GRUPO RADIO CENTRO REPORTS RESULTS FOR THIRD QUARTER AND FIRST NINE MONTHS OF 2005

MEXICO CITY, Oct. 27 /PRNewswire-FirstCall/ -- Grupo Radio Centro, S.A. de C.V. (NYSE: RC) (BMV: RCENTRO-A) (the "Company"), Mexico's leading radio broadcasting company, announced today its results of operations for the third quarter and nine months ended September 30, 2005. All figures were prepared in accordance with generally accepted accounting principles in Mexico and have been restated in constant pesos as of September 30, 2005.

Third Quarter Results

Broadcasting revenue for the third quarter of 2005 was Ps. 161,150,000, representing an increase of 18.1% compared to Ps. 136,430,000 reported for the same period of 2004. This increase was mainly attributable to higher advertising expenditures by the Company's principal clients during the third quarter of 2005 compared to the same period of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the third quarter of

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

2005 were Ps. 95,600,000, representing a decrease of 1.0% compared to Ps. 96,531,000 reported for the same period of 2004. This decrease was mainly attributable to lower costs for the production of the Company's news programs during the third quarter of 2005 compared to the same period of 2004.

For the third quarter of 2005, the Company reported broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 65,550,000, representing an increase of 64.3% compared to broadcasting income of Ps. 39,899,000 reported for the same period in 2004. This increase was mainly attributable to the increase in broadcasting revenue described above.

Depreciation and amortization for the third quarter of 2005 amounted to Ps. 8,504,000, a 65.7% decrease compared to Ps. 24,788,000 reported for the same period of 2004. This decrease was due to the implementation of a new accounting principle in Mexico (Bulletin B-7 "Adquisicion de Negocios"). As a result, the Company no longer amortizes goodwill as of January 1, 2005, but instead tests goodwill for impairment at least once a year.

For the third quarter of 2005, the Company's corporate, general and administrative expenses were Ps. 4,603,000 compared to Ps. 2,625,000 reported for the same period of 2004. The difference was due to the fact that the amount of revenue-based compensation paid to the Company's executives during 2004 was lower than usual.

The Company reported operating income of Ps. 52,443,000 for the third quarter of 2005 compared to operating income of Ps. 12,486,000 reported for the same period of 2004. The significant increase in operating income resulted primarily from (i) higher advertising expenditures by the Company's principal clients during the third quarter of 2005 compared to the same period of 2004 and (ii) the implementation of a new accounting principle that eliminates amortization of goodwill.

The Company's comprehensive financing cost for the third quarter of 2005 was Ps. 4,257,000 compared to a comprehensive financing cost of Ps. 84,000 reported for the same period of 2004. This unfavorable change was primarily attributable to (i) a gain on net monetary position of Ps. 2,076,000 for the third quarter of 2005 compared to a Ps. 5,778,000 gain on net monetary position for the same period of 2004, which resulted from lower inflation and a slight decrease in net monetary liabilities during the third quarter of 2005 compared to the same period of 2004, and (ii) higher interest expense reported for the third quarter of 2005 compared to the same period of 2004, which resulted from the accrual of interest on a contingent liability provision that the Company began recording in the fourth quarter of 2004. These two factors were partially offset by an increase in interest income resulting from higher balances in the Company's interest-bearing cash accounts during the third quarter of 2005 compared to the same period of 2004.

For the third quarter of 2005, other expenses, net were Ps. 13,817,000, a decrease of 5.8% compared to Ps. 14,669,000 reported for the same period of 2004. This decrease was mainly attributable to lower legal expenses during the third quarter of 2005 compared to the same period of 2004.

For the third quarter of 2005, the Company reported income before provisions for income tax and employee profit sharing of Ps. 34,369,000 compared to a loss before provisions for income tax and employee profit sharing of Ps. 2,267,000 reported for the same period of 2004.

The Company recorded a provision for income tax and employee profit sharing for the third quarter of 2005 of Ps. 7,621,000 compared to a provision for

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

income tax and employee profit sharing of Ps. 3,070,000 for the same period of 2004.

As a result of the foregoing, the Company's net income for the third quarter 2005 was Ps. 26,748,000 compared to a net loss of Ps. 5,337,000 reported for same period of 2004.

Nine Months Results

For the nine months ended September 30, 2005, broadcasting revenue was Ps. 408,186,000, a 7.3% increase compared to Ps. 380,481,000 reported for the same period of 2004. This increase was mainly attributable to higher advertising expenditures by the Company's principal clients during the nine months ended September 30, 2005 compared to the same period of 2004.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) for the nine months ended September 30, 2005 were Ps. 281,863,000, a 8.2% decrease compared to Ps. 306,920,000 reported for the same period of 2004. This decrease in broadcasting expenses was primarily attributable to lower news programming production costs, which resulted from the termination of news programming produced for the Company by a third party at the end of the first quarter of 2004, as well as lower costs for the production of news programs produced by the Company during the nine months ended September 30, 2005 compared to the same period of 2004.

Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) for the nine months ended September 30, 2005 was Ps. 126,323,000, representing an increase of 71.7% compared to Ps. 73,561,000 reported for the same period of 2004. This increase was mainly attributable to the increase in broadcasting revenue described above combined with the decrease in broadcasting expenses described above.

For the nine months ended September 30, 2005, depreciation and amortization was Ps. 27,789,000, a decrease of 62.2% compared to Ps. 73,537,000 reported for the same period of 2004. This decrease was due to the implementation of a new accounting principle in Mexico (Bulletin B-7 "Adquisicion de Negocios"). As a result, the Company no longer amortizes goodwill as of January 1, 2005, but instead tests goodwill for impairment at least once a year.

The Company's corporate, general and administrative expenses for the nine months ended September 30, 2005 were Ps. 12,653,000, a decrease of 16.8% compared to Ps. 15,210,000 reported for the same period of 2004. This decrease was mainly due to (i) the Company recording the compensation of an executive officer in costs of personnel (which is included in broadcasting expenses) during the second and third quarter of 2005 instead of in corporate, general and administrative expenses, the effect of which offset the increase in corporate, general and administrative expenses during the third quarter of 2005 compared to the same period of 2004, described above, and, to a lesser extent, (ii) lower fees paid by the Company to a third party that ceased production of news programs for the Company at the end of the first quarter of 2004.

As a result of the foregoing, the Company reported operating income of Ps. 85,881,000 for the nine months ended September 30, 2005 compared to an operating loss of Ps. 15,186,000 reported for the same period of 2004.

The Company's comprehensive financing cost for the nine months ended September 30, 2005 was Ps. 8,046,000, a decrease of 57.4% compared to a comprehensive financing cost of Ps. 18,871,000 for the same period of 2004. This favorable change is mainly attributable to a gain on foreign currency exchange,

Edgar Filing: GRUPO RADIO CENTRO SA DE CV - Form 6-K

net of Ps. 8,788,000 reported for the nine months ended September 30, 2005 compared to a loss on foreign currency exchange, net of Ps. 5,669,000 for the same period of 2004, which resulted from the appreciation of the Peso against the U.S. Dollar. The gain on foreign currency exchange, net for the nine months ended September 30, 2005 was partially offset by (i) an increase in interest expense resulting from the accrual of interest on a contingent liability provision that the Company began recording in the fourth quarter of 2004 and (ii) a gain on net monetary position of Ps. 5,275,000 for the nine months ended September 30, 2005 compared to a gain on net monetary position of Ps. 7,243,000 for the same period of 2004.

Other expenses, net, for the nine months ended September 30, 2005 were Ps. 34,686,000, a 7.0% decrease compared to Ps. 37,295,000 reported for the same period of 2004. This decrease is mainly attributable to lower legal expenses during the nine months ended September 30, 2005 compared to the same period of 2004.

For the nine months ended September 30, 2005, the Company reported income before provisions for income tax and employee profit sharing of Ps. 43,149,000 compared to a loss before provisions for income tax and employee profit sharing of Ps. 71,352,000 reported for the same period in 2004. During the nine months ended September 30, 2005, the Company recorded a provision for income tax and employee profit sharing of Ps. 13,217,000 compared to a provision for income tax and employee profit sharing of Ps. 206,000 for the same period in 2004.

As a result of the foregoing, the Company had net income of Ps. 29,932,000 for the nine months ended September 30, 2005 compared to a net loss of Ps. 71,558,000 for the same period of 2004.

Other Matters:

From September 30, 2004 to September 30, 2005, the Company's total bank debt decreased from Ps. 205.7 million to Ps. 141.5 million as a result of scheduled payments.
