Item 8.01 Other Events.

On January 14, 2009, InterDigital, Inc.'s wholly-owned subsidiary InterDigital Communications, LLC and patent licensing subsidiaries (collectively, "InterDigital") entered into a patent license agreement (the "agreement") with Samsung Electronics Co., Ltd. ("Samsung") covering Samsung's affiliates, including Samsung Electronics America, Inc. The agreement supersedes the terms of the binding term sheet signed in November 2008 by such parties and provides for the termination of the 1996 patent license agreement between Samsung and one of InterDigital, Inc.'s patent licensing subsidiaries. Under the terms of the agreement, Samsung has agreed to pay InterDigital \$400 million in four equal installments over an 18-month period to resolve the outstanding arbitration disputes involving Samsung's sale of 2G products, as well as the patent disputes over Samsung's sales of 3G products. Subject to the receipt of Samsung's first payment due first quarter 2009, the parties will move to end all litigation and arbitration proceedings ongoing between them.

Under the terms of the agreement, InterDigital has agreed to grant Samsung a royalty-bearing license covering Samsung's sale of 3G products (including products built under both the WCDMA and cdma2000 standards and certain of their related extensions) through 2012 and a license covering Samsung's sale of 2G single-mode TDMA-based products that will become paid-up in 2010.

InterDigital, Inc. anticipates recognizing revenue associated with the agreement ratably from January 14, 2009 through the expiration of the agreement on December 31, 2012.

This report contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, regarding current beliefs, plans and expectations as to the compliance by InterDigital and Samsung with respect to the agreement and the accounting treatment of the revenue associated with the agreement. Words such as "will," "anticipates" or similar expressions are intended to identify such forward-looking statements. Forward-looking statements are subject to risks and uncertainties. Actual outcomes could differ materially from those expressed in or anticipated by such forward-looking statements due to a variety of factors, including, but not limited to: (i) the failure of any party to observe the covenants under the agreement for any reason, (ii) the failure of Samsung to make any agreed upon payment in the time and manner specified in the agreement, and (iii) changes to generally accepted accounting principles and/or InterDigital, Inc.'s existing accounting policies. InterDigital, Inc. undertakes no obligation to revise or update publicly any forward-looking statement for any reason, except as otherwise required by law.
