#### FORWARD-LOOKING STATEMENTS

This report contains information that may constitute “forward-looking statements.” Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which generally are not historical in nature. However, the absence of these words or similar expressions does not mean that a statement is not forward-looking. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future—including statements relating to volume growth, share of sales and earnings per share growth, and statements expressing general views about future operating results—are forward-looking statements. Management believes that these forward-looking statements are reasonable as and when made. However, caution should be taken not to place undue reliance on any such forward-looking statements because such statements speak only as of the date when made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from our historical experience and our present expectations or projections. These risks and uncertainties include, but are not limited to, those described in Part II, “Item 1A. Risk Factors” and elsewhere in this report and in our Annual Report on Form 10-K for the year ended June 30, 2016, and those described from time to time in our future reports filed with the Securities and Exchange Commission.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARIES  
 CONSOLIDATED SCHEDULES OF INVESTMENTS (CONTINUED)  
 (in thousands, except share data)

Endnote Explanations as of September 30, 2016 (Unaudited) and June 30, 2016

The terms “Prospect,” “we,” “us” and “our” mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise. The securities in which Prospect has invested were acquired in transactions that (1) were exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”). These securities may be resold only in transactions that are exempt from registration under the Securities Act.

Fair value is determined by or under the direction of our Board of Directors. As of September 30, 2016 and (2) June 30, 2016, all of our investments were classified as Level 3. ASC 820 classifies such unobservable inputs used to measure fair value as Level 3 within the valuation hierarchy. See Notes 2 and 3 within the accompanying notes to consolidated financial statements for further discussion.

Security, or a portion thereof, is held by Prospect Capital Funding LLC (“PCF”), our wholly-owned subsidiary and a (3) bankruptcy remote special purpose entity, and is pledged as collateral for the Revolving Credit Facility and such security is not available as collateral to our general creditors (see Note 4). The fair values of the investments held by PCF at September 30, 2016 and June 30, 2016 were \$1,431,582 and \$1,348,577, respectively, representing 23.4% and 22.9% of our total investments, respectively.

In addition to the stated returns, the net profits interest held will be realized upon sale of the borrower or a sale of (4) the interests.

This investment is in the equity class of a collateralized loan obligation (“CLO”) security. The CLO equity (5) investments are entitled to recurring distributions which are generally equal to the excess cash flow generated from the underlying investments after payment of the contractual payments to debt holders and fund expenses. The current estimated yield is based on the current projections of this excess cash flow taking into account assumptions which have been made regarding expected prepayments, losses and future reinvestment rates. These assumptions are periodically reviewed and adjusted. Ultimately, the actual yield may be higher or lower than the estimated yield if actual results differ from those used for the assumptions.

Co-investment with another fund managed by an affiliate of our investment adviser, Prospect Capital Management (6) L.P. See Note 13 for further discussion.

(7) On a fully diluted basis represents 10.00% of voting common shares.

(8) Syndicated investment which was originated by a financial institution and broadly distributed.

(9) The overriding royalty interests held receive payments at the stated rates based upon operations of the borrower.

(10) Security, or a portion thereof, has a floating interest rate which may be subject to a LIBOR or PRIME floor. The interest rate was in effect at September 30, 2016 and June 30, 2016.

The interest rate on these investments is subject to the base rate of 3-Month LIBOR, which was 0.85% and 0.65% (11) at September 30, 2016 and June 30, 2016, respectively. The current base rate for each investment may be different from the reference rate on September 30, 2016 and June 30, 2016.

The interest rate on these investments is subject to the base rate of 1-Month LIBOR, which was 0.53% and 0.47% (12) at September 30, 2016 and June 30, 2016, respectively. The current base rate for each investment may be different from the reference rate on September 30, 2016 and June 30, 2016.

Investment has been designated as an investment not “qualifying” under Section 55(a) of the Investment Company (13) Act of 1940 (the “1940 Act”). Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. As of September 30, 2016 and June 30, 2016, our qualifying assets as a percentage of total assets, stood at 73.17% and 74.58%, respectively. We monitor the status of these assets on an ongoing basis.

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and (14) unused fees ranging from 0.00% to 6.00%. As of September 30, 2016 and June 30, 2016, we had \$42,484 and \$40,560, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies.

(15) Arctic Oilfield Equipment USA, Inc. (“Arctic Oilfield”), a consolidated entity in which we own 100% of the common equity, owns 70% of the equity units of Arctic Energy Services, LLC (“Arctic Energy”), the operating

company. We report Arctic Energy as a separate controlled company. On September 30, 2015, we restructured our investment in Arctic Energy. Concurrent with the restructuring, we exchanged our \$31,640 senior secured loan and our \$20,230 subordinated loan for Class D and Class E Units in Arctic Energy. Our ownership of Arctic Oilfield includes a preferred interest in their holdings of all the Class D,

("MITY"), as of September 30, 2016 and June 30, 2016, respectively. MITY owns 100% of each of MITY-Lite, Inc.; Broda Enterprises USA, Inc.; and Broda Enterprises ULC ("Broda Canada"). We report MITY as a separate controlled (22) company. MITY Delaware has a subordinated unsecured note issued and outstanding to Broda Canada that is denominated in Canadian Dollars (CAD). As of September 30, 2016 and June 30, 2016, the principal balance of this note was CAD 7,371. In accordance with ASC 830, Foreign Currency Matters ("ASC 830"), this note was remeasured into our functional currency, US Dollars (USD), and is presented on our Consolidated Schedule of Investments in USD.

NPH Property Holdings, LLC, a consolidated entity in which we own 100% of the membership interests, owns (23) 100% of the common equity of National Property REIT Corp. ("NPRC") (f/k/a National Property Holdings Corp.), a property REIT which holds investments in several real estate properties. Additionally, NPRC invests in online consumer loans through ACL Loan Holdings, Inc. ("ACLLH") and American Consumer Lending Limited ("ACLL"),

its wholly-owned subsidiaries. We report NPRC as a separate controlled company. See Note 3 for further discussion of the properties held by NPRC. On August 1, 2016, we made an investment into ACLL, under the ACLL credit agreement, for senior secured term loans, Term Loan C, with the same terms as the existing ACLLH Term Loan C due to us.

(24) Nationwide Acceptance Holdings LLC, a consolidated entity in which we own 100% of the membership interests, owns 94.48% and 93.79% of Nationwide Loan Company LLC (f/k/a Nationwide Acceptance LLC (“Nationwide”)), the operating company, as of September 30, 2016 and June 30, 2016, respectively. We report Nationwide as a separate controlled company. On June 1, 2015, Nationwide completed a corporate reorganization. As part of a reorganization, Nationwide Acceptance LLC was renamed Nationwide Loan Company LLC (continues as “Nationwide”) and formed two new wholly-owned subsidiaries: Pelican Loan Company LLC (“Pelican”) and Nationwide Consumer Loans LLC. Nationwide assigned 100% of the equity interests in its other subsidiaries to Pelican which, in turn, assigned these interests to Nationwide Acceptance LLC (“New Nationwide”), the new

PROSPECT CAPITAL CORPORATION AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(in thousands, except share and per share data)

Note 1. Organization

In this report, the terms “Prospect,” “we,” “us” and “our” mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise.

Prospect Capital Corporation is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940 (the “1940 Act”). As a BDC, we have elected to be treated as a regulated investment company (“RIC”), under Subchapter M of the Internal Revenue Code of 1986 (the “Code”). We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004.

On May 15, 2007, we formed a wholly-owned subsidiary Prospect Capital Funding LLC (“PCF”), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the revolving credit facility at PCF. Our wholly-owned subsidiary Prospect Small Business Lending, LLC (“PSBL”) was formed on January 27, 2014 and purchases small business whole loans on a recurring basis from online small business loan originators, including On Deck Capital, Inc. (“OnDeck”). On September 30, 2014, we formed a wholly-owned subsidiary Prospect Yield Corporation, LLC (“PYC”) and effective October 23, 2014, PYC holds our investments in collateralized loan obligations (“CLOs”). Each of these subsidiaries have been consolidated since operations commenced.

We consolidate certain of our wholly-owned and substantially wholly-owned holding companies formed by us in order to facilitate our investment strategy. The following companies are included in our consolidated financial statements: AMU Holdings Inc.; APH Property Holdings, LLC (“APH”); Arctic Oilfield Equipment USA, Inc.; CCPI Holdings Inc.; CP Holdings of Delaware LLC; Credit Central Holdings of Delaware, LLC; Energy Solutions Holdings Inc.; First Tower Holdings of Delaware LLC; Harbortouch Holdings of Delaware Inc.; MITY Holdings of Delaware Inc.; Nationwide Acceptance Holdings LLC; NMMB Holdings, Inc.; NPH Property Holdings, LLC (“NPH”); STI Holding, Inc.; UPH Property Holdings, LLC (“UPH”); Valley Electric Holdings I, Inc.; Valley Electric Holdings II, Inc.; and Wolf Energy Holdings Inc. On October 10, 2014, concurrent with the sale of the operating company, our ownership increased to 100% of the outstanding equity of ARRM Services, Inc. (“ARRM”) which was renamed SB Forging Company, Inc. (“SB Forging”). As such, we began consolidating SB Forging on October 11, 2014. Effective May 23, 2016, in connection with the merger of American Property REIT Corp. (“APRC”) and United Property REIT Corp. (“UPRC”) with and into National Property REIT Corp. (“NPRC”), APH and UPH merged with and into NPH, and dissolved. We collectively refer to these entities as the “Consolidated Holding Companies.”

We are externally managed by our investment adviser, Prospect Capital Management L.P. (“Prospect Capital Management” or the “Investment Adviser”). Prospect Administration LLC (“Prospect Administration” or the “Administrator”), a wholly-owned subsidiary of the Investment Adviser, provides administrative services and facilities necessary for us to operate.

Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We invest primarily in senior and subordinated debt and equity of private companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. We work with the management teams or financial sponsors to identify investments with historical cash flows, asset collateral or contracted pro-forma cash flows for investment.

Note 2. Significant Accounting Policies

Basis of Presentation and Consolidation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles (“GAAP”) pursuant to the requirements for reporting on Form 10-Q, ASC 946, Financial Services—Investment Companies (“ASC 946”), and Articles 6, 10 and 12 of Regulation S-X. Under the 1940 Act, ASC

946, and the regulations pursuant to Article 6 of Regulation S-X, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services to benefit us. Our consolidated financial statements include the accounts of Prospect, PCF, PSBL, PYC, and the Consolidated Holding Companies. All intercompany balances and transactions have been eliminated in consolidation. The financial results of our non-substantially wholly-owned holding companies and operating portfolio company investments are not consolidated in the financial statements. Any operating companies owned by the Consolidated Holding Companies are not consolidated.

## Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompanying notes to conform to the presentation as of and for the three months ended September 30, 2016.

## Use of Estimates

The preparation of the consolidated financial statements in accordance with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, expenses, and gains and losses during the reported period. Changes in the economic environment, financial markets, creditworthiness of our portfolio companies and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

## Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, "Control Investments" are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of more than 25% of the voting securities of an investee company. Under the 1940 Act, "Affiliate Investments" are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. "Non-Control/Non-Affiliate Investments" are those that are neither Control Investments nor Affiliate Investments.

## Investment Transactions

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Amounts for investments recognized or derecognized but not yet settled are reported in due to broker or as a receivable for investments sold, respectively, in the Consolidated Statements of Assets and Liabilities.

## Investment Risks

Our investments are subject to a variety of risks. Those risks include the following:

### Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

### Credit Risk

Credit risk represents the risk that we would incur if the counterparties failed to perform pursuant to the terms of their agreements with us.

### Liquidity Risk

Liquidity risk represents the possibility that we may not be able to rapidly adjust the size of our investment positions in times of high volatility and financial stress at a reasonable price.

### Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

### Prepayment Risk

Many of our debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making us less likely to fully earn all of the expected income of that security and reinvesting in a lower yielding instrument.

## Structured Credit Related Risk

CLO investments may be riskier and less transparent to us than direct investments in underlying companies. CLOs typically will have no significant assets other than their underlying senior secured loans. Therefore, payments on CLO investments are and will be payable solely from the cash flows from such senior secured loans.

### Online consumer and Small and Medium Sized Business Risk

With respect to our online consumer and small and medium sized business (“SME”) lending initiative, we invest primarily in marketplace loans through marketplace lending facilitators. We do not conduct loan origination activities ourselves. Therefore, our ability to purchase consumer and SME loans, and our ability to grow our portfolio of consumer and SME loans, are directly influenced by the business performance and competitiveness of the marketplace loan origination business of the marketplace lending facilitators from which we purchase consumer and SME loans. In addition, our ability to analyze the risk-return profile of consumer and SME loans is significantly dependent on the marketplace facilitator's ability to effectively evaluate a borrower's credit profile and likelihood of default. If we are unable to effectively evaluate borrowers' credit profiles or the credit decisioning and scoring models implemented by each facilitator, we may incur unanticipated losses which could adversely impact our operating results.

### Investment Valuation

To value our investments, we follow the guidance of ASC 820, Fair Value Measurement (“ASC 820”), that defines fair value, establishes a framework for measuring fair value in conformity with GAAP, and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

- Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.
- Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.
- Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below.

1. Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors.
2. The independent valuation firms prepare independent valuations for each investment based on their own independent assessments and issue their report.
3. The Audit Committee of our Board of Directors reviews and discusses with the independent valuation firms the valuation reports, and then makes a recommendation to the Board of Directors of the value for each investment.
4. The Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Our non-CLO investments are valued utilizing a yield analysis, enterprise value (“EV”) analysis, net asset value analysis, liquidation analysis, discounted cash flow analysis, or a combination of methods, as appropriate. The yield analysis uses loan spreads for loans, dividend yields for certain investments and other relevant information implied by market data involving identical or comparable assets or liabilities. Under the EV analysis, the EV of a portfolio company is first determined and allocated over the portfolio company’s securities in order of their preference relative to one another (i.e., “waterfall” allocation). To determine the EV, we typically use a market multiples approach that considers relevant and applicable market trading data of guideline public companies, transaction metrics from precedent merger and acquisitions transactions and/or a discounted cash flow analysis. The net asset value analysis is used to derive a value of an underlying investment (such as real estate property) by dividing a relevant earnings stream by an appropriate capitalization rate. For this purpose, we consider capitalization rates for similar properties as may be obtained from guideline public companies and/or relevant transactions. The liquidation analysis is intended to approximate the net recovery value of an investment based on, among other things, assumptions regarding liquidation proceeds based on a hypothetical liquidation of a portfolio company’s assets. The discounted cash flow analysis uses valuation techniques to convert future cash flows or earnings to a range of fair values from which a single estimate may be derived utilizing an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts.

In applying these methodologies, additional factors that we consider in valuing our investments may include, as we deem relevant: security covenants, call protection provisions, and information rights; the nature and realizable value of any collateral; the portfolio company’s ability to make payments; the principal markets in which the portfolio company does business; publicly available financial ratios of peer companies; the principal market; and enterprise values, among other factors.

Our investments in CLOs are classified as ASC 820 Level 3 securities and are valued using a discounted cash flow model. The valuations have been accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view as well as to determine an appropriate call date (i.e., expected maturity). For each CLO security, the most appropriate valuation approach has been chosen from alternative approaches to ensure the most accurate valuation for such security. To value a CLO, both the assets and the liabilities of the CLO capital structure are modeled. Our valuation agent utilizes additional methods to validate the results from the discounted cash flow method, such as Monte Carlo simulations of key model variables, analysis of relevant data observed in the CLO market, and review of certain benchmark credit indices. We use a waterfall engine to store the collateral data, generate collateral cash flows from the assets based on various assumptions for the risk factors, distribute the cash flows to the liability structure based on the payment priorities, and discount them back using appropriate market discount rates. We are not responsible for and have no influence over the asset management of the portfolios underlying the CLO investments we hold as those portfolios are managed by non-affiliated third party CLO collateral managers. The main risk factors are: default risk, interest rate risk, downgrade risk, and credit spread risk.

#### Valuation of Other Financial Assets and Financial Liabilities

ASC 825, Financial Instruments, specifically ASC 825-10-25, permits an entity to choose, at specified election dates, to measure eligible items at fair value (the “Fair Value Option”). We have not elected the Fair Value Option to report selected financial assets and financial liabilities. See Note 8 for disclosure of the fair value of our financial liabilities that are measured using another measurement attribute.

#### Convertible Notes

We have recorded the Convertible Notes at their contractual amounts. The Convertible Notes were analyzed for any features that would require bifurcation and such features were determined to be immaterial. See Note 5 for further discussion.

#### Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Loan origination fees, original issue discount, and market discounts are capitalized and accreted into interest income over the respective terms of the applicable loans using the effective interest method or straight-line, as applicable, and adjusted only for material amendments or prepayments. Upon a prepayment of a loan, prepayment premiums, OID, or market discounts are recorded as interest income. Other income generally includes amendment fees, commitment fees,

administrative agent fees and structuring fees which are recorded when earned.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected.

Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to the cost basis depending upon management's judgment of the collectibility of the loan receivable. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's

judgment, is likely to remain current. As of September 30, 2016, approximately 1.6% of our total assets at fair value are in non-accrual status.

Interest income from investments in the “equity” class of security of CLO funds (typically preferred shares, income notes or subordinated notes) and “equity” class of security of securitized trust is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO and securitized trust equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income is earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income. See Note 10 for further discussion.

#### Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income combined with prior year underdistributed taxable income could be in excess of estimated current year dividend distributions from such combined taxable income, we accrue excise taxes, if any, on estimated excess taxable income. As of September 30, 2016, we accrued \$1,100 for any unpaid potential excise tax liability and have included this amount within other liabilities on the accompanying Consolidated Statements of Assets and Liabilities.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate income tax rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We follow ASC 740, Income Taxes (“ASC 740”). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are “more-likely-than-not” of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of September 30, 2016 and for the three months then ended, we did not record any unrecognized tax benefits or liabilities. Management’s determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof. Although we file both federal and state income tax returns, our major tax jurisdiction is federal. Our tax

returns for our federal tax years ended August 31, 2013 and thereafter remain subject to examination by the Internal Revenue Service.

**Dividends and Distributions**

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management's estimate of our future earnings. Net realized capital gains, if any, are distributed at least annually.

### Financing Costs

We record origination expenses related to our Revolving Credit Facility, and Convertible Notes, Public Notes and Prospect Capital InterNotes® (collectively, our “Unsecured Notes”) as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method over the stated life of the obligation for our Revolving Credit Facility. The same methodology is used to approximate the effective yield method for our Prospect Capital InterNotes® and our at-the-market offering of our existing unsecured notes that mature on June 15, 2024 (“2024 Notes Follow-on Program”). The effective interest method is used for our remaining Unsecured Notes over the respective expected life or maturity. In the event that we modify or extinguish our debt before maturity, we follow the guidance in ASC 470-50, Modification and Extinguishments (“ASC 470-50”). For modifications to or exchanges of our Revolving Credit Facility, any unamortized deferred costs relating to lenders who are not part of the new lending group are expensed. For extinguishments of our Unsecured Notes, any unamortized deferred costs are deducted from the carrying amount of the debt in determining the gain or loss from the extinguishment.

For the year ending June 30, 2017, we have changed our method of presentation relating to debt issuance costs in accordance with ASU 2015-03, Interest - Imputation of Interest (Subtopic 835-30). Prior to July 1, 2016, our policy was to present debt issuance costs in Deferred financing costs as an asset on the Consolidated Statements of Assets and Liabilities, net of accumulated amortization. Beginning with the period ended September 30, 2016, we have presented these costs, except those incurred by the Revolving Credit Facility, as a direct deduction to our Unsecured Notes. Unamortized deferred financing costs of \$40,526, \$44,140, \$57,010, \$37,607, and \$15,693 previously reported as an asset on the Consolidated Statements of Assets and Liabilities for the years ended June 30, 2016, 2015, 2014, 2013, and 2012, respectively, have been reclassified as a direct deduction to the respective Unsecured Notes (see Notes 5, 6, and 7).

We may record registration expenses related to shelf filings as prepaid expenses. These expenses consist principally of SEC registration fees, legal fees and accounting fees incurred. These prepaid expenses are charged to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed. As of September 30, 2016 and June 30, 2016, there are no prepaid expenses related to registration expenses and all amounts incurred have been expensed.

### Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees (“ASC 460”). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

### Per Share Information

Net increase or decrease in net assets resulting from operations per share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net asset value per share.

### Recent Accounting Pronouncements

In March 2016, the FASB issued ASU 2016-06, Derivatives and Hedging (Topic 815): Contingent Put and Call Options in Debt Instruments, which clarifies the requirements for assessing whether contingent call (put) options that can accelerate the payment of principal on debt instruments are clearly and closely related to their debt hosts. ASU 2016-06 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within fiscal years beginning after December 15, 2018. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. We are currently evaluating the impact, if any, of adopting this ASU on our consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments, which addresses certain aspects of cash flow statement classification. One such amendment requires cash payments for debt prepayment or debt extinguishment costs to be classified as cash outflows for financing activities. ASU 2016-15 is effective for financial statements issued for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted, including adoption in an interim period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected

as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. The adoption of the amended guidance in ASU 2016-15 is not expected to have a significant effect on our consolidated financial statements and disclosures.

Note 3. Portfolio Investments

---

At September 30, 2016, we had investments in 123 long-term portfolio investments, which had an amortized cost of \$6,301,194 and a fair value of \$6,109,596. At June 30, 2016, we had investments in 125 long-term portfolio investments, which had an amortized cost of \$6,091,100 and a fair value of \$5,897,708.

The original cost basis of debt placement and equity securities acquired, including follow-on investments for existing portfolio companies, payment-in-kind interest, and structuring fees, totaled \$347,150 and \$345,743 during the three months ended September 30, 2016 and September 30, 2015, respectively. Debt repayments and considerations from sales of equity securities of approximately \$114,331 and \$436,919 were received during the three months ended September 30, 2016 and September 30, 2015, respectively.

The following table shows the composition of our investment portfolio as of September 30, 2016 and June 30, 2016.

	September 30, 2016		June 30, 2016	
	Cost	Fair Value	Cost	Fair Value

In the previous table and throughout the remainder of this footnote, we aggregate our portfolio investments by type of investment, which may differ slightly from the nomenclature used by the constituent instruments defining the rights of holders of the investment, as disclosed on our Consolidated Schedules of Investments (“SOI”). The following investments are included in each category:

• Senior Secured Debt includes investments listed on the SOI such as senior secured term loans, senior term loans, secured promissory notes, senior demand notes, and first lien term loans.

• Subordinated Secured Debt includes investments listed on the SOI such as subordinated secured term loans, subordinated term loans, senior subordinated notes, and second lien term loans.

• Subordinated Unsecured Debt includes investments listed on the SOI such as subordinated unsecured notes and senior unsecured notes.

• Small Business Loans includes our investments in small business whole loans purchased from OnDeck.

• CLO Residual Interest includes our investments in the “equity” class of security of CLO funds such as income notes, preference shares, and subordinated notes.

Equity, unless specifically stated otherwise, includes our investments in preferred stock, common stock, membership interests, net profits interests, net operating income interests, net revenue interests, overriding royalty interests, escrows receivable, and warrants.

The following table shows the fair value of our investments disaggregated into the three levels of the ASC 820 valuation hierarchy as of September 30, 2016.

In addition, the valuation of certain controlled energy companies utilizes the discounted cash flow technique whereby the significant unobservable input is the discount rate. For these companies each observable input is (6) weighted equally. For these companies the discounted rate ranged from 20.0% to 21.0% with a weighted average of 20.5%.

In addition, the valuation of certain energy companies utilizes the discounted cash flow technique whereby the (7) significant unobservable input is the discount rate. For these companies each observable input is weighted equally.

For these companies the discounted rate ranged from 20.5% to 21.5% with a weighted average of 21.0%.

In determining the range of values for debt instruments, except CLOs and debt investments in controlling portfolio companies, management and the independent valuation firm estimated corporate and security credit ratings and identified corresponding yields to maturity for each loan from relevant market data. A discounted cash flow analysis was then prepared using the appropriate yield to maturity as the discount rate, to determine a range of values. In determining the range of values for debt investments of controlled companies and equity investments, the enterprise value was determined by applying earnings before income tax, depreciation and amortization (“EBITDA”) multiples, the discounted cash flow technique, net income and/or book value multiples for similar guideline public companies and/or similar recent investment transactions. For stressed equity investments, a liquidation analysis was prepared. During the year ended June 30, 2016, we changed the valuation methodology for our REITs portfolio (APRC, NPRC, and UPRC) from averaging the net asset value and dividend yield method to averaging the net asset value and discounted cash flow method utilizing capitalization rates for similar guideline companies and/or similar recent investment transactions.

In determining the range of values for our investments in CLOs, management and the independent valuation firm used a discounted cash flow model. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view as well as to determine an appropriate call date. For each CLO security, the most appropriate valuation approach was chosen from alternative approaches to ensure the most accurate valuation for such security. To value a CLO, both the assets and the liabilities of the CLO capital structure are modeled. Our valuation agent utilizes additional methods to validate the results from the discounted cash flow method, such as Monte Carlo simulations of key model variables, analysis of relevant data observed in the CLO market, and review of certain benchmark credit indices. A waterfall engine was used to store the collateral data, generate collateral cash flows from the assets based on various assumptions for the risk factors, distribute the cash flows to the liability structure based on the payment priorities, and discount them back using proper discount rates to expected maturity or call date.

Our portfolio consists of residual interests in CLOs, which involve a number of significant risks. CLOs are typically very highly levered (10 - 14 times), and therefore the residual interest tranches that we invest in are subject to a higher degree of risk of total loss. In particular, investors in CLO residual interests indirectly bear risks of the underlying loan investments held by such CLOs. We generally have the right to receive payments only from the CLOs, and generally do not have direct rights against the underlying borrowers or the entity that sponsored the CLO. While the CLOs we target generally enable the investor to acquire interests in a pool of senior loans without the expenses associated with directly holding the same investments, our prices of indices and securities underlying CLOs will rise or fall. These prices (and, therefore, the prices of the CLOs) will be influenced by the same types of political and economic events that affect issuers of securities and capital markets generally. The failure by a CLO investment in which we invest to satisfy financial covenants, including with respect to adequate collateralization and/or interest coverage tests, could

lead to a reduction in its payments to us. In the event that a CLO fails certain tests, holders of debt senior to us would be entitled to additional payments that would, in turn, reduce the payments we would otherwise be entitled to receive. Separately, we may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms with a defaulting CLO or any other investment we may make. If any of these occur, it could materially and adversely affect our operating results and cash flows.

The interests we have acquired in CLOs are generally thinly traded or have only a limited trading market. CLOs are typically privately offered and sold, even in the secondary market. As a result, investments in CLOs may be characterized as illiquid

securities. In addition to the general risks associated with investing in debt securities, CLO residual interests carry additional risks, including, but not limited to: (i) the possibility that distributions from collateral securities will not be adequate to make interest or other payments; (ii) the quality of the collateral may decline in value or default; (iii) the investments in CLO tranches will likely be subordinate to other senior classes of note tranches thereof; and (iv) the complex structure of the security may not be fully understood at the time of investment and may produce disputes with the CLO investment or unexpected investment results. Our net asset value may also decline over time if our principal recovery with respect to CLO residual interests is less than the cost of those investments. Our CLO investments and/or the underlying senior secured loans may prepay more quickly than expected, which could have an adverse impact on our value.

An increase in LIBOR would materially increase the CLO's financing costs. Since most of the collateral positions within the CLOs have LIBOR floors, there may not be corresponding increases in investment income (if LIBOR increases but stays below the LIBOR floor rate of such investments) resulting in materially smaller distribution payments to the residual interest investors.

We hold more than a 10% interest in certain foreign corporations that are treated as controlled foreign corporations ("CFC") for U.S. federal income tax purposes (including our residual interest tranche investments in CLOs). Therefore, we are treated as receiving a deemed distribution (taxable as ordinary income) each year from such foreign corporations in an amount equal to our pro rata share of the corporation's income for that tax year (including both ordinary earnings and capital gains). We are required to include such deemed distributions from a CFC in our taxable income and we are required to distribute at least 90% of such income to maintain our RIC status, regardless of whether or not the CFC makes an actual distribution during such year.

If we acquire shares in "passive foreign investment companies" ("PFICs") (including residual interest tranche investments in CLOs that are PFICs), we may be subject to federal income tax on a portion of any "excess distribution" or gain from the disposition of such shares even if such income is distributed as a taxable dividend to our stockholders. Certain elections may be available to mitigate or eliminate such tax on excess distributions, but such elections (if available) will generally require us to recognize our share of the PFICs income for each year regardless of whether we receive any distributions from such PFICs. We must nonetheless distribute such income to maintain its status as a RIC.

Legislation enacted in 2010 imposes a withholding tax of 30% on payments of U.S. source interest and dividends paid after December 31, 2013, or gross proceeds from the disposition of an instrument that produces U.S. source interest or dividends paid after December 31, 2016, to certain non-U.S. entities, including certain non-U.S. financial institutions and investment funds, unless such non-U.S. entity complies with certain reporting requirements regarding its United States account holders and its United States owners. Most CLOs in which we invest will be treated as non-U.S. financial entities for this purpose, and therefore will be required to comply with these reporting requirements to avoid the 30% withholding. If a CLO in which we invest fails to properly comply with these reporting requirements, it could reduce the amounts available to distribute to residual interest and junior debt holders in such CLO vehicle, which could materially and adversely affect our operating results and cash flows.

If we are required to include amounts in income prior to receiving distributions representing such income, we may have to sell some of our investments at times and/or at prices management would not consider advantageous, raise additional debt or equity capital or forgo new investment opportunities for this purpose. If we are not able to obtain cash from other sources, we may fail to qualify for RIC tax treatment and thus become subject to corporate-level income tax.

The significant unobservable input used to value our investments based on the yield analysis and discounted cash flow analysis is the market yield (or applicable discount rate) used to discount the estimated future cash flows expected to be received from the underlying investment, which includes both future principal and interest/dividend payments. Increases or decreases in the market yield (or applicable discount rate) would result in a decrease or increase,

respectively, in the fair value measurement. Management and the independent valuation firms consider the following factors when selecting market yields or discount rates: risk of default, rating of the investment and comparable company investments, and call provisions.

51

---

The significant unobservable inputs used to value our investments based on the EV analysis may include market multiples of specified financial measures such as EBITDA, net income, or book value of identified guideline public companies, implied valuation multiples from precedent M&A transactions, and/or discount rates applied in a discounted cash flow analysis. The independent valuation firm identifies a population of publicly traded companies with similar operations and key attributes to that of the portfolio company. Using valuation and operating metrics of these guideline public companies and/or as implied by relevant precedent transactions, a range of multiples of the latest twelve months EBITDA, or other measure such as net income or book value, is typically calculated. The independent valuation firm utilizes the determined multiples to estimate the portfolio company's EV generally based on the latest twelve months EBITDA of the portfolio company (or other meaningful measure). Increases or decreases in the multiple may result in an increase or decrease, respectively, in EV which may increase or decrease the fair value measurement of the debt of controlled companies and/or equity investment, as applicable. In certain instances, a discounted cash flow analysis may be considered in estimating EV, in which case, discount rates based on a weighted average cost of capital and application of the capital asset pricing model may be utilized.

The significant unobservable input used to value our private REIT investments based on the net asset value analysis is the capitalization rate applied to the earnings measure of the underlying property. Increases or decreases in the capitalization rate would result in a decrease or increase, respectively, in the fair value measurement.

Changes in market yields, discount rates, capitalization rates or EBITDA multiples, each in isolation, may change the fair value measurement of certain of our investments. Generally, an increase in market yields, discount rates or capitalization rates, or a decrease in EBITDA (or other) multiples may result in a decrease in the fair value measurement of certain of our investments.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the currently assigned valuations.

During the three months ended September 30, 2016, the valuation methodology for Arctic Energy Services, LLC ("Arctic Energy") changed to remove the discounted cash flow analysis. As a result of the company's performance and current market conditions, the fair value of our investment in Arctic Energy decreased to \$20,167 as of September 30, 2016, a discount of \$40,709 from its amortized cost, compared to the \$22,536 unrealized depreciation recorded at June 30, 2016.

During the three months ended September 30, 2016, the valuation methodology for CP Energy Services Inc. ("CP Energy") changed to remove the discounted cash flow analysis. As a result of the company's performance and current market conditions, the fair value of our investment in CP Energy remained at \$76,002 as of September 30, 2016, a discount of \$37,498 from its amortized cost, same as recorded at June 30, 2016.

During the three months ended September 30, 2016, the valuation methodology for Nixon, Inc. ("Nixon") changed to remove the shadow rating method. As a result of the company's performance the fair value of our investment in Nixon decreased to \$10,877 as of September 30, 2016, a discount of \$3,320 from its amortized cost, compared to the \$2,421 unrealized depreciation recorded at June 30, 2016.

During the three months ended September 30, 2016, the valuation methodology for Security Alarm Financing Enterprises, L.P. ("Safe") changed to remove the shadow rating and WACC methods and incorporate a waterfall analysis. As a result of the full repayment of the investment subsequent to September 30, 2016, the fair value of our investment in Safe was increased to \$25,000 as of September 30, 2016, equivalent to its amortized cost and repayment amount, compared to the \$2,300 unrealized depreciation recorded at June 30, 2016.

During the three months ended September 30, 2016, the valuation methodology for SESAC Holdco II LLC ("SESAC") changed to remove the WACC method. There was no substantial change to SESAC's fair value of \$9,885 as of

September 30, 2016, equivalent to its amortized cost, compared to \$9,878 at June 30, 2016.

During the three months ended September 30, 2016, the valuation methodology for United Sporting Companies, Inc. (“USC”) changed to remove the waterfall analysis. As a result of the company’s performance, the fair value of our investment in USC increased to \$138,758 as of September 30, 2016, a discount of \$2,089 from its amortized cost, compared to the \$4,179 unrealized depreciation recorded at June 30, 2016.

During the three months ended September 30, 2016, we provided \$35,295 of debt and \$11,086 of equity financing to NPRC for the acquisition of real estate properties and \$3,093 of equity financing to NPRC to fund capital expenditures for existing properties.

During the three months ended September 30, 2016, we provided \$47,354 and \$8,357 of debt and equity financing, respectively, to NPRC and its wholly-owned subsidiaries to support the online consumer lending initiative.

The online consumer loan investments held by certain of NPRC’s wholly-owned subsidiaries are unsecured obligations of individual borrowers that are issued in amounts ranging from \$1 to \$50, with fixed terms ranging from 18 to 84 months. As of September 30, 2016, the outstanding investment in online consumer loans by certain of NPRC’s wholly-owned subsidiaries was comprised of 103,334 individual loans and had an aggregate fair value of \$728,332. The average outstanding individual loan balance is approximately \$7 and the loans mature on dates ranging from October 31, 2016 to September 24, 2023 with a weighted- average outstanding term of 33 months as of September 30, 2016. Fixed interest rates range from 4.0% to 36.0% with a weighted-average current interest rate of 22.7%. As of September 30, 2016, our investment in NPRC and its wholly-owned subsidiaries relating to online consumer lending had a fair value of \$416,585.

As of September 30, 2016, based on outstanding principal balance, 8.0% of the portfolio was invested in super prime loans (borrowers with a Fair Isaac Corporation (“FICO”) score, of 720 or greater), 22.8% of the portfolio in prime loans (borrowers with a FICO score of 660 to 719) and 69.2% of the portfolio in near prime loans (borrowers with a FICO score of 580 to 659).

Loan Type	Outstanding Principal Balance	Fair Value	Interest Rate Range	Weighted Average Interest Rate*
Super Prime	\$ 61,017	\$59,361	4.0% - 34.0%	11.7%
Prime	174,112	166,602	5.3% - 36.0%	15.2%

On August 12, 2015, we sold 780 of our small business whole loans (with a cost of \$30,968) purchased from OnDeck to Jefferies Asset Funding LLC for proceeds of \$26,619, net of related transaction expenses, and a trust certificate representing a 41.54% interest in the MarketPlace Loan Trust, Series 2015-OD2. We realized a loss of \$775 on the sale.

On September 30, 2015, we restructured our investment in Arctic Energy. Concurrent with the restructuring, we exchanged \$31,640 senior secured loan and \$20,230 subordinated loan for Class D and Class E equity in Arctic Energy.

On July 1, 2016, BNN Holdings Corp. was sold. The sale provided net proceeds for our minority position of \$2,365, resulting in a realized gain of \$137. In addition, there is \$652 being held in escrow, which will be recognized as an additional realized gain if and when received.

On August 17, 2016, we made a \$5,000 investment in BCD Acquisition, Inc. ("Big Tex"). On August 18, 2016, we sold our \$5,000 investment in Big Tex and realized a gain of \$138 on the sale.

On August 19, 2016, we sold our investment in Nathan's Famous, Inc. for net proceeds of \$3,240 and realized a gain of \$240 on the sale.

On September 27, 2016, we received additional bankruptcy proceeds for our previously impaired investment in New Century Transportation, Inc., and recorded a realized gain of \$936, offsetting the previously recognized loss.

As of September 30, 2016, \$3,859,415 of our loans, at fair value, bear interest at floating rates and have LIBOR floors ranging from 0.3% to 4.0%. As of September 30, 2016, \$540,360 of our loans, at fair value, bear interest at fixed rates ranging from 5% to 22.0%. As of June 30, 2016, \$3,737,046 of our loans, at fair value, bore interest at floating rates and have LIBOR floors ranging from 0.3% to 4.0%. As of June 30, 2016, \$495,912 of our loans, at fair value, bore interest at fixed rates ranging from 5% to 22.0%.

At September 30, 2016, eight loan investments were on non-accrual status: Ark-La-Tex Wireline Services, LLC ("Ark-La-Tex"), Gulf Coast Machine & Supply Company ("Gulf Coast"), Nixon, Spartan Energy Services, Inc. ("Spartan"),

Targus International

LLC (“Targus”), USES Corp. (“USES”), Venio LLC (“Venio”) and Wolf Energy, LLC (“Wolf Energy”). At June 30, 2016, seven loan investments were on non-accrual status: Ark-La-Tex, Gulf Coast, Spartan, Targus, USES, Venio and Wolf Energy. Principal balances of these loans amounted to \$251,486 and \$234,307 as of September 30, 2016 and June 30, 2016, respectively. The fair value of these loans amounted to \$99,136 and \$90,540 as of September 30, 2016 and June 30, 2016, respectively. The fair values of these investments represent approximately 1.6% and 1.4% of our total assets at fair value as of September 30, 2016 and June 30, 2016, respectively.

Undrawn committed revolvers and delayed draw term loans to our portfolio companies incur commitment and unused fees ranging from 0.00% to 6.00%. As of September 30, 2016 and June 30, 2016, we had \$42,484 and \$40,560, respectively, of undrawn revolver and delayed draw term loan commitments to our portfolio companies. The fair value of our undrawn committed revolvers and delayed draw term loans was zero as of September 30, 2016 and June 30, 2016.

During the three months ended September 30, 2015, we sold \$74,377 of the outstanding principal balance of the senior secured Term Loan A investments in certain portfolio companies. There was no gain or loss realized on the sale. We serve as an agent for these loans and collect a servicing fee from the counterparties on behalf of the Investment Adviser. We receive a credit for these payments as a reduction of base management fee payable by us to the Investment Adviser. See Note 13 for further discussion.

#### Unconsolidated Significant Subsidiaries

Our investments are generally in small and mid-sized companies in a variety of industries. In accordance with Rules 3-09 and 4-08(g) of Regulation S-X, we must determine which of our unconsolidated controlled portfolio companies are considered “significant subsidiaries”, if any. In evaluating these investments, there are three tests utilized to determine if any of our controlled investments are considered significant subsidiaries: the investment test, the asset test and the income test. Rule 3-09 of Regulation S-X requires separate audited financial statements of an unconsolidated subsidiary in an annual report if any of the three tests exceed 20%. Rule 4-08(g) of Regulation S-X requires summarized financial information in an annual report if any of the three tests exceeds 10%, and summarized financial information in a quarterly report if any of the three tests exceeds 20% pursuant to Rule 10-01(b) of Regulation S-X.

As of September 30, 2016 and June 30, 2016, we did not have a single investment that represented greater than 20% of our total investment portfolio at fair value. As of September 30, 2016 and June 30, 2016, we had one investment whose assets represented greater than 20% of our total assets. Income, consisting of interest, dividends, fees, other investment income and gains or losses, which can fluctuate upon repayment or sale of an investment or the marking to fair value an investment in any given period can be highly concentrated among several investments. After performing the income analysis for the three months ended September 30, 2016 as currently promulgated by the SEC, we determined that one of our controlled investments individually generated more than 20% of our income, primarily due to unrealized appreciation/depreciation that was recognized on the investment during the three months ended September 30, 2016.

The following tables show summarized financial information for NPRC and its subsidiaries, which met the 20% income and asset tests for the three months ended September 30, 2016:

The SEC has requested comments on the proper mechanics of how the calculations related to Rules 3-09 and 4-08(g) of Regulation S-X should be completed. There is currently diversity in practice for the calculations. We expect that the SEC will clarify the calculation methods in the future.

#### Note 4. Revolving Credit Facility

On March 27, 2012, we closed on an extended and expanded credit facility with a syndicate of lenders through PCF (the “2012 Facility”). The lenders had extended commitments of \$857,500 under the 2012 Facility as of June 30, 2014, which was increased to \$877,500 in July 2014. The 2012 Facility included an accordion feature which allowed commitments to be increased up to \$1,000,000 in the aggregate. Interest on borrowings under the 2012 Facility was one-month LIBOR plus 275 basis points with no minimum LIBOR floor. Additionally, the lenders charged a fee on the unused portion of the 2012 Facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise.

On August 29, 2014, we renegotiated the 2012 Facility and closed an expanded five and a half year revolving credit facility (the “2014 Facility” and collectively with the 2012 Facility, the “Revolving Credit Facility”). The lenders have extended commitments of \$885,000 under the 2014 Facility as of September 30, 2016. The 2014 Facility includes an accordion feature which allows commitments to be increased up to \$1,500,000 in the aggregate. The revolving period of the 2014 Facility extends through March 2019, with an additional one year amortization period (with distributions allowed) after the completion of the revolving period. During such one year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the one year amortization period, the remaining balance will become due, if required by the lenders.

The 2014 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2014 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2014 Facility. The 2014 Facility also requires the maintenance of a minimum liquidity requirement. As of September 30, 2016, we were in compliance with the applicable covenants.

Interest on borrowings under the 2014 Facility is one-month LIBOR plus 225 basis points. Additionally, the lenders charge a fee on the unused portion of the 2014 Facility equal to either 50 basis points if at least 35% of the credit facility is drawn or 100 basis points otherwise. The 2014 Facility requires us to pledge assets as collateral in order to borrow under the credit facility.

As of September 30, 2016 and June 30, 2016, we had \$658,173 and \$538,456, respectively, available to us for borrowing under the Revolving Credit Facility, of which the amount outstanding was \$44,000 and \$0, respectively. As additional eligible investments are transferred to PCF and pledged under the Revolving Credit Facility, PCF will generate additional availability up to the current commitment amount of \$885,000. As of September 30, 2016, the investments, including cash and money market funds, used as collateral for the Revolving Credit Facility had an aggregate fair value of \$1,478,009, which represents 23.7% of our total investments, including cash and money market funds. These assets are held and owned by PCF, a bankruptcy remote special purpose entity, and as such, these investments are not available to our general creditors. The release of any assets from PCF requires the approval of the facility agent.

In connection with the origination and amendments of the Revolving Credit Facility, we incurred \$12,405 of new fees and \$3,539 of fees carried over for continuing participants from the previous facility, which are being amortized over the term of the facility in accordance with ASC 470-50, of which \$6,834 remains to be amortized and is included within deferred financing costs on the Consolidated Statements of Assets and Liabilities as of September 30, 2016.

During the three months ended September 30, 2016 and September 30, 2015, we recorded \$2,963 and \$3,701, respectively, of interest costs, unused fees and amortization of financing costs on the Revolving Credit Facility as interest expense.

#### Note 5. Convertible Notes

On December 21, 2010, we issued \$150,000 aggregate principal amount of convertible notes that matured on December 15, 2015 (the “2015 Notes”). The 2015 Notes bore interest at a rate of 6.25% per year, payable semi-annually on June 15 and December 15 of each year, beginning June 15, 2011. Total proceeds from the issuance of the 2015 Notes, net of underwriting discounts and offering costs, were \$145,200. On December 15, 2015, we repaid the outstanding principal amount of the 2015 Notes, plus interest. No gain or loss was realized on the transaction.

On February 18, 2011, we issued \$172,500 aggregate principal amount of convertible notes that mature on August 15, 2016 (the “2016 Notes”), unless previously converted or repurchased in accordance with their terms. The 2016 Notes bear interest at a rate of 5.50% per year, payable semi-annually on February 15 and August 15 of each year, beginning August 15, 2011. Total proceeds from the issuance of the 2016 Notes, net of underwriting discounts and offering costs, were \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 aggregate principal amount of the 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. On August 15, 2016, we repaid the outstanding principal amount of the 2016 Notes, plus interest. No gain or loss was realized on the transaction.

On April 16, 2012, we issued \$130,000 aggregate principal amount of convertible notes that mature on October 15, 2017 (the “2017 Notes”), unless previously converted or repurchased in accordance with their terms. The 2017 Notes bear interest at a rate of 5.375% per year, payable semi-annually on April 15 and October 15 of each year, beginning October 15, 2012. Total proceeds from the issuance of the 2017 Notes, net of underwriting discounts and offering costs, were \$126,035. On March 28, 2016, we repurchased \$500 aggregate principal amount of the 2017 Notes at a price of 98.25, including commissions. The transaction resulted in our recognizing a \$9 gain for the period ended March 31, 2016.

On August 14, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on March 15, 2018 (the “2018 Notes”), unless previously converted or repurchased in accordance with their terms. The 2018 Notes bear interest at a rate of 5.75% per year, payable semi-annually on March 15 and September 15 of each year, beginning March 15, 2013. Total proceeds from the issuance of the 2018 Notes, net of underwriting discounts and offering costs, were \$193,600.

On December 21, 2012, we issued \$200,000 aggregate principal amount of convertible notes that mature on January 15, 2019 (the “2019 Notes”), unless previously converted or repurchased in accordance with their terms. The 2019 Notes bear interest at a rate of 5.875% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2013. Total proceeds from the issuance of the 2019 Notes, net of underwriting discounts and offering costs, were \$193,600.

On April 11, 2014, we issued \$400,000 aggregate principal amount of convertible notes that mature on April 15, 2020 (the “2020 Notes”), unless previously converted or repurchased in accordance with their terms. The 2020 Notes bear interest at a rate of 4.75% per year, payable semi-annually on April 15 and October 15 each year, beginning October 15, 2014. Total proceeds from the issuance of the 2020 Notes, net of underwriting discounts and offering costs, were \$387,500. On January 30, 2015, we repurchased \$8,000 aggregate principal amount of the 2020 Notes at a price of 93.0, including commissions. As a result of this transaction, we recorded a gain of \$332, in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs.

Certain key terms related to the convertible features for the 2017 Notes, the 2018 Notes, the 2019 Notes and the 2020 Notes (collectively, the “Convertible Notes”) are listed below.

	2017 Notes	2018 Notes	2019 Notes	2020 Notes

(1) Conversion rates denominated in shares of common stock per \$1 principal amount of the Convertible Notes converted.

(2) Represents conversion rate and conversion price, as applicable, taking into account certain de minimis adjustments that will be made on the conversion date.

58

---

The conversion price in effect at September 30, 2016 was calculated on the last anniversary of the issuance and (3) will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary.

The conversion rate is increased if monthly cash dividends paid to common shares exceed the monthly dividend (4) threshold amount, subject to adjustment. Current dividend rates are below the minimum dividend threshold amount for further conversion rate adjustments for all bonds.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the notes surrendered for conversion representing accrued and unpaid interest to, but not including, the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the Convertible Notes.

No holder of Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Convertible Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Convertible Notes upon a fundamental change at a price equal to 100% of the principal amount of the Convertible Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Convertible Notes through and including the maturity date.

In connection with the issuance of the Convertible Notes, we incurred \$29,112 of fees which are being amortized over the terms of the notes, of which \$13,260 remains to be amortized and is included as a reduction within Convertible Notes on the Consolidated Statement of Assets and Liabilities as of September 30, 2016.

During the three months ended September 30, 2016 and September 30, 2015, we recorded \$14,713 and \$18,729, respectively, of interest costs and amortization of financing costs on the Convertible Notes as interest expense.

#### Note 6. Public Notes

On March 15, 2013, we issued \$250,000 aggregate principal amount of unsecured notes that mature on March 15, 2023 (the "2023 Notes"). The 2023 Notes bear interest at a rate of 5.875% per year, payable semi-annually on March 15 and September 15 of each year, beginning September 15, 2013. Total proceeds from the issuance of the 2023 Notes, net of underwriting discounts and offering costs, were \$243,641.

On April 7, 2014, we issued \$300,000 aggregate principal amount of unsecured notes that mature on July 15, 2019 (the "5.00% 2019 Notes"). Included in the issuance is \$45,000 of Prospect Capital InterNotes® that were exchanged for the 5.00% 2019 Notes. The 5.00% 2019 Notes bear interest at a rate of 5.00% per year, payable semi-annually on January 15 and July 15 of each year, beginning July 15, 2014. Total proceeds from the issuance of the 5.00% 2019 Notes, net of underwriting discounts and offering costs, were \$295,998.

On December 10, 2015, we issued \$160,000 aggregate principal amount of unsecured notes that mature on June 15, 2024 (the "2024 Notes"). The 2024 Notes bear interest at a rate of 6.25% per year, payable quarterly on March 15, June 15, September 15 and December 15 of each year, beginning March 15, 2016. Total proceeds from the issuance of the 2024 Notes, net of underwriting discounts and offering costs, were \$155,043. On June 16, 2016, we entered into an at-the-market program with FBR Capital Markets & Co. through which we could sell, by means of at-the-market offerings, from time to time, up to \$100,000 in aggregate principal amount of our existing 2024 Notes. During the three months ended September 30, 2016, we issued \$37,901 in aggregate principal amount under our 2024 Notes Follow-on Program for net proceeds of \$37,425 after commissions and offering costs. As of September 30, 2016, total proceeds from the issuance of the 2024 Notes, net of underwriting discounts and offering costs, was \$193,637. The 2023 Notes, the 5.00% 2019 Notes, and the 2024 Notes (collectively, the "Public Notes") are direct unsecured obligations and rank equally with all of our unsecured indebtedness from time to time outstanding.

In connection with the issuance of the 2023 Notes, the 5.00% 2019 Notes, and the 2024 Notes, we incurred \$13,580 of fees which are being amortized over the term of the notes, of which \$10,366 remains to be amortized and is included as a reduction within Public Notes on the Consolidated Statement of Assets and Liabilities as of September 30, 2016. During the three months ended September 30, 2016 and September 30, 2015, we recorded \$10,780 and \$7,821, respectively, of interest costs and amortization of financing costs on the Public Notes as interest expense.

#### Note 7. Prospect Capital InterNotes®

On February 16, 2012, we entered into a selling agent agreement (the “Selling Agent Agreement”) with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the “InterNotes® Offering”), which was increased to \$1,500,000 in May 2014. Additional agents may be appointed by us from time to time in connection with the InterNotes® Offering and become parties to the Selling Agent Agreement.

These notes are direct unsecured obligations and rank equally with all of our unsecured indebtedness from time to time outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the three months ended September 30, 2016, we issued \$38,917 aggregate principal amount of Prospect Capital InterNotes® for net proceeds of \$38,435. These notes were issued with stated interest rates ranging from 5.00% to 5.50% with a weighted average interest rate of 5.42%. These notes mature between July 15, 2021 and September 15, 2021.

During the three months ended September 30, 2015, we issued \$48,134 aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$47,381. These notes were issued with stated interest rates ranging from 4.63% to 5.25% with a weighted average interest rate of 5.06%. These notes mature between July 15, 2020 and March 15, 2022. The following table summarizes the Prospect Capital InterNotes® issued during the three months ended September 30, 2015.

As permitted by ASC 825-10-25, we have not elected to value our Revolving Credit Facility, Convertible Notes, (1) Public Notes and Prospect Capital InterNotes® at fair value. The fair value of these debt obligations are categorized as Level 2 under ASC 820 as of September 30, 2016.

(2) The maximum draw amount of the Revolving Credit facility as of September 30, 2016 is \$885,000.

(3) Net Carrying Value excludes deferred financing costs associated with the Revolving Credit Facility. See Note 2 for accounting policy details.

(4) We use available market quotes to estimate the fair value of the Convertible Notes and Public Notes.

(5) The fair value of Prospect Capital InterNotes® is estimated by discounting remaining payments using current Treasury rates.

(6) For the Revolving Credit Facility, we have adjusted the stated rate as the fees are amortized on a straight-line method over the stated life of the obligation.

The effective interest rate is equal to the effect of the stated interest, the accretion of original issue discount and (7) debt issuance costs. For the 2024 Notes, the rate presented is a combined effective interest rate of the 2024 Notes and 2024 Notes Follow-on Program.

(8) For the Prospect Capital InterNotes®, the rate presented is the weighted average effective interest rate.

#### Note 9. Stock Repurchase Program, Equity Offerings, Offering Expenses, and Distributions

On August 24, 2011, our Board of Directors approved a share repurchase plan (the “Repurchase Program”) under which we may repurchase up to \$100,000 of our common stock at prices below our net asset value per share. Prior to any repurchase, we are required to notify shareholders of our intention to purchase our common stock. Our last notice was delivered with our annual proxy mailing on September 21, 2016. This notice extends for six months after the date that notice is delivered.

We did not repurchase any shares of our common stock for the three months ended September 30, 2016. During the three months ended September 30, 2015, we repurchased 4,358,750 shares of our common stock pursuant to our publicly announced Repurchase Program for \$31,530, or approximately \$7.23 weighted average price per share at approximately a 30% discount to net asset value as of June 30, 2015. Our NAV per share was increased by approximately \$0.04 for the three months ended September 30, 2015 as a result of the share repurchases.

Repurchases of Common Stock	Three Months Ended September 30, 2015
Dollar amount repurchased	\$31,530
Shares Repurchased	4,358,750
Weighted average price per share	7.23
Weighted average discount to June 30, 2015 net asset value	30 %

As of September 30, 2016, the approximate dollar value of shares that may yet be purchased under the plan is \$65,860.

Excluding dividend reinvestments, during the three months ended September 30, 2016 and September 30, 2015, we did not issue any shares of our common stock.

On November 3, 2015, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, we can issue up to \$4,730,685 of additional debt and equity securities in the public market as of September 30, 2016. See Note 18 for updates to our Registration Statement subsequent to September 30, 2016.

During the three months ended September 30, 2016 and September 30, 2015, we distributed approximately \$89,428 and \$89,115, respectively, to our stockholders. The following table summarizes our distributions declared and payable for the three months ended September 30, 2015 and September 30, 2016.

---

Dividends and distributions to common stockholders are recorded on the ex-dividend date. As such, the table above includes distributions with record dates during three months ended September 30, 2016 and September 30, 2015. It does not include distributions previously declared to stockholders of record on any future dates, as those amounts are not yet determinable. The following dividends were previously declared and will be recorded and payable subsequent to September 30, 2016:

\$0.08333 per share for October 2016 to holders of record on October 31, 2016 with a payment date of November 17, 2016.

During the three months ended September 30, 2016 and September 30, 2015, we issued 934,927 and 490,473 shares of our common stock, respectively, in connection with the dividend reinvestment plan.

On February 9, 2016, we amended our dividend reinvestment plan that already provides for reinvestment of our dividends or distributions on behalf of our stockholders, unless a stockholder elects to receive cash, to add the ability of stockholders to purchase additional shares by making optional cash investments. Under the revised dividend reinvestment and direct stock repurchase plan, stockholders may elect to purchase additional shares through our transfer agent in the open market or in negotiated transactions.

During the three months ended September 30, 2016, Prospect officers purchased 678,360 shares of our stock, or 0.2% of total outstanding shares as of September 30, 2016, both through the open market transactions and shares issued in connection with our dividend reinvestment plan.

As of September 30, 2016, we have reserved 75,782,455 shares of our common stock for issuance upon conversion of the Convertible Notes (see Note 5).

#### Note 10. Other Income

Other income consists of structuring fees, overriding royalty interests, revenue receipts related to net profit interests, deal deposits, administrative agent fees, and other miscellaneous and sundry cash receipts. The following table shows income from such sources during the three months ended September 30, 2016 and September 30, 2015.

	Three Months Ended	
	September 30, 2016	September 30, 2015
Structuring and amendment fees (refer to Note 3)	\$4,476	\$3,642
Royalty and Net Revenue interests	1,170	1,903
Administrative agent fees	152	188
Total Other Income	\$5,798	\$5,733

#### Note 11. Net Increase in Net Assets per Share

The following information sets forth the computation of net increase in net assets resulting from operations per share during the three months ended September 30, 2016 and September 30, 2015.

	Three Months Ended	
	September 30, 2016	September 30, 2015
Net increase in net assets resulting from operations	\$81,366	\$ 27,817
Weighted average common shares outstanding	357,527,275	356,962,242
Net increase in net assets resulting from operations per share	\$0.23	\$ 0.08

#### Note 12. Income Taxes

While our fiscal year end for financial reporting purposes is June 30 of each year, our tax year end is August 31 of each year. The information presented in this footnote is based on our tax year end for each period presented, unless otherwise specified. The tax return for the tax year ended August 31, 2016 has not been filed. Taxable income and all amounts related to taxable income for the tax year ended August 31, 2016 are estimates and will not be fully determined until our tax return is filed.

For income tax purposes, dividends paid and distributions made to shareholders are reported as ordinary income, capital gains, non-taxable return of capital, or a combination thereof. The tax character of dividends paid to shareholders during the tax years ended August 31, 2016, 2015 and 2014 were as follows:

	Tax Year Ended August 31,		
	2016	2015	2014
Ordinary income	\$355,985	\$413,640	\$413,051
Capital gain	—	—	—
Return of capital	—	—	—
Total dividends paid to shareholders	\$355,985	\$413,640	\$413,051

We generate certain types of income that may be exempt from U.S. withholding tax when distributed to non-U.S. shareholders. Under IRC Section 871(K), a RIC is permitted to designate distributions of qualified interest income and short-term capital gains as exempt from U.S. withholding tax when paid to non-U.S. shareholders with proper documentation. For the 2016 calendar year, 45.56% of our distributions as of September 30, 2016 qualified as interest related dividends which are exempt from U.S. withholding tax applicable to non U.S. shareholders.

For the tax year ending August 31, 2017, the tax character of dividends paid to shareholders through September 30, 2016 is expected to be ordinary income. Because of the difference between our fiscal and tax year ends, the final determination of the tax character of dividends will not be made until we file our tax return for the tax year ending August 31, 2017.

Taxable income generally differs from net increase in net assets resulting from operations for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized gains or losses, as unrealized gains or losses are generally not included in taxable income until they are realized. The following reconciles the net increase in net assets resulting from operations to taxable income for the tax years ended August 31, 2016, 2015 and 2014:

	Tax Year Ended August 31,		
	2016	2015	2014
Net increase in net assets resulting from operations	\$262,832	\$360,572	\$317,671
Net realized loss on investments	22,666	164,230	28,244
Net unrealized (appreciation) depreciation on investments	73,181	(157,745 )	24,638
Other temporary book-to-tax differences	(8,875 )	98,289	(9,122 )
Permanent differences	2,489	2,436	(4,317 )
Taxable income before deductions for distributions	\$352,293	\$467,782	\$357,114

Capital losses in excess of capital gains earned in a tax year may generally be carried forward and used to offset capital gains, subject to certain limitations. The Regulated Investment Company Modernization Act (the "RIC Modernization Act") was enacted on December 22, 2010. Under the RIC Modernization Act, capital losses incurred by taxpayers in taxable years beginning after the date of enactment will be allowed to be carried forward indefinitely and are allowed to retain their character as either short-term or long-term losses. As such, the capital loss carryforwards generated by us after the August 31, 2011 tax year will not be subject to expiration. Any losses incurred in post-enactment tax years will be required to be utilized prior to the losses incurred in pre-enactment tax years. As of August 31, 2016, we had capital loss carryforwards of approximately \$314,624 available for use in later tax years. Of the amount available as of August 31, 2016, \$32,612 and \$46,156 will expire on August 31, 2017 and 2018, respectively, and \$235,857 is not subject to expiration. The unused balance each year will be carried forward and utilized as gains are realized, subject to limitations. While our ability to utilize losses in the future depends upon a variety of factors that cannot be known in advance, substantially all of the Company's capital loss carryforwards may become permanently unavailable due to limitations by the Code.

For the tax year ended August 31, 2016, we had taxable income in excess of the distributions made and we elected to carry forward the excess for distribution to shareholders in the tax year ending August 31, 2017. The cumulative amount carried forward to 2017 is approximately \$99,919.

As of September 30, 2016, the cost basis of investments for tax purposes was \$6,388,533 resulting in estimated gross unrealized appreciation and depreciation of \$259,711 and \$538,648, respectively. As of June 30, 2016, the cost basis of investments for tax purposes was \$6,175,709 resulting in estimated gross unrealized appreciation and depreciation of \$192,035 and \$470,036, respectively. Due to the difference between our fiscal year end and tax year end, the cost basis of our investments for tax purposes as of September 30, 2016 and June 30, 2016 was calculated based on the book cost of investments as of September 30, 2016 and

June 30, 2016, respectively, with cumulative book-to-tax adjustments for investments through August 31, 2016 and 2015, respectively.

In general, we may make certain adjustments to the classification of net assets as a result of permanent book-to-tax differences, which may include merger-related items, differences in the book and tax basis of certain assets and liabilities, and nondeductible federal excise taxes, among other items. During the tax year ended August 31, 2016, we decreased overdistributed net investment income by \$2,489, increased accumulated net realized loss on investments by \$1,296 and decreased capital in excess of par value by \$1,193. During the tax year ended August 31, 2015, we decreased overdistributed net investment income by \$2,435, increased accumulated net realized loss on investments by \$8,542 and increased capital in excess of par value by \$6,107. Due to the difference between our fiscal and tax year end, the reclassifications for the taxable year ended August 31, 2016 is being recorded in the fiscal year ending June 30, 2017 and the reclassifications for the taxable year ended August 31, 2015 were recorded in the fiscal year ended June 30, 2016.

#### Note 13. Related Party Agreements and Transactions

##### Investment Advisory Agreement

We have entered into an investment advisory and management agreement with the Investment Adviser, Prospect Capital Management L.P., (the "Investment Advisory Agreement") under which the Investment Adviser, subject to the overall supervision of our Board of Directors, manages the day-to-day operations of, and provides investment advisory services to, us. Under the terms of the Investment Advisory Agreement, the Investment Adviser:

(i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes, (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); and (iii) closes and monitors investments we make.

The Investment Adviser's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired. For providing these services the Investment Adviser receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 2.00% on our total assets. For services currently rendered under the Investment Advisory Agreement, the base management fee is payable quarterly in arrears. The base management fee is calculated based on the average value of our gross assets at the end of the two most recently completed calendar quarters and appropriately adjusted for any share issuances or repurchases during the current calendar quarter.

The total gross base management fee incurred to the favor of the Investment Adviser was \$31,340 and \$33,416 during the three months ended September 30, 2016 and September 30, 2015, respectively.

The Investment Adviser has entered into a servicing agreement with certain institutions who purchased loans with us, where we serve as the agent and collect a servicing fee on behalf of the Investment Adviser. During the three months ended September 30, 2016 and 2015, we received payments of \$548 and \$462, respectively, from these institutions, on behalf of the Investment Adviser, for providing such services under the servicing agreement. We were given a credit for these payments, which reduced the base management fee payable to \$30,792 and \$32,954 for the three months ended September 30, 2016 and 2015, respectively.

The incentive fee has two parts. The first part, the income incentive fee, is calculated and payable quarterly in arrears based on our pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement described below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-incentive fee net investment income, expressed as a rate of return

on the value of our net assets at the end of the immediately preceding calendar quarter, is compared to a “hurdle rate” of 1.75% per quarter (7.00% annualized).

68

---

The net investment income used to calculate this part of the incentive fee is also included in the amount of the gross assets used to calculate the 2.00% base management fee. We pay the Investment Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

• No incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate;

• 100.00% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate); and

• 20.00% of the amount of our pre-incentive fee net investment income, if any, that exceeds 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate).

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The second part of the incentive fee, the capital gains incentive fee, is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20.00% of our realized capital gains for the calendar year, if any, computed net of all realized capital losses and unrealized capital depreciation at the end of such year. In determining the capital gains incentive fee payable to the Investment Adviser, we calculate the aggregate realized capital gains, aggregate realized capital losses and aggregate unrealized capital depreciation, as applicable, with respect to each investment that has been in our portfolio. For the purpose of this calculation, an “investment” is defined as the total of all rights and claims which may be asserted against a portfolio company arising from our participation in the debt, equity, and other financial instruments issued by that company. Aggregate realized capital gains, if any, equal the sum of the differences between the aggregate net sales price of each investment and the aggregate cost basis of such investment when sold or otherwise disposed. Aggregate realized capital losses equal the sum of the amounts by which the aggregate net sales price of each investment is less than the aggregate cost basis of such investment when sold or otherwise disposed. Aggregate unrealized capital depreciation equals the sum of the differences, if negative, between the aggregate valuation of each investment and the aggregate cost basis of such investment as of the applicable calendar year-end. At the end of the applicable calendar year, the amount of capital gains that serves as the basis for our calculation of the capital gains incentive fee involves netting aggregate realized capital gains against aggregate realized capital losses on a since-inception basis and then reducing this amount by the aggregate unrealized capital depreciation. If this number is positive, then the capital gains incentive fee payable is equal to 20.00% of such amount, less the aggregate amount of any capital gains incentive fees paid since inception.

The total income incentive fee incurred was \$19,730 and \$22,810 during the three months ended September 30, 2016 and September 30, 2015, respectively. No capital gains incentive fee was incurred during the three months ended September 30, 2016 and September 30, 2015.

#### Administration Agreement

We have also entered into an administration agreement (the “Administration Agreement”) with Prospect Administration under which Prospect Administration, among other things, provides (or arranges for the provision of) administrative services and facilities for us. For providing these services, we reimburse Prospect Administration for our allocable portion of overhead incurred by Prospect Administration in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our Chief Financial Officer and Chief Compliance Officer and his staff, including the internal legal staff. Under this agreement, Prospect Administration furnishes us with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Prospect Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, Prospect Administration assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the Administration Agreement, Prospect Administration also provides on our behalf managerial assistance to those portfolio companies to which we are required to provide such assistance (see Managerial Assistance section below). The Administration Agreement may be

terminated by either party without penalty upon 60 days' written notice to the other party. Prospect Administration is a wholly-owned subsidiary of the Investment Adviser.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification

from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Prospect Administration's services under the Administration Agreement or otherwise as administrator for us. Our payments to Prospect Administration are periodically reviewed by our Board of Directors.

The allocation of gross overhead expense from Prospect Administration was \$4,871 and \$5,876 for the three months ended September 30, 2016 and 2015, respectively. Prospect Administration received estimated payments of \$1,338 and \$1,698 directly from our portfolio companies and certain funds managed by the Investment Adviser for legal, tax and portfolio level accounting services during the three months ended September 30, 2016 and 2015, respectively. We were given a credit for these payments as a reduction of the administrative services cost payable by us to Prospect Administration, resulting in net overhead expense of \$3,533 and \$4,178 during the three months ended September 30, 2016 and 2015, respectively. Had Prospect Administration not received these payments, Prospect Administration's charges for its administrative services would have increased by these amounts. (See Managerial Assistance section below and Note 14 for further discussion.)

#### Managerial Assistance

As a BDC, we are obligated under the 1940 Act to make available to certain of our portfolio companies significant managerial assistance. "Making available significant managerial assistance" refers to any arrangement whereby we provide significant guidance and counsel concerning the management, operations, or business objectives and policies of a portfolio company. We are also deemed to be providing managerial assistance to all portfolio companies that we control, either by ourselves or in conjunction with others. The nature and extent of significant managerial assistance provided by us to controlled and non-controlled portfolio companies will vary according to the particular needs of each portfolio company. Examples of such activities include (i) advice on recruiting, hiring, management and termination of employees, officers and directors, succession planning and other human resource matters; (ii) advice on capital raising, capital budgeting, and capital expenditures; (iii) advice on advertising, marketing, and sales; (iv) advice on fulfillment, operations, and execution; (v) advice on managing relationships with unions and other personnel organizations, financing sources, vendors, customers, lessors, lessees, lawyers, accountants, regulators and other important counterparties; (vi) evaluating acquisition and divestiture opportunities, plant expansions and closings, and market expansions; (vii) participating in audit committee, nominating committee, board and management meetings; (viii) consulting with and advising board members and officers of portfolio companies (on overall strategy and other matters); and (ix) providing other organizational, operational, managerial and financial guidance.

Prospect Administration, when performing a managerial assistance agreement executed with each portfolio company to which we provide managerial assistance, arranges for the provision of such managerial assistance on our behalf. When doing so, Prospect Administration utilizes personnel of our Investment Adviser. We, on behalf of Prospect Administration, invoice portfolio companies receiving and paying for managerial assistance, and we remit to Prospect Administration its cost of providing such services, including the charges deemed appropriate by our Investment Adviser for providing such managerial assistance. No income is recognized by Prospect.

During the three months ended September 30, 2016 and September 30, 2015, we received payments of \$1,630 and \$1,193, respectively, from our portfolio companies for managerial assistance and subsequently remitted these amounts to Prospect Administration. During the three months ended September 30, 2015, we incurred \$600 of managerial assistance expense related to our consolidated entity First Tower Delaware which was included within allocation from Prospect Administration on our Consolidated Statement of Operations for the three months ended September 30, 2015. See Note 14 for further discussion.

#### Co-Investments

On February 10, 2014, we received an exemptive order from the SEC (the "Order") that gave us the ability to negotiate terms other than price and quantity of co-investment transactions with other funds managed by the Investment Adviser or certain affiliates, including Priority Income Fund, Inc. and Pathway Energy Infrastructure Fund, Inc., subject to the conditions included therein. Under the terms of the relief permitting us to co-invest with other funds managed by our Investment Adviser or its affiliates, a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2)

the transaction is consistent with the interests of our stockholders and is consistent with our investment objective and strategies. In certain situations where co-investment with one or more funds managed by the Investment Adviser or its affiliates is not covered by the Order, such as when there is an opportunity to invest in different securities of the same issuer, the personnel of the Investment Adviser or its affiliates will need to decide which fund will proceed with the investment. Such personnel will make these determinations based on policies and procedures, which are designed to reasonably ensure that investment opportunities are allocated fairly and equitably among affiliated funds over time and in a manner that is consistent with applicable laws, rules and regulations. Moreover, except in certain circumstances, when relying on the Order, we will be unable to invest in any issuer in which one or more funds managed by the Investment Adviser or its affiliates has previously invested.

We reimburse CLO investment valuation service fees initially borne by Priority Income Fund, Inc. During the three months ended September 30, 2016 and 2015, we recognized expenses that were reimbursed for valuation services of \$24 and \$28, respectively.

As of September 30, 2016, we had co-investments with Priority Income Fund, Inc. in the following CLO funds: Apidos CLO XXII, Babson CLO Ltd. 2014-III, Carlyle Global Market Strategies CLO 2016-3, Ltd., Cent CLO 21 Limited, CIFC Funding 2014-IV Investor, Ltd., Galaxy XVII CLO, Ltd., Halcyon Loan Advisors Funding 2014-2 Ltd., Halcyon Loan Advisors Funding 2015-3 Ltd., HarbourView CLO VII, Ltd., Jefferson Mill CLO Ltd., Mountain View CLO IX Ltd., Octagon Investment Partners XVIII, Ltd., Symphony CLO XIV Ltd., Voya IM CLO 2014-1 Ltd., Voya CLO 2016-3, Ltd. and Washington Mill CLO Ltd; however HarbourView CLO VII, Ltd. and Octagon Investment Partners XVIII, Ltd. are not considered co-investments pursuant to the Order as they were purchased on the secondary market.

#### Note 14. Transactions with Controlled Companies

The descriptions below detail the transactions which Prospect Capital Corporation (“Prospect”) has entered into with each of our controlled companies. Certain of the controlled entities discussed below were consolidated effective July 1, 2014 (see Note 1). As such, transactions with these Consolidated Holding Companies for the three months ended September 30, 2015 and September 30, 2016 are presented on a consolidated basis.

##### Airmall Inc.

Prospect owned 100% of the equity of AMU Holdings Inc. (“AMU”), a Consolidated Holding Company. AMU owned 98% of Airmall Inc. (f/k/a Airmall USA Holdings, Inc.) (“Airmall”). Airmall is a developer and manager of airport retail operations.

On August 1, 2014, Prospect sold its investments in Airmall Inc. On March 21, 2016, Prospect received \$1,720 of the escrow proceeds which reduced the cost basis of the escrow receivable held on the balance sheet. On August 2, 2016, Prospect received the remaining escrow proceeds of \$3,916, reducing the cost basis to zero.

##### American Property REIT Corp.

APH Property Holdings, LLC (“APH”) owned 100% of the common equity of American Property REIT Corp. (f/k/a American Property Holdings Corp.) (“APRC”). Effective May 23, 2016, in connection with the merger of APRC and United Property REIT Corp. (“UPRC”) with and into National Property REIT Corp. (f/k/a National Property Holdings Corp.) (“NPRC”), APH and UPH Property Holdings, LLC (“UPH”) merged with and into NPH Property Holdings, LLC (“NPH”). Prospect owns 100% of the equity of NPH, a Consolidated Holding Company, and NPH owns 100% of the common equity of NPRC.

APRC was formed to hold for investment, operate, finance, lease, manage, and sell a portfolio of real estate assets and engage in any and all other activities as may be necessary, incidental or convenient to carry out the foregoing. APRC acquires real estate assets, including, but not limited to, industrial, commercial, and multi-family properties. APRC may acquire real estate assets directly or through joint ventures by making a majority equity investment in a property-owning entity (the “JV”).

On September 9, 2015, Prospect made a \$799 investment in APRC used to purchase additional common equity of APRC through APH. The proceeds were utilized by APRC to purchase additional ownership interest in its twelve multi-family properties for \$799. The minority interest holder also invested an additional \$12 in the JVs. The proceeds were used by the JVs to fund \$811 of capital expenditures.

On December 23, 2015, Prospect made a \$1,469 investment in APRC used to purchase additional common equity of APRC through APH. The proceeds were utilized by APRC to purchase additional ownership interest in its eleven multi-family properties for \$1,468 and pay \$1 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$20 in the JVs. The proceeds were used by the JVs to fund \$1,488 of capital expenditures.

On December 31, 2015, APRC made a partial repayment on the Senior Term Loan of \$9,000 and declared a dividend of \$11,016 that Prospect recorded as dividend income in connection with the sale of the Vista Palma Sola property.

On March 3, 2016, APRC used supplemental proceeds to make a partial repayment on the Senior Term Loan of \$14,621.

On March 28, 2016, APRC used supplemental proceeds to make a partial repayment on the Senior Term Loan of \$3,109.

On April 9, 2016, APRC used supplemental proceeds to make a partial repayment on the Senior Term Loan of \$2,973. Effective May 23, 2016, APRC and UPRC merged with and into NPRC, to consolidate all of our real estate holdings, with NPRC as the surviving entity. APRC and UPRC have been dissolved. No gain or loss was recognized upon the merger.

National Property REIT Corp.

Prospect owns 100% of the equity of NPH Property Holdings, LLC (“NPH”), a Consolidated Holding Company. NPH owns 100% of the common equity of National Property REIT Corp. (f/k/a National Property Holdings Corp.) (“NPRC”). Effective May 23, 2016, in connection with the merger of APRC and United Property REIT Corp. UPRC with and into NPRC, APH and UPH merged with and into NPH.

NPRC is a Maryland corporation and a qualified REIT for federal income tax purposes. In order to qualify as a REIT, NPRC issued 125 shares of Series A Cumulative Non-Voting Preferred Stock to 125 accredited investors. The preferred stockholders are entitled to receive cumulative dividends semi-annually at an annual rate of 12.5% and do not have the ability to participate in the management or operation of NPRC.

NPRC was formed to hold for investment, operate, finance, lease, manage, and sell a portfolio of real estate assets and engage in any and all other activities as may be necessary, incidental or convenient to carry out the foregoing. NPRC acquires real estate assets, including, but not limited to, industrial, commercial, and multi-family properties. NPRC may acquire real estate assets directly or through joint ventures by making a majority equity investment in a property-owning entity (the “JV”). Additionally, through its wholly-owned subsidiaries, NPRC invests in online consumer loans.

On September 9, 2015, Prospect made a \$159 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in its multi-family property for \$159. The minority interest holder also invested an additional \$4 in the JVs. The proceeds were used by the JVs to fund \$163 of capital expenditures.

On November 5, 2015 Prospect made a \$9,017 investment in NPRC used to purchase additional common equity in NPRC through NPH. The proceeds were utilized by NPRC to purchase an 80.0% ownership interest in SSIL I, LLC for \$9,017. The JV was purchased for \$34,500 which included debt financing and minority interest of \$26,450 and \$2,254, respectively. The remaining proceeds were used to pay \$180 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income), \$1,243 of escrows and reserves, \$1,243 of third party expenses, \$42 of legal services provided by attorneys at Prospect Administration, and \$513 of capital expenditures.

On November 12, 2015, NPRC used supplemental debt proceeds obtained by their JVs to make a partial repayment on the Senior Term Loan of 22,098.

On November 19, 2015, Prospect made a \$695 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in its multi-family properties for \$690 and

pay \$5 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$76 in the JVs. The proceeds were used by the JVs to fund \$766 of capital expenditures.

On November 25, 2015, Prospect made a \$323 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in its multi-family properties for \$321 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$19 in the JVs. The proceeds were used by the JVs to fund \$340 of capital expenditures.

On December 23, 2015, Prospect made a \$499 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in its multi-family property for \$499. The minority interest holder also invested an additional \$12 in the JVs. The proceeds were used by the JVs to fund \$511 of capital expenditures.

On December 30, 2015, NPRC used supplemental debt proceeds obtained by its' JVs to make a partial repayment on the Senior Term Loan of 9,821.

On January 20, 2016, NPRC used supplemental proceeds to make a partial repayment on the Senior Term Loan of 6,774.

On February 10, 2016, Prospect made a \$354 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest Carroll Management Group, LLC for \$352. The minority interest holder also invested an additional \$22 in the JVs. The proceeds were used by the JVs to fund \$376 of capital expenditures.

On February 24, 2016, NPRC used supplemental proceeds to make a partial repayment on the Senior Term Loan of 24,579.

On April 19, 2016, Prospect made a \$1,404 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in NPH McDowell, LLC for \$1,402 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$155 in the JVs. The proceeds were used by the JVs to fund \$1,557 of capital expenditures.

Effective May 23, 2016, APRC and UPRC merged with and into NPRC, to consolidate all of our real estate holdings, with NPRC as the surviving entity. APRC and UPRC have been dissolved. No gain or loss was recognized upon the merger.

On July 22, 2016 Prospect made a \$2,700 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in twelve multi-family properties for \$2,698 and pay \$2 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$49 in the JVs. The proceeds were used by the JVs to fund \$2,747 of capital expenditures.

On August 4, 2016, Prospect made a \$393 investment in NPRC used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase additional ownership interest in four multi-family properties for \$392 and pay \$1 of legal services provided by attorneys at Prospect Administration. The minority interest holder also invested an additional \$21 in the JVs. The proceeds were used by the JVs to fund \$413 of capital expenditures.

On September 1, 2016, we made an investment into American Consumer Lending Limited ("ACLL"), a wholly-owned subsidiary of NPRC, under the ACLL credit agreement, for senior secured term loans, Term Loan C, with the same terms as the existing ACLLH Term Loan C due to us.

On September 28, 2016 Prospect made a \$46,381 investment in NPRC, of which \$35,295 was a Senior Term Loan and \$11,086 was used to purchase additional common equity of NPRC through NPH. The proceeds were utilized by NPRC to purchase a 64.2% ownership interest in Vesper Portfolio JV, LLC for \$46,324 and to pay \$57 for tax and legal services provided by professionals at Prospect Administration. The JV was purchased for \$250,000 which included debt financing and minority interest of \$192,382 and \$25,817, respectively. The remaining proceeds were used to pay \$1,060 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income), \$2,131 of third party expenses, \$4,911 of pre-funded capex, and \$5,310 of prepaid assets, with \$1,111 retained by the JV for working capital.

During the three months ended September 30, 2016, we provided \$47,354 and \$8,357 of debt and equity financing, respectively, to NPRC to enable certain of its wholly-owned subsidiaries to invest in online consumer loans.

The proceeds were used by the JV to fund \$3,209 of capital expenditures and pay \$65 of structuring fees to Prospect (which was recognized by Prospect as structuring fee income).

On March 9, 2016, Prospect made a \$777 investment in UPRC used to purchase additional common equity of UPRC through UPH. The proceeds were utilized by UPRC to purchase additional ownership interest in South Atlanta Portfolio Holding Company, LLC for \$775, and pay \$2 of legal services provided by attorneys at Prospect. The minority interest holder also invested an additional \$62 in the JVs. The proceeds were used by the JV to fund \$836 of capital expenditures.

On March 9, 2016, Prospect made a \$1,277 investment in UPRC used to purchase additional common equity of UPRC through UPH. The proceeds were utilized by UPRC to purchase additional ownership interest in Canterbury Green Apartments Holdings, LLC for \$1,277. The minority interest holder also invested an additional \$104 in the JVs. The proceeds were used by the JV to fund \$1,381 of capital expenditures.

On April 6, 2016, UPRC used supplemental proceeds to make a partial repayment on the Senior Term Loan of \$7,567.

Effective May 23, 2016, APRC and UPRC merged with and into NPRC, to consolidate all of our real estate holdings, with NPRC as the surviving entity. APRC and UPRC have been dissolved. No gain or loss was recognized upon the merger.

Wolf Energy, LLC

Prospect owns 100% of the equity of Wolf Energy Holdings Inc. (“Wolf Energy Holdings”), a Consolidated Holding Company. Wolf Energy Holdings owns 100% of each of Appalachian Energy LLC (f/k/a Appalachian Energy Holdings, LLC) (“AEH”); Coalbed, LLC (“Coalbed”); and Wolf Energy, LLC (“Wolf Energy”). AEH owns 100% of C&S Operating, LLC.

Wolf Energy Holdings is a holding company formed to hold 100% of the outstanding membership interests of each of AEH and Coalbed. The membership interests and associated operating company debt of AEH and Coalbed, which were previously owned by Manx Energy, Inc. (“Manx”), were assigned to Wolf Energy Holdings effective June 30, 2012. The purpose of assignment was to remove those activities from Manx deemed non-core by the Manx convertible debt investors who were not interested in funding those operations. On June 30, 2012, AEH and Coalbed loans with a cost basis of \$7,991 were assigned by Prospect to Wolf Energy Holdings from Manx.

The following managerial assistance recognized had not yet been paid by Wolf Energy to Prospect and was included by Prospect within other receivables and due to Prospect Administration:

#### Note 15. Litigation

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of such matters as may arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. We are not aware of any material legal proceedings as of September 30, 2016. Our Investment Adviser and Administrator have been named as defendants in a lawsuit filed on April 21, 2016 by a purported shareholder of Prospect in the United States District Court for the Southern District of New York under the caption Paskowitz v. Prospect Capital Management and Prospect Administration. The complaint alleges that the defendants received purportedly excessive management and administrative services fees from us in violation of Section 36(b) of the 1940 Act. The plaintiff seeks to recover on behalf of us damages in an amount not specified in the complaint. The defendants have informed us that they believe the complaint is without merit and intend to defend themselves vigorously against the plaintiff’s claims.

We believe that the lawsuit is not likely to have a material adverse effect on Prospect. On June 30, 2016, the Investment Adviser and the Administrator filed a motion to dismiss the complaint.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

(All figures in this item are in thousands except share, per share and other data.)

The following discussion should be read in conjunction with our consolidated financial statements and related notes and other financial information appearing elsewhere in this Quarterly Report. In addition to historical information, the following discussion and other parts of this Quarterly Report contain forward-looking information that involves risks and uncertainties. Our actual results may differ significantly from any results expressed or implied by these forward-looking statements due to the factors discussed in Part II, "Item 1A. Risk Factors" and "Forward-Looking Statements" appearing elsewhere herein.

### Overview

The terms "Prospect," "we," "us" and "our" mean Prospect Capital Corporation and its subsidiaries unless the context specifically requires otherwise.

Prospect Capital Corporation is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940 (the "1940 Act"). As a BDC, we have elected to be treated as a regulated investment company ("RIC"), under Subchapter M of the Internal Revenue Code of 1986 (the "Code"). We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004.

On May 15, 2007, we formed a wholly-owned subsidiary Prospect Capital Funding LLC ("PCF"), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the revolving credit facility at PCF. Our wholly-owned subsidiary Prospect Small Business Lending, LLC ("PSBL") was formed on January 27, 2014 and purchases small business whole loans on a recurring basis from online small business loan originators, including On Deck Capital, Inc. ("OnDeck"). On September 30, 2014, we formed a wholly-owned subsidiary Prospect Yield Corporation, LLC ("PYC") and effective October 23, 2014, PYC holds our investments in collateralized loan obligations ("CLOs"). Each of these subsidiaries have been consolidated since operations commenced.

We consolidate certain of our wholly-owned and substantially wholly-owned holding companies formed by us in order to facilitate our investment strategy. The following companies are included in our consolidated financial statements: AMU Holdings Inc.; APH Property Holdings, LLC ("APH"); Arctic Oilfield Equipment USA, Inc.; CCPI Holdings Inc.; CP Holdings of Delaware LLC ("CP Holdings"); Credit Central Holdings of Delaware, LLC; Energy Solutions Holdings Inc.; First Tower Holdings of Delaware LLC; Harbortouch Holdings of Delaware Inc.; MITY Holdings of Delaware Inc.; Nationwide Acceptance Holdings LLC; NMMB Holdings, Inc. ("NMMB Holdings"); NPH Property Holdings, LLC ("NPH"); STI Holding, Inc.; UPH Property Holdings, LLC ("UPH"); Valley Electric Holdings I, Inc.; Valley Electric Holdings II, Inc.; and Wolf Energy Holdings Inc. On October 10, 2014, concurrent with the sale of the operating company, our ownership increased to 100% of the outstanding equity of ARRM Services, Inc. which was renamed SB Forging Company, Inc. ("SB Forging"). As such, we began consolidating SB Forging on October 11, 2014. Effective May 23, 2016, in connection with the merger of American Property REIT Corp. ("APRC") and United Property REIT Corp. ("UPRC") with and into National Property REIT Corp. ("NPRC"), APH and UPH merged with and into NPH, and dissolved. We collectively refer to these entities as the "Consolidated Holding Companies."

We are externally managed by our investment adviser, Prospect Capital Management L.P. ("Prospect Capital Management" or the "Investment Adviser"). Prospect Administration LLC ("Prospect Administration"), a wholly-owned subsidiary of the Investment Adviser, provides administrative services and facilities necessary for us to operate. Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We invest primarily in senior and subordinated debt and equity of private companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We currently have nine origination strategies in which we make investments: (1) lending in private equity sponsored transactions, (2) lending directly to companies not owned by private equity firms, (3) control investments in corporate

operating companies, (4) control investments in financial companies, (5) investments in structured credit, (6) real estate investments, (7) investments in syndicated debt, (8) aircraft leasing and (9) online lending. We continue to evaluate other origination strategies in the ordinary course of business with no specific top-down allocation to any single origination strategy.

**Lending in Private Equity Sponsored Transactions** – We make loans to companies which are controlled by leading private equity firms. This debt can take the form of first lien, second lien, unitranche or unsecured loans. In making these investments, we look for a diversified customer base, recurring demand for the product or service, barriers to entry, strong historical cash flow and experienced management teams. These loans typically have significant equity subordinate to our loan position. Historically, this strategy has comprised approximately 50%-60% of our business, but more recently it is less than 50% of our business.

**Lending Directly to Companies** – We provide debt financing to companies owned by non-private equity firms, the company founder, a management team or a family. Here, in addition to the strengths we look for in a sponsored transaction, we also look for the alignment with the management team with significant invested capital. This strategy often has less competition than the private equity sponsor strategy because such company financing needs are not easily addressed by banks and often require more diligence preparation. Direct lending can result in higher returns and lower leverage than sponsor transactions and may include warrants or equity to us. Historically, this strategy has comprised approximately 5%-15% of our business, but more recently it is less than 5% of our business.

**Control Investments in Corporate Operating Companies** – This strategy involves acquiring controlling stakes in non-financial operating companies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. We provide enhanced certainty of closure to our counterparties, give the seller personal liquidity and generally look for management to continue on in their current roles. This strategy has comprised approximately 10%-15% of our business.

**Control Investments in Financial Companies** – This strategy involves acquiring controlling stakes in financial companies, including consumer direct lending, sub-prime auto lending and other strategies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. These investments are often structured in a tax-efficient RIC-compliant partnership, enhancing returns. This strategy has comprised approximately 5%-15% of our business.

**Investments in Structured Credit** – We make investments in CLOs, generally taking a significant position in the subordinated interests (equity) of the CLOs. The CLOs include a diversified portfolio of broadly syndicated loans and do not have direct exposure to real estate, mortgages, debt or consumer based debt. The CLOs in which we invest are managed by top-tier collateral managers that have been thoroughly diligenced prior to investment. This strategy has comprised approximately 10%-20% of our business.

**Real Estate Investments** – We make investments in real estate through our wholly-owned tax-efficient real estate investment trust (“REIT”) NPRC, the surviving entity of the May 23, 2016 merger with APRC and UPRC. Our real estate investments are in various classes of fully developed and occupied real estate properties that generate current yields. We seek to identify properties that have historically high occupancy and steady cash flow generation. NPRC co-invests with established and experienced property managers that manage such properties after acquisition. This investment strategy has comprised approximately 5%-10% of our business.

**Investments in Syndicated Debt** – On an opportunistic basis, we make investments in loans and high yield bonds that have been sold to a syndicate of buyers. Here we look for investments with attractive risk-adjusted returns after we have completed a fundamental credit analysis. These investments are purchased with a long term, buy-and-hold outlook and we look to provide significant structuring input by providing anchoring orders. This strategy has comprised approximately 5%-10% of our business.

**Aircraft Leasing** – We invest in debt as well as equity in aircraft assets subject to commercial leases to credit-worthy airlines across the globe. These investments present attractive return opportunities due to cash flow consistency from long-lived assets coupled with hard asset collateral. We seek to deliver risk-adjusted returns with strong downside protection by analyzing relative value characteristics across the spectrum of aircraft types of all vintages. Our target portfolio includes both in-production and out-of-production jet and turboprop aircraft and engines, operated by airlines across the globe. This strategy comprised approximately 1% of our business.

**Online Lending** – We make investments in loans originated by certain consumer loan and small and medium sized business (“SME”) loan facilitators. We purchase each loan in its entirety (i.e., a “whole loan”). The borrowers are consumers and SMEs. The loans are typically serviced by the facilitators of the loans. This investment strategy has comprised approximately 4%-8% of our business.

We invest primarily in first and second lien secured loans and unsecured debt, which in some cases includes an equity component. First and second lien secured loans generally are senior debt instruments that rank ahead of unsecured debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Our investments in CLOs are subordinated to senior loans and are generally unsecured. We invest in debt and equity positions of CLOs which are a form of securitization in which the cash flows of a portfolio of loans are pooled and passed on to different classes of owners in various tranches. Our CLO investments are derived from portfolios of corporate debt securities which are generally risk rated from BB to B.

We hold many of our control investments in a two-tier structure consisting of a holding company and one or more related operating companies for tax purposes. These holding companies serve various business purposes including concentration of management teams, optimization of third party borrowing costs, improvement of supplier, customer, and insurance terms, and enhancement of co-investments by the management teams. In these cases, our investment, which is generally equity in the holding company, the holding company's equity investment in the operating company and any debt from us directly to the operating company structure represents our total exposure for the investment. As of September 30, 2016, as shown in our Consolidated Schedule of Investments, the cost basis and fair value of our investments in controlled companies was \$1,870,228 and \$1,867,823, respectively. This structure gives rise to several of the risks described in our public documents and highlighted elsewhere in this Quarterly Report. We consolidate all wholly-owned and substantially wholly-owned holding companies formed by us for the purpose of holding our controlled investments in operating companies. There is no significant effect of consolidating these holding companies as they hold minimal assets other than their investments in the controlled operating companies. Investment company accounting prohibits the consolidation of any operating companies.

#### First Quarter Highlights

##### Investment Transactions

We seek to be a long-term investor with our portfolio companies. During the three months ended September 30, 2016, we acquired \$140,823 of new investments, completed follow-on investments in existing portfolio companies totaling approximately \$197,888, funded \$3,000 of revolver advances, and recorded paid in kind ("PIK") interest of \$5,439, resulting in gross investment originations of \$347,150. During the three months ended September 30, 2016, we received full repayments on two investments, sold three investments, and received several partial prepayments and amortization payments totaling \$114,331, which resulted in net realized gains totaling \$714. The more significant of these transactions are discussed in "Portfolio Investment Activity."

##### Debt Issuances and Redemptions

During the three months ended September 30, 2016, we issued \$38,917 aggregate principal amount of Prospect Capital InterNotes® for net proceeds of \$38,435. These notes were issued with stated interest rates ranging from 5.00% to 5.50% with a weighted average interest rate of 5.42%. These notes mature between July 15, 2021 and September 15, 2021.

During the three months ended September 30, 2016, we repaid \$1,979 aggregate principal amount of Prospect Capital InterNotes® at par in accordance with the Survivor's Option, as defined in the InterNotes® Offering prospectus. As a result of these transactions, we recorded a loss in the amount of the difference between the reacquisition price and the net carrying amount of the notes, net of the proportionate amount of unamortized debt issuance costs. The net loss on the extinguishment of Prospect Capital InterNotes® in the three months ended September 30, 2016 was \$61.

We repaid the outstanding principal amount of \$167,500, plus interest, on the convertible notes that matured on August 15, 2016. No gain or loss was realized on the transaction.

On June 16, 2016, we entered into an at-the-market program with FBR Capital Markets & Co. through which we could sell, by means of at-the-market offerings, from time to time, up to \$100,000 in aggregate principal amount of our existing unsecured notes that mature on June 15, 2024 ("2024 Notes Follow-on Program"). During the three months ended September 30, 2016, we issued \$37,901 in aggregate principal amount of our 2024 Notes Follow-on Program for net proceeds of \$37,425 after commissions and offering costs.

##### Equity Issuances

On July 21, 2016, August 18, 2016, and September 22, 2016, we issued 307,564, 310,101, and 317,262 shares of our common stock in connection with the dividend reinvestment plan, respectively.

### “Spin-Offs” of Certain Business Strategies

We previously announced that we intend to unlock value by “spinning off” three “pure play” business strategies - our consumer online lending business, real estate business and structured credit business - to our shareholders in conjunction with rights offering capital raises in which existing Prospect shareholders could elect to participate in each offering or sell their rights. The goals of these “spin-offs” include leverage and earnings neutrality for Prospect. Our primary objective is to maximize the valuation of each offering (declining to proceed with any offering if we find any valuation not to be attractive). The size and likelihood of each of these dispositions, some of which are expected to be partial rather than complete spin-offs, remain to be determined, but we currently expect the collective size of these three dispositions, if any, to be 10% or less of our asset base. Any such dispositions cannot occur unless and until our application for exemptive relief is granted by the SEC. Should the SEC not grant our application for exemptive relief, these dispositions will not occur as initially planned. The consummation of any of the dispositions also depends upon, among other things: market conditions, regulatory and exchange listing approval, and sufficient investor demand. There can be no assurance that we will consummate any of these dispositions.

### Investment Holdings

As of September 30, 2016, we continue to pursue our investment strategy. At September 30, 2016, approximately \$6,109,596, or 177.8%, of our net assets are invested in 123 long-term portfolio investments and CLOs.

During the three months ended September 30, 2016, we originated \$347,150 of new investments, primarily composed of \$158,910 of debt and equity financing to non-controlled portfolio investments, \$119,180 of debt and equity financing to controlled investments, and \$69,060 of subordinated notes in CLOs. Our origination efforts are focused primarily on secured lending to non-control investments to reduce the risk in the portfolio by investing primarily in first lien loans, though we also continue to close select junior debt and equity investments. Our annualized current yield was 13.2% and 12.8% as of June 30, 2016 and September 30, 2016, respectively, across all performing interest bearing investments. The decrease in our current yield is primarily due to increased default rates in the underlying collateral of our CLO investment portfolio. Monetization of equity positions that we hold and loans on non-accrual status are not included in this yield calculation. In many of our portfolio companies we hold equity positions, ranging from minority interests to majority stakes, which we expect over time to contribute to our investment returns. Some of these equity positions include features such as contractual minimum internal rates of returns, preferred distributions, flip structures and other features expected to generate additional investment returns, as well as contractual protections and preferences over junior equity, in addition to the yield and security offered by our cash flow and collateral debt protections.

We are a non-diversified company within the meaning of the 1940 Act. As required by the 1940 Act, we classify our investments by level of control. As defined in the 1940 Act, “Control Investments” are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Under the 1940 Act, “Affiliate Investments” are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person. “Non-Control/Non-Affiliate Investments” are those that are neither Control Investments nor Affiliate Investments.

As of September 30, 2016, we own controlling interests in the following portfolio companies: Arctic Energy Services, LLC (“Arctic Energy”); CCPI Inc. (“CCPI”); CP Energy Services Inc. (“CP Energy”); Credit Central Loan Company, LLC (“Credit Central”); Echelon Aviation LLC (“Echelon”); Edmentum Ultimate Holdings, LLC; First Tower Finance Company LLC (“First Tower Finance”); Freedom Marine Solutions, LLC (“Freedom Marine”); Gulf Coast Machine & Supply Company (“Gulf Coast”); MITY, Inc.; NPRC; Nationwide Loan Company LLC (f/k/a Nationwide Acceptance LLC) (“Nationwide”); NMMB, Inc. (“NMMB”); R-V Industries, Inc.; USES Corp. (“USES”); Valley Electric Company, Inc. (“Valley Electric”); and Wolf Energy, LLC. We also own an affiliated interest in Targus International, LLC (“Targus”).
