Filed Pursuant to Rule 433
Registration No. 333-222158
Supplementing the Prospectus
dated December 19, 2017
(For the 4.70% Notes due 2037)
Supplementing the Preliminary Prospectus
Supplement dated October 30, 2018
(To a Prospectus dated December 19, 2017)
(For the 5.350% Notes due 2048 and 5.850% Notes due 2068)

PRICING TERM SHEET

October 30, 2018

Issuer: Corning Incorporated
Expected Ratings (Moody s/S&P)*: Baa1 (stable) / BBB+ (stable)
Trade Date: October 30, 2018
Settlement Date (T+5)**: November 6, 2018
4.70% Notes due 2037

Security: 4.70% Notes due 2037 (the New 2037 Notes)
Principal Amount: \$50,000,000 (Notes having terms identical to the New 2037 Notes and an aggregate principal amount of \$250,000,000 were previously issued by the Issuer and, together with the New 2037 Notes, are part of a single series (the 2037 Notes). The New 2037 Notes will have the same terms (other than issue date and initial interest payment date) and will vote as a single class with, have the same CUSIP number as, and be fungible for United States federal income tax purposes with, the currently outstanding 4.70% Notes due 2037.)
Maturity Date: March 15, 2037
Benchmark Treasury: 3.125% due May 15, 2048
Benchmark Treasury Price and Yield: 95-20+; 3.359%

Edgar Filing: CORNING INC /NY - Form FWP

Spread to Benchmark Treasury:	+ 171.96 bps
Yield to Maturity:	5.078%
Coupon:	4.70%
Proceeds to Issuer (before expenses):	\$47,317,500, plus accrued interest from September 15, 2018 to but excluding the date of delivery of the Securities in the amount of \$332,916.67
Price to Public:	95.510% plus accrued interest from September 15, 2018 to but excluding the date of delivery of the Securities
Interest Payment Dates:	March 15 and September 15, commencing on March 15, 2019
Record Dates:	March 1 and September 1
Indenture:	Indenture, dated as of November 8, 2000, between the Company and The Bank of New York Mellon Trust Company, N.A. (successor to JP Morgan Chase Bank, N.A., formerly The Chase Manhattan Bank), as Trustee. The New 2037 Notes will be issued in the form of one or more global securities, which will be exchangeable for New 2037 Notes in definitive form as described under Description of Debt Securities Legal Ownership of Debt Securities; Global Securities Special Situations When A Global Security Will Be Terminated in the Prospectus, dated December 19, 2017 (Prospectus), are entitled to the benefits of the covenants, and subject to defeasance and covenant defeasance, as

described under **Description of Debt Securities** **Restrictive Covenant and Defeasance** , and are not subject to a sinking fund. The New 2037 Notes are the Company's unsecured obligations and are subject to the same type of risks as the Company's other unsecured obligations as described under **Risk Factors** in the Preliminary Prospectus Supplement, dated October 30, 2018 (the Preliminary Prospectus).

Trustee, Registrar and Paying Agent:

The Bank of New York Mellon Trust Company, N.A. will initially be the securities registrar and paying agent and will act as such at its offices in New York, New York. Corning may at any time designate additional paying agents or rescind the designations or approve a change in the offices where they act.

Optional Redemption:

The New 2037 Notes will be redeemable in whole at any time or in part from time to time, at the Company's option, at a redemption price equal to the greater of (i) 100% of the principal amount of the New 2037 Notes to be redeemed; or (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the New 2037 Notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current Treasury Rate plus 25 basis points. The Company will pay accrued and unpaid interest on the principal amount to be redeemed to but excluding the date of redemption.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the 2037 Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the 2037 Notes.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

Independent Investment Banker means one of the Reference Treasury Dealers that the Company appoints to act as the Independent Investment Banker from time to time.

Reference Treasury Dealer means each of J.P. Morgan Securities LLC and a Primary Treasury Dealer selected by Wells Fargo Securities, LLC and their respective successors, and three other firms that are primary U.S. Government

securities dealers (each a Primary Treasury Dealer) which the Company specifies from time to time; provided, however, that if any of them ceases to be a Primary Treasury Dealer, the Company will substitute another Primary Treasury Dealer.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

Treasury Rate means, with respect to any redemption date, the rate per year equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate shall be calculated on the third business day preceding the redemption date.

If the Company decides to redeem less than all of the outstanding 2037 Notes, the Trustee will select the 2037 Notes to be redeemed by lot, pro rata or by any other method the Trustee considers fair and appropriate.

Notice of redemption will be transmitted at least 15 but not more than 60 days before the redemption date to each holder of record of the 2037 Notes at its registered address. The notice of redemption for the 2037 Notes will state, among other things, the amount of 2037 Notes to be redeemed, the redemption date, the manner in which the redemption price will be calculated, and the place or places that payment will be made upon presentation and surrender of 2037 Notes to be redeemed. If money sufficient to pay the redemption price of and accrued interest on the 2037 Notes to be redeemed is deposited with the Trustee on or before the redemption date, beginning on the redemption date interest will cease to accrue on the 2037 Notes (or the portion of them) called for redemption and those 2037 Notes or such portion of them will cease to be outstanding.

Repurchase Upon a Change of Control Triggering Event:

If a Change of Control Triggering Event (as defined below) occurs, unless the Company has exercised its right to redeem the 2037 Notes, the Company will be required to make an offer to each holder of the 2037 Notes, to repurchase all or, at the holder's option, any part (equal to \$2,000 or any multiple of \$1,000 in excess thereof), of each holder's 2037 Notes pursuant to the offer described below (the **Change of Control Offer**) on the terms set forth in the 2037 Notes. In the Change of Control Offer, the Company will be required to offer to repurchase each holder's 2037 Notes in cash at a price equal to 101% of the aggregate principal amount of 2037 Notes repurchased, plus any accrued and unpaid interest on the 2037 Notes repurchased to, but not including, the date of repurchase (the **Change of Control Payment**).

Within 30 days following any Change of Control Triggering Event, or at the Company's option, prior to any Change of Control, but after the public announcement of a pending Change of Control, the Company will be required to send to each holder of 2037 Notes, a

notice describing the transaction that constitutes or may constitute the Change of Control Triggering Event and offering to repurchase such 2037 Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is transmitted (a Change of Control Payment Date). The notice, if transmitted, prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, the Company will be required, to the extent lawful, to:

accept for payment all 2037 Notes or portions of 2037 Notes properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all 2037 Notes or portions of 2037 Notes properly tendered; and

deliver or cause to be delivered to the Trustee the 2037 Notes properly accepted together with an officers certificate stating the aggregate principal amount of 2037 Notes or portions of 2037 Notes being purchased by the Company.

The paying agent will be required to deliver, to each holder who properly tendered 2037 Notes, the Change of Control Payment for such 2037 Notes, and the Trustee will be required to promptly authenticate and mail (or cause to be transferred by book entry) to each such holder a new note equal in principal amount to any unpurchased portion of the 2037 Notes surrendered, if any; provided that each new note will be in a principal amount of \$2,000 or a multiple of \$1,000 in excess thereof.

The Company will not be required to make a Change of Control Offer for the 2037 Notes upon a Change of Control Triggering Event if a third party makes an offer to purchase the 2037 Notes in the manner, at the times and otherwise in compliance with the requirements for an offer to purchase made by the Company and such third party purchases all 2037 Notes properly tendered and not withdrawn under its offer. In the event that such third party terminates or

defaults its offer for the 2037 Notes, the Company will be required to make a Change of Control Offer treating the date of such termination or default for such series as though it were the date of the Change of Control Triggering Event.

In addition, the Company will not repurchase any 2037 Notes if there has occurred and is continuing on the Change of Control Payment Date an event of default under the Indenture, other than a default in the payment of the Change of Control Payment upon a Change of Control Triggering Event.

To the extent that the Company is required to offer to repurchase the 2037 Notes upon the occurrence of a Change of Control Triggering Event, the Company may not have sufficient funds to repurchase the 2037 Notes in cash at such time. In addition, the Company's ability to repurchase the 2037 Notes for cash may be limited by law or the terms of other agreements relating to the Company's indebtedness outstanding at the time. The failure to make such repurchase would result in an event of default under the 2037 Notes.

Except for the last sentence in the next paragraph, the Company may only make an amendment or modification to the provisions obligating it to repurchase 2037 Notes upon a Change of Control Triggering Event which adversely affects the interest of any holder with the consent of each holder of 2037 Notes to be affected by such amendment or modification.

The Company will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the Exchange Act), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the 2037 Notes as a result of a Change of Control Triggering Event. To the extent that the provision of any such securities laws or regulations conflicts with the Change of Control Offer provisions of the 2037 Notes, the Company will comply with those securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Offer provisions of the 2037 Notes by virtue of any such conflict.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the Company's properties or assets and those of the Company's subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of 2037 Notes to require the Company to repurchase its 2037 Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the Company's assets and those of the Company's subsidiaries, taken as a whole, to another person or group may be uncertain. In such case, holders of the 2037 Notes may not be able to resolve this uncertainty without resorting to legal action.

The provisions in the Indenture and the 2037 Notes relating to change of control transactions will not necessarily afford holders protection in the event of a highly leveraged transaction that may adversely affect holders, including a reorganization, restructuring, merger or other similar transaction involving the

Company. These transactions may not involve a change in voting power or beneficial ownership or, even if they do, may not involve a change of the magnitude or on the terms required under the definition of Change of Control Triggering Event. For purposes of the repurchase provisions of the 2037 Notes, the following terms will be applicable:

Change of Control means the occurrence of any one of the following:

the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger, amalgamation, arrangement or consolidation), in one or a series of related transactions, of all or substantially all of the Company's properties or assets and those of the Company's subsidiaries, taken as a whole, to one or more persons, other than to the Company or one of its subsidiaries;

the first day on which a majority of the members of the Company's board of directors is not composed of Continuing Directors (as defined below);

the consummation of any transaction including, without limitation, any merger, amalgamation, arrangement or consolidation the result of which is that any person becomes the beneficial owner, directly or indirectly, of more than 50% of the Company's Voting Stock, measured by voting power rather than number of shares;

the Company consolidates with, or merges with or into, any person, or any person consolidates with, or merges with or into, the Company, in any such event pursuant to a transaction in which any of the outstanding Voting Stock of the Company or of such other person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of the Company's Voting Stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the Voting Stock of the surviving person or any direct or indirect parent company of the surviving person immediately after giving effect to such transaction; or

the adoption of a plan relating to the Company's liquidation or dissolution (other than the Company's liquidation into a newly formed holding company).

Notwithstanding the foregoing, a transaction described in the third bullet point above will not be deemed to involve a Change of Control if (1) the Company becomes a direct or indirect wholly-owned subsidiary of a holding company (which shall include a direct or indirect parent company of such holding company) and (2)(A) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as, and hold in substantially the same proportions as, the holders of the

Company's Voting Stock immediately prior to that transaction or (B) immediately following that transaction no person, other than a holding company satisfying the requirements of this sentence, is the beneficial owner, directly or indirectly of more than 50% of the then outstanding Voting Stock, measured by voting power, of such holding company or its parent company. Following any such transaction, references in this definition to the Company shall be deemed to refer to such holding company. For the purposes of this definition, person and beneficial owner have the meanings used in Section 13(d) of the Exchange Act and the rules and regulations thereunder.

Change of Control Triggering Event means the 2037 Notes cease to be rated Investment Grade by each of the Rating Agencies on any date during the 60-day period (the Trigger Period) following the earlier date of (1) the first public announcement of the Change of Control or the Company's intention to effect a Change of Control and (2) the consummation of such Change of Control, which Trigger Period will be extended following consummation of a Change of Control for so long as the rating of the 2037 Notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies. Unless at least one Rating Agency is providing a rating for the long-term unsecured debt of the Company at the commencement of any Trigger Period, the 2037 Notes will be deemed to have ceased to be rated Investment Grade during that Trigger Period. Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

Continuing Directors means, as of any date of determination, any member of the Company's board of directors who (1) was a member of the Company's board of directors on the date the 2037 Notes were originally issued; or (2) was nominated for election, elected or appointed to the Company's board of directors with the approval of a majority of the Continuing Directors who were members of the Company's board of directors at the time of such nomination, election or appointment (either by specific action of the board of directors or by approval by such directors of the Company's proxy statement in which such member was named as a nominee for election as a director).

Fitch means Fitch, Inc. and its successors.

Investment Grade means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody's or BBB- (or the equivalent) by S&P, and the equivalent investment grade credit rating from any replacement Rating Agency or Rating Agencies selected by the Company.

Rating Agencies means (a) each of Moody's, S&P and Fitch; and (b) if any of the Rating Agencies ceases to provide rating services to issuers or investors, a nationally recognized statistical rating organization as defined in Section 3(a)(62) of the Exchange Act that is selected by the Company (as certified by the Company's chief executive officer or chief financial officer) as a replacement for Moody's, S&P or Fitch, or all of them, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of S&P Global Inc., and its successors.

Voting Stock of any specified person as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Re-Purchases:	Corning or its subsidiaries may acquire the New 2037 Notes from time to time by means other than a redemption, whether by tender offer, open market purchases, negotiated transactions or otherwise, in accordance with applicable securities laws, so long as such acquisition does not otherwise violate the terms of the Indenture.
Material United States Federal Income Tax Consequences:	The summary of the material United States federal income tax consequences of the ownership and disposition of the notes described under <i>Material United States Federal Income Tax Consequences</i> in the Preliminary Prospectus are equally applicable to the New 2037 Notes, with the exception of the disclosure in (i) <i>U.S. Holders Sale, Exchange or Other Taxable Dispositions of Notes</i> and (ii) <i>Non-U.S. Holders Foreign Account Tax Compliance Withholding</i> . We use capitalized and undefined terms as they are defined in the Preliminary Prospectus under the caption <i>Material United States Federal Income Tax Consequences</i> . The following is a summary of additional material United States federal income tax consequences specific to the New 2037 Notes:

U.S. Holders

For U.S. federal income tax purposes, the New 2037 Notes will be treated as issued in a qualified reopening of the currently outstanding 4.70% Notes due 2037 (the *Existing 2037 Notes*). Under applicable Treasury regulations, debt instruments issued in a qualified reopening are deemed to be part of the same issue as the original debt instruments for federal income tax purposes. Therefore, the New 2037 Notes will have the same issue price and the same issue date (in each case for tax purposes) as the Existing 2037 Notes. The issue price of the Existing 2037 Notes was \$998.64 per \$1,000 face amount, and the issue date of the 2037 Existing Notes was February 21, 2012.

A portion of the price paid for the New 2037 Notes is attributable to interest accrued from September 15, 2018 (*pre-acquisition accrued interest*). To the extent a portion of a U.S. Holder's purchase price is allocable to pre-acquisition accrued interest, a portion of the first stated interest payment equal to the amount of such pre-acquisition accrued interest will be treated as a nontaxable return of such pre-acquisition accrued interest to the U.S. Holder. As such, the amount treated as a return of pre-acquisition accrued interest will reduce a U.S. Holder's adjusted tax basis in the New 2037 Note by a corresponding amount.

Sale, Exchange or Other Taxable Dispositions of Notes

If you are a U.S. Holder, upon the sale, exchange, redemption, retirement or other taxable disposition of a note, you will generally recognize gain or loss for United States federal income tax purposes in an amount equal to the difference between (i) the amount of the cash and the fair market value of any property you receive on the sale or other taxable disposition (less an amount attributable to any accrued but unpaid interest, which will be taxable as ordinary interest income to the extent not previously taken into income or will be treated as the receipt of pre-acquisition accrued interest that is treated in the manner described above), and (ii) your adjusted tax basis in the note. Your adjusted tax basis in a note will generally be equal to the cost of the note.

Such gain or loss will generally be treated as capital gain or loss and will be treated as long-term capital gain or loss if your holding period in the note exceeds one year at the time of the disposition. Long-term capital gains of non-corporate taxpayers are subject to reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

As noted above, the New 2037 Notes will be treated as issued in a qualified reopening of the Existing 2037 Notes, and therefore the New 2037 Notes will have the same issue date for tax purposes as the Existing 2037 Notes. Sections 1471 through 1474 of the Code and the U.S. Treasury Regulations and administrative guidance issued thereunder (FATCA) provide that debt securities with an issue date for tax purposes that is prior to July 1, 2014 will not be subject to FATCA withholding rules. As discussed above, the issue date for the Existing 2037 Notes was prior to July 1, 2014. Accordingly, the New 2037 Notes will also have an issue date for tax purposes that is prior to January 1, 2014, and therefore the New 2037 Notes will not be subject to FATCA withholding rules.

Underwriting:	Firm commitment; the underwriters must purchase all of the New 2037 Notes if any are purchased. See Underwriting in the Preliminary Prospectus for more information on the relationship between the Company and the Underwriters.
Denominations:	\$2,000 and integral multiples of \$1,000 in excess thereof

Edgar Filing: CORNING INC /NY - Form FWP

Price to Public: 99.865%

Interest Payment Dates: Semi-annually on May 15 and November 15, commencing May 15, 2019

Record Dates: May 1 and November 1 of each year

Optional Redemption:	The 2048 Notes will be redeemable in whole at any time or in part from time to time, at the option of the Company. If the Company redeems the 2048 Notes more than 180 days prior to their scheduled maturity date, the redemption price will be equal to the greater of (i) 100% of the principal amount of the 2048 Notes to be redeemed; or (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the 2048 Notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current Treasury Rate plus 30 basis points. If the Company redeems the 2048 Notes on or after the date that is 180 days prior to the scheduled maturity date of the 2048 Notes, the redemption price will be equal to 100% of the principal amount of the 2048 Notes to be redeemed. In any redemption, the Company will pay accrued and unpaid interest on the principal amount to be redeemed to but not including the date of redemption.
Repurchase Upon a Change of Control Triggering Event:	Upon the occurrence of a Change of Control Triggering Event, the Company will be required to make an offer to purchase the 2048 Notes at a price equal to 101% of the principal amount plus accrued and unpaid interest to but not including the date of repurchase.
Denominations:	\$2,000 and integral multiples of \$1,000 in excess thereof

Record Dates:	May 1 and November 1 of each year
Optional Redemption:	The 2068 Notes will be redeemable in whole at any time or in part from time to time, at the option of the Company. If the Company redeems the 2068 Notes more than 180 days prior to their scheduled maturity date, the redemption price

will be equal to the greater of (i) 100% of the principal amount of the 2068 Notes to be redeemed; or (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the 2068 Notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current Treasury Rate plus 40 basis points. If the Company redeems the 2068 Notes on or after the date that is 180 days prior to the scheduled maturity date of the 2068 Notes, the redemption price will be equal to 100% of the principal amount of the 2068 Notes to be redeemed. In any redemption, the Company will pay accrued and unpaid interest on the principal amount to be redeemed to but not including the date of repurchase.

Repurchase Upon a Change of Control Triggering Event:	Upon the occurrence of a Change of Control Triggering Event, the Company will be required to make an offer to purchase the 2068 Notes at a price equal to 101% of the principal amount plus accrued and unpaid interest to but not including the date of redemption.

* Note: A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.

** We expect that delivery of the notes will be made against payment therefor on or about November 6, 2018, which is the fifth business day following the date of this pricing term sheet (such settlement cycle being referred to as T+5). Under Rule 15c6-1 of the SEC under the Securities Exchange Act of 1934, trades in the secondary market generally are required to settle in two business days unless the parties to such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes earlier than the second business day before November 6, 2018 will be required, by virtue of the fact that the notes initially will settle T+5, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement, and so should consult their own advisors.

The New 2037 Notes, the 2048 Notes and the 2068 Notes are being offered separately, and are not part of a unit. The closing of each series of notes is not conditioned on the closing of any other series of notes.
