Comment

Terry Burman, Group Chief Executive, commented: The Group saw some advance in profit before tax in what is traditionally a period of low profitability. The US business made further progress, again outperforming its main competition and gaining market share. The UK business also achieved solid sales growth and operating profit was broadly similar to last year's level after absorbing anticipated cost increases.

The softening like for like sales trends apparent in the third quarter on both sides of the Atlantic accelerated during November with the US performance affected by Thanksgiving falling one week later than last year. Our businesses remain well prepared to compete during December, which typically accounts for around 70% of Christmas season sales.

Signet operated 1,660 speciality retail jewellery stores at 2 November 2002; these included 1,049 stores in the US, where the Group trades as Kay Jewelers , Jared The Galleria Of Jewelry and under a number of regional names. At that date Signet operated 611 stores in the UK, where the Group trades as H.Samuel , Ernest Jones and Leslie Davis . Further information on Signet is available at www.signetgroupplc.com
