We believe it is important to communicate our expectations to our stockholders. However, there may be events in the future that we are not able to predict accurately or over which we have no control. - the introduction and proliferation of competitive products;
- changes in technology;
- an inability to achieve or sustain profitability;
- difficulties with delays or quality control with our primary vendors;
- failure to implement our short- or long-term growth strategies;
- the cost of retaining and recruiting our key personnel or the loss of such key personnel;
- risks associated with the expansion of our business in size and geography;
- operational risk;
- geopolitical events and regulatory changes;
- changing interpretations of generally accepted accounting principles;
- general economic conditions; and
- litigation and regulatory enforcement risks, including the diversion of management time and attention and the additional costs and demands on our resources.

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus.

All forward-looking statements included herein are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Except to the extent required by applicable laws and regulations, we undertake no obligation to update these forward-looking statements to reflect events or circumstances after the date of this prospectus or to reflect the occurrence of unanticipated events.

You should be aware that the occurrence of the events described under the caption “Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and the risk factors described in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC, pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), could have a material adverse effect on us.

PROSPECTUS SUMMARY

This summary highlights information included or incorporated by reference in this prospectus. This summary may not contain all of the information that may be important to you. Before making an investment decision, you should read carefully this entire prospectus, any accompanying prospectus supplement and any other offering materials, together with the additional information described under the heading “Where You Can Find More Information” on page 15 of this prospectus.

Our Business

We are a telematics services company that provides a suite of real-time voice and data communications services and applications for use in vehicles and are developing additional applications for use within and outside of the automotive industry. These services are enabled through a state-of-the-art communications center designed and built to connect various mobile devices with content, services and call centers. Our system architecture enables us to manage the integration of these components and the associated service delivery in an efficient manner, allowing us to quickly adopt and implement new technologies and services.

Within the automotive industry, our communications center allows for two way voice and data communications to the vehicle and supports, among other things, critical safety and security services as well as location-based services and remote diagnostics. Since November 16, 2009, we have been the exclusive telematics service provider in the United States for all new vehicles sold by Mercedes-Benz, and we are now the preferred provider of telematics services for all Mercedes-Benz vehicles purchased prior to November 16, 2009. These services are marketed under the mbrace® brand and are enabled through a factory-installed hardware device in Mercedes-Benz vehicles. In addition, our In-Drive® solution offers services to consumers and other third parties through an aftermarket hardware device that we have developed and which we intend to distribute through relationships with companies and organizations with large customer bases for installation in existing vehicles. In August 2010, we entered into an agreement with State Farm to provide our In-Drive telematics services to certain customers of State Farm, and in August 2011, we entered into an agreement with AAA Club Partners to provide our In-Drive telematics services to certain customers of AAA Club Partners. Through Networkfleet, Inc. (“Networkfleet”), our wholly owned subsidiary, we currently offer remote vehicle monitoring and other data services to support owners and operators of fleets of vehicles.

In May 2010, we broadened our connected services beyond the automotive market to include the mobile health and wellness industry with the formation of Lifecomm, LLC (“Lifecomm”), a majority owned subsidiary founded with QUALCOMM Incorporated (“Qualcomm”), a leader in developing and delivering innovative digital wireless communications products and services, and American Medical Alert Corp. (“AMAC”), a healthcare communications company dedicated to the provision of support services to the healthcare community. Lifecomm intends to design, develop, finance and operate a mobile personal emergency response service which will permit subscribers to initiate requests for emergency assistance services through a wearable device that is able to communicate information to and support voice interactions between the subscriber and an emergency assistance call center for purposes of dispatching first responders to the subscriber's location. We expect to launch the Lifecomm service offerings late in the fourth quarter of 2011.

On March 31, 2009, pursuant to the terms of the Agreement and Plan of Merger dated June 13, 2008 (as amended and restated on November 10, 2008 and March 12, 2009, the “Merger Agreement”), Hughes Telematics, Inc. (“Old HTI”), a privately held company, and Polaris Acquisition Corp. (“Polaris”), a publicly held blank check company, consummated a merger (the “Merger”) whereby Old HTI merged with and into a wholly-owned direct subsidiary of Polaris with Old HTI as the surviving corporation, and immediately thereafter, Old HTI merged with and into Polaris, with Polaris as the surviving corporation. In connection with the Merger, Polaris changed its name from “Polaris Acquisition Corp.” to “HUGHES Telematics, Inc.”

As used in this prospectus, unless otherwise indicated, references to “we,” “us,” “our” and the “Company” refer to Old HTI for periods prior to the consummation of the Merger and refer to HUGHES Telematics, Inc. for periods following the consummation of the Merger.

### USE OF PROCEEDS

We will not receive any proceeds from the sales of shares of common stock by the selling security holders.

### PLAN OF DISTRIBUTION

We are registering 11,311,709 shares of common stock. As used in this prospectus, the term “selling security holders” includes pledgees, transferees or other successors-in-interest selling shares received from the selling security holders as pledgors, assignees, borrowers or in connection with other non-sale-related transfers after the date of this prospectus. This prospectus may also be used by transferees of the selling security holders, including broker-dealers or other transferees who borrow or purchase the shares to settle or close out short sales of shares of common stock. Selling security holders will act independently of us in making decisions with respect to the timing, manner and size of each sale or non-sale related transfer. We will not receive any of the proceeds from sales of shares of common stock by the selling security holders.

We expect that the selling security holders will sell their shares primarily through sales on the OTC Bulletin Board or any other stock exchange, market or trading facility on which our shares are traded or in private transactions. Sales of our common stock may be made at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale, or at negotiated prices and may be effected by means of one or more of the following transactions, which may involve cross or block transactions:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- transactions in which broker-dealers may agree with one or more selling security holders to sell a specified number of such shares at a stipulated price per share;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- underwritten offerings; or
- a combination of any of the above or any other method permitted pursuant to applicable law.

The selling security holders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

The selling security holders will have the sole discretion not to accept any purchase offer or make any sale of their shares of common stock if they deem the purchase price to be unsatisfactory at a particular time. To the extent required, this prospectus may be amended and supplemented from time to time to describe a specific plan of distribution, including the names of any broker-dealers, underwriters or agents.

Broker-dealers engaged by the selling security holders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling security holders or, if any broker-dealer acts as agent for the purchase of shares, from the purchaser, in amounts to be negotiated. Selling security holders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

In connection with sales of common stock, or interests therein, selling security holders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. Selling security holders may also engage in short sales, puts and calls or other transactions in our securities or derivatives of our securities and may sell and deliver shares in connection with these transactions.

Selling security holders and any underwriters, broker-dealers or agents involved in an arrangement to sell any of the offered shares may, under certain circumstances, be deemed to be “underwriters” with respect to securities they sell

within the

meaning of the Securities Act. Any profit on such sales and any discount, commission, concession or other compensation received by any such underwriter, broker-dealer or agent, may be deemed an underwriting discount and commission under the Exchange Act. No selling security holder has informed us that they have an agreement or understanding, directly or indirectly, with any person to distribute the common stock. If a selling security holder should notify us that they have a material arrangement with a broker-dealer for the resale of their shares, we may be required to amend the registration statement of which this prospectus forms a part, and file a prospectus supplement to describe the agreement between the selling security holder and broker-dealer, underwriter or agent, provide required information regarding the plan of distribution, and otherwise revise the disclosure in this prospectus as needed. If required, we would also file the agreement between the selling security holder and the broker-dealer as an exhibit to the post-effective amendment to the registration statement, of which this prospectus forms a part.

We have agreed to pay all fees and expenses incurred by us incident to the registration of our common stock, including SEC filing fees. Each selling security holder will be responsible for all costs and expenses in connection with the sale of their shares of common stock, including brokerage commissions or dealer discounts. Selling security holders will be indemnified by us against certain losses, claims, damages and liabilities, including certain liabilities under the Securities Act.

There can be no assurance that the selling security holders will sell any or all of the shares of common stock pursuant to the registration statement of which this prospectus forms a part.

Selling security holders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, which provisions may limit the timing of purchases and sales of common stock by them. The foregoing may affect the marketability of such securities. To comply with the securities laws of certain jurisdictions, if applicable, the common stock will be offered or sold in such jurisdictions only through registered or licensed brokers or dealers.

Selling security holders and other persons participating in the sale or distribution of the shares of common stock offered hereby will be subject to applicable provisions of the Exchange Act and rules and regulations promulgated thereunder, including, without limitation, to the extent applicable, Regulation M. With certain exceptions, Regulation M restricts certain activities of, and limits the timing of purchases and sales of, any of the shares by selling security holders, affiliated purchasers and any broker-dealer or other person who participates in the sale or distribution. Under Regulation M, these persons are precluded from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security subject to the distribution until the distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of these limitations may affect the marketability of the shares offered by this prospectus.

Table of Contents**SELLING SECURITY HOLDERS**

Pursuant to the registration rights agreement executed in connection with the private placement that we completed on October 7, 2011, we have filed a registration statement on Form S-3, of which this prospectus forms a part, with the SEC under the Securities Act to register the shares of common stock offered by certain of the selling security holders. See “Description of Securities-Shareholders' Agreement” and “Description of Securities-Registration Rights Agreements.” Up to 11,311,709 shares of our common stock are being offered by this prospectus, all of which are being registered for sale for the accounts of the selling security holders. The shares of common stock are being registered to permit public sales of the shares, and the selling security holders may offer the shares for resale from time to time pursuant to this prospectus. The selling security holders may also sell, transfer or otherwise dispose of all or a portion of their shares in transactions exempt from the registration requirements of the Securities Act or pursuant to another effective registration statement covering those shares. We may from time to time include additional selling security holders in amendments to this prospectus.

In connection with the Merger, on March 31, 2009, we entered into an escrow agreement (the “Escrow Agreement”), with Communications Investors, LLC (“Communications LLC”) (in its capacity as representative of the holders of shares of Old HTI common stock), Trivergance, LLC (in its capacity as representative of our initial stockholders) and Continental Stock Transfer & Trust Company (in its capacity as escrow agent). Communications LLC, our controlling stockholder, is an affiliate of Apollo Global Management, LLC. As of the date hereof, 58,498,131 shares of common stock are held in escrow subject to the terms of the Escrow Agreement, pending the satisfaction of certain earn-out targets and to satisfy certain possible indemnification claims. None of the shares offered by this prospectus are subject to the Escrow Agreement. Shares subject to the Escrow Agreement are included in the number of shares of our common stock outstanding for purposes of calculating the ownership percentages below.

The table below sets forth certain information regarding the selling security holders and the shares of our common stock offered by them in this prospectus.

Because each selling security holder may offer all, some or none of the shares it holds, no definitive estimate as to the number of shares that will be held by each selling security holder after the offering can be provided. The following table has been prepared on the assumption that all shares offered under this prospectus will be sold to parties unaffiliated with the selling security holders. The selling security holders have not had a material relationship with us within the past three years other than as described in the footnotes to the table below or as a result of their acquisition of our shares or other securities. Other than Crescent 1, L.P., CRS Fund, Ltd., Cyrus Opportunities Master Fund II, Ltd., Cyrus Select Opportunities Master Fund, Ltd., Wellington Management Portfolios (Dublin) plc - US Capital Appreciation Equity Portfolio, Wellington Management Portfolios (Luxembourg) - Global Select Capital Appreciation Equity Portfolio, Wellington Trust Company, National Association Multiple Collective Investment Funds Trust, Capital Appreciation Equity Portfolio, Wellington Trust Company, National Association Multiple Collective Investment Funds Trust II, Global Equities Portfolio and Wellington Trust Company, National Association Multiple Common Trust Funds Trust, Capital Appreciation Portfolio, which we have been informed are affiliates of a broker-dealer, to our knowledge, no selling security holder is a broker-dealer or an affiliate of a broker-dealer. Beneficial ownership is determined in accordance with the rules of the SEC. Each selling security holder's percentage of ownership of our outstanding shares in the table below is based upon 105,570,928 shares of common stock outstanding as of October 11, 2011.
