PROXY STATEMENT

INFORMATION CONCERNING THE ANNUAL MEETING

Mailing and Solicitation. Proxies are being solicited on behalf of the Board of Directors of Torchlight Energy Resources, Inc. This Proxy Statement and accompanying form of proxy card will be sent on or about April 20, 2012 to stockholders entitled to vote at the Annual Meeting. The cost of the solicitation of proxies will be paid by us. The solicitation is to be made primarily by mail but may be supplemented by telephone calls and personal solicitation by our officers and other employees.

Annual Report on Form 10-K. A copy of our Annual Report on Form 10-K for the year ended December 31, 2011, as filed with the Securities and Exchange Commission, has been mailed with this Proxy Statement to all stockholders entitled to vote at the Annual Meeting.

Proxies. Whether or not you plan to attend the Annual Meeting, we request that you date and execute the enclosed proxy card and return it in the postage-paid return envelope. If your shares are held in street name through a brokerage or other institution, telephone and internet instructions are also provided on the proxy card you receive. A control number, located on the proxy card, is designed to verify your identity, allow you to vote your shares, and confirm that your voting instructions have been properly recorded.

If your shares are registered in the name of a bank, broker, or other nominee, follow the proxy instructions on the form you receive from the nominee. The availability of telephone and internet proxy will depend on the nominee's proxy processes. Under the rules of the New York Stock Exchange (NYSE), brokers who hold shares in street name for customers are precluded from exercising voting discretion with respect to the approval of non-routine matters (so called broker non-votes) where the beneficial owner has not given voting instructions. Effective July 1, 2009, the NYSE amended its rule regarding discretionary voting by brokers on uncontested elections of directors such that any investor who does not instruct the investor's broker on how to vote in an election of directors will cause the broker to be unable to vote that investor's shares on an election of directors. Previously, the broker could exercise its own discretion in determining how to vote the investor's shares even when the investor did not instruct the broker on how to vote. Accordingly, with respect to the election of directors (see Proposal 1), a broker is not entitled to vote the shares of common stock unless the beneficial owner has given instructions. With respect to the ratification of the appointment of Calvetti, Ferguson & Wagner, P.C. as our independent registered public accounting firm (see Proposal

2), a broker will have discretionary authority to vote the shares of common stock if the beneficial owner has not given instructions.

Revocation of Proxies. The proxy may be revoked by the stockholder at any time before a vote is taken by notifying our President in writing at the address of Torchlight Energy Resources, Inc. given above; by executing a new proxy bearing a later date or by submitting a new proxy by telephone or internet; or by attending the Annual Meeting and voting in person.

Voting in Accordance with Instructions. The shares represented by your properly completed proxy will be voted in accordance with your instructions marked on it. If you properly sign, date, and deliver to us your proxy but you mark no instructions on it, the shares represented by your proxy will be voted for the election of the director nominees as proposed (see Proposal 1) and for the ratification of Calvetti, Ferguson & Wagner, P.C. as our independent registered public accounting firm for 2012 (see Proposal 2). The Board of Directors is not aware of any other matters to be presented for action at the Annual Meeting, but if other matters are properly brought before the Annual Meeting, shares represented by properly completed proxies received by mail will be voted in accordance with the judgment of the persons named as proxies.

Quorum. The presence in person or by proxy of a majority of the shares of common stock outstanding on the record date constitutes a quorum for purposes of voting on a particular matter and conducting business at the meeting.

Required Vote. A plurality of the common stock present in person or represented by proxy at the Annual Meeting will elect as directors the nominees proposed (see Proposal 1). The ratification of Calvetti, Ferguson & Wagner, P.C. as our independent registered public accounting firm for 2012 (see Proposal 2) requires the affirmative vote of a majority of the common stock entitled to vote, present in person or represented by proxy. Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. Abstentions and broker non-votes will not be counted as having voted either for or against a proposal.

Record Date. The close of business on April 10, 2012 has been fixed as the record date of the Annual Meeting, and only stockholders of record at that time will be entitled to vote. As of April 10, 2012, there were 14,789,815 shares of common stock issued and outstanding and entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held.

No Dissenters' Rights. Under the Nevada Revised Statutes, stockholders are not entitled to dissenters' rights with respect to the matters to be voted on at the Annual Meeting.

PROPOSAL 1 - ELECTION OF DIRECTORS

General Information

Under our bylaws, the number of members of our Board of Directors is to be determined from time to time by resolution adopted by a majority of the Board of Directors or by the stockholders, but in no event will be less than one or more than 15. Each director is elected to hold office until the next annual or special meeting of stockholders and until such director's successor has been elected and qualified, or until his or her earlier resignation or removal. As of the date hereof, the Board of Directors consists of five members. The Board of Directors has approved and recommended to stockholders the election of five nominees to serve on the Board. These nominees are Thomas Lapinski, John Brda, Ken Danneberg, Greg Williams and Wayne Turner. All five of the nominees presently serve as members of our Board of Directors, and are accordingly standing for re-election. There are no family relationships among any of our directors or executive officers.

The persons named in the enclosed Proxy (Proxy) have each been selected by the Board of Directors to serve as proxy and will vote the shares represented by valid proxies at the Annual Meeting and adjournments thereof. Unless otherwise instructed or unless authority to vote is withheld, the enclosed Proxy will be voted for the election of the nominees listed below. Each duly elected director will hold office until his successor shall have been elected and qualified. Although our Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises prior to the Annual Meeting, the person named in the enclosed Proxy will vote for the election of such other person(s) as may be nominated by the Board of Directors.

Mr. Lapinski received a degree in Geophysical Engineering from the Colorado School of Mines in 1966.

We appointed Mr. Lapinski as an executive officer and a member of the Board of Directors based on his knowledge and experience in the oil and gas industry. His ability to identify and evaluate opportunities is vital to our continued success.

John A. Brda age 47 Mr. Brda has been our President and Secretary and a member of the Board of Director since January 2012. He has been the Managing Member of Brda & Company, LLC since 2002, which provides consulting services to public companies with a focus in the oil and gas sector on investor relations, equity and debt financings, strategic business development and securities regulation matters.

We believe Mr. Brda is an excellent fit to our Board of Directors and management team based on his extensive experience in transaction negotiation and business development, particularly in the oil and gas sector as well as other non-related industries. He has consulted with many public companies in the last ten years, and we believe that his extensive network of industry professionals and finance firms will contribute to our success.

He is presently the Managing Partner of, JEBCO Seismic, LP, a position he has held since 1989, and is the Managing Partner of Big Thicket Oil & Gas, L.P., a position he has held since 2001. Mr. Turner took over management of JEBCO in 1989, when he bought into the company. JEBCO is a fully independent international geophysical data acquisition contractor. JEBCO's non-exclusive surveys and third party datasets represent a unique and readily available source of information for both mature and frontier regions. JEBCO has operated both offshore and onshore in Canada and the U.S. JEBCO has also conducted surveys in the North Sea, Africa, Asia, and South America. One of JEBCO's most significant accomplishments was signing an agreement with the Ministry of Geology in the USSR in 1989. The company was active in Russia, Kazakhstan, Uzbekistan, and Azerbaijan (before and after the break-up of the USSR). The company provided oil and gas exploration information to the industry, assisted in license rounds, and assisted in direct negotiations for oil and gas properties in these countries. Mr. Turner spent significant time in these countries and personally negotiated all relevant agreements involved.

Mr. Turner started Big Thicket Oil & Gas, L.P. in 2001. This company is active in oil and gas exploration in Texas, Louisiana, Oklahoma, and New Mexico at the present time. Most of the activity is through partnerships, allowing the company to remain small in staff, but have access to expertise in different areas through these partnerships. He is active in various charitable organizations; primarily the Houston Livestock Show and Rodeo and Houston Children's Charities.

Wayne Turner's expertise in the oil and gas industry makes him an excellent fit to the Board of Directors. In particular, we believe his experience in geophysical data acquisition is a valuable asset to the company.

Gregory Williams age 57 Mr. Williams has served as one of our directors since March 2011. CORPORATE GOVERNANCE MATTERS

Meetings of the Board

All directors are expected to make every effort to attend meetings of the Board, meetings of any Board committees on which such director serves (if and when such committees are created), and annual meetings of stockholders. The Board of Directors executed 11 consents to action in lieu of a meeting of the Board of Directors during the year ended December 31, 2011, which consents were each approved unanimously. Other than consents to action, the Board did not hold any meetings during the year ended December 31, 2011. Our Board of Directors does not currently have any committees, but we anticipate designating an audit committee, a nominating committee and a compensation committee in the future.

Stockholder Communications with Directors

Any stockholder desiring to contact the Board, or any specific director(s), may send written communications to: Board of Directors (Attention: (Name(s) of director(s), as applicable)), c/o President, 2007 Enterprise Avenue, League City, Texas 77573. Any communication so received will be processed and conveyed to the member(s) of the Board named in the communication or to the Board, as appropriate, except for junk mail, mass mailings, product or service

complaints or inquiries, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material.

Director Independence

Currently three of our five directors are independent. Our independent directors are Kenneth Danneberg, Wayne Turner and Gregory Williams. The definition of independent used herein is arbitrarily based on the independence standards of The NASDAQ Stock Market LLC. The Board performed a review to determine the independence of Kenneth Danneberg, Wayne Turner and Gregory Williams and made a subjective determination as to each of these directors that no transactions, relationships or arrangements exist that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director of Torchlight Energy Resources, Inc. In making these determinations, the Board reviewed information provided by these directors with regard to each director's business and personal activities as they may relate to us and our management.

Board Leadership Structure and Role in Risk Oversight

Our Board is currently composed of five directors, none of whom carries the title of Chairman. In addition to serving on the Board, Thomas Lapinski also currently serves as Chief Executive Officer. Accordingly, there is often little separation in Mr. Lapinski's role as principal executive officer and his role as a director. To mitigate any apparent conflicts this may create, we have chosen to maintain a Board of Directors consisting of a majority of independent directors. We believe this allows the Board to better oversee and manage risk. None of our three independent directors holds the title of lead independent Director. Accordingly, all three independent Directors have an equal role in the leadership of the Board. We believe that our overall leadership structure is appropriate based on our current size.

As a part of its oversight function, the Board of Directors monitors how management operates the company. Risk is an important part of deliberations at the Board level throughout the year. The Board of Directors as a whole considers risks affecting us. The Board considers, among other things, the relevant risks to the company when granting authority to management and approving business strategies. Through this risk oversight process, the Board reserves the right to make changes to our leadership structure in the future if it deems such changes are appropriate and in the best interest of our stockholders.

Audit Committee

The Board of Directors has not yet established a separately-designated standing audit committee. An audit committee typically reviews, acts on and reports to the Board of Directors with respect to various auditing and accounting matters, including the recommendations and performance of independent auditors, the scope of the annual audits, fees to be paid to the independent auditors, and internal accounting and financial control policies and procedures. Certain stock exchanges require listed companies to adopt a formal written charter that establishes an audit committee. In order to be listed on any of these exchanges, we will be required to establish a separately-designated standing audit committee. We anticipate designating an audit committee in the future, but there can be no assurances if and when we will establish an audit committee. Based on our size, the Board of Directors has concluded that an audit committee is not yet necessary. Until such time as we designate a separately-designated standing audit committee, the entire Board of Directors will act as our audit committee and oversee our accounting and financial reporting processes and the audits of our financial statements. The Board does not currently have a written charter under which it acts as our audit committee.

Report of the Board of Directors

(in lieu of an audit committee)

The Board of Directors has reviewed and discussed with management the audited financial statements of Torchlight Energy Resources, Inc. for the fiscal year ended December 31, 2011. The Board has discussed with Calvetti, Ferguson & Wagner, P.C., our independent auditors (CFW), the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Board has received the written disclosures and the letter from CFW required by applicable requirements of the Public Company Accounting Oversight Board regarding CFW's communications with the Board concerning independence, and has discussed with CFW the independence of CFW.

Based on the review and discussions referred to in the paragraph above, the Board of Directors determined that the audited financial statements should be included in our annual report on Form 10-K for the fiscal year ended December 31, 2011. This report is furnished by our Board of Directors, whose members are:

Thomas Lapinski

John A. Brda

Kenneth I. Danneberg

Wayne Turner

Gregory Williams

All information within this Audit Committee section of the Proxy Statement, including but not limited to the Report of the Board of Directors, shall not be deemed to be soliciting material, or to be filed with the SEC or subject to Regulation 14A or 14C (17 CFR 240.14a-1 through 240.14b-2 or 240.14c-1 through 240.14c-101) or to the liabilities of section 18 of the Exchange Act. Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act.

Compensation Committee

We have not yet established a compensation committee. Based on our size, the Board of Directors has concluded that a compensation committee is not yet necessary. The Board plans to establish a compensation committee as some time in the future. Currently, all of our Board members participate in decisions relating to executive benefit programs and officer and director compensation. The Board does not currently have a written charter under which it makes such decisions. The primary objectives of our executive compensation programs are to: (1) attract, retain and motivate skilled and knowledgeable individuals; (2) ensure that compensation is aligned with our corporate strategies and business objectives; (3) promote the achievement of key strategic and financial performance measures by linking short-term and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and (4) align executives and directors incentives with the creation of stockholder value. To achieve these objectives, our Board evaluates our executive compensation program with the objective of setting compensation at levels it believes will allow us to attract and retain qualified executives and directors. The Board will take under consideration recommendations from executive officers and directors regarding its executive compensation program. The Board also may obtain advice and assistance from external advisors, including compensation consultants, although the Board did not elect to retain a compensation consultant to assist with determining executive compensation during 2011.

Nominating Committee

We have not yet established a standing nominating committee. Based on our size, the Board of Directors has concluded that a nominating committee is not yet necessary. The Board plans to establish a nominating committee at some time in the future. Currently, all of our Board members participate in the consideration of director nominees. The Board does not currently have a written charter under which it nominates directors, and accordingly does not have a written policy with regard to the consideration of any director candidates recommended by stockholders. The Board will, however, consider written nominations of candidates for election to the Board properly submitted by stockholders. For information regarding stockholder nominations to the Board, see [Procedures for Director Nominations](#) below.

Procedures for Director Nominations

Members of the Board are expected to collectively possess a broad range of skills, industry and other knowledge and expertise, and business and other experience useful for the effective oversight of our business. All candidates must meet the minimum qualifications and other criteria established from time to time by the Board of Directors. In considering possible candidates for election as director, the Board is guided by the following standards:

- (1) Each director should be an individual of the highest character and integrity;
- (2) Each director should have substantial experience that is of particular relevance to us;
- (3) Each director should have sufficient time available to devote to the affairs of the company; and
- (4) Each director should represent the best interests of the stockholders as a whole.

We also consider the following criteria, among others, in our selection of directors:

- (1) Technical, scientific, academic, financial and other expertise, skills, knowledge and achievements useful to the oversight of our business, especially relating to the oil and gas industry;
- (2) Diversity of viewpoints, backgrounds, experiences and other demographics; and

- (3) The extent to which the interplay of the candidate's expertise, skills, knowledge and experience with that of other Board members will build a Board that is effective, collegial and responsive to the needs of the company.

The Board of Directors evaluates suggestions concerning possible candidates for election to the Board submitted to us, including those submitted by Board members (including self-nominations) and stockholders. All candidates, including those submitted by stockholders, will be similarly evaluated by the Board of Directors using the Board membership criteria described above and in accordance with applicable procedures, including such procedures prescribed by the SEC. Once candidates have been identified, the Board will determine whether such candidates meet our qualifications for director nominees and select nominees accordingly.

As noted above, the Board of Directors will consider qualified director nominees recommended by stockholders when such recommendations are submitted in accordance with applicable SEC requirements and any other applicable law, rule or regulation regarding director nominations. When submitting a nomination to us for consideration, a stockholder must provide certain information that would be required under applicable SEC rules, including the following minimum information for each director nominee: full name and address; age; principal occupation during the past five years; current directorships on publicly held companies and registered investment companies; and number of shares of our common stock owned, if any. No candidates for director nominations were submitted to the Board by any stockholder in connection with the 2012 Annual Meeting.

We attempt to make our compensation programs discretionary, balanced and focused on the long term. We believe goals and objectives of our compensation programs reflect a balanced mix of quantitative and qualitative performance measures to avoid excessive weight on a single performance measure. Our approach to compensation practices and policies applicable to employees and consultants is consistent with that followed for its executives. Based on these factors, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has selected Calvetti, Ferguson & Wagner, P.C. as our independent registered public accounting firm for the current fiscal year. Calvetti, Ferguson & Wagner, P.C. has served as our independent registered public accounting firm continuously since November 2010. The Board of Directors wishes to obtain from the stockholders a ratification of the Board's action in appointing Calvetti, Ferguson & Wagner, P.C. for the fiscal year ending December 31, 2012. Such ratification requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting. We do not anticipate a representative from Calvetti, Ferguson & Wagner, P.C. to be present at the meeting.

Although not required by law or otherwise, the selection is being submitted to the stockholders for their approval as a matter of good corporate practice. In the event the appointment of Calvetti, Ferguson & Wagner, P.C. as our independent registered public accounting firm is not ratified by the stockholders, the adverse vote will be considered as a direction to the Board of Directors to reconsider whether or not to retain that firm as independent registered public accounting firm for the fiscal year ending December 31, 2012. Even if the selection is ratified, the Board of Directors in its discretion may direct the appointment of a different independent accounting firm at any time during or after the year if it determines that such a change would be in the best interests of us and our stockholders.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF CALVETTI, FERGUSON & WAGNER, P.C. AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2012.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

On November 23, 2010, we dismissed Patrick Rodgers, CPA, PA (Rodgers) as our independent registered public accountant and engaged Calvetti, Ferguson & Wagner, P.C. (CFW) as our new independent registered public accounting firm. Rodgers' report on our financial statements for fiscal years 2009 and 2008 did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles, with the exception of a qualification with respect to uncertainty as to our ability to continue as a going concern. The decision to change accountants was recommended and approved by our Board of Directors.

During the years ended December 31, 2009 and 2008 and through November 23, 2010, there were no disagreements on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to Rodgers' satisfaction would have caused Rodgers to make reference thereto in connection with Rodgers reports on our financial statements for such fiscal years. Additionally, during the years ended December 31, 2009 and 2008 and through November 23, 2010, we had no reportable events as set forth in paragraph (a)(1)(v) of Item 304 of Regulation S-K.

We engaged CFW as our new independent accountant as of November 23, 2010. During the years ended December 31, 2009 and 2008, and the subsequent interim period through November 23, 2010, we nor anyone on our behalf engaged CFW regarding either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, or any matter that was either the subject of a disagreement or a reportable event, both as such terms are defined in Item 304 of Regulation S-K.
