Item 1.02 Termination of a Material Definitive Agreement.

The information contained in Item 2.05 regarding the repayment in full by NephroGenex, Inc. (the “Company”) of its outstanding secured loan obligation to East West Bank is incorporated herein by reference. As a result of the repayment, the loan obligation was terminated.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On February 22, 2016, the Board of Directors of the Company approved a restructuring plan involving reductions in headcount as part of a plan to reduce operating costs. The positions eliminated together represent approximately 50% of the Company’s workforce.

The Company expects to substantially complete the restructuring efforts relating to the headcount reductions in, and related charges will be incurred through, the second quarter of 2016. The Company estimates that it will incur restructuring charges in connection with the current reduction in headcount consisting of cash expenses for one-time termination benefits of between \$150,000 and \$250,000.

As a part of the restructuring plan, the Company also announced that it will pause the clinical program for its product candidate oral Pyridorin® for the treatment of diabetic nephropathy. The Company expects to incur additional restructuring charges in connection with the pausing of its clinical trials as further steps are determined.

The Company also announced the repayment in full of its outstanding secured loan obligation to East West Bank, in the approximate amount of \$6.3 million which includes an end of term fee of \$60,000. In connection with this repayment, the Loan and Security Agreement with East West Bank was terminated on February 23, 2016.

The Company is currently evaluating strategic alternatives, including a potential reverse merger transaction. MTS Health Partners, L.P., with whom the Company has been working, will assist the Company in evaluating these alternatives. Since these efforts may not be successful, in light of its limited cash reserves, the Company is considering all possible alternatives, including further restructuring activities, wind-down of operations and bankruptcy proceedings.

Item 8.01 Other Events

On February 24, 2016, the Company issued a press release providing the corporate update referenced above. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.
