This information was previously not included in the Original Form 10-K in reliance on General Instruction G(3) to Form 10-K, which permits this information to be incorporated into the Form 10-K by reference from our definitive proxy statement if such proxy statement is filed no later than 120 days after our fiscal year-end. The reference on the cover of the Original Form 10-K to the incorporation by reference to portions of our definitive proxy statement into Part III of the Original Form 10-K is hereby deleted.

In addition, Part IV, Item 15(a)(3) of the Original Form 10-K is amended to include new certifications by our principal executive officer and principal financial officer, as required by Rule 12b-15. Table of Contents**Controlled Company**

Because the Schwartz family holds more than 50% of our Voting Power and the votes necessary to elect a majority of our Board of Directors through its ownership of our Class B Common Stock, we are a controlled company for purposes of the New York Stock Exchange listing standards.

Our Board of Directors has determined that each of Jeffrey L. Edwards, Gregory

K. Hinckley and Melinda Litherland is an audit committee financial expert.

Our Board of Directors adopted a new Audit Committee Charter on March 11, 2004 and amended it on July 22, 2009, March 28, 2012, March 19, 2014, February 17, 2016 and February 21, 2018, a copy of which is available at the Corporate Governance section of our Web site, www.bio-rad.com. As set forth in the Audit Committee Charter, the purpose of our Audit Committee is

Table of Contents

to assist our Board of Directors with its oversight responsibilities regarding: (i) the integrity of our financial statements; (ii) our compliance with legal and regulatory requirements; (iii) our

independent auditor's qualifications and independence; and (iv) the performance of our internal audit function and independent auditor.

Our Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of any independent auditor we engage, including resolution of any disagreements between our management and the independent auditor regarding financial reporting, and is responsible for reviewing and evaluating our accounting policies and system of internal accounting controls. In addition, our Audit Committee reviews the scope of our independent auditor's audit of our financial statements, reviews and discusses our audited financial statements with management, prepares the annual Audit Committee reports that are included in our proxy statements and annually reviews the Audit Committee's performance and the Audit Committee Charter, among other responsibilities. Our Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from us for, any independent counsel, experts or advisors that the Audit Committee believes to be necessary or appropriate in order to enable it to carry out its duties. Our Audit Committee Charter and Corporate Governance Guidelines provide that the members of the Audit Committee may not serve on the audit committees of the boards of directors of more than two other companies at the same time as they are serving on our Audit Committee unless our Board of Directors determines that such simultaneous service would not impair the ability of such member to effectively serve on our Audit Committee. Our Audit Committee met ten times in 2017.

Compensation Committee

Between January 1, 2017 and April 25, 2017, the Compensation Committee was comprised of the following former directors of the Company: Louis Drapeau and Deborah J. Neff. The Compensation Committee met five times in 2017 to make determinations regarding compensation for the senior management team. Mr. Drapeau and Ms. Neff, when they served on the Compensation Committee, were independent directors, as stated above, and met the definitions of an outside director within the meaning of Section 162(m) of the Internal Revenue Code and a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended. Mr. Edwards and Ms. Litherland are independent directors, as stated above, and meet the definitions of an outside director within the meaning of Section 162(m) of the Internal Revenue Code and a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended. Our Board of Directors adopted a Compensation Committee charter on July 24, 2013 and amended it on March 23, 2016 and October 25, 2017, a copy of which is available at the Corporate Governance section of our Web site, www.bio-rad.com. Nominating Committee Functions

Our Board of Directors does not have a standing nominating committee or a committee performing similar functions. Because we are a controlled company as stated above, we are not required to have a standing nominating committee comprised solely of independent directors. Our Board of Directors believes that it is appropriate for us not to have a standing nominating committee because we are controlled by the Schwartz family. Notwithstanding this, each member of our Board of Directors participates in the consideration of director nominees. Gregory K. Hinckley, Jeffrey L. Edwards, Melinda Litherland and Arnold A. Pinkston are all independent directors, as stated above; Alice N. Schwartz and Norman Schwartz are not.

Table of Contents

Our Board of Directors has not adopted a charter governing the director nomination process. However, it is the policy of our Board of Directors to consider stockholder nominations for candidates for membership on our Board of Directors that are properly submitted as set forth below under the caption "Communications with the Board of Directors" and the section titled "Stockholder Proposals." The stockholder must submit a detailed resume of the candidate together with a written explanation of the reasons why the stockholder believes that the candidate is qualified to serve on our Board of Directors. In addition, the stockholder must include the written consent of the candidate, provide any additional information about the candidate that is required to be included in a proxy statement pursuant to the rules and regulations of the Securities and Exchange Commission and the Company's Amended and Restated Bylaws, and must also describe any arrangements or undertakings between the stockholder and the candidate regarding the nomination.

Table of Contents**ITEM 11. EXECUTIVE COMPENSATION****COMPENSATION DISCUSSION AND ANALYSIS**

In this Compensation Discussion and Analysis, we review the objectives and elements of our execution compensation program and discuss the 2017 compensation earned by our named executive officers, or NEOs.

For 2017, our named executive officers were:

Name	Position
Norman Schwartz	President, Chief Executive Officer and Chairman of the Board
Christine A. Tsingos	Executive Vice President and Chief Financial Officer
John Goetz ⁽¹⁾	Executive Vice President and Chief Operating Officer
John Hertia	Executive Vice President and President, Clinical Diagnostics Group
Michael Crowley	Executive Vice President, Global Commercial Operations
Shannon Hall ⁽²⁾	Former Executive Vice President and President, Life Science Group

(1) *Mr. Goetz retired from the Company effective March 30, 2018.*

(2) *Ms. Hall ceased employment with the Company as of September 2017.*

Compensation Program Objectives And Philosophy

We maintain various compensation programs for our named executive officers. Our executive compensation program, taken as a whole, has several objectives. The overriding objective of our executive compensation program is to attract, retain, motivate and develop the type of executives who will establish and execute strategic initiatives that help us to continue to grow a profitable business. We also want our executive compensation program to help align the interests of the executives with the interests of the Company and its stockholders. Finally, we want to reward our executives for business achievements and satisfaction of corporate objectives without creating risks which could have a material adverse effect on the Company.

In developing our overall executive compensation program and in setting individual pay levels for the named executive officers, we strive to meet the following goals:

To pay salaries that are competitive in our industry and our geographical market.

To use executive pay practices that are commonly found in our industry, as appropriate.

To pay salaries and award merit increases on the basis of the individual executive's performance and contributions and

the value of the executive's position within our organization.

To maintain a pay for performance outlook, particularly in our incentive programs.

To manage risk taking by incorporating objective company performance goals into our incentive programs.

Our executive compensation program is designed to reward our executives for Company and individual performance. Because we feel that each of our named executive officers provides unique services to us, we do not use a fixed relationship between base pay, annual performance-based cash bonus payments and equity awards. When we make

our final decisions about a named executive officer's total compensation package for a year, we look at the three elements of compensation (base pay, potential performance-based bonus payments and equity awards) individually and as a complete package. Overall, we believe that our total compensation program for executives is reasonable while being competitive within the market in which we compete for executive talent and does not create risks that are reasonably likely to have a material adverse effect on the Company.

Stockholder Say-On-Pay Vote

At our 2017 meeting of stockholders, we provided our stockholders with the opportunity to cast an advisory vote on executive compensation. 99% of the shares represented in person or by proxy and entitled to vote on this 2017 say-on-pay vote were voted in favor of the proposal. We have considered the 2017 say-on-pay vote, and we believe that the substantial support of our

Table of Contents

stockholders for the 2017 say-on-pay vote proposal indicates that our stockholders are generally supportive of our approach to executive compensation. Thus we have not made any material changes to our executive compensation arrangements in response to the 2017 say on pay vote. At our 2017 meeting of stockholders, our stockholders voted in favor of the proposal to hold say-on-pay votes every three years. Accordingly, the next say-on-pay advisory vote will be held at our 2020 meeting of stockholders. In the future, we will continue to consider the outcome of our say-on-pay votes when making compensation decisions regarding the named executive officers.

The Components Of Our Executive Compensation Program

To achieve the above goals, we have created an executive compensation program which consists of base pay, a short-term performance-based cash bonus program pursuant to the Incentive Bonus Plan, or IBP, and an equity grant program providing long-term incentives.

		Pay Element	Objective	Performance-Rewarded
FIXED	Annual	Base Salary	Provide fixed base of cash compensation commensurate with position and experience	Based in part on the Company's and the NEO's individual performance
	Long-Term	Restricted Stock Units and Stock Options	Align NEO's interests with stockholders; retention tool	Increase in the Company's share price
AT RISK OR PERFORMANCE-BASED	Annual	Incentive Bonus Plan (IBP)	Achieve annual performance goals	Company's performance based on sales and direct contribution from operations (DC)

We use this mix of compensation types for a variety of reasons:

- These types of programs, as a package, are typically offered by the companies from which we seek executive talent.
- These programs provide immediate and long-term incentives for the executive officers, thereby helping to align the executives' interests with those of the Company and its stockholders.
- We apply differing performance goals to the various types of pay to help motivate the executives to accomplish separate and diverse corporate and individual goals.
- Diverse programs, performance goals and payout timing help manage risk taking.

We provide executives with a package of fringe benefits on the same basis that is provided to all full-time benefits eligible employees. These benefits include such items as health insurance, tax qualified profit sharing plan

contributions and group term life insurance. We do not provide the executives with any benefits that are not generally available to other full-time professional employees.

We believe that our executive compensation program, taken as a whole, is a cost-effective method of providing competitive pay to our named executive officers and implementing our compensation philosophy and objectives.

Our Process For Setting Executive Compensation

Our Human Resources Department provides various types of compensation information to the President/Chief Executive Officer and to the Compensation Committee for their consideration and reference in the evaluation and eventual determination of each executive's total compensation package. The Compensation Committee's focus is on the compensation of the President/Chief Executive Officer and the incentive bonus and equity awards of the named executive officers.

The President/Chief Executive Officer determines the base pay for the other named executive officers. For the Executive Vice President and President, Clinical Diagnostics Group, the Executive Vice President, Global Commercial Operations, and the former Executive Vice President and President, Life Science Group, the determination of the President/Chief Executive Officer is based on the Chief Operating Officer's recommendation. Our process for setting executive compensation is described below.

Table of Contents**Base Pay**

In connection with setting levels of base pay, our Human Resources Department reviews independently published surveys of executive compensation levels, which cover over 1,000 U.S. based companies varying in size and industry, and prepares a report summarizing their findings. In 2017, our Human Resources Department reviewed data from the Radford Technology Survey, which provides data from a wide range of technology sub-industries, and Main Data Group, Inc., which provides compensation information for executive positions in publicly traded peer companies. From this information, our Human Resources Department determined the market salary at the median level for each comparable executive position. In addition, we review the compensation of a smaller group of companies in industry sectors in which we compete to provide additional guidance in setting base pay. This group consists of the companies in our peer group. We consider a number of potential criteria to determine which companies to include in our peer group, including companies in our industry of comparable size as measured by sales, market capitalization or asset base, in our geographic proximity, and with whom we compete for employee talent.

In 2017 the companies we considered comprising our peer group were:

Alere Inc.	PerkinElmer, Inc.
Bruker Corporation	Qiagen N.V.
C.R. Bard, Inc.	ResMed Inc.
Charles River Laboratories, Inc.	Steris Corporation
Edwards Lifesciences Corporation	Teleflex Incorporated
Hill-Rom Holdings, Inc.	Varian Medical Systems, Inc.
Hologic, Inc.	VWR Corporation
IDEXX Laboratories, Inc.	Waters Corporation
Illumina, Inc.	Zimmer Biomet Holdings, Inc.
Mettler-Toledo International Inc.	

The 2017 peer group was modified relative to our 2016 peer group to remove Sigma-Aldrich Corporation because it was acquired by Merck KGaA. The 2017 peer group includes nineteen life sciences and medical products companies with \$1 to \$5 billion in annual revenues in order to include companies that were of similar size and in similar industries to the Company.

Our Human Resources Department reviews this information with the President/Chief Executive Officer, and with respect to the President/Chief Executive Officer directly with the Compensation Committee, who then decide at their discretion if the individual base pay levels of executives need to be adjusted. Our Compensation Committee does not see any of the individual companies in the surveys, except for the companies within our peer group with respect to our President/Chief Executive Officer's base pay. Other factors considered in determining base pay, in addition to the survey and peer group information presented by the Human Resources Department, are:

- The financial position of the Company compared to the previous year;
- General economic conditions both nationally and in the local market of our corporate office;
- The executive's achievement of individual performance goals established for the year; and
- Where the executive's current base pay falls relative to survey data and other company executives.

Based on all of the factors outlined above, as well as the market data, the Compensation Committee, in the case of the President/Chief Executive Officer, and the President/Chief Executive Officer, for the other named executive officers, determine the named executive officer's base pay for the following year, and thus any of these criteria could materially impact the named executive officer's base pay.

In 2017, the base pay of our named executive officers did not change from their base pay in effect at the end of 2016. Our named executive officers' annual base salaries in 2017 were as follows: Mr. Schwartz: \$922,023; Ms. Tsingos: \$438,150; Mr. Goetz: \$689,500; Mr. Hertia: \$483,872; Mr. Crowley: \$415,575; and Ms. Hall \$404,211 (as of the last day of Ms. Hall's employment in September 2017.)

Table of Contents**Incentive Bonus Plan, or IBP (Cash-Based Incentive Program)**

All of our named executive officers participate in our company-wide annual cash bonus program, which is known as the Incentive Bonus Plan, or IBP. The plan, which covers all of the named executive officers, as well as other employees, operates on a calendar year basis. Prior to the beginning of the year, objective performance metrics in areas of achievement are determined and approved by executive management. In 2017 these metrics were:

Sales; and

Direct contribution from operations, or DC.

Depending on which part of our organization an employee works, these metrics are applied at the company-wide or Corporate level, or at a combination of the Corporate and business group levels. In 2017, the bonuses of all our named executive officers were based on the following weighting of these metrics: Corporate sales (50%) and Corporate DC (50%). In 2017 our IBP metrics excluded results from our acquisition of RainDance Technologies, Inc. The following table shows our financial goals under the IBP for fiscal 2017 relevant to our named executive officers for Corporate, and our performance compared to those goals (in millions):

		Adjusted	Adjusted			
		Target Plan	Target Plan	Actual	Results	% of
		(\$)	(\$) ⁽¹⁾	(\$)	(\$) ⁽²⁾	Target ⁽³⁾
Corporate	Sales	2,188.6	2,209.1	2,145.5	2,145.5	97.1%
Goals	DC	172.8	180.2	136.2	168.3	93.4%

(1) We have the ability to modify the goals after the beginning of a year, particularly in response to an unforeseen change in business conditions that makes an established goal irrelevant or inappropriate, subject to the approval of our Chief Executive Officer. In 2017, we adjusted our target plan to account for the effect of foreign currency.

(2) We also have the ability to modify the calculation of the achievement of the results after the beginning of a year, particularly in response to an unforeseen change in business conditions, subject to the approval of our Chief Executive Officer. In 2017, we modified the DC achievement to account for asset impairment associated with acquisitions, restructuring costs, certain legal accruals, and contingent consideration and milestone payments associated with acquisitions.

(3) Includes the effects of the adjustments and achieved results for our named executive officers as described in footnotes 1 and 2 above.

The IBP makes a payout only if threshold levels equal to 95% of the sales goals and/or 90% of the direct contribution goals are satisfied. If the sales and/or direct contribution goal is met, the named executive officers as well as other IBP participants receive a payment indexed to a percentage of their base pay, based on the achievement relative to each of the established metrics. The percentage of base pay which can be awarded varies based upon job position/salary grade. In 2017 the target bonuses for our named executive officers as a percentage of their base pay were as follows:

Mr. Schwartz: 100%; Ms. Tsingos: 50%; Mr. Goetz: 80%; Mr. Hertia: 55%; Mr. Crowley: 55% and Ms. Hall 55%.

However, Ms. Hall did not receive a payout under the 2017 IBP because she was no longer employed by the Company as of September 2017. The payments under this program can be as much as twice the target bonus, but the named executive officers (as well as the other people who participate in the IBP) will not receive this benefit unless we meet the minimum required performance goals for each performance measure. With respect to bonuses awarded for 2017, our named executive officers achieved between 35% and 69% of their base pay. Payments are typically made during

the first quarter of the following year. We have no policy regarding the adjustment or recovery of IBP awards in the event that an accounting restatement results in corporate goals not being satisfied.

We establish the individual target bonus levels, in part, by reviewing competitive market data of companies in our peer group described above. The individual target bonus levels for our named executive officers in 2017 are set forth in the Grants of Plan-Based Awards Table, and the bonuses paid to our named executive officers under the 2017 IBP are set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

While our Company reserves the right to award discretionary bonus payments to employees, no such payments were made to any of the named executive officers in the last five years.

Equity Compensation

Another key component of our executive compensation program is equity grants. We make grants of restricted stock units and options to purchase our stock to the named executive officers, as well as other employees, under our 2017 Incentive Award Plan.

In 2017, we granted non-qualified stock options and restricted stock units to certain of our named executive officers. We generally grant options to purchase Class A Common Stock and Class A Common restricted stock units to all named executive officers. In certain years prior to 2017, Norman Schwartz received options to acquire Class B Common Stock and Class B Common restricted stock units. The holders of Class B Common Stock have certain preferential voting rights, as described in the section titled General Information About the Meeting and Voting above. All non-qualified stock options have an exercise price equal to fair market value on the date of grant. Options granted to named executive officers generally vest on a five year basis, at a rate of 20% of the option grant on each anniversary date of the grant subject to continued service with the Company. All of the options have a ten year term. Restricted stock units granted to our named executive officers in 2017 vest on a five-year basis at a rate of 20% per year beginning one year from the grant date subject to continued service with the Company. We granted a combination of restricted stock units and stock options to our named executive officers to align ourselves with current market equity compensation practices.

Our process for granting equity to named executive officers has been as follows: first we conduct a general review of certain market information provided by outside independent equity compensation surveys, which cover large numbers of U.S. companies varying in size and industry. In 2017 we determined competitive market grant levels using the Radford Technology Survey and information from Main Data Group, Inc. Next we consider the size of the equity pool, which contains a number of shares that approximates a percentage of our outstanding shares as of the prior year, which in 2017 was 0.8%. The amount of equity available for grant to all eligible employees, including our named executive officers, is generally limited by the size of this equity pool. Subject to this limitation and based on the market information, our Human Resources Department creates individual equity grant recommendations, which provide a range of potential option grants and restricted stock unit grants based on job position/salary grade, including for the positions of our named executive officers.

Using the equity grant recommendations created by our Human Resources Department and considering individual performance, management suggests an allocation of the equity pool among all eligible employees to the Compensation Committee. The Compensation Committee reviews the suggested allocation of awards and makes a recommendation to the entire Board of Directors. Based on the Compensation Committee's recommendation, the Board of Directors makes its own determination as to the size and mix of the grants to individuals. The Board provides the approved equity grant and pricing information to the President/Chief Executive Officer for implementation. The Board of Directors met and approved the 2017 equity grants to our named executive officers on September 5, 2017, with a grant date of September 5, 2017. The equity grants for our named executive officers in 2017 are set forth in the Grants of Plan-Based Awards Table.

We believe that the grant of restricted stock units and fair market value stock options provides benefits to both the Company and the executive. We benefit because:

- The restricted stock units and the options help to align the executive's financial interest with the Company's and the stockholders' long-term interests.
- The restricted stock units and options help us retain the executives in a competitive market.

The executives benefit because:

- They can realize additional income as grants vest or if our shares increase in value.
- With respect to options, they have no personal income tax impact until they exercise the options.

We do not maintain any equity ownership guidelines for our named executive officers. Our insider trading policy prohibits our officers, directors, employees and consultants from engaging in (i) hedging transactions or similar arrangements that have the

Table of Contents

effect of offsetting any decrease in the market value of the Company's securities, (ii) short sales, and (iii) transactions in publicly traded options.

Other Compensation

The Company provides its executive officers with the following benefits that are also available to all of its regular status employees:

401(k) Plan

The Company offers to all regular status employees the opportunity to participate in a 401(k) Profit Sharing Plan. The 401(k) Profit Sharing Plan permits eligible employees of the Company to defer up to 50% of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan. The Company also provides a discretionary profit sharing contribution to all regular status employees with more than one year of service. The Profit Sharing contribution is made on a quarterly basis and is subject to certain limitations imposed by the Code. The Profit Sharing contribution is subject to a three year cliff vesting schedule. Each of our named executive officers received a contribution in the amount of \$13,500 from the Company in 2017.

Health and Welfare Benefits

The Company's healthcare, disability insurance, and other welfare and employee-benefit programs are the same for all eligible regular status employees, including executive officers. Because of the importance placed by the Company on the health and welfare of its employees, the Company paid 80% of the premiums associated with these programs on behalf of all of its regular status employees and their dependents in 2017.

Term Life Insurance

In addition to the forgoing, the Company also provides all regular status employees with term life insurance coverage of two times annual salary up to a maximum of \$750,000.

We have no employment agreements with our named executive officers, and therefore, there are no individual written agreements that would provide them with additional perquisites. There are no formal or informal corporate policies that provide benefits (that are not integrally and directly related to the performance of the executive's duties) to our named executive officers which are not available to the general employee population.

Internal Pay Equity

Our compensation programs are designed so that potential realizable compensation is set relative to each executive's level of responsibility and potential impact on our performance. While the compensation levels and design may be similar for executives at the same level, actual compensation may vary due to changes in an executive's base salary and individual performance over time.

Tax Considerations

Section 162(m) of the Code limits the tax deductibility by us of annual compensation in excess of \$1,000,000 paid to our covered employees. Prior to the Tax Cuts and Jobs Act of 2017, covered employees generally consisted of our Chief Executive Officer and each of the next three highest compensated officers serving at the end of the taxable year

other than our Chief Financial Officer, and compensation that qualified as performance-based under Section 162(m) was exempt from this \$1 million deduction limitation. As part of the Tax Cuts and Jobs Act of 2017, the ability to rely on this exemption was, with certain limited exceptions, eliminated; in addition, the definition of covered employees was expanded to generally include all named executive officers.

The Compensation Committee may consider the anticipated tax treatment to us and our executive officers when reviewing executive compensation and our compensation programs. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights or termination of employment. Interpretations of and changes in applicable tax laws and regulations, as well as other factors beyond the Compensation Committee's control, also can affect the deductibility of compensation.

Nonqualified Deferred Compensation Plans

We do not maintain any nonqualified deferred compensation plans.

Potential Payments On Termination Or Change In Control

Aside from provisions in our 2007 Incentive Award Plan, our 2017 Incentive Award Plan and our discretionary severance benefits, which are discussed in the next paragraph, we do not provide any additional payments to named executive officers upon their resignation, termination, retirement or upon a change of control. Our named executive officers do not currently have employment agreements with the Company.

Our 2007 Incentive Award Plan and our 2017 Incentive Award Plan provide that in the event of a change in control, all equity awards will become fully exercisable and all forfeiture restrictions on such awards will lapse immediately prior to such change in control, unless otherwise specified in any applicable award agreement. The award agreements with respect to our outstanding restricted stock unit awards granted prior to 2016 provide that no such acceleration shall apply when the successor corporation assumes the equity awards or substitutes equivalent rights for such awards.

Our severance benefits are discretionary, and may be provided when we terminate an individual's employment in the normal course of business and the termination is not for cause. Pursuant to our discretionary internal guidelines, our

named executive officers could be eligible to receive the estimated severance pay indicated below.

In connection with her termination of employment with us in September 2017, we entered into a severance agreement with Ms. Hall providing for a severance payment of \$514,184, of which \$404,211 was payable in January 2018 and \$109,973 was payable in March 2018. COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of our Compensation Committee was at any time during 2017 or at any other time an officer or employee of the Company, and no member had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission. None of our executive officers has served on the board of directors or compensation committee of any other entity that has or has had an executive officer who served as a member of our Board of Directors or Compensation Committee during 2017.

PAY RATIO DISCLOSURE

Pursuant to Item 402(u) of Regulation S-K, we are providing the following reasonable estimate of the ratio of the median annual total compensation of all of our employees and the annual total compensation of our CEO, Norman Schwartz.

For 2017:

Median Employee Total Compensation	\$ 62,450
CEO's Total Compensation	\$ 5,404,676
Ratio of CEO to Median Employee Total Compensation	87:1

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee, the methodology that we used was as follows:

We chose October 1, 2017 as the date for establishing the employee population used in identifying the median employee. Our employee population included all U.S. and non-U.S full-time, part-time, temporary and seasonal employees, excluding our CEO.

We identified a median employee using a consistently applied compensation measure of base salary and base wages, as compiled from our payroll records. We used January 1, 2017- September 30, 2017 as the measuring period. Compensation paid in foreign currency was converted to U.S. dollars based on exchange rates in effect on December 31, 2017. We adjusted base salaries and wages to a nine-month equivalent for any newly hired, full-time employees who were hired between January 1, 2017 and September 30, 2017. No cost-of-living adjustments were made.

The annual total compensation of the median employee and the annual total compensation of the CEO were calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

TRANSACTIONS WITH RELATED PERSONS

We maintain various policies and procedures relating to the review, approval, or ratification of transactions in which we are a participant and in which any of our directors, executive officers, greater than 5% stockholders or their family members have a direct or indirect material interest. Our Management Guidelines provide that any transaction proposed, initiated or approved by our employees that poses an actual or potential conflict of interest requires the prior written approval of our Chief Executive Officer. In addition, our Board or certain executive officers, depending on the dollar value of the transaction, review and approve all material transactions through the expenditure approval procedures set forth in the Management Guidelines. Our Code of Business Ethics and Conduct, which applies to all of our directors, officers, employees, and in some cases, their family members, prohibits arrangements, agreements and acts which are, or may give the impression of being, conflicts of interest with us. In addition, we have a Conflict of Interest Policy for Executive Officers and Directors which provides additional conflict of interest controls for our executive officers and directors. Each quarter we also require our regional sales managers

and financial officers to sign and send a written representation letter to the corporate financial reporting group wherein they are asked to disclose any related party transactions of which they are aware. In addition, each year we require our directors and executive officers to complete a questionnaire which, among other things, identifies transactions or potential transactions with us in which a director or an executive officer or one of their family members or associate entities has an interest. We also have a disclosure committee that meets quarterly to discuss, among other matters, potential conflicts of interest.

INDEPENDENT DIRECTORS

Of our directors between January 1, 2017 and April 25, 2017, Louis Drapeau, Joel McComb, Deborah J. Neff and Robert M. For a discussion of the members of the committees of our Board of Directors and their independence, see the section titled Committees of the Board of Directors under Item 10 of this Form 10-K/A.

Because the Schwartz family holds more than 50% of our Voting Power and the votes necessary to elect a majority of our Board of Directors through its ownership of our Class B Common Stock, we are a controlled company for purposes of the New York Stock Exchange listing standards.
