Questions and Answers about the 2012 Annual Meeting of Stockholders

What is the purpose of the 2012 Annual Meeting of Stockholders?

At the 2012 Annual Meeting of Stockholders, the stockholders will be asked to:

1. Elect the two directors named in this proxy statement, each for a term of three years (Proposal 1);
2. Hold an advisory vote on executive compensation (the “Say-on-Pay” vote) (Proposal 2);
3. Hold an advisory vote to determine stockholder preferences on whether future Say-on-Pay votes should occur every one, two, or three years (“Say-on-Frequency” vote) (Proposal 3);
4. Ratify the appointment of KMJ Corbin and Company as our independent auditor for the year ending December 31, 2012 (Proposal 4); and
5. Ratify the filing by us of the Certificate of Correction with the Delaware Secretary of State effectively reducing the amount of authorized shares of the Company from 848,000,000 shares of Common Stock and 2,000,000 shares of Preferred Stock to 70,000,000 shares of Common Stock and 1,000,000 shares of Preferred Stock (Proposal 5).

Stockholders also will transact any other business that may properly come before the meeting. Members of Neonode's management team will be present at the meeting to respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the meeting is March 29, 2012. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. Each share of Common Stock, Series A Preferred Stock, and Series B Preferred Stock entitles the holder thereof to one vote on each matter properly brought before the 2012 Annual Meeting. As of the Record Date, _____ shares of Common Stock were issued and outstanding, ___ shares of Series A Preferred Stock were issued and outstanding, and ___ shares of Series B Preferred Stock were issued and outstanding.

What is the difference between being a “record holder” and holding shares in “street name”?

A record holder holds shares in his or her name. Shares held in “street name” means shares that are held in the name of a bank or broker on a person's behalf.

Am I entitled to vote if my shares are held in “street name”?

If your shares are held by a bank or a brokerage firm, you are considered the “beneficial owner” of shares held in “street name”. If your shares are held in street name, the proxy materials are being forwarded to you by your bank or brokerage firm (the “record holder”), along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or broker, the shares will be treated as broker non-votes. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your bank or broker.

What is the quorum requirement?

A quorum is necessary to hold a valid meeting. A quorum will be present if a majority of the outstanding shares are represented in person or by proxy at the meeting.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the special meeting to another date.

Who can attend the 2012 Annual Meeting of Stockholders?

All Neonode stockholders of record as of the close of business on March 29, 2012 may attend the 2012 Annual Meeting of Stockholders.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, a majority of the outstanding shares entitled to vote represented at the meeting may adjourn the meeting.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock and/or preferred stock you own as of March 29, 2012.

Can I change my vote after I submit my proxy?

If you are a record holder of shares, you may revoke your proxy and change your vote at any time before your proxy is actually voted:

by signing and delivering another proxy with a later date;

by giving written notice of such revocation to the Chief Financial Officer of Neonode prior to or at the meeting; or

by voting in person at the meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker or other record holder, or, if you have obtained a legal proxy from your bank, broker or other record holder giving you the right to vote your shares, by attending the meeting and voting in person. Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to the Corporate Secretary before your proxy is voted or before you vote in person at the meeting.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count “For” and “Against” votes, abstentions, and broker non-votes.

How does the Board of Directors recommend I vote on the proposals?

Your Board recommends that you vote FOR:

The election of the two nominees named in this proxy statement to the Board of Directors;

The approval, on an advisory basis, of the compensation of the Company’s named executive officers;

The option that calls for future Say-on-Pay votes to be held annually;

The ratification of KMJ Corbin and Company as our independent auditor for the year ending December 31, 2012; and

The ratification of our filing of the Certificate of Correction with the Delaware Secretary of State effectively reducing the amount of authorized shares of the Company from 848,000,000 shares of Common Stock and 2,000,000 shares of Preferred Stock to 70,000,000 shares of Common Stock and 1,000,000 shares of Preferred Stock.

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors as described above.

Will any other business be conducted at the meeting?

We know of no other business that will be presented at the meeting. If any other matter properly comes before the stockholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the two nominees named in this proxy statement as directors. This means that these two nominees will be elected if they receive more affirmative votes than any other persons.

How many votes are required to approve the Say-on-Pay proposal?

The approval, on an advisory basis, of the compensation of the Company's named executive officers requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

How many votes are required to approve the Say-on-Frequency proposal?

The purpose of the Say-on-Frequency proposal is to assess stockholder preferences on the frequency of future Say-on-Pay votes, and as such there will be no approval or adoption of a resolution establishing the frequency of future Say-on-Pay votes. Rather, the Board will consider the results of the vote and other relevant information in establishing the Company's policy on the frequency of future Say-on-Pay votes.

How many votes are required to ratify the appointment of our independent auditor?

The ratification of the appointment of KMJ Corbin and Company as our independent auditor requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

How many votes are required to ratify the filing of the Certificate of Correction?

The ratification of our filing of the Certificate of Correction requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

What is an abstention and how will abstentions be treated?

An "abstention" represents a stockholder's affirmative choice to decline to vote on a proposal other than the election of directors (for directors, the choice is limited to "For" or "Withhold"). Under Delaware law, abstained shares are treated as shares present for quorum and entitled to vote, so they will have the same practical effect as votes against a proposal except for the proposal for the election of directors.

How will broker non-votes be treated?

Edgar Filing: Neonode, Inc - Form PRE 14A

Broker non-votes will be treated as shares present for quorum purposes, but not considered entitled to vote on that matter. Therefore, broker non-votes do not count as votes for or against any proposal.

Where can I find the voting results of the 2012 Annual Meeting of Stockholders?

We plan to announce preliminary voting results at the 2012 Annual Meeting of Stockholders and to publish final results in a Current Report on Form 8-K to be filed with the Securities and Exchange Commission (the "SEC") within four days of the Annual Meeting of Stockholders.

PROPOSAL 1: ELECTION OF DIRECTORS

Board Composition

According to our Certificate of Incorporation, the Board of Directors is divided into three classes. Each class consists, as nearly as possible, of one-third of the total number of Directors, and each class has a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining Directors. A Director elected by the Board to fill a vacancy in a class shall serve for the remainder of the full term of that class, and until the Director's successor is elected and qualified. This includes vacancies created by an increase in the number of Directors.

Our Board of Directors is classified into three classes of directors serving staggered, three-year terms as follows:

Class I Directors (term expiring upon the annual stockholders meeting in 2012)

Per Bystedt
Thomas Eriksson

Class II Directors (term expiring upon the annual stockholders meeting in 2013)

John Reardon

Class III Directors (term expiring upon the annual stockholders meeting in 2014)

Mats Dahlin
Lars Lindqvist

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of Directors. The nominees receiving the highest number of affirmative votes will be elected.

As of the date of this Proxy Statement, there are no material proceedings to which any Director or executive officer of the Company, or any associate thereof, is a party which is adverse to or has a material interest adverse to the Company or any of its subsidiaries.

STRUCTURE AND PRACTICES OF THE BOARD OF DIRECTORS

Corporate Overview

We provide optical infrared touch screen solutions for handheld and small to mid-sized consumer and industrial electronic devices. We license our touchscreen technology to Original Equipment Manufacturers ("OEMs") and Original Design Manufacturers ("ODMs") who imbed our touch screen technology into electronic devices that they develop and sell. The cornerstone of our solution is our innovative optical infrared touch screen technology zforce®. zForce can be applied on any flat surface such as Liquid Crystal Display (LCD), Organic Light Emitting Diode Displays (OLED), Electronic Paper Displays (EPD), Mirasol, Plasticlogic or Mouse Pad, and can be incorporated into all types of devices, enabling touch detection for any type of object (finger, pen, glove). In addition, the zForce touch solution has a minimal total weight and building height, thus enabling greater industrial design flexibility. Since nothing is layered on top of the display, the zForce solution provides 100% optical transparency, which improves image quality, reduces glare, and improves battery life.

Our technology licensing model allows us to focus on the development of solutions for multi-touch enabled screens, and thus we do not have to contend with the financial and logistical burden of manufacturing products, which is handled by our ODM/OEM clients. We license the right to use zForce and software which, together with standard components from partners, create a complete optical touch screen solution. The zForce multi-touch product is our latest release and is currently being integrated into products such as mobile phones, e-Readers, household appliances, printers and office equipment, GPS devices, automobile consoles, games and toys, and tablet PC's. Our licensing model provides the added benefit of allowing us to grow sales without the need of increasing costs at anywhere near the same rate to support the sales growth.

Our Common Stock trades on the Over-the-Counter Bulletin Board under the symbol "NEON.OB."

We have one subsidiary, Neonode Technologies AB, in Sweden. The Swedish subsidiary was established to accelerate the research and development of our proprietary technology and solutions.

Board Leadership Structure

The Company has chosen to separate the principal executive officer and Board chairman positions. The Company believes that following the expansion of the Company's activities in the last year, having two individuals serve in these positions is the most appropriate for the Company. Now that that the Company is actively marketing and licensing its technology and entering into license agreements with customers, having one individual being responsible for the operational aspects of the Company's business and a second individual being responsible for the strategic aspects of the Company's business is more efficient than having both responsibilities in the hands of one person. By disassociating and clarifying the roles of the Company's principal executive officer and the Board chairman, the Company believes that it has created clearer responsibility and accountability at the top of the Company.

Corporate Governance Guidelines

The Company adopted the Neonode, Inc. Code of Business Conduct that applies to all officers, Directors and employees. All of the Company's employees must carry out their duties in accordance with the policies set forth in the Code of Business Conduct and with applicable laws and regulations. The Code of Business Conduct contains a separate Code of Ethics that applies specifically to the Company's Chief Executive Officer and senior financial officers. The Code of Business Conduct and Code of Ethics is available on our website at <http://www.neonode.com/investor-relations/corporate-governance/>.

The Board has adopted a written Audit Committee Charter that is available on the Company's website at <http://www.neonode.com/investor-relations/corporate-governance/>.

The Board has adopted a written Compensation Committee Charter that is available on the Company's website at <http://www.neonode.com/investor-relations/corporate-governance/>.

The Board has adopted a written Nominating and Governance Committee Charter that is available on the Company's website at <http://www.neonode.com/investor-relations/corporate-governance/>.

Board Committees

The Board has three committees: an Audit Committee, a Compensation Committee, and a Nominating and Governance Committee. John Reardon, Mats Dahlin and Lars Lindqvist are the members of each committee. During the Company's 2011 fiscal year, the Audit Committee met four times, the Compensation Committee met twice, and the Nominating and Governance Committee met twice. All of the Directors attended at least 75% of the meetings of each committee.

Below is a description of each committee of the Board. Each of the committees has the authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that John Reardon, Mats Dahlin, and Lars Lindqvist meet the applicable rules and regulations regarding "independence" and are free of any relationship that would interfere with their individual exercise of independent judgment with regard to the Company.

Audit Committee. Lars Lindqvist is Chairman of the Audit Committee. The members of the Audit Committee are Lars Lindqvist, Mars Dahlin, and John Reardon. The Audit Committee of the Board, which was established in accordance with Section 3(a)(58)(A) of the Exchange Act, oversees the Company's corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions, including the following:

- determining whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm;
- reviewing and approving the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services;
- monitoring the rotation of partners of the independent registered public accounting firm on the Company's audit engagement team as required by law;
- conferring with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting;
- establishing procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential and

anonymous submission by employees of concerns regarding questionable accounting or auditing matters;

- reviewing the financial statements to be included in the Company's Annual Report on Form 10-K; and
- discussing with management and with the independent registered public accounting firm the results of the annual audit and the results of the Company's quarterly financial statements.

The Board annually reviews the SEC standards and definition of independence for Audit Committee members and has determined that all of the members of the Company's Audit Committee are independent. Lars Lindqvist qualifies as an "audit committee financial expert", as defined in the rules of the Securities and Exchange Commission.

Compensation Committee. Mats Dahlin is Chairman of the Compensation Committee. The members of the Compensation Committee are John Reardon, Mats Dahlin, and Lars Lindqvist. The Compensation Committee of the Board reviews and approves the overall compensation strategy and policies for the Company. The Compensation Committee's functions include the following:

- reviewing and approving corporate performance goals and objectives relevant to the compensation of the Company's executive officers and other senior management;
- reviewing and approving the compensation and other terms of employment of the Company's Chief Executive Officer;
- reviewing and approving the compensation and other terms of employment of the other executive officers; and
- administering and reviewing the Company's stock option and purchase plans, pension and profit sharing plans, stock bonus plans, deferred compensation plans and other similar programs.

All of the members of the Compensation Committee are independent.

The Compensation Committee conducts an annual performance and compensation review for each of our executive officers and determines salary adjustments and bonus and equity awards at one or more meetings generally held during the last quarter of the year. In addition, the Compensation Committee considers matters related to individual compensation, such as compensation for new executive hires, as well as various compensation policy issues throughout the year. For executives other than the Chief Executive Officer, the Compensation Committee receives and considers performance evaluations and compensation recommendations submitted to the Committee by the Chief Executive Officer. In the case of the Chief Executive Officer, the evaluation of his performance is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. The agenda for meetings of the Compensation Committee is usually determined by its Chairman, with the assistance of the Company's Chief Executive Officer and Chief Financial Officer. Compensation Committee meetings are regularly attended by the Chief Executive Officer and Chief Financial Officer.

The Committee approves routine on-hire option grants to employees of the Company, subject to specific limitations. For these grants, the exercise price must be equal to the closing price on the Over the Counter Bulletin Board of the Company's Common Stock on the date of grant.

Nominating and Governance Committee. John Reardon is Chairman of the Nominating and Governance Committee. The members of the Nominating and Governance Committee are Mats Dahlin, Lars Lindqvist, and John Reardon. The Nominating and Governance Committee of the Board is responsible for identifying, reviewing and evaluating candidates to serve as Directors of the Company, consistent with criteria approved by the Board. The Nominating and Governance duties include the following:

- reviewing and evaluating incumbent Directors;
- recommending candidates to the Board for election to the Board; and
- making recommendations to the Board regarding the membership of the committees of the Board.

All of the members of the Nominating and Governance Committee are independent.

9

The Nominating and Governance Committee believes that candidates for Director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Nominating and Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the Company's stockholders. However, the Nominating and Governance Committee retains the right to modify these qualifications from time to time. Candidates for Director nominees are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of stockholders. In conducting this assessment, the committee considers diversity, age, skills, and such other factors as it deems appropriate, given the current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability.

In the case of incumbent Directors whose terms of office are set to expire, the Nominating and Governance Committee reviews such Directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such Directors' independence.

In the case of new Director candidates, the Nominating and Governance Committee also determines whether the nominee must be independent pursuant to applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Governance Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Nominating and Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating Director candidates. To date, the Nominating and Governance Committee has not received any Director nominations from stockholders of the Company.

The Nominating and Governance Committee will consider Director candidates recommended by stockholders. The Nominating and Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder or not. Stockholders who wish to recommend individuals for consideration by the Nominating and Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Governance Committee at the following address: Neonode, Inc., Linnegatan 89, 11523 Stockholm, Sweden, at least six months prior to any meeting at which Directors are to be elected. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a Director, and a representation that the nominating stockholder is a beneficial or record owner of the Company's stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a Director if elected.

Meetings of the Board

The Board met four times during the Company's 2011 fiscal year. Each Director attended 75% or more of the meetings of the Board and of the committees on which he served, held during the period for which he was a Director or committee member, respectively. In addition, in 2011 the Company's independent Directors met in regularly scheduled executive sessions at which only independent Directors were present.

All of the Board members attended last year's annual meeting, either in person or telephonically.

Communication with the Board

Stockholders, or anyone else wishing to contact the Board directly, may send a written communication to David W. Brunton, Chief Financial Officer, 2700 Augustine Dr, Suite 100, Santa Clara, CA 95054, USA. Mr. Brunton will forward such correspondence only to the intended recipients, whether the entire Board or only an individual Board member. However, prior to forwarding any correspondence, Mr. Brunton will review such correspondence and, in his discretion, may not forward certain items if they are deemed to be of a commercial nature or sent in bad faith.

Independence of the Board of Directors

A majority of the members of the Board of a company listed on a national exchange must qualify as “independent,” as affirmatively determined by the Board of Directors. Although the Company is not currently listed on a national exchange and is not required to comply with these “independence” requirements, at present, the Board is comprised of a majority of independent members, John Reardon, Mats Dahlin, and Lars Lindqvist.

Board’s Role in Risk Oversight

The Board assesses on an ongoing basis the risks faced by the Company. These risks include financial, technological, competitive, and operational risks. The Board dedicates time at each of its meetings to review and consider the relevant risks faced by the Company at that time. In addition, the Audit Committee of the Board is responsible for the assessment and oversight of the Company’s financial risk exposures.

Directors’ Fees

For calendar year 2011, John Reardon, Mats Dahlin, and Lars Lindqvist, the Company's non-employee director, received fees for serving as a member of the Board of Directors. Per Bystedt was paid \$48,000 for serving as the Chairman of the Board of Directors of the Company. Thomas Eriksson did not receive any fees for serving on the Board. For the period from January 1, 2011 through June 30, 2011, the annual retainer for each non-employee director of the Company was \$24,000 per calendar year. Beginning July 1, 2011, the annual retainer for each independent, non-employee director of the Company was increased to \$48,000, payable monthly in arrears. Effective as of January 1, 2012, the annual fee paid to Per Bystedt for serving as the Chairman of the Board was increased to \$96,000, but since the annual services fee paid by the Company to Mr. Bystedt was reduced to \$52,000, Mr. Bystedt's total annual compensation remains unchanged. Directors do not receive a per-meeting fee. The members of the Board are also eligible for reimbursement for their expenses incurred in attending Board meetings in accordance with Company policy.

Effective January 2, 2008, on January 2 of each year (or the next business day if that date is a legal holiday), each non-employee director is entitled to an additional option to purchase 1,600 shares of common stock of the Company. However, the Company did not grant the non-employee directors any stock options on January 2, 2009, January 2, 2010, or January 2, 2011. Mats Dahlin and Lars Lindqvist were not granted any stock options in November 2011 when they commenced serving on the Board of Directors. The exercise price of options granted is 100% of the fair market value of the common stock subject to the option on the date of the option grant. Options granted to Directors may not be exercised until the date upon which the optionee (or the affiliate of the optionee) has provided one year of continuous service as a non-employee director following the date of grant of such option, at which point 100% of the option becomes exercisable. The options will fully vest upon a change of control, unless the acquiring company assumes the options or substitutes similar options. The term of options granted is 10 years.

As of March 1, 2012, no options granted to Directors had been exercised.

PROPOSAL 2 – ADVISORY VOTE ON EXECUTIVE COMPENSATION (“SAY-ON-PAY”)

We are providing our stockholders with the opportunity to cast an advisory Say-on-Pay vote. The Say-on-Pay vote is required by the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”). Although pursuant to the provisions of the Dodd-Frank Act, the Say-on-Pay vote is advisory and not binding on the Company or the Board, the Board and the Compensation Committee will carefully review the outcome of the vote and take it into account when making decisions regarding the compensation of its Named Executive Officers.

We believe that the Say-on-Pay vote represents an additional means by which we will obtain important feedback from our stockholders about executive compensation.

Stockholders are encouraged to read the Executive Compensation section of this Proxy Statement, which describes how we have compensated our named executive officers.

The approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote. Since we believe that the executive compensation for the year ended December 31, 2011 is reasonable and appropriate, is justified by the performance of the Company, and is consistent with our compensation policies, we recommend that our stockholders vote to approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K.

This vote is an advisory vote and is therefore not binding on the Company or the Board. The Board and the Compensation Committee will, however, review the voting results and take them into account in making decisions regarding compensation of its Named Executive Officers.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO ITEM 402 OF REGULATION S-K.

PROPOSAL 3 – ADVISORY VOTE ON FREQUENCY OF SAY-ON-PAY VOTES (“SAY-ON-FREQUENCY”)

Under the Exchange Act and SEC rules, we must have an advisory stockholder vote this year and, going forward, at least every six years, regarding how frequently we should have the advisory stockholder vote on compensation of our named executive officers. The Board currently plans to seek an advisory vote on compensation of our named executive officers every year, although that could change for a number of reasons, including the results of the stockholder advisory vote on frequency this year or in future years. This Say-on-Frequency vote addresses whether the Say-on-Pay vote should occur every one, two or three years.

Like the Say-on-Pay vote, the Say-on-Frequency vote is advisory and not binding on the Company, the Board or the Compensation Committee. However, it is another way for our stockholders to convey their views about our executive compensation programs. The Board and the Compensation Committee value stockholder input on these and other matters and will consider the results of this Say-on-Frequency vote among other things in making future decisions about how frequently Say-on-Pay votes should occur.

The Board considered a number of factors in deciding to have annual Say-on-Pay advisory votes, at least initially. It concluded that an annual advisory vote may give our stockholders a more effective way to communicate their views on compensation of our named executive officers than less frequent votes. Among other things, an annual advisory vote may avoid uncertainties interpreting the results from less frequent votes. For example, if one or more compensation programs are changed during a multi-year period covered by a stockholder vote, it may not be clear whether stockholders approve or disapprove the new program, the old program, or both. Similarly, stockholder dissatisfaction with compensation may be related only to one year or to programs that have been changed during the period between stockholder votes. The Board recognized, however, that there are also good reasons to have longer periods between Say-on-Pay advisory votes. For example, some elements of compensation are structured over a multi-year period, and often the results of the Company’s performance may only be accurately assessed over a multi-year period.

On balance, however, the Board currently believes that an annual Say-on-Pay vote would best express its commitment to take steps to align the compensation of its executives with the interests of the Company’s stockholders. This approach could be modified in future years if it becomes apparent, for example, that an annual Say-on-Pay vote is not meaningful, is burdensome, or is not in line with best corporate governance practices.

The enclosed proxy card gives you four choices: you can choose whether the Say-on-Pay vote should be conducted every year, every two years, or every three years, or you can abstain.

This vote is an advisory vote and is therefore not binding on the Company or the Board. But the Board and the Compensation Committee will review the voting results in making a decision as to the policy to be adopted by the Board on the frequency of future Say-on-Pay votes. The Board may decide that it is in the best interests of our stockholders to hold an advisory vote more or less frequently than the non-binding option that receives the most stockholder votes.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE OPTION OF EVERY YEAR AS THE FREQUENCY WITH WHICH STOCKHOLDERS WILL BE PROVIDED WITH THE OPPORTUNITY TO HOLD AN ADVISORY VOTE ON EXECUTIVE COMPENSATION.

PROPOSAL FOUR

TO RATIFY THE APPOINTMENT OF KMJ CORBIN AND COMPANY
AS THE COMPANY'S INDEPENDENT AUDITOR FOR THE YEAR ENDING DECEMBER 31, 2012

The Board of Directors has selected KMJ Corbin and Company as the Company's independent auditor for the current fiscal year, and the Board is asking stockholders to ratify that selection. The Board considers the selection of the independent auditor to be an important matter of stockholder concern and is submitting the selection of KMJ Corbin and Company for ratification by stockholders as a matter of good corporate practice.

FEES PAID TO THE INDEPENDENT AUDITOR

The following table represents aggregate fees billed to us for fiscal years ended December 31, 2011 and 2010, by KMJ Corbin and Company, our principal accountant.

	Fiscal Year Ended (in thousands)	
	2011	2010
Audit Fees	\$ 177	\$ 239
Audit-related Fees	19	-
Tax Fees	7	-
All Other Fees	-	-
Total Fees	\$ 203	\$ 239

All fees described above were pre-approved by the Audit Committee. The Audit Committee has determined that the rendering of the foregoing services separate from the audit services by KMJ Corbin and Company is compatible with maintaining the principal accountant's independence.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee has not approved any formal policy concerning pre-approval of the auditors to perform both audit and non-audit services (services other than audit, review and attest services). Instead, on a case by case basis, any audit or non-audit services proposed to be performed are considered by and, if deemed appropriate, approved by the Audit Committee in advance of the performance of such services. All of the fees earned by KMJ Corbin and Company described above were attributable to services pre-approved by the Audit Committee.

The affirmative vote of holders of a majority of the shares of Common Stock and of Preferred Stock represented at the meeting, voting together as a single class, is required to approve the ratification of the selection of KMJ Corbin and Company as the Company's independent auditor for the current fiscal year.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KMJ CORBIN AND COMPANY AS THE COMPANY'S INDEPENDENT AUDITOR.

PROPOSAL FIVE

TO RATIFY THE FILING BY US OF THE CERTIFICATE OF CORRECTION
WITH THE DELAWARE SECRETARY OF STATE

Background: The Reverse Split

On March 25, 2011, we effected a reverse stock split of the Company's issued and outstanding shares of Common stock and Preferred Stock at a ratio of twenty-five-to-one (the "Reverse Split"). The Certificate of Amendment that we filed with the State of Delaware provided that each twenty-five (25) outstanding shares of the Company's Common Stock, par value \$0.001 per share, was exchanged and combined, automatically, without further action, into one (1) share of Common Stock, and each twenty-five (25) outstanding shares of the Corporation's Preferred Stock, par value \$0.001 per share, was exchanged and combined, automatically, without further action, into one (1) share of Preferred Stock. While the number of issued and outstanding shares of the Company's stock was reduced by a ratio of 25:1, the number of authorized shares of the Company was left unadjusted. It was never intended that the Company have 848,000,000 authorized shares of Common Stock with only approximately 22.27 million issued and outstanding shares (as of the effective date of the Reverse Split). Rather, the intention was to adjust the number of authorized shares downward to properly reflect the new capital structure of the Company as of the effective date of the Reverse Split.

The Certificate of Correction

Accordingly, on February 29, 2012, we filed a Certificate of Correction with the Secretary of State of the State of Delaware effectively reducing the amount of our authorized shares from 848,000,000 shares of Common Stock and 2,000,000 shares of Preferred Stock to 70,000,000 shares of Common Stock and 1,000,000 shares of Preferred Stock.

This correction reflects our new capital structure following the Reverse Split that became effective at the close of business on March 25, 2011.

The reduction of the amount of authorized shares resulted in a savings of approximately \$145,000 in Delaware franchise taxes due for 2011.

The reduction in authorized shares has no impact on the shares of Common Stock or Preferred Stock that are issued and outstanding.

The Board of Directors is asking stockholders to ratify our filing of the Certificate of Correction. While the filing of the Certificate of Correction has been approved by the Board and management of the Company and has been accepted by the Delaware Secretary of State, since the correction effects a change to the Company's Amended and Restated Certificate of Incorporation, the Board is asking the stockholders to ratify the filing of the Certificate of Correction as a matter of good corporate practice. If the stockholders ratify the filing of the Certificate of Correction, then pursuant to such ratification we will file with the Secretary of State of the State of Delaware a Certificate of Amendment of our Amended and Restated Certificate of Incorporation to conform Paragraph A of Article IV of our Amended and Restated Certificate of Incorporation to the Certificate of Correction, such that Paragraph A of Article IV shall read as follows:

"A. This corporation is authorized to issue two classes of stock to be designated, respectively, "Common Stock" and "Preferred Stock." The total number of shares which the corporation is authorized to issue is Seventy-One Million (71,000,000) shares, of which Seventy Million (70,000,000) shares will be Common Stock, par value \$0.001 per share, and One Million (1,000,000) shares will be Preferred Stock, par value \$0.001 per share, of which 444,541

shares shall be designated as Series A Preferred Stock and 54,425 shares shall be designated as Series B Preferred Stock."

The affirmative vote of holders of a majority of the shares of Common Stock and of Preferred Stock represented at the meeting, voting together as a single class, is required to approve the ratification of our filing of the Certificate of Correction with the Delaware Secretary of State.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF OUR FILING OF THE CERTIFICATE OF CORRECTION WITH THE DELAWARE SECRETARY OF STATE.

ADDITIONAL INFORMATION

Householding of Proxies

Under rules adopted by the SEC, we are permitted to deliver a single set of proxy materials to any household at which two or more stockholders reside if we believe the stockholders are members of the same family. This process, called householding, allows us to reduce the number of copies of these materials we must print and mail. Even if householding is used, each stockholder will continue to be entitled to submit a separate proxy or voting instruction. The Company is not householding this year for those stockholders who own their shares directly in their own name. If you share the same last name and address with another Company stockholder who also holds his or her shares directly, and you would each like to start householding for the Company's annual reports and proxy statements, please contact us at Neonode, Inc., Linnegatan 89, 11523 Stockholm, Sweden, or by calling us at (925) 229-2125.

This year, some brokers and nominees who hold Company shares on behalf of stockholders may be participating in the practice of householding proxy statements and annual reports for those stockholders. If your household receives a single set of proxy materials for this year, but you would like to receive your own copy, please contact us as stated above, and we will promptly send you a copy. If a broker or nominee holds Company shares on your behalf and you share the same last name and address with another stockholder for whom a broker or nominee holds Company shares, and together both of you would like to receive only a single set of the Company's disclosure documents, please contact your broker or nominee as described in the voter instruction card or other information you received from your broker or nominee.

If you consent to householding, your election will remain in effect until you revoke it. Should you later revoke your consent, you will be sent separate copies of those documents that are mailed at least 30 days or more after receipt of your revocation.

Our Code of Business Conduct and Code of Ethics, and our Committee Charters are also available at our website address mentioned above. In addition to soliciting proxies, we expect that our Directors, officers and regularly engaged employees may solicit proxies personally or by mail, facsimile, telephone, or other electronic means, for which solicitation they will not receive any additional compensation. We will reimburse brokerage firms, custodians, fiduciaries and other nominees for their out-of-pocket expenses in forwarding solicitation materials to beneficial owners upon our request.
