Item 4.02**Non-Reliance on Previously Issued Financial Statements.**

On December 8, 2006 the Chief Executive Officer and Chief Financial Officer of Advanced Battery concluded that the financial statements included in Advanced Battery's Quarterly Reports on Forms 10-QSB for the periods ending March 31, 2006, June 30, 2006 and September 30, 2006 should no longer be relied upon. The officers concluded that the accounting in those statements for the acquisition in January 2006 of a 30% interest in ZQ Power-Tech was erroneous.

In January 2006 Advanced Battery acquired 30% of ZQ Power-Tech from Zhiguo Fu, the Chairman of Advanced Battery, in exchange for 11.4 million common shares. Prior to that date, Advanced Battery had acquired the other 70% of ZQ Power-Tech. The acquisition of the minority interest was accounted for in the 2006 10-QSBs at book value, consistent with accounting for entities under common control. Upon further review of SFAS 141, management determined that this transaction should have been accounted for using the purchase method instead.

Advanced Battery will file amendments to the three Quarterly Reports in the near future, restating the financial statements to properly account for the acquisition. The impact that the restatements will have on the financial statements on is shown in the following tables.
