Dear Shareholder:

We cordially invite you to attend the 2008 Annual Meeting of Shareholders of Big Lots, Inc. The Annual Meeting will be held at our corporate offices located at 300 Phillipi Road, Columbus, Ohio, on May 29, 2008, beginning at 9:00 a.m. EDT.

The following pages contain the Notice of Annual Meeting of Shareholders and the Proxy Statement. You should review this material for information concerning the business to be conducted at the Annual Meeting.

Your vote is important. Whether or not you plan to attend the Annual Meeting, you are urged to vote as soon as possible. If you attend the Annual Meeting, you may revoke your proxy and vote in person if you wish, even if you have previously voted.

We have elected to take advantage of new Securities and Exchange Commission rules that allow us to furnish proxy materials to shareholders on the Internet. On or about the date of this letter, we began mailing a Notice of Internet Availability of Proxy Materials to shareholders of record at the close of business on March 31, 2008. At the same time, we provided those shareholders with Internet access to our proxy materials and filed our proxy materials with the Securities and Exchange Commission. We believe the new rules will allow us to provide our shareholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of the Annual Meeting.

Thank you for your ongoing support of, and continued interest in, Big Lots, Inc.

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Big Lots, Inc., an Ohio corporation (we, us, our and Big Lots), for use at the 2008 Annual Meeting of Shareholders to be held on May 29, 2008 (the "Annual Meeting"), at our corporate offices located at 300 Phillipi Road, Columbus, Ohio at 9:00 a.m. EDT. On or about April 15, 2008, we began mailing to our shareholders of record at the close of business on March 31, 2008, a Notice of Internet Availability containing instructions on how to access the Notice of Annual Meeting of Shareholders, this Proxy Statement and our Annual Report to Shareholders for the fiscal year ended February 2, 2008 (fiscal 2007).

ABOUT THE ANNUAL MEETING

Purpose of the Annual Meeting

At the Annual Meeting, shareholders will act upon the matters outlined in the Notice of Annual Meeting included with this Proxy Statement. Specifically, the shareholders will be asked to (i) elect nine members to our Board, (ii) approve amendments to the Big Lots 2005 Long-Term Incentive Plan (the "2005 Incentive Plan"), (iii) ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009 (fiscal 2008), and (iv) transact such other business as may properly come before the Annual Meeting.

Shareholder Voting Rights

Only those shareholders of record at the close of business on March 31, 2008, the record date for the Annual Meeting, are entitled to receive notice of and to vote at the Annual Meeting. At the record date, we had outstanding 81,372,933 common shares, \$0.01 par value per share. Each of the outstanding common shares entitles the holder thereof to one vote on each matter to be voted upon at the Annual Meeting or any postponement or adjournment thereof. The holders of common shares have no cumulative voting rights in the election of directors. All voting shall be governed by our Code of Regulations and the General Corporation Law of the State of Ohio and, in the case of Proposal Two, the rules of the New York Stock Exchange (□NYSE□).

Registered Shareholders and Beneficial Shareholders

If our common shares are registered in your name directly with our transfer agent, National City Bank, you are considered, with respect to those common shares, a registered shareholder. If our common shares are held for you in a brokerage account or by a bank or other holder of record, you are considered the beneficial shareholder of the common shares held in street name.

Internet Availability of Proxy Materials

In accordance with rules recently adopted by the Securities and Exchange Commission (□SEC□), instead of mailing a printed copy of our proxy materials to each shareholder of record, we may now furnish our proxy materials, including the Notice of Annual Meeting of Shareholders, this Proxy Statement and our Annual Report to Shareholders, by providing access to such documents on the Internet. Shareholders will not receive printed copies of the proxy materials unless they request them.

- 1 -

A Notice of Internet Availability that provides instructions for accessing our proxy materials on the Internet was mailed directly to registered shareholders. The Notice of Internet Availability also provides instructions for registered shareholders to vote their common shares on the Internet. Registered shareholders who prefer to receive a paper or email copy of our proxy materials should follow the instructions provided in the Notice of Internet Availability for requesting such materials.

For beneficial shareholders, a notice directing you to the website at which you will find our proxy materials has been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those common shares, the registered shareholder. Your broker, bank or other holder of record also provided instructions on how you may request a paper or email copy of our proxy materials, if you prefer. Beneficial shareholders have the right to direct their broker, bank or other holder of record on how to vote their common shares by following the voting instructions they received from their broker, bank or other holder of record.

To enroll in the electronic delivery service for future shareholder meetings, use your Notice of Internet Availability to register online at www.proxyvote.com by indicating that you agree to receive or access shareholder communications electronically in future years.

Attendance at the Annual Meeting

All of our shareholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Registration and seating will begin at 8:30 a.m. EDT, and the Annual Meeting will begin at 9:00 a.m. EDT. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting. Please also note that if you hold your common shares as a beneficial shareholder, you will need to check in at the Annual Meeting registration desk and present a copy of a brokerage or bank statement reflecting your stock ownership as of the record date.

How to Vote

After receiving the Notice of Internet Availability, registered shareholders are urged to visit www.proxyvote.com to access our proxy materials. You will have the opportunity to vote your common shares online at www.proxyvote.com until May 28, 2008 at 11:59 p.m. EDT. When voting online, you must follow the instructions posted on the website and you will need the control number included on your Notice of Internet Availability. If, after receiving the Notice of Internet Availability, you request (via toll-free telephone number, e-mail or online)

that we send you paper or electronic copies of our proxy materials, you may vote your common shares by completing, dating and signing the proxy card and returning it in the envelope included with our mailing. If you properly complete your proxy online or you complete, date, sign and return your proxy card, your common shares will be voted as you direct. If you are a registered shareholder and attend the Annual Meeting, you may deliver your completed proxy card in person.

Beneficial shareholders are able to instruct the broker, bank or other holder of record how to vote their common shares by following the directions provided by their broker, bank or other holder of record. Please contact your broker, bank or other holder of record to determine the means by which beneficial shareholders can direct voting and the applicable deadlines. Additionally, beneficial shareholders who wish to vote at the Annual Meeting will need to obtain a completed form of proxy from the broker, bank or other holder of record who is the registered holder of the common shares.

A proxy may be revoked at any time before it is exercised by filing with our Corporate Secretary a written notice of revocation or a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Annual Meeting and giving notice of revocation to the secretary of the meeting, either in writing or in open meeting. Attendance at the Annual Meeting will not by itself revoke a previously granted proxy.

Householding

SEC rules allow multiple shareholders residing at the same address the convenience of receiving a single copy of the annual report to shareholders, proxy statement and Notice of Internet Availability if they consent to do so (householding). Householding is permitted only in certain circumstances, including when you have the same last name and address as another shareholder. If the required conditions are met, and SEC regulations allow, your household may receive a single copy of the annual report to shareholders, proxy statement and Notice of Internet

- 2 -

Availability. Upon request, we will promptly deliver a separate copy of the annual report to shareholders, proxy statement and Notice of Internet Availability, as applicable, to a shareholder at a shared address to which a single copy of the document(s) was delivered. Such a request should be made in the same manner as a revocation of consent for householding.

You may revoke your consent for householding at any time by contacting Broadridge Financial Solutions, Inc. (Broadridge), either by calling 1-800-542-1061, or by writing to: Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of receipt of your instructions, at which time you will receive separate copies of these documents.

Beneficial shareholders can request more information about householding from their brokers, banks or other holders of record.

Tabulation of Votes

Tabulation of the votes cast at the Annual Meeting will be performed by Broadridge, as inspected by our duly appointed inspectors of election.

Board's Recommendations

Subject to revocation, all proxies that are properly completed and timely received will be voted in accordance with the instructions contained therein. If no instructions are given (excluding broker non-votes), the persons named as proxy holders will vote the common shares in accordance with the recommendations of the Board. The Board's recommendations are set forth together with the description of each proposal in this Proxy Statement. In summary, the Board recommends a vote (i) FOR the election of the nominated slate of directors (see Proposal One), (ii) FOR the approval of amendments to the 2005 Incentive Plan (see Proposal Two), and (iii) FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2008 (see Proposal Three). If any other matter properly comes before the Annual Meeting, or if a director nominee named in this Proxy Statement is unable to serve or for good cause will not serve, the proxy holders will vote on such matter or for a substitute nominee as recommended by the Board.

Vote Required to Approve a Proposal

Proposal One

For purposes of Proposal One, the nine director nominees receiving the greatest number of votes cast shall be elected as directors. A properly executed proxy marked [withhold authority] with respect to the election of one or more nominees for director will not be voted with respect to the nominee or nominees for director indicated, although it will be counted for purposes of determining whether there is a quorum. If you are a beneficial shareholder, your broker, bank or other holder of record who is the registered holder of your common shares is permitted to vote your common shares for the election of directors even if the broker, bank or other holder of record does not receive voting instructions from you.

Other Matters

For purposes of Proposal Two, Proposal Three and any other matters that may properly come before the Annual Meeting, the affirmative vote of the holders of a majority of the common shares represented in person or by proxy and entitled to vote on each such matter will be required for approval. Under NYSE rules, approval of Proposal Two also requires that a majority of shareholders entitled to vote actually cast a vote, whether in favor, against or in abstention. A properly executed proxy marked [abstain] with respect to Proposal Two, Proposal Three or any other matter that may properly come before the Annual Meeting will not be voted with respect to such matter, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote. If no voting instructions are given (excluding broker non-votes), the persons named as proxy holders on the proxy card will vote the common shares in accordance with the recommendation of the Board.

If you are a beneficial shareholder, your broker, bank or other holder of record may not be permitted to exercise discretionary voting power with respect to some of the matters to be acted upon. Thus, if you do not give your broker, bank or other holder of record specific voting instructions, your common shares may not be voted on those matters and will not be counted in determining the number of common shares necessary for approval. Under

- 3 -

NYSE rules, your broker, bank or other holder of record may not vote your common shares on Proposal Two absent instructions from you. Without your voting instructions on this matter, a broker non-vote will occur. Common shares represented by broker non-votes will, however, be counted in determining whether there is a quorum.

Quorum

The presence, in person or by proxy, of the holders of a majority of the outstanding common shares entitled to be voted at the Annual Meeting will constitute a quorum, permitting us to conduct our business at the Annual Meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of common shares considered to be represented at the Annual Meeting for purposes of establishing a quorum.

PROPOSAL ONE: ELECTION OF DIRECTORS

At the Annual Meeting, the common shares represented by proxies will be voted, unless otherwise specified, for the election of the nine director nominees named below. All nine nominees are currently directors on our Board. Proxies cannot be voted at the Annual Meeting for more than nine persons.

Set forth below is certain information relating to the director nominees. Directors are elected to serve until the next annual meeting of shareholders and until their respective successors are elected and qualified, or until their earlier death, resignation or removal.

Board Meetings in Fiscal 2007

Five meetings of the Board were held during fiscal 2007. During fiscal 2007, each director attended at least 75% of the aggregate of all meetings of the Board and all meetings held by the committees on which he or she served (in each case, held during the periods that he or she served). It is our policy that each director nominee standing for election be present at the annual meeting of shareholders. Each director listed above attended the most recent annual meeting of shareholders held in May 2007. Under our Corporate Governance Guidelines, each director is expected to dedicate sufficient time and attention to ensure the diligent performance of his or her duties, including attending meetings of the shareholders, the Board, and the committees of which he or she is a member.

Role of the Board's Committees

Audit Committee

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibility with respect to: (i) the integrity of the financial reports and other financial information provided by us to our shareholders and others; (ii) our compliance with legal and regulatory requirements; (iii) the engagement of our independent registered public accounting firm and the evaluation of the firm's qualifications, independence and performance; (iv) the performance of our system of internal controls; and (v) our audit, accounting and financial reporting processes generally. The Audit Committee was established in accordance with the Securities Exchange Act of 1934, as amended ("Exchange Act"), and each of its members is independent as required by the Audit Committee's charter and by the applicable NYSE and SEC rules. The Board has determined that Mr. Mallott, Mr. Berger and Mr. Solt each satisfy the standards for an "audit committee financial expert," as defined by applicable SEC rules. Each member of the Audit Committee is "financially literate," as required by NYSE rules.

The functions of the Audit Committee are further described in its charter, which is available in the Investor Relations section of our website (www.biglots.com) under the "Corporate Governance" caption. A copy may also be obtained, without charge, upon written request to our Corporate Secretary. The Audit Committee met eight times during fiscal 2007.

- 5 -

Compensation Committee

The Compensation Committee discharges the responsibilities of the Board relating to the administration of our compensation programs, including the compensation program for the members of our executive management committee ("EMC"). The EMC is currently comprised of 11 employees — the five executives named in the Summary Compensation Table ("named executive officers") and all other executive vice presidents and senior vice presidents.

The Compensation Committee is involved in establishing our general compensation philosophy, overseeing the development of our compensation programs, reviewing and recommending to the Board the compensation for the EMC members, administering our equity-based compensation plans, and reporting on the entirety of the executive compensation program to the Board. All members of the Compensation Committee are independent as required by the Committee's charter and NYSE rules.

The functions of the Compensation Committee are further described in its charter, which is available in the Investor Relations section of our website (www.biglots.com) under the "Corporate Governance" caption. A copy may also be obtained, without charge, upon written request to our Corporate Secretary. The Compensation Committee met 12 times during fiscal 2007.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee is responsible for recommending individuals to the Board for nomination as members of the Board and its committees and taking a leadership role in shaping our corporate governance policies and practices, including recommending to the Board changes to our Corporate Governance Guidelines and monitoring compliance with such guidelines. All members of the Nominating/Corporate Governance Committee are independent as required by the Committee's charter and NYSE rules.

The functions of the Nominating/Corporate Governance Committee are further described in its charter, which is available in the Investor Relations section of our website (www.biglots.com) under the "Corporate Governance" caption. A copy may also be obtained, without charge, upon written request to our Corporate Secretary. The Nominating/Corporate Governance Committee met four times during fiscal 2007.

The Corporate Governance Guidelines, which comply with NYSE rules, can be found in the Investor Relations section of our website (www.biglots.com) under the "Corporate Governance" caption. A copy may also be obtained, without charge, upon written request to our Corporate Secretary.

Presiding Member of the Board

The Board has a presiding director whose primary responsibility is to preside over executive sessions of the Board in which management directors and other members of management are not present. The role of presiding director is rotated among the independent, non-management directors ("outside directors"). The presiding director is responsible for establishing an agenda for the session over which he or she presides and, upon the conclusion of an executive session of the Board, meeting with our chief executive officer ("CEO") to address the matters discussed during the executive session.

Determination of Director Independence

Pursuant to the Corporate Governance Guidelines, the Board undertook its most recent annual review of director independence in March 2008. During this annual review, the Board considered all transactions and relationships between each director, his or her affiliates, and any member of his or her immediate family, on one hand, and Big Lots, its subsidiaries and members of senior management, on the other hand. The purpose of this review was to determine whether any such transactions or relationships were inconsistent with a determination that the director is independent in accordance with NYSE rules.

As a result of this review, the Board affirmatively determined that, with the exception of Mr. Fishman, all of the directors nominated for election at the Annual Meeting are independent of Big Lots, its subsidiaries and its management under the standards set forth by NYSE rules and no director nominee has a material relationship with Big Lots, its subsidiaries or its management aside from his or her service as a director. Mr. Fishman is not an independent director due to his employment with Big Lots.

- 6 -

In determining that each of the directors other than Mr. Fishman is independent, the Board considered that, in the ordinary course of business, transactions may occur between Big Lots or its subsidiaries and companies at which some of our directors are or have been executive officers. In each such case, the amount of any transactions with these companies in each of the last three years did not approach the disqualifying thresholds set forth in the NYSE rules. The Board also considered charitable contributions to not-for-profit organizations of which our directors or immediate family members are executive officers or directors, none of which approached the disqualifying thresholds set forth in the NYSE rules. The Board determined that each of the transactions and relationships it considered was immaterial and did not impair the independence of any of the directors.

Selection of Nominees by the Board

The Nominating/Corporate Governance Committee has oversight over a broad range of issues surrounding the composition and operation of the Board. The Nominating/Corporate Governance Committee is responsible for recommending to the Board the appropriate skills and qualifications required of Board members, based on our needs from time to time. The Nominating/Corporate Governance Committee also evaluates prospective director nominees against the standards and qualifications set forth in the Corporate Governance Guidelines. Although

the Nominating/Corporate Governance Committee has not approved any specific minimum qualifications that must be met by a nominee for director recommended by the Committee, the Committee does consider factors such as the prospective nominee's relevant experience, character, intelligence, independence, commitment, judgment, prominence, diversity, age, and compatibility with our CEO and other members of the Board. The Nominating/Corporate Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, and the need for committee expertise. The Nominating/Corporate Governance Committee confers with the Board as to the criteria it intends to apply before the search for a new director nominee is commenced.

In identifying potential candidates for Board membership, the Nominating/Corporate Governance Committee considers recommendations from the Board, shareholders and management. A shareholder who wishes to recommend a prospective director nominee to the Board must send written notice to: Chair of the Nominating/Corporate Governance Committee, Big Lots, Inc., 300 Phillipi Road, Columbus, Ohio 43228. The written notice must include the prospective nominee's name, age, business address, principal occupation, ownership of our common shares, information that would be required under the rules of the SEC in a proxy statement soliciting proxies for the election of such prospective nominee as a director, and any other information that is deemed relevant by the recommending shareholder. Shareholder recommendations that comply with these procedures and that meet the factors outlined above will receive the same consideration that the recommendations of the Board and management receive.

Pursuant to its written charter, the Nominating/Corporate Governance Committee has the authority to retain consultants and search firms to assist in the process of identifying and evaluating director candidates and to approve the fees and other retention terms for any such consultant or search firm. No such firm was retained in connection with the selection of the director nominees proposed for election at the Annual Meeting.

After completing the evaluation of a prospective nominee, the Nominating/Corporate Governance Committee may make a recommendation to the Board that the targeted individual be nominated by the Board, and the Board then decides whether to approve a nominee after considering the recommendation and report of the Nominating/Corporate Governance Committee. Any invitation to join the Board is extended to a prospective nominee through the chair of the Nominating/Corporate Governance Committee and our CEO, after approval by the Board.

Code of Business Conduct and Ethics & Code of Ethics for Financial Professionals

We have a Code of Business Conduct and Ethics, which is applicable to all of our directors and employees, including our principal executive officer, our principal financial officer, and our principal accounting officer. We also have a separate Code of Ethics for Financial Professionals which is applicable to our CEO and all other senior financial officers, as that term is defined therein. Both the Code of Business Conduct and Ethics and the

Code of Ethics for Financial Professionals are available in the Investor Relations section of our website (www.biglots.com) under the "Corporate Governance" caption. A copy may also be obtained, without charge, upon written request to our Corporate Secretary. We intend to post amendments to or waivers from any applicable provision (related to elements listed under Item 406(b) of Regulation S-K) of the Code of Business Conduct and Ethics and the Code of Ethics for Financial Professionals (in each case, to the extent applicable to our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions), if any, at this location on our website.

Related Person Transactions

The Board and the Nominating/Corporate Governance Committee have the responsibility for monitoring compliance with our corporate governance policies, practices and guidelines applicable to our directors, nominees for director, officers and employees. The Board and the Nominating/Corporate Governance Committee have also enlisted the assistance of our General Counsel and human resources management to fulfill this duty.

The Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for Financial Professionals, and various human resources policies prohibit, without the consent of the Board or the Nominating/Corporate Governance Committee, directors, officers and employees from engaging in transactions that conflict with our interests or that otherwise usurp corporate opportunities.

In addition, on an annual basis, each director, nominee for director and executive officer is obligated to complete a questionnaire which requires disclosure of any transaction in which Big Lots was or is to be a participant in which the director, nominee or executive officer, or any member of his or her immediate family, had or will have a direct or indirect material interest. These questionnaires are reviewed by the Nominating/Corporate Governance Committee and our General Counsel to identify any potential conflicts of interest or other transactions that the Board should review in light of the SEC rules regarding the disclosure of related person transactions, as well as the Corporate Governance Guidelines, the Code of Business Conduct and Ethics, the Code of Ethics for Financial Professionals, and various human resources policies. Based on our most recent review in the first quarter of fiscal 2008, we believe that no such disclosure is required under SEC rules.

As necessary, the Board also reviews proposed transactions in which we and any other related person (e.g., a holder of more than five percent of our common shares) are participants. In fiscal 2007, the Board reviewed and approved a structured share repurchase transaction and other share repurchase transactions with Goldman Sachs & Co., an affiliate of Goldman Sachs Asset Management, L.P., who was, at the time of our entry into such transactions, believed by us to be the beneficial owner of more than five percent of our common shares. In connection with these transactions, which were part of two publicly-announced common share repurchase programs totaling \$750 million, we paid \$100 million to Goldman Sachs & Co. in exchange for our common shares under the structured share repurchase transaction and three cents per share as a broker's trading commission in connection with \$575 million of other share repurchase transactions.

DIRECTOR COMPENSATION

Retainers and Fees

Under the Big Lots, Inc. Non-Employee Director Compensation Package established by the Board, each outside director is compensated for Board and committee participation. The retainers and fees for outside directors in fiscal 2007 consisted of: (i) an annual retainer of \$45,000; (ii) an additional annual retainer of \$10,000 for the chair of the Audit Committee; (iii) an additional annual retainer of \$5,000 for the chairs of the Compensation Committee and the Nominating/Corporate Governance Committee; (iv) \$1,500 for each Board meeting attended in person; (v) \$1,000 for each committee meeting attended in person; (vi) \$500 for each Board or committee meeting attended telephonically; and (vii) the ability to nominate a charity to receive a donation of up to \$10,000 from us. During fiscal 2007, Messrs. Berger, Berman, Kollat, Mallott, Solt, Tener and Tishkoff, and Ms. Lauderback qualified as outside directors and, thus, received compensation for their Board service. Due to his employment with us, Mr. Fishman did not qualify as an outside director and did not receive compensation for his service as a director. The compensation received by Mr. Fishman as an employee is shown in the Summary Compensation Table included in this Proxy Statement.

Stock Options

In addition to the retainers and fees, outside directors receive an annual stock option grant under the Big Lots, Inc. Amended and Restated Director Stock Option Plan (the "Director Stock Option Plan"). The number of common shares available under the Director Stock Option Plan initially consisted of the original allocation of 500,000 common shares (781,250 common shares as adjusted to account for the five-for-four stock splits which occurred in December 1996 and June 1997). The Director Stock Option Plan is administered by the Compensation Committee. Neither the Board nor the Compensation Committee exercises any discretion in administering the Director Stock Option Plan, and the administration performed by the Compensation Committee is ministerial in nature. A formula set forth in the Director Stock Option Plan provides for an automatic annual grant of stock options to each outside director. The formula which governs the grant of stock options to eligible participants may be amended by the Board, but not more frequently than once in any six-month period. Under the current formula, each outside director is granted annually an option to acquire 10,000 of our common shares at an exercise price equal to the closing price of our common shares on the NYSE on the grant date.

- 9 -

During fiscal 2007, each of the outside directors received an option to acquire 10,000 of our common shares pursuant to the Director Stock Option Plan. These stock options automatically terminate 10 years and one month following the grant date and become exercisable over three years beginning upon the first anniversary of the grant date — 20% of the common shares on the first anniversary, 60% on the second anniversary, and 100% on the third anniversary.

If Proposal Two is approved by our shareholders, the common shares remaining available for issuance under the Director Stock Option Plan will not be used and future equity awards to outside directors will be made under the 2005 Incentive Plan.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who beneficially own more than 10% of our outstanding common shares, to file with the SEC and the NYSE initial reports of ownership and reports of changes in ownership of our common shares. Executive officers, directors and greater than 10% shareholders are required by the regulations of the SEC to furnish us with copies of all Section 16(a) reports they file. Based solely upon a review of the Section 16(a) reports filed on behalf of these persons with the SEC and written representations that no other reports were required, we believe that all of our directors and executive officers and greater than 10% shareholders complied during fiscal 2007 with the reporting requirements of Section 16(a) of the Exchange Act.

Compensation Discussion and Analysis

Overview of Our Executive Compensation Program

Philosophy and Objectives

We believe it is important to provide competitive compensation in order to attract and retain talented executives to lead our business. We also believe an executive compensation program should encourage high levels of corporate and individual performance by motivating executives to continually improve our business in order to promote sustained profitability and enhanced shareholder value. This philosophy drives our executive compensation program.

Consistent with our philosophy, each of the named executive officer's total compensation varies based on his or her leadership, performance, experience, responsibilities and the achievement of financial and business goals. To achieve responsiveness between executive compensation and shareholder interests, the value of bonus opportunities and equity awards depends upon our financial performance and the price of our common shares. As a named executive officer's level of responsibility increases, he or she has a more significant amount of compensation at risk through bonus and equity compensation.

The Board and the Compensation Committee of the Board (which we refer to as the "Committee" throughout this CD&A) periodically consider the merits of our philosophy and factors that may influence a change in our philosophy. The Committee has also identified the following key objectives for our executive compensation program:

- *Attract and retain executives by paying them competitive amounts and offering elements of compensation that are consistent with most companies in our peer group.*

We have been able to attract and retain quality executives in recent years by providing candidates and existing executives with competitive compensation packages. We believe a key factor in attracting and retaining qualified executives is to provide total compensation that meets or exceeds the total compensation paid by companies with whom we compete for talent and are similar ("peer group"). In addition, we believe most executives who consider changing employers expect the same types of compensation elements as are provided by our peer group and/or his or her current employer. While we do not generally structure our executive compensation program to be competitive with employers outside of our peer group (though we may do so in order to attract a particular candidate that we believe is well-suited for our business), we do believe it is necessary to offer candidates elements of

- 14 -

compensation consistent with other companies within our peer group. We believe the amounts and elements of compensation that we offer are comparable with most companies in our peer group. If we fail to offer competitive amounts and elements of compensation to candidates and our executives, we believe our ability to attract and retain a high level of executive talent would be impaired.

Each of the elements of compensation serves a different role in attracting and retaining executives. Salary serves as a short-term retention tool. Bonus under the Big Lots 2006 Bonus Plan ("2006 Bonus Plan") is based on annual corporate financial performance, and is designed primarily to retain executives on a year-to-year basis. Stock options issued under the 2005 Incentive Plan vest over four years in prorated annual increments, and provide executives with an incentive to remain with us through the seven year term of the stock option. Restricted stock, which generally vests only if we meet a threshold corporate financial goal ("first trigger") and then either we meet a higher corporate financial goal ("second trigger") or five years lapse, encourages retention for up to five years, with the period being reduced if we are performing at a high level. While we believe the personal benefits and perquisites offered to

executives are immaterial in amount, we believe that the executives' perceived value of these benefits, and the convenience of having these benefits when faced with the demands of their positions, makes them a meaningful component of our compensation program.

- *Motivate executives to contribute to our success and reward them for their performance.*

We use the bonus and equity components of our executive compensation program as the primary tools to motivate our executives to continually improve our business in order to promote sustainable profitability and enhanced shareholder value. While we work to achieve the corporate financial goals set by our Board each year, we also want to provide meaningful incentives to exceed those goals. We believe creating a culture where our executives are constantly striving to exceed expectations will benefit the strength of our business and, ultimately, our shareholders.

For an executive to earn a bonus under the 2006 Bonus Plan, we must achieve a minimum amount of corporate performance established by the Committee at a time when that amount of performance is substantially uncertain. Though bonuses will be paid for years in which we meet minimum or targeted corporate performance amounts, our executives also have an opportunity to earn up to double the amount of their target bonus compensation if we exceed targeted corporate performance amount. Conversely, if we do not meet the minimum corporate performance amount, executives do not receive a bonus under the 2006 Bonus Plan. We believe this structure is essential to inspire executives to not only meet the goals we set, but to surpass those goals.

Restricted stock granted to executives under the 2005 Incentive Plan is a full value award. Accordingly, we believe it is appropriate to require that at least a threshold corporate financial goal (i.e., the first trigger) be met before restricted stock issued under the 2005 Incentive Plan may vest. We believe this has the effect of encouraging positive performance, while protecting our other shareholders from being diluted in the absence of our performance. As discussed above, restricted stock awarded to our executives vests on an accelerated basis if we achieve the second trigger. The second trigger is established when the award is made, and is typically based on a projected multi-year operating plan. Consequently, while the restricted stock awarded to our executives may vest after several years if we repeatedly perform in line with our goals, our executives have an incentive to meet or exceed those goals at a faster rate in order to accelerate the vesting of their restricted stock.

- *Align executive compensation with shareholder interests.*

We pay bonuses to executives under the 2006 Bonus Plan only if we meet or exceed corporate performance objectives. Stock options awarded under the 2005 Incentive Plan are valuable only if the market price of our common shares increases over the exercise price during the period in which the stock options may be exercised. Restricted stock awarded under the 2005 Incentive Plan vests only if we achieve a threshold corporate performance goal (i.e., the first trigger), and the value is determined by the market price of our common shares. The realization and value of each of these elements of compensation is dependent upon our performance, appreciation in shareholder value, or both.

- 15 -

As evidenced by the fact that 78.2% and 67.2% of the total compensation earned by the named executive officers in fiscal 2007 and fiscal 2006, respectively, was derived from bonuses, stock options and restricted stock, we believe the compensation program for our executives is closely aligned with the interests of our shareholders. Additionally, as an executive's level of responsibility increases, so too does the percentage of his or her total compensation that is at risk through these forms of incentive compensation. Relative to the executive's total compensation in fiscal 2007, Mr. Fishman's percentage at risk was 86.6%, while the average of the other named executives officers was 67.1%. In fiscal 2006, Mr. Fishman's percentage at risk was 75.6%, while the average of the other named executives officers was 59.3%. See the Summary Compensation Table following this CD&A for the amounts earned by the named executive officers in fiscal 2007 and fiscal 2006.

- *Manage executive compensation costs.*

As we discuss in greater detail in the "Comparative Compensation Data" section of this CD&A, we compare the compensation paid to our executives with the compensation paid to similarly-situated executives at companies within our peer group. While this comparison is not a determinative factor for setting compensation for our executives, we believe our review of the peer group data supports our belief that we do not overpay our executives and we are effective at managing our executive compensation costs.

- *Focus on corporate governance.*

Although the compensation committee at some companies makes all compensation decisions with respect to their executives, we believe it is consistent with best practices in corporate governance to reach a consensus among all outside directors when setting executive compensation each year. While the Committee takes the lead in formulating executive compensation, we believe seeking the approval of our five additional outside directors before finalizing annual executive compensation provides an additional check on the appropriateness of the amounts awarded.

Elements of In-Service Executive Compensation

The primary compensation components for the named executive officers during their respective terms of employment consist of salary, bonus opportunities under the 2006 Bonus Plan, and equity awards made under the 2005 Incentive Plan. In addition, the named executive officers are entitled to certain personal benefits and perquisites. We believe each of these elements and the mix of elements is necessary to provide a competitive executive compensation program, and is consistent with our compensation philosophy and furthers our compensation objectives.

The Committee reviews each element at least annually. Individual and corporate performance directly impacts the elements and amount of compensation paid to our named executive officers. For instance, a named executive officer's failure to meet individual goals may lead to a reduction in his or her compensation, a failure to receive equity awards, or the termination of his or her employment. Conversely, excellent corporate performance may lead to greater bonus payouts and, possibly, to the achievement of financial goals that accelerate restricted stock vesting. The Committee and the other outside directors also have discretion, subject to the limitations contained in our bonus and equity plans and the executives' employment agreements, in setting named executive officers' salary, bonus opportunities and equity awards.

- *Salary*

Salary is cash compensation and is established annually for each named executive officer. A minimum salary for each named executive officer is set forth in his or her respective employment agreement, as described below.

- *Bonus*

Each named executive officer has the opportunity to earn an annual cash bonus under the 2006 Bonus Plan. Bonus payouts correspond to a percentage of each named executive officer's salary ("payout percentage") and are based on whether we achieve certain corporate performance amounts under one or more financial measures. The corporate performance amounts and financial measures are set annually

- 16 -

at the discretion of the Committee and the other outside directors in connection with the Board's approval of our annual corporate operating plan, subject to the terms of the 2006 Bonus Plan and the named executive officers' employment agreements.

The lowest level at which we will pay a bonus under the 2006 Bonus Plan is referred to as the "floor." The level at which we target our performance and the payout under the 2006 Bonus Plan is referred to as the "target." The maximum level at which we will pay a bonus under the 2006 Bonus Plan is referred to as the "stretch." If our performance in a fiscal year exceeds the minimum corporate performance amount that earns a floor bonus, there is a corresponding increase in the amount of the bonus (up to a maximum at the stretch bonus level). However, a bonus is not paid under the 2006 Bonus Plan if we do not achieve at least the minimum corporate performance amount. Bonuses paid to the named executive officers under

the 2006 Bonus Plan are considered [Non-Equity Incentive Plan Compensation] in the Summary Compensation Table. See the [Bonus and Equity Plans] disclosure that follows the Summary Compensation Table for more information concerning the 2006 Bonus Plan.

- *Equity*

All equity awards granted to the named executive officers since January 1, 2006 have been issued under the 2005 Incentive Plan. Although the 2005 Incentive Plan allows various types of equity awards to be issued, we have granted only stock options and restricted stock under the 2005 Incentive Plan. The stock options vest based on the passage of time. The restricted stock vests based on the achievement of the first trigger and then the achievement of the second trigger, the passage of time, or the executive's death or disability. See the [Bonus and Equity Plans] disclosure that follows the Summary Compensation Table for more information concerning the 2005 Incentive Plan and the terms under which we have made equity awards.

- *Personal Benefits/Perquisites*

While it is possible that other personal benefits and perquisites may be offered to named executive officers during the course of the year, the following are the personal benefits and perquisites that are generally provided only to employees at or above the vice president level: (i) coverage under the Big Lots Executive Benefit Plan ([Executive Benefit Plan]); (ii) enhanced long-term disability insurance coverage; and (iii) use of an automobile or payment of an automobile allowance. We believe that these personal benefits and perquisites, though immaterial to us in amount, are an important element of total compensation provided to our executives because of the value our executives place on these benefits and the convenience of having these benefits when faced with the demands of their positions. The Committee evaluates and determines the personal benefits and perquisites received by named executive officers during its annual review of the named executive officers' total compensation.

We offer most full-time employees medical and dental benefits under the Big Lots Associate Benefit Plan ([Benefit Plan]). We also offer the named executive officers the opportunity to participate in the Executive Benefit Plan, which reimburses executives for health-related costs incurred but not covered under the Benefit Plan, up to an annual maximum reimbursement of \$40,000 per family. Amounts received by named executive officers under the Executive Benefit Plan are treated as taxable income, and we reimburse each executive the approximate amount of his or her income tax liability relating to the benefits received under the Executive Benefit Plan.

We also offer short-term disability coverage to most employees and long-term disability coverage to all salaried employees. For the named executive officers, the benefits provided under the long-term disability plan are greater than for employees below the level of vice president. Under the long-term disability coverage, a named executive officer may receive 67% of his or her monthly salary, up to \$25,000 per month, until the executive is no longer disabled or turns age 65, whichever occurs earlier. We also pay the premiums for this long-term disability coverage and the amount necessary to hold the named executive officer harmless from the income taxes resulting from such premium payments.

All employees at or above the level of vice president have the option of the use of an automobile or accepting a monthly allowance. The value of the automobile and the amount of the allowance varies based on the employee's level.

- 17 -

Employment Agreements

Each named executive officer is party to an employment agreement with us. The terms of the employment agreements are substantially similar and are described collectively herein except where their terms materially differ.

We entered into the employment agreements because the agreements, in exchange for minimum salary levels and target and stretch bonus payout percentages, potential severance and change in control payments and other

consideration, provide us with several protections, including non-competition, confidentiality, non-solicitation and continuing cooperation provisions, as discussed below. Further, we believe it is in our best interests and the best interests of our shareholders to enter into these employment agreements to assure the undivided loyalty and dedication of the named executive officers.

Each employment agreement, including the minimum salary levels and target and stretch bonus payout percentages set forth therein, was negotiated with the executive. In those negotiations, we considered many factors, including:

- our need for the executive;
- the skills and past and anticipated future performance of the executive;
- the degree to which we believe the executive will be able to help improve our business;
- the compensation being paid to similarly-situated executives at peer group companies;
- to the extent applicable, the other elements of compensation being offered to the executive and the amount of compensation being paid to the executive by another employer;
- the relationship between the compensation being offered to the executive and that being paid to the other EMC members; and
- our perception of our bargaining power and the executive's bargaining power.

Under the terms of their employment agreements, the named executive officers are each entitled to receive at least the following salaries, which amounts are not subject to automatic increases: Mr. Fishman: \$960,000; Mr. Cooper: \$350,000; Mr. Waite: \$405,000; Mr. Martin: \$450,000; and Ms. Bachmann: \$325,000. The terms of each named executive officer's employment agreement establishes the smallest payout percentages that may be set annually for his or her target and stretch bonus levels. The payout percentages set by the employment agreements for target bonus and stretch bonus, respectively, are as follows (expressed as a percentage of the executive's salary): Mr. Fishman: 100% and 200%; Mr. Cooper: 50% and 100%; Mr. Waite: 60% and 120%; Mr. Martin: 60% and 120%; and Ms. Bachmann: 50% and 100%.

Upon entry into the employment agreements, these salaries and payout percentages were commensurate with each named executive officer's job responsibilities, overall individual performance, experience, qualifications, and salaries and payout percentages provided to similarly-situated executives at peer group companies. Because the various factors considered when evaluating each named executive officer's salary and bonus opportunity change, the Committee reviews the salaries and payout percentages annually and adjustments are made if warranted. See the "Salary for Fiscal 2007" and "Bonus for Fiscal 2007" sections of this CD&A for a discussion of the salaries and payout percentages for the named executive officers for fiscal 2007.

Each employment agreement requires the named executive officer to devote his or her full business time to our affairs and prohibits the named executive officer from competing with us during his or her employment. Mr. Fishman's employment agreement includes several restrictive covenants that survive the termination of his employment, including confidentiality (infinite), non-solicitation (two years), non-competition (one year, but reduced to six months following a change in control), continuing cooperation (three years), and non-disparagement (infinite). Mr. Cooper's employment agreement includes several restrictive covenants and agreements that survive the termination of his employment, including confidentiality (infinite), non-solicitation of employees and vendors (two years), non-competition (one year, but reduced to six months following a change in control), continuing cooperation (infinite), and non-disparagement (infinite). The employment agreements with Mr. Waite, Mr. Martin and Ms. Bachmann include several restrictive covenants and agreements that survive the termination of his or her employment, including non-competition (one year), confidentiality (two years) and non-solicitation (two years).

Unless the executive and we mutually agree to amend or terminate his or her employment agreement, its terms will remain unchanged and it will remain effective as long as we employ the executive. The consequences of termination of the employment agreement depend on the circumstances of termination.

Post-Termination and Change in Control Arrangements

The employment agreements with the named executive officers provide for potential severance and change in control payments and other consideration. The terms of these employment agreements were set through negotiation, during which we considered the various factors discussed in the prior section. Our equity compensation plans also provide for the accelerated vesting of outstanding stock options and restricted stock in connection with a change in control.

The severance provisions of the employment agreements are intended to address competitive concerns by providing the executives with compensation that may alleviate the uncertainty of leaving another employer or foregoing other opportunities. The change in control provisions of the employment agreements dictate that the executive receives certain cash payments and other benefits only if there is a change in control and the executive is terminated in connection with the change in control. This "double trigger" is intended to allow us to rely upon the named executive officers' continued employment and objective advice, without concern that a named executive officer might be distracted by the personal uncertainties and risks created by an actual or proposed change in control. These potential benefits provide our named executive officers with important protections that we believe are necessary to attract and retain executive talent.

While the Committee considers the potential payments upon termination or change in control annually when it establishes compensation for the applicable year, this information is not a primary consideration in setting salary or bonus level or awarding equity compensation. We believe that the objectives of attracting and retaining qualified executives and providing incentives for executives to continue their employment with us would not be adequately served if potential payments to a named executive officer upon termination or change in control were a determinative factor in awarding current compensation.

See the "Potential Payments Upon Termination or Change in Control" narrative disclosure and tables following this CD&A for a discussion of compensation that may be paid to the named executive officers in connection with a change in control or the termination of their employment with us.

Retirement Plans

We maintain four retirement plans: (i) a tax-qualified, funded noncontributory defined benefit pension plan ("Pension Plan"); (ii) a non-qualified, unfunded supplemental defined benefit pension plan ("Supplemental Pension Plan"); (iii) a tax-qualified defined contribution plan ("Savings Plan"); and (iv) a non-qualified supplemental defined contribution plan ("Supplemental Savings Plan"). We believe that the Savings Plan and Supplemental Savings Plan are generally commensurate with the retirement plans provided by our competitors and others in our compensation peer group, and that providing these plans allows us to better attract and retain quality executive talent. Participation in the Pension Plan and Supplemental Pension Plan, which we do not believe are material elements of our executive compensation program, is limited to certain employees whose hire date precedes April 1, 1994. See the narrative disclosure accompanying the Pension Benefits and Nonqualified Deferred Compensation tables following this CD&A for a discussion of our retirement plans.

Review of Effectiveness

Annually, the Committee reviews whether our executive compensation program remains effective at satisfying our philosophy and objectives. The Committee reviews the total compensation earned by each EMC member. Total compensation is evaluated in light of numerous objective and subjective factors, including our past and projected future performance, the past and projected future performance of areas of the business for which the executive is responsible, comparative compensation data, and the relationship between total compensation and shareholder return. The Committee also reviews the types of equity awards that we have made historically (i.e., stock options and restricted stock), the trends in equity compensation among our peer group, and the impact that any changes in laws and/or accounting standards may have on our equity awards in determining whether to make adjustments in our executive compensation program.

The Committee takes the lead in establishing executive compensation annually, but seeks approval of compensation decisions from the other outside directors. The Committee believes having all outside directors approve executive compensation is consistent with best practices in corporate governance. The Committee also requests performance evaluations and recommendations on compensation from our CEO, because of his direct knowledge of each other executive's performance and contributions. Additionally, the Committee consults with management and independent compensation consultants to take advantage of their specialized expertise.

The process of evaluating our executives begins at our Board meeting in the second quarter of the fiscal year before compensation adjustments will be made (e.g., in May 2006 for adjustments effective in fiscal 2007) and continues quarterly with updates that our CEO delivers to the outside directors to keep them apprised of the performance of each other EMC member. At our Committee and Board meetings in the first quarter of the fiscal year for which compensation is being set (e.g., in March 2007 for fiscal 2007 compensation), our CEO provides the Committee and the other outside directors with a thorough performance evaluation of each other EMC member and presents his recommendations for their compensation. The Committee also conducts periodic executive sessions to discuss our CEO's performance, with the most detailed evaluation including all outside directors during our first quarter Board meeting.

At its March 2007 meeting, the Committee:

- discussed the continued appropriateness of our executive compensation program, including the underlying philosophy, objectives and policies;
- discussed our CEO's performance, contributions and value to our business;
- considered our CEO's performance evaluations and compensation recommendations for the other EMC members;
- reviewed the comparative compensation data that it received through surveys conducted by its independent compensation consultants;
- analyzed the total compensation earned by each EMC member during the immediately preceding two fiscal years;
- analyzed the potential payments to each EMC member upon termination of employment and change in control events;
- considered the parameters on executive compensation awards established by the terms of the shareholder-approved plans under which bonus and equity compensation may be awarded and existing employment agreements that we have with EMC members;
- prepared its recommendation on the compensation of each EMC member for fiscal 2007;
- determined that a bonus was payable under the 2006 Bonus Plan as a result of corporate performance in fiscal 2006; and
- determined that the first trigger and second trigger for the fiscal 2006 restricted stock awards were each achieved as a result of corporate performance in fiscal 2006.

The Committee then shared its recommendations on EMC members' compensation, including the underlying data and analysis, with the other outside directors for their consideration and approval. At the March 2007 Board meeting, the outside directors discussed with the Committee the form and amount of, and rationale for, the recommended compensation and finalized the compensation awards for the EMC members.

Except where we discuss the specifics of a named executive officer's fiscal 2007 compensation, the evaluation and establishment of the named executive officers' fiscal 2007 compensation was substantially similar. Based on their review of each component of executive compensation separately, and in the aggregate, the Committee and the other outside directors determined that the named executive officers' total compensation for fiscal 2007 was reasonable and not excessive and consistent with our executive compensation philosophy and objectives.

- 20 -

Salary for Fiscal 2007

The salaries paid to the named executive officers for fiscal 2007 are shown in the "Salary" column of the Summary Compensation Table. Annual increases were made in the discretion of the Committee and the other outside directors. Salary adjustments for the named executive officers were generally based upon the factors discussed in this CD&A, with an emphasis on individual and corporate performance and the competitive market. However, salary adjustments were subjectively determined and were not formally tied to specific performance criteria. The Committee has chosen not to adopt any specific schedule of salary increases, and made adjustments to the named

executive officers' respective salaries without regard to adjustments in the salaries of other executives. At its annual review in March 2007, the Committee and the outside directors approved the following fiscal 2007 salaries for the named executive officers: Mr. Fishman: \$1,025,000; Mr. Cooper: \$400,000; Mr. Waite: \$535,000; Mr. Martin: \$500,000; and Ms. Bachmann: \$415,000. These increases reflected strong corporate and individual performance in fiscal 2006.

Bonus for Fiscal 2007

The bonuses paid to the named executive officers for fiscal 2007 are shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. To formulate bonus compensation for the EMC members, the Committee and the other outside directors considered the same information used to set salary and the annual corporate operating plan set by the Board. In March 2007, when the Committee and the other outside directors approved the financial measures and corporate performance amounts applicable to the target and stretch bonus opportunities awarded under the 2006 Bonus Plan, we believed those measures represented strong, but reasonable, levels of performance that would be a challenge to achieve. However, our fiscal 2007 performance exceeded the targeted expectations of the Board, the Committee and management, thus a bonus was earned between the target and stretch levels. The primary aim in setting the goals was to reward 2006 Bonus Plan participants while encouraging strong corporate earnings growth.

The specific financial measures selected by the Committee and the other outside directors for fiscal 2007 bonus determinations were the greatest of: (i) income from continuing operations; (ii) income from continuing operations before extraordinary item and/or cumulative effect of a change in accounting principle (as the case may be); (iii) income before extraordinary item(s); and (iv) net income. Each such measure is adjusted to remove the effect of all equitable adjustments for the unusual or non-recurring events, transactions or accrual items set forth in the 2006 Bonus Plan, and may be further reduced in the Committee's discretion. These financial measures were selected because the Committee and the other outside directors believe they provide a good indication of our profitability, ongoing operating results and financial condition. Of these financial measures, net income was the greatest for fiscal 2007.

The outside directors typically establish corporate performance amounts that are slightly below (for the floor bonus), at or near (for the target bonus), and above (for the stretch bonus) our annual corporate operating plan. Because the outside directors consider the specific circumstances that we expect to face in the coming fiscal year (e.g., year-over-year comparable performance, general economic factors, and performance of the retail sector), the relationship between the corporate performance amounts and our annual corporate operating plan may vary significantly from year to year. The corporate performance amounts set for fiscal 2007 bonuses represent an increase of approximately 192% to 305% over the amounts set for fiscal 2006. We believe this large increase is appropriate in light of our high levels of performance in fiscal 2006, during which we exceeded our stretch bonus corporate performance amount, and our objective to promote sustained profitability while providing objectives that motivate our executives.

The following table reflects the payout percentage for each bonus level and the corporate performance amount required to achieve the corresponding bonus level, with the results for fiscal 2007 noted:

Bonus Level and	Payout Percentage (% of salary)					Corporate Performance Amount
	Mr. Fishman	Mr. Cooper	Mr. Waite	Mr. Martin	Ms. Bachmann	(\$)
2007 Results						
No Bonus	0.0	0.0	0.0	0.0	0.0	0 □ 117,942,999
Floor	50.0	25.0	37.5	30.0	25.0	117,943,000
Target	100.0	50.0	75.0	60.0	50.0	128,814,000
Stretch	200.0	100.0	150.0	120.0	100.0	155,195,000
2007 Results	176.7	88.3	132.5	106.0	88.3	149,038,050

As a consequence of the fiscal 2007 bonus payments, total cash compensation paid to the named executive officers for fiscal 2007 was at or above the median for our peer group. We believe higher than market average total cash compensation is appropriate in light of our fiscal 2007 performance and furthers our objectives to

motivate our executives and reward superior performance.

Equity for Fiscal 2007

The equity awarded to the named executive officers in fiscal 2007 is reflected in the Grants of Plan-Based Awards table. To determine the size of the equity awards for EMC members, the Committee first considered corporate performance to establish the total pool of common shares that would be made available for equity awards to all EMC members collectively. Then, individual performance, the responsibilities of the executive and the comparative compensation data were considered to determine the percentage of the total pool to be granted to each EMC member. This process is intended to ensure that executive equity compensation is commensurate with corporate and individual performance and consistent with our policy that incentive compensation should increase as a percentage of total compensation as the executive's level of responsibility increases.

The fiscal 2007 equity compensation for the named executive officers consisted of non-qualified stock options and restricted stock awards under the 2005 Incentive Plan. The Committee believes that the grant of a significant quantity of stock options and restricted stock to the named executive officers further aligns their interests with the interests of our shareholders and provides us with a significant retention and motivation tool. Consequently, the named executive officers' equity interests in our organization, through stock options and restricted stock, comprise a substantial portion of their compensation and help to align their personal rewards and motivation with our performance and shareholder value.

The stock options awarded to the named executive officers in fiscal 2007 have an exercise price equal to the fair market value of our common shares on the grant date, vest equally over four years, and expire seven years after the grant date. The allocation of stock options to restricted stock was two-to-one for Mr. Fishman and three-to-one for the other named executive officers. The Committee and other outside directors believe this difference is necessary to provide Mr. Fishman with equity compensation that is competitive with the equity compensation awards made to chief executive officers by peer group companies and to further our practice of increasing the percentage of compensation at risk as an executive's level of responsibility increases.

The financial measure applied to the restricted stock awards made in fiscal 2007 was the greater of income per common share □ diluted from continuing operations and income per common share □ diluted from continuing operations before extraordinary item and/or cumulative effect of a change in accounting principle (as the case may be). If neither of these amounts appear on the consolidated statements of operations included in our Form 10-K for the applicable fiscal year, then the financial measure to be used is the greater of income per common share □ diluted before extraordinary item and/or cumulative effect of a change in accounting principle (as the case may be) and income per common share □ diluted as it appears in the Form 10-K for the applicable fiscal year. Each financial measure is adjusted to remove the effect of any gain or loss as a result of litigation or lawsuit settlement that is specifically disclosed, reported or otherwise appears in our periodic filings with the SEC or our annual report to shareholders. These financial measures were selected because the Committee and the other outside directors believe they provide a good indication of our profitability, ongoing operating results and financial condition.

The first trigger selected for the fiscal 2007 restricted stock awards is \$0.25 under the applicable financial measure. Upon attaining the first trigger, the award is eligible to vest under one of three scenarios □ the attainment of the second trigger, the lapsing of five years while remaining continuously employed, or the grantee's death or disability (in which case 20% of the award vests for each consecutive year of employment completed from the grant date to the date of death or disability). The second trigger selected for the fiscal 2007 restricted stock awards is \$1.65 under the applicable financial measure. When the Committee and the other outside directors approved the financial measures and corporate performance amounts applicable to the second trigger in March 2007, we believed those measures represented strong, but reasonable, levels of performance that would be a challenge to achieve. The second trigger for restricted stock awarded in fiscal 2007 was approximately 190% greater than the second trigger for restricted stock awarded in fiscal 2006. We believe this large increase is appropriate in light of our high levels of performance in fiscal 2006, during which we exceeded the second trigger for the restricted stock awarded to executives in February 2006, and our objectives to motivate our executives, reward superior performance and align the interests of our executives and shareholders. While the first trigger was met for the fiscal 2007 restricted stock awards, the second trigger was not.

The CEO, the Committee and the outside directors do not rely solely on predetermined formulas when they evaluate the performance of our executives. The individual performance of the executives is generally measured against the following objective and subjective factors, although the factors considered may vary for each executive and as dictated by business conditions:

- long-term strategic goals;
- short-term business goals;
- profit and revenue goals;
- improving operating margins;
- revenue growth versus the industry;
- earnings-per-share growth;
- continued optimization of organizational effectiveness and productivity;
- leadership and the development of talent; and
- fostering teamwork and other corporate values.

Our CEO, the Committee and the outside directors may each consider different factors and may value the same factors differently. In selecting individual and corporate performance factors for each EMC member and measuring an executive's performance against those factors, our CEO, the Committee and the other outside directors also consider the performance of our competitors and general economic and market conditions. None of the factors are assigned a specific weight. Instead, our CEO, the Committee and the other outside directors recognize that the relative importance of these factors may change in order to adapt our operations to specific business challenges and to reflect the changing economic and marketplace conditions. So although the Committee and the other outside directors consider our CEO's recommendations, the Committee and the outside directors may not follow, and are not bound by, our CEO's recommendations on executive compensation.

Impact of Performance on Compensation

As illustrated by our executive compensation philosophy and objectives, we are committed to tying corporate performance to a substantial portion of our executive compensation program. While we cannot control the market price of our common shares, we strive to provide strong results that may lead to increased shareholder value. Additionally, the Committee believes it is in our best interests and the best interests of our shareholders to require that we achieve certain corporate performance metrics in order for EMC members to receive bonus and restricted stock awards so that we can preserve the deductibility of such awards under Section 162(m) of the Internal Revenue Code, as amended (IRC). As is illustrated by the performance metrics and goals described above, we believe that performance and compensation are tightly tied.

Role of Management

Our CEO's role in determining executive compensation is significant and it is discussed throughout this CD&A. Additionally, our CEO and the Committee consult with management from our human resources, finance and legal departments regarding the design and administration of our compensation programs, plans and awards for executives and directors. These members of management provide advice regarding the competitive nature of existing and proposed compensation programs and the impact of accounting rules, laws and regulations on existing and proposed compensation programs. Management from our human resources, finance and legal departments may also act pursuant to delegated authority to fulfill various functions in administering our employee benefit and compensation plans. Such delegation is permitted by the Committee's charter and each such plan. Those groups to whom the Committee has delegated certain responsibilities are each required to periodically report their activities to the Committee.

Our CEO and some of these members of management attend general meetings of the Committee, and the CEO participates in the Committee's discussions regarding the compensation of the other EMC members. However, these individuals do not participate in executive sessions of the Committee or when executive compensation determinations are made by the Committee and the other outside directors.

- 23 -

Independent Compensation Consultant

Pursuant to the authority granted to the Committee by its charter, the Committee retains independent compensation consultants and subscribes to executive compensation surveys as it deems necessary. The surveys

are also shared with our human resources department. In establishing executive compensation for fiscal 2007, the Committee did not retain a compensation consultant for specialized advice, but did subscribe to multiple compensation surveys. As discussed below, the Committee engaged Watson Wyatt Worldwide (¶Watson Wyatt¶) in May 2007 to provide information and services that first impacted our executive compensation program in fiscal 2008. Aside from completing work at the direction of the Committee, Watson Wyatt did not provide any other services for us during fiscal 2007.

Comparative Compensation Data

One tool that the Committee uses to make executive compensation decisions is data regarding the compensation paid to executives at peer group companies. For fiscal 2007, the Committee obtained from independent compensation consultants executive compensation surveys of selected Standard & Poor¶s Retail Stores Index companies and other companies with whom we compete for talent and whose revenues or operations are similar to ours. The peer group varies from year to year based on the Committee¶s assessment of which companies compete with us for talent and are similar to us in terms of industry or revenues and which companies participate in the compensation surveys that we receive from independent compensation consultants.

The Committee and our human resources department reviewed each EMC member¶s responsibilities and mapped, where possible, the compensation of each executive to data that represents the compensation awarded to similarly-situated executives at peer group companies. The Committee compared the total direct compensation levels for our EMC members to the total direct compensation of similarly situated executives within the peer group. For purposes of this evaluation, total direct compensation is comprised of salary, bonus at the targeted level and equity awards.

While we often award total direct compensation in the range of the 50th to 75th percentile of total direct compensation paid by the peer group, this range is not the sole determinative factor for setting our executives¶ compensation. Rather, we believe that the application of this range provides a point of reference for measurement while retaining the flexibility necessary to make adjustments for performance and experience, to attract, retain and motivate top talent, and to reward executives who we believe excel or take on greater responsibility than executives at peer group companies.

Tally Sheets and Wealth Accumulation

The Committee reviewed tally sheets that set forth the total compensation awarded to each EMC member for the immediately preceding two fiscal years, as well as estimated post-employment and change in control compensation that may be payable to such executives. The purpose of the tally sheets is to consolidate all elements of actual and projected compensation for our executives, so the Committee may analyze the individual elements of compensation, the mix of compensation, and the total amount of actual and projected compensation. With this information, the Committee determined that the compensation awarded to our executives is reasonable and consistent with our executive compensation philosophy and objectives.

These tally sheets also included an estimate of the amount of total value accumulated, and total value that will be accumulated, by each EMC member through prior equity awards (assuming employment continues, awards vest and the market price of our common shares fluctuates through the life of the awards). While the Committee considered the accumulated total value as a factor in setting fiscal 2007 compensation, this information was not a primary consideration. The Committee believes that its objectives of motivating executives to achieve short-term and long-term goals, rewarding executives for achieving those goals, and providing incentives for executives to continue their employment with us would not be adequately served if the accumulated total value of an EMC member's equity awards was a determinative factor in awarding future compensation.

Internal Pay Equity

In the process of reviewing each component of executive compensation separately and in the aggregate, the Committee directed our human resources department to prepare an internal pay equity analysis comparing the relative compensation between the CEO and the other EMC members. This analysis was considered to ensure that our executive compensation program is internally consistent and equitable, both of which we believe promote executive retention and motivation. The comparison included all components of compensation. Prior to hiring

- 25 -

Mr. Fishman in 2005, the relative difference between the compensation of our CEO and the compensation of our other named executive officers had not increased significantly over the years. While Mr. Fishman's compensation package increased the relative difference between the compensation of our CEO and our other named executive officers, the Committee believes that the increased disparity is appropriate and was and remains necessary to attract, retain and motivate a chief executive with Mr. Fishman's experience. No significant change in our internal pay equity occurred in fiscal 2007.

Equity Grant Timing

Pursuant to the terms of the 2005 Incentive Plan, the grant date of equity awards must be the later of the date the terms of the award are established by corporate action or the date specified in the award agreement. In fiscal 2007, the outside directors, after consultation with the Committee, specified that the grant date of the equity awards made in connection with the annual performance reviews of the EMC members was the second trading day following our release of results from the last completed fiscal year. This future date was established to allow the market to absorb and react to our release of material non-public information, and to avoid even the appearance that the Board, the Committee or any employee manipulated the terms of the equity awards. For equity awards made throughout the fiscal year, generally as a result of a hiring or promotion, the grant date is the date of the related event (i.e., the first day of employment or effective date of promotion). We have no policy of timing the grant date of these mid-year equity awards to coordinate with the release of material non-public information, and we have not timed the release of material non-public information for the purpose of affecting the value of any equity awards.

Tax and Accounting Considerations

The Committee reviews and considers the impact that tax laws and accounting regulations may have on the executive compensation awards, including the deductibility of executive compensation under Section 162(m) of the IRC (Section 162(m)). In doing so, the Committee relies on guidance from members of our finance and legal departments, as well as outside accountants and attorneys.

Section 162(m) generally limits the tax deductions for compensation expense in excess of \$1 million paid to our CEO and our three other highest compensated executives (excluding the principal financial officer). Compensation in excess of \$1 million may be deducted if it is performance-based compensation within the meaning of Section 162(m). We believe that compensation paid under our equity and bonus compensation plans is generally fully deductible for federal income tax purposes. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for our executives. When considering whether to award compensation that will not be deductible, the Committee compares the cost of the lost deduction against the competitive market for executive talent and our need to attract, retain and motivate the executive, as applicable.

For fiscal 2007, the Committee believes it has taken the necessary actions to preserve the deductibility of all payments made under our executive compensation program, with the exception of a portion of the compensation paid to Mr. Fishman. If the IRC or the related regulations change, the Committee intends to take reasonable steps to ensure the continued availability of deductions for payments under our executive compensation program, while at the same time considering our executive compensation philosophy and objectives and the competitive market for executive talent.

Our Executive Compensation Program for Fiscal 2008

Review of Our Executive Compensation Program

The Committee engaged Watson Wyatt in May 2007 to provide research, comparative compensation data and executive compensation program design expertise. Throughout this engagement, Watson Wyatt has been advising the Committee on all principal aspects of executive compensation, including the competitiveness of program design and awarded values. Changes to our executive compensation program based on the work of Watson Wyatt are first being introduced in fiscal 2008. The primary objectives of this engagement are:

- validating or recommending changes to our executive compensation program;
- obtaining better comparative compensation data by creating a new peer group of companies that are more similarly situated to us;

- 26 -

- comparing the amount and form of executive compensation, including equity compensation, paid to our executives against the compensation paid to similarly-situated executives at companies within the new peer group;
- comparing the amount of compensation paid to our outside directors against the amounts paid to non-employee directors at companies within the new peer group; and
- considering minimum share ownership requirements for executives and outside directors.

After several meetings with Watson Wyatt, we have created a new peer group that is limited to retailers that we believe are more similarly situated to us. When considering the composition of the new peer group, the Committee selected a group of companies that produce median and average financial measures similar to ours. Among the financial measures considered were revenues, market capitalization, cash flows from operations, total assets, net income, earnings per share growth, price-to-earnings ratio, and shareholder return. The following 16 companies comprise the new peer group used to evaluate executive compensation for fiscal 2008:

99 Cents Only Stores	Dick's Sporting Goods	Family Dollar	Pier 1 Imports
Abercrombie & Fitch	Dollar General	Fred's	Radio Shack

Edgar Filing: BIG LOTS INC - Form DEF 14A

Bed Bath & Beyond	Dollar Tree	Jo-Ann Stores	Ross Stores
BJ's Wholesale Club	DSW	Limited Brands	Stein Mart

Based, in part, on a review of comparative compensation data from the new peer group and the recommendations offered by Watson Wyatt, we made changes in the amount of salary awarded for fiscal 2008 and implemented the new share ownership requirements discussed below. Comparative compensation data is not the sole factor in determining executive compensation amounts, and the Committee continues to consider many other factors. While no changes in our equity compensation practices have been made for fiscal 2008 (aside from the new share ownership requirements), the Committee continues to evaluate Watson Wyatt's recommendations related to equity compensation. As a result, executive compensation for fiscal 2008 blends updated salary amounts with an approach to bonus and equity compensation that is consistent with our recent past practices.

Committee and Board Activity in Fiscal 2008

At its meeting in March 2008, the Committee: (i) certified that a bonus was payable for fiscal 2007 under the 2006 Bonus Plan; (ii) reviewed the tally sheets and compensation history for all EMC members; (iii) reviewed an internal pay equity analysis and comparative compensation data from our new peer group; and (iv) formulated its recommendations to the other outside directors for fiscal 2008 executive compensation. The Committee also reviewed drafts of this CD&A and the other compensation disclosures required by the SEC. At the subsequent Board meeting, the Committee recommended, and the outside directors approved, the following fiscal 2008 salaries and equity awards for the named executive officers (with the bonus payout percentages remaining the same as fiscal 2007 for Mr. Fishman, Mr. Waite and Mr. Martin, and being increased by approximately 17% over fiscal 2007 for Mr. Cooper and Ms Bachmann):

Name	Fiscal 2008	Common Shares Underlying	Common Shares Underlying
	Salary (\$)	Stock Option Award (#)	Restricted Stock Award (#)
Mr. Fishman	1,200,000	330,000	165,000
Mr. Cooper	440,000	48,750	16,250
Mr. Waite	550,000	37,500	12,500
Mr. Martin	520,000	37,500	12,500
Ms. Bachmann	440,000	48,750	16,250

New Minimum Share Ownership Requirements

Prior to March 2008, we had encouraged, but not required, any director or executive to own our common shares. We have, however, had a holding period that requires all directors and EMC members to refrain from selling net shares acquired upon any exercise of stock options accelerated in November 2005 until the date on which the stock option would have vested under its original vesting terms or, if earlier, the recipient's death, disability or termination of service.

- 27 -

The Board adopted minimum share ownership requirements for all outside directors and EMC members effective in March 2008. These new requirements are designed to ensure that outside directors' and executives' long-term interests are closely aligned with those of our shareholders. Under the new requirements, the outside directors and EMC members must, at a minimum, own common shares having an aggregate value equal to the following multiple of his or her Board retainer or salary (as is in effect at the time compliance with the requirements is evaluated), as applicable:

Title	Multiple of Retainer or Salary
Director	4x
Chief Executive Officer	4x

Executive Vice President	2x
Senior Vice President	1x

Shares counted toward these requirements include common shares held directly or through a broker, common shares held under the Savings Plan or Supplemental Savings Plan, unvested restricted stock, and vested but unexercised in-the-money stock options. Each existing director will be required to meet the requirements on the date of the 2013 annual meeting of shareholders and at subsequent annual meetings. Each existing EMC member will be required to meet the requirements on the date that adjustments to annual executive compensation are made in 2013 and on subsequent annual adjustment dates. Newly elected directors and newly hired or promoted EMC members will be required to meet the requirements on the first testing date for directors or executives following the fifth anniversary of their election, hire or promotion, as applicable.

-
- (2) The amounts in this column reflect the compensation expense calculated in accordance with FAS 123R for fiscal 2007 and fiscal 2006, disregarding any estimate of forfeitures related to service-based vesting conditions, and may include amounts from stock awards granted in and prior to fiscal 2007 and fiscal 2006 pursuant to the Big Lots, Inc. 1996 Performance Incentive Plan (the "1996 Incentive Plan") and the 2005 Incentive Plan. The FAS 123R compensation expense reflected in this column is based on the number of shares of restricted stock granted and the fair value of the restricted stock on the grant date, and the expense is amortized from the grant date to the estimated vesting date (i.e., the estimated achievement date of the second trigger in the case of performance-based restricted stock). In applying FAS 123R, the estimated achievement date is determined at the time the restricted stock is granted based on historical and forecasted performance of similar measures, and prospective adjustments to the estimated vesting periods are made when performance factors indicate that the estimated achievement date differs from the date being used to amortize expense. On the grant date of the unvested restricted stock awarded in fiscal 2007, we estimated a three-year vesting period for these awards based on the assumed achievement of the second trigger. In the second quarter of fiscal 2007, we changed the estimated achievement date to two years as a result of our performance being better than expected. The amounts in this column also reflect the acceleration of the FAS 123R expense for the performance-based restricted stock granted in fiscal 2006, and restricted stock granted prior to fiscal 2006 that fully vested in fiscal 2007.
- (3) The amounts in this column reflect the compensation expense calculated in accordance with FAS 123R for fiscal 2007 and fiscal 2006, disregarding any estimate of forfeitures related to service-based vesting conditions, and thus may include amounts from option awards granted in and prior to fiscal 2007 and fiscal 2006 pursuant to the 1996 Incentive Plan and the 2005 Incentive Plan. See Note 7 (Share-Based Plans) to the consolidated financial statements and the Critical Accounting Policies and Estimates - Share-Based Compensation section of MD&A in our Form 10-K regarding the assumptions underlying the valuation of stock option awards.
- (4) The amounts in this column reflect cash bonuses earned for fiscal 2007 and fiscal 2006 performance pursuant to the 2006 Bonus Plan. A portion of the cash bonuses earned by Mr. Cooper and Mr. Martin for fiscal 2006 performance and included in this column was deferred into the Supplemental Savings Plan upon the payment of such amounts in fiscal 2007. The Supplemental Savings Plan is described in the narrative disclosure accompanying the Nonqualified Deferred Compensation table below.
- (5) The amounts in this column reflect the actuarial increase in the present value of Mr. Waite's benefits under the Pension Plan and the Supplemental Pension Plan determined from December 31, 2006 to December 31, 2007 and from December 31, 2005 to December 31, 2006, respectively, the plans' measurement dates for financial statement reporting purposes. See Note 8 (Employee Benefit Plans) to the consolidated financial statements and the Critical Accounting Policies and Estimates - Pension section of MD&A in our Form 10-K regarding the interest rate, mortality rate and other assumptions underlying the actuarial calculations.
- (6) For fiscal 2007, the amounts in this column include the following compensation for the named executive officers, as more fully described in the tables included with this footnote:
- i. The reimbursement of taxes related to our payment of healthcare costs covered by the Executive Benefit Plan, long-term disability insurance coverage, and taxable moving expenses;
 - ii. Big Lots matching contributions made pursuant to the Savings Plan and the Supplemental Savings Plan, both of which are described in the narrative disclosure

accompanying the Nonqualified Deferred Compensation table below;

- iii. The reimbursement of healthcare costs covered by the Executive Benefit Plan, which is described in the Overview of our Executive Compensation Program Elements of In-Service Compensation Personal Benefits/Perquisites section of the CD&A;
- iv. Big Lots paid premiums for life insurance, which is generally available to all full-time employees;
- v. Big Lots paid premiums for long-term disability insurance, which is described in the Overview of our Executive Compensation Program Elements of In-Service Compensation Personal Benefits/ Perquisites section of the CD&A; and
- vi. The cost associated with the use of an automobile or the receipt of a cash allowance in lieu of an automobile.

(7) In fiscal 2007, Mr. Fishman and Mr. Waite each received a personal benefit related to a business trip on a corporate aircraft. We reported earnings of \$621 (plus \$449 for tax reimbursement) for both executives on Form W-2 related to such trip, which earnings were calculated in accordance with the Standard Industry Fare Level (SIFL) rate method permitted by the Internal Revenue Service. In fiscal 2006, Mr. Fishman and Mr. Cooper each received a personal benefit related to a business trip on a corporate aircraft. We reported earnings of \$675 (plus \$317 for tax reimbursement) for both executives on Form W-2 related to such trip, which earnings were calculated in accordance with the SIFL rate method. Because we did not incur any aggregate incremental cost in connection with either trip, no related amounts are included in this column.

(8) We purchase tickets to entertainment and sporting venues for the primary purpose of allowing employees to use such tickets in furtherance of our business. Because we incur no incremental cost if a named executive officer uses such tickets for purposes other than our business, such tickets are not included in the amounts included in this column.

- (9) As a percentage of their total compensation, the named executive officers' respective salary and non-equity incentive plan compensation (i.e., bonuses earned under the 2006 Bonus Plan) for fiscal 2007 were as follows: Mr. Fishman: 13.1% and 23.3%; Mr. Cooper: 30.5% and 27.2%; Mr. Waite: 27.4% and 36.5%; Mr. Martin: 33.8% and 36.2%; and Ms. Bachmann: 31.0% and 27.5%. As a percentage of their total compensation, the named executive officers' respective salary and non-equity incentive plan compensation (i.e., bonuses earned under the 2006 Bonus Plan) for fiscal 2006 were as follows: Mr. Fishman: 24.1% and 40.9%; Mr. Cooper: 40.3% and 40.8%; Mr. Waite: 31.7% and 47.8%; Mr. Martin: 38.7% and 46.5%; and Ms. Bachmann: 40.7% and 41.1%.

Bonus and Equity Plans

The amounts reported in the Summary Compensation Table above include amounts earned under the 2006 Bonus Plan and the 2005 Incentive Plan. Below is a description of the material terms of each plan and the awards made under those plans to the named executive officers, as reflected in the Grants of Plan-Based Awards table that follows.

Big Lots 2006 Bonus Plan

The 2006 Bonus Plan provides for cash compensation, which is intended to qualify as "performance based compensation" under Section 162(m), to be paid annually when we meet or exceed minimum corporate performance amounts under one or more financial measures approved by the outside directors at the start of the fiscal year. Whether we will achieve the minimum corporate performance amounts is substantially uncertain at the time the corporate performance amounts and financial measures are selected. No right to a minimum bonus exists, and the Compensation Committee has the discretion to cancel or decrease a bonus (but may not increase a bonus for a covered employee (as that term is used within Section 162(m)) calculated under the 2006 Bonus Plan. Any payments made with respect to a fiscal year are made in the first quarter of the following fiscal year. The bonus awards that may be earned under the 2006 Bonus Plan range from the floor to the stretch bonus payout percentages, and include all amounts in between. The smallest target and stretch bonus payout percentages that may be set annually for the named executive officers are set forth in their respective employment agreements. The floor bonus payout percentage is set annually and has historically been one-half of the target bonus payout percentage. Subject to the terms of the employment agreements, the Compensation Committee and the other

- 30 -

outside directors retain the right to adjust the payout percentages and, in the past, have generally done so as deemed necessary to realign an executive's bonus opportunity with our compensation philosophy. See the "Overview of our Executive Compensation Program" Elements of In-Service Compensation " Bonus," "Overview of our Executive Compensation Program" Employment Agreements" and "Our Executive Compensation Program for Fiscal 2007" Bonus for Fiscal 2007" sections of the CD&A for more information regarding the 2006 Bonus Plan and the awards made under that plan for fiscal 2007.

Big Lots 2005 Long-Term Incentive Plan

Since January 1, 2006, all employee equity awards, including those made to the named executive officers, have been granted under the 2005 Incentive Plan. The 2005 Incentive Plan authorizes the grant of nonqualified stock options ("NQSOs"), incentive stock options, as defined in Section 422 of the IRC ("ISOs"), stock appreciation rights ("SARs"), restricted stock, restricted stock units and performance unit awards, any of which may be granted on a stand-alone, combination or tandem basis. To date, we have granted only stock options and restricted stock under the 2005 Incentive Plan.

Awards under the 2005 Incentive Plan may be made to any salaried employee, consultant or advisor of Big Lots or its affiliates. The number of common shares available for issuance under the 2005 Incentive Plan consists of: (i) an initial allocation of 1,250,000 common shares; (ii) 2,001,142 common shares, the common shares that were available under the 1996 Incentive Plan upon its expiration; and (iii) an annual increase equal to 0.75% of the total number of issued common shares (including treasury shares) as of the start of each fiscal year during which the 2005 Incentive Plan is in effect. Of this number, during the term of the 2005 Incentive Plan, no more than

33¹/₃% of all common shares may be issued in the form of restricted stock, restricted stock units and performance units and no more than 5,000,000 common shares may be issued pursuant to grants of ISOs. A participant may receive multiple awards under the 2005 Incentive Plan. Awards intended to qualify as "performance based compensation" under Section 162(m) are limited to: (i) 2,000,000 shares of restricted stock per participant annually; (ii) 3,000,000 common shares underlying stock options and SARs per participant during any three consecutive calendar years; and (iii) \$6,000,000 cash through performance units per participant during any three consecutive calendar years. Also, the 2005 Incentive Plan provides that the total number of common shares underlying outstanding awards granted under the 2005 Incentive Plan, the 1996 Incentive Plan, the Big Lots, Inc. Executive Stock Option and Stock Appreciation Rights Plan ("ESO Plan"), and the Director Stock Option Plan may not exceed 15% of the Company's issued and outstanding common shares (including treasury shares) as of any date. The 1996 Incentive Plan and the ESO Plan have expired, and there are no awards outstanding under the ESO Plan.

Each stock option granted under the 2005 Incentive Plan allows the recipient to acquire our common shares, subject to the completion of a vesting period and continued employment with us through the applicable vesting date. Once vested, these common shares may be acquired at a fixed exercise price per share and they remain exercisable for the term set forth in the award agreement. Pursuant to the terms of the 2005 Incentive Plan, the exercise price of a stock option may not be less than 100% of the volume-weighted average trading price of our common shares on the grant date or, if the grant date occurs on a day other than a trading day, on the next trading day.

Under the restricted stock grants made pursuant to the 2005 Incentive Plan, if we meet the first trigger and the recipient remains employed by us, the restricted stock will vest at the opening of our first trading window that is five years after the grant date. If we meet the second trigger and the recipient remains employed by us, the restricted stock will vest after we file with the SEC our Annual Report on Form 10-K for the year in which the second trigger is met. The restricted stock will also vest on a prorated basis in the event that the recipient dies or becomes disabled after we meet the first trigger but before the lapse of five years. The restricted stock will be forfeited, in whole or in part, as applicable, if the recipient's employment with us terminates. See the "Our Executive Compensation Program for Fiscal 2007 - Equity for Fiscal 2007" section of the CD&A for more information regarding the equity awards made under the 2005 Incentive Plan in fiscal 2007.

Upon a change in control (as defined in the 2005 Incentive Plan), all awards outstanding under the 2005 Incentive Plan automatically become fully vested. For a discussion of the change in control provisions in the named executive officers' employment agreements and the 2005 Incentive Plan, see the narrative disclosure accompanying the Potential Payments Upon Termination or Change in Control tables below.

For a discussion of the amendments to the 2005 Incentive Plan for which we are seeking shareholder approval at the Annual Meeting, see Proposal Two below.

- (1) As discussed in the "Our Executive Compensation Program for Fiscal 2007" Equity Grant Timing section of the CD&A, in fiscal 2007, the Board set as the grant date of these equity awards the second day following our release of results from our last completed fiscal year. This future date was established in order to allow the market to absorb and react to our release of material non-public information, and in order to avoid even the appearance that the Board, the Compensation Committee or any employee manipulated the terms of the equity awards.
- (2) The Award Date represents the date on which the Board authorized the equity-based award and set the grant date.
- (3) The amounts in columns (c), (d) and (e) represent the named executive officers' floor, target and stretch bonus levels, respectively, for fiscal 2007 pursuant to the 2006 Bonus Plan which bonus levels are further described in the "Our Executive Compensation Program for Fiscal 2007" Bonus for Fiscal 2007 section of the CD&A. For fiscal 2007, the named executive officers earned the amounts shown in column (g) of the Summary Compensation Table.
- (4) The amounts in column (g) represent restricted stock awarded pursuant to the 2005 Incentive Plan, which awards are described in the narrative preceding this table and the "Our Executive Compensation Program for Fiscal 2007" Equity for Fiscal 2007 section of the CD&A. Because we met the first trigger (but not the second trigger) as a result of fiscal 2007 corporate performance, the restricted stock granted to the named executive officers in fiscal 2007 has not vested. The restricted stock granted in fiscal 2007 is expected to vest upon the earlier of the achievement of the second trigger, the beginning of our trading window first following the fifth anniversary of the grant date, or the death or disability of the named executive officer.
- (5) The amounts in column (j) represent NQSOs awarded pursuant to the 2005 Incentive Plan, which awards are described in the narrative preceding this table and the "Our Executive Compensation Program for Fiscal 2007" Equity for Fiscal 2007 section of the CD&A.
- (6) Pursuant to the terms of the 2005 Incentive Plan, the exercise price of a stock option may not be less than 100% of the volume-weighted

average trading price of our common shares on the grant date or, if the grant date occurs on a day other than a trading day, on the next trading day. We believe this method is preferable to using the closing market price as it is less vulnerable to market activity that may have only an instantaneous effect, positively or negatively, on the price of our common shares.

- (1) The stock option awards identified with an asterisk in column (e) were made pursuant to the 1996 Incentive Plan. All other stock option awards reflected in this table were made pursuant to the 2005 Incentive Plan. Stock option awards identified as having been made pursuant to the 1996 Incentive Plan vest at the rate of 20% per year over the first five years of the 10 year option term, except that the stock option award made to Mr. Fishman under the 1996 Incentive Plan vests at a rate of 25% per year over the first four years of the seven year option term. Stock option awards made under the 2005 Incentive Plan vest at a rate of 25% per year over the first four years of the seven year option term.
- (2) The restricted stock awards reported in column (i) were made in fiscal 2007 pursuant to the 2005 Incentive Plan. For a description of the vesting terms of these restricted stock awards, see the narrative preceding the Grants of Plan-Based Awards table and the "Our Executive Compensation Program for Fiscal 2007" Equity for Fiscal 2007 section of the CD&A.

Pension Benefits

Pension Plan and Supplemental Pension Plan

The Pension Plan is maintained only for certain employees whose hire date preceded April 1, 1994. Effective January 1, 1996, the benefits accrued under the Pension Plan for certain highly compensated individuals were frozen at the then current levels. The Supplemental Pension Plan is maintained only for those executives whose benefits were frozen under the Pension Plan on January 1, 1996. Based on their respective dates of hire, Mr. Waite is the only named executive officer eligible to participate in these plans, and Mr. Fishman, Mr. Cooper, Mr. Martin and Ms. Bachmann may not participate in either plan.

The Pension Plan is intended to qualify under the IRC and comply with the Employee Retirement Security Income Act of 1974, as amended. The amount of the Big Lots' annual contribution to the Pension Plan is actuarially determined to accumulate sufficient funds to maintain projected benefits. The Supplemental Pension Plan constitutes a contract to pay benefits upon retirement. The Supplemental Pension Plan is designed to pay the

same benefits in the same amount as if the participants continued to accrue benefits under the Pension Plan. We have no obligation to fund the Supplemental Pension Plan, and all assets and amounts payable under the Supplemental Pension Plan are subject to the claims of our general creditors.

Effective January 1, 1993, the annual retirement benefits payable upon retirement under the Pension Plan and the Supplemental Pension Plan was, and continues to be, equal to 1% of the average annual compensation during the participant's highest five consecutive year period multiplied by the years of service up to a maximum of 25 (Normal Retirement Pension), with participation and benefits being limited in and for any single year to one plan (not both plans) based on the participant's status as a highly compensated employee, as defined in the IRC. This benefit is payable when a participant reaches the normal retirement age of 65; however, the Pension Plan and Supplemental Pension Plan provide the option to retire early (generally at age 55) and to continue employment beyond the normal retirement age.

Under the Pension Plan and the Supplemental Pension Plan, a participant who has reached the age of 55 and has at least five years of service with us can elect to retire early and receive a reduced monthly pension commencing on the date of the participant's early termination. Alternatively, a participant who has reached the age of 65 can elect to continue employment with us and continue participation in either the Pension Plan or Supplemental Pension Plan until the participant retires, at which point the participant shall receive his Normal Retirement Pension. Participants who terminate employment due to a disability are entitled to a pension amount equal to the actuarially-determined present value of the Normal Retirement Pension. The spouse of a participant who dies before retirement is entitled to receive an amount equal to the actuarially-determined present value of the Normal Retirement Pension reduced for the period of time that the participant's death or 25th anniversary of employment, if later, precedes the normal retirement age. A participant who terminates employment for any reason other than death or retirement may receive a reduced pension amount determined by the number of years the participant worked for Big Lots.

- 34 -

Normally, a participant will receive a monthly payment from the Pension Plan and/or, if the participant was a highly compensated employee during his or her service period, the Supplemental Pension Plan upon reaching the normal age of retirement (or earlier if the participant elects the early retirement option). Alternatively, a participant can elect to receive a lump sum payment of the entire actuarial equivalent of the participant's accrued retirement pension or a reduced pension payable over a fixed number of months or elect the purchase of an annuity contract equivalent in value to the actuarial equivalent of the participant's accrued retirement pension. Upon a change in control, we may elect to effectuate a lump sum payment of all amounts accrued under the Supplemental Pension Plan.

For purposes of calculating benefits under the Pension Plan, compensation is defined to include a two month equivalent of the total cash remuneration paid for services rendered during a plan year prior to salary reductions pursuant to Sections 401(k) or 125 of the IRC, including bonuses, incentive compensation, severance pay, disability payments and other forms of irregular payments. The table below illustrates the amount of annual benefits payable at age 65 to a person with the specified five year average compensation and years of service under the Pension Plan combined with the Supplemental Pension Plan.

Final Average Compensation	Years of Service			
	10	15	20	25
\$100,000	\$10,000	\$15,000	\$20,000	\$25,000
\$125,000	\$12,500	\$18,750	\$25,000	\$31,250
\$150,000	\$15,000	\$22,500	\$30,000	\$37,500
\$175,000	\$17,500	\$26,250	\$35,000	\$43,750
\$200,000	\$20,000	\$30,000	\$40,000	\$50,000
\$225,000	\$21,200	\$31,800	\$42,400	\$53,000

The maximum annual benefit payable under the Pension Plan is restricted by the IRC (\$180,000 for calendar year 2007; \$185,000 for calendar year 2008). At December 31, 2007, the maximum five year average compensation taken into account for benefit calculation purposes was \$212,000. The compensation taken into account for benefit calculation purposes is limited by law (\$225,000 for calendar year 2007; \$230,000 for calendar year 2008), and is subject to statutory increases and cost-of-living adjustments in future years. Income recognized as a

result of the exercise of stock options is disregarded in computing benefits under the Pension Plan. A participant may elect whether the benefits are paid in the form of a single life annuity, a joint and survivor annuity or as a lump sum upon reaching the normal retirement age of 65.

Pension Benefits Table

The following table reflects the number of years of credited service and the present value of accumulated benefits payable to Mr. Waite under the Pension Plan and the Supplemental Pension Plan. Nonqualified Deferred Compensation

Supplemental Savings Plan

All of the named executive officers, as well as substantially all other full-time employees, are eligible to participate in the Savings Plan, our "401(k) plan." The Supplemental Savings Plan is maintained for those executives participating in the Savings Plan who desire to contribute more than the amount allowable under the Savings Plan. The Supplemental Savings Plan constitutes a contract to pay deferred compensation and limits deferrals in accordance with prevailing tax law. The Supplemental Savings Plan is designed to pay the deferred compensation in the same amount as if contributions had been made to the Savings Plan. We have no obligation to fund the Supplemental Savings Plan, and all assets and amounts payable under the Supplemental Savings Plan are subject to the claims of our general creditors.

In order to participate in the Savings and Supplemental Savings Plans, an eligible employee must satisfy applicable age and service requirements and must make contributions to such plans ("Participant Elective Contributions"). Participant Elective Contributions are made through authorized payroll deductions to one or more of the several investment funds available under the Savings Plan. All Participant Elective Contributions are matched by us ("Employer Matching Contributions") at a rate of 100% for the first 2% of salary contributed and 50% for the next 4% of salary contributed. Additionally, the amount of the Employer Matching Contribution is subject to the maximum annual compensation that may be taken into account for benefit calculation purposes under the IRC (\$225,000 for calendar year 2007). Accordingly, the maximum aggregate Employer Matching Contributions that could be made to a named executive officer participating in the Savings and Supplemental Savings Plans was \$9,000 for fiscal 2007.

Under the Savings Plan and the Supplemental Savings Plan, a participant who has terminated employment with Big Lots is entitled to all funds in his or her account, except that if termination is for a reason other than retirement, disability or death, then the participant is entitled to receive only the vested portion of the Employer Matching Contribution. Under both plans, 25% of the Employer Matching Contribution vests annually beginning on the second anniversary of the employee's hiring. All other unvested accrued benefits pertaining to Employer

Matching Contributions will be forfeited. Upon a change in control, we may elect to effectuate a lump sum payment of all amounts (vested and unvested) under the Supplemental Savings Plan.

Nonqualified Deferred Compensation Table

The following table reflects the contributions to, earnings in and balance of each named executive officer's account held under the Supplemental Savings Plan.

(1) With respect to Mr. Cooper and Mr. Martin, \$49,942 and \$37,615 of the amounts in this column are included in their respective fiscal 2007 □Salary□ reported in the Summary Compensation Table, while the balance is included in their respective fiscal 2006 □Non-Equity Incentive Plan Compensation□ reported in the Summary Compensation Table as a result of their deferrals of a portion of the cash bonuses earned pursuant to the 2006 Bonus Plan for fiscal 2006 performance (paid in fiscal 2007). With respect to Mr. Waite and Ms. Bachmann, the amounts in this column are included in their respective fiscal 2007 □Salary□ reported in the Summary Compensation Table.

(2) The amounts in this column are included in the □All Other Compensation□ column of the Summary Compensation Table for fiscal 2007.

- 36 -

(3) The amounts in this column are not included in the Summary Compensation Table as these amounts reflect only the earnings on the investments designated by the named executive officer in his or her Supplemental Savings Plan account (i.e., appreciation in account value). The amounts in this column do not include any above-market or preferential earnings, as defined by Item 402(c)(2)(viii) of Regulation S-K and the instructions thereto.

(4) \$36,376, \$23,061, \$50,939 and \$20,867 of the amounts in this column were included as compensation for Mr. Cooper, Mr. Waite, Mr. Martin and Ms. Bachmann, respectively, in the Summary Compensation Table for fiscal 2006.

Potential Payments Upon Termination or Change in Control

The □Rights Under Post-Termination and Change in Control Arrangements□ section below addresses the rights of the named executive officers under their employment agreements and other compensation arrangements upon a change in control or in the event their employment with us is terminated. The □Estimated Payments if Triggering Event Occurred at Fiscal Year End□ section below reflects the payments that may be received by each named executive officer (or his or her beneficiaries, as applicable) upon a change in control or in the event the executive's employment with us is terminated: (i) involuntarily without cause; (ii) in connection with the

executive's disability; (iii) upon the executive's death; or (iv) in connection with a change in control.

Rights Under Post-Termination and Change in Control Arrangements

Under each employment agreement, if a named executive officer is terminated for cause or due to his or her voluntary resignation, we have no further obligation to pay any unearned compensation or to provide any future benefits to the executive.

If terminated without cause, Mr. Fishman would continue to receive his salary for two years and each of the other named executive officers would continue to receive his or her respective salary for one year. The salary continuation period is six months for all named executive officers if terminated in connection with becoming disabled. Each named executive officer would receive a lump sum payment equal to two times his or her salary if terminated in connection with a change in control (as discussed below). Additionally, each named executive officer is eligible (based on our achievement of at least the corporate performance amount corresponding to the floor bonus level) to receive a prorated bonus for the fiscal year in which his or her termination is effective if he or she is terminated without cause or in connection with his or her death or disability, and two times his or her stretch bonus if terminated following a change in control.

If a change in control occurs, then all outstanding stock options become exercisable upon the change in control to the full extent of the original grant and all unvested restricted stock vests. If termination of employment results from death or disability, then all exercisable stock options may be exercised until the earlier of the stock option award expiration date or one year after termination of employment. Additionally, if termination of employment results from death or disability, then unvested restricted stock awards made under the 2005 Incentive Plan will vest in increments of 20% for each consecutive year of employment completed since the grant date if the first trigger is met while employed. Upon termination for any other reason, all exercisable stock options then held may be exercised until the earlier of the stock option award expiration date or three months after termination of employment. Any restricted stock awards not vested at termination of employment, for reasons other than death or disability, shall be forfeited.

Mr. Fishman is entitled to receive continued healthcare coverage for up to two years following a termination without cause or if terminated in connection with a change in control, plus the amount necessary to reimburse him for the taxes he would be liable for as a result of such continued healthcare coverage ("Tax Gross-Up Amount"). The other named executive officers are entitled to receive continued healthcare coverage for up to one year following a termination without cause or if terminated in connection with a change in control, plus a Tax Gross-Up Amount, except that Mr. Cooper is entitled to receive up to two years of coverage if he is terminated in connection with a change in control. Each of the named executive officers is entitled to receive continued healthcare coverage for six months following termination due to disability, plus long-term disability benefits. Additionally, if terminated without cause, each named executive officer is entitled to continue receiving an automobile or automobile allowance for two years, in the case of Mr. Fishman, or one year, in the case of the other named executive officers. See the narrative in the Nonqualified Deferred Compensation section above.

- 37 -

If the payments received by a named executive officer in connection with a change in control constitute an "excess parachute payment" under Section 280G of the IRC, the named executive officer is reimbursed for any excise tax imposed under Section 4999 of the IRC or, in the case of Mr. Fishman and Mr. Cooper, the executive's benefits under his employment agreement are reduced to the extent necessary to become one dollar less than the amount that would generate such excise tax, if this reduction results in a larger after-tax amount as compared to the excise tax reimbursement method applicable to all other named executive officers ("Excise Tax Benefit"). The compensation payable on account of a change in control may be subject to the deductibility limitations of Sections 162(m) and 280G of the IRC.

Change in Control Described

Generally, pursuant to the named executive officers' employment agreements, the 1996 Incentive Plan, the 2005 Incentive Plan, the 2006 Bonus Plan, the Supplemental Pension Plan, and the Supplemental Savings Plan, a "change in control" (and a "change of control," as such term is used interchangeably with "change in control" in certain employment agreements and the 2006 Bonus Plan) is deemed to occur if:

- any person or group (as defined in Section 13(d) under the Exchange Act) becomes the beneficial owner, or has the right to acquire, 20% or more (or actually acquires 35% or more, in the case of the 2006 Bonus Plan) of our outstanding voting securities;
- a majority of the Board is replaced within any two year (one year, in the case of the 2006 Bonus Plan) period by directors not nominated and approved by a majority of the directors in office at the beginning of such period (or their successors so nominated and approved), or a majority of the Board at any date consists of persons not so nominated and approved; or
- our shareholders approve an agreement to merge or consolidate with an unrelated company or an agreement to sell or otherwise dispose of all or substantially all of our assets to an unrelated company (or, in the case of the 2006 Bonus Plan, a person or group acquires 40% or more of the gross fair market value of our assets).

Notwithstanding the foregoing definition, pursuant to the named executive officers' employment agreements and the plans specified above, a change in control does not include any transaction, merger, consolidation or reorganization in which we exchange, or offer to exchange, newly issued or treasury shares in an amount less than 50% of our then-outstanding voting securities for 51% or more of the outstanding voting securities of an unrelated company or for all or substantially all of the assets of such unrelated company.

Pursuant to the employment agreements, a named executive officer's termination in connection with a change in control is generally deemed to occur if, during the applicable protection period (as discussed in the following paragraph), we or any other party to the change in control (e.g., the unrelated acquirer or successor company):

- terminate the executive without cause;
- in the case of Mr. Fishman and Mr. Cooper, breach a term of the employment agreement; or
- in the case of Mr. Cooper, Mr. Waite, Mr. Martin and Ms. Bachmann, constructively terminate the executive (i.e., a resignation results from the imposition of a material adverse change in the executive's duties, compensation or reporting relationships after our failure to cure such condition).

The protection period provided in the named executive officers' employment agreements is two years following a change in control. Additionally, Mr. Fishman's protection period includes the six months preceding a change in control, and Mr. Cooper's protection period includes the three months preceding a change in control.

- 38 -

Estimated Payments if Triggering Event Occurred at Fiscal Year End

The amounts in the following tables are approximations based on various assumptions and estimates. The actual amounts to be paid can only be determined at the time of the change in control or termination of employment, as applicable. In the tables that follow, we have made the following material assumptions, estimates and characterizations:

- Amounts are calculated based on compensation levels and benefits effective at February 2, 2008, the end of fiscal 2007.
- As noted in the "Non-Equity Incentive Plan Compensation" rows in the tables below, the amounts payable under the 2006 Bonus Plan upon termination: (i) without cause or due to disability or death are based on the bonus actually earned by the applicable named executive officer for fiscal 2007 performance; and (ii) in connection with a change in control are equal to two times the named executive officer's stretch bonus.
- We have not taken into account the possibility that a named executive officer may be eligible to receive healthcare benefits from another source following his or her termination. Therefore, the amounts shown in the "Healthcare Coverage" row in the tables below reflect, consistent with the assumptions that would be used for financial reporting purposes under generally accepted accounting principles, the cost to provide continued healthcare coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) throughout the full period provided by (i) the named executive officer's employment agreement, if terminated involuntarily without cause or in connection with a change in control, or (ii) our policy, if terminated upon disability. Included in the amounts shown in the "Healthcare Coverage" row in the tables below for a named executive officer who receives continued healthcare benefits following an involuntary termination without cause or a termination in connection with a change in control are the related Tax Gross-Up Amounts. The Tax Gross-Up Amount would be paid under the terms of the named executive

officer's employment agreement. No such reimbursement would be due to a named executive officer whose employment terminates upon disability.

- The amounts shown in the "Long-Term Disability Benefit" row in the tables below represent 67% of the named executive officer's monthly salary, up to a maximum of \$25,000 per month. This benefit is payable until the named executive officer is no longer disabled or age 65, whichever occurs earlier. Due to the speculative nature of estimating the period of time during which a named executive officer may be disabled, we have presented only one month of disability benefits in the tables below.
- The amounts in the "Accelerated Equity Awards" row in the tables below include the value of all unvested stock options that were in-the-money at the end of fiscal 2007 (minus the aggregate stock option exercise prices) and all unvested restricted stock that would have vested on an accelerated basis had a change in control occurred as the end of fiscal 2007. The closing market price of our common shares on the final trading day on the NYSE during fiscal 2007 was \$17.51 per share. This amount does not reflect any equity awards that have vested or have been granted in fiscal 2008.

**PROPOSAL TWO: APPROVAL OF AMENDMENTS TO THE BIG LOTS 2005 LONG-TERM
INCENTIVE PLAN**

Background

On May 17, 2005, our shareholders approved the 2005 Incentive Plan. The 2005 Incentive Plan is an omnibus equity compensation plan that provides for a variety of types of awards to allow for flexibility. The 2005 Incentive Plan permits the granting of (i) NQSOs, (ii) ISOs, (iii) SARs, (iv) restricted stock, (v) restricted stock units, and (vi) performance units (NQSOs, ISOs, SARs, restricted stock, restricted stock units, and performance units are referred to collectively as "Awards").

We believe the 2005 Incentive Plan is an important element of our compensation program, as it serves to align the interests of participants with those of our shareholders through increased ownership of our common shares. Additionally, we believe the 2005 Incentive Plan assists us in attracting, retaining and motivating participants.

Proposed Amendments

Based on the recommendation of the Compensation Committee (which we refer to as the "Committee" throughout this discussion of Proposal Two), the Board has adopted, subject to shareholder approval at the Annual Meeting, the following amendments to the 2005 Incentive Plan:

- *Permit outside directors to be eligible to participate in the 2005 Incentive Plan.* We believe this change is necessary, because only 47,609 common shares presently are available for issuance under the Director Stock Option Plan, which we believe is insufficient to continue to provide the outside directors with equity awards in an amount necessary to (i) retain and motivate our current outside directors, (ii) attract new outside directors, and (iii) properly align the interests of our outside directors with those of our shareholders. If the proposed amendments to the 2005 Incentive Plan are approved by our shareholders, the Board will amend the Director Stock Option Plan so that no additional awards may be made under that plan and future equity awards to our outside directors will be granted under the 2005 Incentive Plan at the discretion of the Committee.
- *Add 2,100,000 common shares to the total number of our common shares reserved and available for distribution pursuant to Awards granted under the 2005 Incentive Plan.* As initially approved by our shareholders, the total number of common shares available for Awards granted under the 2005 Incentive Plan equals the sum of: (i) 1,250,000 common shares; plus (ii) the 2,001,142 common shares that remained available for use under the 1996 Incentive Plan on December 30, 2005; plus (iii) an annual

increase equal to 0.75% of the total number of issued common shares (including treasury shares) as of the start of each of our fiscal years that the 2005 Incentive Plan is in effect. We believe that the proposed

- 42 -

increase in available common shares under the 2005 Incentive Plan is necessary for us to (i) grant future Awards to our outside directors, (ii) continue to attract, retain and motivate director and employee participants, and (iii) continue to align the interests of participants with the interests of our shareholders.

- *Ensure that any Award made under the 2005 Incentive Plan that constitutes deferred compensation for purposes of Section 409A of the IRC is paid in accordance with the requirements of Section 409A.*
- *Require that equitable antidilutive adjustments be made in the event of certain changes affecting us (e.g., a merger, spin-off or reorganization) or our capital structure (e.g., a stock split, stock dividend or recapitalization).* Under FAS 123R, any change to the terms of an equity award constitutes a modification for which companies are: (i) required to calculate the incremental fair value of the modified award; (ii) reassess the probability of vesting; and (iii) recognize any incremental compensation cost over the remaining service period. For example, modification accounting may apply if, after a 2-for-1 stock split, a company elects (but is not required) to double the number of common shares underlying a preexisting stock option and reduce by one-half the exercise price of the stock option in order to preserve the value of the stock option after the stock split. Because the potential incurrence of incremental compensation cost under FAS 123R depends on whether these adjustments are required (as opposed to permitted) by the antidilution provisions of the equity compensation plan, we believe it is advisable to add a mandatory antidilution provision to the 2005 Incentive Plan. While the 2005 Incentive Plan possesses an antidilution provision, equitable adjustments thereunder are discretionary. We believe amending the 2005 Incentive Plan to make the antidilution provision mandatory, we will avoid potential compensation costs we may incur under the modification accounting guidance of FAS 123R in the event of certain changes affecting us or our capital structure. We are not presently contemplating a reorganization, recapitalization, merger, spin-off, stock split or other change relating to us or our capital structure that would trigger antidilution adjustments.
- *Allow participants one year from the date of their termination of service to exercise all vested NQSOs and SARs.* Currently, a participant may exercise his or her vested NQSOs and SARs for (i) one year after termination of service if he or she terminates service because of death or disability and (ii) 90 days after termination of service if he or she terminates service for any other reason (in each case, subject to the expiration date of the Award). The proposed amendments will allow a participant, under all circumstances, one year after the date of his or her termination of service to exercise all vested NQSOs and SARs (in each case, subject to the expiration date of the Award). We believe this change is necessary to provide equity awards that are competitive with those companies with whom we compete for talent.
- *Change the way we administer Awards.* The proposed amendments will modify the way in which we administer the settlement of Awards, the payment of stock option exercise prices, and the satisfaction of tax withholding obligations after the exercise or vesting of Awards. We believe these modifications are necessary to allow us to more efficiently administer the 2005 Incentive Plan.
- *Update and clarify certain performance criteria and adjustment categories and add a new adjustment category.* The proposed amendments to Article X (Performance-Based Awards) of the 2005 Incentive Plan principally consist of (i) updates to reflect current authoritative literature referenced in, and to further clarify, the performance criteria and adjustment categories, and (ii) the inclusion of a new adjustment category to account for the tax effect of any tax laws or regulations, or amendments thereto, that become effective after the beginning of the applicable period during which the Committee measures whether or not Awards intended to qualify as "performance based compensation" under Section 162(m) are earned ("Performance Period"). We believe the updates and clarifications facilitate a better understanding of the plan's terms by participants, shareholders, administrators and us. We believe the addition of the new adjustment category is appropriate to account for changes in tax laws or regulations that are not effective, and therefore not included in the performance measures established by the Committee, at the beginning of the Performance Period.

The proposed amendments to the 2005 Incentive Plan will become effective if and when approved by our shareholders at the Annual Meeting. In the event that our shareholders do not approve the proposed amendments to the 2005 Incentive Plan, Awards previously granted by us under the 2005 Incentive Plan will remain valid and the 2005 Incentive Plan will remain in effect.

- 43 -

The complete text of the 2005 Incentive Plan, marked to show the proposed amendments, is attached to this Proxy Statement as [Appendix I](#). The following summary of the 2005 Incentive Plan, as proposed to be amended, is qualified in its entirety by reference to [Appendix I](#).

Administration

The 2005 Incentive Plan is administered by the Committee. The selection of participants in the 2005 Incentive Plan, the level of participation of each participant and the terms and conditions of all Awards are determined by the Committee. Though not required by the 2005 Incentive Plan, the Committee generally seeks the approval of all outside directors when granting Awards to our executives, as we believe this approach represents best practices in corporate governance. The Committee has discretionary authority to interpret the 2005 Incentive Plan, to prescribe, amend and rescind rules and regulations relating to the 2005 Incentive Plan, and to make all other determinations necessary or advisable for the administration of the 2005 Incentive Plan. The Committee may delegate authority to administer the 2005 Incentive Plan as it deems appropriate, subject to the express limitations set forth in the 2005 Incentive Plan.

Term, Termination and Amendment

The 2005 Incentive Plan will expire on May 16, 2012, unless terminated earlier by the Board. Although the Board may amend or alter the 2005 Incentive Plan, it may not do so without shareholder approval of any amendment to the extent shareholder approval is required to comply with NYSE listing requirements. In addition, no amendment, alteration or termination of the 2005 Incentive Plan may adversely affect any outstanding Award without the consent of the participant other than amendments (i) to cause the 2005 Incentive Plan to comply with applicable law, (ii) to permit us a tax deduction under applicable law, or (iii) designed for us to avoid an expense charge.

Share Limitations

With the approval of the proposed amendments, the number of common shares available for issuance under the 2005 Incentive Plan will equal the sum of: (i) 1,250,000 common shares; plus (ii) the 2,001,142 common shares that remained available for use under the 1996 Incentive Plan on December 30, 2005; plus (iii) an annual increase equal to 0.75% of the total number of issued common shares (including treasury shares) as of the start of each of the Company's fiscal years that the 2005 Incentive Plan is in effect; plus (iv) 2,100,000 newly issued common shares. The 2005 Incentive Plan provides that the total number of common shares underlying Awards granted under the 2005 Incentive Plan, the Director Stock Option Plan, the expired 1996 Incentive Plan, and the expired ESO Plan may not exceed 15% of all of our issued and outstanding common shares (including treasury shares) as of any date. If our shareholders approve the proposed amendments to the 2005 Incentive Plan, we anticipate that the 2,100,000 additional common shares that may then be granted thereunder will be registered by us under the Securities Act of 1933, as amended, during fiscal 2008.

The aggregate number of common shares underlying restricted stock, restricted stock units and performance units granted under the 2005 Incentive Plan shall not exceed one-third of all common shares underlying Awards granted under the Plan. The maximum aggregate number of common shares that may be granted under the 2005 Incentive Plan shall not exceed 5,000,000.

The 2005 Incentive Plan is designed to meet the requirements for deductibility of executive compensation under Section 162(m) with respect to stock options, SARs, restricted stock and other Awards that are intended to qualify as "performance based compensation" under Section 162(m). In order to meet Section 162(m) requirements, the 2005 Incentive Plan provides limits on the number and type of common shares that any one participant may receive. Awards granted to a covered employee (as that term is used within Section 162(m)) that are intended to qualify as "performance based compensation" under Section 162(m), are limited to: (i) 2,000,000 shares of restricted stock per participant annually; (ii) 3,000,000 common shares underlying stock options and SARs per participant during any three consecutive calendar years; and (iii) \$6,000,000 through performance

units per participant during any three consecutive calendar years.

Common shares issued under the 2005 Incentive Plan will be authorized but unissued common shares of the Company, treasury shares, or shares purchased in the open market. To the extent that any Award payable in common shares is forfeited, cancelled, terminated or relinquished, the common shares covered thereby will no longer be charged against the maximum share limitation and may again be made subject to Awards under the 2005

- 44 -

Incentive Plan. However, the following types of common shares may not become again available for issuance as an Award: (i) common shares tendered by participants as full or partial payment to us upon the exercise of Awards granted under the 2005 Incentive Plan; (ii) common shares underlying an exercised SAR that are not issued upon the settlement of such SAR; and (iii) common shares withheld by, or otherwise remitted to, us to meet our withholding obligations arising upon the exercise of any Award.

Eligibility and Participation

With the approval of the proposed amendments, in the Committee's discretion, all of our directors and all of our and our affiliates' salaried employees, consultants and advisors will be eligible to participate in the 2005 Incentive Plan. As of the record date, we had no employees and our affiliates had approximately 3,900 salaried employees. In fiscal 2008, approximately 90 of our affiliates' employees (and no consultants or advisors) have received or are expected to receive Awards under the 2005 Incentive Plan, although this may vary from year to year. If our shareholders approve the proposed amendments, we anticipate making Awards to all eight of our outside directors in fiscal 2008. From time to time, the Committee will determine who will be granted Awards, the number of shares subject to such Awards, and all other terms of the Awards.

Awards

Since January 1, 2006, equity compensation awards to employees have been limited to NQSOs and restricted stock under the 2005 Incentive Plan. Our current equity compensation awards to outside directors are limited to NQSOs under the Director Stock Option Plan. The 2005 Incentive Plan authorizes the grant of NQSOs, ISOs, SARs, restricted stock, restricted stock units and performance units, each of which is described below.

Stock Options

Stock options granted under the 2005 Incentive Plan may be either NQSOs or ISOs. The exercise price of any stock option granted may not be less than the fair market value of our common shares on the grant date. The stock option exercise price is payable in cash, by certified check, with our common shares, through a broker-assisted cashless exercise, by withholding common shares subject to the stock option having a fair value equal to the stock option exercise price, or any combination of the foregoing.

The Committee determines the terms of each stock option grant at the time of the grant. However, the aggregate fair market value (determined as of the grant date) of the common shares subject to ISOs that are exercisable by any participant for the first time in any calendar year under all of our plans may not be larger than \$100,000. The Committee specifies at the time each stock option is granted the time or times at which, and in what proportions, the stock option becomes vested and exercisable. In general, no stock options shall be exercisable in fewer than six months after the grant date and no more than one-third of the common shares underlying a stock option shall become exercisable before each of the first three anniversary dates after the grant date. Additionally, a stock option that vests upon the attainment of a specified business performance goal established by the Committee may not be exercised sooner than one year after the grant date. Pursuant to the terms of the 2005 Incentive Plan, the Committee may accelerate the vesting of stock options. A stock option shall expire no later than 10 years after the grant date. In general, a stock option expires upon the earlier of (i) its stated expiration date or (ii) one year after the participant terminates service (except in the case of ISOs which must be exercised within three months after termination of service).

Stock Appreciation Rights

A SAR entitles the participant, upon settlement, to receive a payment based on the excess of the fair market value of our common shares on the settlement date over the base price of the SAR, multiplied by the number of SARs being settled. The base price of a SAR may not be less than the fair market value of our common shares on the grant date. SARs may be payable in cash, our common shares or a combination of both.

The Committee determines the vesting requirements and the payment and other terms of a SAR. Vesting may be based on the continued service of the participant for specified time periods or the attainment of a specified business performance goal established by the Committee or both. In general, no more than one-third of a SAR may be exercised before each of the first three anniversary dates after the grant date. However, if vesting is based on the attainment of a specified business performance goal established by the Committee, then the SAR may not vest

- 45 -

before the first anniversary after the grant date. Pursuant to the terms of the 2005 Incentive Plan, the Committee may accelerate the vesting of SARs. A SAR shall expire no later than 10 years after the grant date. In general, a SAR expires upon the earlier of (i) its stated expiration date or (ii) one year after the participant terminates service.

SARs may be granted on a stand-alone basis or in tandem with another Award. A stand-alone SAR is a SAR that is not associated with any other Award. A tandem SAR is a SAR that is granted in association with a stock option, is subject to the same terms that affect the stock option and may be exercised instead of the stock option (in which case the stock option is cancelled) or expires if the stock option is exercised.

Restricted Stock

A restricted stock Award represents our common shares that are issued subject to restrictions on transfer and vesting requirements as determined by the Committee. Vesting requirements may be based on the continued service of the participant for specified time periods or the attainment of a specified business performance goal established by the Committee. In general, no more than one-third of simultaneously granted restricted stock Awards may vest before each of the first three anniversary dates after the grant date. However, if vesting is based on the attainment of a specified business performance goal established by the Committee, then the restricted stock may not vest sooner than the first anniversary after the grant date.

Subject to the transfer restrictions and vesting requirements of the restricted stock Award, the participant has the same rights as our shareholders during the restriction period, including all voting and dividend rights, although the Committee may provide that dividends and restricted stock certificates will be held in escrow during the restriction period (and forfeited or distributed depending on whether applicable performance goals or service restrictions have been met). Also, any stock dividends will be subject to the same restrictions that apply to the restricted stock upon which the stock dividends are issued. Unless the Committee specifies otherwise in the Award agreement, the restricted stock is forfeited if the participant terminates service before the restricted stock vests or if applicable terms and conditions have not been met at the end of the restriction period.

Restricted Stock Units

An Award of restricted stock units provides the participant the right to receive a payment based on the value of our common shares. Restricted stock units may be subject to such vesting requirements, restrictions and conditions to payment as the Committee determines are appropriate. Vesting requirements may be based on the continued service of the participant for a specified time period or on the attainment of a specified business performance goal established by the Committee. In general, no more than one-third of simultaneously granted restricted stock unit Awards may vest before each of the first three anniversary dates after the grant date. However, if vesting is based on the attainment of a specified business performance goal established by the Committee, then the restricted stock units may not vest sooner than the first anniversary after the grant date. Restricted stock units are payable in cash, our common shares or a combination of both, as determined by the Committee.

Participants receiving restricted stock units do not have, with respect to such restricted stock units, any of the rights of a shareholder. Unless the Committee specifies otherwise in the Award agreement, the restricted stock unit Award is forfeited if the participant terminates service before the restricted stock unit vests or if applicable terms and conditions have not been met at the end of the restriction period.

Performance Units

An Award of performance units provides the participant the right to receive our common shares if specified terms and conditions are met. Vesting requirements may be based on the continued service of the participant for a specified time period or on the attainment of a specified business performance goal established by the Committee. In general, no more than one-third of the performance units may vest before each of the first three anniversary dates after the grant date. However, if vesting is based on the attainment of specified business performance goals established by the Committee, then the performance units may not vest sooner than the first anniversary after the grant date. Performance unit Awards are payable in cash, our common shares or a combination of both. If cash settlement is made, the amount distributed will be the fair market value of the number of common shares that otherwise would have been distributed to settle the performance units. Unless the Committee specifies otherwise in the Award agreement, the performance units are forfeited if the participant terminates service before the performance units are earned.

- 46 -

Performance-Based Awards

Generally, Section 162(m) provides that we may not deduct more than \$1,000,000 of compensation paid during any fiscal year to our covered employees (i.e., our CEO or our three other highest compensated executives (excluding the principal financial officer) employed at the end of the fiscal year). However, this limit does not apply to performance based compensation. Any Awards granted under the 2005 Incentive Plan may be granted in a form that qualifies for the performance based compensation exception under Section 162(m). Under Section 162(m), the terms of the Award must state, in terms of an objective formula or standard, the method of computing the amount of compensation payable under the Award, and must preclude discretion to increase the amount of compensation payable under the terms of the Award (but may give the Committee discretion to decrease the amount of compensation payable). The 2005 Incentive Plan specifies performance goals that the Committee must use when granting a performance-based Award. As described above, the 2005 Incentive Plan imposes certain limitations on the number and value of performance-based Awards to covered employees.

Effect of Change in Control

Awards granted under the 2005 Incentive Plan are generally subject to special provisions upon the occurrence of a change in control (as defined in the 2005 Incentive Plan and discussed in the Executive Compensation section of this Proxy Statement). For Awards granted under the 2005 Incentive Plan, if a change in control occurs, then: (i) all outstanding stock options and SARs shall become fully exercisable; (ii) all remaining restrictions applicable to restricted stock and restricted stock units shall lapse and such restricted stock and restricted stock units shall become free of restrictions, fully vested and transferable; and (iii) any performance goals or other condition applicable to performance units shall be deemed to be satisfied in full with the common shares or cash subject to such Award being fully distributable. Payments under Awards that become subject to the excess parachute payment rules of Section 280G of the IRC may be reduced under certain circumstances. See the Tax Treatment of Awards Sections 280G and 4999 section below for more details.

Limited Transferability

All Awards or common shares subject to an Award under the 2005 Incentive Plan are nontransferable except upon death, either by the participant's will or the laws of descent and distribution or through a beneficiary designation, and Awards are exercisable during the participant's lifetime only by the participant (or by the participant's legal representative in the event of the participant's incapacity).

Equitable Adjustments

With the approval of the proposed amendments, in the event of a reorganization, recapitalization, merger, spin-off, stock split or other specified changes affecting us or our capital structure, the Committee is required to make equitable adjustments that reflect equitably the effects of such changes to the participants. Such adjustments may relate to the number of our common shares available for grant, as well as to other maximum limitations under the 2005 Incentive Plan (e.g., exercise prices and number of Awards), and the number of our common shares or other rights and prices under outstanding Awards.

Plan Benefits

The Committee has discretionary authority to grant Awards pursuant to the 2005 Incentive Plan. The 2005 Incentive Plan does not contain any provision for automatic grants. As a result, the future Awards, benefits or amounts that may be received by any individual participant or group of participants are not determinable.

- 47 -

As set forth in the table below, the following Awards have been granted under the 2005 Incentive Plan since its inception to: (i) each named executive officer; (ii) all current executive officers; and (iii) all of our employees who are not executive officers. All of the outstanding Awards were granted for compensatory purposes.

Name or Identity of Group	Common Shares Underlying Stock Option Awards (#)	Common Shares Underlying Restricted Stock Awards (#)
Mr. Fishman (1)	450,000	225,000
Mr. Cooper (1)	78,500	28,500

Ms. Bachmann (1)	78,500	28,500
Executive Group	1,005,400	424,200
Non-Executive Director Group (2)	□	□
Non-Executive Officer Employee Group	1,138,500	191,900

- (1) For additional information regarding Awards made to the named executive officers during fiscal 2007 and each named executive officer's title, see the Summary Compensation Table and the Grants of Plan-Based Awards table in this Proxy Statement.
- (2) No current outside director has received an Award under the 2005 Incentive Plan. For additional information regarding the equity awarded to outside directors, see the Director Compensation section of this Proxy Statement.

Tax Treatment of Awards

The following summary of the United States federal income tax implications of Awards under the 2005 Incentive Plan is based on the provisions of the IRC (and any relevant rulings and regulations issued under the IRC) as of the date of this Proxy Statement. The summary is not intended to be a complete description of the United States federal income tax laws, does not constitute tax advice and does not describe state, local or foreign tax consequences.

Incentive Stock Options

An ISO generally results in no taxable ordinary income to the participant or deduction to us at the time the ISO is granted or exercised. However, the excess of the fair market value of the common shares acquired over the stock option exercise price is an item of adjustment in computing the alternative minimum taxable income of the participant. If the participant holds the common shares received as a result of an exercise of an ISO for at least two years from the grant date and one year from the exercise date, then the gain realized on disposition of the common shares is treated as a long-term capital gain. If the common shares are disposed of within either of these periods (i.e., a "disqualifying disposition"), then the participant will include in income, as compensation for the year of the disqualifying disposition, an amount equal to the excess, if any, of the fair market value of the common shares, upon exercise of the stock option over the stock option exercise price (or, if less, the excess of the amount realized upon disposition over the stock option exercise price). The excess, if any, of the sale price over the fair market value on the exercise date will be a short-term capital gain. In such case, we will be entitled to a deduction, generally in the year of such a disposition, for the amount includible in the participant's income as compensation. The participant's basis in the common shares acquired upon exercise of an ISO is equal to the stock option exercise price paid, plus any amount includible in his or her income as a result of a disqualifying

disposition.

Non-Qualified Stock Options

A NQSO results in no taxable income to the participant or deduction to us at the time it is granted. A participant exercising a NQSO will, at that time, realize taxable compensation in the amount of the difference between the stock option exercise price and the then-current fair market value of the common shares. Subject to the applicable provisions of the IRC, a deduction for federal income tax purposes will be allowable to us in the year of exercise in an amount equal to the taxable compensation recognized by the participant.

- 48 -

The participant's basis in such common shares is equal to the sum of the stock option exercise price plus the amount includible in his or her income as compensation upon exercise. Any gain (or loss) upon subsequent disposition of the common shares will be a long-term or short-term gain (or loss), depending upon the holding period of the common shares.

If a participant tenders previously owned common shares in payment of the NQSO exercise price, then, instead of the treatment described above, the following generally will apply: a number of new common shares equal to the number of previously owned common shares tendered will be considered to have been received in a tax-free exchange; the participant's basis and holding period for such number of new common shares will be equal to the basis and holding period of the previously owned common shares exchanged; the participant will have compensation income equal to the fair market value on the exercise date of the number of new common shares received in excess of such number of exchanged common shares; the participant's basis in such excess shares will be equal to the amount of such compensation income; and the holding period in such common shares will begin on the exercise date.

Stock Appreciation Rights

Generally, a participant that receives a stand-alone or tandem SAR will not recognize taxable income at the time the SAR is granted. If a participant receives the appreciation inherent in either form of SAR in cash, the cash will be taxed as ordinary income to the participant at the time it is received. If a participant receives the appreciation inherent in either form of SARs in common shares, the spread between the then-current fair market value of the common shares and the base price will be taxed as ordinary income to the participant at the time it is received. In general, there will be no federal income tax deduction allowed to us upon the grant or termination of either form of SAR. However, upon the settlement of either form of SAR, we will be entitled to a deduction equal to the amount of ordinary income the participant is required to recognize as a result of the settlement.

Other Awards

The current United States federal income tax consequences of other Awards authorized under the 2005 Incentive Plan are generally in accordance with the following: (i) the fair market value of restricted stock is generally subject to ordinary income tax at the time the restrictions lapse, unless the participant elects to accelerate recognition as of the grant date, and (ii) the amount of cash paid (or the fair market value of the common shares issued) to settle restricted stock units and performance units is generally subject to ordinary income tax. In each of the foregoing cases, we will generally be entitled to a corresponding federal income tax deduction at the same time the participant recognizes ordinary income.

Section 162(m)

As described above, Awards granted under the 2005 Incentive Plan may qualify as "performance based compensation" under Section 162(m) in order to preserve federal income tax deductions by us with respect to annual compensation required to be taken into account under Section 162(m) that is in excess of \$1,000,000 and paid to our CEO or our three other highest compensated executives (excluding the principal financial officer) employed at the end of the fiscal year. To qualify for this exception, Awards must be granted under the 2005 Incentive Plan by the Committee and satisfy the 2005 Incentive Plan's limit on the total number of common shares that may be awarded to any one participant during a year. In addition, for Awards other than stock options to qualify as "performance based compensation," the issuance or vesting of the Award, as applicable, must be contingent upon satisfying one or more of the performance goals listed in the 2005 Incentive Plan, as established and certified by the Committee.

Sections 280G and 4999

Section 280G of the IRC disallows deductions for excess parachute payments and Section 4999 of the IRC imposes penalties on persons who receive excess parachute payments. A parachute payment is the present value of any compensation amount that is paid to "disqualified individuals" (such as our and our subsidiaries' officers and highly paid employees) that are contingent upon or paid on account of a change in control " but only if such payments, in the aggregate, are equal to or greater than 300% of the participant's taxable compensation averaged over the five calendar

- 49 -

years ending before the change in control (or over the participant's entire period of service if that period is less than five calendar years). This average is called the "Base Amount." An excess parachute payment is the amount by which any parachute payment exceeds the portion of the Base Amount allocated to such payment.

Some participants in the 2005 Incentive Plan may receive parachute payments in connection with a change in control. If this happens, the value of each participant's parachute payment from the 2005 Incentive Plan must be combined with other parachute payments the same participant is entitled to receive under other agreements or arrangements with us or our subsidiaries, such as an employment agreement or a change in control agreement. If the participant is a disqualified individual and the combined value of all parachute payments is an excess parachute payment, the participant must pay an excise tax equal to 20% of the value of all parachute payments above 100% of the participant's Base Amount. This tax is due in addition to other federal, state and local income, wage and employment taxes. Also, neither we nor any of our subsidiaries would be able to deduct the amount of any participant's excess parachute payment and the \$1,000,000 limit on deductible compensation under Section 162(m) would be reduced by the amount of the excess parachute payment.

The 2005 Incentive Plan addresses excess parachute payment penalties. Generally, if a participant in the 2005 Incentive Plan receives an excess parachute payment, the value of the payment is reduced to avoid the excess parachute penalties. However, the 2005 Incentive Plan also states that other means of dealing with these penalties will be applied if required by the terms of another written agreement (whether currently in effect or adopted in future) with us or any of our subsidiaries (such as an employment or a change in control agreement). Each named executive officer has an employment agreement with the Company that provides that the executive would also receive a payment in the amount necessary to hold them harmless from the effects of Sections 280G and 4999 of the IRC.

Section 83(b)

A participant may elect pursuant to Section 83(b) of the IRC to have income recognized at the grant date of an Award of restricted stock, restricted stock units or performance units and to have the applicable capital gain holding period commence as of that date. If a participant makes this election, we will be entitled to a corresponding tax deduction equal to the value of the Awards affected by this election.

Section 409A

Section 409A of the IRC, which became effective January 1, 2005, imposes certain restrictions on amounts deferred under nonqualified deferred compensation plans and a 20% excise tax on amounts that are subject to, but do not comply with, Section 409A of the IRC. Section 409A of the IRC includes a broad definition of nonqualified deferred compensation plans, which includes certain types of equity incentive compensation. It is intended that the Awards granted under the 2005 Incentive Plan will comply with or be exempt from the requirements of Section 409A of the IRC and the treasury regulations promulgated thereunder (and any subsequent notices or guidance issued by the Internal Revenue Service).

AUDIT COMMITTEE DISCLOSURE

General Information

The Audit Committee consists of three outside directors of the Board. Our common shares are listed on the NYSE. The members of the Audit Committee have been reviewed by the Board and determined to be independent within the meaning of all applicable SEC regulations and the listing standards of the NYSE.

The charter of the Audit Committee states that the purpose of the Audit Committee is to assist the Board in its oversight of:

- the integrity of our financial statements and financial reporting process, and our systems of internal accounting and financial controls;
- our compliance with legal and regulatory requirements, including our disclosure controls and procedures;
- the annual independent audit of our financial statements, the engagement of the independent registered public accounting firm, and the evaluation of the firm's qualifications, independence and performance;
- the performance of our internal audit function;
- the evaluation of enterprise risk issues; and
- the fulfillment of other responsibilities set forth in its charter.

The full text of the Audit Committee's charter is available in the Investor Relations section of our website (www.biglots.com) under the "Corporate Governance" caption. The Audit Committee regularly reviews its responsibilities as outlined in its charter, prepares an annual agenda to include all of its responsibilities and conducts a self-assessment and review of the charter annually. The Audit Committee believes it fulfilled its responsibilities under the charter in fiscal 2007.

The Audit Committee schedules its meetings with a view towards ensuring that it devotes appropriate attention to all of its responsibilities. The Audit Committee's meetings include, whenever appropriate, executive sessions with the independent registered public accounting firm and the internal audit service provider, in each case without the presence of management, and discussions with our Chief Financial Officer and internal auditor in separate sessions, in each case without the presence of additional members of management. The Audit Committee also meets in executive session without the presence of anyone else, whenever appropriate.

During fiscal 2007, management completed the documentation, testing and evaluation of our system of internal control over financial reporting in accordance with the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with its oversight, the Audit Committee received periodic updates provided by management and the independent registered public accounting firm at each regularly scheduled Audit Committee meeting. The Audit Committee also reviewed the report of management contained in our Form 10-K, as well as the independent registered public accounting firm's Report of Independent Registered Public Accounting Firm included in our Form 10-K related to its audit of (i) our consolidated financial statements and financial statement schedule and (ii) the effectiveness of internal control over financial reporting. The Audit Committee continues to oversee efforts related to our system of internal control over financial reporting and management's preparations for the evaluation thereof in fiscal 2008. The Audit Committee has also reviewed key initiatives and programs aimed at strengthening the effectiveness of our internal and disclosure control structure.

Independent Registered Public Accounting Firm

The Audit Committee engaged Deloitte & Touche LLP as our independent registered public accounting firm to audit our financial statements for fiscal 2007. Deloitte & Touche LLP has served as our independent registered public accounting firm since October 1989. The Audit Committee annually selects our independent registered public accounting firm.

Audit and Non-Audit Services Pre-Approval Policy

The Audit Committee has considered whether the independent registered public accounting firm's provision of any non-audit services to Big Lots is compatible with maintaining such firm's independence. Consistent with the Audit Committee's Audit and Non-Audit Services Pre-Approval Policy, all audit and non-audit services rendered by Deloitte & Touche LLP in fiscal 2007, including the related fees, were pre-approved by the Audit Committee. Under the policy, the Audit Committee is required to pre-approve all audit and permissible non-audit services performed by the independent registered public accounting firm to assure that the provision of those services does not impair the firm's independence. Pre-approval is detailed as to the particular service or category of service and is subject to a specific engagement authorization. The Audit Committee requires the independent registered public accounting firm and management to report on the actual fees incurred for each category of service at Audit Committee meetings throughout the year.

During the year, it may become necessary to engage the independent registered public accounting firm for additional services that have not been approved. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The member or members to whom pre-approval authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified or supplemented, and has discussed the independent registered public accounting firm's independence with the firm.

As part of this process, the Audit Committee continued to monitor the scope and adequacy of our internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls. PROPOSAL THREE: RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2008

At its March 4, 2008 meeting, the Audit Committee appointed Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2008. The submission of this matter for approval by shareholders is not legally required; however, we believe that such submission is consistent with best practices in corporate governance and is another opportunity for shareholders to provide direct feedback on an important issue of our corporate governance. If the shareholders do not approve the ratification of the appointment of Deloitte & Touche LLP, the selection of such firm as our independent registered public accounting firm will be reconsidered by the Audit Committee.

A representative of Deloitte & Touche LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if so desired.

Also, the Committee (or the Board, as appropriate) may revoke or amend the Plan and Award Agreements without any additional consideration to affected Participants, to the extent necessary to avoid penalties under Code §409A, even if that revocation or those amendments reduce, restrict or eliminate rights granted under the Plan or Award Agreement (or both) before the amendments; provided, however, that, although the Company or the Committee may (but neither is required to) reimburse an affected Participant for any diminution in the value of an Award associated with any such change.

3.2 Restrictions on Reload/Repricing.
