Dear Fellow PepsiCo Shareholders:

“In the 21st century, being a great company means being a good company. At PepsiCo, we are focused not only on the coming quarters, but the coming years, considering not only the level, but the duration of returns, while being responsive to the needs of the world around us.”

INDRA K. NOOYI

Chairman of the Board of Directors
and Chief Executive Officer

I am pleased to invite you to attend our 2018 Annual Meeting of Shareholders on Wednesday, May 2, 2018 at 9:00 a.m. Eastern Daylight Time. The Meeting will be held at the New Bern Riverfront Convention Center in New Bern, North Carolina, the “birthplace” of Pepsi. We hope you will attend, but for those who cannot, we will offer a live webcast of our Annual Meeting on our website at www.pepsico.com under “Investors” – “Events and Presentations.”

Our strategy has enabled us to deliver strong performance in the short term and invest in the long term

Our results in 2017 build on our strong track record over the past five years. We are proud of what we have accomplished, particularly in light of challenges posed by global megatrends impacting the food and beverage industry – from macroeconomic and political volatility and the continued rebalancing of the economic world; to shifting consumer preferences and increasing demand for more nutritious foods and beverages; to the disruption of the retail landscape; to the emergence of niche brands; to the pace of digital innovation.

We believe the steps we have taken over the past year have helped address these key challenges and position us to emerge even stronger from this period of change, by continuing to focus on:

- expanding our product portfolio and leveraging the strength of our distribution system to offer consumers more nutritious foods and beverages and a wide array of choices;
- strengthening our retail and foodservice relationships;
- minimizing our environmental footprint;
- building on our capabilities in design, e-Commerce and digital solutions to meet changing consumer consumption patterns and capture cost savings while streamlining our operations; and
- investing in our associates so that we have the talent base to position us for continued growth.

By focusing on these areas, we are building a business that balances top-line growth and productivity, while reinvesting savings back into the business towards capabilities and technologies that we believe will enable us to adapt and thrive in this dynamic environment and deliver value to our shareholders over the long term. This approach has enabled us to increase our annualized dividend per share for the 46th consecutive year, including the 15 percent increase that will take effect with the June 2018 dividend payment, and has allowed us to return a total of \$38 billion in cash to shareholders through dividends and share repurchases over the past five years alone.

Our strategy continues to be guided by our steadfast focus on managing the business responsibly and sustainably through Performance with Purpose

We delivered strong performance in 2017 by embracing an approach that has guided our strategy over the past decade and has enabled us to transform our business in a way that is sustainable and consistent with our values. Our vision – what we call Performance with Purpose – is to deliver top-tier financial performance over the long term by integrating sustainability into our business strategy, leaving a positive imprint on society and the environment. Our Performance with Purpose 2025 goals are designed to build on our progress and broaden our efforts across not only our Company, but our value chain, our industry and the world in a way that will enable us to further respond to changing consumer and societal needs in the face of new and increasing opportunities, challenges and uncertainties.

Our Board is actively engaged in the Company’s strategy

Edgar Filing: PEPSICO INC - Form DEF 14A

As stewards of our Company, our Board plays an essential role in determining PepsiCo's overall long-term strategy. Our Board has deep experience and expertise in the area of strategy development and insights into the most important

issues facing the Company. Our entire Board acts as a strategy committee and discusses the Company's key priorities annually in an extensive review of the Company's plans and throughout the year at almost every Board meeting, including during executive session without Company management present.

As we believe our performance is inextricably linked to the sustainability of the world in which we operate, sustainability topics are integral to our business strategy. As a result, the full Board considers sustainability issues as a vital element of its business oversight. To align with the new Performance with Purpose 2025 goals, our Board refined the roles of its Committees by creating a new Public Policy and Sustainability Committee in 2017. This Committee, which is comprised entirely of independent directors, assists the Board in providing more focused oversight of the Company's policies, programs and related risks that concern key public policy and sustainability matters.

We value the diversity of thought, experience and background in our Boardroom

As our Company's long-term strategy evolves, so do the skills, qualifications and experience that the Board seeks in its director nominees. The Board has a robust succession planning process designed to regularly review the mix of skills, qualifications and experience of the directors currently on the Board and needed in the future, as well as to identify individuals whose skills, qualifications and experience will enable them to meaningfully contribute to shaping our long-term business strategy.

We are extremely proud of the ongoing evolution of our Board and its track record on refreshment. We strive to maintain an appropriate balance of tenure, diversity, skills, qualifications and experience on the Board. Six members of the current Board have joined since 2014 and each brings new perspectives and ideas to the Board. At the same time, the Board believes it is equally important to benefit from the valuable experience and continuity that longer-serving directors bring to the Board. Twelve of the thirteen director nominees are independent and the average tenure of our independent director nominees is approximately six years. Nearly forty percent of our director nominees are women or ethnically diverse individuals and the three women on our Board all hold Board leadership positions. Six director nominees are citizens of countries other than the United States, providing management with a broad array of opinions and perspectives that are reflective of our global businesses.

Underpinning our performance is our enduring commitment to ethical business practices and strong corporate governance and tone at the top

At PepsiCo, we believe acting ethically and responsibly is not only the right thing to do, but also the right thing for our business. The Board has consistently demonstrated an enduring commitment to strong corporate governance practices and setting a strong tone at the top of the Company. We have adopted comprehensive corporate standards and policies to govern our operations and facilitate accountability for our actions.

We believe strong corporate governance and an ethical culture are the foundation for financial integrity, investor confidence and sustainable performance. We are focused on advancing our vision with honesty, fairness and integrity. PepsiCo is honored to have been named among Ethisphere's World's Most Ethical Companies for the twelfth consecutive year.

We value your views

The feedback we receive from our shareholders and other stakeholders is a cornerstone of our corporate governance practices. We believe that regular, transparent communication is essential to PepsiCo's long-term success, and we have a longstanding practice of regularly engaging with our shareholders and other stakeholders – such as customers, consumers, suppliers, associates, advocacy groups, governments and communities – on all aspects of our business. These important external viewpoints inform our decisions and our strategy. Through our ongoing dialogue with you, we seek to ensure that corporate governance at PepsiCo is a dynamic framework that can both accommodate the demands of a rapidly changing business environment and remain responsive to the priorities of our shareholders and other stakeholders.

Your vote is important

Whether or not you plan to attend the Annual Meeting in person, we encourage you to vote promptly. You may vote by telephone or over the Internet, or by completing, signing, dating and returning the enclosed proxy card or voting instruction form if you requested to receive printed proxy materials.

On behalf of our Board of Directors and all of our PepsiCo associates, thank you for being a PepsiCo shareholder and for your continued support of PepsiCo.

Sincerely,

Director Election Requirements and Majority-Vote Policy

All members of the Board are elected annually by our shareholders by a majority of the votes cast in an uncontested election (i.e., an election where the number of nominees is not greater than the number of directors to be elected), meaning that the number of votes cast "for" a director must exceed the number of votes cast "against" that director in order to elect the director to the Board. In a contested election, where the number of director nominees exceeds the number of directors to be elected, directors will be elected by a plurality vote. Under our Director Resignation Policy set forth in our Corporate Governance Guidelines, if a director nominee in an uncontested election receives more votes "against" than votes "for" his or her election, he or she must offer to resign from the Board. The Nominating and Corporate Governance Committee will make a recommendation to the Board on the resignation offer. Within 90 days following certification of the shareholder vote, the independent directors will determine, considering the best interests of the Company and its shareholders, whether to accept the director's resignation, and the Company will promptly publicly disclose such determination. A director who offers to resign pursuant to this Policy may not be present during the deliberations or voting by the Nominating and Corporate Governance Committee or the Board as to whether to accept the resignation offer.

Board Composition and Refreshment

We believe the Board benefits from a mix of new directors who bring fresh perspectives and longer-serving directors who bring valuable experience, continuity and a deep understanding of the Company. The Board strives to maintain an appropriate balance of tenure, turnover, diversity, skills and experience. To promote thoughtful Board refreshment, we have:

adopted a policy in which no director may stand for election to the Board after reaching the age of 72;
developed a comprehensive, ongoing Board succession planning process; and
implemented an annual Board and Committee self-assessment process.

Six members of our current Board have joined since the beginning of 2014. The average age of our director nominees is 61.8 years. The average tenure of our independent director nominees and all our director nominees is 6.3 years and 7.1 years, respectively.

Comprehensive, Ongoing Process for Board Succession Planning and Selection and Nomination of Directors

The Board regularly evaluates its composition, assessing individual director's skills, qualifications and experience to ensure the overall Board composition is aligned with the needs of PepsiCo's long-term business strategy. Each year, the Board assesses the directors to be nominated at the annual meeting. The Board reviews potential director vacancies in light of its ongoing self-evaluation and maintains an "evergreen" compilation of potential candidates that it regularly reviews at Board meetings. The Nominating and Corporate Governance Committee assists this process by considering prospective candidates and identifying appropriate individuals for the Board's further consideration. From time to time, the Nominating and Corporate Governance Committee engages independent third-party consulting firms to perform searches for director candidates who meet the current needs of the Board.

The Nominating and Corporate Governance Committee also assists the Board in considering succession planning for Board positions such as the Presiding Director and chairs of the committees.

The independent director who is designated as the Presiding Director is expected to serve in that role for a three-year term. The Board evaluates the Presiding Director's performance annually under the guidance of the Nominating and Corporate Governance Committee. Based on the recommendation of the Nominating and Corporate Governance Committee, the independent members of the Board re-elected Ian M. Cook as the Presiding Director of the Board in 2016 for another three-year term. Except as the Board may otherwise determine, the Chair of each Committee is appointed for a term of three years and no more than three consecutive three-year terms. The Board elected a new chair of our Nominating and Corporate Governance Committee in 2015, a new chair of our Audit Committee in 2016, and new chairs of our Compensation Committee and Public Policy and Sustainability Committee in 2017.

Throughout the director selection and nomination process, the Nominating and Corporate Governance Committee seeks to achieve diversity within the Board with diverse opinions and perspectives that are representative of our global business. This process is designed to provide that the Board includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to the business of the Company.

While not a formal policy, PepsiCo's director nomination processes call for the consideration of a range of types of diversity, including race, gender, ethnicity, culture, nationality and geography. Table of Contents

BOARD COMPOSITION AND REFRESHMENT

the Nominating and Corporate Governance Committee is committed to actively seeking out highly qualified women and minority candidates, as well as candidates with diverse backgrounds, skills and experience, to include in the pool from which Board nominees are chosen. The Board also annually assesses the diversity of its members as part of its self-assessment process.

Director Orientation and Continuing Education

We have a comprehensive orientation program for all new directors with respect to their role as directors and as members of the particular Board committees on which they will serve. This orientation program includes one-on-one meetings with senior management, visits to PepsiCo's operations and extensive written materials to familiarize new directors with PepsiCo's business, financial performance, strategic plans, executive compensation program, and corporate governance policies and practices. Additional training is also provided when a director assumes a leadership role, such as becoming a Committee Chair.

We also have continuing education programs to assist directors in enhancing their skills and knowledge to better perform their duties and to recognize, and deal appropriately with, issues that may arise. These programs may be part of regular Board and Committee meetings or provided by qualified third-parties on various topics. The directors also periodically visit PepsiCo's operations, which provide the directors with an opportunity to see firsthand the execution and impact of the Company's strategy and engage with senior leaders and associates in our divisions to deepen their understanding of PepsiCo's business, competitive environment and corporate culture. In addition, the Company pays for all reasonable expenses for any director who wishes to attend an external director continuing education program.

Board and Committee Self-Assessments

Our Board continually seeks to improve its performance. Pursuant to PepsiCo's Corporate Governance Guidelines and the Charters of each of the Board's Committees, the Board and each of its Committees conduct a self-evaluation at least annually. Our processes enable directors to provide anonymous and confidential feedback on topics including:

- Board/Committee information and materials;
- Board/Committee meeting mechanics and structure;
- Board/Committee composition (including diversity and mix of skills, qualifications and experience);
- Board/Committee responsibilities and accountability (including with respect to strategy, risk management, senior management development and succession planning, corporate governance and sustainability);
- Board meeting conduct and content; and
- Overall performance of Board members.

To promote effectiveness of the Board and each Committee, the self-assessment results are reviewed and addressed by the Nominating and Corporate Governance Committee, the members of each Committee and the independent directors both alone in an executive session led by the Presiding Director and with members of management.

This process of actively engaging in thoughtful discussions, including on topics ranging from Board and Committee composition to overall performance of Board members, has had a meaningful impact on Board refreshment and succession planning. As a testament to the effectiveness of this self-assessment process, since 2014 the Board has added six new directors of our current Board and since 2016 appointed three new Board Committee chairs, two of whom are women. This refreshment demonstrates the Board's focus on ensuring that each member of the Board brings the necessary skills and areas of expertise to contribute to discussions around PepsiCo's strategic initiatives and to oversee the risks that face our business and as they evolve.

The Nominating and Corporate Governance Committee annually reviews the format of the evaluation process and periodically considers whether individual director interviews and/or third-party assessments should be conducted to supplement the Board and Committee self-assessment process. As a result of the evaluation process, which helps identify opportunities to continue to enhance the performance of the Board and the Committees, the Board and Committees consider implementing practices and procedures as appropriate. The Board also reviews the Nominating and Corporate Governance Committee's periodic recommendations concerning the performance of the Board, each of its Committees and the Presiding Director.

BOARD COMPOSITION AND REFRESHMENT

While this formal self-evaluation is conducted on an annual basis, directors share perspectives, feedback and suggestions year-round, both inside and outside of the Boardroom. Our Board is dynamic and engaged. Directors are expected to prepare for Board meetings and contribute meaningfully to the dialogue.

Shareholder Recommendations and Nominations of Director Candidates

The Nominating and Corporate Governance Committee will consider recommendations for director nominees made by shareholders and evaluate them using the same criteria as for other candidates. Recommendations received from shareholders are reviewed by the Chair of the Nominating and Corporate Governance Committee to determine whether each candidate meets the minimum criteria set forth in the Corporate Governance Guidelines, and if so, whether the candidate's expertise and particular set of skills and background fit the current needs of the Board. Any shareholder recommendation must be sent to the Corporate Secretary of PepsiCo at 700 Anderson Hill Road, Purchase, New York 10577, and must include detailed background information regarding the suggested candidate that demonstrates how the individual meets the Board membership criteria.

Our By-Laws permit proxy access for shareholders. Shareholders who wish to nominate directors for inclusion in our Proxy Statement or directly at an Annual Meeting in accordance with the procedures in our By-Laws should see "2019 Shareholder Proposals and Director Nominations" on page 80 of this Proxy Statement for further information.

Corporate Governance at PepsiCo Our Governance Philosophy

We believe strong corporate governance and an ethical culture are the foundation for financial integrity, investor confidence and sustainable performance.

Strong corporate governance and a steadfast commitment to doing business the right way are and have been long-standing priorities at PepsiCo. Our strong tone at the top begins with our Board of Directors, which has demonstrated its focus on advancing openness, honesty, fairness and integrity in the Boardroom and across the Company through such actions as:

Adopting Corporate Governance Guidelines for the Company that establish a common set of expectations to assist the Board and its Committees in performing their duties, reviewing these Guidelines at least annually, and updating the Guidelines as appropriate to reflect changing regulatory requirements, evolving best practices and input from our shareholders and other stakeholders;

Adopting the Company's Global Code of Conduct and overseeing compliance, including ensuring corporate culture is on the Board agenda;

Holding executive sessions between the Audit Committee and our Global Chief Compliance & Ethics Officer at each regularly scheduled meeting;

Establishing a means for employees to raise issues to the Board and encouraging a culture of trust so that employees at every level feel comfortable speaking up about concerns; and

Fostering a corporate culture of integrity and risk awareness through the Board's oversight over PepsiCo's integrated risk management framework, which includes the Board's review of specific high-priority risks on a regular basis throughout the year.

Key Corporate Governance Documents. The following key corporate documents are available at www.pepsico.com³ under "About" and are also available in print upon written request to the Corporate Secretary of PepsiCo at 700 Anderson Hill Road, Purchase, New York 10577: Corporate Governance Guidelines; the Global Code of Conduct; and the Charters of our Audit, Compensation, Nominating and Corporate Governance, and Public Policy and Sustainability Committees of the Board.

Our Global Code of Conduct

PepsiCo is proud of its commitment to deliver sustained growth through empowered people acting with responsibility and building trust.

This commitment is evidenced in part by our robust Global Code of Conduct, which is designed to provide our directors and employees with guidance on how to act legally and ethically while performing work for PepsiCo. PepsiCo works hard to communicate its values clearly and regularly throughout its operations, including by conducting an annual Global Code of Conduct training program for employees. Annually, all of PepsiCo's directors and executives, including all of our executive officers, certify their compliance with our Global Code of Conduct. Through these efforts, we are focused on developing a culture of empowering people across the Company to act with responsibility and to build trust by embracing the principles of our Global Code of Conduct and our core values: showing respect in the workplace; acting with integrity in the marketplace; ensuring ethics in our business activities; and performing work responsibly for our shareholders.

Our Board of Directors

Our Board of Directors, of which all of the members are elected annually, represents the interests of our shareholders and oversees the Company's business and affairs pursuant to the North Carolina Business Corporation Act and our governing documents. Members of the Board oversee the Company's business and affairs by, among other things, participating in Board and Committee meetings, reviewing materials provided to them, engaging with the Chairman and CEO and with key members of management and associates, visiting PepsiCo's operations, bringing in outside experts, and discussing feedback from shareholders and other stakeholders.

Outstanding Board Member Attendance. Regular attendance at Board meetings and the Annual Meeting of Shareholders is expected of each director. In fiscal year 2017, our Board of Directors held seven meetings and our Committees held 20 meetings in the aggregate. In fiscal year 2017, no incumbent director attended fewer than 75% of the total number of Board and applicable Committee meetings (held during the period that such director served) and average attendance of our incumbent directors at Board and applicable Committee meetings (held during the period that such director served) was over 97%. Thirteen of the fourteen directors then serving attended the 2017 Annual Meeting of Shareholders.

Board Leadership Structure

PepsiCo's governing documents enable the Board to determine the appropriate Board leadership structure for the Company and allow the roles of Chairman of the Board and CEO to be filled by the same or different individuals. This approach allows the Board flexibility to determine whether the two roles should be separate or combined based upon the Company's needs and the Board's assessment of the Company's leadership from time to time. Although our Board regularly considers and is open to different structures as circumstances may warrant, the Board believes that the current arrangement of having a strong independent Presiding Director combined with the leadership of our Chairman and CEO is in the best interests of PepsiCo and its shareholders at this time.

As part of its most recent Board leadership assessment, the Board gave thorough consideration to several factors, including: the strategic goals of the Company, the unique opportunities and challenges PepsiCo is facing, the breadth and complexity of PepsiCo's business and global footprint, the various capabilities of our directors, the dynamics of our Board, best practices in the market, PepsiCo's shareholder base and investor feedback, the current industry environment and the status of PepsiCo's progress with respect to key strategic initiatives. The Board also reflected upon the Company's strong, independent oversight function exercised by our Board, which consists entirely of independent directors other than our Chairman and CEO, as well as the independent leadership provided by our independent Presiding Director and each of the four standing Board Committees, which consist solely of, and are chaired by, independent directors. Based on all of these factors, the Board determined that our current leadership structure continues to strike the right balance between effective independent oversight of PepsiCo's business and Board activities, and strong consistent corporate leadership.

The independent directors believe that our current Chairman of the Board and CEO, Indra K. Nooyi, an experienced leader with extensive knowledge of the Company and the food and beverage industry, serves as a highly effective bridge between the Board and management and provides the vision and leadership to execute on the Company's strategy and create shareholder value. In her role as Chairman and CEO, Ms. Nooyi is in the best position to be aware of key issues facing the Company and to effectively communicate with the various internal and external constituencies. As the Company continues to implement its ongoing business transformation, the independent directors believe that the Company is best served by having the architect and leader of that strategy as Chairman of the Board.

Role of Presiding Director. Our Corporate Governance Guidelines provide that if the Chairman of the Board is not an independent director, an independent director shall be designated as the Presiding Director by the independent members of the Board based on the recommendation of the Nominating and Corporate Governance Committee. The independent director who is designated as the Presiding Director is expected to serve in that role for a three-year term. The Board evaluates the Presiding Director's performance annually under the guidance of the Nominating and Corporate Governance Committee. The duties of our Presiding Director are consistent with the responsibilities generally held by "lead directors" at other public companies.

Presiding Director Duties:

Presides at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors

Serves as a liaison between the Chairman of the Board and the independent directors

Has authority to approve information sent to the Board

Approves meeting agendas for the Board

Approves meeting schedules to assure that there is sufficient time for discussion of all agenda items

Has the authority to call meetings of the independent directors

If requested by major shareholders, ensures that he or she is available for consultation and direct communication

In recognition of his skills in overseeing the Company's strong corporate governance and his overall leadership and communication abilities, the independent members of the Board of Directors re-elected Ian M. Cook as the Presiding Director of the Board in 2016

for another three-year term. Mr. Cook is an engaged and active director who, as a current

chief executive officer of a multinational consumer products company, is uniquely positioned to work collaboratively with our Chairman and CEO, while providing strong independent oversight. In addition to the above responsibilities and assisting the Board in the fulfillment of its responsibilities in general, Mr. Cook, as the Presiding Director, has over the past few years performed additional duties including:

- meeting with the Chairman and CEO after the executive sessions of independent directors held at each regularly scheduled Board meeting to provide feedback on the independent directors’ deliberations;
- regularly speaking with the Chairman and CEO between Board meetings to discuss any matters of concern, often following consultation with other independent directors;
- meeting regularly with members of senior management other than the Chairman and CEO; and
- meeting with shareholders.

Director Independence

Independence Determination

The Company’s Corporate Governance Guidelines provide that an independent director is a director who meets the Nasdaq definition of independence, as determined by the Board. This definition is included in the Corporate Governance Guidelines, which are available at www.pepsico.com under “About” –“Corporate Governance.” In making a determination of whether a director has any relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, the Board of Directors considers all relevant facts and circumstances, including but not limited to the director’s commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships.

Consistent with these considerations, the Board of Directors has affirmatively determined that all of our non-employee director nominees, who are listed below, are independent within the meaning of the SEC and Nasdaq rules. The Board had also previously determined that all of our non-employee directors, including Lloyd G. Trotter and Rona A. Fairhead, who served on the Board during a portion of 2017, were independent under the New York Stock Exchange rules, which applied to PepsiCo prior to December 19, 2017.

Independent Director Nominees

Shona L. Brown	Dina Dublon	Robert C. Pohlad
George W. Buckley	Richard W. Fisher	Daniel Vasella
Cesar Conde	William R. Johnson	Darren Walker
Ian M. Cook	David C. Page	Alberto Weisser

In arriving at the foregoing independence determination, the Board of Directors thoroughly considered the relationships described under “Transactions with Related Persons” on page 28 of this Proxy Statement and determined that they do not impair Mr. Pohlad’s independence or his ability to exercise independent judgment in carrying out the responsibilities of a director.

Executive Sessions of Independent Directors

The independent directors hold regularly scheduled executive sessions of the Board and its Committees without Company management present. These executive sessions are chaired by the independent Presiding Director (at Board meetings) or by the independent Committee Chairs (at Committee meetings). The independent directors met in executive session at all of the regularly scheduled Board and Committee meetings held in 2017.

Related Person Transactions

The Board of Directors has adopted written Related Person Transaction Policies and Procedures that generally apply to any transaction or series of transactions:

- in which the Company or a subsidiary was or is a participant;
- where the amount involved exceeds or is expected to exceed \$120,000 since the beginning of the Company’s last completed fiscal year; and
- in which the related person (i.e., a director, director nominee, executive officer, greater than five percent beneficial owner of the Company’s Common Stock, or any immediate family member of any of the foregoing) has or will have a direct or indirect material

interest.

The transactions described above are submitted to the Audit Committee for review and approval or ratification.

Table of Contents

CORPORATE GOVERNANCE AT PEPSICO

Review and Approval of Transactions with Related Persons

In determining whether to approve, ratify or disapprove of the entry into a related person transaction, the Audit Committee considers all relevant facts and circumstances and takes into account, among other factors:

whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances;

whether the transaction would impair the independence of an outside director; and

whether the transaction would present an improper conflict of interest for any director or executive officer of the Company.

The Audit Committee has considered and adopted standing pre-approvals under the policy for limited transactions with related persons. The Company's General Counsel maintains a list of transactions deemed pre-approved under the policy for review by any Board member.

Transactions with Related Persons

The Board thoroughly considered the following relationships and determined that they do not impair Robert C. Pohlad's independence or his ability to exercise independent judgment in carrying out the responsibilities of a director of the Company:

Mr. Pohlad indirectly owns one-third of the voting interests in the Minnesota Twins, a Major League Baseball team, and the remaining voting interests are indirectly owned by his brothers, William Pohlad and James Pohlad. The majority of the non-voting interests in the Minnesota Twins are owned indirectly by Mr. Pohlad and members of his immediate family and through trusts for the benefit of Mr. Pohlad's descendants and descendants of members of his immediate family. Members of Mr. Pohlad's immediate family are employed by the Minnesota Twins, including James Pohlad, who serves as Executive Chair and Chairman of the Board. In fiscal year 2017, PepsiCo made payments to the Minnesota Twins of approximately \$730,000 in connection with a sponsorship agreement, and PepsiCo received payments of approximately \$796,000 from the Minnesota Twins and an independent third party in connection with the sale of PepsiCo products at the Minnesota Twins' stadium. Transactions between the Minnesota Twins and PepsiCo, individually and in the aggregate, represented less than 1% of the annual revenues of the Minnesota Twins and PepsiCo in each fiscal year 2017, 2016 and 2015. The sponsorship agreement and sale of PepsiCo products are ongoing, and Mr. Pohlad is not involved in negotiating these arm's-length transactions.

Mr. Pohlad's wife, Rebecca Pohlad, and their children are beneficiaries of irrevocable trusts that own Christen Group, LLC ("**Christen Group**") and Mr. Pohlad's father-in-law, Paul Christen, is an executive officer of Christen Group. In fiscal year 2017, PepsiCo made payments of approximately \$128,000 to Christen Group in connection with the leasing of a distribution center owned by Christen Group. PepsiCo entered into the lease in August 2013, prior to Christen Group's acquisition of the distribution center in December 2013, and the terms of this leasing transaction remained unchanged from prior years. Transactions between Christen Group and PepsiCo, individually and in the aggregate, were not material to PepsiCo, Mr. Pohlad, any of Mr. Pohlad's family members, or Christen Group, and Christen Group has since sold the distribution center during 2017.

In addition, the following family members of our executive officers were employed by PepsiCo during 2017, and their compensation was established in accordance with PepsiCo's employment and compensation practices applicable to employees with equivalent qualifications and responsibilities and holding similar positions:

Jennifer Carey, daughter-in-law of Albert P. Carey, PepsiCo's CEO, North America, is a Director of Retail Sales at PepsiCo. Ms. Carey received total compensation of approximately \$158,000 in fiscal year 2017, and participates in the general welfare and benefit plans of PepsiCo. Mr. Carey does not have a material interest in his daughter-in-law's employment, nor does he share a household with her.

David James Glotfelty, son of Ruth Fattori, Executive Vice President, Human Resources and Chief Human Resources Officer of PepsiCo, is a Financial Business Development Manager at PepsiCo. Mr. Glotfelty received total compensation of approximately \$146,000 in fiscal year 2017, and participates in the general welfare and benefit plans of PepsiCo. Ms. Fattori does not have a material interest in her son's employment, nor does she share a household with him.

The Board's Role in Strategy Oversight

One of the Board's key responsibilities is overseeing the Company's strategy, and the Board has deep experience and expertise in the area of strategy development and insights into the most important issues facing the Company. Setting the strategic course of the Company involves a high level of constructive engagement between management and the Board. Our entire Board acts as a strategy committee and regularly discusses the key priorities of our Company, taking into consideration and adjusting the Company's long-term strategy with global economic, consumer and other significant trends, as well as changes in the food and beverage industries and regulatory initiatives.

Annually, the Board conducts an extensive review of the Company's long-term strategic plans, its annual operating plan and capital structure. Throughout the year and at almost every Board meeting, the Board receives information and updates from management and actively engages with senior leaders with respect to the Company's strategy, including the strategic plans for our divisions, and the competitive environment. PepsiCo's independent directors also hold regularly scheduled executive sessions without Company management present, at which strategy is discussed. The Board also regularly discusses and reviews feedback on strategy from our shareholders and stakeholders. These discussions are also enhanced with experiences periodically held outside the Boardroom, such as market visits, which provide the directors with an opportunity to see firsthand the execution and impact of the Company's strategy and to engage with senior leaders and associates in our divisions to deepen their understanding of PepsiCo's business, competitive environment and corporate culture.

CORPORATE GOVERNANCE AT PEPSICO

The Board's Oversight of Risk Management

The Board recognizes that the achievement of our strategic and operating objectives involves taking risks and that those risks may evolve over time. The Board has oversight responsibility for PepsiCo's integrated risk management framework, which is designed to identify, assess, prioritize, address, manage, monitor and communicate these risks across the Company's operations, and foster a corporate culture of integrity and risk awareness. Consistent with this approach, one of the Board's primary responsibilities is overseeing and interacting with senior management with respect to key aspects of the Company's business, including risk assessment and risk mitigation of the Company's top risks.

In addition, the Board has tasked designated Committees of the Board to assist with the oversight of certain categories of risk management, and the Committees report to the Board regularly on these matters.

The Audit Committee reviews and assesses the guidelines and policies governing the Company's risk management and oversight processes, and assists with the Board's oversight of financial, compliance and employee safety risks facing the Company;

The Compensation Committee reviews the Company's employee compensation policies and practices to assess whether such policies and practices could lead to unnecessary risk-taking behavior;

The Nominating and Corporate Governance Committee assists the Board in its oversight of the Company's governance structure and other corporate governance matters, including succession planning; and

The Public Policy and Sustainability Committee assists the Board in its oversight of the Company's policies, programs and related risks that concern key public policy and sustainability matters.

Throughout the year, the Board and the relevant Committees also receive updates from management with respect to various enterprise risk management issues and dedicate a portion of their meetings to reviewing and discussing specific risk topics in greater detail, including risks related to cybersecurity.

The Company's integrated risk management framework also includes both division-level and key country risk committees that are comprised of cross-functional senior management teams and that work together to identify, assess, prioritize and address division- and country-specific business risks. The Company's senior management engages with and reports to PepsiCo's Board of Directors and the relevant Committees on a regular basis to address high-priority risks.

At its February 2018 meeting, the Compensation Committee reviewed the results of the 2017 annual compensation risk assessment and concluded that the risks arising from the Company's overall compensation programs are not reasonably likely to have a material adverse effect on the Company.

The Company believes that the Board's leadership structure, discussed in detail under "Board Leadership Structure" on pages 26-27 of this Proxy Statement, supports the risk oversight function of the Board by providing for open communication between management and the Board. In addition, strong independent directors chair the various Committees, which assist with risk oversight of certain categories, and all directors are involved in the risk oversight function.

The Board's Role in Human Capital Management and Talent Development

The Board believes that human capital management and talent development, including diversity and inclusion initiatives and succession planning, are vital to PepsiCo's continued success. Our Board's involvement in leadership development and succession planning is systematic and ongoing, and the Board provides input on important decisions in each of these areas. The Board has primary responsibility for succession planning for the CEO and oversight of other executive officer positions. The Nominating and Corporate Governance Committee oversees the development of the process and protocols regarding succession plans for the CEO, and annually reviews and updates these protocols to reflect input from Board members. To assist the Board, the CEO annually provides the Board with an assessment of senior managers and their potential to succeed to the position of CEO, developed in consultation with the Presiding Director and the Chair of the Nominating and Corporate Governance Committee. The Board meets regularly with high-potential executives, both in small group and one-on-one settings.

Shareholder Engagement

We believe that regular, transparent communication with our shareholders and other stakeholders is essential to PepsiCo's long-term success.

We value the views of our shareholders and other stakeholders, and the input that we receive from them is a cornerstone of our corporate governance practices. Through these engagements, we seek to ensure that corporate governance at PepsiCo is a dynamic framework that can both accommodate the demands of a rapidly changing business environment and remain responsive to the priorities of our shareholders and other stakeholders.

Throughout 2017, members of our management team met with a significant number of our shareholders and other stakeholders to discuss our portfolio strategy, financial and operating performance, capital allocation, sustainability strategy and initiatives, human capital management, Company culture, corporate governance and executive compensation practices and to solicit feedback on these and a variety of other topics. At least quarterly, the Board receives a report on shareholder engagement and is provided with the opportunity to discuss and ask questions about investor feedback. In the two-month period before the 2017 Annual Meeting of Shareholders, we contacted our 75 largest shareholders, representing over 45% of our outstanding shares of Common Stock, offering to discuss a broad range of topics. Subsequent to the 2017 Annual Meeting, we continued our outreach efforts to develop a better understanding of the feedback received from shareholders. As reflected in our Corporate Governance Guidelines, our Presiding Director is available for consultation and direct communication, if requested by major shareholders. Our engagement program also involves directors, as well as senior executives and associates from many different parts of the Company, including from PepsiCo's communications, investor relations, executive compensation, compliance and ethics, legal, public policy and government affairs, and sustainability teams.

In addition, we have had an ongoing dialogue with various other shareholders and stakeholders and regularly meet with diverse stakeholders often in collaboration with leading non-profit groups that bring together investors, non-governmental organizations and businesses in support of sustainability. During these meetings, our shareholders and other stakeholders engage with us on such topics as climate change, water scarcity, nutrition, public health, diversity, gender pay parity, human rights and environmental matters related to PepsiCo's supply chain, sustainable agriculture, sustainability reporting, and various other issues. We are also engaged with other key stakeholders through our active participation in prestigious corporate governance organizations, such as the Harvard Law School Program on Corporate Governance, Council of Institutional Investors, and Berkeley Sustainable Business and Investment Forum.

Our engagement activities have resulted in our receiving valuable feedback from our shareholders and other stakeholders who have provided important external viewpoints that inform our decisions and our strategy. For example, as a result of collaboration with our shareholders and other stakeholders in recent years:

The Board amended our Corporate Governance Guidelines to:

- highlight the Board's focus on diversity, by explicitly stating its commitment to actively seeking out highly qualified women and minority candidates, as well as candidates with diverse backgrounds, skills and experiences, to include in the pool from which Board nominees are chosen;
- underscore the Board's involvement in human capital management and talent development, by adding those experiences to the list of attributes sought for individual directors; and
- specify the Board's oversight role with respect to sustainability, an integral part of the Company's business strategy.

The Board also refined the roles of its Committees by establishing a new Public Policy and Sustainability Committee in 2017 to assist the Board in providing more focused oversight over PepsiCo's policies, programs and related risks that concern key public policy and sustainability matters.

We announced our 2025 Performance with Purpose sustainability goals that are designed to build on our progress and broaden our efforts in a way that responds to changing consumer and societal needs. We also enhanced our disclosure of the Company's sustainability progress by issuing our annual Sustainability Report and replacing a separate annual Global Reporting Initiative Report with a web-based, interactive environmental, social and governance ("ESG") reporting platform, which we plan to periodically update with information about PepsiCo's policies, programs, governance and performance against the 2025 goals. The Board implemented a proxy access right for shareholders.

Taking into account the strong support demonstrated by our shareholders and feedback during individual meetings with shareholders, the Compensation Committee implemented several changes to the long-term incentive program in 2016, while determining to maintain the core structure of our overall executive compensation program.

Our Commitment to Sustainable Business Practices

PepsiCo is guided by Performance with Purpose – our vision to deliver top-tier financial performance over the long term by integrating sustainability into our business strategy, leaving a positive imprint on society and the environment.

We believe that continuously improving the products we sell, operating responsibly to protect our planet and empowering people around the world is what will enable PepsiCo to run a successful global company that creates long-term value for society and our shareholders. Since PepsiCo first articulated the concept in 2006, Performance with Purpose has been woven into all aspects of our business.

PepsiCo is pleased to share the progress we are making in our Performance with Purpose journey, and in October 2016, we announced our Performance with Purpose goals for the next ten years. These goals broaden our efforts in a way that responds to changing consumer and societal needs and focus on building a healthier future for all of our stakeholders. Our annual Sustainability Report and web-based interactive ESG reporting platform on the Company's website at www.pepsico.com under "Sustainability" presents our sustainability goals and provides data, as well as examples of our efforts to achieve these goals.

To assist our Board in its oversight and to align with our new Performance with Purpose 2025 agenda, the Board also refined the roles of its Committees by establishing a new Public Policy and Sustainability Committee in 2017. This Committee, which is comprised entirely of independent directors, assists the Board in providing more focused oversight over the Company's policies, programs and related risks that concern key public policy and sustainability matters.

Political Contributions Policy

In 2005, the Board of Directors adopted a Political Contributions Policy for the Company, which is amended from time to time. The Political Contributions Policy, together with other policies and procedures of the Company, guide PepsiCo's approach to political contributions. As specified in its Charter, the Public Policy and Sustainability Committee oversees this policy and is responsible for reviewing the Company's key public policy trends, issues and regulatory matters, its engagement in the public policy process and the Company's political activities and expenditures. In addition, our Board receives information regarding the Company's public policy initiatives and developments at every regularly scheduled Board meeting.

In keeping with our goal of transparency, our Political Contributions Policy and our annual U.S. political contributions are posted at www.pepsico.com under "Sustainability"—"A-Z Topics"—"Political Activities, Political Contributions & Issue Advocacy." Additionally, over the years, we have significantly enhanced our website disclosure of political spending and lobbying activities by including the following information:

- a link to PepsiCo's quarterly federal lobbying reports;
- the total annual amount of PepsiCo's federal lobbying-related expenditures in the United States;
- information about our key lobbying priorities and our Board's oversight of political spending and lobbying activities;
- a list of U.S. trade associations and policy groups that lobby on behalf of PepsiCo to which PepsiCo contributes over \$25,000 annually; and
- the names of the lobbyists with which we directly contract.

Communications with the Board

The PepsiCo Corporate Law Department reviews all communications sent to the Board of Directors and regularly provides to the Board a summary of communications that relate to the functions of the Board or a Board Committee or that otherwise warrant Board attention. Copies of such communications are also made available to the Board. Directors may at any time discuss the Board communications received by the Company. In addition, the Corporate Law Department may forward certain communications only to the Presiding Director, the Chair of the relevant Committee or the individual Board member to whom a communication is directed. 2017 Director Compensation

Non-employee directors are compensated for their service on the Board as described below. Directors who are employees of the Company receive no additional compensation for serving as directors.

Annual Compensation

Annually, our Board of Directors reviews the competitiveness of our compensation program for non-employee directors. Based on the results of a competitive analysis, supported by the Board's independent compensation consultant, FW Cook, and upon the recommendation of the Compensation Committee, the Board decided to maintain the current annual cash retainer of \$110,000 and approved an increase in the annual equity retainer from \$165,000 to \$180,000 effective October 1, 2017. As the last increase in director compensation was in 2014, this adjustment was made to maintain the competitiveness of our director compensation program relative to PepsiCo's peer group and to further align the directors' interests with our shareholders.

Additional Compensation

An additional \$50,000 annual cash retainer

Presiding Director

The \$180,000 annual equity retainer is provided in phantom units of PepsiCo Common Stock that are immediately vested and are payable on the first day of the calendar quarter following the first anniversary of the director's retirement or resignation from PepsiCo's Board of Directors. The number of phantom units of PepsiCo Common Stock granted to each director on October 1, 2017 was determined by dividing the \$180,000 equity retainer value by the closing price of PepsiCo Common Stock on the next business day following the grant date, which was \$109.12. As such, each director was granted 1,649 phantom units, each representing the right to receive one share of PepsiCo Common Stock and dividend equivalents. Dividend equivalents are reinvested in additional phantom units. Directors may also elect to defer their cash compensation into phantom units payable at the end of the deferral period selected by the directors.

Directors are reimbursed for expenses incurred to attend Board and Committee meetings and receive business travel and accident insurance coverage. Directors do not receive any meeting fees and do not have a retirement plan or receive any benefits such as life or medical insurance. Directors are eligible for matching of charitable contributions through the PepsiCo Foundation, which is generally available to all PepsiCo employees.

Initial Share Grant

Each newly appointed non-employee director receives a one-time grant of 1,000 shares of PepsiCo Common Stock when he or she joins the Board. These shares are immediately vested, but must be held until the director leaves the Board.

Governance Features

Our compensation program for non-employee directors operates with the following market-leading governance features:

Shareholder-Approved Cap on Pay. In 2016, our shareholders approved a cap on non-employee director pay as part of the renewal of the PepsiCo, Inc. Long-Term Incentive Plan ("**LTI Plan**"). The cap imposes a limit on the awards that may be granted to any non-employee director in a single calendar year in the following amounts: \$500,000 for annual equity awards, \$500,000 for annual cash retainers, and \$250,000 for one-time initial awards to any newly appointed or elected non-employee director. Our current compensation program for non-employee directors is well within these limits.

Table of Contents**2017 DIRECTOR COMPENSATION**

Stock Ownership Requirements. To reinforce our ownership philosophy, non-employee directors are required to own shares of PepsiCo Common Stock equal to at least \$550,000 (five times the annual cash retainer). Shares or phantom units of PepsiCo Common Stock held either directly by the non-employee director (or immediate family members), in the director's deferred compensation account, or in a trust for the benefit of immediate family members, count towards satisfying the requirement.

Non-employee directors have five years from their appointment to meet their stock ownership requirement. All of our non-employee directors have met or are on track to meet their objectives within the five-year period.

Clawback Provision. Under the terms of our long-term incentive plans, non-employee directors who violate PepsiCo's Global Code of Conduct, who violate applicable non-compete provisions, or who engage in gross misconduct may be subject to financial consequences. Our long-term incentive plans permit PepsiCo to cancel a non-employee director's outstanding equity awards if PepsiCo determines that the non-employee director has committed any such violation. The long-term incentive plans also permit PepsiCo to claw back all gains from exercised stock options received within the 12 months preceding the violation.

Prohibition on Hedging and Pledging. Our insider trading policy prohibits all directors (including non-employee directors) from using any strategies or products (such as derivative securities or short-selling techniques) to hedge against the potential changes in the value of PepsiCo Common Stock. In addition, directors may not hold PepsiCo securities in a margin account or pledge PepsiCo stock or PepsiCo stock options as collateral for a loan.

Limited Trading Windows. Our directors (including non-employee directors) can only transact in PepsiCo securities during approved trading windows after satisfying mandatory clearance requirements.

The retainer fee reflects a payment of \$55,000 made in arrears in June 2017 for service during the period December 1, 2016 through May 31, 2017 and a payment of \$55,000 made in arrears in December 2017 for service during the period June 1, 2017 through November 30, 2017. The following directors elected to defer their 2016-2017 cash compensation into PepsiCo's director deferral program: Dr. Buckley deferred his (1) \$110,000 retainer fees into 940 phantom stock units; Mr. Trotter deferred his \$62,500 retainer fees into 533 phantom stock units; Dr. Vasella deferred his \$140,000 retainer fees into 1,196 phantom stock units. The number of phantom units of PepsiCo Common Stock each director deferred on June 1, 2017 and December 1, 2017 was determined by dividing their deferred cash compensation by the closing price of PepsiCo Common Stock on the grant date, which was \$117.23 and \$116.78, respectively.

Ratification of Appointment of Independent Registered Public Accounting Firm (Proxy Item No. 2)

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm (taking into account the vote on shareholder ratification). The Audit Committee has appointed KPMG LLP (“**KPMG**”) as PepsiCo’s independent registered public accounting firm for fiscal year 2018. KPMG has served as PepsiCo’s independent registered public accounting firm since 1990. While we are not required by our By-Laws or otherwise to seek shareholder ratification of the appointment of KPMG as our independent registered public accounting firm, we are doing so as a matter of good corporate governance. If the shareholders do not ratify the appointment, the Audit Committee will take the vote into consideration when determining whether or not to retain KPMG. The Audit Committee believes that the continued retention of KPMG as our independent registered public accounting firm is in the best interests of our shareholders. Even if the selection of KPMG is ratified by shareholders, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Representatives of KPMG are expected to be present and available to answer appropriate questions at the 2018 Annual Meeting and will have an opportunity to make statements during the meeting if they desire to do so.

Our Board of Directors recommends that shareholders vote “FOR” the ratification of the appointment of KPMG as PepsiCo’s independent registered public accounting firm for fiscal year 2018.

Audit Committee Report

PepsiCo’s Audit Committee reports to, and acts on behalf of, the Board. The Audit Committee is comprised solely of directors who satisfy applicable independence and other requirements of Nasdaq and applicable securities laws. A majority of the members of the Audit Committee are “audit committee financial experts” as defined by SEC rules and regulations.

The Audit Committee’s purpose and responsibilities are set forth in its charter, which is approved and adopted by the Board and is available on PepsiCo’s website at www.pepsico.com under “About”—“Corporate Governance.” The Audit Committee’s Charter is reviewed at least annually and updated, as appropriate, to address changes in regulatory requirements, authoritative guidance, evolving oversight practices and investor feedback.

During 2017, the Audit Committee met eight times and fulfilled each of its duties and responsibilities as outlined in its charter, including reviewing and assessing the guidelines and policies governing PepsiCo’s risk management and oversight processes, overseeing PepsiCo’s compliance with legal and regulatory requirements (including meeting with the Global Chief Compliance & Ethics Officer to discuss PepsiCo’s compliance program), receiving an update on PepsiCo’s Law Department’s compliance with Part 205 of Section 307 of the Sarbanes-Oxley Act of 2002 regarding standards of professional conduct for attorneys and regularly meeting separately with PepsiCo’s General Counsel, Global Chief Compliance & Ethics Officer, General Auditor and Chief Financial Officer (see page 30 of this Proxy Statement for additional information regarding the Audit Committee’s responsibilities).

Selection and Oversight of the Independent Registered Public Accounting Firm. The Audit Committee assists the Board with its oversight of PepsiCo’s independent registered public accounting firm’s qualifications and independence. The Audit Committee is responsible for appointing, compensating, retaining and overseeing the work of PepsiCo’s independent registered public accounting firm, including reviewing and evaluating the performance of the lead audit partner. The Audit Committee oversaw the required rotation of KPMG’s lead audit partner and, through the Audit Committee Chair as its representative, reviewed and considered the selection of the lead audit partner. KPMG has served as PepsiCo’s independent registered public accounting firm since 1990. KPMG’s lead audit partner rotated after completion of the 2017 audit and the current lead audit partner is required to rotate after completion of the fiscal year 2022 audit.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (PROXY ITEM NO. 2)

The Audit Committee recognizes the importance of maintaining the independence of PepsiCo's auditor, both in fact and in appearance. In 2017, the Audit Committee received and reviewed the written disclosures and the letter from KPMG required by applicable requirements of the Public Company Accounting Oversight Board ("**PCAOB**") regarding KPMG's communications with the Audit Committee concerning independence, and discussed with KPMG the firm's independence from PepsiCo and management. These discussions included, among other things, a review of the nature of, and fees paid to, KPMG for non-audit services and the compatibility of such services with maintaining KPMG's independence (see page 42 of this Proxy Statement for additional information). The Audit Committee concurred with KPMG's conclusion that they are independent from PepsiCo and its management.

The Audit Committee also periodically considers whether there should be a rotation of PepsiCo's independent registered public accounting firm. In addition to KPMG's independence from PepsiCo and management, the Audit Committee also considers several other factors in deciding whether to re-engage KPMG, including: the quality of KPMG's staff, work and quality control; KPMG's policies related to independence; KPMG's global reach; and KPMG's capability and expertise to perform an audit of PepsiCo's financial statements and internal control over financial reporting, given the breadth and complexity of PepsiCo's business and global footprint. The Audit Committee also reviewed with KPMG the status or results of the PCAOB's reports on its inspections of KPMG and discussed with KPMG certain legal and regulatory proceedings pending against KPMG.

Based on the foregoing, the Audit Committee has retained KPMG as PepsiCo's independent registered public accounting firm for the fiscal year 2018 and recommends that shareholders ratify this appointment (see page 40 of this Proxy Statement for additional information regarding the shareholder vote).

Review and Recommendation Regarding Financial Statements. PepsiCo's management is responsible for preparing PepsiCo's financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. KPMG is responsible for expressing an opinion on PepsiCo's financial statements and an opinion on PepsiCo's internal control over financial reporting based on its audits. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of PepsiCo's financial statements.

In the performance of its oversight function, the Audit Committee met with management and KPMG to review and discuss PepsiCo's audited financial statements and internal control over financial reporting, asked management and KPMG questions relating to such matters and discussed with KPMG the matters required to be discussed by applicable PCAOB auditing standards. These meetings and discussions included a review of the critical accounting policies applied by PepsiCo in the preparation of its financial statements and the quality (and not just the acceptability) of the accounting principles utilized, the reasonableness of significant accounting estimates and judgments, and the disclosures in PepsiCo's consolidated financial statements. Based on the reviews and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 30, 2017, for filing with the SEC.

The following table presents fees incurred for professional audit services rendered by KPMG, the Company's independent registered public accounting firm, for the audit of the Company's annual consolidated financial statements for fiscal years 2017 and 2016, and fees billed for other services rendered by KPMG in fiscal years 2017 and 2016. The Audit Committee has pre-approved all fees paid to KPMG in accordance with the Policy for Pre-Approval of Audit, Audit-Related and Non-Audit Services, as discussed below.

	2017		2016	
Audit fees ⁽¹⁾	\$	24,090,000	\$	21,209,000

Audit-related fees for fiscal years 2017 and 2016 consisted primarily of audits of certain employee benefit plans, the issuance of comfort letters, (2) agreed upon procedures reports, due diligence reviews and other procedures performed in connection with business transactions, and other attestation reports.

(3) Tax fees for fiscal years 2017 and 2016 consisted primarily of international tax compliance services.

(4) KPMG was not engaged in fiscal years 2017 or 2016 for any services other than those described above.

Pre-Approval Policy and Procedures

We understand the need for the independent registered public accounting firm to maintain its objectivity and independence, both in appearance and in fact, in its audit of PepsiCo's consolidated financial statements. Accordingly, the Audit Committee has adopted the PepsiCo Policy for Pre-Approval of Audit, Audit-Related and Non-Audit Services. The policy provides that the Audit Committee will engage the independent registered public accounting firm for the audit of PepsiCo's consolidated financial statements and audit-related, tax and other non-audit services in accordance with the terms of the policy. The policy provides that on an annual basis the independent registered public accounting firm's global lead audit partner will review with the Audit Committee the services the independent registered public accounting firm expects to provide in the coming year and the related fee estimates, and that the Audit Committee will consider for pre-approval a schedule of such services. The policy further provides that the Audit Committee will specifically pre-approve engagements of the independent registered public accounting firm for services that are not pre-approved through the annual process. The Audit Committee Chair is authorized under the policy to pre-approve any audit, audit-related, tax or other non-audit services between Audit Committee meetings, provided such interim pre-approvals are reviewed with the full Audit Committee at its next meeting. In addition, PepsiCo provides the Audit Committee with a status report at each of its regularly scheduled meetings regarding audit, audit-related, tax and other non-audit services that the independent registered public accounting firm has been pre-approved to perform, has been asked to provide or may be expected to provide during the balance of the year.

**Advisory Approval of Executive Compensation
(Proxy Item No. 3)**

Pursuant to Section 14A of the Exchange Act, the Company asks shareholders to cast an advisory vote to approve the compensation of our Named Executive Officers disclosed in the “Executive Compensation” section beginning on page 44 of this Proxy Statement. While this vote is non-binding, PepsiCo values the opinions of its shareholders and, consistent with our record of shareholder engagement, will consider the outcome of the vote when making future compensation decisions.

In considering your vote, we invite you to review the Compensation Discussion and Analysis beginning on page 44 of this Proxy Statement. As described in the Compensation Discussion and Analysis, we believe that PepsiCo’s executive compensation programs effectively align the interests of our executive officers with those of our shareholders by linking a significant portion of their compensation to PepsiCo’s performance and by providing a competitive level of compensation designed to recruit, retain and motivate talented executives critical to PepsiCo’s long-term success.

We are asking our shareholders to vote FOR, in an advisory vote, the following resolution:

“Resolved, the shareholders of PepsiCo approve, on an advisory basis, the compensation of the Company’s Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2017 Summary Compensation Table, the other compensation tables and the related notes and narratives on pages 60-71 of this Proxy Statement for the 2018 Annual Meeting of Shareholders.”

The Board has adopted a policy of providing annual advisory approvals of the compensation of our NEOs. The next advisory approval of executive compensation will occur at the 2019 Annual Meeting of Shareholders.

Our Board of Directors recommends that shareholders vote “FOR” the compensation of our Named Executive Officers.

Compensation Discussion and Analysis****2017 PepsiCo Performance Highlights**

PepsiCo delivered another year of strong operating performance in 2017. In the midst of a dynamic retail environment and rapidly shifting consumer landscape, we met or exceeded most of the financial goals we set for the year. The following non-GAAP measures were used in our executive incentive pay programs.⁴

Organic Revenue Growth ⁴	Core Constant Currency EPS Growth ⁴	Free Cash Flow Excluding Certain Items ⁴	Core Net ROIC ⁴

Goal: at least 3%	Goal: 8%	Goal: Approximately \$7.0B	Goal: 22%

Our TSR reflects our strong 2017 results. We delivered 17.8% TSR, outperforming the median of our proxy peer group.

We also made significant progress against our strategic priorities to sustain shareholder value creation over the long-term.

Innovation: 2017 marked the 5th consecutive year that innovation sales comprised at least 8% of net revenue. Our focus on innovation is enabling us to meet the evolving tastes of consumers.

Brand Building: Spending on advertising and marketing stands at 6.4% of net revenue, delivering market share improvements in many key markets.

Execution: Reflecting our relentless focus on execution, PepsiCo was again ranked as the number-one, best-in-class manufacturer in the latest Kantar Retail annual U.S. PoweRanking® study.

Productivity: We delivered over \$1 billion of productivity savings that is enabling us to sustainably reinvest in the business.

Performance with Purpose: We continued to advance our global sustainability agenda that is transforming our product portfolio, minimizing our environmental footprint, and making local communities more prosperous.

PepsiCo's executive compensation programs are designed to align the interests of PepsiCo's executive officers with those of our shareholders:

We provide market-competitive programs that enable PepsiCo to attract and retain highly talented individuals.

Pay is directly linked to the achievement of performance goals designed to foster the creation of sustainable long-term shareholder value.

Our pay-for-performance principles dictate that our executive officers should only receive target payouts when PepsiCo achieves its financial goals. For this reason, our Compensation Committee sets financial targets for incentive pay that align with or exceed the external guidance communicated to shareholders.

⁴To evaluate performance in a manner consistent with how management evaluates our operating results and trends, the Compensation Committee applies certain business performance metrics that are measured on a non-GAAP basis to both long-term and annual incentive awards. Please refer to Exhibit A to this Proxy Statement for a description and reconciliation of these non-GAAP financial measures relative to reported GAAP financial measures, and to pages 53-58, 70 and 72 of PepsiCo's 2017 Annual Report on Form 10-K for the fiscal year ended December 30, 2017 for a more detailed description of the items excluded from these measures.

Impact of 2017 PepsiCo Performance on CEO Pay

Chairman and CEO Pay Decisions

The Board of Directors evaluates Ms. Nooyi's performance and makes incentive pay decisions through a holistic assessment of her delivery of PepsiCo's operating results and her progress against PepsiCo's strategic priorities. In 2017, Ms. Nooyi led PepsiCo to meet or exceed most of its financial goals in a difficult operating environment. At the same time, she made significant progress in strengthening PepsiCo for long-term success through her focus on innovation, brand-building, marketplace execution and productivity. Ms. Nooyi's commitment to Performance with Purpose led to meaningful progress towards our sustainability goals.

The Board recognized Ms. Nooyi's 2017 performance by awarding her an annual cash incentive award of \$5.25 million and a 2018 Long-Term Incentive ("LTI") award with a grant date value of \$14.0 million. The actual payout Ms. Nooyi realizes on her 2018 LTI award will depend upon achievement of critical operating and relative stock performance targets established by the Compensation Committee for the 2018-2020 performance period. After reviewing market data and other factors, the Board maintained Ms. Nooyi's annual salary at \$1.7 million and her annual incentive target at 225% of base salary for 2018.

Chairman and CEO Pay-For-Performance Alignment

The PepsiCo TSR shown in the table above illustrates the year-to-year return, including stock price appreciation and reinvested dividends, on PepsiCo's Common Stock on a calendar year basis, indexed to a 2013 base year. The table also illustrates PepsiCo's year-to-year Core Constant Currency EPS Growth⁽²⁾ on a fiscal year basis, indexed to a 2013 base year.

The above chart is different than the 2017 Summary Compensation Table on page 60 of this Proxy Statement. SEC rules require disclosure of stock-settled awards in the year granted and disclosure of cash-settled awards in the year in which the relevant performance criteria are (1) satisfied, whether or not payment is actually made in that year. Consistent with these rules, Ms. Nooyi's 2017 compensation reflected in the 2017 Summary Compensation Table includes the Performance Stock Units ("PSUs") granted in 2017 and her Long-Term Cash ("LTC") Award granted in 2015, which is based on performance over the 2015-2017 performance period and paid out in March 2018.

Please refer to Exhibit A of this Proxy Statement for a description and reconciliation of this non-GAAP financial measure relative to the reported GAAP financial measure, and to pages 53-58, 70 and 72 of PepsiCo's 2017 Annual Report on Form 10-K for the fiscal year ended December 30, (2) 2017 for a more detailed description of the items excluded from this measure. For 2016, Core Constant Currency EPS Growth excluded the impact of the Venezuela deconsolidation that occurred in 2015.

LTI awards for the 2017 performance year consist of PSUs (66%) and LTC Awards (34%) under our current LTI program design (further described in the "2016, 2017 & 2018 Long-Term Incentive Award Design" section on page 53 of this Proxy Statement) and differ from the value (3) reported in the 2017 Summary Compensation Table under the SEC rules. PSU and LTC Award values for each performance year are approved by the Board and granted the following year. For example, the PSU and LTC Award values for the 2017 performance year were approved by the Board and granted in 2018.

EXECUTIVE COMPENSATION

Strong Compensation Governance

The Compensation Committee oversees the executive compensation program and evaluates the program against competitive practices, legal and regulatory developments and corporate governance trends. The Compensation Committee has incorporated the following market-leading governance features into our program.

Comprehensive clawback policy	Under our incentive and deferral programs, PepsiCo has the right to cancel and recoup awards in the event of misconduct.
Double-trigger vesting	LTI awards provide for accelerated vesting only if an executive is involuntarily terminated without cause or resigns for good reason within two years of a change-in-control or if the awards are not assumed by the acquirer.
Responsible share usage	Share utilization is below our peer group median due to our responsible use of shares under the LTI Plan.
Rigorous stock ownership requirements	Executive officers are required to own PepsiCo stock worth two to eight times their base salary (depending on position). The stock ownership requirements continue for 12 months beyond employment.
Rigorous incentive targets	Targets for performance metrics are aligned to the financial goals communicated to shareholders and are not reset once established at the beginning of the performance period.
No employment agreements	None of our executive officers has an employment agreement, separation or change-in-control agreement.
No supplemental executive retirement plans	We do not have any supplemental executive retirement plans. Our NEOs participate in the same retirement programs as other similarly situated employees.
No tax gross-ups	We don't provide tax gross-ups on perks or benefits except in the case of standard relocation and expatriate tax equalization benefits available to all similarly situated employees.
No hedging and pledging	Under our insider trading policy, executive officers are prohibited from hedging and pledging Company stock.
Risk mitigation	Our compensation programs include balanced performance metrics, clawback provisions and an oversight process to identify risk.
No repricing	We do not reprice stock option awards and our plans expressly forbid exchanging underwater options for cash.
Engagement with Our Shareholders	

PepsiCo has a longstanding practice of engaging with shareholders on executive compensation matters. In the two-month period before the 2017 Annual Meeting of Shareholders, we contacted our 75 largest shareholders, representing over 45% of our outstanding shares of Common Stock, offering to discuss a broad range of topics, including executive compensation. Subsequent to the 2017 Annual Meeting, we continued our outreach efforts to develop a better understanding of the feedback received from shareholders.

Our Compensation Committee considered shareholder feedback in its annual review of program components, targets and payouts to maintain awareness of emerging executive compensation practices, ensure the continued strength of our pay-for-performance alignment and sustain strong shareholder support.

At our 2017 Annual Meeting, shareholders again showed strong support for our executive compensation programs with 94% of the votes cast approving our advisory resolution.

The Compensation Committee determined to maintain the core structure of our overall executive compensation program for 2018, taking into account:

- the strong support demonstrated by our shareholders on our advisory resolution on executive compensation at the 2017 Annual Meeting,
- feedback during individual meetings with shareholders; and
- the significant changes made to our LTI program in 2016, as described in the “2016, 2017 & 2018 Long-Term Incentive Award Design” section on page 53 of this Proxy Statement.

Table of Contents**EXECUTIVE COMPENSATION****Base Salary**

The Compensation Committee annually reviews the salaries of our NEOs. Annual salary increases are not automatic or guaranteed. When considering any adjustments, the Compensation Committee takes into account market data, internal pay equity, job responsibilities and individual performance. In September 2017, Mr. Laguarta's annual base salary was increased from \$750,000 to \$900,000 to reflect his appointment as President, PepsiCo. There were no other changes to the annual base salaries of the NEOs. The base salaries paid to our NEOs in fiscal year 2017 are presented in the 2017 Summary Compensation Table on page 60 of this Proxy Statement.

2017 Annual Incentive Award

We provide annual cash incentive opportunities to our NEOs under the PepsiCo, Inc. Executive Incentive Compensation Plan ("EICP"). Awards granted under the EICP are designed to drive Company, business unit and individual performance.

When determining the actual annual incentive award payable to each executive officer, the Compensation Committee considers both business and individual performance. The graphic below illustrates the weighting of performance metrics for each NEO, with the exception of the Chairman and CEO, whose annual cash award is determined by the Compensation Committee and the independent members of the Board based on their assessment of the Company's performance and her leadership.

Table of Contents**EXECUTIVE COMPENSATION**

Business Performance Metrics. Our annual incentive program applies metrics that executives directly influence to ensure a link between annual performance and actual incentive payments. The performance measures used in the annual incentive program relate to Company-wide performance or business-unit performance depending on the NEO's position and scope of responsibility. The 2017 performance metrics used by the Compensation Committee for each NEO are listed in the table below:

	Indra K. Nooyi PepsiCo	Hugh F. Johnston PepsiCo	Albert P. Carey North America	Ramon Laguarta PepsiCo ⁽¹⁾	Sanjeev Chadha AMENA
Organic Revenue ⁵					
Free Cash Flow Excluding Certain Items ⁵					
Core Constant Currency EPS ⁵					
Core Net ROIC ⁵					
Core Constant Currency Net Income ⁵					
Core Constant Currency Operating Profit ⁵					

⁽¹⁾ Effective in September of 2017, Mr. Laguarta was promoted from CEO, ESSA to President, PepsiCo. Therefore, the business performance for Mr. Laguarta's 2017 full-year bonus is measured against both ESSA and PepsiCo results.

As part of PepsiCo's Performance with Purpose 2025 agenda, we announced a 2025 target for the rate of sales growth of what we refer to as our "Everyday Nutrition" products to outpace the rate of sales growth in the balance of our product portfolio. To further align executives with this goal, a modifier based on an annual Everyday Nutrition revenue target was added to the incentive program in 2017. This modifier limits the business performance portion of the bonus payout if the Everyday Nutrition objective is not achieved.

Business Results. In determining annual incentive awards for 2017, the Compensation Committee considered actual Company performance against the pre-established performance targets noted in the table below. Our NEOs' performance targets were set at levels necessary to meet or exceed the financial goals we set for 2017. This ensures that our NEOs are motivated to deliver on our financial goals communicated to shareholders.

Performance Metrics⁵	Financial Goals	Performance Targets	Actual Results
Organic Revenue Growth	At least 3%	3.3%	2.3%
Free Cash Flow Excluding Certain Items	Approximately \$7B	\$7.2B	\$7.3B
Core Constant Currency EPS Growth	8%	8%	8.8%
Core Net ROIC Improvement	+50bps	+50bps	+140bps
Core Constant Currency Net Income Growth	*	7.1%	7.8%

* PepsiCo does not publicly disclose net income goals.

Consistent with our pay-for-performance principles, the payout with respect to the organic revenue goal was below target and the payout with respect to the other metrics was above target as the goals were exceeded. In determining bonus payouts, the Compensation Committee also considered other quantitative and qualitative factors including share of retail sales performance as well as the impact of share repurchases on financial results.

PepsiCo's Everyday Nutrition and business unit performance targets, which were intended to be challenging, are not disclosed because such disclosure would result in competitive harm to PepsiCo. These targets were set at levels necessary to deliver our financial goals communicated to shareholders.

Individual Performance Metrics. The Compensation Committee evaluates individual performance based on metrics related to an individual's contribution to PepsiCo's strategic business imperatives, such as improving operating efficiencies, driving sustainable innovation, increasing customer satisfaction and managing and developing a diverse and talented workforce. The strategic business imperatives are intended to be challenging. They can be both qualitative and quantitative and vary for each executive officer.

Individual Results. In determining annual incentive awards for 2017, the Compensation Committee considered the following individual accomplishments by the NEOs.

During 2017, Mr. Johnston's leadership was critical to PepsiCo's strong bottom-line results.

Mr. Johnston remained focused on delivering our profitability goals and generating cash flow through more efficient working capital management and continued tight controls over capital spending.

Hugh F. Johnston
Vice Chairman, EVP
and CFO, PepsiCo

This enabled us to meet our goal of returning \$6.5 billion in cash to shareholders through dividends and share repurchases and to expand our core operating margin by 45 basis points.⁶

Under Mr. Carey's leadership, our North America businesses delivered mixed results.

Frito-Lay North America ("FLNA") had another very good year in 2017 with strong organic revenue growth⁶ and core constant currency operating profit growth.⁶ Quaker Foods North America ("QFNA") achieved mid-single digit volume growth in hot cereals and gained share in our three key categories of hot cereals, bars, and ready-to-eat cereals.

North America Beverages ("NAB") performed below expectations with declines in organic revenue⁶ and core constant currency operating profit.⁶

Albert P. Carey
CEO, North America

Mr. Carey has taken steps to improve performance through robust marketing plans and a strong innovation pipeline, including the successful launch of LIFEWTR in 2017.

Mr. Laguarta's leadership of ESSA through the third quarter resulted in strong results across the sector.

ESSA delivered 6% organic revenue growth⁶ and double-digit core constant currency operating profit growth.⁶

Ramon Laguarta
President, PepsiCo

As he transitioned to President, PepsiCo in September 2017, Mr. Laguarta assumed responsibility for PepsiCo's worldwide productivity agenda which delivered over \$1 billion in annual savings in 2017.

Mr. Chadha navigated AMENA through macroeconomic volatility and a difficult regulatory environment in many parts of the region to deliver solid operating performance.

AMENA grew organic revenue by 5%⁶ and delivered double-digit core constant currency operating profit growth.⁶

Sanjeev Chadha
CEO, AMENA

Under Mr. Chadha's leadership, AMENA made solid progress on portfolio transformation and delivered strong productivity savings that were reinvested in new capabilities.

⁶ The 2018 Long-Term Incentive award consists of 66% PSUs and 34% LTC. The award payout will depend upon achievement of critical operating and relative stock performance targets established by the Compensation Committee for the 2018-2020 performance period.

Long-Term Incentive Awards

2015 Long-Term Incentive Award Design

PepsiCo's LTI program is 100% performance-based. Awards granted to executive officers in 2015 included two distinct components, PepsiCo Equity Performance Units ("PEPunits") and LTC Awards. Each executive's target grant value is based on his or her role. Actual awards can range from 0% to 125% of target grant value based on individual performance. Awards vest after three years if the executive is still employed with us.

PEPunits

PEPunits strengthen the alignment with long-term shareholder value creation. They provide our executive officers with an opportunity to earn shares of PepsiCo Common Stock based on absolute changes in PepsiCo's stock price, as well as PepsiCo's TSR relative to the S&P 500 over a three-year performance period.

2016, 2017 & 2018 Long-Term Incentive Award Design

Beginning with the 2016 LTI award, we made significant changes to our LTI program, intended to simplify the program and better balance our mix of cash- and equity-based incentives. The new design, outlined below, ensures an appropriate level of focus on successfully attaining critical operating goals and sustained appreciation in shareholder value.

PepsiCo’s current LTI program for awards granted to executive officers consists of PSUs and LTC Awards. Our LTI design continues to be 100% performance-based, with payouts based on performance against operating and market-focused metrics. Awards vest after three years if the executive is still employed with us.

Table of Contents**EXECUTIVE COMPENSATION****Special PSU Award Grants**

The Compensation Committee recognizes that retention of highly qualified leaders is critical to PepsiCo's strong performance and successful succession planning. Each year, the CEO presents an extensive analysis to the Compensation Committee that addresses talent retention considerations, taking into account the demonstrated performance and future potential of each senior officer, as well as the competitive landscape for executive talent and business disruption likely to be caused by unplanned attrition. PepsiCo's senior leaders are often considered for senior roles outside of PepsiCo, due to the breadth and depth of expertise they have gained through their PepsiCo careers.

Taking into account Mr. Laguarta's transition to his new role as President PepsiCo, the Board of Directors granted him a special PSU award on March 1, 2018:

Name	Special PSUs Granted	Vesting Date
Ramon Laguarta	36,782	March 1, 2022

Mr. Laguarta's award will be earned based on the achievement of annual performance targets measuring Everyday Nutrition net revenue growth over a three-year (2018-2020) period. This metric supports PepsiCo's strategic imperative to grow our global nutrition portfolio to adapt to evolving consumer tastes. The payout can range from 0% to 125% of target and requires continued service through March 1, 2022. The award will be forfeited if Mr. Laguarta retires or is terminated before the vesting date.

Special PSU Award Payouts

In February 2018, the Compensation Committee certified the achievement of the three-year performance goals applicable to the special performance-based awards granted to Messrs. Carey and Chadha in November 2014.

In order to sustain PepsiCo's successful "Better Together" strategy, Mr. Carey's award was based on the achievement of pre-established performance targets measuring total North America organic revenue and core constant currency operating profit performance over a three-year (2015-2017) performance period. Payout was also contingent on achieving specific talent development objectives intended to position our North America business for long-term success.

Over the three-year (2015-2017) performance period, total North America organic revenue growth of 2.0%⁸ and core constant currency operating profit growth of 4.7%⁸ exceeded the threshold but fell below the target level necessary for 100% payout. During the same period, the talent development objectives were successfully completed with the advancement of new leaders at NAB and FLNA. Due to these results, Mr. Carey's PSUs paid out at 67% of target and 13,570 shares were delivered to him in March 2018.

Mr. Chadha's award was based on PepsiCo's TSR performance relative to the S&P 500 over the 2015-2017 performance period with a target payout tied to the 50th percentile. Based on PepsiCo's 55th percentile relative TSR performance, Mr. Chadha's PSUs paid out at 105% of target and 33,054 shares were delivered to him in March 2018.

Retirement Programs

Our NEOs participate in the same retirement programs as other similarly situated employees and receive no enhancements in determining their benefits versus other employees. The Company's retirement programs are designed to facilitate the retirement of employees who have performed at PepsiCo over the long term. The Company maintains defined benefit pension plans for the majority of U.S. salaried employees hired before January 1, 2011 and defined contribution plans for U.S. employees hired in 2011 and later. A separate retirement plan is also maintained for certain employees working outside the U.S. who are unable to participate in their home country retirement plans. The terms of the Company's retirement plans are substantially the same for all participating employees and are described in the "2017 Pension Benefits" section beginning on page 65 of this Proxy Statement.

⁸ These results represent the average growth over the three-year performance period (2015-2017). Please refer to Exhibit A to this Proxy Statement for a description and reconciliation of these non-GAAP financial measures relative to reported GAAP financial measures, and to pages 53-58, 70 and 72 of PepsiCo's 2017 Annual Report on Form 10-K for the fiscal year ended December 30, 2017 for a more detailed description of the items excluded from these measures.

EXECUTIVE COMPENSATION

Due to his relocation to the U.S. in September 2017 as President, PepsiCo, Mr. Laguarta ceased to be eligible for end-of-service benefits under his prior Spanish employment terms. In lieu of the Spanish end-of-service benefits, Mr. Laguarta was credited service under the PepsiCo International Retirement Plan commencing on his hire date.

Our NEOs are also eligible for retiree medical coverage on the same terms as other similarly situated employees. PepsiCo does not provide executive officers any special benefit plans such as executive life insurance, and the Company does not provide any enhanced retirement benefit formulas to our NEOs.

Benefits and Perquisites

Benefits. Executive officers receive the same healthcare benefits as other similarly situated employees. U.S.-based medical benefits are the same for all participants in the Company's healthcare program. However, our executive officers are required to pay two to three times as much as non-executive employees for their coverage. International medical benefit plans vary, but executives typically receive the benefits offered in the relevant broad-based plan.

PepsiCo's global mobility program facilitates the assignment of employees to positions in other countries by minimizing any financial detriment or gain to the employee from the international assignment. In 2017, Mr. Chadha participated in the program while on international assignment in Dubai, United Arab Emirates as CEO of AMENA and Mr. Laguarta participated in the program while on assignment in Geneva, Switzerland as CEO, ESSA. Under the program, Messrs. Chadha and Laguarta's compensation packages were linked to the U.S. compensation structure as a result of being considered global talent with continued PepsiCo assignments outside their home countries. Messrs. Chadha and Laguarta economically paid taxes at a U.S. income tax rate on compensation and received housing and other allowances to reflect the incremental cost of living in their work locations, as compared to the U.S.

In addition, executive officers who relocate at PepsiCo's request are supported under the relocation program available to all PepsiCo salaried employees. The program reimburses the executive officer for relocation expenses, such as household goods shipment, and applicable taxes associated with moving.

Perquisites. Consistent with our pay-for-performance philosophy, we limit executive perquisites to a Company car allowance, an annual physical and limited personal use of Company aircraft and ground transportation.

Based on an independent security study, the Compensation Committee generally requires Ms. Nooyi to use Company aircraft and ground transportation for all travel (personal and business) to enhance her personal safety and to increase her time available for business purposes. However, Ms. Nooyi is permitted to use commercial aviation provided that the PepsiCo Global Security Team has assessed the trip itinerary in advance, determined whether the risk of using commercial aviation is acceptable and established a travel security protocol commensurate with the identified risk.

Executives are fully responsible for personal income tax liability associated with personal use of Company ground transportation and Company aircraft. Executive officers, other than the CEO, must reimburse PepsiCo for the full variable operating cost of personal flights in excess of a limited number of hours per year as established by the Compensation Committee. Personal use of Company ground transportation and Company aircraft for executive officers other than the Chairman and CEO must be approved by the Chairman and CEO on a case-by-case basis.

Executive Deferral

Under the PepsiCo Executive Income Deferral Program (the "EIDP"), most U.S.-based executives can elect to defer up to 75% of their base salary and up to 100% of their annual cash incentive awards into phantom investment funds on a tax-deferred basis. Executives may elect to have their deferral accounts notionally invested in market-based funds, including the PepsiCo Common Stock Fund. The EIDP does not guarantee a rate of return, and none of the funds provide "above market" earnings. PepsiCo does not match any executive's deferrals.

The PepsiCo EIDP is a non-qualified and unfunded program in which account balances are unsecured and at risk. The material features of the EIDP are described in the "2017 Non-Qualified Deferred Compensation" section beginning on page 67.

Table of Contents**EXECUTIVE COMPENSATION****Peer Group**

The Compensation Committee utilizes a peer group to evaluate whether executive officer pay levels are aligned with Company performance on a relative basis. The Compensation Committee primarily identifies companies that are of comparable size (based on revenue and market capitalization), maintain strong consumer brands, have an innovative culture, compete with PepsiCo for executive talent and/or possess significant international operations.

Governance Features of Our Executive Compensation Programs

We believe that PepsiCo's compensation programs should ensure that our executives remain accountable for business results and take responsibility for the assets of the business and its employees. Consistent with this objective, our Board of Directors has incorporated strong governance features into our executive compensation programs.

Risk Mitigation

PepsiCo's executive compensation programs include features intended to discourage employees from taking unnecessary and excessive risks that could threaten the financial health and viability of the Company.

Balanced Performance Metrics

The annual incentive program utilizes balanced financial metrics consisting of top-line metrics (such as organic revenue), bottom-line metrics (such as operating profit) and metrics designed to enhance capital management (such as cash flow).

Accountability for Prior Business Unit Results

Half of the annual incentive award for any executive officer who assumes a new leadership position in a different business unit is determined based on the prior business unit's results. This encourages the executive officer to remain accountable for the results of the long-term strategies he or she established in the prior business unit.

Emphasis on Long-Term Shareholder Value Creation

LTI awards are the most significant element of executive officer pay and focus executives on creating long-term shareholder value, measured in terms of absolute stock price growth, stock price changes relative to a comparator group, and delivering exceptional long-term operating results.

Clawback Provisions

Under PepsiCo's annual incentive, LTI and executive deferral programs, the Company has the right to cancel and recoup awards and gains from an executive in certain circumstances, such as if he or she engages in gross misconduct, violates applicable non-compete provisions, or causes or contributes to the need for an adjustment to the Company's financial results through gross negligence or misconduct.

EXECUTIVE COMPENSATION

Stock Ownership Requirements

Under PepsiCo's stock ownership guidelines, executive officers are required to own shares of PepsiCo Common Stock equal in value to a specified multiple of their annual base salary, as set forth below:

44 times annual salary

The value of shares and share equivalents of PepsiCo's Common Stock held by PepsiCo's Chairman and CEO as of March 1, 2018

Shares of PepsiCo Common Stock or equivalents held by the executive officer (or immediate family members) in the 401(k) plan, in a deferred compensation account, or in a trust for the benefit of immediate family members count towards satisfying the requirement. Unexercised stock options and unvested PSUs, Restricted Stock Units ("**RSUs**") and PEPunits do not count towards satisfying the applicable stock ownership requirement.

Executive officers have five years from the date they first become subject to a particular level of stock ownership to meet the stock ownership requirement. All of our executive officers have met or are on track to meet their ownership requirements within the five-year period.

Executive officers who terminate or retire from PepsiCo are required to continue to hold 100% of the shares needed to meet the applicable level of stock ownership until at least six months after termination or retirement and to continue to hold at least 50% of the shares needed to meet the applicable level of stock ownership until at least twelve months after termination or retirement.

Share Retention Policy

To ensure that our executive officers exhibit a strong commitment to PepsiCo stock ownership, the Board adopted a Share Retention Policy in 2002. The policy limits the proceeds that an executive officer may receive in cash upon exercise of stock options during each calendar year to 20% of the aggregate value of all of the executive officer's in-the-money vested stock options. Any proceeds in excess of this 20% limit must be held in shares of PepsiCo Common Stock for at least one year after the date of exercise. In addition, executive officers are required to hold at least 50% of the shares, net of applicable tax withholding, received upon the vesting and payout of PEPunits and PSUs in furtherance of PepsiCo's stock ownership guidelines.

Executive officers who maintain the required level of stock ownership are exempt from the Share Retention Policy.

No Employment Contracts

None of our NEOs have an employment contract or separation agreement, and we do not maintain formal programs or policies that guarantee cash severance or continued access to health and welfare benefits in the event of an involuntary termination of employment. Consistent with our approach of rewarding performance, employment is not guaranteed, and either the Company or the NEO may terminate the employment relationship at any time. In some cases, the Compensation Committee or the Board may agree to provide separation payments and benefits to departing executives upon their termination. Such terminations are addressed on a case-by-case basis, taking into consideration the nature of the termination and a variety of other factors.

Change in Control Provisions

NEOs are not eligible to receive any cash severance, continued health and welfare benefits, pension service credit, tax gross-ups or any other change-in-control benefits other than change-in-control protections under the shareholder-approved LTI Plan.

Table of Contents

EXECUTIVE COMPENSATION

The LTI Plan provides non-employee directors and all employees, including executive officers, change-in-control protection for their LTI awards. Outstanding unvested awards vest, and performance-based awards are paid at target, even if results are above target, in the event that the participant is terminated without cause or resigns for good reason within two years following a change-in-control of PepsiCo (i.e., “double trigger” vesting) or if the acquiring entity fails to assume the awards. We utilize “double trigger” vesting to ensure management talent will be available to assist in the successful integration following a change-in-control and to align with prevailing governance practices.

Prohibition on Hedging and Pledging

Our insider trading policy prohibits employees, including executive officers, from using any strategies or products (such as derivative securities or short-selling techniques) to hedge against the potential changes in the value of PepsiCo Common Stock. In addition, employees, including executive officers, may not hold PepsiCo securities in a margin account or pledge PepsiCo stock or PepsiCo stock options as collateral for a loan.

Limited Trading Windows

Executive officers can only transact in PepsiCo securities during approved trading windows after satisfying mandatory clearance requirements.

Responsible Equity Grant Practices

PepsiCo’s equity grant practices ensure all grants are made on fixed grant dates and at exercise prices or grant prices equal to the “fair market value” of PepsiCo Common Stock on such dates.

Stock option, PSU and RSU grants are awarded under our shareholder-approved LTI Plan at “fair market value,” defined as the average of the high and low stock prices rounded up to the nearest quarter on the date of grant. Further, PEPunit payouts are determined based on the average share price for the 90 days prior to the grant and vesting date. These formulas mitigate the impact of our stock price’s intra-day volatility when setting the grant price of equity awards.

PepsiCo does not backdate, reprice or grant stock options retroactively. Our shareholder-approved LTI Plan prohibits repricing of awards or exchanges of underwater options for cash or other securities without shareholder approval.

Under our shareholder-approved LTI Plan, stock options, RSUs, PSUs, PEPunits and LTC Awards generally require a three-year minimum vesting period.

PepsiCo is responsible in the use of shares under our LTI program, with share utilization below our peer group median.

Tax Considerations

Historically, the Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code in establishing compensation for our executive officers. Section 162(m) generally disallowed a tax deduction for compensation over \$1 million paid for any fiscal year to the CEO and the three other highest paid executive officers other than the CFO, unless the compensation qualified as performance based.

With the enactment of the Tax Cuts and Jobs Act (“**TCJA**”) on December 22, 2017, the Section 162(m) performance-based exception has been repealed and the \$1 million deduction limit now applies to the CEO, CFO and the top three other highest compensated executive officers. Once an executive is subject to the \$1 million deduction limit, this limit continues to apply to compensation paid to these executive officers at any time, including any termination or retirement payments, and payments occurring after their death. The new TCJA rules generally apply to taxable years beginning after December 31, 2017, but transition relief is provided for compensation provided in a written binding contract in effect on November 2, 2017 that is not materially modified after that date.

The 2015 PEPunits, PSUs and LTC Awards were granted under the shareholder-approved LTI Plan and the 2017 annual incentive awards are paid based on achievement of performance measures under the shareholder-approved EICP. The Compensation Committee set payouts for the 2015-2017 LTI award cycle based on maximum achievement of a core constant currency net income target of \$10 billion and for the 2017 EICP based on maximum achievement of a core constant currency net income target of \$7.5 billion. Both the LTI and EICP awards are intended to qualify as performance-based compensation deductible under Section 162(m). However, there can be no guarantee that the awards will qualify for transition relief from the TCJA’s repeal of the performance-based compensation exception, including as a result of any new guidance that the IRS may provide regarding the

TCJA.

- (1) In 2016, the salary amounts reflect the actual base salary payments made to the NEOs during the fiscal year, which included a 53rd week. The amounts reported for stock awards represent the aggregate grant date fair value of stock awards calculated in accordance with the accounting guidance on share-based payments. For a discussion of the assumptions and methodologies used in calculating the grant date fair value of these awards, please see Note 6 to the Company's consolidated financial statements in the Company's Annual Report on Form 10-K for the applicable fiscal year.
- (2) For 2017, the amounts reported in this column represent the grant date fair value of PSU awards. If PepsiCo were to exceed its performance targets, grant recipients may earn up to 175% of the target number of PSUs granted. The following table reflects the grant date fair value of the PSU awards at below-threshold, target and maximum performance earn-out levels.

Name	Below Threshold	Value of 2017 PSU Awards	
		At Target Level (\$)	At Maximum 175% Level (\$)

- As described in the "2017 Annual Incentive Award" section of the Compensation Discussion and Analysis on pages 48-50 of this Proxy Statement, (3) the amounts reported reflect compensation earned for performance under the annual incentive compensation program for that year, paid in March of the subsequent year.

Table of Contents**EXECUTIVE COMPENSATION**

As described in the “2015 Long-Term Incentive Award Design” section of the Compensation Discussion and Analysis on page 51 of this Proxy Statement, the Long-Term Payout amounts reported for 2017 reflect compensation earned for performance over a three-year (2015- 2017) period under the LTC Award granted in 2015 and paid in March 2018. Mr. Chadha did not receive a LTC Award in 2013.

(5) Represents the total of the Annual Payouts and Long-Term Payouts of Non-Equity Incentive Plan compensation.

The amounts reported reflect the aggregate change in the actuarial present value of each NEO’s accumulated benefit under the defined benefit pension plans in which they participate. The change in pension value reflects changes in age, service and earnings during 2017. In 2017, Mr.

(6) Laguarta was credited service under the PepsiCo International Retirement Plan commencing on his hire date in lieu of end-of-service benefits under his prior Spanish employment terms that he ceased to be eligible for upon his relocation to the U.S. During the years presented, PepsiCo did not pay above-market or preferential rates on any non-qualified deferred compensation.

(7) The following table provides the details for the amounts reported for 2017 for each NEO:

Name	Personal Use of Company Aircraft ^(A) (\$)	Personal Use of Ground Transportation ^(A) (\$)	Car Allowance (\$)	Global Mobility ^(B) (\$)	Tax Reimbursement ^(C) (\$)	Total All Other Compensation (\$)
Indra K. Nooyi	191,780	59,469	—	—	—	251,249
Hugh F. Johnston	39,316	—	25,350	—	—	64,666
Albert P. Carey	35,653	—	25,350	—	—	61,003
Ramon Laguarta ^(D)	—	—	31,698	390,373	161,966	584,036
Sanjeev Chadha ^(D)	47,243	—	29,949	166,174	—	243,366

Personal use of Company aircraft and ground transportation is valued based on the aggregate incremental cost to the Company. The aggregate incremental cost is calculated based on the variable operating costs that were incurred as a result of personal use of the aircraft (such as fuel, maintenance, landing fees, crew expenses, catering and en-route charges) or ground transportation (such as fuel and the driver’s compensation). Infrequently, an executive’s spouse or other family member may fly on the Company aircraft or share ground transportation as an additional passenger. There is no incremental cost associated with such usage. The NEOs are fully responsible for all personal income taxes associated with any personal use of Company aircraft and ground transportation.

The amount reported reflects the expense for benefits provided pursuant to PepsiCo’s standard global mobility program as a result of Mr. Laguarta’s international assignment in Geneva, Switzerland and Mr. Chadha’s international assignment in Dubai, United Arab Emirates.

(B) These benefits include housing, cost-of-living and home-leave allowances, and household goods storage. The global mobility program facilitates the assignment of employees to positions outside their home country by minimizing any financial detriment or gain to the employee from the international assignment.

For Messrs. Laguarta and Chadha, this reflects the total net amount of tax equalization designed to cover taxes on their compensation in excess of the taxes they would have incurred in the United States. For Mr. Chadha, the total net tax equalization amount is a negative amount and is, therefore, disclosed as zero.

Mr. Laguarta’s car allowance and global mobility benefits were paid in Swiss Francs and converted into U.S. dollars based on an average exchange rate of 1.00 CHF = 1.016 USD for 2017. Mr. Chadha’s car allowance and global mobility program benefits were paid in United Arab Emirates Dirham and converted into U.S. dollars based on an average exchange rate of 1.00 AED = 0.272 USD for 2017.

(1) Consistent with prior years, 2017 PSUs and LTC Awards were approved by the Compensation Committee at its regularly scheduled meeting in February. The approval date for the awards was February 2, 2017 and the grant date was March 1, 2017.

(2) The amounts reported represent the aggregate grant date fair value of all PSUs granted to NEOs in 2017 calculated in accordance with the accounting guidance on share-based payments. For a discussion of the assumptions and methodologies used in calculating the grant date fair value of the PSUs reported, please see Note 6 to the Company's consolidated financial statements in the Company's 2017 Annual Report on Form 10-K for the fiscal year ended December 30, 2017.

(3) The amounts reported reflect the potential range of 2017 annual cash incentive awards under the shareholder-approved EICP, as described under "2017 Annual Incentive Award" section in the Compensation Discussion and Analysis beginning on page 48 of this Proxy Statement.

(4) The amounts reported reflect the potential range of 2017 LTC Award payouts under the shareholder-approved LTI Plan. The actual LTC Award earned is determined based on the level of achievement attained with respect to the pre-established performance targets based on PepsiCo's TSR relative to the proxy peer group over the three-year performance period and will be paid out on the third anniversary of the grant date.

(5) The actual number of shares of PepsiCo Common Stock that are earned for the 2017 PSUs is determined based on the level of achievement attained with respect to core constant currency EPS growth and cumulative core net ROIC improvement consistent with the pre-established payout scale determined for the three-year performance period. If PepsiCo performs below the pre-established performance targets, the number of PSUs earned will be reduced below the target number. The amounts reported in the "target" column reflect the number of PSUs that may be paid out if the performance targets are achieved at 100%, and the amounts reported in the "maximum" column reflect the maximum number of PSUs that will be paid out if the performance targets are exceeded.

The PSUs earned by NEOs will vest and be paid out in shares of PepsiCo Common Stock on the third anniversary of the grant date subject to pro-rata vesting upon retirement between ages 55 and 61, inclusive, with at least 10 years of service, and full vesting upon retirement at age 62 or older with at least 10 years of service, in each case subject to achievement of the applicable performance targets over the full three-year performance period. As of 2017 fiscal year-end, Mr. Johnston and Mr. Chadha are eligible for pro-rata vesting and Ms. Nooyi and Mr. Carey are eligible for full vesting. Notwithstanding the level of performance achieved, the Compensation Committee retains the discretion to reduce the number of shares issued in settlement of the 2017 PSU awards.

(6) Mr. Laguarta's target and maximum annual incentive reflect a pro-rated increase based on his promotion to President, PepsiCo, effective September 2017.

With the exception of the special awards discussed in footnotes (4), (5) and (6) below, each of the PEPunit and PSU awards listed in the table vests three years after the grant date, subject to continued service with PepsiCo through the vesting date and achievement of applicable performance targets during a three-year performance period. Each of the awards that are not special awards will vest on a pro-rata basis upon retirement between ages 55 and 61, inclusive, with at least 10 years of service, and will vest in full upon retirement at age 62 or older with at least 10 years of service, subject to achievement of applicable performance targets. As of 2017 fiscal year-end, Mr. Johnston and Mr. Chadha are eligible for pro-rata vesting and Ms. Nooyi and Mr. Carey are eligible for full vesting.

(2) The market value of unvested PEPunits and PSUs reflected in the table has been calculated by multiplying the number of unvested PEPunits and PSUs by \$119.92, PepsiCo's closing stock price on December 29, 2017, the last trading day of the 2017 fiscal year.

(3) The numbers displayed in this column reflect the target number of PEPunits and PSUs awarded. Notwithstanding the level of performance achieved, the Compensation Committee retains the discretion to reduce the number of shares issued in settlement of these awards.

(4) The reported award reflects a special PSU award granted to Mr. Johnston. In September 2016, the Compensation Committee certified the level of performance achieved with respect to the three-year performance goals for this award. Based on PepsiCo's TSR performance relative to the S&P 500 over the three-year performance period, Mr. Johnston may receive 108% of target for this award. The award remains subject to

(4) time-based vesting and is scheduled to vest on July 19, 2018, subject to continued employment through the vesting date. In addition, notwithstanding the level of performance achieved, the Compensation Committee retains the discretion to reduce the number of shares issued in settlement of this award.

Table of Contents**EXECUTIVE COMPENSATION**

The reported award reflects a special PSU award granted to Mr. Carey. In February 2018, the Compensation Committee certified the level of performance achieved with respect to the three-year performance goals for this award. Mr. Carey's award was based on the achievement of pre-established performance targets measuring total North America organic revenue and core constant currency operating profit performance (5) objectives over a three-year (2015-2017) performance period in order to sustain PepsiCo's successful "Better Together" strategy. Payout was also contingent on achieving specific talent development objectives intended to position our North America business for long-term success. Mr. Carey's PSUs paid out at 67% of target and 13,570 shares were delivered to him in March 2018. The award vested March 1, 2017 but remained subject to full 2017 performance.

The reported award reflects a special PSU award granted to Mr. Chadha. In February 2018, the Compensation Committee certified the level of performance achieved with respect to the three-year (2015-2017) performance goals for this award. Based on PepsiCo's TSR performance (6) relative to the S&P 500 over the three-year performance period, Mr. Chadha received 105% of target and 33,054 shares for this award. These shares were delivered to him in March 2018.

The following table lists PEPunit and RSU awards that vested in 2017 for the NEOs. The PEPunits vested on March 1, 2017 based upon the (2) level of achievement attained with respect to the pre-established absolute and relative stock price performance for the three-year performance period.

(A) This award was a special award granted to Mr. Laguarta in 2012 subject to continued employment through the vesting date. The award vested on September 20, 2017.

The value realized on exercise of stock options is equal to the amount per share at which the NEO sold shares acquired on exercise (all of which occurred on the date of exercise), minus the exercise price of the stock options, times the number of shares acquired on exercise of the options. (3) The value realized on vesting of stock awards is equal to the average of the high and low market prices of PepsiCo Common Stock on the date of vesting, times the number of shares acquired upon vesting. The number of shares and value realized on vesting include shares that were withheld at the time of vesting to satisfy tax withholding requirements.

These amounts have been calculated using actuarial methods and assumptions shown below in the fiscal year-end valuation under the guidance on employers' accounting for pensions with the assumption, required by SEC disclosure rules, that each NEO remains in service until retirement (1) at the earliest date when unreduced retirement benefits would be available (i.e., age 62 or older): discount rate of 3.75% for the PepsiCo Employees Retirement Plan A, 3.64% for the PepsiCo Pension Equalization Plan, and 3.73% for the PepsiCo International Retirement Plan; and benefits were converted to lump sums based on a 5.75% lump sum conversion rate at retirement.

The amounts reported for Mr. Laguarta above reflect his transition to the U.S. on September 1, 2017. In 2017, Mr. Laguarta was credited service (2) under the PepsiCo International Retirement Plan commencing on his hire date in lieu of end-of-service benefits under his prior Spanish employment terms that he ceased to be eligible for upon his relocation to the U.S.

2017 Non-Qualified Deferred Compensation**Executive Income Deferral Program**

Eligible NEOs	Indra K. Nooyi Hugh F. Johnston Albert P. Carey
Description	Non-qualified and unfunded program that allows certain U.S.-based eligible employees to defer a portion of their annual compensation to a later date. The participants' balances are unsecured, subject to the claims of PepsiCo's creditors and may be forfeited in the event of the Company's bankruptcy
Deferral Limits	Eligible PepsiCo executives may defer up to 75% of base salary and 100% of annual incentive cash compensation. The Company does not provide a matching contribution on any deferrals
Return on Plan Balance	Executives earn a return on their notional accounts based on investments in the phantom funds selected by the executives (listed in footnote (2) below) from a list of phantom funds made available by the Company. The EIDP does not guarantee a rate of return and none of the funds provide above market earnings
Distributions	At the time of election to defer, executives are required to choose to receive future payments on either a specific date or upon separation from service Notwithstanding a participant's payment election, deferrals made after 2000 are paid in a lump sum at the time of separation from service in cases in which separation (other than retirement) occurs prior to the elected payment date Payments of deferrals made after 2004 to executives who are specified employees under Section 409A of the Internal Revenue Code that are triggered by a separation from service are delayed six months following separation
Form of Payment	Made in cash and received as a lump sum or in installments (quarterly, semi-annually or annually) over a period of up to 20 years

(1) PepsiCo does not provide above-market or preferential rates and, as a result, the notional earnings are not included in the 2017 Summary Compensation Table.

None of the amounts reported in this column are reflected in the 2017 Summary Compensation Table. Deferral balances of NEOs under the (2) EIDP were notionally invested in the following phantom funds and earned the following rates of return in 2017: (i) PepsiCo Common Stock: 17.68% and (ii) Defined Applicable Federal Rate (AFR) Fund: 3.21%.

Potential Payments on Termination or Change in Control**Termination of Employment/Retirement**

None of our NEOs have any arrangement that provides for severance payments or severance benefits.

In the event an NEO retires, terminates or resigns from PepsiCo for any reason as of fiscal year-end, he or she would be entitled to:

the pension value disclosed in the 2017 Pension Benefits table on page 65 of this Proxy Statement; and
the outstanding balance disclosed in the 2017 Non-Qualified Deferred Compensation table on page 67 of this Proxy Statement. Our NEOs' unvested annual LTI awards vest on a pro-rata basis upon retirement between ages 55 and 61, inclusive, and fully vest upon death, disability or retirement on or after age 62. In order to be retirement eligible, an executive must be at least age 55 with 10 or more years of service. For special awards, no accelerated vesting occurs upon retirement. In the event of death or long-term disability, special awards fully vest. Even after vesting, PEPunits, PSUs and LTC Awards remain subject to achievement of pre-established performance targets.

The following table sets forth, for each NEO, the value of the unvested PEPunits, PSUs, RSUs and LTC Awards and accrued dividend equivalents on PSUs and RSUs that would vest or be forfeited if the NEO's employment terminated on December 30, 2017, the last day of the 2017 fiscal year, due to termination without cause, retirement, death or long-term disability:

Name	Termination/Retirement (\$ in millions) ⁽¹⁾		Death/Long-Term Disability (\$ in millions) ⁽¹⁾

Albert P. Carey	20.3	—	—	—
Ramon Laguarta	—	11.2	11.2	—
Sanjeev Chadha	7.2	8.6	8.6	—

The PEPunits, PSUs and RSUs were valued at a price of \$119.92, PepsiCo's closing stock price on December 29, 2017, the last trading day of the 2017 fiscal year. Death and Long-Term Disability vesting amounts do not include the value of vested stock options that have already been earned or unvested PEPunits, PSUs, RSUs and LTC Awards that an executive may have earned due to fulfilling the retirement eligibility criteria.
(1) As of 2017 fiscal year-end, Mr. Johnston and Mr. Chadha are eligible for pro-rata vesting and Ms. Nooyi and Mr. Carey are eligible for full vesting of annual LTI awards. For a list of earned vested stock options, see the 2017 Outstanding Equity Awards at Fiscal Year-End table beginning on page 63 of this Proxy Statement.

Table of Contents**EXECUTIVE COMPENSATION****Change in Control**

PepsiCo has a long history of maintaining a “double trigger” vesting policy. This means that unvested stock options, PEPunits, PSUs, RSUs and LTC Awards only vest if the participant is terminated without cause or resigns for good reason within two years following a change in control of PepsiCo or if the acquirer fails to assume or replace the outstanding awards.

For each NEO, the following table illustrates:

the value of PEPunits, PSUs, RSUs, LTC Awards and accrued dividend equivalents on PSUs and RSUs that would vest upon a change in control of PepsiCo without termination of employment; and
the value of the PEPunits, PSUs, RSUs, LTC Awards and accrued dividend equivalents on PSUs and RSUs that would vest upon an NEO’s termination without cause or resignation for good reason if the acquirer does not assume or replace the outstanding awards at the time of the change in control.

Name	Change in Control (\$ in millions)	Total Benefit: Qualifying Termination upon Change in Control ⁽¹⁾
Indra K. Nooyi	—	—
Hugh F. Johnston	—	15.3
Albert P. Carey	—	—
Ramon Laguarta	—	11.2
Sanjeev Chadha	—	8.6

The amounts reported in this column assume that both the change in control and termination occurred on December 30, 2017, the last day of the 2017 fiscal year. The PEPunits, PSUs and RSUs were valued based on PepsiCo’s \$119.92 closing stock price on December 29, 2017, the last trading day of 2017. Amounts do not include vested options that have already been earned due to continued service or unvested PEPunits, (1) PSUs, RSUs and LTC Awards that an executive may have earned due to fulfilling the retirement eligibility criteria. As of 2017 fiscal year-end, Mr. Johnston and Mr. Chadha are eligible for pro-rata vesting and Ms. Nooyi and Mr. Carey are eligible for full vesting of annual LTI awards. For a list of earned vested stock options, see the 2017 Outstanding Equity Awards at Fiscal Year-End table beginning on page 63 of this Proxy Statement.

EXECUTIVE COMPENSATION

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing disclosure regarding the ratio of the annual total compensation of Ms. Nooyi, our CEO, to that of our median employee. As a global organization, we have employees operating in 77 countries serving customers and consumers in more than 200 countries and territories. Our objective is to provide competitive compensation commensurate with an employee's position and geographic location, while also linking compensation to Company and individual performance.

To provide context for this disclosure, it is important to understand the scope of our operations.

Globally diverse workforce. More than half of our employees are located outside the United States in locations where the cost of living is significantly below the U.S., including developing and emerging markets such as Mexico, Russia, Brazil, China and India. The compensation elements and pay levels of our employees can vary dramatically from country to country based on market trends, cost of living, and cost of labor. These factors, along with fluctuations in currency exchange rates, impact the median employee compensation and the resulting ratio.

Frontline is a strategic advantage. PepsiCo has a large global frontline employee population driven by our direct store delivery model and in-house manufacturing and supply chain in many markets. We believe our frontline employees who make, merchandise, and sell our products represent a strategic advantage for PepsiCo. PepsiCo's integrated approach enables us to bring innovative products and packages to market faster, allows us to react more quickly to changes in the marketplace and builds unmatched customer relationships at the store level.

The Ratio

The following ratio of Ms. Nooyi's annual total compensation to the median employee's for our last completed fiscal year is a reasonable estimate calculated in a manner consistent with applicable SEC rules.

The median employee compensation, excluding our CEO, was \$47,801.

As reported in the Summary Compensation Table on page 60, our CEO's compensation was \$31,082,648.

Based on this information, the ratio of Ms. Nooyi's annual total compensation to the median employee compensation for 2017 was estimated to be 650 to 1.

Calculating Methodology

To identify our median employee and calculate such employee's annual total compensation, we used the following methodologies, estimates and assumptions.

Gathering Data on our Worldwide Employee Population. Due to the complexity of collecting compensation information across all the countries in which we have employees and the limited employee headcount in some of those countries, we used the de minimis exemption allowed by applicable SEC rules to exclude approximately 4,600 employees from 38 countries as detailed below.

AMENA - 1,300: Bahrain, Hong Kong, Indonesia, Japan, Lebanon, Malaysia, New Zealand, Philippines, Singapore, South Korea, Taiwan, Vietnam

ESSA - 2,187: Azerbaijan, Belarus, Bosnia and Herzegovina, Cyprus, Denmark, Estonia, Finland, Georgia, Hungary, Italy, Kazakhstan, Kyrgyzstan, Lithuania, Luxembourg, Nigeria, Norway, Slovakia, Switzerland, Uzbekistan

Latin America - 1,065: Bermuda, Bolivia, Costa Rica, El Salvador, Panama, Paraguay, Uruguay

The excluded employees represent less than 5% of our total global population of 272,398 as of October 1, 2017. In certain countries, our employment levels are subject to seasonal variations. After our use of the de minimis exemption, our employee population from which we determined our median employee consisted of 267,846 individuals from 39 countries.

We collected full-year 2016 compensation data for this October 1, 2017 employee population, relying on our internal payroll and tax records, rather than using statistical sampling.

Table of Contents**EXECUTIVE COMPENSATION**

Consistently Applied Compensation Measure. Our employees are compensated through multiple compensation elements that are highly dependent on the role, market practices, and statutory requirements within each country where our employees are located. Because of the differences in compensation elements globally, we identified all cash-based compensation plus equity-based compensation that was realized in the measurement period as an appropriate representation of the annual total compensation for our employees in accordance with SEC rules.

Compensation was annualized on a straight-line basis for full-time and part-time new hire employees who did not work a full fiscal year.

We used the 12-month average exchange rate to convert each non-U.S. employee's total compensation to U.S. dollars, enabling the median to be identified.

We calculated the total compensation for the median employee in the same manner in which we determine the compensation shown for our NEOs in the Summary Compensation Table, including the value of retirement benefits.

At the conclusion of the 2017 fiscal year, we confirmed that the pay for the identified median employee still reasonably reflected the median of our overall employee population.

Securities Authorized for Issuance under Equity Compensation Plans

The following table provides information as of December 30, 2017 with respect to the shares of PepsiCo Common Stock that may be issued under our equity compensation plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights(a)	Weighted-average exercise price of outstanding options, warrants and rights(b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column(a))(c)
Equity compensation plans approved by security holders ⁽¹⁾	26,237,336	\$75.39	73,730,987
Equity compensation plans not approved by security holders ⁽⁵⁾	—	—	—
Total	26,237,336	\$75.39	73,730,987

(1) Includes the LTI Plan.

This amount includes 247,946 PEPunits and 7,292,507 PSUs and RSUs that, if and when vested, will be settled in shares of PepsiCo Common Stock. This amount also includes 250,198 phantom units under the PepsiCo Director Deferral Program that will be settled in shares of Common Stock pursuant to the Plan at the end of the applicable deferral period. For PSUs for which the performance period has ended as of December 30, 2017, the amounts reported in the table reflect the actual number of PSUs earned above and below target levels based on actual performance measured at the end of the performance period. The amounts reported in the table assume target level performance for PEPunits and PSUs for which the performance period has not ended as of December 30, 2017. If maximum earn-out levels are assumed for such PEPunits and PSUs, the total number of shares of PepsiCo Common Stock to be issued upon exercise and/or settlement of outstanding awards as of December 30, 2017 is 27,052,971.

(2) performance measured at the end of the performance period. The amounts reported in the table assume target level performance for PEPunits and PSUs for which the performance period has not ended as of December 30, 2017. If maximum earn-out levels are assumed for such PEPunits and PSUs, the total number of shares of PepsiCo Common Stock to be issued upon exercise and/or settlement of outstanding awards as of December 30, 2017 is 27,052,971.

(3) Weighted-average exercise price of outstanding options only.

The shareholder-approved LTI Plan is the only equity compensation plan under which PepsiCo currently issues equity awards. As of May 2, 2007, the LTI Plan superseded the Company's prior plan, the shareholder-approved 2003 Long-Term Incentive Plan, and no further awards were made under the 2003 plan. The LTI Plan permits the award of stock options, stock appreciation rights, restricted and unrestricted shares,

(4) restricted stock units and performance shares and units. The LTI Plan authorizes a number of shares for issuance equal to 195,000,000 plus the number of shares underlying awards under the Company's prior equity compensation plans that are canceled or expired after May 2, 2007 without delivery of shares. Under the LTI Plan, any stock option granted reduces the available number of shares on a one-to-one basis, any RSU or other full value award granted before May 5, 2010 reduces the available number of shares on a one-to-one basis and any RSU or other full value award granted on or after May 5, 2010 reduces the available number of shares on a one-to-three basis.

(5) The table does not include information for equity compensation plans assumed by PepsiCo in connection with PepsiCo's acquisition of The Pepsi Bottling Group, Inc. ("PBG") in 2010. As of December 30, 2017, 566,362 shares of PepsiCo Common Stock were issuable upon the exercise of outstanding options granted under the PBG plans prior to the acquisition of PBG at a weighted-average exercise price of \$36.48. No additional stock options or other awards may be granted under the PBG plans.

Shareholder Proposal (Proxy Item No. 4)

A shareholder has submitted the following proposal for the reasons stated within the proposal. The shareholder proposal will be voted on at our 2018 Annual Meeting if properly presented by the shareholder proponent or by a qualified representative on behalf of the shareholder proponent. We do not believe that certain assertions in this shareholder proposal about PepsiCo are correct. We have not attempted to refute all of these inaccuracies. However, our Board of Directors has recommended a vote against the proposal for the reasons set forth following the proposal.

Shareholder Proposal Regarding Special Shareowner Meeting Improvement (Proxy Item No. 4)

John Chevedden, on behalf of Kenneth Steiner, 14 Stoner Avenue, 2M, Great Neck, NY, 11021, who owns at least 500 shares of PepsiCo Common Stock, has submitted the following proposal:

Resolved, Shareowners ask our board to take the steps necessary (unilaterally if possible) to amend our bylaws and each appropriate governing document to give holders in the aggregate of 10% of our outstanding common stock the power to call a special shareowner meeting (or the closest percentage to 10% according to state law). In other words this proposal asks for adoption of the most shareholder-friendly version of the shareholder right to call a special meeting as permitted by state law. This proposal does not impact our board's current power to call a special meeting.

This proposal topic won more than 70%-support at Edwards Lifesciences and SunEdison in 2013. A shareholder right to call a special meeting and to act by written consent and are [sic] 2 complimentary ways to bring an important matter to the attention of both management and shareholders outside the annual meeting cycle such as the election of directors.

The lax corporation laws of North Carolina do not allow shareholder action by written consent and PepsiCo shareholders do not have do not have [sic] the full right to call a special meeting that is available under state law. Hence the need to have the full shareholder right to call a special meeting of shareholders under North Carolina law.

Plus this proposal topic already won an impressive 49%-vote at a previous PepsiCo annual meeting. This 49%-vote would have been higher than 51% if small PepsiCo shareholders had the same access to corporate governance information as large shareholders.

If shareholders had a more complete right to call a special meeting, as called for in this proposal, shareholders would have a greater ability to engage our Board and management to improve the qualifications of our directors and make sure that the Board of Directors is continually refreshed with new diverse talent in order to maintain director independence -since a special meeting can be called in regard to the election of directors. Independence is a highly valuable attribute in a director.

This proposal would give shareholders greater standing to engage the Board and management to see if our company can benefit from an independent board chairman. Also shareholders would have a better standing to engage the Board concerning the directors who receive the most negative votes while running unopposed. Certain directors get up to 10-times as many negative votes as other directors.

Please vote to improve management accountability to shareholders:

Special Shareowner Meeting Improvement – Proposal No. 4

Our Board of Directors recommends that shareholders vote “AGAINST” this proposal for the following reasons:

Table of Contents

SHAREHOLDER PROPOSAL (PROXY ITEM NO. 4)

After serious consideration of the shareholder proposal seeking to reduce the stock ownership threshold needed to call a special meeting, the Board has determined that the action requested by the shareholder proposal is neither necessary nor in the best interests of PepsiCo or its shareholders for the following reasons:

PepsiCo already permits shareholders holding in the aggregate 20% or more of our outstanding shares to call a special meeting. The current ownership threshold provides shareholders owning a reasonable minority of shares the right to call a special meeting while maintaining a threshold that prevents the potential unnecessary waste of corporate resources and disruption associated with shareholders owning a much smaller minority of shares calling a meeting on frivolous grounds. Our current threshold can be met by as few as four of our shareholders acting together.

Shareholders have significant opportunities to engage with management and the Board throughout the year.

PepsiCo has strong corporate governance policies and practices in place that protect shareholder rights.

PepsiCo shareholders already have a meaningful right to call a special meeting and other ways to engage with the Board on important topics.

PepsiCo has long supported and continues to support means for our shareholders to effectively communicate with the Board and senior management beyond the limited forum of a special meeting. We provide significant opportunity for shareholders to raise matters through the shareholder proposal process, at our annual meeting and outside of the annual meeting process as described in the “Communications with the Board” section beginning on page 35 of this Proxy Statement.

The Board considered statistical research across the S&P 500 and determined that PepsiCo’s 20% ownership threshold is consistent with, and in most cases lower than, the thresholds of other S&P 500 companies that offer shareholders the right to call a special meeting. In fact, only approximately 15% of S&P 500 companies provide shareholders the right to call a special meeting at a threshold lower than 20% as of March 1, 2018.

By reducing the ownership threshold to 10%, a small minority of shareholders (currently as few as two) could use the special meeting platform solely to advance their own agenda, without regard to the interests of PepsiCo and its broader shareholder base. Maintaining the 20% ownership threshold preserves the reasonable and appropriate balance between providing shareholders the right to call a special meeting and protecting against unnecessary waste of corporate resources or disruption.

We value the views of our shareholders and strong corporate governance practices have been a long-standing priority at PepsiCo.

We value the views of our shareholders, and the input that we receive from them through regular engagement is a cornerstone of our corporate governance practices. Through shareholder engagement, we have received valuable feedback and important external viewpoints that inform our decisions and our strategy. For example, in part as a result of shareholder feedback, the Board implemented “proxy access” and the existing 20% ownership threshold on the right to call a special meeting, and created a new Public Policy and Sustainability Committee. Through our robust shareholder engagement process, we seek to ensure that corporate governance is not a formulaic exercise, but rather a dynamic framework that can both accommodate the demands of our rapidly changing business environment and remain responsive to the priorities of our shareholders. We believe that these efforts have resulted in the high level of support shareholders have given by voting in the manner recommended by the Board at our recent Annual Shareholders’ Meetings, and perhaps more importantly, have strengthened the relationship between our directors, management, and long-term shareholders.

For more information on our shareholder engagement and corporate governance practices, see the “Corporate Governance at PepsiCo” section beginning on page 25 of this Proxy Statement.

Our Board of Directors recommends that shareholders vote “AGAINST” this proposal.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act requires our directors and executive officers and the beneficial owners of more than 10% of our Common Stock to file reports of ownership and changes in ownership of our Common Stock. We received written representations from each director and executive officer who did not file an annual statement with the SEC on Form 5 that no Form 5 was due. To the best of our knowledge, based on a review of those reports and written representations, we believe that all required reports were filed on time with the SEC for fiscal year 2017, except for one Form 4, which was filed on November 3, 2017, due to an administrative error in connection with a grant of performance-based restricted stock units for Silviu Popovici.

Information About the Annual Meeting Voting Procedures

Who may vote at the Annual Meeting?

Only shareholders of record of our Common Stock as of the close of business on our record date, March 1, 2018, are entitled to receive notice of and to vote at the Annual Meeting and at any postponement or adjournment of the meeting. As of the record date, there were 1,419,445,275 shares of our Common Stock outstanding and entitled to vote at the Annual Meeting and each share of our Common Stock is entitled to one vote.

How do I vote?

Whether you are a shareholder of record (that is, **if your shares are registered in your own name** with our transfer agent) or a **beneficial owner of shares held in street name** (that is, **if you hold your shares through a broker, bank or other holder of record**), you can vote any one of four ways:

Via the Internet. You may vote by visiting the website and entering the 16-digit control number found in the Notice of Internet Availability of Proxy Materials (the “**Notice of Internet Availability**”), proxy card or voting instruction form.

By Telephone. You may vote by calling the toll-free number found in the proxy card or voting instruction form or provided on the website listed on the Notice of Internet Availability.

By Mail. If you received or requested printed copies of the proxy materials by mail, you may vote by proxy by filling out the proxy card (if you are a shareholder of record) or voting instruction form (if you are a beneficial owner) and sending it back in the envelope provided.

In Person. If you are a shareholder of record and you plan to attend the Annual Meeting, you are encouraged to vote beforehand by Internet, telephone or mail. You also may vote in person at the Annual Meeting. Bring your printed proxy card if you received one by mail. Otherwise, the Company will give shareholders of record a ballot at the Annual Meeting. If you are a beneficial owner, you must obtain a legal proxy from the organization that holds your shares if you wish to attend the Annual Meeting and vote in person.

What happens if I do not give specific voting instructions when I deliver my proxy?

Shareholder of Record. The persons named as proxies will vote your shares in accordance with your instructions. Except as noted below with respect to shares held in the PepsiCo Savings Plan, if your properly executed proxy does not contain voting instructions, the persons named as proxies will vote your shares in accordance with the voting recommendations of the Board.

Beneficial Owner of Shares Held in Street Name. If you are the beneficial owner of shares held in street name, you have the right to direct your bank or broker how to vote your shares, and it is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, under stock exchange rules, it will nevertheless be entitled to vote your shares with respect to “routine” matters, but it will not be permitted to vote your shares with respect to “non-routine” matters. In the case of a non-routine matter, your shares will be considered “broker non-votes” on that proposal.

Proposal No. 2 (ratification of the appointment of the independent registered public accounting firm) is a matter the Company believes will be considered “routine.”

Proposal No. 1 (election of directors), Proposal No. 3 (advisory approval of executive compensation), and Shareholder Proposal No. 4 are matters the Company believes will be considered “non-routine.”

If you are a beneficial owner and do not give voting instructions to your bank or brokerage firm on certain matters, the Company believes your bank or broker may vote your shares with respect to Proposal No. 2, but not Proposal Nos. 1 or 3 or Shareholder Proposal No. 4.

INFORMATION ABOUT THE ANNUAL MEETING

Can employees who participate in PepsiCo's Savings Plan vote?

Yes. If you are an employee who participates in the PepsiCo Savings Plan (a portion of which constitutes an Employee Stock Ownership Plan), you can vote the shares (if any) that are deemed to be in your account in the PepsiCo Savings Plan as of the close of business on March 1, 2018.

To do so, you must sign and return the proxy card or vote by the Internet or telephone, as instructed in the proxy materials you received in connection with these shares in the PepsiCo Savings Plan. Voting instructions must be received no later than 11:59 p.m. Eastern Daylight Time on April 29, 2018, so that the trustee (who votes the shares on behalf of the participants of the PepsiCo Savings Plan) has adequate time to tabulate the voting instructions. The trustee will vote those shares you instruct. If you do not provide voting instructions, the trustee will vote your PepsiCo Savings Plan shares in the same proportion as the PepsiCo Savings Plan shares of other participants for which the trustee has received proper voting instructions.

What constitutes a quorum in order to hold and transact business at the Annual Meeting?

The presence in person or by proxy of the holders of record of a majority of the votes entitled to be cast on a matter constitutes a quorum for action on that matter. Votes "for" and "against," "abstentions" and "broker non-votes" will all be counted as present to determine whether a quorum has been established. Once a share of the Company's Common Stock is represented for any purpose at a meeting, it is deemed present for quorum purposes for the remainder of the meeting and any adjournments of the meeting unless a new record date is or must be set for the adjourned meeting. If a quorum is not present at the opening of the meeting, the meeting may be adjourned from time to time by the vote of a majority of the votes cast on the motion to adjourn.

What is the voting requirement to approve each of the proposals?

Assuming the existence of a quorum at the Annual Meeting:

Each director nominated pursuant to Proposal No. 1 must receive a vote "for" their election from a majority of the votes cast; and
For all other matters, the affirmative vote of a majority of the votes cast is required to approve each proposal.

Abstentions and broker non-votes are not treated as cast either for or against a matter, and therefore will not affect the outcome of the vote.

Can I revoke my proxy or change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting by voting again via the Internet or by telephone, by completing, signing, dating and returning a new proxy card or voting instruction form with a later date, or by attending the Annual Meeting and voting in person. Only your latest dated proxy we receive at or prior to the Annual Meeting will be counted. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again.

Who will serve as the inspectors of election?

Representatives from Broadridge Investor Communication Solutions, Inc. will serve as the inspectors of election.

Where can I find the voting results of the Annual Meeting?

We expect to announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Form 8-K filed with the SEC within the time period prescribed by SEC rules.

2018 Proxy Materials

Why am I receiving these proxy materials?

Our Board of Directors has made these materials available to you on the Internet or has delivered printed versions of these materials to you by mail in connection with the Board of Directors' solicitation of proxies for use at our Annual Meeting of Shareholders. As a shareholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this Proxy Statement.

INFORMATION ABOUT THE ANNUAL MEETING

What is included in these materials?

These proxy materials include:

 this Proxy Statement for the Annual Meeting; and
 our Annual Report for the fiscal year ended December 30, 2017.

If you received printed versions of these materials by mail, these materials also include the proxy card or voting instruction form for the Annual Meeting.

Why did I receive a Notice of Internet Availability in the mail instead of printed proxy materials?

In accordance with SEC rules, instead of mailing a printed copy of our proxy materials to all of our shareholders, we have elected to furnish such materials to selected shareholders by providing access to these documents over the Internet. Accordingly, on or about March 16, 2018, we sent a Notice of Internet Availability to most of our shareholders.

These shareholders have the ability to access the proxy materials on a website referred to in the Notice of Internet Availability or request to receive a printed set of the proxy materials by calling the toll-free number found on the Notice of Internet Availability. We encourage you to take advantage of the availability of the proxy materials on the Internet in order to help save natural resources and reduce the cost to print and distribute the proxy materials.

How can I get electronic access to the proxy materials?

The Notice of Internet Availability provides you with instructions regarding how to:

 view our proxy materials for the Annual Meeting on the Internet;
 vote your shares after you have viewed our proxy materials;
 request a printed copy of the proxy materials; and
 instruct us to send our future proxy materials to you electronically by email.

PepsiCo will plant a tree for every shareholder that signs up for electronic delivery. Choosing to receive your future proxy materials by email will lower our costs of delivery and will help reduce the environmental impact of our Annual Meeting. Since 2016, we have planted over 30,000 trees based on the number of shareholders who have signed up for electronic delivery.

Copies of the proxy materials are available for viewing at www.pepsico.com/proxy18.

You may have received proxy materials by email. Even if you received a printed copy of our proxy materials, you may choose to receive future proxy materials by email. If you do so, you will receive an email next year with instructions containing a link to view those proxy materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

What is “householding”?

If you are a beneficial owner, your bank or broker may deliver a single Proxy Statement and Annual Report, along with individual proxy cards, or individual Notices of Internet Availability to any household at which two or more shareholders reside unless contrary instructions have been received from you. This procedure, referred to as householding, reduces the volume of duplicate materials shareholders receive and reduces mailing expenses. Shareholders may revoke their consent to future householding mailings or enroll in householding by contacting Broadridge at 1-866-540-7095, or by writing to Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717. Alternatively, if you wish to receive a separate set of proxy materials for this year's Annual Meeting, we will deliver them promptly upon request to PepsiCo's Manager of Shareholder Relations at PepsiCo, Inc., 700 Anderson Hill Road, Purchase, New York 10577 or (914) 253-3055 or investor@pepsico.com.

Table of Contents**Exhibit A—Reconciliation of GAAP and Non-GAAP Information**
(\$ in millions, except per share amounts; unaudited)

Organic revenue, core constant currency EPS (with 2016 growth excluding the impact of the Venezuela deconsolidation), free cash flow excluding certain items, core net ROIC, core constant currency net income (refers to core constant currency net income attributable to PepsiCo, with 2016 growth excluding the impact of the Venezuela deconsolidation), core operating margin and core constant currency operating profit are non-GAAP financial measures. In addition to using these measures as compensation performance measures, we use these non-GAAP financial measures internally to make operating and strategic decisions, including the preparation of our annual operating plan and evaluation of our overall business performance. We believe presenting non-GAAP financial measures provides additional information to facilitate comparison of our historical operating results and trends in our underlying operating results, and provides additional transparency on how we evaluate our business. We also believe presenting these measures allows investors to view our performance using the same measures that we use in evaluating our financial and business performance and trends.

We consider quantitative and qualitative factors in assessing whether to adjust for the impact of items that may be significant or that could affect an understanding of our ongoing financial and business performance or trends. The non-GAAP financial measures contained in the Proxy Statement exclude the impact of the following items:

Commodity Mark-to-Market Net Impact: Mark-to-market net gains and losses on commodity derivatives in corporate unallocated expenses. These gains and losses are subsequently reflected in division results when the divisions recognize the cost of the underlying commodity in operating profit.

Restructuring and Impairment Charges: Expenses related to the 2014 and 2012 Multi-Year Productivity Plans.

Provisional Net Tax Expense Related to the TCJA: In 2017, provisional net tax expense of \$2.5 billion associated with the enactment of the TCJA. Included in the net tax expense of \$2.5 billion is a provisional mandatory one-time transition tax of approximately \$4 billion on undistributed international earnings. This mandatory one-time transition tax was partially offset by a provisional \$1.5 billion benefit resulting from the required remeasurement of our deferred tax assets and liabilities to the new, lower U.S. corporate income tax rate.

Charges Related to the Transaction with Tingyi (Cayman Islands) Holding Corp. (Tingyi): In 2016, impairment charge of \$373 million to reduce the value of our 5% indirect equity interest in Tingyi-Asahi Beverages Holding Co. Ltd. (TAB) to its estimated fair value. In 2015, charge of \$73 million related to a write-off of the value of a call option to increase our holding in TAB to 20%.

Charge Related to Debt Redemption: In 2016, interest expense primarily representing the premium paid in accordance with the “make-whole” redemption provisions to redeem all of our outstanding 7.900% senior notes due 2018 and 5.125% senior notes due 2019 for the principal amounts of \$1.5 billion and \$750 million, respectively.

Pension-Related Settlements: In 2016, pension settlement charge of \$242 million related to the purchase of a group annuity contract. In 2015, benefits of \$67 million associated with the settlement of pension-related liabilities from previous acquisitions. In 2014, lump sum settlement charges of \$141 million related to payments for pension liabilities to certain former employees who had vested benefits.

Venezuela Impairment Charges: In 2015, charges of \$1.4 billion related to the impairment of investments in our wholly-owned Venezuelan subsidiaries and beverage joint venture.

Tax Benefit: In 2015, non-cash tax benefit of \$230 million associated with our agreement with the Internal Revenue Service (IRS) resolving substantially all open matters related to the audits for taxable years 2010 through 2011, which reduced our reserve for uncertain tax positions for the tax years 2010 through 2011. In 2013, non-cash tax benefit of \$209 million associated with our agreement with the IRS resolving all open matters related to the audits for taxable years 2003 through 2009, which reduced our reserve for uncertain tax positions for the tax years 2003 through 2012.

Venezuela Remeasurement Charge: In 2014, a \$105 million net charge related to our remeasurement of the bolivar for certain net monetary assets of our Venezuelan businesses. In 2013, net charge of \$111 million related to the devaluation of the bolivar for our Venezuelan businesses.

Merger and Integration Charges: In 2013, merger and integration charges of \$10 million related to our acquisition of Wimm-Bill-Dann Foods OJSC.

Additionally, free cash flow excluding certain items is a measure management uses to monitor cash flow performance. Since net capital spending is essential to our product innovation initiatives and maintaining our operational capabilities, we believe that it is a recurring and necessary use of cash. As such, we believe investors should also consider net capital spending when evaluating our cash from operating activities. We also consider certain other items (included in the Net Cash Provided by Operating Activities Reconciliation table below) in evaluating free cash flow that we believe investors should consider in evaluating our free cash flow results.
