**ITEM 2.02. Results of Operations and Financial Condition.**

On January 23, 2006, the Company issued a press release publicly announcing that a classified borrower with outstanding loan balances of approximately \$9 million notified the Company that it was experiencing further financial distress. Effective February 9, 2006, the Company placed all loans to this borrower on non-accrual. In the first and second quarters of 2006, provisions for loan losses of \$2.0 million and \$1.1 million, respectively, were recorded for, among other things, anticipated losses on this credit. In the second quarter, net loan charge-offs of \$4.2 million were recorded primarily related to this credit.

On October 3, 2006, a loan charge-off recovery of \$3.0 million was recorded resulting from a cash payment of \$4.5 million on the credit. This payment satisfies the full obligation of the borrower with the exception of an \$183,000 secured note. We anticipate that the recovery will result in a reduction in the provision for loan losses for the year of 2006 that is to be recorded in the fourth quarter.
