solutions business; and work closely with executive team to ensure effectiveness of revised organization structure to provide foundation for future growth.

In February 2017, our Board determined that, subject to the receipt of audited financial statements for fiscal year 2016, we had reached 96% of our full year revenue target of \$212.7 million, or \$203.4 million, and 97% of our full year non-GAAP net adjusted EBITDA target of \$64.3 million, or \$62.6 million

(which includes a restructuring charge add-back). For more information on our financial performance in fiscal 2016, please refer to our Annual Report on Form 10-K filed with the SEC. Based on the percentage achievements of the final Corporate Performance Goals for 2016 and the achievement of each named executive officer's individual performance objectives described herein, we paid annual cash incentive compensation under the Incentive Plan at less than target, as follows:

	2016 Percentage of Base Compensation at Target	2016 Annual Cash Incentive Payment at Target	Percentage of Payout to Base Salary	2016 Actual Annual Cash Incentive Payment
Scott E. Landers, President and Chief Executive Officer	100%	\$450,000	83%	\$371,250
Joseph D. Hill, Former Executive Vice President, Chief Financial Officer, Assistant Secretary and Treasurer (1)	55%	\$190,740	42%	\$144,032
Benjamin W.L. Semmes, III, Executive Vice President, Market Strategy and Sales	65%	\$234,650	54%	\$193,586
Steven R. Martin, Executive Vice President and Chief Innovation Officer	55%	\$169,950	45%	\$140,209
Janet M. Dunlap, Executive Vice President, General Counsel and Secretary	55%	\$161,150	45%	\$132,949

(1) Mr. Hill left the Company in October 2016, however he was eligible to receive an annual cash incentive payment based on the Company's actual performance in 2016. The number set forth in Annual Cash Incentive Payment column is what Mr. Hill would have received had he been employed with the Company at December 31, 2016. Mr. Hill's actual cash incentive payment was pro-rated to the number of days he was employed with the Company in 2016, and is set forth in the section entitled *Summary Compensation Table - Fiscal Years 2016, 2015, and 2014*.

Equity Compensation

Edgar Filing: Monotype Imaging Holdings Inc. - Form DEF 14A

The management development and compensation committee targets yearly time-based equity compensation for our president and CEO at the 50th percentile when compared to our peer group of companies, with grants of performance shares providing our president and CEO the opportunity to achieve higher than 50th percentile equity compensation if we achieve our pre-determined financial and other performance targets. The committee believes that tying above median equity compensation to yearly corporate performance is a strong motivator and helps directly align the interests of our president and CEO with those of our stockholders.

We generally grant equity awards during the first quarter of the fiscal year. In determining the mix of equity awards to be granted in 2016, our management development and compensation committee reviewed our management equity award recommendations and our 2016 benchmarking to industry and peer group data, which included an analysis of overhang and dilution compared to our peer group. After such review the committee determined that a mix of restricted stock and performance shares as equity grants to our named executive officers was appropriate for 2016. On March 3, 2016, the committee approved equity awards to our named executive officers, which were granted on March 7, 2016. Restricted stock awards granted in 2016 vest 25% percent on the first anniversary of the grant date, with the remainder vesting in equal quarterly installments over the following three years.

Vesting of performance shares granted in 2016 is tied to the achievement of corporate annual targets over a three-year period, with each target being applicable to each fiscal year covered. Achievement of the corporate annual target provides

the opportunity for up to one third of the total award to vest. If an individual fiscal year's corporate annual target is not achieved the shares that were eligible to vest due to the attainment of the associated target are forfeited. If, at the end of the three year period, none of the annual corporate targets are achieved, the entire grant is forfeited.

Equity grants made to our named executive officers in 2016 were as follows:

	Performance Shares (RSUs)	Restricted Stock
Scott E. Landers, President and Chief Executive Officer	33,154	74,569
Joseph D. Hill, Former Executive Vice President, Chief Financial Officer, Assistant Secretary and Treasurer (1)	5,526	24,865
Benjamin W.L. Semmes III, Executive Vice President. Market Strategy and Sales	16,576	37,298
Steven R. Martin, Executive Vice President and Chief Innovation Officer	13,262	29,838
Janet M. Dunlap, Executive Vice President, General Counsel and Secretary	8,842	19,892

(1) Mr. Hill left the Company in October 2016. As the Company did not achieve the performance target associated with the tranche of shares that would have been eligible to vest from the RSU grant, and one year had not passed from the date of grant of the restricted stock grant, all shares noted above that were granted to Mr. Hill in 2016 have been forfeited.

With respect to performance shares granted to our named executive officers in 2014, 2015 and 2016 certain annual corporate performance targets in 2014, 2015 and 2016, were not met, while one annual corporate performance target in 2015 was met, as follows:

Tax and Accounting Considerations

We have considered the provisions of Section 162(m) of the Code and related treasury regulations that restrict deductibility of compensation paid to our named executive officers (other than our former principal financial officer) to the extent such compensation exceeds \$1,000,000 in any year and does not qualify for an exception under the statute or regulations. The management development and compensation committee endeavors to take into consideration deductibility of compensation under Section 162(m) of the Code to the extent practicable while maintaining a competitive, performance-based compensation program; however, tax consequences, including tax deductibility, are subject to many factors which are beyond the control of the Company and the committee. The committee believes that it is important to retain maximum flexibility in designing executive compensation programs that meet stated business objectives. For these reasons, the committee, while considering tax deductibility as a factor in determining executive compensation, will not limit such compensation to those levels or types that will be deductible. The committee considers alternative forms of compensation consistent with its compensation goals which preserve deductibility, as appropriate.

At December 31, 2016, all option exercise prices were higher than the closing price of a share of our Common Stock on such date.

(C) This number represents 100% vesting of all shares of restricted stock that were unvested as of December 31, 2016 and vesting of the number of shares of performance shares units that would have been eligible to vest if the Company had met the performance goal tied to the vesting of such tranche of shares.

(D) The value of restricted stock and performance share (RSU) vesting has been calculated by taking the closing price of a share of our Common Stock on the NASDAQ Global Select Market on December 30, 2016 (the last trading day of 2016), or \$19.85, multiplied by the number of shares vesting.

(E) Mr. Hill left the Company in October 2016 and had no outstanding options or shares of restricted stock or performance shares (RSUs) on December 31, 2016.

All payments and continuation of benefits would be subject to continuing obligations of the named executive officer to cooperate with us to enforce our intellectual property rights, comply with a one-year non-competition agreement and a one-year non-solicitation and non-hire agreement, and execute a general release, or, in certain cases an irrevocable release, each in a form reasonably satisfactory to us. We have the right to cancel termination benefits upon failure to materially comply with any of these provisions or the confidentiality provisions included in their employment agreement. Upon the death of a named executive officer, their estate is entitled to any benefits due under any life insurance policy we provide our employees.

Votes on Executive Compensation

The Company is giving stockholders the opportunity to vote, on an advisory, non-binding basis, as to how often the Company should include a proposal similar to Proposal Two in its Proxy Statement – annually, every two years or every three years. Although stockholder approval of the frequency of the advisory vote on the compensation for our named executive officers is advisory in nature and not binding on the Company, our Board and management development and compensation committee value our stockholders’ opinions and believe that our stockholders should be given the opportunity to express their views on this matter. Our Board believes an annual frequency vote is appropriate as it provides the Board with regular feedback on its executive compensation. The Board intends to carefully consider the stockholder vote resulting from this Proposal Three.

This Proposal relates solely to the frequency of advisory votes on future advisory votes on the Company’s executive compensation and does not include any other matters. This vote is advisory and therefore not binding on us, our Board or our management development and compensation committee.

Proxies will be voted for an ANNUAL vote on this Proposal Three unless contrary instructions are set forth on the enclosed proxy card.

The Board of Directors recommends that stockholders vote for an ANNUAL vote on the Company’s executive compensation programs.

Proposal Four

Vote on the Approval of the Company's Third Amended and Restated 2007 Stock Option and Incentive Plan

Our Board believes that stock options and other stock-based incentive awards play an important role in the success of the Company by encouraging and enabling our employees, officers, non-employee directors and other key persons upon whose judgment, initiative, and efforts we largely depend on for the successful conduct of our business, to acquire a proprietary interest in our Company. The Board anticipates that providing these individuals with a direct stake in our Company will assure a closer alignment of the interests of these individuals with those of our Company and our stockholders, thereby stimulating their efforts and strengthening their desire to remain with the Company. We are asking our stockholders to approve the Company's Third Amended and Restated 2007 Stock Option and Incentive Plan in furtherance of these goals. Stockholder approval of the Third Amended and Restated 2007 Plan under this Proposal Four will also serve to approve the performance measures set forth in the Third Amended and Restated 2007 Plan, as further described under the section entitled "Qualified Performance-Based Compensation under Code Section 162(m).

Proxies will be voted FOR this Proposal Four unless contrary instructions are set forth on the enclosed proxy card.

The Board of Directors recommends that stockholders vote FOR the approval of the Third Amended and Restated 2007 Stock Option and Incentive Plan.

[Monotype's Strategic Expansion and the Rationale for our Share Increase Request](#)

We believe that our proposed Third Amended and Restated 2007 Stock Option and Incentive Plan (our "Third Amended and Restated Plan") will be critical to our ongoing effort to build stockholder value. Our equity incentive program is broad-based, and equity incentive awards are an important component of the compensation for our executive officers and our high performing/high potential employees. As a rapidly growing company whose employee base has increased almost 65% over the last 15 months while experiencing a voluntary attrition rate of across all employees of only 9% over the same period, equity incentive awards have served as an important recruitment and retention tool. We compete for talent in highly competitive labor markets around the world where individuals are afforded many employment opportunities and prospective employees often choose between many offers of employment. For these reasons, our management development and compensation committee believes we must continue to offer a competitive equity package in order to attract, retain, and motivate the talented and qualified employees necessary for our continued growth and success.

Based on our strong foundation of type, technology and expertise, we pursued our strategy to expand and grow our business in new ways. One important milestone of our corporate expansion in 2016 was our acquisition of Olapic. This acquisition puts us in a position to build more holistic brand engagement solutions that serve both designers and marketers, and provides us with a foundation for the continued

implementation of our strategy. The acquisition and our continued hiring to support the momentum and growth of the combined businesses has resulted in adding more than 300 talented professionals to the Company's growing employee base over the last 15 months, including new management level talent. To attract, retain and motivate these employees, the Company issued 1,451,448 time-based restricted awards and 9,000 stock option awards from our 2007 Option Plan, and 795,249 time-based restricted awards from our 2010 Inducement Plan – more awards than we anticipated issuing when we last requested approval from our stockholders to increase shares under our then-current plan.

The Company manages long-term stockholder dilution by limiting the number of equity incentive awards granted annually. The management development and compensation committee carefully monitors the Company's total compensation strategy, annual net burn rate, total dilution, and equity expense in order to maximize stockholder value. The committee annually reviews our share burn rate relative to competitive market data from our compensation peer group. Excluding the impact of equity awards related to the Olapic

43

Table of Contents

acquisition, our 1- and 3-year average trailing burn rates have been consistently positioned below the median.

A summary of our most recent three years of grants and burn rate, which is defined as the number of shares subject to stock awards granted in a year divided by the weighted average common shares outstanding for each of the last three fiscal years, is as follows:

	2014	2015	2016 (1)
Stock Options Granted	249,552	366,521	9,000
Full-Value Awards Granted (2)	658,180	752,966	1,698,369
Total Granted	907,732	1,119,487	1,707,369
Weighted average common shares outstanding during the fiscal year	38,565,368	38,840,094	39,405,700
Annual Burn Rate	2.35%	2.88%	4.33%

(1)The Company's 2016 Annual Burn Rate was higher than the 2014 and 2015 Annual Burn Rates due to the acquisition of Olapic. Without taking into account the effect of the Olapic acquisition, the Company's 2016 Annual Burn Rate would have been 1.99%.

(2)Full value awards includes time-based restricted awards and performance-based restricted awards.

Summary Information about our Current Equity Compensation Plans

We have two active equity compensation plans: our 2007 Option Plan and our 2010 Inducement Plan. On March 22, 2017, our Board voted to reduce the number of shares available for issuance under the 2010 Inducement Plan to 100,000 shares. Accordingly, as of March 22, 2017 (our Record Date):

Options underlying 1,218,465 shares of common stock were outstanding under all plans with a weighted average exercise price of \$19.15 and a weighted average remaining term of 5.23 years.

2,211,254 unvested full value awards with time based vesting;

100,000 securities remained available for future issuance under our 2010 Inducement Stock Plan.

The total number of securities remaining available for issuance under all plans is 1,611,337. To date, the Company has not issued any warrants or rights under any plan.

Summary of Material Features of the Third Amended and Restated 2007 Plan

The maximum number of shares of Common Stock to be issued under the Third Amended and Restated 2007 Plan is increased by 1,400,000 shares from 9,383,560 to 10,783,560;

The award of stock options (both incentive and non-qualified options), stock appreciation rights, restricted stock, deferred stock awards, unrestricted stock, dividend equivalent rights, and cash-based awards is permitted;

Minimum vesting periods are required for grants of restricted stock and deferred stock awards;

Shares tendered or held back for taxes will not be added back to the reserved pool under the Third Amended and Restated 2007 Plan. Upon the exercise of a stock appreciation right, the full number of shares underlying the

award will be charged to the reserved pool. Additionally, shares reacquired by the Company on the open market or otherwise using cash proceeds of option exercises will not be added to the reserved pool;

No dividends or dividend equivalents may be paid on full value shares subject to performance vesting until such shares are actually earned upon satisfaction of the performance criteria;

Without stockholder approval, the exercise price of stock options and stock appreciation rights will not be reduced and stock options and stock appreciation rights will not be otherwise repriced through cancellation in exchange for cash, other awards or stock options or stock appreciation rights with a lower exercise price;

The Third Amended and Restated 2007 Plan provides for a minimum vesting period of one year, applicable to all equity awards, subject to a 5% carve out. In addition, all restricted stock awards and deferred stock awards granted to employees that are subject to time-based vesting have a minimum vesting period of three years and all restricted stock awards and deferred stock awards granted to employees that are subject to performance-based vesting have a minimum vesting period of one year;

The value of all awards awarded under the Third Amended and Restated 2007 Plan and all other cash compensation paid by the Company to any non-employee director in any calendar year may not exceed \$750,000;

Any material amendment to the Third Amended and Restated 2007 Plan is subject to approval by our stockholders; and

The term of the Third Amended and Restated 2007 Plan will expire on May 1, 2027.

Information about the Third Amended and Restated 2007 Plan

On March 24, 2017, our Board approved the Third Amendment and Restatement of the Company's 2007 Stock Option and Incentive Plan, subject to stockholder approval, to increase the aggregate number of shares authorized for issuance under the Third Amended and Restated 2007 Plan by 1,400,000 shares to 10,783,560 shares of Common Stock. Our proposed Third Amended and Restated 2007 Plan is a Company-wide equity award plan that contains many terms protective of our stockholders, including a re-pricing prohibition, restrictions on the return of repurchased shares to the plan, a minimum vesting period applicable to all equity awards (subject to a 5% carve out), and a cap on annual director compensation of \$750,000. A copy of the Third Amended and Restated 2007 Plan is attached as Appendix 1 to this Proxy Statement and is incorporated herein by reference.

Based solely on the closing price of our Common Stock as reported by the NASDAQ Global Select Market on March 24, 2017, the maximum aggregate market value of the 1,400,000 shares of Common Stock subject to the proposed increase described herein that could potentially be issued under the Third Amended and Restated 2007 Plan is \$26,810,000. The shares we issue under the Third Amended and Restated 2007 Plan will be authorized but unissued shares or shares that we reacquire. The shares of Common Stock underlying any awards that are

Table of Contents

forfeited, canceled or otherwise terminated, other than by exercise, (including any awards granted pursuant to the Company's 2004 Stock Option and Incentive Plan) are added back to the shares of stock available for issuance under the Third Amended and Restated 2007 Plan. Shares tendered or held back upon exercise of a stock option or settlement of an award under the Third Amended and Restated 2007 Plan to cover the exercise price or tax withholding, and shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right upon exercise thereof are not added back to the shares of stock available for issuance under the Third Amended and Restated 2007 Plan. Additionally, shares the Company reacquires on the open market will not be added to the reserve pool under the Third Amended and Restated 2007 Plan.

If our request to increase the share reserve of the Third Amended and Restated 2007 Plan by an additional 1,400,000 shares is approved by stockholders, we will have approximately 2,911,337 shares available for grant under such plan after the Annual Meeting, which is based on 1,511,337 shares available for grant under the 2007 Option Plan on March 22, 2017 and the 1,400,000 shares subject to this proposal. Our management development and compensation committee determined the size of the requested share increase based on projected equity awards to anticipated new hires, projected annual equity awards to existing employees, and an assessment of the magnitude of increase that our institutional investors and the firms that advise them would likely find acceptable. We anticipate that if our request to increase the share reserve is approved by stockholders, it will be sufficient to provide equity incentives to attract, retain, and motivate our named executive officers and employees through the next two years.

Qualified Performance-Based Compensation under Code Section 162(m)

To ensure that certain awards granted under the Third Amended and Restated 2007 Plan to a Covered Employee (as defined in the Internal Revenue Code of 1986 (the Code)) qualify as performance-based compensation under Section 162(m) of the Code, the Third Amended and Restated 2007 Plan provides that the management development and compensation committee may require that the vesting of such awards be conditioned on the satisfaction of performance criteria that may include any or all of the following: (1) earnings before interest, taxes, depreciation and amortization, (2) net income (loss) (either before or after interest, taxes, depreciation and/or amortization), (3) changes in the market price of the Common Stock, (4) economic value-added, (5) funds from operations or similar measure, (6) sales or revenue, (7) acquisitions or strategic transactions, (8) operating income (loss), (9) cash flow (including, but not limited to, operating cash flow and free cash flow), (10) return on capital, assets, equity, or investment, (11) stockholder returns, (12) return on sales, (13) gross or net profit levels, (14) productivity, (15) expense, (16) margins, (17) operating efficiency, (18) customer satisfaction, (19) working capital, (20) earnings (loss) per share of Common Stock, (21) sales or market shares, and (22) number of customers, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group. The management development and compensation committee will select the particular performance criteria within 90 days

following the commencement of a performance cycle. Subject to adjustments for stock splits and similar events, the maximum award granted to any one individual that is intended to qualify as performance-based compensation under Section 162(m) of the Code will not exceed 600,000 shares of Common Stock for any performance cycle and options or stock appreciation rights with respect to no more than 1,000,000 shares of Common Stock may be granted to any one individual during any calendar year period. If a performance-based award is payable in cash, it cannot exceed \$7,000,000 for any performance cycle.

Summary of the Third Amended and Restated 2007 Plan

The following description of certain features of the Third Amended and Restated 2007 Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the Third Amended and Restated 2007 Plan that is attached hereto as Appendix 1.

Plan Administration. The Third Amended and Restated 2007 Plan will be administered by the management development and compensation committee. The management development and compensation committee has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Third Amended and Restated 2007 Plan. The management development and compensation committee may delegate to our chief executive officer the authority to grant stock options to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act and not subject to Section 162(m) of the Code, subject to certain limitations and guidelines.

Eligibility. Persons eligible to participate in the Third Amended and Restated 2007 Plan will be those full or part-time officers, employees, non-employee directors and consultants of the Company and its subsidiaries as selected from time to time by the management development and compensation committee in its discretion. Approximately 830 individuals are currently eligible to participate in the Third Amended and Restated 2007 Plan, which includes 24 officers, 796 employees who are not officers, and 7 non-employee directors.

Plan Limits. The maximum award of stock options or stock appreciation rights granted to any one individual will not exceed 1,000,000 shares of Common Stock (subject to adjustment for stock splits and similar events) for any calendar year period. If any award of restricted stock or restricted stock units granted to an individual is intended to qualify as performance-based compensation under Section 162(m) of the Code, then the maximum award shall not exceed 600,000 shares of Common Stock (subject to adjustment for stock splits and similar events) to any one such individual in any performance cycle. If any cash-based award is intended to qualify as performance-based compensation under Section 162(m) of the Code, then the maximum award to be paid in cash in any performance cycle may not exceed \$7,000,000. In addition, no more than the number of shares reserved and available for issuance under the Third Amended and Restated 2007 Plan will be issued in the form of incentive stock options.

Table of Contents

Director Compensation Limit. The Third Amended and Restated 2007 Plan provides that the value of all awards awarded under the Third Amended and Restated 2007 Plan and all other cash compensation paid by the Company to any non-employee director in any calendar year shall not exceed \$750,000.

Minimum Vesting. The minimum vesting period for each equity award granted under the Third Amended and Restated 2007 Plan must be at least one year, provided that up to 5% of the shares authorized for issuance under the Third Amended and Restated 2007 Plan may be utilized for unrestricted stock awards or other equity awards with a minimum vesting period of less than one year. In addition, the management development and compensation committee may grant equity awards that vest within one year (i) if such awards are granted as substitute awards in replacement of other awards (or awards previously granted by an entity being acquired (or assets of which are being acquired)) that were scheduled to vest within one year, or (ii) if such awards are being granted in connection with an elective deferral of cash compensation that, absent a deferral election, otherwise would have been paid to the grantee within the one year. In addition, all restricted stock awards and deferred stock awards granted to employees that are subject to time-based vesting have a minimum vesting period of three years and all restricted stock awards and deferred stock awards granted to employees that are subject to performance-based vesting have a minimum vesting period of one year.

Stock Options. The Third Amended and Restated 2007 Plan permits the granting of (1) options to purchase Common Stock intended to qualify as incentive stock options under Section 422 of the Code, and (2) options that do not so qualify. Options granted under the Third Amended and Restated 2007 Plan will be non-qualified options if they fail to qualify as incentive options or exceed the annual limit on incentive stock options. Incentive stock options may only be granted to employees of the Company and its subsidiaries. Non-qualified options may be granted to any persons eligible to receive incentive options and to non-employee directors and consultants. The option exercise price of each option will be determined by the management development and compensation committee but may not be less than 100% of the fair market value of the Common Stock on the date of grant. Fair market value for this purpose will be the last reported sale price of the shares of Common Stock on the NASDAQ Global Select Market on the date of grant. The exercise price of an option may not be reduced after the date of the option grant, other than to appropriately reflect changes in our capital structure.

The term of each option will be fixed by the management development and compensation committee and may not exceed ten years from the date of grant. The management development and compensation committee will determine at what time or times each option may be exercised. Options may be made exercisable in installments and the exercisability of options may be accelerated by the management development and compensation committee. In general, unless otherwise permitted by the management development and compensation committee, no option granted under the Third Amended and Restated 2007 Plan is transferable by the optionee other than by will or by the laws of descent and distribution or pursuant to a domestic relations order, and options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's

legal representative or guardian in the case of the optionee's incapacity.

Upon exercise of options, the option exercise price must be paid in full either in cash, by certified or bank check or other instrument acceptable to the management development and compensation committee or by delivery (or attestation to the ownership) of shares of Common Stock that are beneficially owned by the optionee and that are not subject to restrictions under any Company plan. Subject to applicable law, the exercise price may also be delivered to the Company by a broker pursuant to irrevocable instructions to the broker from the optionee. In addition, the management development and compensation committee may permit non-qualified options to be exercised using a net

exercise feature which reduces the number of shares issued to the optionee by the number of shares with a fair market value equal to the exercise price.

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable by a participant in any one calendar year.

Stock Appreciation Rights. The management development and compensation committee may award stock appreciation rights subject to such conditions and restrictions as the management development and compensation committee may determine. Stock appreciation rights entitle the recipient to shares of Common Stock equal to the value of the appreciation in the stock price over the exercise price. The exercise price of a stock appreciation right may not be less than 100% of the fair market value of the Common Stock on the date of grant.

Restricted Stock. The management development and compensation committee may award shares of Common Stock to participants subject to such conditions and restrictions as the management development and compensation committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified restricted period.

Deferred Stock Awards. The management development and compensation committee may grant deferred stock awards to any participants. Deferred stock awards are awards of phantom stock units that are ultimately payable in the form of shares of Common Stock and may be subject to such conditions and restrictions as the management development and compensation committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/ or continued employment with the Company through a specified vesting period. In the management development and compensation committee's sole discretion, it may permit a participant to make an advance election to receive a portion of his or her future cash compensation otherwise due in the form of a deferred stock award, subject to the participant's compliance with the procedures established by the management development and compensation committee and requirements of Section 409A of the Code. During the deferral period, the deferred stock awards may be credited with dividend equivalent rights.

Unrestricted Stock Awards. The management development and compensation committee may also grant shares of Common

Table of Contents

Stock that are free from any restrictions under the Third Amended and Restated 2007 Plan. Unrestricted stock may be granted to any participant in recognition of past services or other valid consideration and may be issued in lieu of cash compensation due to such participant.

Cash-Based Awards. The management development and compensation committee may grant cash bonuses under the Third Amended and Restated 2007 Plan to participants. The cash bonuses may be subject to the achievement of certain performance goals.

Dividend Equivalent Rights. The management development and compensation committee may grant dividend equivalent rights to participants that entitle the recipient to receive credits for dividends that would be paid if the recipient had held specified shares of Common Stock. Dividend equivalent rights may be granted as a component of another award (other than a stock option or stock appreciation right) or as a freestanding award. Dividend equivalent rights may be settled in cash, shares of Common Stock or a combination thereof, in a single installment or installments, as specified in the award.

Sale Event Provisions. The Third Amended and Restated 2007 Plan provides that upon the effectiveness of a sale event as defined in the Third Amended and Restated 2007 Plan, all awards under the Third Amended and Restated 2007 Plan will automatically terminate, unless the parties to the sale event agree that such awards will be assumed or continued by the successor entity. In the event of such termination, all awards with time-based vesting conditions or restrictions will become fully vested and non-forfeitable as of the effective time of the sale event, except as the management development and compensation committee may otherwise specify with respect to particular awards, and any awards with conditions and restrictions relating to the attainment of performance goals may become vested and non-forfeitable in connection with a sale event in the management development and compensation committee's discretion or to the extent specified in the relevant award agreement. In the event of such termination, participants holding options and stock appreciation rights will be permitted to exercise such options and stock appreciation rights prior to the sale event. In addition, the Company may make or provide for a payment, in cash or in kind, to participants holding options and stock appreciation rights equal to the difference between the per share cash consideration and the exercise price of the options or stock appreciation rights. The Company shall also have the option to make or provide for a payment, in cash or in kind, to grantees holding other awards in an amount equal to the per share cash consideration multiplied by the number of vested shares under such awards. In the event that awards under the Third Amended and Restated 2007 Plan are assumed or continued by the successor entity to the sale event, then a grantee's award will be fully vested and exercisable if such successor entity terminates the grantee's employment without cause (as defined in the Third Amended and Restated 2007 Plan) or if the grantee terminates his or her employment for good reason (as defined in the Third Amended and Restated 2007 Plan), in each case within 18 months after such sale event.

Adjustments for Stock Dividends, Stock Splits, Etc.

The Third Amended and Restated 2007 Plan requires the management development and compensation committee to make appropriate adjustments to the number of shares of Common Stock that are subject to the Third Amended and Restated 2007 Plan, to certain limits in the Third Amended and Restated 2007 Plan, and to any outstanding awards to reflect stock dividends, stock splits, extraordinary cash dividends and similar events.

Tax Withholding. Participants in the Third Amended and Restated 2007 Plan are responsible for the payment of any federal, state or local taxes that the Company is required by law to withhold upon the exercise of options or stock appreciation rights or vesting of other awards. Subject to approval by the management development and compensation committee, participants may elect to have the tax withholding obligations satisfied by authorizing the Company to

withhold shares of Common Stock to be issued pursuant to the exercise or vesting. The committee may also require awards under the Third Amended and Restated 2007 Plan to be subject to mandatory share withholding.

Amendments and Termination. The Board may at any time amend or discontinue the Third Amended and Restated 2007 Plan and the management development and compensation committee may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the holder's consent. To the extent required under the rules of the NASDAQ, any amendments that materially change the terms of the Third Amended and Restated 2007 Plan will be subject to approval by our stockholders. Amendments shall also be subject to approval by our stockholders if and to the extent determined by the management development and compensation committee to be required by the Code to preserve the qualified status of incentive options or to ensure that compensation earned under the Third Amended and Restated 2007 Plan qualifies as performance-based compensation under Section 162(m) of the Code.

Effective Date of Third Amended and Restated 2007 Plan.

The board adopted our 2007 Stock Option and Incentive Plan on March 15, 2007 and it was subsequently approved by our stockholders and became effective on May 10, 2007. The Board adopted our Amended and Restated 2007 Stock Option and Incentive Plan on March 30, 2011 and it was subsequently approved by our stockholders and became effective on May 13, 2011. The Board adopted our 2007 Option Plan on March 26, 2014 and it was subsequently approved by our stockholders on May 5, 2014. The Board adopted our Third Amended and Restated Plan on March 24, 2017 and it will become effective upon approval by our stockholders. Awards of incentive options may be granted under the Third Amended and Restated 2007 Plan until the date that is ten years from the date of Board approval of the Third Amended and Restated 2007 Plan, or March 24, 2027. No other awards may be granted under the Third Amended and Restated 2007 Plan after the date that is ten years from the date of stockholder approval. If the Third Amended and Restated 2007 Plan is not approved by stockholders, our existing 2007 Option Plan will continue in effect until it expires, and awards may be granted thereunder, in accordance with its terms.

Because the grant of awards under the Third Amended and Restated 2007 Plan is within the discretion of the management development and compensation committee, the Company cannot determine the dollar value or number of shares of Common Stock that will in the future be received by or allocated to any participant in the Third Amended and Restated 2007 Plan. Accordingly, in lieu of providing information regarding benefits that will be received under the Third Amended and Restated

2007 Plan, the following table provides information concerning the benefits that were received by the following persons and groups during 2016: each named executive officer; all current executive officers, as a group; all current directors who are not executive officers, as a group; and all employees who are not executive officers, as a group.

The following is a summary of the principal federal income tax consequences of certain transactions under the Third Amended and Restated 2007 Plan. It does not describe all federal tax consequences under the Third Amended and Restated 2007 Plan, nor does it describe state or local tax consequences.

The advice set forth below was not intended or written to be used, and it cannot be used, by any taxpayer for the purpose of avoiding United States federal tax penalties that may be imposed on the taxpayer. The advice was written to support the promotion or marketing of the transaction(s) or matter(s) addressed herein. Each taxpayer should seek advice based upon the taxpayer's particular circumstances from an independent tax advisor.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares of Common Stock issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (i) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss

sustained will be a long-term capital loss, and (ii) the Company will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares of Common Stock acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a disqualifying disposition), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares of Common Stock at exercise (or, if less, the amount realized on a sale of such shares of Common Stock) over the option price thereof, and (ii) we will be entitled to deduct such amount. Special rules apply where all or a portion of the exercise price of the incentive option is paid by tendering shares of Common Stock.

If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an incentive option will not be eligible for the tax treatment described above if it is

Information Regarding Approval of Non-Audit Services

The audit committee oversees the Company's accounting and financial reporting processes on behalf of the Board and pre-approves all auditing services and the terms of non-audit services, but only to the extent that the non-audit services are not prohibited under applicable law and the committee determines that the non-audit services do not impair the independence of the independent registered public accounting firm. In situations where it is impractical to wait until the next regularly scheduled quarterly meeting, the chair of the audit committee has been delegated authority to approve audit and non-audit services. Fees payable to our independent registered public accounting firm for any specific, individual service approved by the chair must be reported to the full committee at its next scheduled meeting.

The pre-approval requirement is waived with respect to the provision of non-audit services by the independent registered public accounting firm if: (1) the aggregate amount of all such non-audit services provided to us constitutes not more than five percent of the total fees paid by us to our independent registered public accounting firm during the year in which such non-audit services were provided, (2) such services were not recognized at the time of the engagement to be non-audit services, and (3) such services are promptly brought to the attention of the audit committee and approved by the audit committee or by one or more of its members to whom authority to grant such approvals has been delegated by the committee prior to the completion of the independent registered public accounting firm's audit.

Audit Committee Report

The audit committee has reviewed and discussed with management and representatives of Ernst & Young, the Company's independent registered public accounting firm, the Company's consolidated financial statements for the year ended December 31, 2016. The audit committee reviewed management's report on its assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2016. The audit committee meets with representatives of the independent registered public accounting firm, with and without management present, to discuss the results of their examinations; their evaluations of the Company's internal control, including internal control over financial reporting; and the overall quality of the Company's financial reporting.

The audit committee also reviewed with Ernst & Young the results of their audit and discussed matters required to be discussed pursuant to Statement on Auditing Standards No. 61, as amended (AICPA *Performance Standards* Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which provides that certain matters related to the conduct of the audit of the Company's financial statements are to be communicated to the audit committee. In addition, the audit committee has received from Ernst & Young the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, has discussed with Ernst & Young their independence from management and the Company and has considered and discussed the compatibility of non-audit services provided by Ernst & Young for the Company with that firm's independence.

Based on these reviews and discussions, the audit committee recommended to the board of directors, and the board of directors has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC.

The audit committee has considered and determined that the provision of the non-audit services described is compatible with maintaining the independence of our registered public accounting firm.

(the **Company**) and its Subsidiaries upon whose judgment, initiative and efforts the Company largely depends for the successful conduct of its business to acquire a proprietary interest in the Company. It is anticipated that providing such persons with a direct stake in the Company's welfare will assure a closer identification of their interests with those of the Company and its stockholders, thereby stimulating their efforts on the Company's behalf and strengthening their desire to remain with the Company.

The following terms shall be defined as set forth below:

Notwithstanding the foregoing, in the event a grantee is a party to an employment agreement with the Company, any of its Subsidiaries or any of their respective successor entities that contains a different definition of "cause," the definition set forth in such other agreement shall be applicable to such grantee for purposes of this Plan and not this definition.

Section 2. Administration Of Plan; Committee

Authority To Select Grantees And Determine Awards

- a. **Committee.** The Plan shall be administered by the Committee.
- b. **Powers of Committee.** The Committee shall have the power and authority to grant Awards consistent with the terms of the Plan, including the power and authority:
 - i. to select the individuals to whom Awards may from time to time be granted;
 - ii. to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock Awards, Deferred Stock Awards, Unrestricted Stock Awards, Cash-based Awards and Dividend Equivalent Rights, or any combination of the foregoing, granted to any one or more grantees;
 - iii. to determine the number of shares of Stock to be covered by any Award;
 - iv. to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and grantees, and to approve the form of written instruments evidencing the Awards;
 - v. to accelerate at any time the exercisability or vesting of all or any portion of any Award provided that the Committee generally shall not exercise such discretion to accelerate Awards subject to Sections 7 and 8 except in the event of the grantee's death, disability or retirement, or a change in control (including a Sale Event);
 - vi. subject to the provisions of Section 5(a)(ii), to extend at any time the period in which Stock Options may be exercised; and
 - vii. at any time to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise

the administration of the Plan.

All decisions and interpretations of the Committee shall be binding on all persons, including the Company and Plan grantees.

c. **Delegation of Authority to Grant Awards.** Subject to applicable law, the Committee, in its discretion, may delegate to the chief executive officer of the Company all or part of the Committee's

authority and duties with respect to the granting of Awards to individuals who are (i) not subject to the reporting and other provisions of Section 16 of the Exchange Act and (ii) not Covered Employees. Any such delegation by the Committee shall include a limitation as to the amount of shares underlying Awards that may be granted during the period of the delegation and shall contain guidelines as to the determination of the exercise price and the vesting criteria. The Committee may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Committee's delegate or delegates that were consistent with the terms of the Plan.

d. **Minimum Vesting Period.** The vesting period for each Equity Award granted under the Plan must be at least equal to the Minimum Vesting Period applicable to such Award; provided, however, nothing in this Section 2(d) shall limit the Committee's authority to accelerate the vesting of Awards as set forth in Section 2(b)(v) above; and, provided further, notwithstanding the foregoing, up to 5% of the shares of Stock authorized for issuance under the Plan may be utilized for Unrestricted Stock Awards or other Equity Awards with a vesting period that is less than the Minimum Vesting Period (each such Equity Award, an "Excepted Award"). Notwithstanding the foregoing, in addition to Excepted Awards, the Committee may grant Equity Awards that vest (or permit previously granted Equity Awards to vest) within the Minimum Vesting Period (i) if such Equity Awards are granted as substitute Awards in replacement of other Awards (or awards previously granted by an entity being acquired (or assets of which are being acquired)) that were scheduled to vest within the Minimum Vesting Period or (ii) if such Equity Awards are being granted in connection with an elective deferral of cash compensation that, absent a deferral election, otherwise would have been paid to the grantee within the Minimum Vesting Period.

e. **Award Agreement.** Awards under the Plan shall be evidenced by Award Agreements that set forth the terms, conditions and limitations for each Award which may include, without limitation, the term of an Award, the provisions applicable in the event employment or service terminates, and the Company's authority to unilaterally or bilaterally amend, modify, suspend, cancel or rescind an Award.

f. **Indemnification.** Neither the Board nor the Committee, nor any member of either or any delegate thereof, shall be liable for any act, omission, interpretation, construction or

determination made in good faith in connection with the Plan, and the members of the Board and the Committee (and any delegate thereof) shall be entitled in all cases to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, reasonable attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/ or under the Company's articles or bylaws or any directors' and officers' liability insurance coverage which may be in effect from time to time and/or any indemnification agreement between such individual and the Company.

- g. **Foreign Award Recipients.** Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company and its Subsidiaries operate or have employees or other individuals eligible for Awards, the Committee, in its sole discretion, shall have the power and authority to: (i) determine which Subsidiaries shall be covered by the Plan; (ii) determine which individuals outside the United States are eligible to participate in the Plan; (iii) modify the terms and conditions of any Award granted to individuals outside the United States to comply with applicable foreign laws; (iv) establish subplans and modify exercise procedures and other terms and procedures, to the extent the Committee determines such actions to be necessary or advisable (and such subplans and/or modifications shall be attached to this Plan as appendices); provided, however, that no such subplans and/or modifications shall increase the share limitations contained in Section 3(a) hereof; and (v) take any action, before or after an Award is made, that the Committee determines to be necessary or advisable to obtain approval or comply with any local governmental regulatory exemptions or approvals. Notwithstanding the foregoing, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the Exchange Act or any other applicable United States securities law, the Code, or any other applicable United States governing statute or law.

Section 3. Stock Issuable Under The Plan;

Mergers; Substitution

a. **Stock Issuable.**

The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 10,783,560 shares, subject to adjustment as provided in Section 3(c); provided that not more than 10,783,560 shares shall be issued in the form of Incentive Stock Options. For purposes of this limitation, the shares of Stock underlying any Awards (including any awards granted pursuant to the Company's 2004 Stock Option and Grant Plan (the "2004 Plan")) that are forfeited, canceled or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. Notwithstanding the foregoing, the following shares shall not be added to the shares authorized for grant under the Plan: (i) shares tendered or held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding, and (ii) shares subject to a Stock Appreciation Right that are not issued in connection with the stock settlement of the Stock Appreciation Right upon exercise thereof. In the event the Company repurchases shares of Stock on the open market, such shares shall not be added to the shares of Stock available for issuance under the Plan. Subject to such overall limitations, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that Stock Options or Stock Appreciation Rights with respect to no more than 1,000,000 shares of Stock may be granted to any one individual grantee during any one calendar year period. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.

b.

Maximum Awards to Non-Employee Directors. Notwithstanding anything to the contrary in this Plan, the value of all Awards awarded under this Plan and all other cash compensation paid by the Company to any Non-Employee Director in any calendar year shall not exceed \$750,000. For the purpose of this limitation, the value of any Award shall be its grant date fair value, as determined in accordance with ASC 718 or successor provision but excluding the impact of estimated forfeitures related to service-based vesting provisions.

- c. **Changes in Stock.** Subject to Section 3(d) hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, or, if, as a result of any merger or consolidation, sale of all or substantially all of the assets of the Company, the outstanding shares of Stock are converted into or exchanged for securities of the Company or any successor entity (or a parent or subsidiary thereof), the Committee shall make an equitable or proportionate adjustment in (i) the maximum number of shares reserved for issuance under the Plan and the maximum number of shares that may be issued in form of Incentive Stock Options, (ii) the number of Stock Options or Stock Appreciation Rights that can be granted to any one individual grantee and the maximum number of shares that may be granted under a Performance-based Award, (iii) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan, (iv) the repurchase price, if any, per share subject to each outstanding Restricted Stock Award, and (v) the price for each share subject to any then outstanding Stock Options and Stock Appreciation Rights under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of Stock Options and Stock Appreciation Rights) as to which such Stock Options and Stock Appreciation Rights remain exercisable. The Committee shall also make equitable or proportionate adjustments in the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration cash dividends declared and paid other than in the ordinary course or any other extraordinary corporate event to the extent necessary to avoid distortion in the value of Awards. The adjustment by the Committee shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan

Table of Contents

resulting from any such adjustment, but the Committee in its discretion may make a cash payment in lieu of fractional shares.

No adjustment shall be made under this Section 3(b) in the case of an Option or Stock Appreciation Right, without the consent of the grantee, if it would constitute a modification, extension or renewal of the Option within the meaning of Section 424(h) of the Code or a modification of the Option or Stock Appreciation Right such that the Option or Stock Appreciation Right becomes treated as nonqualified deferred compensation subject to Section 409A.

d. **Mergers and Other Transactions.** Upon the effective time of the Sale Event, the Plan and all outstanding Awards granted hereunder shall terminate, unless provision is made in connection with the Sale Event in the sole discretion of the parties thereto for the assumption or continuation of Awards theretofore granted by the successor entity, or the substitution of such Awards with new Awards of the successor entity or parent thereof, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise prices, as such parties shall agree (after taking into account any acceleration hereunder). In the case of and subject to the consummation of a Sale Event pursuant to which all outstanding Awards granted hereunder terminate, Awards with time-based vesting conditions or restrictions shall become fully vested and nonforfeitable as of the effective time of the Sale Event, except as the Committee may otherwise specify with respect to particular Awards in the relevant Award documentation, and all Awards with conditions and restrictions relating to the attainment of performance goals may become vested and nonforfeitable in connection with a Sale Event in the Committee's discretion or to the extent specified in the relevant Award Agreement. Each grantee shall be permitted, within a specified period of time prior to the consummation of such a Sale Event as determined by the Committee, to exercise all outstanding Options and Stock Appreciation Rights held by such grantee (to the extent exercisable), including those that will become exercisable upon the consummation of the Sale Event; provided, however, that the exercise of Options and Stock Appreciation Rights not exercisable prior to the Sale Event shall be subject to the consummation of the Sale Event. In the event that provision is made in connection with the Sale Event for the assumption or continuation of Awards, or the substitution of such Awards with new Awards of the successor entity or parent thereof, then, except as the Committee may otherwise specify with respect to particular Awards in the relevant Award documentation, any Award so assumed or continued or substituted therefor shall be deemed vested and exercisable in full upon the date on which the grantee's employment or service relationship with the Company and its subsidiaries or successor entity, as the case may be, terminates if such termination occurs (i) within 18 months after such Sale Event, and (ii) such termination is by the Company or its Subsidiaries or successor entity without Cause or by the grantee for Good Reason.

The Company shall have the right, but not the obligation, to make or provide for a payment, in cash or in kind, to the grantees holding Options and Stock Appreciation Rights, in exchange for the cancellation thereof, in an amount equal to the difference between (A) the Sale Price times the number of shares of Stock subject to outstanding Options and Stock Appreciation Rights (to the extent then exercisable at prices not in excess of the Sale Price), and (B) the aggregate exercise price of all such outstanding Options and Stock Appreciation Rights. The Company shall also have the option (in its sole discretion) to make or provide for a payment, in cash or in kind, to the grantees holding other Awards in an amount equal to the Sale Price times the number of vested shares of Stock under such Awards.

e. **Substitute Awards.** The Committee may grant Awards under the Plan in substitution for stock and stock based awards held by employees, directors or other key persons of another corporation in connection with the merger or consolidation of the employing corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances. Any substitute Awards granted under the Plan shall not count against the share limitation set forth in Section 3(a).

Section 4. Eligibility

Grantees under the Plan will be such full or part-time officers and other employees, Non- Employee Directors and Consultants of the Company and its Subsidiaries as are selected from time to time by the Committee in its sole discretion.

Table of Contents**Section 5. Stock Options**

Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve. Stock Options granted under the Plan may be either Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a subsidiary corporation within the meaning of Section 424(f) of the Code. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Non-Qualified Stock Option.

- a. **Stock Options Granted to Employees and Consultants.** The Committee in its discretion may grant Stock Options to eligible employees and Consultants of the Company or any Subsidiary. Stock Options granted pursuant to this Section 5(a) shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable. If the Committee so determines, Stock Options may be granted in lieu of cash compensation at the optionee's election, subject to such terms and conditions as the Committee may establish.
- i. **Exercise Price.** The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 5(a) shall be determined by the Committee at the time of grant but shall not be less than 100 percent of the Fair Market Value on the date of grant. In the case of an Incentive Stock Option that is granted to a Ten Percent Owner, the option price of such Incentive Stock Option shall be not less than 110 percent of the Fair Market Value on the grant date.
 - ii. **Option Term.** The term of each Stock Option shall be fixed by the Committee, but no Stock Option shall be exercisable more than ten years after the date the Stock Option is granted. In the case of an Incentive Stock Option that is granted to a Ten Percent Owner, the term of such Stock Option shall be no more than five years from the date of grant.
 - iii. **Exercisability; Rights of a Stockholder.** Stock Options shall become exercisable at such time or times, whether or not in installments, as shall be determined by the Committee at or after the grant date. The Committee may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.
 - iv. **Method of Exercise.** Stock Options may be exercised in whole or in part, by giving written or electronic notice of exercise to the Company, specifying the number of shares to be purchased and such exercise will be effective upon payment as set forth in this Section 5(a)(iv) or the applicable Award Agreement. Payment of the purchase price may be made by one or more of the following methods to the extent provided in the Option Award Agreement:
 - A. In cash, by certified or bank check or other instrument acceptable to the Committee;
 - B. Through the delivery (or attestation to the ownership following such procedures as the Company may prescribe) of shares of Stock that are not then subject to restrictions under any Company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date;
 - C. By the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Committee shall prescribe as a condition of such payment procedure;or
 - D.

With respect to Stock Options that are not Incentive Stock Options, by a net exercise arrangement pursuant to which the Company will reduce the number of shares of Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price.

Payment instruments will be received subject to collection. The transfer to the optionee on the records of the Company or of the transfer agent of the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Option Award Agreement or applicable provisions of laws (including the satisfaction of any withholding taxes that the Company is obligated to withhold with respect to the optionee). In the event an optionee chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the optionee upon the exercise of the Stock Option shall be net of the number of shares attested to. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the exercise of Stock Options, such as a system using an internet website or interactive voice response, then the paperless exercise of Stock Options may be permitted through the use of such an automated system.

- v. **Annual Limit on Incentive Stock Options.** To the extent required for incentive stock option treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Non-Qualified Stock Option.
- b. **Stock Options Granted to Non-Employee Directors.**
 - i. The Committee, in its discretion, may grant Non-Qualified Stock Options to Non-Employee Directors. Any such grant may

Table of Contents

- vary among individual Non-Employee Directors and shall be on such terms, including vesting, as the Committee may determine.
- ii. An Option issued under this Section 5(b) shall not be exercisable after the expiration of ten years from the date of grant.
 - iii. Options granted under this Section 5(b) may be exercised only by written notice to the Company specifying the number of shares to be purchased. Payment of the full purchase price of the shares to be purchased may be made by one or more of the methods specified in Section 5(a)(iv). An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

Section 6. Stock Appreciation Rights

- a. **Exercise Price of Stock Appreciation Rights.** The exercise price of a Stock Appreciation Right shall not be less than 100 percent of the Fair Market Value of the Stock on the date of grant (or more than the Stock Option exercise price per share, if the Stock Appreciation Right was granted in tandem with a Stock Option).
- b. **Grant and Exercise of Stock Appreciation Rights.** Stock Appreciation Rights may be granted by the Committee in tandem with, or independently of, any Stock Option granted pursuant to Section 5 of the Plan. In the case of a Stock Appreciation Right granted in tandem with a Non-Qualified Stock Option, such Stock Appreciation Right may be granted either at or after the time of the grant of such Option. In the case of a Stock Appreciation Right granted in tandem with an Incentive Stock Option, such Stock Appreciation Right may be granted only at the time of the grant of the Option. A Stock Appreciation Right or applicable portion thereof granted in tandem with a Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the related Option.
- c. **Terms and Conditions of Stock Appreciation Rights.** Stock Appreciation Rights shall be subject to such terms and conditions as shall be determined from time to time by the Committee, subject to the following:
 - i. Stock Appreciation Rights granted in tandem with Options shall be exercisable at such time or times and to the extent that the related Stock Options shall be exercisable.
 - ii. Upon exercise of a Stock Appreciation Right, the applicable portion of any related Option shall be surrendered.
 - iii. The term of each Stock Appreciation Right share shall be fixed by the Committee, but no Stock Appreciation Right shall have a term that is more than ten years after the date it is granted.

Section 7. Restricted Stock Awards

- a. **Nature of Restricted Stock Awards.** The Committee shall determine the restrictions and conditions applicable to each Restricted Stock Award at the time of grant. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The terms and conditions of each such Award Agreement shall be determined by the Committee, and such terms and conditions may differ among individual Awards and grantees.

- b. **Rights as a Stockholder.** Upon receipt of the Restricted Stock Award Agreement and payment of any applicable purchase price, a grantee shall have the rights of a stockholder with respect to the voting of the Restricted Stock, subject to such conditions contained in the Restricted Stock Award Agreement. If the lapse of restrictions with respect to the Restricted Stock Award is tied to the attainment of performance goals, any dividends paid by the Company during the performance period shall accrue and may not be paid to the grantee until and to the extent the performance goals are met. Unless the Committee shall otherwise determine, (i) uncertificated Restricted Stock shall be accompanied by a notation on the records of the Company or the transfer agent to the effect that they are subject to forfeiture until such Restricted Stock is vested as provided in Section 7(d) below, and (ii) certificated Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 7(d) below, and the grantee shall be required, as a condition of the grant, to deliver to the Company such instruments of transfer as the Committee may prescribe.
- c. **Restrictions.** Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Restricted Stock Award Agreement. Except as may otherwise be provided by the Committee either in the Award Agreement or, subject to Section 17 below, in writing after the Award is issued if a grantee's employment (or other service relationship) with the Company and its Subsidiaries terminates for any reason, any Restricted Stock that has not vested at the time of termination shall automatically and without any requirement of notice to such grantee from or other action by or on behalf of, the Company be deemed to have been reacquired by the Company at its original purchase price (if any) from such grantee or such grantee's legal representative simultaneously with such termination of employment (or other service relationship), and thereafter shall cease to represent any ownership of the Company by the grantee or rights of the grantee as a stockholder. Following such deemed reacquisition of unvested Restricted Stock that are represented by physical certificates, a grantee shall surrender such certificates to the Company upon request without consideration.
- d. **Vesting of Restricted Stock.** The Committee at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company's right of repurchase or forfeiture shall lapse. Notwithstanding the foregoing, in the event that any such Restricted Stock granted to employees shall have a performance-based goal, the restriction period with respect to such shares shall not be less than one year, and in the event any such Restricted Stock granted to employees shall have a time-based restriction, the total restriction period with respect to

Table of Contents

such shares shall not be less than three years; provided, however, that Restricted Stock with a time-based restriction may become vested incrementally over such three-year period. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed vested. Except as may otherwise be provided by the

Committee either in the Award Agreement or, subject to Section 17 below, in writing after the Award Agreement is issued, a grantee's rights in any shares of Restricted Stock that have not vested shall automatically terminate upon the grantee's termination of employment (or other service relationship) with the Company and its Subsidiaries and such shares shall be subject to the provisions of Section 7(c) above.

Section 8. Deferred Stock Awards

a. **Nature of Deferred Stock Awards.** The Committee shall determine the restrictions and conditions applicable to each Deferred Stock Award at the time of grant. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The terms and conditions of each such Award Agreement shall be determined by the Committee, and such terms and conditions may differ among individual Awards and grantees. Notwithstanding the foregoing, in the event that any such Deferred Stock Award granted to employees shall have a performance-based goal, the restriction period with respect to such Award shall not be less than one year, and in the event any such Deferred Stock Award granted to employees shall have a time-based restriction, the total restriction period with respect to such Award shall not be less than three years; provided, however, that any Deferred Stock Award with a time-based restriction may become vested incrementally over such three-year period. At the end of the deferral period, the Deferred Stock Award, to the extent vested, shall be settled in the form of shares of Stock. To the extent that a Deferred Stock Award is subject to Section 409A, it may contain such additional terms and conditions as the Committee shall determine in its sole discretion in order for such Award to comply with the requirements of Section 409A.

b. **Election to Receive Deferred Stock Awards in Lieu of Compensation.** The Committee may, in its sole discretion, permit a grantee to elect to receive a portion of future cash compensation otherwise due to such grantee in the form of a Deferred Stock Award. Any such election shall be made in writing and shall be delivered to the Company no later than the

date specified by the Committee and in accordance with Section 409A and such other rules and procedures established by the Committee. Any such future cash compensation that the grantee elects to defer shall be converted to a fixed number of phantom stock units based on the Fair Market Value of Stock on the date the compensation would otherwise have been paid to the grantee if such payment had not been deferred as provided herein. The Committee shall have the sole right to determine whether and under what circumstances to permit such elections and to impose such limitations and other terms and conditions thereon as the Committee deems appropriate. Any such Deferred Stock Award that is elected to be received in lieu of cash compensation shall be fully vested unless otherwise provided in the Award Agreement.

c. **Rights as a Stockholder.** A grantee shall have rights as a stockholder only as to shares of Stock acquired by the grantee upon settlement of a Deferred Stock Award; provided, however, that the grantee may be credited with Dividend Equivalent Rights with respect to the phantom stock units underlying his Deferred Stock Award, subject to such terms and conditions as the Committee may determine.

d.

Termination. Except as may otherwise be provided by the Committee either in the Award Agreement or, subject to Section 17 below, in writing after the Award Agreement is issued, a grantee's right in all Deferred Stock Awards that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

Section 9. Unrestricted Stock Awards

Grant or Sale of Unrestricted Stock. The Committee may, in its sole discretion, grant or sell at such purchase price (which may be zero) as determined by the Committee, an Unrestricted Stock Award under the Plan. Unrestricted Stock Awards may be granted in respect of past services or other valid consideration, or in lieu of cash compensation due to such grantee.

Section 10. Cash-Based Awards

Grant of Cash-based Awards. The Committee may, in its sole discretion, grant Cash-based Awards to any grantee in such number or amount and upon such terms, and subject to such conditions, as the Committee shall determine at the time of grant. The Committee shall determine the maximum duration of the Cash-based Award, the amount of cash to which the Cash-based Award pertains, the conditions upon which the Cash-based Award shall become vested or payable, and such other provisions as the Committee shall determine. Each Cash-based Award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Committee. Payment, if any, with respect to a Cash-based Award shall be made in accordance with the terms of the Award and may be made in cash or in shares of Stock, as the Committee determines.

Section 11. Performance-Based Awards

To Covered Employees

- a. **Performance-based Awards.** Any employee or Consultant to the Company and who is selected by the Committee may be granted one or more Performance-based Awards in the form of a Restricted Stock Award, Deferred Stock Award or Cash-based Award payable upon the attainment of Performance Goals that are established by the Committee and relate to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Committee. The Committee shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for any Performance Cycle. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall Company performance or the performance of a division, business unit, or an individual. Each Performance-based Award shall comply with the provisions set forth below.
- b. **Grant of Performance-based Awards.** With respect to each Performance-based Award granted to a Covered Employee, the Committee shall select, within the first 90 days of a Performance Cycle (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the Performance Criteria for such grant, and the Performance Goals with respect to each Performance Criterion (including a threshold level of performance below which no amount will become payable with respect to such Award). Each Performance-based Award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. The Performance Criteria established by the Committee may be (but need not be) different for each Performance Cycle and different Performance Goals may be applicable to Performance-based Awards to different Covered Employees.
- c. **Payment of Performance-based Awards.** Following the completion of a Performance Cycle, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Cycle have been achieved and, if so, to also calculate and certify in writing the amount of the Performance-based Awards earned for the Performance Cycle. The Committee shall then determine the actual size of each Covered Employee's Performance-based Award, and, in doing so, may reduce or eliminate the amount of the Performance-based Award for a Covered Employee if, in its sole judgment, such reduction or elimination is appropriate.
- d. **Maximum Award Payable.** The maximum Performance-based Award payable to any one Covered Employee under the Plan for a Performance Cycle is 600,000 Shares (subject to adjustment as provided in Section 3(b) hereof) or \$7,000,000 in the case of a Performance-based Award that is a Cash-based Award.

Section 12. Dividend Equivalent Rights

- a. **Dividend Equivalent Rights.** A Dividend Equivalent Right may be granted hereunder to any grantee as a component of another Award (other than a Stock Option or a Stock Appreciation Right) or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the Award Agreement. Dividend equivalents

credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by the Company, if any. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of a Deferred Stock Award with vesting tied to the attainment of performance goals shall provide that such Dividend Equivalent Right shall be settled upon settlement, or payment of, or lapse of restrictions on, such other Award, and that such Dividend Equivalent Right shall expire or be forfeited

or annulled under the same conditions as such other Award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other Award.

- b. **Interest Equivalents.** Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.
- c. **Termination.** Except as may otherwise be provided by the Committee either in the Award Agreement or, subject to Section 17 below, in writing after the Award Agreement is issued, a grantee's rights in all Dividend Equivalent Rights or interest equivalents granted as a component of another Award that has not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

Section 13. Transferability of Awards

- a. **Transferability.** Except as provided in Section 13(b) below, during a grantee's lifetime, his or her Awards shall be exercisable only by the grantee, or by the grantee's legal representative or guardian in the event of the grantee's incapacity. No Awards shall be sold, assigned, transferred or otherwise encumbered or disposed of by a grantee other than by will or by the laws of descent and distribution or pursuant to a domestic relations order. No Awards shall be subject, in whole or in part, to attachment, execution, or levy of any kind, and any purported transfer in violation hereof shall be null and void.
- b. **Committee Action.** Notwithstanding Section 13(a), the Committee, in its discretion, may provide either in the Award Agreement regarding a given Award or by subsequent written approval that the grantee (who is an employee or director) may transfer his or her Awards (other than any Incentive Stock Options) to his or her immediate family members, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Award. In no event may an Award be transferred by a grantee for value.
- c. **Family Member.** For purposes of Section 13(b), "family member" shall mean a grantee's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the grantee's household (other than a tenant of the grantee), a trust in which these persons (or the grantee) have more than 50 percent of the beneficial interest, a foundation in which these persons (or the grantee) control the management of assets, and any other entity in which these persons (or the grantee) own more than 50 percent of the voting interests.
- d. **Designation of Beneficiary.** Each grantee to whom an Award has been made under the Plan may designate a beneficiary or beneficiaries to exercise any Award or receive any payment under any Award payable on or after the grantee's death. Any such designation shall be on a form provided for that purpose by the Committee and shall not be effective until received by the Committee. If no beneficiary has been designated by a deceased grantee, or if the designated beneficiaries have predeceased the grantee, the beneficiary shall be the grantee's estate.

Section 14. Tax Withholding

- a. **Payment by Grantee.** Each grantee shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes includable in the gross income of the grantee for Federal income tax purposes, pay to the Company, or make arrangements satisfactory to the Committee regarding payment of, any Federal, state, or local taxes of any kind required by law to be withheld by the Company with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the grantee. The Company's obligation to deliver evidence of book entry (or stock certificates) to any grantee is subject to and conditioned on tax withholding obligations being

satisfied by the grantee.

b. **Payment in Stock.** Subject to approval by the Committee, a grantee may elect to have the Company's required tax withholding obligation satisfied, in whole or in part, by (i)

authorizing the Company to withhold from shares of Stock to be issued pursuant to any Award a number of shares with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due up to the maximum statutory tax rate applicable, or (ii) transferring to the Company shares of Stock owned by the grantee with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due; provided, however, that to the extent necessary to avoid adverse accounting treatment such share withholding may not exceed the highest applicable rate. The Committee may also require Awards to be subject to mandatory share withholding up to the required withholding amount. For purposes of share withholding, the Fair Market Value of withheld shares shall be determined in the same manner as the value of shares includable in income of the grantees.

Section 15. Section 409A Awards

To the extent that any Award is determined to constitute nonqualified deferred compensation within the meaning of Section 409A (a "409A Award"), the Award shall be subject to such additional rules and requirements as specified by the Committee from time to time in order to comply with Section 409A. In this regard, if any amount under a 409A Award is payable upon a separation from service (within the meaning of Section 409A) to a grantee who is then considered a specified employee (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the grantee's separation from service, or (ii) the grantee's death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A.

Table of Contents

Section 16. Transfer, Leave of Absence, Etc.

- a. **Termination of Employment.** If the grantee's employer ceases to be a Subsidiary, the grantee shall be deemed to have terminated employment for purposes of the Plan. For purposes of the Plan, the following events shall not be deemed a termination of employment:
- i. a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another; or
 - ii. an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing.

Section 17. Amendments and Termination

The Board may, at any time, amend or discontinue the Plan and the Committee may, at any time, amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder's consent. Except as provided in Section 3(b) or 3(c), without prior stockholder approval, in no event may the Committee exercise its discretion to reduce the exercise price of outstanding Stock Options or Stock Appreciation Rights or effect repricing through cancellation and re-grants or cancellation of Stock Options or Stock Appreciation Rights in exchange for cash or other Awards. To the extent required under the rules of any

securities exchange or market system on which the Stock is listed, to the extent determined by the Committee to be required by the Code to ensure that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code, or to ensure that compensation earned under Awards qualifies as performance-based compensation under Section 162(m) of the Code, Plan amendments shall be subject to approval by the Company stockholders entitled to vote at a meeting of stockholders. Nothing in this Section 17 shall limit the Committee's authority to take any action permitted pursuant to Section 3(c) or 3(d).

Section 18. Status of Plan

With respect to the portion of any Award that has not been exercised and any payments in cash, Stock or other consideration not received by a grantee, a grantee shall have no rights greater than those of a general creditor of the Company unless the Committee shall otherwise expressly determine in connection with any Award or Awards. In its sole discretion,

the Committee may authorize the creation of trusts or other arrangements to meet the Company's obligations to deliver Stock or make payments with respect to Awards hereunder, provided that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

Section 19. General Provisions

- a. **No Distribution.** The Committee may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.
- b. **Delivery of Stock Certificates.** Stock certificates to grantees under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the grantee, at the grantee's last known address on file with the Company. Uncertificated Stock shall be deemed delivered for all purposes when the Company or a Stock transfer agent of the Company shall have given to the grantee by electronic mail (with proof of receipt) or by United States mail, addressed to the grantee, at the grantee's last known address on file with the Company, notice of issuance and recorded the issuance in its records (which may include electronic book entry records). Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates evidencing shares of Stock pursuant to the exercise of any Award, unless and until the Board has determined, with advice of counsel (to the extent the Board deems such advice necessary or advisable), that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange on which the shares of Stock are listed, quoted or traded. All Stock certificates delivered pursuant to the Plan shall be subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal, state or foreign jurisdiction, securities or other laws, rules and quotation system on which the Stock is listed, quoted or traded. The Committee may place legends on any Stock certificate to reference restrictions applicable to the Stock. In addition to the terms and conditions provided herein, the Board may require that an individual make such reasonable covenants, agreements, and representations as the Board, in its discretion, deems necessary or advisable in order to comply with any such laws, regulations, or requirements. The Committee shall have the right to require any individual to comply with any timing or other restrictions with respect to the settlement or exercise of any Award, including a window-period limitation, as may be imposed in the discretion of the Committee.

Table of Contents

- c. **Stockholder Rights.** Until Stock is deemed delivered in accordance with Section 19(b), no right to vote or receive dividends or any other rights of a stockholder will exist with respect to shares of Stock to be issued in connection with an Award, notwithstanding the exercise of a Stock Option or any other action by the grantee with respect to an Award.
- d. **Other Compensation Arrangements; No Employment Rights.** Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards do not confer upon any employee any right to continued employment with the Company or any Subsidiary.
- e. **Trading Policy Restrictions.** Option exercises and other Awards under the Plan shall be subject to the Company's insider trading policy and procedures, as in effect from time to time.
- f. **Forfeiture of Awards under Sarbanes-Oxley Act.** If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, then any grantee who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 shall reimburse the Company for the amount of any Award received by such individual under the Plan during the 12-month period following the first public issuance or filing with the United States Securities and Exchange Commission, as the case may be, of the financial document embodying such financial reporting requirement.
- g. **Clawback Policy.** Awards under the Plan shall be subject to the Company's clawback policy, which may be in effect from time to time.

Section 20. Effective Date of Plan

This Plan shall become effective upon stockholder approval in accordance with applicable state law, the Company's bylaws and articles of incorporation, and applicable stock exchange rules. No grants of Stock Options and other Awards may be made hereunder after the tenth (10th) anniversary of the Effective Date and no grants of Incentive Stock Options may be made hereunder after the tenth (10th) anniversary of the date the Third Amended and Restated Plan is approved by the Board.

Section 21. Governing Law

This Plan and all Awards and actions taken thereunder shall be governed by, and construed in accordance with, the laws of the State of Delaware, applied without regard to conflict of law principles.
