**PROXY STATEMENT**

---

The Board of Directors ( Board ) of Big Lots, Inc., an Ohio corporation ( we, us, our and Big Lots ), is furnishing you this Proxy Statement to solicit proxies for use at the 2015 Annual Meeting of Shareholders to be held on May 28, 2015 ( Annual Meeting ). The Annual Meeting will be held at our corporate offices located at 300 Phillipi Road, Columbus, Ohio at 9:00 a.m. Eastern Time.

On or about April 14, 2015, we began mailing to our shareholders of record at the close of business on March 30, 2015, a Notice of Internet Availability containing instructions on how to access the Notice of Annual Meeting of Shareholders, this Proxy Statement and our Annual Report to Shareholders for the fiscal year ended January 31, 2015 ( fiscal 2014 ).

**ABOUT THE ANNUAL MEETING**

**Purpose of the Annual Meeting**

At the Annual Meeting, shareholders will act upon the matters outlined in the Notice of Annual Meeting included with this Proxy Statement. Specifically, the shareholders will be asked to:

- (1) elect nine directors to the Board;
- (2) approve, on an advisory basis, the compensation of our named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and the narrative discussion accompanying the tables ( say-on-pay vote );
- (3) ratify the appointment of Deloitte & Touche LLP as our independent registered accounting firm for the fiscal year ending January 30, 2016 ( fiscal 2015 );
- (4) vote upon a proposal to amend our Code of Regulations to adopt proxy access; and
- (5) transact such other business as may properly come before the Annual Meeting.

**Shareholder Voting Rights**

Only those shareholders of record at the close of business on March 30, 2015, the record date for the Annual Meeting, are entitled to receive notice of, and to vote at, the Annual Meeting. At the record date, we had outstanding 53,932,361 common shares, \$0.01 par value per share. Each of the outstanding common shares entitles the holder thereof to one vote on each matter to be voted upon at the Annual Meeting or any postponement or adjournment thereof. The holders of our common shares have no cumulative voting rights in the election of directors. All voting at the Annual Meeting will be governed by our Amended Articles of Incorporation, our Code of Regulations and the Ohio General Corporation Law.

**Registered Shareholders and Beneficial Shareholders**

If your common shares are registered in your name directly with our transfer agent, Computershare Investor Services, LLC, you are considered a holder of record (which we also refer to as a registered shareholder). If you hold our common shares in a brokerage account or through a bank or other holder of record, you are considered the beneficial shareholder of the common shares, which shares are often referred to as held in street name.

## **Table of Contents**

### **Internet Availability of Proxy Materials**

In accordance with rules adopted by the Securities and Exchange Commission ( SEC ), instead of mailing a printed copy of our proxy materials to each shareholder of record, we are permitted to furnish our proxy materials, including the Notice of Annual Meeting of Shareholders, this Proxy Statement and our Annual Report to Shareholders, by providing access to such documents on the Internet. Generally, shareholders will not receive printed copies of the proxy materials unless they request them. We believe furnishing proxy materials to our shareholders on the Internet will allow us to provide our shareholders with the information they need, while lowering the costs of delivery of our proxy materials and reducing the environmental impact of the Annual Meeting.

A Notice of Internet Availability that provides instructions for accessing our proxy materials on the Internet was mailed directly to registered shareholders. The Notice of Internet Availability also provides instructions regarding how registered shareholders may vote their common shares on the Internet. Registered shareholders who prefer to receive a paper or email copy of our proxy materials should follow the instructions provided in the Notice of Internet Availability for requesting such materials.

A notice that directs our beneficial shareholders to the website where they can access our proxy materials should be forwarded to each beneficial shareholder by the broker, bank or other holder of record who is considered the registered shareholder with respect to the common shares of the beneficial shareholder. Such broker, bank or other holder of record should also provide to the beneficial shareholders instructions on how the beneficial shareholders may request a paper or email copy of our proxy materials. Beneficial shareholders have the right to direct their broker, bank or other holder of record on how to vote their common shares by following the voting instructions they receive from their broker, bank or other holder of record.

To enroll in the electronic delivery service for future shareholder meetings, use your Notice of Internet Availability (or proxy card, if you received printed copies of the proxy materials) to register online at [www.proxyvote.com](http://www.proxyvote.com) and, when prompted, indicate that you agree to receive or access shareholder communications electronically in future years.

### **Attendance at the Annual Meeting**

All of our shareholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Registration and seating will begin at 8:30 a.m. Eastern Time, and the Annual Meeting will begin at 9:00 a.m. Eastern Time. If you attend the Annual Meeting, you may be asked to present valid photo identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting. If you hold your common shares as a beneficial shareholder, you may also be asked to present a copy of a brokerage or bank statement reflecting your beneficial ownership of our common shares as of the record date.

### **How to Vote**

#### ***Registered Holders***

After receiving the Notice of Internet Availability (or proxy card, if you received printed copies of the proxy materials), registered shareholders are urged to visit [www.proxyvote.com](http://www.proxyvote.com) to access our proxy materials. You will have the opportunity to vote your common shares online at [www.proxyvote.com](http://www.proxyvote.com) until May 27, 2015 at 11:59 p.m. Eastern Time. When voting online, you must follow the instructions posted on the website and you will need the control number included on your Notice of Internet Availability (or proxy card, if applicable). If, after receiving the Notice of Internet Availability, you request (via toll-free telephone number, e-mail or online) that we send you paper or electronic copies of our proxy materials, you may vote your common shares by completing, dating and signing the proxy card included with the materials and returning it in accordance with the instructions provided. Your common shares will be voted as you direct if (1) you properly complete your proxy online, (2) you complete, date, sign and return your proxy card no later than 11:59 p.m. EDT on May 27, 2015 or (3) you are a registered shareholder, attend the Annual Meeting and deliver your completed proxy card in person.

## **Table of Contents**

A registered shareholder may revoke a proxy at any time before it is exercised by filing with our Corporate Secretary a written notice of revocation or duly executing and delivering to the Company a proxy bearing a later date. A registered shareholder may also revoke a proxy by attending the Annual Meeting and giving written notice of revocation to the secretary of the meeting. Attendance at the Annual Meeting will not by itself revoke a previously granted proxy.

## ***Beneficial Owners***

Beneficial shareholders should follow the procedures and directions set forth in the materials they receive from the broker, bank or other holder of record who is the registered holder of their common shares to instruct such registered holder how to vote those common shares or revoke previously given voting instructions. Please contact your broker, bank or other holder of record to determine the applicable deadlines. Beneficial shareholders who wish to vote at the Annual Meeting will need to obtain and provide to the secretary of the meeting a completed form of proxy from the broker, bank or other holder of record who is the registered holder of their common shares.

Brokers, banks and other holders of record who hold common shares for beneficial owners in street name may vote such common shares on routine matters (as determined under New York Stock Exchange ( NYSE ) rules), such as Proposal Three, without specific voting instructions from the beneficial owner of such common shares. Such brokers, banks and other holders of record may not, however, vote such common shares on non-routine matters, such as Proposal One, Proposal Two and Proposal Four without specific voting instructions from the beneficial owner of such common shares. Proxies submitted by such brokers, banks and other holders of record that have not been voted on non-routine matters are referred to as broker non-votes. Broker non-votes will not be counted for purposes of determining the number of common shares necessary for approval of any matter to which broker non-votes apply (i.e., broker non-votes will have no effect on the outcome of such matter).

## **Householding**

SEC rules allow multiple shareholders residing at the same address the convenience of receiving a single copy of the Annual Report to Shareholders, proxy materials and Notice of Internet Availability if they consent to do so ( householding ). Householding is permitted only in certain circumstances, including when you have the same last name and address as another shareholder. If the required conditions are met, and SEC rules allow, your household may receive a single copy of the Annual Report to Shareholders, proxy materials and Notice of Internet Availability. Upon request, we will promptly deliver a separate copy of the Annual Report to Shareholders, proxy materials and Notice of Internet Availability, as applicable, to a shareholder at a shared address to which a single copy of the document(s) was delivered. Such a request should be made in the same manner as a revocation of consent for householding.

You may revoke your consent for householding at any time by contacting Broadridge Financial Solutions, Inc. ( Broadridge ), either by calling 1-800-542-1061, or by writing to: Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of receipt of your instructions at which time you will be sent separate copies of the documents.

Beneficial shareholders can request more information about householding from their brokers, banks or other holders of record.

## **Board's Recommendations**

Subject to revocation, all proxies that are properly completed and timely received will be voted in accordance with the instructions contained therein. If no instructions are given (excluding broker non-votes), the persons named as proxy holders will vote the common shares in accordance with the recommendations of the Board. The Board's recommendations are set forth together with the description of each proposal in this Proxy Statement. In summary, the Board recommends a vote:

1. FOR the election of its nominated slate of directors (see Proposal One);
2. FOR the approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Disclosure and Analysis, compensation tables and the narrative discussion accompanying the tables (see Proposal Two);

**Table of Contents**

3. FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2015 (see Proposal Three); and

4. FOR the proposal to amend our Code of Regulations to adopt proxy access (see Proposal Four).

If any other matter properly comes before the Annual Meeting, or if a director nominee named in this Proxy Statement is unable to serve or for good cause will not serve, the proxy holders will vote on such matter or for a substitute nominee as recommended by the Board.

**Quorum**

The presence, in person or by proxy, of the holders of a majority of the outstanding common shares entitled to vote at the Annual Meeting will constitute a quorum and permit us to conduct our business at the Annual Meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of common shares considered to be present at the Annual Meeting for purposes of establishing a quorum.

**Vote Required to Approve a Proposal**

***Proposal One***

Our Corporate Governance Guidelines contain a majority vote policy and our Amended Articles of Incorporation impose a majority vote standard applicable to the uncontested election of directors. Specifically, Article Eighth of our Amended Articles of Incorporation provides that if a quorum is present at the Annual Meeting, a director nominee in an uncontested election will be elected to the Board if the number of votes cast for such nominee's election exceeds the number of votes cast against and/or withheld from such nominee's election. In all director elections other than uncontested elections, the nine director nominees receiving the greatest number of votes cast for their election will be elected as directors. An uncontested election means an election of directors at a meeting of shareholders in which the number of director nominees does not exceed the number of directors to be elected.

A properly executed proxy marked as withholding authority with respect to the election of one or more nominees for director will not be voted with respect to the nominee or nominees for director indicated. Broker non-votes will not be considered votes cast for or against or withheld from a director nominee's election at the Annual Meeting.

See the Governance Majority Vote Policy and Standard section of this Proxy Statement for more information about our majority vote policy and standard.

***Other Matters***

For purposes of Proposal Two and Proposal Three, the affirmative vote of the holders of a majority of the common shares represented in person or by proxy and entitled to vote on each such matter will be required for approval. The votes received with respect to Proposal Two and Proposal Three are advisory and will not bind the Board or us. For purposes of Proposal Four, the affirmative vote of the holders of our common shares entitling them to exercise not less than a majority of the voting power of the Company on the proposal will be required for approval. A properly executed proxy marked abstain with respect to Proposal Two, Proposal Three and Proposal Four will not be voted with respect to such matter, although it will be counted for purposes of determining the number of common shares necessary for approval of such matter. Accordingly, an abstention will have the effect of a vote against Proposal Two, Proposal Three and Proposal Four. If no voting instructions are given (excluding broker non-votes), the persons named as proxy holders on the proxy card will vote the common shares in accordance with the recommendation of the Board. Broker non-votes will have no effect on Proposal Two or Proposal Three, but will have the same effect as a vote against Proposal Four.

- (1) recommending individuals to the Board for nomination as members of the Board and its committees;
- (2) taking a leadership role in shaping our corporate governance policies and practices, including recommending to the Board changes to our Corporate Governance Guidelines and monitoring compliance with such guidelines;
- (3) monitoring issues associated with CEO succession and management development; and
- (4) reviewing the compensation of the members of the Board and recommending any changes to such compensation to the Board for its approval.

All members of the Nominating / Corporate Governance Committee are independent as required by the Committee's charter and NYSE rules.

The functions of the Nominating / Corporate Governance Committee are further described in its charter, which is available in the Investor Relations section of our website (www.biglots.com) under the Corporate Governance caption. The Nominating / Corporate Governance Committee met seven times during fiscal 2014.

## **Table of Contents**

### **Selection of Nominees by the Board**

The Nominating / Corporate Governance Committee has oversight over a broad range of issues relating to the composition and operation of the Board. The Nominating / Corporate Governance Committee is responsible for recommending to the Board the appropriate skills and qualifications required of Board members, based on our needs from time to time. The Nominating / Corporate Governance Committee also evaluates prospective director nominees against the standards and qualifications set forth in the Corporate Governance Guidelines. Although the Nominating / Corporate Governance Committee has not approved any specific minimum qualifications that must be met by a nominee for director recommended by the Committee and has not adopted a formal policy with regard to the consideration of diversity in identifying director nominees, the Committee considers factors such as the prospective nominee's relevant experience, character, intelligence, independence, commitment, judgment, prominence, age, and compatibility with our CEO and other members of the Board. The Nominating / Corporate Governance Committee also considers other relevant factors that it deems appropriate, including the current composition of the Board and the alignment of the Board members skills and experiences with our strategic plan, diversity, the balance of management and independent directors, and the need for committee expertise. Before commencing a search for a new director nominee, the Nominating / Corporate Governance Committee confers with the Board regarding the factors it intends to consider in its search.

In identifying potential candidates for Board membership, the Nominating / Corporate Governance Committee considers recommendations from the Board, shareholders and management. A shareholder who wishes to recommend a prospective director nominee to the Board must send written notice to: Chair of the Nominating / Corporate Governance Committee, Big Lots, Inc., 300 Phillipi Road, Columbus, Ohio 43228. The written notice must include the prospective nominee's name, age, business address, principal occupation, ownership of our common shares, information that would be required under the rules of the SEC in a proxy statement soliciting proxies for the election of such prospective nominee as a director, and any other information that is deemed relevant by the recommending shareholder. Shareholder recommendations that comply with these procedures and that meet the factors outlined above will receive the same consideration that the recommendations of the Board and management receive.

Pursuant to its written charter, the Nominating / Corporate Governance Committee has the authority to retain consultants and search firms to assist in the process of identifying and evaluating director candidates and to approve the fees and other retention terms for any such consultant or search firm. Spencer Stuart was retained in connection with the selection of the director nominees proposed for election at the Annual Meeting.

### **Majority Vote Policy and Standard**

Our Amended Articles of Incorporation impose a majority vote standard in uncontested elections of directors and our Corporate Governance Guidelines contain a majority vote policy applicable to uncontested elections of directors. Article Eighth of our Amended Articles of Incorporation provides that if a quorum is present at the Annual Meeting, a director nominee in an uncontested election shall be elected to the Board if the number of votes cast for such nominee's election exceeds the number of votes cast against and/or withheld from such nominee's election. The majority vote policy contained in our Corporate Governance Guidelines requires any nominee for director who does not receive more votes cast for such nominee's election than votes cast against and/or withheld as to his or her election to deliver his or her resignation from the Board to the Nominating / Corporate Governance Committee. Broker non-votes have no effect in determining whether the required affirmative majority vote has been obtained. Withheld votes have the same effect as a vote against a director nominee. Upon its receipt of such resignation, the Nominating / Corporate Governance Committee will promptly consider the resignation and recommend to the Board whether to accept the resignation or to take other action. The Board will act on the recommendation of the Nominating / Corporate Governance Committee no later than 100 days following the certification of the shareholder vote. The Nominating / Corporate Governance Committee, in making its recommendation, and the Board, in making its decision, will evaluate such resignation in light of the best interests of Big Lots and our shareholders and may consider any factors and other information they deem relevant. We will promptly publicly disclose the Board's decision in a periodic or current report to the SEC.

### **Determination of Director Independence**

The Board affirmatively determined that, with the exception of Mr. Campisi, all of the directors nominated for election at the Annual Meeting are independent of Big Lots, its subsidiaries and its management under the standards set forth in the NYSE rules, and no director nominee has a material relationship with Big Lots, its subsidiaries or its management aside from his or her service as a director. Mr. Campisi is not an independent director due to his employment by Big Lots.

In determining that each of the director nominees other than Mr. Campisi is independent, the Board considered charitable contributions to not-for-profit organizations of which these director nominees or their immediate family members are executive officers or directors and determined that each of the transactions and relationships it considered was immaterial and did not impair the independence of any of the directors.

### **Related Person Transactions**

Our Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for Financial Professionals, and human resources policies prohibit, without the consent of the Board or the Nominating / Corporate Governance Committee, directors, officers and employees from engaging in transactions that conflict with our interests or that otherwise usurp corporate opportunities.

Pursuant to our written related person transaction policy, the Nominating / Corporate Governance Committee evaluates related person transactions. Consistent with SEC rules, we consider a related person transaction to be any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships):

- (1) involving more than \$120,000 in which we and any of our directors, nominees for director, executive officers, holders of more than five percent of our common shares, or their respective immediate family members were or are to be a participant; and
- (2) in which such related person had, has or will have a direct or indirect material interest.

Under our policy, our directors, executive officers and other members of management are responsible for bringing all transactions, whether proposed or existing, of which they have knowledge and which they believe may constitute related person transactions to the attention of our General Counsel. If our General Counsel determines that the transaction constitutes a related person transaction, our General Counsel will notify the chair of the Nominating / Corporate Governance Committee. Thereafter, the Nominating / Corporate Governance Committee will review the related person transaction, considering all factors and information it deems relevant, and either approve or disapprove the transaction in light of what the Committee believes to be the best interests of Big Lots and our shareholders. If advance approval is not practicable or if a related person transaction that has not been approved is discovered, the Nominating / Corporate Governance Committee will promptly consider whether to ratify the related person transaction. Where advance approval is not practicable or we discover a related person transaction that has not been approved and the Committee disapproves the transaction, the Committee will, taking into account all of the factors and information it deems relevant (including the rights available to us or other parties under the transaction), determine whether we should amend, rescind or terminate the transaction in light of what it believes to be the best interests of our shareholders and company.

Examples of factors and information that the Nominating / Corporate Governance Committee may consider in its evaluation of a related person transaction include:

- (1) the reasons for entering into the transaction;
- (2) the terms of the transaction;
- (3) the benefits of the transaction to us;
- (4) the comparability of the transaction to similar transactions with unrelated third parties;
- (5) the materiality of the transaction to each party;
- (6) the nature of the related person's interest in the transaction;
- (7) the potential impact of the transaction on the status of an independent director; and

(8) the alternatives to the transaction.

- 10 -

## **Table of Contents**

Additionally, on an annual basis, each director, nominee for director and executive officer must complete a questionnaire that requires written disclosure of any related person transaction. The responses to these questionnaires are reviewed by the Nominating / Corporate Governance Committee and our General Counsel to identify any potential conflicts of interest or potential related person transactions.

We have not engaged in any related person transactions since the beginning of fiscal 2014.

## **Board's Role in Risk Oversight**

The Board and its committees play an important role in overseeing the identification, assessment and mitigation of risks that are material to us. In fulfilling this responsibility, the Board and its committees regularly consult with management to evaluate and, when appropriate, modify our risk management strategies. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed about such risks through committee reports.

The Audit Committee assists the Board in fulfilling its oversight responsibility relating to the performance of our system of internal controls, legal and regulatory compliance, our audit, accounting and financial reporting processes, and the evaluation of enterprise risk issues, particularly those risk issues not overseen by other committees. The Compensation Committee is responsible for overseeing the management of risks relating to our compensation programs. The Nominating / Corporate Governance Committee manages risks associated with corporate governance, related person transactions, succession planning, and business conduct and ethics. The Public Policy and Environmental Affairs Committee, a management committee that reports to the Nominating / Corporate Governance Committee, oversees management of risks associated with public policy, environmental affairs and social matters that may affect our operations, performance or public image.

### **DIRECTOR COMPENSATION**

Under the Big Lots, Inc. Non-Employee Director Compensation Package established by the Board, each non-employee director is compensated for Board and committee participation in the form of retainers and fees and a restricted stock award.

#### **Retainers and Fees**

We pay our non-employee directors retainers and fees on a quarterly basis. Until May 29, 2014, the retainers and fees we paid to non-employee directors for consisted of: (1) an annual retainer of \$70,000 for each non-employee director other than the nonexecutive chair; (2) an annual retainer of \$160,000 for the nonexecutive chair; (3) an annual retainer of \$30,000 for the Audit Committee chair; (4) an annual retainer of \$20,000 for the chairs of the Compensation Committee and the Nominating / Corporate Governance Committee; (5) an annual retainer of \$15,000 for each Audit Committee member; (6) an annual retainer of \$10,000 for each Compensation Committee member and each Nominating / Corporate Governance Committee member; (7) donations by us in an aggregate annual amount up to \$15,000 to charitable organizations nominated by the non-employee director; (8) matching charitable donations by us in an aggregate annual amount up to \$15,000 to charitable organizations to which the non-employee director makes contributions; and (9) the payment of \$750 for each telephonic Board or committee meeting attended by the non-employee director in a fiscal quarter after the first telephonic meeting held by the Board or committee during such quarter. Effective May 29, 2014, the annual retainer for each non-employee director other than the nonexecutive chair increased to \$80,000 and effective August 28, 2014, the annual retainer for the nonexecutive chair increased to \$170,000.

During fiscal 2014, Messrs. Berger, Chambers, Hayes, Mallott, Solt, Tener, Tishkoff, and Ms. Lauderback qualified as non-employee directors and, as a result, received compensation for their Board service. Due to our employment of Mr. Campisi as CEO in fiscal 2014, he did not qualify as a non-employee director and he did not receive compensation for his service as a director. The compensation received by Mr. Campisi as an employee is shown in the Summary Compensation Table included in this Proxy Statement.

#### **Restricted Stock**

In fiscal 2014, the non-employee directors also received a restricted stock award having a grant date fair value equal to approximately \$110,000 (2,550 common shares). The fiscal 2014 restricted stock awards were made in June 2014 under the Big Lots 2012 Long-Term Incentive Plan ( 2012 LTIP ). The restricted stock awarded to the non-employee directors in fiscal 2014 will vest on the earlier of (1) the trading day immediately preceding the Annual Meeting or (2) the non-employee director's death or disability (as that term is defined in the 2012 LTIP). However, the restricted stock will not vest if the non-employee director ceases to serve on the Board before either vesting event occurs.

## **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended ( Exchange Act ), requires our directors and executive officers, and persons who beneficially own more than 10% of our outstanding common shares, to file with the SEC and the NYSE initial reports of ownership and reports of changes in ownership of our common shares. Executive officers, directors and greater than 10% shareholders are required by the SEC rules to furnish us with copies of all Section 16(a) reports they file. Based upon a review of filings with the SEC and written representations that no other reports were required, we believe that all of our directors and executive officers and greater than 10% shareholders complied during fiscal 2014 with the reporting requirements of Section 16(a) of the Exchange Act, except Mr. Hayes, a non-employee director, who inadvertently failed to disclose the sale of 411 of our common shares on March 21, 2014. This transaction was reported on a Form 4 dated March 28, 2014.

### **Compensation Discussion and Analysis**

This CD&A describes our executive compensation program for fiscal 2014 and certain elements of our executive compensation program for fiscal 2015 and explains how the Board and the Compensation Committee of the Board (which we refer to as the Committee in this CD&A) made its compensation decisions for our named executive officers, who, for fiscal 2014, were:

Mr. Campisi, our CEO and President;

Mr. Johnson, our Executive Vice President, Chief Financial Officer;

Ms. Bachmann, our Executive Vice President, Chief Operating Officer;

Mr. Chene, our Executive Vice President, Chief Merchandising Officer; and

Mr. Schlonsky, our Senior Vice President, Human Resources and Corporate Secretary.

## **Table of Contents**

### ***Executive Summary***

#### ***Objectives of Executive Compensation Program***

Through a balanced mix of salary, annual cash incentive awards and equity awards, the Committee and the Board seek to promote three primary objectives: (1) align the interests of executives and shareholders through performance-linked compensation; (2) motivate executives to contribute to our success and reward them for their performance; and (3) attract and retain talented executives by paying compensation that is competitive with the compensation paid by the companies in our comparator groups.

#### ***Company Performance for Fiscal 2014***

In fiscal 2014, we focused on improving our financial and operating performance. We delivered solid and improved operating and financial results in fiscal 2014, including:

positive comparable store sales in all four fiscal quarters and a 1.8% increase in comparable store sales for fiscal 2014;

an increase of \$52 million in net sales, an increase of 1%;

\$2.46 in diluted earnings per share from continuing U.S. operations, compared to \$2.44 diluted earnings per share in fiscal 2013;

an increase of 30 basis points in gross margin rate;

return on invested capital (*i.e.*, net operating profit after-tax divided by invested capital) ( ROIC ) of 14.9%;

total shareholder return of 73%; and

\$250 million returned to shareholders through share repurchases and approximately \$28 million returned to shareholders through dividends.

In fiscal 2014, our operating profit declined on a relative basis from fiscal 2013 (from \$230.1 million to \$224.5 million) but exceeded the amount projected by the Board in our fiscal 2014 corporate operating plan. We anticipated a decline in our operating profit as a result of the implementation of our strategic plan, which is designed to create long-term value for our shareholders.

#### ***Named Executive Officer Compensation for Fiscal 2014***

The principal elements of our executive compensation program remained the same in fiscal 2014: salary; annual cash incentive awards; and equity awards. However, given the commitment of the Committee and other outside directors to a pay-for-performance philosophy and our focus on improving our financial and operating performance in fiscal 2014, the Committee and other outside directors structured a significant portion of the compensation awarded to our named executive officers for fiscal 2014 as at risk or variable and dependent on our performance and/or the value of our common shares. The Committee believes this emphasis on at-risk and variable compensation advances the objectives of our executive compensation program. Specifically, the at-risk or variable compensation awarded to our named executive officers in fiscal 2014 included:

***Annual Cash Incentive Awards.*** Each named executive officer was eligible to receive a cash performance bonus based solely on our operating profit. The Committee and other outside directors selected operating profit as the sole financial measure because they believe it focuses our named executive officers on increasing our revenues and controlling our costs. The fiscal 2014 annual incentive awards were structured so that the target bonus would be earned only if we achieved the operating profit for fiscal 2014 projected in our annual corporate operating plan. Based on our \$222,278,299 operating profit in fiscal 2014, as adjusted and described below in the Elements of our Executive Compensation for Fiscal 2014 Annual Incentive Award for Fiscal 2014 section of the CD&A, our named

executive officers earned an annual incentive award for fiscal 2014 equal to 110% of their respective target bonus.

**Table of Contents**

*Performance Share Unit Awards.* For the first time, all of our named executive officers received a significant portion (60%) of their equity awards in the form of performance share unit awards ( PSUs ). The PSUs awarded to our named executive officers in fiscal 2014 will vest, if at all, after the completion of a three-year performance period based: (1) 50% on our average EPS performance, excluding extraordinary items, for each of the three years during the performance period; (2) 50% on our average ROIC performance, excluding extraordinary items, for each of the three years during the performance period; and (3) on the named executive officer's continued employment through the end of the performance period (except in the case of death, disability or retirement). The Committee and other outside directors selected EPS and ROIC as the financial measures applicable to the PSUs to incentivize our named executive officers to achieve long-term financial results that we believe will create shareholder value. Based on EPS of \$2.44 and ROIC of 14.9%, we achieved 99% of the targeted goal for EPS and 104% of the targeted goal for ROIC for the first year of the 2014 PSU three-year performance measurement period. This performance would equate to a 105% vesting factor, based on performance in the first year of the three-year performance period.

*Time-Vested Restricted Stock Unit Awards.* The remaining portion (40%) of our name executive officers' equity awards took the form of time-vested restricted stock unit awards ( RSUs ). RSUs are primarily intended to align the interests of our named executive officers and our shareholders and help retain and motivate our named executive officers. The RSUs will vest ratably over three years from the grant date of the award if the participant remains employed by us through each annual vesting date (except in the case of death, disability, retirement, involuntary termination or constructive termination).

The following graphs show the percentage of Mr. Campisi's and our other named executive officers' total target compensation for fiscal 2014 that was at-risk or variable.

*2014 Annual Meeting Results and Shareholder Engagement*

At our 2014 annual meeting of shareholders, we held an advisory vote of our shareholders regarding the fiscal 2013 compensation of our named executive officers as disclosed in our 2014 Proxy Statement (the 2014 say-on-pay vote ). Approximately 91% of votes cast voted in favor of our 2014 say-on-pay vote. The 2014 say-on-pay vote and discussions with shareholders before our 2014 annual meeting of shareholders suggested to us that the Company's redesigned executive compensation program was generally supported by our shareholders and effectively responded to the concerns expressed by our shareholders over the previous two years. Since our 2014 annual meeting of shareholders, the Committee has considered the results of the 2014 say-on-pay vote in its evaluation of our executive compensation program. Based on the strong support our shareholders expressed at our 2014 annual meeting of shareholders, the Committee did not make any changes to our executive compensation program as a result of the 2014 say-on-pay vote.

***Overview of our Executive Compensation Program***

*Philosophy and Objectives of our Executive Compensation Program*

Our executive compensation program is designed to:

*Align the interests of executives and shareholders through performance-linked compensation.*

We pay annual incentive awards only if we meet or exceed corporate performance goals. For fiscal 2014, we also awarded RSUs and PSUs. The PSUs vest only if we meet performance targets over a three-year performance period. For fiscal 2014, the targets the Committee established for the PSUs are based on EPS and ROIC, each of which account for 50% of the performance component of the PSUs.

## **Table of Contents**

*Motivate executives to contribute to our success and reward them for their performance.*

We use the bonus and equity elements of our executive compensation program to motivate our executives to improve our business, promote sustainable profitability and create shareholder value. These compensation elements incentivize our executives to meet or exceed the applicable corporate financial goals.

*Attract and retain talented executives by paying compensation that is competitive with the compensation paid by the companies in our comparator groups.*

We believe most executives who consider joining our company expect to receive amounts and elements of compensation comparable to those offered by most companies in our comparator groups and/or their current employer. We believe the amounts and elements of compensation that we offer make us competitive within our comparator groups, and that offering competitive packages has enabled us in recent years to attract and retain talented executives.

### *Executive Performance and Compensation Evaluation Process*

The Committee leads the process for establishing our annual executive compensation program, but seeks the approval of its compensation decisions from our other outside directors. The Committee believes that having all outside directors approve executive compensation is consistent with best practices in corporate governance. Additionally, as discussed in more detail below in the *Role of Management* and *Independent Compensation Consultant* sections of this CD&A, the Committee consults with management and may engage independent compensation consultants to take advantage of their expertise.

Because of his direct knowledge of the performance and contributions of the other members of our Leadership Team, our CEO provides the Board and Committee with (1) quarterly performance updates regarding each member of our Leadership Team beginning at our second quarter Board meeting and (2) an annual performance evaluation and compensation recommendation for each such Leadership Team member in the first quarter of each fiscal year. The Committee also regularly conducts executive sessions to evaluate our CEO's performance. All of our outside directors participate in the most comprehensive evaluation of our CEO's performance which takes place at our first quarter Board meeting. See the *Performance Evaluation* section of this CD&A for a discussion of the factors considered by our CEO, the Committee and the other outside directors when evaluating performance.

At its March 2014 meeting, the Committee:

reviewed and discussed the continued appropriateness of our executive compensation program, including its underlying philosophy, objectives and policies;

reviewed and discussed Mr. Campisi's performance, contributions and value to our business;

reviewed and discussed Mr. Campisi's performance evaluations and compensation recommendations for the other Leadership Team members;

reviewed and discussed comparative compensation survey data;

reviewed and analyzed tally sheets which included the total compensation awarded to each Leadership Team member during the immediately preceding two fiscal years;

analyzed the potential payments to each Leadership Team member upon termination of employment and change in control events;

considered internal pay equity by comparing the compensation of our CEO to the other members of our Leadership Team;

prepared its fiscal 2014 compensation recommendations for each member of our Leadership Team;

determined that a bonus was not payable under the 2006 Bonus Plan as a result of corporate performance in fiscal 2013;  
and

determined, for the named executive officers, that the second triggers for their fiscal 2011, fiscal 2012, and fiscal 2013 time-vested restricted stock awards were not achieved and that the first trigger for their fiscal 2013 time-vested restricted stock award was achieved as a result of corporate performance in fiscal 2013.

The Committee then shared its compensation recommendations, including the underlying data and analysis, with the other outside directors for their consideration and approval. The Committee's recommendations were consistent with Mr. Campisi's recommendations. At the March 2014 Board meeting, the outside directors discussed with the Committee the form, amount of, and rationale for the recommended compensation and, consistent with the Committee's recommendations, finalized the compensation awards for the Leadership Team members.

### *Performance Evaluation*

Our CEO, the Committee and our outside directors generally consider the following objective and subjective factors when evaluating the performance of the members of our Leadership Team, although the factors considered may vary for each executive:

long-term strategic goals;

short-term business goals;

profit and revenue goals;

expense goals;

operating margin improvement;

same store sales growth versus the industry;

earnings-per-share growth;

continued optimization of organizational effectiveness and productivity;

leadership and the development of talent; and

fostering teamwork and other corporate values.

Our CEO, the Committee and the other outside directors do not assign any of these performance factors a specific weight when they evaluate corporate performance or individual performance. Our CEO, the Committee and our other outside directors also consider the performance of our competitors, specific business challenges and general economic and market conditions in their performance evaluations. See the Comparative Compensation Data section of this CD&A for more information regarding the impact that the competitive market has on our executive compensation program.

Although the Committee and the other outside directors consider our CEO's recommendations, the Committee and the other outside directors may elect to not follow, and are not bound by, our CEO's recommendations on executive compensation. Our CEO, the Committee and the outside directors may consider different factors and may value the same factors differently.

The following items of corporate and individual performance were most significant in determining the base salary and equity awards provided to our named executive officers for fiscal 2014.

Mr. Campisi:

- (1) Implemented and executed a multi-year strategic planning process designed to better meet the expectations of our customers, improve the corporate culture for our employees and create value for our shareholders;
- (2) Recruited and effectively integrated a significant portion of our Leadership Team;

Edgar Filing: BIG LOTS INC - Form DEF 14A

- (3) Improved our merchandising mix and introduced disciplined approaches for our product sourcing and purchasing decisions; and
- (4) Stabilized the Company by more clearly defining our business focus, including closing our wholesale and Canadian operations.

**Table of Contents**

Mr. Johnson:

- (1) Promoted to Executive Vice President and also assumed additional responsibility associated with our real estate and asset protection departments;
- (2) Development and implementation of our annual corporate operating plan;
- (3) Executive leadership support for effective cash deployment and investor relations; and
- (4) Management's interface with the Audit Committee.

Ms. Bachmann:

- (1) Successful implementation of enhancements and upgrades to information technology infrastructure;
- (2) Implementation of our warehouse management system in our distribution centers; and
- (3) Development and implementation of a strategic plan for enhancing our customers shopping experience in our stores.

Mr. Chene:

- (1) As Mr. Chene joined the company at the end of fiscal 2013, the Committee did not adjust his salary in fiscal 2014 and his equity award was consistent with individuals with similar roles within our peer group.

Mr. Schlonsky:

- (1) Effective management of compensation and employee healthcare coverage costs;
- (2) Management's interface with the Compensation Committee; and
- (3) Recruited and hired a significant portion of our Leadership Team.

*Role of Management*

Our CEO plays a significant role in determining the compensation of the other members of our Leadership Team. Additionally, our CEO and the Committee consult with management from our human resources, finance and legal departments regarding the design and administration of our compensation programs, plans and awards for executives and directors. These members of management provide the Committee and CEO with advice regarding the competitiveness of existing and proposed compensation programs and the impact of accounting rules, laws and regulations on existing and proposed compensation programs. Management from our human resources, finance and legal departments also assist the Committee in the administration of our employee benefit and compensation plans in accordance with the Committee's charter and our compensation plans.

Our CEO and some members of management attend meetings of the Committee, and the CEO participates in the Committee's discussions regarding the compensation of the other Leadership Team members. These individuals do not participate in executive sessions of the Committee or when executive compensation determinations are made by the Committee and the other outside directors.

*Independent Compensation Consultant*

## Edgar Filing: BIG LOTS INC - Form DEF 14A

The Committee has the authority under its charter to retain independent compensation consultants as it deems necessary. In establishing executive compensation for fiscal 2014, the Committee's independent compensation consultant Exequity provided the Committee with compensation and financial information from the public filings of the members of our retailer comparator group (as defined below in the

Comparative Compensation Data section of this CD&A). The Committee also reviewed non-customized compensation surveys provided by several independent compensation consultants at the request of our human resources department.

*Comparative Compensation Data*

The Committee reviews data regarding the compensation of executives at other companies in its annual review of the compensation of the members of our Leadership Team. For fiscal 2014, the Committee reviewed compensation data for a group of retailers similar to us with whom we believe we compete for talent (the retailer comparator group). The factors the Committee considered in selecting companies for the retailer comparator group included revenue (generally one-half to two times our revenue), gross profit margin (cost of goods sold divided by revenues; generally within ten percentage points of our gross profit margin), geographic location (preference for companies in the Columbus, Ohio area with whom we compete for talent), inventory turns (cost of goods sold divided by average inventory turns; within approximately 50 points of our score), gross margin return on investment (gross margin dollars divided by average inventory with no set range, but used as an additional reference point), market capitalization, net income, earnings per share, price-to-earnings ratio and shareholder return. The companies included in the retailer comparator group for fiscal 2014 were:

Abercrombie & Fitch	Dollar Tree	L Brands
Ascena Retail Group	DSW	RadioShack
Bed Bath & Beyond	Family Dollar	Ross Stores
Dick's Sporting Goods	Foot Locker	Tractor Supply
Dollar General	Kohl's	Williams-Sonoma

The Committee also reviewed aggregated executive compensation data regarding broader groups of companies included in compensation surveys provided by Mercer, TowersWatson and Hay. These broader comparator groups consisted of the Standard & Poor's Retail Stores Index companies and other companies, including non-retailers, with whom we believe we compete for talent and whose revenues or operations are similar to ours. We believed it was prudent to consult both sets of information because the compensation surveys for the broader groups include compensation information on more executives and provide a more extensive basis on which to compare the compensation of the Leadership Team members, particularly those Leadership Team members whose responsibilities, experience and other factors are not directly comparable to the executives included in the publicly-available reports of the retailer comparator group. The comparator groups may vary from year to year based on the Committee's assessment of which companies compete with us for talent and are similar to us in terms of operations or revenues and whether compensation information for the companies remains publicly available.

The Committee and our human resources department reviewed each Leadership Team member's responsibilities and compared, where possible, the total direct compensation levels for our Leadership Team members to the total direct compensation of similarly situated executives within the comparator groups. For purposes of this evaluation, no specific weight was given to one comparator group over the other and total direct compensation was comprised of salary, annual incentive award at target and equity awards.

While we evaluate total direct compensation awarded to Leadership Team members against the total direct compensation paid by the comparator groups, this evaluation merely provides a point of reference and market check and is not a determinative factor for setting our executives' compensation. As discussed in this CD&A, compensation is subjectively determined based on numerous factors. We do not benchmark or target our compensation at any particular level in relation to the compensation of the comparator groups. We believe that our use of compensation data enables us to retain the flexibility necessary to make adjustments for performance and experience, attract, retain and motivate top talent, and reward executives who we believe excel or take on greater responsibility than executives at comparator companies.

***Elements of our Executive Compensation for Fiscal 2014***

The primary compensation elements we provide to our named executive officers are salary, bonus opportunities under the 2006 Bonus Plan and equity awards under the 2012 LTIP. In addition, our named executive officers are entitled to certain limited personal benefits and perquisites. We believe each of these individual elements and the total mix of elements are necessary to provide a competitive executive compensation program and advance our compensation philosophy and objectives.

**Table of Contents***Salary for Fiscal 2014*

The Committee annually reviews and establishes the salary for each named executive officer. Salary serves as a short-term retention tool. A minimum salary for Mr. Campisi and Ms. Bachmann is set forth in his or her respective employment agreement, as described below in the Elements of our Executive Compensation for Fiscal 2014 Employment Agreements section of this CD&A. Salary adjustments are based on a thorough and robust review of each named executive officer's performance, but specific salary increases are not formally tied to any specific accomplishment.

In reviewing the salaries of our named executive officers, the Committee considered, among other matters, each executive's past performance, experience, scope of responsibilities, base salary in comparison to our other employees and anticipated future contributions. For fiscal 2014, the Committee approved the following salaries for the named executive officers, which became effective March 30, 2014:

Name	Fiscal 2014 Salary (\$)
Mr. Campisi	\$950,000
Mr. Johnson	\$510,000
Ms. Bachmann	\$650,000
Mr. Chene	\$500,000
Mr. Schlonsky	\$410,000

*Annual Incentive Award for Fiscal 2014*

Each named executive officer has the opportunity to earn an annual incentive award under the 2006 Bonus Plan. We design our annual incentive awards to retain, motivate and reward executives on a year-to-year basis. Annual incentive award payouts correspond to a percentage of each named executive officer's salary ( payout percentage ) and are based on whether we achieve certain corporate performance goals under one or more financial measures established by the Committee when achievement of the goal is substantially uncertain. The corporate performance goals and financial measures are set annually at the discretion of the Committee and the other outside directors in connection with the Board's approval of our annual corporate operating plan, subject to the terms of the 2006 Bonus Plan and, in the case of Mr. Campisi and Ms. Bachmann, their respective employment agreements.

The lowest level at which we will pay an annual incentive award under the 2006 Bonus Plan is referred to as the threshold. The level at which we generally plan our performance and the associated payout under the 2006 Bonus Plan is referred to as the target. The maximum level at which we will pay an annual incentive award under the 2006 Bonus Plan is referred to as the maximum. If our performance in a fiscal year exceeds the minimum corporate performance goal that earns a threshold bonus, there is a corresponding increase in the amount of the annual incentive award (up to the maximum bonus level). Conversely, if we do not meet the minimum corporate performance goal, executives do not receive an annual incentive award. We believe that our annual incentive awards support our pay-for-performance philosophy and directly link the interests of our named executive officers with those of our shareholders. See the Bonus and Equity Plans discussion following the Summary Compensation Table for more information regarding our annual incentive awards.

During their annual review of executive compensation in March 2014, the Committee and other outside directors approved the financial measure, corporate performance goals and payout percentages for the fiscal 2014 annual incentive awards.

The Committee and the other outside directors selected operating profit as the financial measure for the fiscal 2014 annual incentive awards because they believe it is a strong indicator of our operating results and financial condition. The Committee and other outside directors selected the corporate performance goals based on the annual corporate operating plan established by the Board. The corporate performance goals were set at an acceptable minimum (for the threshold annual incentive award), at (for the target annual incentive award), and above (for the maximum annual incentive award) the projected operating profit in our annual corporate operating plan. The Committee and other outside directors believed the selected goals provided challenging but reasonable levels of performance that were appropriate in light of our projected corporate operating plan for fiscal 2014, and

**Table of Contents**

our objective to promote sustained profitability while providing goals that motivate our executives. Because the Committee and the other outside directors consider the specific circumstances that we expect to face in the coming fiscal year (e.g., year-over-year comparable performance, general economic factors and performance of the retail sector), the relationship between each of the corporate performance goals and between the corporate performance goals and our annual corporate operating plan may vary significantly from year to year.

The payout percentages for our named executive officers for fiscal 2014 were established at the discretion of the Committee and other outside directors, subject, in the case of Mr. Campisi and Ms. Bachmann, to the minimum payout percentages established in their respective employment agreements. Except for Mr. Campisi and Mr. Johnson, the Committee and the other outside directors elected to maintain the annual incentive award payout percentages for our named executive officers for fiscal 2014 at the same levels as in fiscal 2013. The decision was primarily driven by the belief that those annual incentive award payout percentages were appropriate for fiscal 2014 to accomplish our executive compensation objectives. The decision to increase the bonus payout percentages for Mr. Campisi and Mr. Johnson was primarily driven by a review of comparative compensation data and the size, scope and importance of Mr. Campisi's and Mr. Johnson's respective areas of responsibility.

To calculate the amount of the annual incentive awards earned under the 2006 Bonus Plan, if any, we first calculate the applicable financial measure for purposes of our financial statements. We then adjust the measure to eliminate the effect of those events, transactions or accrual items described in the 2006 Bonus Plan. The Committee approves such adjustments at the same time it establishes the corporate performance goals and annual incentive award payout percentages applicable to the award. These adjustments may increase or decrease the corporate performance amount achieved. Additionally, the Committee may exercise negative discretion to cancel or decrease the annual incentive awards earned (but not increase an annual incentive award for a covered employee, as that term is used in Section 162(m) of the IRC). Accordingly, the corporate performance amount may differ from the financial measure amount reported in our financial statements.

The Committee exercised negative discretion to reduce the corporate performance amount achieved for fiscal 2014 to exclude certain accrual items that would have otherwise increased such amount. The Committee decided to exclude these accrual items principally because they were anticipated as part of the annual corporate operating plan upon which the financial measure and corporate performance goals were established for fiscal 2014, and not because of any corporate or individual performance factors.

The following table sets forth the payout percentage for each performance level, the corporate performance amount required to achieve the corresponding performance level, and the corporate performance amount and payout percentage achieved for fiscal 2014 (including the adjustments described in the preceding paragraph):

Annual Incentive Award Level and 2014 Results	Payout Percentage					Corporate Performance Amount (\$)
	Mr. Campisi	Mr. Johnson	(% of salary) Ms. Bachmann	Mr. Chene	Mr. Schlonsky	
No Bonus	0	0	0	0	0	0-\$206,394,999
Threshold	55	30	30	30	25	\$206,395,000
Target	110	60	60	60	50	\$220,705,000
Maximum	220	120	120	120	100	\$236,416,000
2014 Results	\$1,149,690	\$336,651	\$429,065	\$330,050	\$225,541	\$222,278,299

Our operating profit for fiscal 2014 exceeded the expectations of the Board, the Committee and management and earned a bonus between the target and maximum performance levels. The primary aim in setting the goals was to reward 2006 Bonus Plan participants while encouraging strong corporate earnings growth. As a consequence of the fiscal 2014 bonus payments, total cash compensation paid to the named executive officers for fiscal 2014 was generally at or above the median for our peer group. We believe higher than market average total cash compensation is appropriate in light of our fiscal 2014 performance and advances our objectives to motivate our executives and reward strong performance.

**Table of Contents***Equity for Fiscal 2014*

All equity awards granted to our named executive officers since May 23, 2012 have been issued under the 2012 LTIP. For fiscal 2014, we awarded PSUs and time-vested RSUs to our named executive officers. The Committee believes that granting a competitive amount of equity to our named executive officers aligns their interests with the interests of our shareholders and helps retain and motivate them. The Committee uses its discretion and market data to determine grant equity award sizes and does not utilize a particular formula to determine the size of the equity awards it grants. The Committee undertook the following process to determine the size of the equity awards granted to our named executive officers for fiscal 2014:

The Committee reviewed an estimate prepared by management of the number of common shares to be subject to equity awards granted during fiscal 2014 to all recipients other than Mr. Campisi. This estimate was based on historical grant information, anticipated future events, and Mr. Campisi's evaluation of the other Leadership Team members' individual performance and his recommendations for the size of their equity awards.

In executive session, the Committee evaluated and approved Mr. Campisi's recommendations for equity awards for the other Leadership Team members and determined the equity award for our CEO. In each case, the Committee made these determinations based on historical grant information and the Committee's subjective views of comparative compensation data, retention factors, corporate performance (particularly operating profit, income from continuing operations, selling and administrative expenses and EPS against planned and prior performance), individual performance, the executive's level of responsibility, the potential impact that the executive could have on our operations and financial condition and the market price of our common shares. See the Performance Evaluation section of this CD&A for a discussion regarding how our CEO and the Committee evaluate performance.

The Committee believes that this process makes our equity compensation awards consistent with corporate and individual performance and our policy that incentive compensation should increase as a percentage of total compensation as the executive's level of responsibility and potential impact on our operations and financial condition increases. Corporate and individual performance were the most significant factors in determining the size of the equity awards made to our named executive officers in fiscal 2014.

Vested PSUs and RSUs will be settled in our common shares. Any PSUs or RSUs that do not vest will be forfeited. The PSUs and RSUs do not have voting rights. PSUs and RSUs include a dividend-equivalent right, which represents the right to receive the equivalent of any cash dividends payable with respect to our common shares underlying the awards. Any cash dividends will accrue without interest and will vest and be paid only at the time the corresponding PSUs or RSUs vest. Any accrued cash dividends relating to PSUs or RSUs that do not vest will be forfeited.

The PSUs awarded to our named executive officers in fiscal 2014 covered a target number of PSUs. The PSUs will vest, if at all, after the completion of a three-year performance period based: (1) 50% on our average EPS performance, excluding extraordinary items, for each of the three years during the performance period; (2) 50% on our average ROIC performance (net operating profit after-tax divided by invested capital for the fiscal year), excluding extraordinary items, for each of the three years during the performance period; and (3) on the named executive officer's continued employment through the end of the performance period (except in the case of death, disability or retirement).

The actual number of PSUs that will vest will increase to 150% of the target number if we achieve the maximum performance levels for both of the EPS and ROIC performance goals, and decrease to zero if we fail to meet the minimum performance levels for both of the performance goals. If we achieve the minimum performance levels for both of the EPS and ROIC performance goals, 50% of the target number of PSUs will vest. The percentage of the target number of PSUs that will vest for performance between the minimum and maximum performance levels will increase proportionately from 50% to 150% based on our actual performance as described in the following chart:

<b>Performance Level</b>	<b>3-Year Average Performance Attainment</b>	<b>Vesting Factor</b>
Threshold	80%	50%
Target	100%	100%
Maximum	120%	150%

**Table of Contents**

The Committee establishes the minimum, target and maximum performance levels applicable to the EPS and ROIC performance goals. For the first year of the fiscal 2014 PSU awards, the Committee established the minimum, target and maximum EPS performance levels at \$1.96, \$2.45 and \$2.94, respectively, and the minimum, target and maximum ROIC performance levels at 11.44%, 14.30% and 17.16%, respectively, as such measures will appear in our Form 10-K for fiscal 2014.

The time-vested RSUs awarded to our named executive officers in fiscal 2014 covered a fixed number of RSUs. The time-vested RSUs will vest, if at all, ratably over three years from the grant date of the award if the participant remains employed by us through each annual vesting date (except in the case of death, disability, retirement, involuntary termination or constructive termination). These RSUs are also subject to an operating profit performance component that requires us to earn at least one dollar in operating profit for the fiscal year in which the grant date occurs or in either of the two fiscal years immediately thereafter. The performance component is designed to preserve the deductibility of the RSU awards under Section 162(m) of the IRC, as such measure will appear in our Current Report on Form 8-K reflecting the attainment of the performance measure. As a result of our performance in fiscal 2014, the performance measure for the fiscal 2014 RSU awards was met. Accordingly, the first third of the fiscal 2014 time-vested RSU award vested on the second trading day after we filed with the SEC our Current Report on Form 8-K reflecting the attainment of the performance measure.

*Personal Benefits and Perquisites*

We provide our named executive officers with certain benefits that are available to nearly all salaried employees, including paid group term life insurance equal to one and a half times base salary, matching contributions to our Savings Plan, and medical and dental insurance. We generally provide the following limited personal benefits and perquisites to employees at or above the vice president level: (1) coverage under the Big Lots Executive Benefit Plan ( Executive Benefit Plan ); (2) enhanced long-term disability insurance coverage; and (3) use of an automobile or payment of an automobile allowance. We believe these personal benefits and perquisites, although immaterial to us in amount, are an important element of total compensation because of the value our executives place on these benefits.

Our Executive Benefit Plan reimburses executives for health-related costs incurred but not covered under our Big Lots Associate Benefit Plan, up to an annual maximum reimbursement of \$40,000 per family. Amounts received by named executive officers under the Executive Benefit Plan are treated as taxable income, and we reimburse each executive the approximate amount of his or her income tax liability relating to the benefits received under the Executive Benefit Plan.

We offer short-term disability coverage to all full-time employees and long-term disability coverage to all salaried employees. The benefits provided under the long-term disability plan are greater for our named executive officers than for employees below the vice president level. Under the long-term disability plan, the maximum benefit is \$65,686.

<b>Aggregate cost</b>	<b>\$ 1,515,053,557</b>
Gross unrealized appreciation	\$ 64,731,056
Gross unrealized depreciation	(336,828,677)
<b>Net unrealized depreciation</b>	<b>\$ (272,097,621)</b>

Written call options activity for the fiscal year to date ended March 31, 2009 was as follows:

	<b>Number of Contracts</b>	<b>Premiums Received</b>
Outstanding, beginning of period	1,731,429	\$ 46,546,455

<b>Outstanding, end of period</b>	<b>1,568,586</b>	<b>\$ 35,510,902</b>

All of the assets of the Fund are subject to segregation to satisfy the requirements of the escrow agent. At March 31, 2009, the Fund had sufficient cash and/or securities to cover commitments under these contracts.

The Fund is subject to equity price risk in the normal course of pursuing its investment objective. The Fund generally intends to write index call options above the current value of the index to generate premium income. In writing index call options, the Fund in effect, sells potential appreciation in the value of the applicable index above the exercise price in exchange for the option premium received. The Fund retains the risk of loss, minus the premium received, should the price of the underlying index decline.

At March 31, 2009, the aggregate fair value of derivative instruments in a liability position and whose primary underlying risk exposure is equity price risk was \$50,581,714.

Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements, established a three-tier hierarchy to prioritize the assumptions, referred to as inputs, used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At March 31, 2009, the inputs used in valuing the Fund's investments, which are carried at value, were as follows:

	<b>Valuation Inputs</b>	<b>Investments in Securities</b>	<b>Other Financial Instruments*</b>
Level 1	Quoted Prices	\$ 713,527,794	\$ (39,876,758)
	Other Significant Observable		
Level 2	Inputs	529,428,142	(10,704,956)
Level 3	Significant Unobservable Inputs		
<b>Total</b>		<b>\$ 1,242,955,936</b>	<b>\$ (50,581,714)</b>

\* Other financial instruments include written call options.

**Table of Contents**

The Fund held no investments or other financial instruments as of December 31, 2008 whose fair value was determined using Level 3 inputs.

Exchange-traded options are valued at the last sale price for the day of valuation as quoted on any exchange on which the option is listed or, in the absence of sales on such date, at the mean between the closing bid and asked prices therefore as reported by the Options Price Reporting Authority. Over-the-counter options are valued based on broker quotations, when available and deemed reliable.

For additional information on the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to the Fund's most recent financial statements included in its semiannual or annual report to shareholders.
