Dear Fellow Shareholders,

Amidst a challenging macroeconomic environment marked by unprecedented volatility across all asset classes, Annaly delivered strong financial results in 2015, declaring over \$1.2 billion in dividends and producing an attractive return on equity while maintaining a low leverage ratio relative to the industry. In addition to our dividend program, in August of last year, we authorized a repurchase plan of up to \$1 billion of our common shares through December 31, 2016. As of March 31, 2016, we have cumulatively repurchased \$614 million of stock under both our current program and our previous share repurchase program, which was initiated in 2012.

Annaly delivered strong financial results in 2015, declaring over **\$1.2 billion** in dividends

Throughout 2015, we continued to execute on our strategic plan to diversify our investments in assets with complementary cash flows. During the year, we expanded our allocation of capital into lower-levered, largely floating rate credit businesses from 11% to 23% of our total equity capital. We invested \$1.3 billion in growing our commercial real estate business, launching our own residential credit platform and nearly tripling the size of our middle market lending portfolio. On a stand-alone basis of roughly \$3 billion of equity capital, these three businesses would amount to one of the largest hybrid mortgage REITs in the world and three times the size of the average market capitalization for the 40 other mortgage REITs in the industry.

As of March 31, 2016, we have cumulatively repurchased **\$614 million** of stock

As we look ahead through 2016 and beyond, we remain focused both on returning value to our stockholders and enhancing our corporate governance, compensation and management structures. The Board of Directors continually evaluates these structures to further align the interests of our management with those of shareholders. Among numerous other initiatives, we announced the expansion of our stock ownership guidelines in the first quarter of 2016. Pursuant to these guidelines, more than 40% of the Annaly team (including our executive officers) will be asked to purchase predetermined amounts of shares in the open market. These guidelines reflect our desire to establish an ownership culture throughout the firm, which is also evidenced by the fact that senior management has purchased nearly 1.9 million common shares with an aggregate purchase price of \$22.0 million since 2011.

We expanded our allocation of capital into lower-levered, largely floating rate credit businesses from 11% to **23%** of our total equity capital

We are proud of our attention and focus on our shareholders over the years and our industry best practices are exemplified by what I believe is one of the most shareholder friendly management agreements in the asset management industry. Our management contract is structured without termination or incentive fees, has one of the lowest fixed management fee percentages in the industry and a two-year term that provides our Board and shareholders with the opportunity to actively monitor and assess our performance over reasonable time frames. In addition to the stock ownership guidelines discussed above, other recent enhancements include the adoption of a robust clawback policy for the management fee, increased stock ownership guidelines for our

Independent Directors, a four-year stock holding period requirement, an anti-pledging policy (which is complementary to our existing anti-hedging policy) and the creation of the role of Lead Independent Director, which is currently held by Jon Green.

Also, given the various changes to the market, our industry and our business, we have dedicated tremendous focus and resources to enhancing our financial disclosure and risk management practices. Over the past year, we provided increased transparency into our amended capital allocation policy and more granular portfolio detail on our growing credit businesses. This year's proxy statement, which includes an updated format and graphics, also reflects our continued focus on accuracy and transparency. Our paramount responsibility, as long term stewards of capital, is to ensure that we have appropriate clarity within our financial statements, strong risk management practices and the comprehensive operational infrastructure needed to support our evolving businesses. In 2015, significant achievements were made within our operating strategies including: attracting numerous key hires into our risk, legal, accounting, human resources and information technology teams; implementing enhanced asset, portfolio and risk management systems, including a comprehensive risk rating system across the various investment businesses; and restructuring our internal management reporting lines and governance committees to more appropriately monitor and manage our evolving strategies.

I look forward to welcoming many of you to our 2016 Annual Meeting of Stockholders.

Sincerely,

Kevin G. Keyes

Annaly at a Glance

New York Stock Exchange (NYSE): NLY

Founded in 1997

Largest mortgage REIT in the world

Diversified investment strategy

16.5% economic return (change in book value plus dividends paid) from the beginning of 2014 through the end of 2015

Share repurchase authorization of up to \$1.0 billion of common shares through the end of 2016

605% total return since inception (including reinvestment of dividends) as of March 31, 2016

Paid out \$13.7 billion in dividends since inception

Conservative leverage ratios relative to specified peers

Management agreement aligns interests of our manager and our stockholders

Our management team has purchased nearly 1.9 million common shares since 2011

We have been externally managed by Annaly Management Company, LLC (our Manager) since 2013. Our Manager is responsible for managing our affairs pursuant to a management agreement. Our Manager pays all of the compensation, including benefits, to our executive officers (who are employees of our Manager) and our Manager's other employees. Although limited personnel (but none of our executive officers) are employed by our subsidiaries for regulatory or corporate efficiency reasons, all compensation and benefits paid to such personnel by our subsidiaries reduce, on a dollar-for-dollar basis, the management fee we pay to our Manager. For ease of reference, throughout this proxy statement, the employees of our Manager (including our executive officers) and our subsidiaries are sometimes referred to as our employees.

Key Accomplishments

Despite challenging market conditions for mortgage real estate investment trusts ("REITs") during 2015, we performed strongly and achieved a number of significant accomplishments that are discussed below.

Transitioned Leadership

Kevin G. Keyes was appointed Annaly's Chief Executive Officer effective September 30, 2015. On the same date, Wellington J. Denahan, our former Chief Executive Officer, transitioned to the position of Executive Chairman. Ms. Denahan continues to serve as Chairman of the Board and Jonathan D. Green continues to serve as our Lead Independent Director.

Diversified Investment Strategy

Over the last few years, we have diversified our investment strategy by investing in credit assets with complementary cash flows to achieve superior risk-adjusted returns over the long term. During 2015, we invested \$1.3 billion by growing our commercial real estate business, launching our own residential credit platform and nearly tripling the size of our middle market lending portfolio. On a standalone basis of roughly \$3 billion of equity capital, these three businesses would amount to one of the largest hybrid

mortgage REITs in the world, and three times the size of the average market capitalization for the 40 other mortgage REITs in the industry. The majority of our credit assets tend to have shorter-term maturities and floating interest rates. We expect that combining these credit assets with our core agency strategy should lead to a smoother earnings profile over various interest rate cycles. Given the relatively low price correlation between credit and agency-backed assets, we also expect that our diversified strategy will lead to lower book value volatility as markets fluctuate.

Proxy Summary

Our diversification strategy is reflected in the following allocation of our capital across four businesses – agency, commercial real estate, residential credit and middle market lending – as of December 31, 2015.

Dividends

From our inception in 1997 through December 31, 2015, we have paid over \$13 billion in dividends to our stockholders, as set forth in the table below. In 2015, we declared over \$1.2 billion in dividends.

Delivering Significant Value for Stockholders

From January 1, 2016 through March 31, 2016, we have repurchased an additional \$102.7 million of common stock and have \$783 million remaining authorization under the share repurchase program.

Total Common Stock Return Performance

Since 2014 (the first full year we were externally-managed, as more fully described in Management Structure below), we have performed well against what we consider to be our relevant benchmarks. As illustrated by the graph below, shares of our common stock (including the reinvestment of dividends) have returned significant value to our stockholders over the long term relative to both our mortgage REIT peers and other yield-focused investments.

Since 2014, Annaly has generated a total return of 33.1% to our stockholders

Economic Return Performance

Since we are organized as a REIT and therefore must distribute at least 90% of our taxable income to our stockholders annually, we believe that economic return, comprised of dividends paid and changes in book value measured over a specified period, is an especially meaningful performance metric for the Company. Concerns over increases in interest rates led us to maintain this relatively conservative leverage over the period compared to our Agency mREIT peers. Our Agency mREIT Peers consist of American Capital Agency Corp. (AGNC), Hatteras Financial Corp. (HTS), CYS Investments, Inc. (CYS), Capstead Mortgage Corp. (CMO), Armour Residential REIT, Inc. (ARR), and Anworth Mortgage Asset Corp. (ANH) (collectively, the Agency mREIT Peers), and represent the agency mortgage REITs included in the BBREMTG Index as of March 31, 2016 with market capitalization above \$200 million. From the beginning of 2014 through the end of 2015, we generated an economic return of 16.5% and operated at 30% less leverage than this peer group.

From the beginning of 2014 through the end of 2015, we generated an economic return of 16.5% and operated at 30% less leverage than our Agency mREIT Peers

Stockholder Outreach and Engagement

Since September 2015, we have had a renewed focus on developing and maintaining relationships with both our retail and institutional stockholders. As of March 31, 2016, our outreach has included six non-deal roadshows with institutional investors, encompassing eight cities and meetings with 42 different investors. Over the same period, we held an additional 37 one-on-one meetings with investors to gain and share valuable insights on a variety of topics, including the Company's diversified investment strategy and our corporate governance, compensation and management structures. In addition, we have enhanced our efforts to personalize our interaction with retail investors, providing high-touch responses to all requests for information. Members of our Board may participate in investor outreach when appropriate. Stockholders are invited to communicate with the Board as described under [Communications with the Board](#) as described below.

Our Manager and Our Management Agreement

Highlights of our management agreement

All of our executive officers are employees of our Manager

Our Manager is responsible for the compensation of its employees (including our executive officers) who provide services to the Company. We do not pay any cash or equity compensation to our executive officers, do not provide pension benefits, perquisites or other personal benefits, and have no employment agreements or arrangements to pay any cash severance upon their termination or a change in control of the Company

Our Manager receives a flat management fee equal to 1.05% of our stockholders' equity, which is used to pay the compensation and benefits of its employees (including our executive officers). However, no specific portion of the management fee is allocated to the compensation of our executive officers

For 2015, the management fee was approximately \$150.3 million

Over the past several years, our Manager has made significant investments in our personnel corresponding to the diversification of our investment strategy into more people-intensive asset classes (including residential credit, commercial real estate and middle market lending assets), as well as to the enhancement of our corporate infrastructure. These investments include the build out of teams for our agency, residential credit, commercial real estate and middle market lending businesses, and significant hires in our risk, legal, accounting, capital markets, middle office, regulatory, licensing, modeling, project management, forecasting and information technology departments.

The costs of these personnel expansions and improvements have been paid by our Manager rather than by us. Unlike a number of other externally-managed REITs, we do not reimburse our Manager for any portion or subset of employment costs, all of which are borne by our Manager. An increase to these costs does not result in any increase to the management fee, which is a fixed percentage of our stockholders' equity as described above.

The independent members of our Board review the efforts of our Manager to ensure that it continues to invest in our personnel. The Board has concluded that the efforts of our Manager to develop and enhance our personnel have resulted in the establishment of a robust and high quality management team having a full complement of human capital to drive our business performance. We believe our management team compares very favorably in terms of size, scope and experience with our mortgage REIT peers.

For additional information about our Manager, our management agreement and executive compensation, see Certain Relationships and Related Party Transactions, Our Management Structure and Compensation Discussion and Analysis.

Independence of Our Directors

Our Corporate Governance Guidelines and NYSE rules require that at least a majority of our Board members are Independent Directors. We have adopted the definition of independent director set forth in Section 303A of the NYSE rules and have affirmatively determined that each Director (other than Ms. Denahan and Mr. Keyes) has no material relationships with us (either directly or as partner, stockholder or officer of an organization that has a relationship with us) and is therefore independent in accordance with the standards set forth in the NYSE rules and our Corporate Governance Guidelines.

Director Nomination Process

The Nominating/Corporate Governance (NCG) Committee is responsible for identifying and screening nominees for Director and for recommending to the Board candidates for nomination for election or re-election to the Board and to fill Board vacancies. Nominees may be suggested by Directors, members of management, stockholders or professional search firms. In evaluating a Director nomination, the NCG Committee may review materials provided by the nominator, a professional search firm or other party.

The NCG Committee seeks to achieve a balance of knowledge, experience and capability on the Board and considers a wide range of factors when assessing potential Director nominees, including a candidate's background, skills, expertise, diversity, accessibility and availability to serve effectively on the Board. All candidates should (i) possess the highest personal and professional ethics, integrity and values, exercise good business judgment and be committed to representing the long-term interests of the Company and its stockholders, and (ii) have an inquisitive and objective perspective, practical wisdom and mature judgment. It is expected that all Directors will develop an understanding of the Company's business and be willing to devote sufficient time and effort to carrying out their duties and responsibilities effectively.

Although the NCG Committee does not have a formal diversity policy, it believes that diversity is an important factor in determining the composition of the Board. Additionally, the Company endeavors to have a Board representing diverse experiences at policy-making levels in business, finance, government, education, law and technology, and in other areas that are relevant to the Company's business and its status as a public company, as this contributes to our success and is in the best interests of our stockholders.

Properly submitted recommendations by stockholders will receive the same consideration by the NCG Committee as other suggested nominees.

Board Oversight of Risk

Risk management begins with our Board, through the review and oversight of the risk management framework, and continues with executive management, through the ongoing formulation of risk management practices and related execution in managing risk. The Board exercises its oversight of risk management primarily through its Risk Committee and Audit Committee. The Risk Committee is responsible for assisting the Board in its oversight of our risk governance structure, our risk management and risk assessment guidelines and policies, our risk tolerance, and our capital, liquidity, and funding. The Audit Committee assists the Board in its oversight of the quality and integrity of our accounting, internal controls and financial reporting practices, including independent auditor selection, evaluation and review, and oversight of the internal audit function. At least annually, the full Board reviews our risk management program, which identifies and quantifies a broad spectrum of enterprise-wide risks and related action plans, with management. For additional information on the responsibilities of the Risk Committee and the Audit Committee, please see the Board Committees section of this proxy statement.

The management committees responsible for our risk management include the Operating Committee, Enterprise Risk Committee, the Asset and Liability Committee, the Investment Committee and the Financial Reporting and Disclosure Committee.

In addition to the risk oversight processes outlined above, the Board reviews its risk assessment of the Company's compensation policies and practices applicable to the Company's equity incentive plans with the Compensation Committee. For additional information on this review, please see the Risks Related to Compensation Policies and Practices section of this proxy statement.

Management Succession Planning

The Board approves and maintains a succession plan for the Chief Executive Officer and other senior executives. In carrying out this function, the Board endeavors to ensure that the Company's management has the capabilities to cause the Company to operate in an efficient and business-like fashion in the event of a vacancy in senior management, whether anticipated or sudden.

Other Directorships

Certain Relationships and Related Party Transactions

Approval of Related Party Transactions

Each of our Directors, Director nominees and executive officers is required to report all transactions with us in which they or their immediate family member had or will have a direct or indirect material interest with respect to us in an annual disclosure questionnaire and on an on-going basis. We review these annual questionnaires and any interim reports and, if we determine it to be necessary, discuss any reported transactions with the entire Board. Other than as discussed in this section, there were no reported transactions for 2015 and there is no transaction currently pending for 2016. We do not, however, have a formal written policy for approval or ratification of such transactions, and all such transactions are evaluated on a case-by-case basis. If we believe a transaction is significant to us and raises particular conflict of interest issues, we will discuss it with our legal counsel, and if necessary, we will form an independent Board committee which has the right to engage its own legal and financial counsel to evaluate, approve or ratify the transaction.

Management Agreement

We have entered into a management agreement (the Management Agreement) with Annaly Management Company LLC (our Manager). Our management is conducted by our Manager through the authority delegated to it in the Management Agreement and pursuant to the policies established by our Board. The Management Agreement was effective as of July 1, 2013 and was amended in November 2014 and then amended and restated in April 2016, and may be further amended by agreement between us and our Manager.

The Management Agreement provides for a two-year term ending December 31, 2016 with automatic two-year renewals unless at least two-thirds of our Independent Directors or the holders of a majority of our outstanding shares of common stock elect to terminate the agreement in their sole discretion and for any or no reason. At any time during the term or any renewal term, either party may deliver to the other party prior written notice of its intention to terminate the Management Agreement no less than one year prior to its proposed termination date or, but only in the event our Manager is the terminating party, such earlier date as determined by us in our sole discretion. There is no termination fee for a termination of the Management Agreement by either us or our Manager.

The Management Agreement provides that during its term and, in the event of termination of the Management Agreement by our Manager without cause, for a period of one year following such termination, our Manager will not, without our prior written consent, manage any REIT which engages in the management of mortgage-backed securities in any geographical region in which we operate.

Pursuant to the terms of the Management Agreement, we pay our Manager a monthly management fee equal to 1/12th of 1.05% of our stockholders' equity, as defined in the Management Agreement, for its management services. We incurred approximately \$150.3 million in management fees under the Management Agreement during the year ended December 31, 2015.

Board Leadership Structure

We carefully considered the leadership structure of the Board in 2015. While we consider the appropriateness of this structure regularly, the deliberation is never more critical than in the context of a leadership transition. Effective September 30, 2015, Ms. Denahan transitioned from the role of Chief Executive Officer to the newly-created position of Executive Chairman and Mr. Keyes assumed the role of Chief Executive Officer. Ms. Denahan continues to serve as Chairman of the Board and Mr. Green continues to serve as our Lead Independent Director.

We believe that our current leadership structure, which comprises a separate Chairman of the Board and Chief Executive Officer, with Mr. Green serving as Lead Independent Director, is effective and serves the best interests of our stockholders. This structure allows Mr. Keyes to focus on his duties in managing the day-to-day operations of the Company, while benefitting from Ms. Denahan's invaluable knowledge and expertise regarding the Company's business. The Lead Independent Director has the following responsibilities:

**Our Lead
Independent
Director has
significant authority
and responsibilities**

Presides at all meetings of the Board in the absence of or at the request of the Chairman of the Board, including executive sessions of Independent Directors

Facilitates communication between the Independent Directors and the Chairman of the Board and the Chief Executive Officer

Advises on the selection of committee chairs

Approves the quality, quantity and timeliness of information sent to the Board

Approves Board meeting agendas

Approves Board meeting schedules to assure there is sufficient time for discussion of all agenda items

Has authority to call meetings of the Independent Directors

Authorizes the retention of outside advisors and consultants who report directly to the Board

If requested by stockholders, ensures that he is available, when appropriate, for consultation and direct communication with major stockholders

We believe that the Board's independent oversight function is further enhanced by our policy to hold regular executive sessions of the Independent Directors without management present and the fact that our four standing committees are comprised entirely of Independent Directors.

Executive Sessions of Independent Directors

Our Corporate Governance Guidelines require that the Board have at least two regularly scheduled meetings each year for our Independent Directors. These meetings, which are designed to promote unfettered discussions among our Independent Directors, are presided over by our Lead Independent Director. During 2015, our Independent Directors, without the participation of Board members who are members of management, held five meetings.

Board and Committee Evaluations

Edgar Filing: ANNALY CAPITAL MANAGEMENT INC - Form DEF 14A

The Lead Independent Director and the NCG Committee are responsible for overseeing an annual self-evaluation process for the Board. and its committees. Each standing committee of the Board evaluates its performance on an annual basis and reports to the Board on such evaluation.

Governing Documents**Code of Business Conduct and Ethics**

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to our Directors, executive officers and employees.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters of our Board committees, provide the framework for the governance of our Company.

Where You Can Find Our Governing Documents

Our Code of Business Conduct and Ethics, Corporate Governance Guidelines, Compensation Committee Charter, Audit Committee Charter, NCG Committee Charter and Risk Committee Charter are available on our website (www.annaly.com). We will provide copies of these documents free of charge to any stockholder who sends a written request to Investor Relations, Annaly Capital Management, Inc., 1211 Avenue of the Americas, New York, NY 10036.

Board Committees

The Board has four standing committees: the Audit Committee, the Compensation Committee, the NCG Committee, and the Risk Committee. Each committee is governed by a written charter approved by the Board and is comprised entirely of Independent Directors, as required under the existing rules of the Securities Exchange Act of 1934, as amended (the Exchange Act) and the NYSE. In addition, each member of the Audit Committee and the Compensation Committee meets the additional independence criteria applicable to directors serving on these committees under the NYSE listing rules.

Table of Contents**Board Structure and Processes****Director Stock Ownership Guideline**

In 2016, we increased the stock ownership guideline for our Independent Directors to provide that each Independent Director should strive to own an amount of our common stock equal to five times the annual cash retainer. Shares counting toward the guideline include shares that are owned outright, DSUs, and any other shares held in deferral accounts. To facilitate achievement of the guideline, we have adopted and implemented a retention ratio that requires Independent Directors to retain and hold 50% of the net profit shares from DSUs until the specified ownership level is achieved. Net profit shares are shares remaining after payment of income taxes upon settlement of the DSUs.

During 2016, we increased the stock ownership guideline for Independent Directors to 5x the annual cash retainer, which is currently \$100,000

No Conflicts of Interest for Compensation Consultant

During 2015, our Compensation Committee retained Frederic W. Cook & Co., a nationally-recognized compensation consulting firm (F. W. Cook), to assist the Compensation Committee in its review of the compensation arrangements provided to our Independent Directors. The Compensation Committee considered F. W. Cook 's independence in light of SEC regulations and NYSE listing standards. The Compensation Committee discussed all relevant factors and concluded that the continued engagement of F. W. Cook does not raise any conflicts of interest.

Table of Contents> **Our Management Structure****Overview**

Following our management externalization transaction (the Externalization), which was approved by our stockholders on May 23, 2013, we are externally managed by our Manager. Pursuant to the terms of the Management Agreement, we pay our Manager a management fee and our Manager pays all of the compensation to our management personnel (including our executive officers). The Compensation Committee annually reviews the management fee and the performance of our Manager, including the key accomplishments discussed beginning on page 2. The independent members of the Board then consider the Compensation Committee's recommendations when determining whether to renew or amend the terms of the Management Agreement. Based on the review and factors described in more detail below, the independent members of the Board have determined that the Management Agreement continues to be in the best interests of the Company and our stockholders. For additional information, see Certain Relationships and Related Party Transactions and Compensation Discussion and Analysis.

Management Agreement Terms

We believe that the terms and conditions of the Management Agreement compare favorably to the terms and conditions that exist between our externally-managed mortgage REIT peers and their respective managers. In particular, as illustrated by the table below, when compared to the median for the peer comparison, (i) the management fee paid to our Manager is lower as a percentage of stockholders' equity, (ii) the term of the Management Agreement was of a shorter duration, and (iii) the Management Agreement has no termination fee, which is expressed in the table below as a multiple of trailing average annual management fees.

- (2) ARR's termination fee is calculated using the prior 12-month period.
- (3) NCT's termination fee is calculated using the prior 12-month period.
- (4) NRZ's termination fee is calculated using the prior 12-month period. Pursuant to the terms of its management agreement, PMT's termination fee is calculated as a multiple of the base management fee and a performance incentive fee. For purposes of this table, we have disregarded any impact from this performance incentive fee on PMT's termination fee multiple.

Our Management Structure

Structure and Amount of the Management Fee

The Compensation Committee annually reviews both the structure of the management fee as well as the amount of such fee to determine whether they incentivize the management team to work towards the Company's desired goals to the benefit of long-term stockholder interests. The Compensation Committee has determined that the use of a management fee formulated as a percentage of stockholders' equity represents a responsible and prudent method of compensating the management team. In particular, in the context of a mortgage REIT that uses leverage as a key component of its business strategy, the Compensation Committee considers that providing for a contractually required payment structured as an incentive fee may misalign the goals of the management team from those of the stockholders. For example, an incentive fee based on the achievement of return thresholds may encourage the management team to seek the targeted returns by employing an excessive amount of leverage that constitutes an unacceptable risk to the Company and its capital base.

**Contractually required
incentive fees may
misalign the goals of
management from
those of stockholders
especially at a
mortgage REIT
where leverage is a
key component of
business strategy**

Moreover, the Compensation Committee believes that a management fee that is based upon stockholders' equity, along with the stock ownership guidelines discussed on page 22, align the management team to the goals of the Company. We believe that focusing the management fee on the preservation and growth of the Company's book value incentivizes our Manager to achieve long-term performance that protects our stockholders' equity as realized losses decrease such equity and, ultimately, the management fee.

Additionally, for our Manager to earn a larger management fee, the stockholders' equity of the Company would need to increase. As a result, the growth of the stockholders' equity is an alignment between the interests of our stockholders and the management team. Further, this alignment is stronger in the REIT industry than in other businesses. REIT regulations require us to pay at least 90% of our earnings to stockholders as dividends. As a result, unlike most companies, we cannot grow our business and our book value by reinvesting our earnings. Rather, our growth in book value depends on sequential access to the capital markets. This places a unique market discipline on us since we are able to access the capital markets only if the markets believe our performance warrants it.

We also believe that our management fee structure is more favorable to our stockholders than if it were based on total assets under management, which could potentially incentivize an external manager to excessively leverage assets under management in an attempt to increase short term incentive payouts.

Continued Cost Savings Related to the Externalization

We believe that the Externalization has materially reduced the Company's compensation-related costs. When comparing the management fees we paid for the fiscal years ended December 31, 2013, 2014, and 2015 against the estimated compensation costs (including tax costs) we would have paid for the same period if those costs remained what they were in 2012, we estimate that the Externalization has resulted in total compensation savings (calculated in accordance with GAAP) of approximately \$100 million.

Table of Contents

Our Management Structure

As illustrated by the table below, the management fee for each of 2013⁽¹⁾, 2014 and 2015 is significantly lower than our 2012 compensation expenses (which is represented by the dashed blue line):

⁽¹⁾ Although our Manager commenced management of Annaly on July 1, 2013, our stockholders received the benefit of the compensation savings created by the Externalization for the entire 2013 calendar year pursuant to a pro forma adjustment to the 2013 management fee. We calculated a pro forma management fee, which was the management fee as if we were managed by our Manager from January 1, 2013 until July 1, 2013, and the actual amount of cash compensation paid to all of our employees from January 1, 2013 until July 1, 2013 reduced the amount of the management fee owed to our Manager.

⁽²⁾ Assumes compensation costs for each of 2013, 2014 and 2015 would have remained what they were in 2012 (the last full year prior to the Externalization).

Annual Review of Manager Performance and Management Fee Considerations

The Compensation Committee annually reviews our performance and management fee against both our historical results and our mortgage REIT peers, based on a number of metrics, including those discussed above in the Proxy Summary and the expense ratios discussed below.

Our Management Fee as a Percentage of Our Average Stockholders' Equity

The Compensation Committee reviews (i) the management fee and (ii) our total operating expenses (including the management fee), as a percentage of our average stockholders' equity. The Compensation Committee believes this ratio is an important indicator of the performance of our Manager as it measures the extent to which we operate in an economically efficient manner.

As illustrated by the following table, as a percentage of average stockholders' equity, the management fee for 2015 is lower than the Company's pre-Externalization peak expense ratio.

**We annually review
both our performance
and the terms
and conditions of
our Management
Agreement**

Table of Contents**Our Management Structure**

We believe this analysis indicates that our Manager continued to preserve our capital in an economically efficient manner in 2015.

Peer Comparison of Operating Expenses as a Percentage of Average Stockholders' Equity

Reviewing our annual total operating expenses as a percentage of average stockholders' equity allows the Compensation Committee to compare the performance of our Manager to both our internally- and externally-managed mortgage REIT peers.

	2012	2013	2014	2015	Average
ANNALY	1.45%	1.66%	1.61%	1.58%	1.58%
Internally-Managed Peers	2.72%	3.83%	4.13%	3.84%	3.63%
Externally-Managed Peers	2.20%	2.88%	3.57%	3.75%	3.10%

Source: Company Filings, SNL and Bloomberg. Averages are market weighted based on market capitalization as of December 31st of each respective year.

Note: Internally-Managed Peers and Externally-Managed Peers represent the respective internally- and externally-managed members of the BBREMTG Index with market capitalization above \$200mm as of December 31st of each respective year. The average for each excludes Annaly and companies during years in which they became public or first listed. Operating Expense is defined as: (i) for Internally-Managed Peers, the sum of compensation & benefits, general & administrative expenses and other operating expenses, and (ii) for Externally-Managed Peers, the sum of net management fees, compensation & benefits (if any), general & administrative expenses and other operating expenses.

In its review of these operating expense ratios, the Compensation Committee noted that the Company has outperformed both our internally- and externally-managed mortgage REIT peers over the last four fiscal years. In this regard, the Compensation Committee has viewed the Company's performance as an indicator that, among other things, our Manager has managed the Company in an efficient manner with appropriately scaled operating costs (including the management fee).

Proposal 2 **Advisory Approval of Our Executive Compensation**

Our Board is committed to corporate governance best practices and recognizes the significant interest of stockholders in executive compensation matters. We are providing this advisory vote pursuant to Section 14A of the Exchange Act.

As described in detail under the headings Our Management Structure above and Compensation Discussion and Analysis below, we are externally managed by our Manager pursuant to the Management Agreement between our Manager and us. Our Manager is responsible for paying all compensation expense associated with managing us and our subsidiaries. We pay our Manager a management fee, and our Manager uses the proceeds from the management fee to pay compensation to its officers and personnel, including our executive officers. Our Manager makes all decisions relating to the compensation of our officers and personnel, including our executive officers, based on such factors as our Manager may determine are appropriate. Our Compensation Committee has no authority to influence or determine how our Manager compensates our executive officers. Our Manager does not consult with or disclose to the Compensation Committee any determinations made regarding the compensation of our named executive officers, including how much such officers are paid.

Our NEOs are eligible to receive equity awards pursuant to our equity incentive plan, which is administered by the Compensation Committee. No equity awards were made to any of our NEOs in 2015. In 2015, we did not pay any compensation to our NEOs.

The Board recommends that the stockholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

While this vote is advisory and not binding on us, our Board and Compensation Committee value the views of our stockholders and will consider the voting results when making compensation decisions regarding our equity incentive plans.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THIS RESOLUTION.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Our Compensation Committee is comprised solely of the following Independent Directors: Messrs. Segalas (Chair), Green, Schaefer and Nordberg. None of them is serving or has served as an officer or employee of us or any affiliate or has any other business relationship or affiliation with us, except his service as a Director, and there are no other Compensation Committee interlocks that are required to be reported under the rules and regulations of the Exchange Act.

Named Executive Officers

Our named executive officers (NEOs) for 2015 are:

Name	Title
Kevin G. Keyes	Chief Executive Officer (CEO), President and Director
Wellington J. Denahan	Chairman of the Board and Executive Chairman (Former CEO)
Glenn A. Votek	Chief Financial Officer (CFO)

Compensation Discussion and Analysis

As discussed above, our Manager pays all of the compensation, including benefits, to our executive officers (who are employees of our Manager) and our Manager's other employees. Although limited personnel (but none of our executive officers) are employed by our subsidiaries for regulatory or corporate efficiency reasons, all compensation and benefits paid to such personnel by our subsidiaries reduce, on a dollar-for-dollar basis, the management fee we pay to our Manager.

Accordingly, we did not pay any cash compensation to our executive officers, nor did we grant them any plan-based awards, for 2015. We do not provide our executive officers with pension benefits, perquisites or other personal benefits. We do not have any employment agreements with our executive officers and do not have arrangements to pay them any cash severance upon their termination or a change in control of the Company. As a result, no compensation is includable in the Summary Compensation Table for the NEOs for 2015.

Pursuant to the terms of the Management Agreement, we pay our Manager a monthly management fee equal to 1/12th of 1.05% of our stockholders' equity, as defined in the Management Agreement, for its management services, which was approximately \$150.3 million during the year ended December 31, 2015. No specific portion of the management fee is allocated to the compensation of our NEOs.

Our Manager, which is a private company that is not subject to the disclosure requirements of the SEC, has sole discretion to determine the compensation it pays to its employees, including our executive officers. Our Compensation Committee has no authority to influence or determine how our Manager compensates its employees, some of whom are our executive officers. Our Manager does not consult with or disclose to the Compensation Committee any determinations made regarding the compensation of our executive officers, including how much such officers are paid. Rather, as discussed above, the Compensation Committee is responsible for annually reviewing the performance of, and fees paid to, our Manager under the Management Agreement and for making recommendations to the independent members of the Board. For additional information, please see Certain Relationships and Related Party Transactions and Our Management Structure above.

We did not pay any cash compensation to our executive officers, nor did we grant them any plan-based awards, for 2015. We do not provide them with pension benefits, perquisites or other

personal benefits.

Table of Contents**Executive Compensation****Consideration of Say-on-Pay Voting Results**

At our 2015 annual meeting of stockholders, we submitted a non-binding advisory vote on the fiscal year 2014 compensation of our NEOs (commonly known as a Say-on-Pay vote) for the consideration of our stockholders. The Compensation Committee reviewed the results of this Say-on-Pay vote, which received support from approximately 94% of the votes cast.

As discussed above, in 2015, we paid our Manager a management fee, and the Manager paid all of the compensation of our NEOs. Although our NEOs are eligible to receive equity awards pursuant to our equity incentive plan administered by the Compensation Committee, no such awards were granted to any of our NEOs in 2015.

The Compensation Committee and the rest of our Board will continue to consider the outcome of future Say-on-Pay votes, as well as stockholder feedback received throughout the year, when making compensation decisions regarding any plan-based awards under our equity incentive plan. Stockholders are invited to express their views to the Compensation Committee as described under Communications with the Board.

Executive Compensation Policies**Clawback for the Management Fee**

Pursuant to the 2016 amendment and restatement of the management agreement, the Company will seek, and be entitled to receive, reimbursement from our Manager if the Board determines that a computation error (regardless of the reason for or amount of such error) resulted in the overpayment of a management fee to our Manager.

Stock Ownership Guidelines for Certain Employees

To align the interests of the employees of our Manager with those of our stockholders, the Board has instituted expanded stock ownership guidelines for certain employees and Manager personnel, including our NEOs. In 2016, our Board approved revising our existing stock ownership guidelines to require stock ownership as follows:

Position	Number of Individuals	Required Ownership of Annaly Stock	Timeframe to Meet Guideline
Chief Executive Officer	1	\$10,000,000	3 years
Executive Chairman	1	Maintain current holdings ⁽¹⁾	N/A
Chief Legal Officer	1	\$4,500,000	July 1, 2016
Other Operating Committee Members	7	30% of Annual Total Compensation	5 years
Managing Directors	20	20% of Annual Total Compensation	5 years
Director-Level Employees	33	10% of Annual Total Compensation	5 years
Total	63		

⁽¹⁾ Ms. Denahan held 1,673,134 shares of our common stock as of March 31, 2016.

These stock ownership guidelines apply to more than 40% of our employees and Manager personnel. As of March 31, 2016, all such individuals either met or, within the applicable period, are expected to meet the stock ownership guidelines.

In 2016, we adopted a clawback policy, expansive stock ownership guidelines and a four-year stock holding period requirement

Table of Contents**Executive Compensation
Stock Holding Period**

Under a policy adopted by the Compensation Committee in 2016, our employees and Manager personnel (including our executive officers) are required to hold for a period of four years the net after-tax shares of Company stock they receive through stock option exercises or vesting of equity incentive awards.

Prohibition on Hedging Company Securities

We have a policy prohibiting our employees and Manager personnel (including our executive officers) from engaging in any hedging transactions with respect to our equity securities held by them, which includes the purchase of any financial instrument (including forward contracts and zero cost collars) designed to hedge or offset any decrease in the market value of our equity securities.

Prohibition on Pledging Company Securities

In 2016, we adopted a policy prohibiting our employees and Manager personnel (including our executive officers) from holding Company securities in a margin account or pledging Company securities as collateral for a loan.

Risks Related to Compensation Policies and Practices

In 2015, the Board reviewed its risk assessment of the Company's compensation policies and practices applicable to the Company's equity incentive plans with the Compensation Committee. Following this annual review, the Compensation Committee determined that these compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us.

In 2016, we adopted a policy prohibiting the pledging of Company securities. We also have an anti-hedging policy in place.

Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee is responsible for the appointment, compensation, retention, and oversight of the Company's independent registered public accounting firm. Our Audit Committee has appointed Ernst & Young LLP ("Ernst & Young" or "E&Y") to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016, and stockholders are asked to ratify the selection at the Annual Meeting. Ernst & Young has served as our independent registered public accounting firm since 2012. In appointing Ernst & Young, the Audit Committee considered a number of factors, including Ernst & Young's independence, objectivity, level of service, industry knowledge, technical expertise, and tenure as our independent auditor. We expect that representatives of Ernst & Young will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. If the appointment of Ernst & Young is not ratified, our Audit Committee will reconsider the appointment.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR 2016.

Report of The Audit Committee

The Audit Committee has reviewed and discussed our audited financial statements with management and with Ernst & Young, our independent auditors for 2015.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, as amended.

The Audit Committee has received from Ernst & Young the written statements required by Public Company Accounting Oversight Board (PCAOB) Rule No. 3526, Communications with Audit Committees Concerning Independence, and has discussed Ernst & Young's independence with Ernst & Young.

In reliance on these reviews and discussions, and the report of the independent registered public accounting firm, the Audit Committee has recommended to our Board, and our Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2015 for filing with the SEC.

The aggregate fees billed for 2015 and 2014 by E&Y for each of the following categories of services are set forth below:

Service Category	2015	2014⁽¹⁾
Audit	\$ 2,129,350	\$ 2,081,800
Audit-Related	127,500	75,000
Tax	238,310	96,070
All Other		
Total	\$ 2,495,160	\$ 2,252,870

(1) For 2014, \$232,300 that was included in Audit-Related fees and \$23,000 that was included in All Other fees previously disclosed in our 2015 proxy statement have been reclassified to Audit fees. Also for 2014, \$75,000 that was included in All Other fees has been reclassified to Audit-Related fees. In addition, Audit fees for 2014 have been revised to include additional fees billed by E&Y related to our 2014 audit.

Audit fees primarily relate to integrated audits of our annual consolidated financial statements and internal control over financial reporting under Sarbanes-Oxley Section 404, reviews of our quarterly consolidated financial statements, audits of our subsidiaries financial statements and comfort letters and consents related to SEC registration statements.

Audit-Related fees are primarily for assurance and related services that are traditionally performed by the independent registered public accounting firm and include due diligence and accounting consultations.

Tax fees are primarily for preparation of tax returns and compliance services and tax consultations.

All Other fees are for those services not described in one of the other categories.

The Audit Committee has also adopted policies and procedures for pre-approving all non-audit work performed by our independent registered public accounting firm. The Audit Committee retained E&Y to provide certain non-audit services in 2015. Specifically, the Audit Committee pre-approved the use of E&Y for the following categories of non-audit services:

- SEC filings, including comfort letters, consents and comment letters
- accounting consultations on matters addressed during the audit or interim reviews
- review, including the issuance of a comfort letter, relating to commercial asset securitizations
- tax compliance and consultations

We understand the need for E&Y to maintain objectivity and independence as the auditor of our financial statements and our internal control over financial reporting. The Audit Committee requires the lead E&Y partner assigned to our audit to be rotated at least every five years, and we expect that the Audit Committee and its chair will be involved in selecting each new lead audit partner. Our Audit Committee approved the hiring of E&Y to provide all of the services detailed above prior to such independent registered public accounting firm's engagement. None of the services related to the *Audit-Related Fees* described above was approved by the Audit Committee pursuant to a waiver of pre-approval provisions set forth in applicable rules of the SEC.

The Audit Committee requires the lead audit partner to be rotated every five years and will be involved in selecting each new lead audit partner

Section 16(a) Beneficial Ownership Reporting Compliance

We believe that based solely on our review of the reports filed during the fiscal year ended December 31, 2015 and on the written representations of those filing reports, all filing requirements under Section 16(a) of the Exchange Act, as amended, applicable to our executive officers, Directors and beneficial owners of more than ten percent of our common stock were complied with on a timely basis, except that the Statements of Changes in Beneficial Ownership of Securities on Form 4 were not timely filed to report the acquisition of DSUs on May 21, 2015 by each of our Independent Directors (and, in the case of Mr. Brady only, the conversion of previously granted DSUs into common shares and the acquisition of such common shares by Mr. Brady on May 22, 2015) and were filed on June 2, 2015. The Company files the required reports on behalf of its executive officers and Directors.

Pursuant to our Amended and Restated Bylaws ("Bylaws"), any stockholder intending to nominate a Director or present a proposal at an annual meeting of our stockholders, that is not intended to be included in the proxy statement for such annual meeting, must notify us in writing not less than 120 days nor more than 150 days prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. Accordingly, any stockholder who intends to submit such a nomination or such a proposal at our 2017 annual meeting of stockholders must notify us in writing of such proposal by December 13, 2016, but in no event earlier than November 13, 2016.

Other Matters

As of the date of this proxy statement, the Board does not know of any matter that will be presented for consideration at the Annual Meeting other than as described in this proxy statement.

Questions and Answers about the Annual Meeting

Q: When and where is the Annual Meeting?

A: The Annual Meeting will be held on Thursday, May 26, 2016 at 9:00 a.m. (Eastern Time) at the Warwick Hotel, 65 West 54th Street, New York, NY 10019.

Q: Who is entitled to vote at the Annual Meeting?

A: Only common stockholders of record as of the close of business on the Record Date (March 29, 2016) are entitled to vote at the Annual Meeting.

Q: What quorum is required for the Annual Meeting?

A: A quorum will be present at the Annual Meeting if a majority of the votes entitled to be cast are present, in person or by proxy. Since there were 924,853,133 outstanding shares of common stock, each entitled to one vote per share, as of the Record Date, we will need at least 462,426,567 votes present in person or by proxy at the Annual Meeting for a quorum to exist. If a quorum is not present at the Annual Meeting, we expect that the Annual Meeting will be adjourned to solicit additional proxies.

Other Information

Q: What are the voting requirements that apply to the proposals discussed in this proxy statement?

A:

Proposal		Vote Required	Discretionary Voting Allowed?
<u>(1)</u>	<u>Election of Directors</u>	Majority	No
<u>(2)</u>	<u>Advisory approval of our executive compensation</u>	Majority	No
<u>(3)</u>	<u>Ratification of the appointment of Ernst & Young</u>	Majority	Yes

Majority means (a) with regard to an uncontested election of Directors, the affirmative vote of a majority of all the votes cast on the election of each Director; provided, however, that in a contested election of Directors where the number of nominees exceeds the number of Directors to be elected, the Directors shall be elected by a plurality of the votes cast; and (b) with regard to the advisory approval of our executive compensation and the ratification of the appointment of Ernst & Young, a majority of the votes cast at the Annual Meeting.

Discretionary voting occurs when a bank, broker, or other holder of record does not receive voting instructions from the beneficial owner and votes those shares in its discretion on any proposal as to which the rules of the NYSE permit such bank, broker, or other holder of record to vote. When banks, brokers, and other holders of record are not permitted under the NYSE rules to vote the beneficial owner's shares on a proposal, and there is at least one other proposal on which discretionary voting is allowed, the affected shares are referred to as broker non-votes.

Q: What is the effect of abstentions and broker non-votes ?

A: Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Abstentions and broker non-votes, if any, will have no effect on any of the proposals submitted at the Annual Meeting.

Q: How will my shares be voted if I do not specify how they should be voted?

A: Properly executed proxies that do not contain voting instructions will be voted as follows:

- (1) Proposal No. 1: FOR the election of Directors;
- (2) Proposal No. 2: FOR the approval, on a non-binding basis, of our executive compensation; and
- (3) Proposal No. 3: FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm.

The Company officers you appoint as proxies may vote for one or more adjournments of the Annual Meeting, including adjournments to permit further solicitations of proxies.

We do not expect that any matter other than the proposals described above will be brought before the Annual Meeting. If, however, other matters are properly presented at the Annual Meeting, the Company officers appointed as proxies will vote in accordance with the recommendation of our Board.

Q: What do I do if I want to change my vote?

A: You may revoke a proxy at any time before it is voted by filing with us a duly executed revocation of proxy, by submitting a duly executed proxy to us with a later date or by appearing at the Annual Meeting and voting in person. You may revoke a proxy by any of these methods, regardless of the method used to deliver your previous proxy. Attendance at the Annual Meeting without voting will

not itself revoke a proxy.

If you do not comply with the procedures outlined above, you will not be admitted to the Annual Meeting.
- Security measures will be in place at the Annual Meeting to help ensure the safety of attendees. Metal detectors similar to those used in airports may be located at the entrance to the meeting room and briefcases, handbags and packages may be inspected. Anyone who refuses to comply with these requirements will not be admitted.
- Q:** **How do I inspect the list of stockholders of record?**

Also, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for any reasonable expenses in forwarding

proxy materials to beneficial owners.

We have retained Innisfree M&A Incorporated, a proxy solicitation firm, to assist us in the solicitation of proxies in connection with the Annual Meeting. We will pay Innisfree a fee of \$15,000 for its services. In addition, we may pay Innisfree additional fees depending on the extent of additional services requested by us and will reimburse Innisfree for expenses Innisfree incurs in connection with its engagement by us. In addition to the fees paid to Innisfree, we will pay all other costs of soliciting proxies.

Stockholders have the option to vote over the Internet or by telephone. Please be aware that if you vote over the Internet, you may incur costs such as telephone and access charges for which you will be responsible.

Q: What is Householding and does Annaly do this?

A: "Householding" is a procedure approved by the SEC under which stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials receive only one copy of a company's proxy statement and annual report from a company, bank, broker or other intermediary, unless one or more of these stockholders notifies the company, bank, broker or other intermediary that they wish to continue to receive individual copies. We engage in this practice as it reduces our printing and postage costs. However, if a stockholder of record residing at such an address wishes to receive a separate annual report or proxy statement, he or she may request it orally or in writing by contacting us at Annaly Capital Management, Inc., 1211 Avenue of the Americas, New York, NY 10036, Attention: Investor Relations, by emailing us at investor@annaly.com, or by calling us at 212-696-0100, and we will promptly deliver the requested annual report or proxy statement. If a stockholder of record residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she may contact us in the same manner. If you are an eligible stockholder of record receiving multiple copies of our annual report and proxy statement, you can request householding by contacting us in the same manner. If you own your shares through a bank, broker or other nominee, you can request householding by contacting the bank, broker or other nominee.

Q: Could the Annual Meeting be postponed or adjourned?

A: If a quorum is not present or represented, our Bylaws permit the chairman of the meeting to postpone or adjourn the Annual Meeting, without notice other than an announcement.
