Item 2.05 Costs Associated with Exit or Disposal Activities.

On January 29, 2008, Neose Technologies, Inc. (the "Company") announced the discontinuation of further development of NE-180, the Company's product candidate intended for the treatment of anemia in patients with chronic kidney disease and cancer patients receiving chemotherapy. The decision to discontinue development was not due to any safety or efficacy concerns about NE-180.

In connection with the discontinuation of further development of NE-180, the Company will reduce its staff by approximately 35%, which includes the departure of Debra J. Poul, the Company's senior vice president and general counsel.

On January 28, 2008, the Board of Directors authorized management, in its discretion, to implement the program discontinuation and workforce reduction. Management decided on January 29, 2008 to implement the program discontinuation and workforce reduction.

The Company estimates that it will pay cash severance benefits of approximately \$0.9 million in connection with the workforce reduction, most of which will be paid in the first quarter of 2008. The Company does not expect to incur any material contract termination charges, and has not yet determined if it will incur any non-cash impairment charges in connection with the program discontinuation.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

The discussion above under Item 2.05 is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.

The attached Exhibit Index is incorporated herein by reference.

“Safe Harbor” Statement under the Private Securities Litigation Reform Act of 1995: Statements in this Current Report on Form 8-K regarding the Company's business that are not historical facts, including statements regarding our NE-180 program discontinuation and workforce reduction and their financial impact, and the timing and amount of termination and impairment charges that we expect to incur in connection with this program discontinuation and workforce reduction, are “forward-looking statements” that involve risks and uncertainties. For a discussion of these risks and uncertainties, any of which could cause the Company's actual results to differ from those contained in the forward-looking statement, see the sections entitled “Risk Factors” and “Special Note Regarding Forward-Looking Statements” in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 and discussions of potential risks and uncertainties in the Company's subsequent filings with the SEC.
