Form 10-Q  
May 09, 2018  
UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, D.C. 20549

FORM 10-Q

(Mark One)

Quarterly report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended March 31, 2018

or

Transition report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number: 001-33304

FINJAN HOLDINGS, INC.  
(Exact name of registrant as specified in its  
charter)

Delaware 20-4075963  
(State or other jurisdiction of (I.R.S. Employer  
incorporation or organization) Identification No.)

2000 University Ave., Suite 600  
East Palo Alto, CA 94303  
(Address, including zip code, and telephone  
number, including area code, of registrant's  
principal executive offices)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer", "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer   
Non-accelerated filer  (Do not check if a smaller reporting company) Smaller reporting company   
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided

pursuant to Section 13(a) of the Exchange Act. "

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes " No ý

As of May 2, 2018, 27,732,328 shares of the registrant's common stock, par value \$0.0001 per share, were outstanding.

FINJAN HOLDINGS, INC.  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

Finjan Holdings, Inc. (the “Company” or “Finjan Holdings”), a Delaware corporation, and its wholly owned subsidiaries, Finjan, Finjan Blue, Finjan Mobile and CybeRisk operates a cybersecurity business focused in four business lines: intellectual property licensing and enforcement, advisory services, mobile security application development and investing in cybersecurity technologies and intellectual property. Revenues and operations from the Company’s Finjan Mobile security business and the Company’s CybeRisk advisory services were immaterial to the condensed consolidated financial statements for the three months ended March 31, 2018 and 2017. Licensing and enforcement of the Company’s cybersecurity patent portfolio is operated, through its wholly-owned subsidiary Finjan, Inc. The Company’s common stock has been trading on the NASDAQ Capital Market (“NASDAQ”) since May 2014.

BASIS OF PRESENTATION

These unaudited condensed consolidated financial statements have been prepared following the requirements of the Securities and Exchange Commission (“SEC”), for interim reporting. As permitted under those rules, certain footnotes and other financial information that are normally required by accounting principles generally accepted in the United States of America (“U.S. GAAP”) can be condensed or omitted. The condensed consolidated balance sheet for the year ended December 31, 2017 was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP. The information included in this quarterly report on Form 10-Q should be read in conjunction with the consolidated financial statements and notes thereto of the Company for the year ended December 31, 2017 which were included in the annual report on Form 10-K filed by the Company on March 14, 2018.

In the opinion of management, these condensed consolidated financial statements have been prepared on the same basis as the annual consolidated financial statements and notes thereto of the Company and include all adjustments, consisting only of normal recurring adjustments, considered necessary for the fair presentation of the Company’s financial position and operating results. The results for the three months ended March 31, 2018 are not necessarily indicative of the operating results for the year ending December 31, 2018, or any other interim or future periods.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, the Company evaluates its estimates, including those related to stock-based compensation, investments, the determination of the economic useful life of property and equipment, income taxes and valuation allowances against net deferred tax assets. Management bases its estimates on historical experience or on various other assumptions that it believes to be reasonable under the circumstances. Actual results could differ from those estimates.

PRINCIPLES OF CONSOLIDATION

The condensed consolidated financial statements include the accounts of Finjan Holdings and its wholly-owned subsidiaries. All intercompany transactions and balances have been eliminated in consolidation.

## REVENUE RECOGNITION

Under ASC Topic 605, revenue was recognized when persuasive evidence of an arrangement exists, delivery of the product or service has occurred, all obligations have been performed pursuant to the terms of the agreement, the sales price is fixed or determinable, and collectability is reasonably assured.

Revenue from the Company's cybersecurity business results from grants of licenses to its patented cybersecurity technology and settlements reached from legal enforcement of the Company's patent rights. Revenue is recognized when the arrangement with the licensee has been signed and the license has been delivered and made effective, provided the license fees are fixed or determinable and collectability is reasonably assured.

## Table of Contents

The total amount of the consideration received upon any settlement or judgment is allocated to each element based on the fair value of each element. Elements provided in either settlement agreements or judgments include, the value of a license, legal release and interest. Fair value of licensing agreements and royalty revenues, are recognized as revenues in the condensed consolidated statement of operations. Elements not related to license agreements and royalty revenue in nature will be reflected in other income (expense), net in the condensed consolidated statements of operations. Legal release as part of a settlement agreement is recognized as a separate line item in the condensed consolidated statements of operations when value can be allocated to the legal release. When the Company reaches a settlement with a defendant, no value is allocated to the legal release since the existence of a settlement removes legal standing to bring a claim of infringement, and without a legal claim, the legal release has no economic value. The element that is applicable to interest income will be recorded in other income (expense), net.

When settlements or judgments are achieved at discounts to the fair value of a license, the Company allocates the full settlement or judgment, excluding specifically named elements as mentioned above, to the value of the license agreement or royalty revenue under the residual method relative to full license fair value prior to the discount.

The Company adopted guidance ASC 606 effective January 1, 2018. For further details, see below "Recently adopted accounting pronouncements"

## CONCENTRATIONS OF CREDIT RISK

The Company maintains substantially all of its cash and cash equivalents in financial institutions located in the United States. At times, the Company's cash and cash equivalent balances may be uninsured or in deposit accounts that exceed the Federal Deposit Insurance Corporation insurance limits. The Company has not experienced any losses in such accounts. As of March 31, 2018, and December 31, 2017, substantially all of the Company's cash and cash equivalents are uninsured.

## ACCOUNTING FOR WARRANTS

The Company classifies as equity any contracts that (i) require physical settlement or net-share settlement or (ii) gives the Company a choice of net-cash settlement or settlement in its own shares (physical settlement or net-share settlement). The Company classifies as assets or liabilities any contracts that (i) require net-cash settlement (including a requirement to net-cash settle the contract if an event occurs and if that event is outside the control of the Company) or (ii) gives the counterparty a choice of net-cash settlement or settlement in shares (physical settlement or net-share settlement).

## DERIVATIVE LIABILITIES

In connection with the issuance of Series A-1 Preferred Stock, the Company issued a warrant with variable consideration. The Company determined that this instrument is an embedded derivative pursuant to ASC 815, "Derivatives and Hedging."

The accounting treatment of derivative financial instruments requires that the Company record the warrant, at its fair value as of the inception date of the agreement and at fair value as of each subsequent balance sheet date. Any change in fair value is recorded as a change in the fair value of derivative liabilities for each reporting period at each balance sheet date. The Company reassesses the classification at each balance sheet date. If the classification changes as a result of events during the period, the contract is reclassified as of the date of the event that caused the reclassification.

The Monte Carlo Valuation model is used to estimate the fair value of the warrant. The model was developed for use in estimating the fair value of traded options or warrants. The expected volatility is estimated based on the most recent

historical period of time equal to the weighted average life of the instrument granted.

The risk-free interest rate used is the United States Treasury rate for the day of the grant having a term equal to the life of the equity instrument. The volatility is a measure of the amount by which the Company's share price has fluctuated or is expected to fluctuate. The dividend yield is zero percent as the Company has not made any dividend payment. The Company determines the expected term of its warrant awards by using the contractual term.

Table of Contents

The principal assumptions used in applying the model were as follows:

Assumptions:	For Three Ended March 31, 2018
Risk-free interest rate	2.3%
Expected life	2.5 Years
Expected volatility	65%
Dividends	0.0%

## NET INCOME PER COMMON SHARE

Basic net income per common share is based upon the weighted-average number of common shares outstanding. Diluted net income per common share is based on the weighted-average number of common shares outstanding and potentially dilutive common shares outstanding and computed as follows:

	Three Months Ended March 31, 2018    2017 (In thousands, except share and per share data)	
Numerator:		
Net income to common stockholders	\$28,293	\$ 15,950
Denominator:		
Weighted-average common shares, basic	27,719,688	28,133,370
Weighted-average common shares, diluted*	30,284,173	33,216,528
Net income (loss) per common share:		
Basic:	\$1.02	\$ 0.69
Diluted:	\$0.93	\$ 0.69

\* The diluted earnings per common share included 626,212 unvested RSU's and the weighted average effect of 1,938,274 stock options that are potentially dilutive to earnings per share for the three months ended March 31, 2018, since the exercise price of such securities was less than the average market price during the period. For the three months ended March 31, 2017 the diluted earnings per common share included the effect of nil RSU's and the weighted average effect of 572,501 stock options that were potentially dilutive to earnings per share, since the exercise price of such options was less than the average market price during the period.

Potentially dilutive common shares from employee equity plans are determined by applying the treasury stock method to the assumed exercise of warrants and share options and were excluded from the computation of diluted net income (loss) per share because their inclusion would be anti-dilutive and consist of the following:

	March 31, 2018    2017	
Stock options	2,718,007	1,762,347
Restricted Stock Units	626,212	348,772

Warrants	2,355,506	—
Total	5,699,725	2,111,119

INCOME TAXES

The Company accounts for income taxes pursuant to the asset and liability method which requires deferred income tax assets and liabilities to be computed annually for temporary differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax

Table of Contents

assets to the amount expected to be realized. The income tax expense or benefit is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

## RECENT ACCOUNTING PRONOUNCEMENTS

## Recently adopted accounting pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers (Topic 606). This ASU is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. In August 2015, FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, which deferred the effective date of ASU 2014-09 to reporting periods beginning after December 15, 2017, with early adoption permitted for reporting periods beginning after December 15, 2016. Subsequently, FASB issued ASUs in 2016 containing implementation guidance related to ASU 2014-09, including: ASU 2016-08, Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net), which is intended to improve the operability and understandability of the implementation guidance on principal versus agent considerations; ASU 2016-10, Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing, which is intended to clarify two aspects of Topic 606: identifying performance obligations and the licensing implementation guidance; and ASU 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients, which contains certain practical expedients in response to identified implementation issues. The Company elected to adopt ASC 606 under Modified Retrospective approach. Under the Modified Retrospective approach, only contracts with customers for which there were remaining unsatisfied performance obligations (open contracts) at the beginning of initial year of adoption must be restated to apply retrospectively the guidance under ASC 606. Any resulting impact for such contracts prior to the beginning of the initial year of adoption are made as an adjustment to opening retained earnings for such year.

On January 1, 2018, the Company adopted ASC 606 using the modified retrospective method. This method required retrospective application of the new accounting standard to those contracts which were not completed as of January 1, 2018. Results for the reporting periods beginning after January 1, 2018 are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting under Topic 605.

The change to the current revenue policy is the timing of revenue recognition. Under the guidance ASC 605, the Company recognized revenue upon receipt of funds related to an executed agreement or funds which were received within 90 days of receipt. Under the guidance ASC 606, all revenue is recognized upon execution of the agreement, including any future dated payments, which often spread over several quarters or years.

The Company recorded \$2.6 million to opening retained earnings of \$5.6 million as of January 1, 2018 due to the cumulative impact of adopting Topic 606, with the impact primarily related to existing contracts that had 2019 payment dates.

The cumulative effect of the changes made to our condensed consolidated balance sheet as of January 1, 2018 under current assets for the adoption ASU 2014-09, Revenue - Revenue from Contracts with Customers were as follows (in thousands):

	Balance at Adjustments December 31, 2017	Balance at January 1, 2018
Balance Sheet	2014-09	

Current Assets

Accounts Receivable	\$ 2,606	\$ 2,550	\$ 5,156
---------------------	----------	----------	----------

Liabilities and Stockholders' Equity

Retained earnings	\$ 5,555	\$ 2,550	\$ 8,105
-------------------	----------	----------	----------

In accordance with the new revenue recognition standards, there was no impact of adoption of ASC 606 to our condensed consolidated statement of operations for the three months ended March 31, 2018 and the impact to the condensed consolidated balance sheet was \$2.55 million as of March 31, 2018. The impact of \$2.55 million is comprised of two existing agreements with 2019 payment dates. See Note 4, License, Settlement and Release Agreement for further detail.

Table of Contents

The Company also adopted the following standards in the first quarter of 2018, none of which had a material impact on the Company's condensed consolidated financial statements:

Standard	Description	Effective date
2016-09	Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting	January 1, 2018
2016-15	Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments	January 1, 2018

Recently issued accounting pronouncements not yet adopted

In February 2016, FASB issued ASU No. 2016-02 "Leases" that requires a lessee to recognize the assets and liabilities that arise from operating leases. A lessee should recognize in the statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. The new guidance is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. The Company is currently evaluating the effect of the standard on its condensed consolidated financial statements and related disclosures.

In July 2017, the FASB issued ASU 2017-11, "Earnings Per Share (Topic 260), Distinguishing Liabilities from Equity (Topic 480) and Derivatives and Hedging (Topic 815): I. Accounting for Certain Financial Instruments with Down Round Features; II. Replacement of the Indefinite Deferral for Mandatorily Redeemable Financial Instruments of Certain Nonpublic Entities and Certain Mandatorily Redeemable Noncontrolling Interests with a Scope Exception". Part I of this update addresses the complexity of accounting for certain financial instruments with down round features. Down round features are features of certain equity-linked instruments (or embedded features) that result in the strike price being reduced on the basis of the pricing of future equity offerings. Current accounting guidance creates cost and complexity for entities that issue financial instruments (such as warrants and convertible instruments) with down round features that require fair value measurement of the entire instrument or conversion option. Part II of this update addresses the difficulty of navigating Topic 480, Distinguishing Liabilities from Equity, because of the existence of extensive pending content in the FASB Accounting Standards Codification. This pending content is the result of the indefinite deferral of accounting requirements about mandatorily redeemable financial instruments of certain nonpublic entities and certain mandatorily redeemable noncontrolling interests. The amendments in Part II of this update do not have an accounting effect. This ASU is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018. Early adoption is permitted. The Company is currently evaluating the effect of the standard on its condensed consolidated financial statements and related disclosures.

Other recent accounting standards that have been issued or proposed by FASB or other standards-setting bodies that do not require adoption until a future date are not expected to have a material impact on the Company's condensed consolidated financial statements upon adoption.

## NOTE 2 – COMMITMENTS AND CONTINGENCIES

### Operating Leases

The Company's aggregate future minimum payments under its operating lease commitments as of March 31, 2018 is \$0.3 million.

The Company accounts for its leases under the straight-line method of accounting. Deferred rent payable was \$21,000 and \$36,000 as of March 31, 2018 and December 31, 2017, respectively, and is included in non current liabilities on

the condensed consolidated balance sheets.

Rent expense was \$140,000 and \$194,000 for the three months ended March 31, 2018 and 2017, respectively.

Rental income was \$42,000 and \$89,000 for the three months ended March 31, 2018 and 2017, respectively.

Sublease income is recorded as a reduction in rental expense. Future minimum lease payments to be received under the sublease agreement as of March 31, 2018 is \$0.1 million.

## Table of Contents

### Capital Commitments

On November 21, 2013, the Company made a \$5.0 million commitment to invest in JVP VII Cyber Strategic Partners, L.P. (the “JVP Fund”), an Israel-based limited partnership venture capital fund seeking to invest in early-stage cyber technology companies. If and when the Company funds the entire amount of the investment, it will be less than a 10% limited partnership interest in which the Company will not be able to exercise control over the fund. Accordingly, the Company has accounted for this investment under the cost method of accounting.

Following a cash call on February 23, 2018 of \$0.5 million, the Company has a \$2.2 million outstanding capital commitment to the venture capital fund as of March 31, 2018, which can be called any time.

### Contractual Commitments

#### Finjan Mobile

On April 21, 2017, the Company and Finjan Mobile, a wholly-owned subsidiary of the Company, entered into a Confidential Avira VPN Platform Distribution Agreement (the “Distribution Agreement”) with Avira, Inc., a Delaware corporation (“Avira”). Pursuant to the Distribution Agreement, Avira will provide its Virtual Private Network (“VPN”) platform and technical support (“VPN Platform”) to Finjan Mobile, and Finjan Mobile will utilize the VPN Platform as part of its Vital Security™ suite of product offerings. Avira also granted Finjan Mobile related license rights in connection with the Distribution Agreement and starting July 1, 2017, Finjan Mobile will pay Avira \$3.9 million in fees under the Distribution Agreement, payable in 12 quarterly installments of \$325,000 over the next 3 years. The Company has analyzed the terms of the agreement and has accounted for the transaction as a service agreement, to be expensed over the service period. As of March 31, 2018, the Company has a \$2.9 million contractual obligation due over the next 9 quarters.

#### Finjan Blue

The Company and Finjan Blue entered into a Patent Assignment and Support Agreement (the “Patent Assignment Agreement”) with IBM effective as of August 24, 2017. Pursuant to the Patent Assignment Agreement, Finjan Blue acquired select IBM patents in the security sector (the “IBM Security Patents”) in exchange for \$8.5 million cash, payable as follows: (i) \$2.0 million upon execution of the Patent Assignment Agreement and (ii) \$6.5 million over the subsequent four years.

The IBM Security Patents have been recorded at their present value of \$7.0 million in the first quarter of 2018, recognizing a present value adjustment of \$1.4 million. Accretion related to the present value and amortization expense is recognized over the expected useful life. Accretion and Amortization impact to the income statement was \$0.4 and \$0.3 million during the quarter ended March 31, 2018, respectively. There were no similar expenses for the three months ended March 31, 2017.

In accordance with ASC 350-30-35-2 through 35-4, Intangibles-Goodwill and Other, the Company determined that the useful life of the patents acquired under the Patent Assignment and Support Agreement should be amortized is the four year term of the agreement. These costs are pre-revenue and charged to selling, general and administrative expenses accordingly.

IBM will support Finjan Blue in its development and licensing of the IBM Security Patents and provide assistance for such efforts as needed for the term of the Agreement and Finjan Blue will reimburse IBM for reasonable time and out of pocket costs for such assistance, however IBM will not receive further proceeds from such efforts. IBM does have reservation of rights with respect to the IBM Security Patents for its current licensees and open source initiatives.

NOTE 3 - ACCRUED EXPENSES & WARRANT LIABILITY

Accrued Expenses

The components of accrued expenses are as below:

	March 31, 2018	December 31, 2017
	(in thousands)	
Legal - Litigation / Licensing	\$650	\$ —
Compensation	2,452	1,233

## Warrant Liability

A summary of the Company's Level 3 derivative liabilities for the three months ended March 31, 2018 is as follow (in thousands):

Balance, December 31, 2017	1,096
Fair value change of derivative liabilities	2,106
Balance, March 31, 2018	\$3,202

## NOTE 4 - LICENSE, SETTLEMENT AND RELEASE AGREEMENT

Effective as of February 28, 2018 (“Effective Date”) Finjan Holdings, Inc. and its subsidiaries, including its wholly-owned subsidiary, Finjan (collectively, the “Finjan Parties”), entered into a Confidential Patent License and Settlement Agreement (the “Symantec License and Settlement Agreement”) with Symantec and its subsidiary, Blue Coat Systems, LLC (collectively, the “Symantec Parties”). Pursuant to the Symantec License and Settlement Agreement, the parties resolved and settled all claims between them. As part of the settlement, the Symantec Parties obtained a license to, among others, the Finjan patents and agreed to pay the Finjan Parties \$65.0 million in cash within twenty (20) days of the Effective Date of the Symantec License and Settlement Agreement, which Finjan received March 19, 2018. The Company recognized \$65.0 million as revenues as of March 31, 2018, in accordance with the Company’s revenue recognition policy as described in Note 1. Further, if Symantec acquires certain entities within four years from the Effective Date, the Symantec Parties will pay additional license fees of up to \$45.0 million to the Finjan Parties, unless otherwise mutually agreed to by the Company and Symantec. The remaining terms of the Symantec License and Settlement Agreement are confidential.

On April 21, 2017, the Company entered into a Confidential Patent License Agreement (the “April 2017 Agreement”) with a European corporation (“EU Licensee”). Pursuant to the April 2017 Agreement, EU Licensee will obtain a license to our patent portfolio and will pay Finjan \$4.9 million cash, in license fees, paid as follows: (i) \$2.3 million to be paid within 10 days after the effective date of the April 2017 Agreement, (ii) \$1.3 million on or before January 31, 2018, which was paid on February 1, 2018 and (iii) \$1.3 million on or before January 31, 2019. The Company recognized \$2.3 million of the \$4.9 million license as revenues as of June 30, 2017, in accordance with the Company’s revenue recognition policy as described in Note 1. The second installment of \$1.3 million was received on February 1, 2018 and recognized as revenues as of December 31, 2017, in accordance with the Company’s revenue recognition policy as described in Note 1. The final payment of \$1.3 million is due on or before January 31, 2019 and is included in accumulated adjustments on January 1, 2018, as further described in Note 1, recently adopted accounting pronouncements.

Such license does not grant EU Licensee any right to transfer, sublicense or grant any rights under the April 2017 Agreement to a third party except as specifically provided under the April 2017 Agreement. Such license also has certain provisions relating to certain unlicensed products of any company that acquires EU Licensee, or is acquired by EU Licensee or its affiliates, in which case additional license fees may apply. The specific terms of the April 2017 Agreement are confidential.

On March 30, 2017, Finjan entered into a Confidential Master Agreement (the “Sophos Agreement”) with Sophos Group plc, a public limited company organized and existing under the laws of England and Wales, Sophos Limited, a corporation organized and existing under the laws of England and Wales (“Sophos Limited”), and Sophos Inc. (“Sophos Inc.”), a Massachusetts corporation (collectively, “Sophos”). Pursuant to the Sophos Agreement, Finjan and Sophos Inc. agreed to dismiss the suit Finjan, Inc. v. Sophos, Inc. before the United States District Court of the Northern District of California (case no. 3:14cv1197-WHO) with prejudice. The Sophos Agreement also provides for full releases by the parties and covenants not to sue. Under the terms of the Sophos Agreement, on March 30, 2017, Sophos will obtain a fully paid up license to the Finjan patent portfolio and pay a license fee of \$15.0 million in cash, which Finjan

received on March 31, 2017. The Company recognized \$15.0 million as revenues as of March 31, 2017, in accordance with the Company's revenue recognition policy as described in Note 1. Finally, in connection with the Sophos Agreement, on March 30, 2017, Finjan Mobile entered into a Confidential Patent Cross License Agreement (the "Finjan Mobile Cross License Agreement") with Sophos Limited. Pursuant to the terms of the Finjan Mobile Cross License Agreement, the parties will grant patent cross licenses in the Field of Use and Sophos Limited will pay Finjan Mobile \$2.5 million cash, of which \$1.25 million was recognized as revenues as of December 31, 2017 in accordance with the Company's revenue recognition policy as described in Note 1, payment was received on March 30, 2018. The final payment of \$1.25 million is due on or before March 31, 2019 and is included in accumulated adjustments on January 1, 2018, as further described in Note 1, recently adopted accounting pronouncements.

Table of Contents

NOTE 5 - STOCKHOLDERS' EQUITY

Preferred Stock

Series A-1

During the three months ended March 31, 2018, the Company retired all shares of the Series A-1 Preferred stock, \$19.9 million or 153,000 shares; \$15.3 million reduced the original recorded value of the Series A-1 Preferred stock and \$4.6 million reduced the accreted value.

During the issuance of the Series A-1 Preferred stock, the Company incurred issuance costs of \$1.0 million which were recorded as an offset to the preferred stock. Such costs have been recognized as a deemed dividend upon the redemption and retirement of the Preferred stock, which occurred during the quarter ended March 31, 2018.

The Company accretes changes in redemption value over the period from the date of issuance to the earliest redemption dates of the security. The increase in the redemption value is a deemed dividend that increases the carrying value of the Series A-1 Preferred Stock to equal the redemption value at the end of each reporting period with an offsetting decrease to additional paid-in-capital. The Company recorded a deemed dividend of \$4.6 million, representing an increase to the Series A-1 Preferred Stock's redemption (liquidation) value.

On issuance of the Series A-1 Preferred stock, the Company agreed to issue to Soryn HLDR Vehicle II LLC, a Delaware limited liability company, a fully vested common stock warrant (the "Warrant"), to purchase 2,355,506 shares of common stock, \$0.0001 par value per share of the Company at an exercise price of \$3.18 per share, the Warrant has a term of three years. The closing of 2,000,000 shares occurred on June 19, 2017, 309,136 occurred June 30, 2017 and 46,370 on July 25, 2017. The Warrant has the rights to acquire a variable amount of common stock at a fixed price for the first 15 months. Under ASC 815-40-15-8A, the Warrant is not considered indexed to the Company's stock, and thus it has a derivative feature and has been classified as a liability. The Company has valued the Warrant at inception using a Monte Carlo valuation model, recording a \$3.3 million Warrant liability at inception. The Warrant was revalued at December 31, 2017 to \$1.1 million, and revalued again at March 31, 2018, increasing the Warrant liability by \$2.1 million to \$3.2 million. The change in fair value of the warrant is recorded in Other Income. As of March 31, 2018 the aggregate intrinsic value of the Warrant was \$0.2 million, with a weighted average contracted term of 2.5 years.

NOTE 6 – STOCK BASED COMPENSATION

Stock-based compensation to employees and non-employees are recognized as expense in the condensed consolidated statement of operations. The compensation cost for all stock-based awards is measured at the grant date, based on the fair value of the award (determined using Black-Scholes option pricing model for stock options and fair value for RSUs), and is recognized as an expense over the requisite service period (generally the vesting of the equity awards). Determining the fair value of stock-based awards at the grant date requires significant estimates and judgments, including future employee stock option exercise behavior and requisite service periods.

On June 21, 2017, at the annual meeting of stockholders, the Company's shareholders approved (i) an increase of 1,000,000 shares to the Finjan Holdings, Inc. 2014 Plan and (ii) the addition of an "evergreen" feature which provides for the annual replenishment of shares to the Restated 2014 Plan share reserve without stockholder approval, which represented an additional 1,385,366 shares as of January 1, 2018 (equal to 5.0% of our outstanding shares of Common Stock as of the end of our immediately preceding fiscal year). As of March 31, 2018, the Company has 1,558,142 shares available for issuance under the 2014 Plan.

During the three months ended March 31, 2018 and 2017, the Company expensed \$318,000 and \$209,000, respectively, of stock-based compensation in the condensed consolidated statements of operations. All stock-based compensation expenses were related to selling, general and administration. The aggregate intrinsic value of stock options and RSU's outstanding and exercisable as of March 31, 2018 was \$5.8 million.

During the three months ended March 31, 2018 and 2017, the Company granted options to purchase 376,667 and 155,000 shares of common stock, respectively. The Company granted 200,000 RSUs of common stock, at both dates ended March 31, 2018 and 2017.

Table of Contents

Number of Options Outstanding and Exercisable		Number of RSUs Outstanding	
Outstanding 2013 & 2014 Plans – December 31, 2017	2,341,340	Non vested - December 31, 2017	438,712
Options granted	376,667	Shares granted	200,000
Options exercised	—	Shares vested	(12,500 )
Options forfeited	—	Shares forfeited	—
Options expired	—	Shares expired	—
Outstanding – March 31, 2018	2,718,007	Non Vested & Outstanding - March 31, 2018	626,212
Exercisable – March 31, 2018	1,378,473		

The Company estimates the fair values of stock options using the Black-Scholes option-pricing model. The assumptions used in the Black-Scholes option-pricing model and the weighted-average grant date fair value of the option awards for the periods presented were as follows:

	Three Months Ended	
	March 31, 2018	2017
Volatility	104.99%	140.22%
Expected term (in years)	6	6
Risk-free rate	2.24%	1.9%
Expected dividend yield	—	—
Weighted-average grant date fair value per option	\$ 2.24	\$ 1.45

As of March 31, 2018, total compensation cost not yet recognized related to unvested stock options was approximately \$3.5 million, which is expected to be recognized over a weighted-average period of 2.9 years.

Options granted during the three months ended March 31, 2018 had a weighted average exercise price of \$2.41 per share, and a weighted average contractual term of 10 years.

The risk-free interest rate is based on the U.S. Treasury rates with maturities similar to the expected term of the option. The volatility is a measure of the amount by which the Company's share price has fluctuated or is expected to fluctuate and was based on historical volatility of comparative companies that are similar to the Company. For the three months ended March 31, 2018, the Company updated its volatility assumptions to reflect the increased trading history in the Company's stock. The expected term was estimated using the simplified method. The simplified method calculates the expected term as the average of the time to vesting and the contractual life of the option. The dividend yield is 0% as the Company has never declared or paid any cash dividends and does not anticipate paying dividends in the future.

**NOTE 7 – RELATED PARTY TRANSACTIONS**

In the course of business, the Company obtains legal services from a firm in which the Company's Chairman is a partner. The Company incurred approximately \$38,000 in legal fees to the firm for the three months ended March 31, 2018 and 2017, respectively. As of March 31, 2018 and December 31, 2017, the Company had balances due to this firm of \$25,000 and \$113,000 respectively.

**NOTE 8 - LITIGATION, CLAIMS AND ASSESSMENTS**

A. United States District Court Actions

Finjan, Inc. v. FireEye, Inc., Case No. 13-cv-03133SBA, (N.D. Cal)

Finjan filed a patent infringement lawsuit against FireEye, Inc. (“FireEye”) in the United States District Court for the Northern District of California on July 8, 2013, asserting that FireEye, Inc. is directly and indirectly infringing certain claims of Finjan’s

12

Table of Contents

U.S. Patent Nos. 6,804,780, 7,058,822, 7,647,633, 7,975,305, 8,079,086, and 8,225,408, through the manufacture, use, importation, sale, and/or offer for sale of its products and services, including but not limited to FireEye's Threat Protection Platform, including the FireEye Malware Protection System, the FireEye Dynamic Threat Intelligence, and the FireEye Central Management System. Finjan amended its Complaint on August 16, 2013, to add U.S. Patent No. 6,154,844 to the list of asserted patents. On January 12, 2018, the parties stipulated that all claims in the case be dismissed with prejudice pursuant to a confidential patent license and settlement agreement executed December 29, 2017.

Finjan, Inc. v. Blue Coat Systems, Inc., Case No. 13-cv-03999-BLF (N.D. Cal.)

Finjan filed a patent infringement lawsuit against Blue Coat Systems, Inc., ("Blue Coat") in the United States District Court for the Northern District of California on August 28, 2013, asserting that Blue Coat is directly and indirectly infringing certain claims of Finjan's U.S. Patent Nos. 6,154,844, 6,804,780, 6,965,968, 7,058,822, 7,418,731, and 7,647,333. The principal parties in this proceeding are Finjan and Blue Coat. This action is before the Honorable Judge Beth Labson Freeman. The Court held a claim construction hearing, or Markman Hearing, for this matter on August 22, 2014. The Court entered its Markman Order entitled "Order Construing Claims in U.S. Patent Nos. 6,154,844, 7,058,822, 7,418,731, and 7,647,633," on October 20, 2014, which is available on PACER ([www.pacer.gov](http://www.pacer.gov)), as Docket No. 118. Trial for this action took place from July 20, 2015 through August 4, 2015. On August 4, 2015, the jury returned a unanimous verdict that each of the Finjan asserted patents are valid and enforceable. Further, the jury returned a unanimous verdict that Finjan's U.S. Patent Nos. 6,154,844, 6,804,780, 6,965,968, and 7,418,731 were literally infringed by Blue Coat, and that U.S. Patent No. 7,647,633 was infringed by Blue Coat under the Doctrine of Equivalents. Upon the findings of infringement, the jury also awarded Finjan approximately \$39.5 million in damages as reasonable royalties for Blue Coat's infringement. Such finding was appealed by Blue Coat to the Court of Appeals for the Federal Circuit ("Federal Circuit"). On March 2, 2018, the parties filed a stipulation with the district court that all claims in the case be dismissed with prejudice pursuant to a confidential settlement agreement, dated February 28, 2018. On March 5, 2018, the Court ordered, pursuant to stipulation between the parties, that all claims in the case be dismissed with prejudice.

Finjan, Inc. v. Blue Coat Systems LLC, Case No. 5:15-cv-03295-BLF (N.D. Cal.)

Finjan filed a second patent infringement lawsuit against Blue Coat Systems LLC ("Blue Coat") in the United States District Court for the Northern District of California on July 15, 2015, asserting that Blue Coat is directly infringing certain claims of Finjan's U.S. Patent Nos. 6,154,844, 6,965,968, 7,418,731, 8,079,086, 8,225,408, 8,677,494, and 8,566,580 (collectively, the "asserted patents"), through the manufacture, use, importation, sale, and/or offer for sale of its products and services. A trial was held on October 31, 2017, that resulted in a partial verdict, followed by a retrial on certain issues from the first trial ("Retrial I") on January 8, 2018, which the Court declared a mistrial upon the Federal Circuit's issuance on January 10, 2018, of its decision related to Blue Coat I. The Court ordered, among other things, a second retrial for February 12, 2018, which it later vacated on February 9, 2018. On March 5, 2018, pursuant to the parties' stipulation that all claims in the case be dismissed with prejudice pursuant to a confidential settlement agreement dated February 28, 2018, the Court ordered dismissal of all claims with prejudice.

Finjan, Inc. v. Symantec Corporation., Case No. 14-cv-02998-HSG (N.D. Cal.)

Finjan filed a patent infringement lawsuit against Symantec Corporation ("Symantec") in the United States District Court for the Northern District of California on June 30, 2014, asserting that Symantec is directly and indirectly infringing certain claims of Finjan's U.S. Patent Nos. 7,756,996, 7,757,289, 7,930,299, 8,015,182, and 8,141,154, through the manufacture, use, importation, sale, and/or offer for sale of certain products and services. Finjan amended the Complaint on September 11, 2014, to add U.S. Patent Nos. 6,154,844, 7,613,926 and 8,677,494. On March 5, 2018, the Court ordered, pursuant to stipulation between the parties following entry into a confidential settlement

agreement between the parties dated February 28, 2018, that all claims in the case be dismissed with prejudice.

Finjan, Inc. v. Palo Alto Networks, Inc., Case No. 3:14-cv-04908 PJH (N.D. Cal.)

Finjan filed a patent infringement lawsuit against Palo Alto Networks, Inc. (“Palo Alto Networks”) in the United States District Court for the Northern District of California on November 4, 2014, asserting that Palo Alto Networks is directly and indirectly infringing certain claims of Finjan’s U.S. Patent Nos. 6,804,780, 6,965,968, 7,058,822, 7,418,731, 7,613,918, 7,613,926, 7,647,633, 8,141,154, 8,225,408, and 8,677,494, through the manufacture, use, importation, sale, and/or offer for sale of its products and services, including but not limited to Next-Generation Security Platform, Next-Generation Firewall, Virtualized Firewall, WildFire Subscription, WildFire Platform, URL Filtering Subscription, Threat Prevention Subscription, and Advanced EndPoint Protection. Palo Alto Networks failed to timely respond to the Complaint and Finjan submitted an application for Entry of Default. On Palo Alto Networks’ request, Finjan stipulated to an extension of time for Palo Alto Networks to respond. The principal parties in this proceeding are Finjan and Palo Alto Networks. Finjan seeks entry of judgment that Palo Alto Networks has infringed and is infringing the above-listed patents, and has induced infringement and is inducing infringement of U.S. Patent Nos. 6,804,780,

Table of Contents

6,965,968, 7,058,822, 7,418,731, 7,613,918, 7,613,926, 7,647,633, 8,141,154, 8,225,408, and 8,677,494, a preliminary and permanent injunction from infringing, or inducing the infringement the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty consistent with proof, and enhanced damages for willful infringement, costs, interest, and reasonable attorneys' fees under 35 U.S.C. §285. Palo Alto Networks filed its Answer and Counterclaims on December 31, 2015, by denying Finjan's allegations of infringement and counterclaiming that the asserted patents are invalid under 35 U.S.C. §§ 101, 102, 103 and/or 112. Both parties have demanded a jury trial. On October 8, 2015, the Honorable Edward M. Chen recused himself from the case and requested the case be reassigned to another judge. Also, on October 8, 2015, the case was reassigned to the Honorable Phyllis J. Hamilton in the Oakland division of the District Court for the Northern District of California. On September 25, 2015, Palo Alto Networks filed a petition for IPR before the PTAB of U.S. Patent No. 8,141,154. On September 30, 2015, Palo Alto Networks filed petitions for IPR of U.S. Patent Nos. 7,058,822, 7,418,731, 7,647,633 and 8,225,408. On November 4, 2015, Palo Alto Networks filed an IPR petition of U.S. Patent Nos. 7,613,926. On November 5, 2015, Palo Alto Networks filed IPR petitions of U.S. Patent Nos. 6,965,968 and 8,141,154. On November 6, 2015, Palo Alto Networks filed IPR petitions of U.S. Patent Nos. 6,804,780, 7,613,918, 8,225,408 and 8,667,494. On December 10, 2015, the matter was stayed pending a decision by the PTAB on whether to institute IPR of Finjan's claims of its ten patents asserted against Palo Alto Networks. The PTAB instituted review of certain patents and denied institution on other challenged patents. In particular, the PTAB instituted and subsequently determined that the challenged claims of U.S. Patent Nos. 9,141,154 and 8,225,408 were not unpatentable; upon which Palo Alto Networks appealed to the Federal Circuit. Oral argument before the Federal Circuit regarding the '154 and '408 Patents is scheduled for June 6, 2018. In addition, the PTAB instituted and subsequently determined that claims 3-5 and 10-15 of U.S. Patent No. 8,677,494 were not unpatentable, and that claims 1, 2, and 6 of the '494 Patent were shown to be unpatentable. Finjan appealed this latter determination to the Federal Circuit, which is pending. On May 26, 2016, the Court ordered the stay to remain in effect until the PTAB's final determination of the instituted IPRs and the matter remains stayed pending appeal. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v ESET, LLC et al., Case No. 3:16-cv-03731-JD (N.D. Cal.)

Finjan filed a patent infringement lawsuit against ESET, LLC ("ESET, LLC") and ESET SPOL S.R.O. ("ESET SPOL") (collectively "ESET") in the United States District Court for the Northern District of California on July 1, 2016, asserting that ESET infringes Finjan's U.S. Patent Nos. 6,154,844, 6,804,780, 7,975,305, 8,079,086, 9,189,621, and 9,219,755, through the manufacture, use, importation, sale, and/or offer for sale of its products and services, including but not limited to, ESET ThreatSense, ESET Advanced Heuristic, ESET DNA Signature, Host-based Intrusion Prevention System (HIPS), and ESET LiveGrid technologies including ESET'S Home Protection, Small Office, and Business product lines and ESET Services. Finjan seeks entry of a judgment that ESET has infringed and is infringing the asserted patents, a preliminary and permanent injunction from the infringement of the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty consistent with proof, and enhanced damages for willful infringement, costs, interest, and reasonable attorneys' fees under 35 U.S.C. § 285. On July 14, 2016, this case was assigned to the Honorable James Donato in the San Francisco division. On July 27, 2016, ESET, LLC filed a motion to dismiss or stay this action on the grounds that ESET, LLC first filed a declaratory judgment action in the Southern District of California (ESET, LLC v. Finjan, Inc., Case No. 16-cv-01704 (S.D. Cal.)). A hearing was held on this motion on August 31, 2016, during which the Court stayed this matter pending the Southern District's resolution of Finjan's motion to dismiss ESET, LLC's declaratory judgment action. On September 16, 2016, the Southern District dismissed ESET LLC's declaratory judgment action without prejudice. On September 27, 2016, Finjan filed a notice of supplemental authority informing the Court that ESET's declaratory judgment action in the Southern District of California was dismissed without prejudice and requesting that the Court lift the stay. A Case Management Conference was held on October 6, 2016, wherein the Court granted Finjan's request to lift the stay, referred the matter to a settlement conference, and ordered service of the Complaint on ESET's counsel on behalf of ESET SPOL under Federal Rules of Civil Procedure 4(f). On January 27, 2017, the Court ordered that this Case be

transferred to the Southern District of California under 28 U.S.C. § 1404(a). This case was transferred to the Southern District of California on January 30, 2017 and was assigned to the Honorable Cathy Ann Bencivengo on February 8, 2017, Case No. 3-17-cv-00183 (S.D. Cal.). There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v. ESET, LLC et al., Case No. 3:17-cv-00183 (S.D. Cal.)

Finjan filed a patent infringement lawsuit against ESET, LLC (“ESET, LLC”) and ESET SPOL S.R.O. (“ESET SPOL”) (collectively, “ESET”) in the United States District Court for the Northern District of California on July 1, 2016 (Case No. 3:16-cv-03731-JD (N.D. Cal.)), which was transferred to the Southern District of California on January 31, 2017. This action is currently before the Honorable Cathy Ann Bencivengo. Details on procedures prior to February 2018 are disclosed in Note 8 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Finjan’s opposition was filed on March 13, 2018, and ESET filed its reply on March 20, 2018. On February 26, 2018, a hearing for the Motion for Reconsideration was held, and the Court denied Finjan’s Motion for Reconsideration. On February 26, 2018, the Court issued an Order following a case management conference regarding a second election of asserted claims and prior art and scheduled a status conference on June 14, 2018. On April 4, 2018, Finjan filed supplemental authority regarding ESET’s pending motion to stay. On May 7, 2018, the Court denied ESET’s

Table of Contents

Motion for Stay as to five of the six asserted patents, namely, Finjan's U.S. Patent Nos. 6,154,844, 6,804,780, 8,079,086, 9,189,621, and 9,219,755, and granted a stay pending IPR proceedings regarding U.S. Patent No. 7,975,305. A jury trial is set for February 4, 2019. There can be no assurance that Finjan will be successful in settling or litigating these claims.

ESET, LLC v. Finjan, Inc., Case No. 16-cv-01704 (S.D. Cal.)

ESET, LLC ("ESET") filed a Complaint for Declaratory Judgment against Finjan, Inc. ("Finjan") in the United States District Court for the Southern District of California on July 1, 2016, asserting that there is an actual controversy between the parties to declare that ESET does not infringe any claim of U.S. Patent No. 7,975,305 ("the '305 Patent"). ESET sought an entry of judgment that it has not infringed any claim of the '305 Patent, an injunction against Finjan from asserting any of the claims in the '305 Patent against ESET or any of its customers or suppliers, and a finding that the case is exceptional and an award of fees and costs under 35 U.S.C. § 285. On July 11, 2016, ESET filed an Amended Complaint for Declaratory Judgment, seeking entry of judgment that it does not infringe any claim of the U.S. Patent Nos. 6,154,844, 6,804,780, 7,975,305, 8,079,086, 9,189,621, and 9,219,755. ESET seeks an injunction against Finjan from asserting infringement of these patents against ESET or any of its customers or suppliers, and a finding that the case is exceptional and an award of fees and costs under 35 U.S.C. § 285. On July 26, 2016, Finjan filed a motion to dismiss the action pursuant to the first-to-file rule, asserting that Finjan was first to file an action in the Northern District of California with respect to five of the six patents at issue between the parties (Finjan, Inc. v. ESET, LLC et al., Case 3:16-cv-03731-JD (N.D. Cal.)). In the alternative, Finjan sought to have the case transferred to the Northern District of California on the basis that it is the most appropriate venue. On September 26, 2016, the Court granted Finjan's motion and dismissed this action without prejudice. ESET has appealed the dismissal to the Court of Appeals for the Federal Circuit. The Federal Circuit dismissed this Appeal to the Federal Circuit on February 2, 2017 after the Court in Finjan, Inc. v. ESET, LLC et al., Case 3:16-cv-03731-JD, transferred that case to the Southern District of California.

Finjan, Inc. v. Cisco Systems, Inc., Case No. 17-cv-00072-BLF (N.D. Cal.)

Finjan filed a patent infringement lawsuit against Cisco Systems, Inc. ("Cisco") in the United States District Court for the Northern District of California on January 6, 2017, asserting that Cisco infringes Finjan's U.S. Patent Nos. 6,154,844, 6,804,780, 7,647,633, 8,141,154 and 8,677,494 through the manufacture, use, importation, sale, and/or offer for sale of its products and services, including but not limited to, Cisco's Advanced Malware Protection, Cisco Collective Security Intelligence, Cisco Outbreak Filters, Talos Security Intelligence and Research Group, and AMP Threat Grid technologies, including Cisco AMP for Endpoints, Cisco AMP for Networks (also referred to by Cisco as "NGIPS"), Cisco AMP for ASA with FirePOWER Services, Cisco AMP Private Cloud Virtual Appliance, Cisco AMP for CWS, ESA, or WSA, Cisco AMP for Meraki MX, Cisco AMP Threat Grid. Finjan seeks entry of a judgment that Cisco has infringed and is infringing the asserted patents, a preliminary and permanent injunction from the infringement of the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty consistent with proof, and enhanced damages for willful infringement, costs, interest, and reasonable attorneys' fees under 35 U.S.C. § 285. Details on procedures prior to March 2018 are disclosed in Note 8 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. On April 2, 2018, Finjan filed a motion to strike Cisco's affirmative defenses of prosecution laches, ensnarement doctrine, and inequitable conduct, to which a hearing is set for August 30, 2018. Finjan filed a reply to its motion to strike on April 23, 2018. The Court set a case management conference for August 30, 2018, a claim construction tutorial for June 7, 2018, a claim construction hearing for June 15, 2018 and a jury trial to commence on June 1, 2020. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v. ESET SPOL S.R.O. et al., Docket Nos. 2 Ni 53/16 (EP). 4c O 33/16 (Düsseldorf District Court and Munich Court)

Finjan filed a patent infringement lawsuit against ESET SPOL. S.R.O. (ESET SPOL"), a Slovak Republic Corporation, and ESET Deutschland GmbH (collectively "ESET") in the Düsseldorf District Court of Germany on July 1, 2016, asserting that ESET infringes Finjan's European Patent No. 0 965 094 B1 ("the '094 Patent"), through the offering and/or delivering to customers in the Federal Republic of Germany software covered by the '094 Patent, including but not limited to ESET's ThreatSense, ESET Advanced Heuristic, ESET DNA Signature, ESET LiveGrid technologies, including ESET's Home Users, Small Office, and Business product lines and ESET services. Finjan seeks a judgment sentencing ESET to a fine for each violation of patent infringement or, alternatively imprisonment of ESET directors, cease and desist orders for offering or delivering infringing software, providing Finjan with profit information for offering or delivering infringing software, damages, which Finjan has suffered or shall suffer as a result of ESET offering or delivering infringing software since November 1, 2008. The infringement hearing was held on October 5, 2017. No decision has been entered into to date. On November 24, 2016, ESET filed a nullity action. Finjan responded to the nullity action contesting the nullity action completely and requesting the Court to reject the action and impose the cost of the proceedings to the claimant. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Table of Contents

Finjan, Inc. v. Blue Coat Systems, Inc., and Blue Coat Systems GmbH, Docket Nos. 2 Ni 22/17 (EP), 4c O 57/16 (Dusseldorf District Court and Munich Court)

Finjan filed a third patent infringement lawsuit against Blue Coat Systems, Inc., which is its first patent infringement suit against Blue Coat's subsidiary Blue Coat Systems GmbH, located in Munich Germany in the Dusseldorf District Court of Germany on October 14, 2016. Finjan asserts that Blue Coat infringes Finjan's European Patent No. 0 965 094 B1 ("the '094 Patent"), through the offering and/or delivering to customers in the Federal Republic of Germany software covered by the '094 Patent. On March 2, 2018, the parties entered into a confidential settlement agreement. On March 6, 2018, Blue Coat withdrew their nullity action in Germany.

Finjan, Inc. v. SonicWall, Inc., Case No. 5:17-cv-04467 (N.D. Cal.)

Finjan filed a patent infringement lawsuit against SonicWall, Inc. ("SonicWall") in the United States District Court for the Northern District of California on August 4, 2017, asserting that SonicWall is directly and indirectly infringing certain claims of Finjan's U.S. Patent Nos. 6,154,844, 7,058,822, 6,804,780, 7,613,926, 7,647,633, 8,141,154, 8,677,494, 7,975,305, 8,225,408, and 6,965,968, through the manufacture, use, sale, importation, and/or offer for sale of its products and services, including but not limited to, Appliance Products utilizing Capture ATP and/or Gateway Security Services and Email Security Products utilizing Capture ATP and/or Gateway Security Services. Finjan seeks entry of a judgment that SonicWall has infringed and is infringing the asserted patents, a preliminary and permanent injunction from the infringement of the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty consistent with proof, and enhanced damages for willful infringement, costs, interest, and reasonable attorneys' fees under 35 U.S.C. § 285. This matter is assigned to the Honorable Beth Labson Freeman, United States District Judge. On October 13, 2017, SonicWall filed a Motion to Dismiss Finjan's Complaint for Failure to State a Claim for Willful Infringement. A hearing regarding the Motion to Dismiss was re-scheduled for May 17, 2018. A claim construction tutorial is set for October 5, 2018, a claim construction hearing for October 12, 2018, a final pretrial conference for March 18, 2021, and a jury trial to commence on May 3, 2021. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v. Bitdefender Inc., et al., Case No. 5:17-cv-04790 (N.D. Cal.)

Finjan filed a patent infringement lawsuit against Bitdefender Inc. and Bitdefender S.R.L. ("Bitdefender") in the United States District Court for the Northern District of California on August 16, 2017, asserting that Bitdefender is directly and indirectly infringing certain claims of Finjan's U.S. Patent Nos. 6,804,780, 7,930,299, 8,141,154, and 8,677,494, through the manufacture, use, sale, importation, and/or offer for sale of its products and services, including but not limited to, Total Security, Family Pack, Internet Security, Antivirus Plus, Security for XP and Vista, Antivirus for Mac, Mobile Security, GravityZone Enterprise Security, GravityZone Elite Security, GravityZone Advanced Business Security, GravityZone Business Security, Hypervisor Introspection, Security for AWS, Cloud Security for MSP, GravityZone for xSP, and BOX. Finjan seeks entry of a judgment that Bitdefender has infringed and is infringing the asserted patents, a preliminary and permanent injunction from the infringement of the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty consistent with proof, and enhanced damages for willful infringement, costs, interest, and reasonable attorneys' fees under 35 U.S.C. § 285. This matter is assigned to the Honorable Haywood S. Gilliam, Jr., United States District Judge. On December 13, 2017, Finjan filed a Motion to Strike Bitdefender's Answer, Counterclaims, and Affirmative Defenses, to which a hearing was scheduled for March 8, 2018. On April 17, 2018, the Court granted in part and denied in part Finjan's motion to strike affirmative defenses. Specifically, the Court granted Finjan's motion to strike defenses of prosecution laches, waiver, estoppel, unclean hands, and denied the motion to strike the affirmative defenses of inequitable conduct and prosecution history estoppel. The Court gave Bitdefender leave to amend its Answer by May 8, 2018. On February 5, 2018, Bitdefender filed a Motion to Stay, which it withdrew by stipulation with Finjan on May 8, 2018. On April 5, 2018, the parties

filed a Joint Claim Construction statement. A claim construction hearing is scheduled for June 6, 2018. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v. Juniper Networks, Inc., Case No. 4:17-cv-05659 (N.D. Cal.)

Finjan filed a patent infringement lawsuit against Juniper Networks, Inc. (“Juniper”) in the United States District Court for the Northern District of California on September 29, 2017, asserting that Juniper is directly and indirectly infringing certain claims of Finjan’s U.S. Patent Nos. 6,154,844, 6,804,780, 7,647,633, 7,613,926, 8,141,154, 8,677,494, 7,975,305, and 8,225,408, through the manufacture, use, sale, importation, and/or offer for sale of its products and services, including but not limited to, SRX Gateways, SRX Gateways using Sky ATP, and Contrail. Finjan seeks entry of a judgment that Juniper has infringed and is infringing the asserted patents, has and is inducing infringement, a preliminary and permanent injunction from the infringement of the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty consistent with proof, and enhanced damages for willful infringement, costs, interest, and reasonable attorneys’ fees under 35 U.S.C. § 285. This matter

Table of Contents

is assigned to the Honorable William H. Alsup, United States District Judge. On February 23, 2018, the Court set the following dates: (1) on June 7, 2018, the parties are to file early motions for summary judgment for the one asserted claim each have selected as its compelling case for noninfringement or invalidity, with oppositions due by June 28, 2018, and replies due by July 12, 2018, and a hearing for the summary judgment motions will be held on July 26, 2018; (2) the last day for dispositive motions (other than the early motions for summary judgment) is April 11, 2019; (3) a pretrial conference on June 5, 2019; and (4) jury trial on July 8, 2019. On February 28, 2018, Juniper filed its answer and counterclaims against Finjan. On March 21, 2018, Finjan filed its answer to Juniper's counterclaim. On April 19, 2018, Finjan filed a motion for leave to amend its complaint and motion to shorten time, and on April 23, 2018, Juniper filed its opposition to Finjan's motion to shorten time. On April 24, 2018, the Court granted in part and denied in part Finjan's motion to shorten time. Juniper is to file its opposition to Finjan's motion for leave to amend the complaint on May 1, 2018, and Finjan is to file its reply on May 4, 2018. A hearing for the motion for leave to amend is May 9, 2018. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v. ZScaler, Inc., Case No. 3:17-cv-06946 (N.D. Cal.)

Finjan filed a patent infringement lawsuit against ZScaler, Inc. ("ZScaler") in the United States District Court for the Northern District of California on December 5, 2017, asserting that ZScaler is directly and indirectly infringing certain claims of Finjan's U.S. Patent Nos. 6,804,780 (the "780 Patent"), 7,647,633 (the "633 Patent"), 8,677,494 (the "494 Patent"), 7,975,305 (the "305 Patent"), through the manufacture, use, sale, importation, and/or offer for sale of its products and services, including, but not limited to, ZScaler's Internet Access Bundles (including Professional, Business, and Transformation), Private Access Bundle (including Professional Business, and Enterprise), ZScaler Enforcement Node ("ZEN"), Secure Web Gateway, Cloud Firewall, Cloud Sandbox, and Cloud Architecture products and services. Finjan seeks entry of a judgment that ZScaler has and continues to infringe the asserted patents, has and continues to induce infringement, a preliminary and permanent injunction from the infringement of the same patents, an accounting of all infringing sales and revenues, damages of no less than a reasonable royalty, enhanced damages for willful infringement, costs, interest, and reasonable attorneys' fees under 35 U.S.C. § 285. This matter is assigned to the Honorable Jon S. Tigar, United States District Judge. On April 2, 2018, Finjan filed an answer to ZScaler's counterclaim. The Court set a claim construction tutorial for November 27, 2018, and a claim construction hearing for December 11, 2018. There can be no assurance that Finjan will be successful in settling or litigating these claims.

Finjan, Inc. v. Trustwave Holdings, Inc., C.A. No. 18C-04-006 WCC-CCLD (Del. Super. Ct.)

Finjan filed a breach of contract lawsuit against Trustwave Holdings, Inc. ("Trustwave") in the Superior Court of Delaware on April 4, 2018, asserting that Trustwave breached a patent licensing agreement with Finjan by failing to pay owed royalties, failing to comply with audit procedures as provided by that licensing agreement, and for failing to pay for that audit. Finjan seeks entry of a judgment that Trustwave be ordered to pay damages due to the breach of the agreement and the cost of the audit, including interest, and that Finjan be awarded attorneys' fees. This matter is assigned to the Honorable William C. Carpenter, Jr., Judge in the Superior Court of Delaware. A schedule has not yet been set in the case. There can be no assurance that Finjan will be successful in settling or litigating these claims.

B. Proceedings before the United States Patent & Trademark Office (USPTO)

Ex Parte Reexamination Proceedings

As defined by the USPTO, an Ex Parte Reexamination is a "proceeding in which any person may request reexamination of a U.S. Patent based on one or more prior patents or printed publications. A requester who is not the patent owner has limited participation rights in the proceedings."

U.S. Patent No. 7,975,305 (Assignee, Finjan, Inc.)

A third-party request for Ex Parte Reexamination of Claims 1, 2, 5 and 13 of U.S. Patent No. 7,975,305 was filed on December 11, 2015 by Proofpoint, Inc. and assigned Reexamination Control Number 90/013,660. The request for reexamination was granted on January 19, 2016 and a non-final Office Action was mailed on April 12, 2016. A response to the non-final Office Action was filed on June 13, 2016. A Final Action was mailed on August 24, 2016 with a response due October 24, 2016. A response to the Final Action was filed on October 24, 2016 and a second interview with the Patent Office was conducted. The Patent Office issued an Advisory Action maintaining the rejections. A Notice of Appeal was filed on November 11, 2016 and an Appeal Brief was filed on January 23, 2017. An Examiner's Answer was mailed on March 29, 2017. Finjan's Reply Brief and Request for Oral Hearing were filed on May 30, 2017. Oral Hearing was held December 12, 2017 and we now await a decision on Appeal. There can be no assurance that Finjan will be successful in rebutting the patentability challenge before the USPTO.

Table of Contents

U.S. Patent No. 7,647,633 (Assignee, Finjan, Inc.)

A third-party request for Ex Parte Reexamination of Claims 1-7 and 28-33 of U.S. Patent No. 7,647,633 was filed on October 7, 2013, on behalf of FireEye, Inc. and assigned Reexamination Control Number 90/013,016. The request for reexamination was granted and a non-final Office Action was mailed November 19, 2013. The non-final Office Action included rejections of Claims 1-7 and 28-33 under various prior art (including previously considered and disclosed prior art) under 35 U.S.C. §§ 102 and/or 103. An in-person Examiner interview was conducted at the USPTO on February 4, 2014, and a timely response to non-final Office Action was filed on February 19, 2014. The response to non-final Office Action included arguments and a supporting declaration by Finjan showing commercial success, industry praise, and copying by others of products covered by pending claims; a declaration by a technology expert rebutting improper technical interpretations of the prior art and the invention; and additional new claims for consideration. Additionally, a renewed petition to accept an unintentionally delayed priority claim was also submitted and the petition was granted on January 23, 2015. An updated filing receipt reflecting the priority claim was issued. A final Office Action was issued May 22, 2015, and a Notice of Appeal was filed by Finjan on May 22, 2015. Finjan's appeal brief was filed August 24, 2015, appealing the rejections of Claims 1-7, 28-33 and 42-52. An Examiner's Answer was received on December 18, 2015. Finjan filed its Reply Brief requesting reversal of the rejections and a Request for Oral Hearing February 18, 2016. An Oral Hearing was conducted on June 22, 2016 and a decision reversing the Examiner's rejections of claim 1-7, 28-33, 42, 44, 48 and 49 was mailed on June 29, 2016. An amendment canceling rejected claims 43, 45-47 and 50-52 was filed on July 5, 2016 to move the application to Notice of Intent to Issue Reexamination Certificate (NIRC). A Reexamination Certificate confirming the patentability of original claims 1-7 and 28-33 and new claims 42, 44, 48 and 49 was issued on September 16, 2016.

U.S. Patent No. 7,930,299 (Assignee, Finjan, Inc.)

A third-party request for ex parte reexamination of claims 13, 14-18, 20 of U.S. Patent No. 7,930,299 was filed on September 16, 2016 and assigned Reexamination Control Number 90/013,811. The request for reexamination was granted on November 14, 2016. On January 17, 2017, Finjan filed a petition to consider pre-institution argument requesting, inter alia, that the Director rescind and/or terminate the reexamination pursuant to 35 U.S.C. § 325(d). A decision dismissing Finjan's petition to vacate the reexamination order was mailed on March 27, 2017. A Petition for Writ of Mandamus was filed with the Court of Appeal for the Federal Circuit (CAFC) requesting review of the Office's Dismissal. A non-final Office Action was received and a response was filed on January 30, 2018. On April 4, 2018, the Patent Office issued a Notice of Intent to Issue Ex Parte Reexamination Certificate confirming the patentability of all claims. The Certificate was issued on April 30, 2018.

U.S. Patent No. 8,015,182 (Assignee, Finjan, Inc.)

A third-party request for ex parte reexamination of claims 8-11, 13 of U.S. Patent No. 8,015,182 was filed on September 16, 2016 and assigned Reexamination Control Number 90/013,812. The request for reexamination was granted on October 17, 2016. On December 19, 2016, Finjan filed a petition to consider pre-institution argument requesting, inter alia, that the Director rescind and/or terminate the reexamination pursuant to 35 U.S.C. § 325(d). A decision dismissing Finjan's petition to vacate the reexamination order was mailed on March 27, 2017. A Petition for Writ of Mandamus was filed with the Court of Appeal for the Federal Circuit (CAFC) requesting review of the Office's Dismissal. The CAFC denied the petition. A non-final Office Action rejecting claims 8-11 and 13 was issued on April 13, 2017. An Examiner Interview was conducted on May 23, 2017 and a response to the non-final Office Action was filed on June 13, 2017. A final Office Action was mailed November 9, 2017 and a response was filed January 8, 2018. An Advisory Action was mailed February 8, 2018 and a Notice of Appeal was filed February 12, 2018. An Appeal Brief was filed on April 12, 2018. We now await the Examiner's Answer. There can be no assurance that Finjan will be successful in rebutting the patentability challenge before the USPTO.

U.S. Patent No. 7,756,996 (Assignee, Finjan, Inc.)

A third-party request for ex parte reexamination of claims 1-7 of U.S. Patent No. 7,756,996 was filed on September 16, 2016 and assigned Reexamination Control Number 90/013,813. The request for reexamination was granted on

November 14, 2016. On January 17, 2017, Finjan filed a petition to consider pre-institution argument requesting, inter alia, that the Director rescind and/or terminate the reexamination pursuant to 35 U.S.C. § 325(d). A decision dismissing Finjan's petition to vacate the reexamination order was mailed on March 27, 2017. A Petition for Writ of Mandamus was filed with the Court of Appeal for the Federal Circuit (CAFC) requesting review of the Office's Dismissal. The CAFC denied the petition. A non-final Office Action was mailed February 1, 2018 and a response was filed on April 1, 2018. There can be no assurance that Finjan will be successful in rebutting the patentability challenge before the USPTO.

#### Inter Partes Reexamination Proceedings

As defined by the USPTO, an Inter Partes Reexamination is a "proceeding in which any person who is not the patent owner and is not otherwise estopped may request examination of a U.S. Patent issued from an original application filed on or after November 29, 1999, based on one or more prior patents or printed publications. Both patent owner and third-party requester have participation rights throughout the proceeding, including appeal rights." Effective September 16, 2012, the American Invents Act ("AIA") replaced Inter Partes Reexaminations with proceedings referred to as post-grant review and Inter Partes Review ("IPR"). Post-

Table of Contents

grant proceedings are generally available immediately after patent issuance. For patents filed under the pre-AIA first to invent rules (i.e., applications filed prior to March 16, 2013, IPRs can be initiated immediately following issuance of patent. For patents examined under the AIA first-to-file rules (i.e., applications filed on or after March 16, 2013), IPRs can be initiated after the nine-month window of eligibility for post-grant review.

U.S. Patent No. 6,480,962 (Assignee, Finjan, Inc.)

A third-party request for Inter Partes Reexamination of all Claims 1-55 of U.S. Patent No. 6,480,962 was filed on November 29, 2011, on behalf of Symantec Corporation, and assigned Reexamination Control Number 95/001,836. The request for reexamination was granted and a non-final Office Action was mailed January 25, 2012. The non-final Office Action included rejections of claims 1-55 under numerous prior art references and combinations of such references (including previously considered and disclosed prior art) under 35 U.S.C. §§ 102 and/or 103. Finjan filed a response to non-final Office Action and the USPTO mailed an Action Closing Prosecution (ACP) on October 2, 2013. Finjan responded to the ACP on December 2, 2013, which included proposed claim amendments for consideration. Symantec responded on January 2, 2014. On June 27, 2014, the USPTO stated that the proposed claim amendments would not be entered and issued a Right of Appeal Notice. On July 1, 2014, Finjan filed a Notice of Appeal of the rejection of Claims 1-55 followed by an Appeal Brief on September 2, 2014. The Requester Symantec filed a respondent brief on October 2, 2014. The Examiner filed a brief on March 25, 2015. Finjan filed a Rebuttal Brief on April 27, 2015 and a Request for Oral Hearing on May 26, 2015. The Rebuttal Brief maintained Finjan's request to review the rejections of Claims 2-4, 7-11, 13-14, 16-20, 22-32, 34-36, 39-44, 46-51, 53 and 54. Claims 1, 5, 6, 12, 15, 21, 33, 37, 38, 45, 52 and 55 were withdrawn from appeal in view the final invalidity decision issued on September 15, 2014 by the Federal Circuit. The Appeal was forwarded to the PTAB in accordance with the Notice mailed June 2, 2015. Finjan also sought examination of additional claims through multiple Track I expedited continuation applications. Finjan was granted U.S. Patent Nos. 9,189,621 and 9,291,755 containing those additional claims on November 17, 2015 and December 22, 2015, respectively. Oral argument was heard on February 17, 2016. On February 29, 2016, the PTAB issued a decision affirming the rejections of the Examiner. On March 29, 2016, Finjan filed a request for rehearing regarding the rejection of claims 22-32 and 46 and the Requester filed comments on April 28, 2016. The PTAB denied Finjan's Request for Rehearing on August 5, 2016. Finjan did not appeal the PTAB decision to the Federal Circuit. A Reexamination Certificate canceling the rejected claims 2-4, 7-11, 13-14, 16-20, 22-32, 34-36, 39-44, 46-51, 53 and 54 was issued on January 12, 2017.

Inter Partes Review Proceedings

As defined by the USPTO, Inter Partes Review ("IPR") is a trial proceeding conducted at the Patent and Trial and Appeal Board (PTAB or Board) to review the patentability of one or more claims in a patent only on a ground that could be raised under §§ 102 or 103, and only on the basis of prior art consisting of patents or printed publications. For first-inventor-to-file patents IPR process begins with a third party (a person who is not the owner of the patent) filing a petition after the later of either: (1) nine months after the grant of the patent or issuance of a reissue patent; or (2) if a post grant review is instituted, the termination of the post grant review. These deadlines do not apply to first-to-invent patents. The patent owner may file a preliminary response to the petition. An IPR may be instituted upon a showing that there is a reasonable likelihood that the petitioner would prevail with respect to at least one claim challenged. If the proceeding is instituted and not dismissed, a final determination by the Board will be issued within one year (extendable for good cause by six months). The procedure for conducting IPR took effect on September 16, 2012, and applies to any patent issued before, on, or after September 16, 2012.

U.S. Patent No. 8,141,154 (the "'154 Patent")

On July 3, 2015, April 19, 2016, and May 26, 2016, Symantec Corporation filed three (3) separate petitions for IPR of U.S. Patent No. 8,141,154 (IPR2015-01547; IPR2016-00919; IPR2016-01071) and moved to join the petition for IPR filed by Palo Alto Networks with respect to the '154 Patent (IPR2016-00151). Finjan filed a POPR to the petition in IPR2015-01547 on October 19, 2015. The PTAB denied Symantec's petition to institute IPR proceedings in

IPR2015-01547 on January 14, 2016. On February 16, 2016, Symantec filed a Request for Rehearing with respect to IPR2015-01547, and on February 25, 2016, the PTAB denied Symantec's Request for Rehearing. With respect to IPR2016-00919 and IPR2016-01071 on the '154 Patent, the PTAB granted Symantec's motions for joinder on September 8, 2016. On March 15, 2017, the PTAB issued a final written decision maintaining the validity of the instituted claims in both IPR2016-00919 and IPR2016-01071. Palo Alto Networks and Symantec Corp. filed Notice of Appeals for IPR2016-00151, IPR2015-01979, IPR2016-00919, and IPR2016-01071 to the United States Court of Appeals for the Federal Circuit on July 19, 2017 (Case No. 17-2315 and 17-2314). On July 24, 2017, the Federal Circuit consolidated the two appeals. On October 30, 2017, Palo Alto Networks and Symantec Corp. filed their Opening Appellant Brief. Finjan's Responsive Brief was filed on December 20, 2017. Palo Alto Network and Symantec Corp.'s Reply Brief was filed on January 25, 2018. On March 7, 2018, Symantec filed a motion to withdraw from appeal numbers 2017-2314, 2017-2315. On March 13, 2018, the Federal Circuit granted Symantec's motion to withdraw. Oral argument is set for June 6, 2018.

Table of Contents

U.S. Patent No. 8,677,494 (the “’494 Patent”)

On September 10, 2015, Symantec filed a petition for inter partes review of the ’494 Patent (IPR2015-01892). Finjan filed a POPR to the petition on December 28, 2015. On March 18, 2016, the PTAB granted Symantec’s petition to institute the IPR proceeding on claims 1, 2, 5, 6, 10, 11, 14, and 15 of the ’494 Patent. On April 1, 2016, Finjan filed a request for rehearing. The PTAB denied the request for rehearing on May 23, 2016. On March 15, 2017, the PTAB issued a final written decision maintaining the validity of claims 5, 10, 11, 14, and 15 and invalidating claims 1, 2, and 6 of the ’494 Patent. Symantec filed a Notice of Appeal to the United States Court of Appeals for the Federal Circuit on May 16, 2017, and on May 18, 2017, Finjan filed its Notice of Appeal to the United States Court of Appeals for the Federal Circuit (Case No. 17-2034 and 2017-2047). Symantec and Blue Coat filed its Opening Appellant Brief on August 25, 2017. The Federal Circuit consolidated Case No. 17-2543 filed by Palo Alto Networks and Blue Coat Systems with Case No. 17-2034. Palo Alto Networks’ and Blue Coat Systems’ Opening Appellant Brief filed its Opening Appellant Brief on December 29, 2017. Finjan filed its Cross-Appellant Principal and Response Brief on February 7, 2018. On March 8, 2018, Symantec and Blue Coat filed a motion to withdraw from appeal numbers 2017-2543, 2623. On March 13, 2018, the Federal Circuit granted Symantec and Blue Coat’s motion to withdraw and deconsolidated the appeal. On April 12, 2018, the Patent Office intervened in the appeal. Palo Alto Networks filed its reply brief on April 18, 2018. The Patent Office’s reply brief is to be filed on May 22, 2018, and Finjan’s reply brief is due June 5, 2018.

U.S. Patent No. 8,141,154 (the “’154 Patent”)

On September 25, 2015 and November 5, 2015, Palo Alto Networks Inc. filed two (2) separate petitions for IPR of U.S. Patent No. 8,141,154 and a Motion for Joinder to Symantec’s Petition for IPR of the ‘154 Patent (IPR2015-01547). (IPR2015-01979; IPR2016-00151). Finjan filed a POPR to the first petition in IPR2015-01979 on December 29, 2015. With respect to IPR2015-01979, the PTAB granted institution of IPR proceedings on the ‘154 Patent on March 21, 2016. On April 5, 2016, Finjan filed a partial request for rehearing, and on April 19, 2016, the PTAB denied Finjan’s partial request for rehearing. On July 12, 2016, Finjan submitted a Patent Owner Response to the Petition. With respect to IPR2016-00151 on the ‘154 Patent, Finjan filed a POPR on February 17, 2016, and on April 20, 2016, the PTAB instituted trial on claims 1-8, 10, and 11, denied institution on the remaining claims and denied Palo Alto Network’s Motion for Joinder. On May 4, 2016, Finjan filed a partial request for rehearing, and on June 2, 2016, the PTAB denied Finjan’s Request for Rehearing. On June 16, 2016, the parties filed a joint notice to amend the Scheduling Order. On August 31, 2016, Finjan filed its Patent Owner Response to Palo Alto Network’s Petition in IPR 2016-00151. The parties had an oral hearing for IPR2016-00151 on January 24, 2017 and on March 15, 2017, the PTAB issued a final written decision maintaining the validity of all instituted claims. The parties had an oral hearing for IPR2015-01979 on December 15, 2016 and on March 15, 2017, the PTAB issued a final written decision maintaining the validity of all instituted claims. On April 14, 2017, Palo Alto Networks filed a request for rehearing. On May 19, 2017, the PTAB denied Palo Alto Networks’ request for rehearing. Palo Alto Networks and Symantec Corp. filed Notice of Appeals for IPR2016-00151, IPR2015-01979, IPR2016-00919, and IPR2016-01071 to the United States Court of Appeals for the Federal Circuit on July 19, 2017 (Case No. 17-2315 and 17-2314). On July 24, 2017, the Federal Circuit consolidated the two appeals. On October 30, 2017, Palo Alto Networks and Symantec Corp. filed their Opening Appellant Brief. Finjan’s Responsive Brief was filed on December 20, 2017. Palo Alto Network and Symantec Corp.’s Reply Brief was filed on January 25, 2018. On March 8, 2018, Symantec filed a motion to withdraw from appeal numbers 2017-2314, 2315. On March 13, 2018, the Federal Circuit granted Symantec’s motion to withdraw. Oral argument is set for June 6, 2018.

U.S. Patent No. 7,647,633 (the “’633 Patent”)

On September 30, 2015, Palo Alto Networks, Inc. filed a petition for IPR of U.S. Patent No. 7,647,633 (IPR2015-01974). Finjan filed a POPR to the petition on January 7, 2016. On March 29, 2016, the PTAB granted institution of IPR proceedings with respect to claims 14 and 19 of the ‘633 Patent and denied institution with respect to all other challenged claims. On April 12, 2016, Palo Alto Networks filed a request for rehearing. On May 18, 2016, the PTAB denied Palo Alto Networks’ Request for Rehearing. On June 1, 2016, the parties filed a joint notice to

amend the Scheduling Order. On August 9, 2016, Finjan filed its Patent Owner Response to Palo Alto Network's Petition in IPR 2015-01974. The parties had an oral hearing on January 5, 2017, and on March 16, 2017, the PTAB issued a final written decision maintaining the validity of all instituted claims.

U.S. Patent No. 7,058,822 (the "'822 Patent")

On September 30, 2015, Palo Alto Networks Inc. filed a petition for IPR of United States Patent No. 7,058,822 (IPR2015-01999). Finjan filed a POPR to the petition on January 6, 2016. The PTAB denied institution of IPR proceedings on the '822 Patent on March 29, 2016. On April 28, 2016, Palo Alto Networks filed a Request for Rehearing, and on May 18, 2016, the PTAB granted Palo Alto Networks' Request for Rehearing but did not alter its Decision denying institution.

Table of Contents

U.S. Patent No. 7,418,731 (the “’731 Patent”)

On September 30, 2015, Palo Alto Networks Inc. filed a petition for IPR of United States Patent No. 7,418,731 (IPR2015-02000). Finjan filed a POPR to the petition on January 8, 2016. The PTAB denied institution of IPR proceedings on the ‘731 Patent on March 23, 2016. On April 22, 2016, Palo Alto Networks filed a Request for Rehearing. On May 20, 2016, the PTAB denied Palo Alto Networks’ Request for Rehearing.

U.S. Patent No. 8,225,408 (the “’408 Patent”)

On September 30, 2015 and November 6, 2015, Palo Alto Networks Inc. filed two (2) separate petitions for IPRs of United States Patent No. 8,225,408 (IPR2015-02001; IPR2016-00157). Finjan filed POPRs to the petitions on January 6, 2016, and February 17, 2016, respectively. On March 29, 2016, the PTAB granted institution of the IPR proceedings in IPR2015-02001 and IPR2016-00157 and consolidated the two IPR proceedings. On April 12, 2016, Finjan filed requests for rehearing. On May 16, 2016, the PTAB denied Finjan’s Requests for Rehearing. On June 27, 2016, the parties filed a joint notice to amend the Scheduling Order. On August 9, 2016, Finjan filed its Patent Owner Response to Palo Alto Network’s Petition in IPR 2015-02001 and IPR 2016-00157. The parties had an oral hearing on January 5, 2017, and on March 17, 2017, the PTAB issued a final written decision maintaining the validity of all instituted claims. Palo Alto Networks and Blue Coat Systems LLC filed a Notice of Appeal to the United States Court of Appeals for the Federal Circuit on May 22, 2017 (Case No. 17-2059). Palo Alto Networks and Blue Coat filed their Opening Appellant Brief on September 15, 2017. Finjan filed its Response Brief on November 27, 2017, and Palo Alto Networks and Blue Coat filed their Reply Brief on January 11, 2018. On March 7, 2018, Blue Coat filed a motion to withdraw from the appeal. On March 13, 2018, the Federal Circuit granted Blue Coat’s motion to withdraw. Oral argument is set for June 6, 2018.

U.S. Patent No. 7,613,926 (the “’926 Patent”)

On November 4, 2015, Palo Alto Networks, Inc. filed a petition for IPR of the ‘926 Patent (IPR2016-00145). Finjan filed its POPR on February 17, 2016. The PTAB denied Palo Alto Networks’ petition to institute the IPR proceeding on the ‘926 Patent on May 9, 2016.

U.S. Patent No. 6,965,968 (the “’968 Patent”)

On November 5, 2015, Palo Alto Networks Inc. filed two (2) separate petitions for IPR of United States Patent No. 6,965,968 (IPR 2016-00149, IPR2016-00150). Finjan filed POPRs to the petitions on February 17, 2016. On May 16, 2016, the PTAB denied institution of IPR proceedings on both petitions.

U.S. Patent No. 6,804,780 (the “’780 Patent”)

On November 6, 2015, Palo Alto Networks Inc. filed a petition for IPR of United States Patent No. 6,804,780 (IPR 2016-00165). Finjan filed a POPR to the petition on February 17, 2016. On April 21, 2016, the PTAB denied institution of IPR.

U.S. Patent No. 7,613,918 (the “’918 Patent”)

On November 6, 2015, Palo Alto Networks Inc. filed a petition for IPR of United States Patent No. 7,613,918 (IPR 2016-00164). Finjan filed a POPR to the petition on February 17, 2016. On May 5, 2016, the PTAB denied institution of IPR.

U.S. Patent No. 8,677,494 (the “’494 Patent”)

On November 6, 2015, Palo Alto Networks Inc. filed a petition for IPR of United States Patent No. 8,677,494 (IPR 2016-00159). Finjan filed a POPR to the petition on February 17, 2016. On May 13, 2016, the PTAB granted institution of IPR. On May 27, 2016, Finjan filed a Request for Rehearing, and on June 23, 2016 the PTAB denied Finjan’s Request for Rehearing. On June 27, 2016, the parties filed a joint notice to amend the Scheduling Order. On August 12, 2016, Finjan filed its Patent Owner Response to Palo Alto Network’s Petition in IPR 2016-00159. The parties had an oral hearing on February 16, 2017. On April 11, 2017, the PTAB issued a final written decision stating

that claims 3 - 5 and 10 - 15 have not been shown to be unpatentable, and claims 1, 2, and 6 have been shown to be unpatentable. Finjan filed a request for rehearing on May 11, 2017, and on July 17, 2017, the PTAB denied Finjan's request. Palo Alto Networks and Blue Coat Systems LLC filed a Notice of Appeal for IPR2016-00159 and IPR2016-01174 to the United States Court of Appeals for the Federal Circuit on September 14, 2017, and on September 28, 2017, Finjan filed its Notice of Appeal (Case No. 17-2543). The Federal Circuit consolidated the appeal with Case No. 17-2034. Palo Alto Networks' and Blue Coat Systems' Opening Appellant Brief filed its Opening Appellant Brief on December 29, 2017. Finjan filed its Cross-Appellant Principal and Response Brief on February 7, 2018. On March 8, 2018, Symantec and Blue Coat filed a motion to withdraw from appeal numbers 2017-2543, 2623. On March 13, 2018, the Federal Circuit granted Symantec and Blue Coat's motion to withdraw and deconsolidated the appeal. On April 12, 2018, the Patent Office intervened in the appeal. Palo Alto Networks filed its reply brief on April 18, 2018. The Patent Office's reply brief is to be filed on May 22, 2018, and Finjan's reply brief is due June 5, 2018.

Table of Contents

U.S. Patent No. 7,647,633 (the “‘633 Patent”)

On January 20, 2016, Blue Coat Systems, Inc. filed a Petition for IPR of U.S. Patent No. 7,647,633 (“the ‘633 Patent”) (IPR2016-00480) and a Motion for Joinder to Palo Alto Networks’ Petition for IPR of the ‘633 Patent (IPR2015-01974). On April 22, 2016, Finjan filed a POPR to the petition. On June 24, 2016, the PTAB instituted IPR, and granted Blue Coat’s Motion for Joinder. On March 16, 2017, the PTAB issued a final written decision maintaining the validity of all instituted claims.

U.S. Patent No. 8,225,408 (the “‘408 Patent”) On April 27, 2016, Blue Coat Systems, Inc. filed two (2) separate petitions for IPRs of United States Patent No. 8,225,408 (IPR2016-00955; IPR2016-00956), and Motion for Joinder to Palo Alto Networks, Inc.’s Petitions for IPR of the ‘408 Patent (IPR2015-02001 and IPR2016-00157). On August 30, 2016, the PTAB granted Blue Coat Systems, Inc.’s Motions for Joinder. On March 17, 2017, the PTAB issued a final written decision maintaining the validity of all instituted claims in IPR2015-02001 and IPR2016-00157. Palo Alto Networks and Blue Coat Systems LLC filed a Notice of Appeal to the United States Court of Appeals for the Federal Circuit on May 22, 2017 (Case No. 17-2059). Palo Alto Networks and Blue Coat filed their Opening Appellant Brief on September 15, 2017. Finjan filed its Response Brief on November 27, 2017, and Palo Alto Networks and Blue Coat filed their Reply Brief on January 11, 2018. On March 7, 2018, Blue Coat filed a motion to withdraw from the appeal. On March 13, 2018, the Federal Circuit granted Blue Coat’s motion to withdraw. Oral argument is set for June 6, 2018.

U.S. Patent No. 8,677,494 (the “‘494 Patent”)

On April 14, 2016 and on June 10, 2016, Blue Coat Systems, Inc. filed two Petitions for IPR of United States Patent No. 8,677,494 (IPR2016-00890; IPR2016-01174) and a Motion for Joinder to Symantec Corp.’s Petition for IPR of the ‘494 Patent (IPR2015-01892) and Palo Alto Networks, Inc.’s Petition for IPR of the ‘494 Patent (IPR2016-00159). The PTAB granted Blue Coat’s motions for joinder. On March 15, 2017, the PTAB issued a final written decision maintaining the validity of claims 5, 10, 11, 14, and 15 and invalidating claims 1, 2, and 6 of the ‘494 Patent in IPR2015-01892. Palo Alto Networks and Blue Coat Systems LLC filed a Notice of Appeal for IPR2016-00159 and IPR2016-01174 to the United States Court of Appeals for the Federal Circuit on September 14, 2017, and on September 28, 2017, Finjan filed its Notice of Appeal (Case No. 17-2543). The Federal Circuit consolidated the appeal with Case No. 17-2034. Palo Alto Networks’ and Blue Coat Systems’ Opening Appellant Brief filed its Opening Appellant Brief on December 29, 2017. Finjan filed its Cross-Appellant Principal and Response Brief on February 7, 2018. On March 8, 2018, Symantec and Blue Coat filed a motion to withdraw from appeal numbers 2017-2543, 2623. On March 13, 2018, the Federal Circuit granted Symantec and Blue Coat’s motion to withdraw and deconsolidated the appeal. On April 12, 2018, the Patent Office intervened in the appeal. Palo Alto Networks filed its reply brief on April 18, 2018. The Patent Office’s reply brief is to be filed on May 22, 2018, and Finjan’s reply brief is due June 5, 2018.

U.S. Patent No. 9,189,621 (the “‘621 Patent”)

On March 1, 2017, Blue Coat Systems LLC filed a petition for IPR of the ‘621 Patent (IPR2017-00995). Finjan filed its POPR on June 22, 2017. On September 5, 2017, the PTAB instituted IPR for claims 1, 4-6, 9, 12-14, 17, 24, 35, 37, and 42. Finjan filed its Patent Owner Response on December 11, 2017. Petitioner’s Reply is due on March 5, 2018. On March 13, 2018, the parties filed a joint motion to terminate and joint notice of agreement. On March 21, 2018, the PTAB granted the joint motion to terminate and terminated the IPR as to all parties.

U.S. Patent No. 7,975,305 (the “‘305 Patent”)

On July 4, 2017, ESET, LLC and ESET SPOL S.R.O. filed a petition for IPR of the ‘305 Patent (IPR2017-01738). Finjan filed its POPR on November 3, 2017. On January 31, 2018, the PTAB instituted IPR on claims 1-25 of the ‘305 Patent. Finjan’s Patent Owner Response has been temporarily stayed and Petitioner’s Reply is due on July 30, 2018. Oral argument is scheduled for October 24, 2018.

U.S. Patent No. 8,079,086 (the “‘086 Patent”)

On August 16, 2017, ESET, LLC and ESET SPOL S.R.O. filed a petition for IPR of the '086 Patent and motion for joinder to Blue Coat Systems, Inc. v. Finjan, Inc. IPR2016-01444 (IPR2017-01969). On November 3, 2017, Finjan filed its POPR. On January 9, 2018, the PTAB denied institution of IPR. On February 6, 2018, ESET filed a request for rehearing. On February 15, 2018, the PTAB denied ESETs' request for rehearing.

U.S. Patent No. 6,154,844 (the "'844 Patent")

On September 22, 2017, Cisco Systems, Inc. filed a petition for IPR of the '844 Patent (IPR2017-02154). Finjan filed its POPR on January 6, 2018. On April 3, 2018, the PTAB denied institution of IPR.

U.S. Patent No. 8,677,494 (the "'494 Patent")

On September 22, 2017, Cisco Systems, Inc. filed a petition for IPR of the '494 Patent (IPR2017-02155). Finjan filed its POPR on January 8, 2018. On April 3, 2018, the PTAB denied institution of IPR.

Table of Contents

U.S. Patent No. 7,647,633 (the “’633 Patent”)

On December 22, 2017, Cisco Systems, Inc. filed a petition for IPR of the ‘633 Patent (IPR2018-00391). Finjan’s POPR was filed on March 28, 2018.

Except for the foregoing disclosures, Finjan is not presently aware of any other material pending legal proceedings, to which Finjan or any of its subsidiaries are a party or of which any of its property is the subject.

Litigation, including patent litigation, is inherently subject to uncertainties. As such, there can be no assurance that Finjan will be successful in litigating and/or settling any of these claims.

NOTE 9 - INCOME TAX

The tax provision for the three months ended March 31, 2018 is comprised of federal and state income tax for the activity in the period at the statutory rates. The current tax payable differs from the year-to-date tax expense due to carry over attributes, including utilization of its remaining net operating losses of approximately \$12.7 million. The computed effective tax rate for the quarter of approximately 28.09% reflects the recently enacted Tax Reform which reduced the federal tax rate to 21%. In addition, the Company no longer has a valuation allowance against its domestic net deferred tax assets as it was released during 2017.

NOTE 10 - SUBSEQUENT EVENTS

On April 9, 2018, the Company announced that Finjan had entered into a Confidential Patent License and Settlement Agreement (the “Finjan License”) with Carbon Black, Inc., a Delaware corporation (“Carbon Black”), on April 6, 2018 (the “Effective Date”), whereby the companies have resolved all pending litigation matters (Case No. 5:18-cv-01760-NC). In addition, Finjan Mobile., a wholly-owned subsidiary of the Company, and Carbon Black entered into a separate Confidential Patent Cross License Agreement (the “Cross License”), which serves to ensure the parties’ freedom to operate under the other’s patent portfolio. The terms of each agreement are confidential.

Under the terms of the Finjan License, Carbon Black agreed to pay Finjan \$3.9 million in license fees, as follows: (i) \$1.3 million within five (5) business days of the Effective Date of the Finjan License, (ii) \$1.3 million on or before September 30, 2018 and (iii) \$1.3 million on or before December 31, 2018. The Company received \$1.3 million of the \$3.9 million license on April 9, 2018. Further, upon acquisition of Carbon Black or acquisitions by Carbon Black, additional one-time license fees will be due to Finjan equal to eight percent (8%) of the gross revenues of certain qualifying products and services for the four (4) concluded quarters immediately preceding the acquisition. The Company will recognize \$3.9 million as license revenues in the quarter ended June 30, 2018 in accordance with the Company’s revenue recognition policy as described in Note 1.

Item 2. Management’s discussion and analysis of financial condition and results of operations

The following discussion includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, about Finjan Holdings, Inc., (the “Company” or “Finjan Holdings”), financial condition and results of operations, including discussions about management’s expectations for the business. These include statements regarding our expectations, intentions, beliefs and projections about our future results, performance, prospects and opportunities. These statements can be identified by the fact that they do not relate strictly to historical or current facts or by the use of words such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “intend,” “may,” “plan,” “project,” “potential,” “should,” “will,” “will be” or the negative of these terms and similar expressions, but this is not an exclusive way of identifying such statements. Readers are cautioned that forward-looking statements are not guarantees of future performance. Our actual results, performance and achievements may differ materially from those expressed in, or implied by, the forward-looking statements contained in this report as a result of various risks, uncertainties and other factors. Important factors that could cause our actual results to differ materially from our expectations include, without limitation, our ability to execute our business plan, the outcome of pending or future enforcement actions, our ability to expand our technology portfolio, the enforceability of our patents, the continued use of our technologies in the market, the development of products and services for the consumer and enterprise market, the sufficiency of our existing cash and investments to meet our cash needs for at least the next 12 months, the development or continuation of a liquid trading market for our securities, regulatory developments and other factors described under Item 1A. “Risk Factors,” as set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and any subsequent quarterly or current reports. The following discussion should also be read in conjunction with the audited and unaudited consolidated financial statements and notes thereto, as set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and any subsequent quarterly or current reports, including this Quarterly Report on Form 10-Q.

The Company will continue to file annual, quarterly and current reports, proxy statements and other information with the U.S. Securities and Exchange Commission (the “SEC”). Forward-looking statements speak only as of the dates specified in such filings. Except as expressly required under federal securities laws and the rules and regulations of the SEC, we do not undertake any obligation to update any forward-looking statements to reflect events or circumstances arising after any such date, whether as a result of new information or future events or otherwise. You should not place undue reliance on the forward-looking statements included in this report or that may be made elsewhere from time to time by us, or on our behalf. All forward-looking statements attributable to us are expressly qualified by these cautionary statements.

## Table of Contents

### Overview

We operate a cybersecurity business, focused on licensing and enforcement, developing mobile security applications, providing advisory services, and investing in emerging cybersecurity technologies and intellectual property.

### Operations

We operate our cybersecurity business through our wholly-owned subsidiaries including, Finjan, Finjan Blue, Finjan Mobile and CybeRisk.

Through Finjan, we own a portfolio of patents, related to software and hardware technologies that proactively detect malicious code and thereby protect end users from identity and data theft, spyware, malware, phishing, trojans and other web and network threats. Founded in 1997, Finjan developed and patented technologies that are capable of detecting previously unknown and emerging threats on a real-time, behavior-based, basis, in contrast to signature-based methods of intercepting only known threats to computers. The older signature-based methods, were standard in the web and network security industry during the 1990s. As the web and endpoint security industries - known as cybersecurity - have transitioned to behavior-based detection of malicious code, we believe that our patented technologies continue to be widely used by third parties in a number of market segments. We intend to maximize the economic benefits of our technologies through further licensing and to broaden our technologies and patent holdings through acquisitions and strategic partnerships.

As a core element of our continued patent licensing and enforcement business, our management team, having expertise with technology and intellectual property ("IP") monetization, monitors a number of markets and assesses and observes the adoption of our patented technologies in these markets. Our management team, in conjunction with outside legal, technical, and financial experts concludes on a case-by-case basis whether or not they believe that Finjan's patented technologies are being used. Based on these observations, we continue to believe our patented technologies are highly relevant in specific cybersecurity technology areas including, but not limited to, endpoint/cloud software, web gateway/internet infrastructure, and networking equipment markets. From that basis, the Company pursues unlicensed entities through licensing, assertion of claims or both to preserve the value of our portfolio in general. This also reinforces the value to existing licensees of the Finjan patent portfolio.

Since the sale of its hardware and software operations in 2009, Finjan's primary source of income and related cash flows has been the enforcement of its patent rights against unauthorized use and to a lesser extent, income derived from intellectual property licenses granted to third parties for the use of patented technologies that are owned by Finjan.

Finjan Blue was founded to support our development and licensing efforts of the IBM Security Patents obtained by Finjan Blue through the Patent Assignment and Support Agreement with IBM. The Agreement, the terms of which are confidential, includes pathways for Finjan and IBM to consider development efforts in the future and provides for the sharing of pertinent institutional knowledge and resources by IBM to Finjan Blue.

Finjan Mobile was founded to ensure that mobile devices are protected against spies, phishing and malware attacks. Given the uptrend in mobile device usage coupled with the amount of transient corporate data, the average mobile user presents and represents higher risks of data loss through hacking. The consumer mobile device has become so convenient that consumers often ignore online security and download apps and blindly agree to terms of service, purchase products, pay bills, connect to free Wi-Fi, and not think twice about personal data and photos stored on their devices. As such, in June of 2015, the Company started research and development of security products for mobile devices which not only benefit from technologies developed and patented by Finjan but with the invention of new mobile technologies will help us expand our existing patent portfolio.

CybeRisk was founded to deliver global advanced cyber risk and cyber security advisory services. Through a team of employees and consultants, based in East Palo Alto & Tel Aviv, CybeRisk assesses corporate risk exposure and delivers appropriate mitigation strategies. CybeRisk's unique and focused offering, positions CybeRisk as the piece that interconnects the "server room to the board room".

As of March 31, 2018, we had 10 employees. We intend to hire or engage additional full-time professionals, employees, and/or consultants in alignment with our growth strategy. Although the market is highly competitive for attracting and retaining highly qualified professionals in our industry, we continue our endeavor to find such candidates for our Company. Our management team and additional personnel that we may hire in the future will be primarily responsible for executing and implementing our licensing and enforcement strategy, including analyzing licensing and enforcement opportunities, making tactical decisions related to our strategy, identifying new applications for our existing cybersecurity technologies and pursuing opportunities to invest in new technologies through strategic partnerships and acquisitions.

## Table of Contents

### Industry Trends and Outlook

We believe cybersecurity will be a very active sector in 2018. Cybersecurity is not just another technology but a critical business issue that intersects government, corporations and individual citizens. We have recently seen a number of devastatingly successful cybersecurity breaches targeting high profile government offices and corporations. The full extent of the cost and damage associated with these attacks may not be known for some time. Nonetheless, these attacks are expected to continue, along with their associated and sometimes unprecedented costs. In many cases, it is not just the government or corporation that suffers losses or damages but their clients and customers, who can also fall victim by the breach of their personal and otherwise confidential data. These issues have forced both government and corporations to take a serious look at their vulnerabilities, which will lead to increased spending on cybersecurity infrastructure, including hardware and software, as well as cybersecurity consulting services.

Given our 20-year history in the cybersecurity market we have had the benefit of actively participating in the progression on how technology has moved to meet the new threats and demands. We believe this puts us in a unique position to make observations and determine the best course of action in order to make investments in new developing technologies. There is still a limited appreciation for how much personal data is being pushed out over the internet for anyone to capture and unlike desktops and laptop computers, mobile devices do not have the same kind of access to security. We believe this represents a unique opportunity for Finjan to develop products for consumer mobile devices that were once only available to our enterprise customers. As such, we are building upon our current patented technology and migrating it into the mobile platform so consumers can have greater control of their security and personal information.

We believe that there are some proponents of patent law reform, largely made up of an individual or coalitions of technology corporations that continue to seek statutory limitations on how companies can enforce their patents. In an effort to ensure fair and balanced protections for all good faith patent owners, our executives have dedicated time and resources to actively educate our lawmakers and existing and prospective stakeholders on how certain proposed reforms could harm individual inventors, startups, small companies, the licensing industry and therefore, U.S. innovation and the economy as a whole.

Further, since the enactment of the Leahy-Smith America Invents Act ("AIA") on September 16, 2011, several aspects of the patent law have been interpreted by the courts, including what constitutes patentable subject matter, inducement of infringement, and (attorney) fee-shifting to the non-prevailing party in the context of litigation, among other issues. Moreover, under AIA, patents previously granted by the USPTO may be reviewed through post-patent grant proceedings such as reexamination or IPR. It is becoming a trend, if not a practice, for accused infringers to petition for reexaminations or IPRs of asserted patents as these proceedings may give the petitioner "two bites at the apple." The outcome of the proceedings can range from decisions favorable to the patent holder, favorable to both parties, or favorable to the petitioner. If the outcome is the latter, the value of the challenged patent can be materially reduced or extinguished. Thus, patent rights, including enforcement of such rights against unauthorized use is inherently subject to uncertainties.

### Future Growth Strategy

Our mission, for the foreseeable future, is to build a diversified cybersecurity company benefiting from historical investments in technology and patents while expanding into new product and service offerings. We believe our patented technologies continue to hold significant value and we intend to vigorously protect our investment, the value of our existing licensees' investments, and the value that technology and intellectual property represents for our shareholders. We are pursuing and will continue to pursue our growth through the following strategies:

Develop and Expand Existing Patent Portfolio - We have obtained and endeavor to continue to obtain new patents relating to security technologies through research and development and/or acquisition in the cybersecurity space. For example, on January 24, 2017, our subsidiary, Finjan Mobile, Inc., was issued a U.S. Patent No. 9,554,279 titled “Authorized Areas of Authentication.”

Expand our IP Assets through Acquisitions and Strategic Partnerships - We intend to acquire and develop new patents, technologies or other business assets or companies and invest in intellectual property through strategic partnerships, acquisitions of technology-focused companies, IP portfolios or other assets and other initiatives. We endeavor to identify relevant security technologies and patents that have been, or are anticipated to be, widely adopted by third parties in connection with the manufacture or sale of products and services, and to which we can bring enforcement actions (i.e., licensing or litigation) and other expertise. We may also broaden our technology and patent holdings by working with inventors and universities, acquiring technology companies, investing in research laboratories, start-ups, and by creating strategic partnerships with companies, large and small, seeking to effectively and efficiently monetize their technology and patent assets. Our experience with monetizing both technologies and

Table of Contents

patents may be considered valuable by potential acquisition candidates and strategic partners who may lack resources or know-how to effectively and efficiently generate a return for those investments.

Through Finjan Blue, we entered into a Patent Assignment and Support Agreement with IBM, effective August 24, 2017. Pursuant to the Patent Assignment Agreement, Finjan Blue acquired select IBM patents in the security sector in exchange for \$8.5 million cash, payable as follows: (i) \$2.0 million upon execution of the Patent Assignment Agreement and (ii) \$6.5 million over the subsequent four years, final payment due August 24, 2021. IBM will support Finjan Blue in its development and licensing of the IBM Security Patents and provide assistance for such efforts as needed for the term of the Agreement and Finjan Blue will reimburse IBM for reasonable time and out of pocket costs for such assistance, however IBM will not receive further proceeds from such efforts. IBM has reservation of rights with respect to the IBM Security Patents for its current licensees and open source initiatives. Finjan Blue and IBM also agreed to explore further development and licensing opportunities.

Continue to Demonstrate Best Practices in Pursuing Licensing Relationships and Enforcing our Patent Rights - In March 2014, we adopted Best Practices to demonstrate our commitment to ethical, transparent and consistent business practices for intellectual property licensing. We called upon and continue to promote industry-wide adoption of a set of best practices through leadership organizations such as the Licensing Executive Society (LES) and the Open Register of Patent Owners that support technological advancements, investments in innovation, and continued job creation while protected by a robust patent system. In February of 2017, the American National Standards Institute or ANSI had approved LES' application to receive accreditation to become a Standards Development Organization or SDO. With this new endorsement and governance from ANSI, Finjan is moving swiftly to build industry consensus for IP and patent related matters in a number of disciplines. We intend to continue pursuing a proactive campaign that adheres to our best practices guidelines while rigorously protecting our intellectual property rights. We have entered into preliminary discussions with numerous potential licensees in accordance with these Best Practices but acknowledge that it takes many discussions and many months for preliminary discussions to culminate in a license agreement, if at all. While it is our preference to resolve our patent-related disputes through amicable business solutions, protecting the value of our patented technology is paramount

Invest in Internal Research & Development through Finjan Mobile - We continue to pursue internal research and development of security technologies that both relate to Finjan's existing patented inventions as well as new concepts to meet an ever-expanding market need. Since we do not yet have sufficient internal personnel to engage in large-scale research and development, we currently operate this business with limited internal staff focused on strategy and market development while software development is completed under contract with external developers. Products currently available include our Finjan Mobile Secure Browser and a Virtual Private Network (VPN) which can be used within the Finjan Browser or separately to encrypt data and keep consumers secure.

On September 6, 2017, Finjan Mobile released VitalSecurity™ Gen 4.0 Secure Mobile Browser (VitalSecurity 4.0). The patented VitalSecurity 4.0 is a fully functional browser as well as a VPN for use on Apple and Android platforms, and now available for Mac and Windows desktop applications. This VitalSecurity product builds upon the incorporation of Finjan, Inc.'s, core security patented technology.

VitalSecurity 4.0 is available for download on the IOS and Android platforms in the iTunes and Google Play stores and the VPN can be downloaded for Mac and Windows on FinjanMobile.com

The Company continues to explore inorganic growth and acquisition opportunities to complement the vision for Finjan Mobile.

Continue to Analyze Opportunities to Leverage Investment in CybeRisk - CybeRisk provides services to enterprise customers on a wide variety of threats, current and future issues, and prevention. We intend to further analyze how

best to leverage our investment in CybeRisk and our cybersecurity advisory services business.

Although we currently pursue growth initiatives through the above strategies, unforeseen market and industry conditions and new developments may necessitate changes in our strategies. We intend to remain resilient, flexible, and open to new opportunities that benefit our shareholders.

#### Recent Accounting Pronouncements

See "Note 1 -The Company and summary of significant accounting policies, - Recent accounting pronouncements"

## Table of Contents

### Comparability to Future Results

We have set forth below selected factors that we believe have had, or can be expected to have, a significant effect on the comparability of our recent or future results. In addition to the factors described below, please see Item 1A. “Risk Factors” for additional factors that may affect our operating results.

### Fluctuations of Income, Expenses and Cash Flows Related to Licensing and Enforcement

Our licenses and judgments may not be recurring and are not necessarily indicative of the income or cash flows that we expect to generate in the future from our existing technology portfolio or otherwise. We expect income, expenses and cash flows related to patent enforcement to be unpredictable and to fluctuate significantly from period to period. A number of factors, many of which are beyond our control, may affect the timing and amount of our income and cash flows related to patent licensing and enforcement actions, including, but not limited to, trial dates, the strength of our claims and likelihood of achieving an acceptable license on settlement, the timing and nature of any appeals and our ability to collect on any favorable judgments. Significant fluctuations in our income and cash flows may make our business difficult to manage and adversely affect our business and operating results. We do not recognize income from our licensing and enforcement actions until the terms are fixed and determinable or litigation is finalized (whether resolved at trial or in a settlement).

Our expenses, principally with respect to litigation costs, may also vary significantly from period to period depending upon a number of factors, including, but not limited to, whether fees of outside legal counsel are paid on an hourly, contingent or other basis, the timing of depositions, discovery and other elements of litigation, costs of expert witnesses and other consultants, and other costs incurred in support of enforcement actions.

As a result of the factors described above and other known and unknown risks affecting our business, our historical operating performance may not be indicative of our future results.

### Stock-Based and Other Executive Compensation

Our Board of Directors has adopted the Finjan Holdings Amended and Restated 2014 Incentive Compensation Plan (“Restated 2014 Plan”), which our shareholders approved at our 2014 annual meeting of stockholders on July 10, 2014, pursuant to which 2,196,836 shares of common stock are authorized for issuance and on June 21, 2017, at our 2017 annual meeting of stockholders, the Company's shareholders approved (i) an increase of 1,000,000 shares to the Finjan Holdings, Inc. Restated 2014 Plan and (ii) the addition of an “evergreen” feature which provides for the annual replenishment of shares to the Restated 2014 Plan share reserve without stockholder approval (equal to 5.0% of our outstanding shares of Common Stock as of the end of our immediately preceding fiscal year). A total of 626,212 restricted stock units and 2,718,007 options remain outstanding as of March 31, 2018, under the Restated 2014 Plan. We expect that future equity-based awards will continue to be made under the Restated 2014 Plan to our directors, officers and other employees and consultants. As a result, to the extent relevant, we may incur non-cash, stock-based compensation expenses in future periods that may not be comparable to past periods.

We expect to increase the number of employees and consultants to help execute our strategy in the cybersecurity business and support our public company functions. Accordingly, we will continue to incur compensation expenses in future periods that we did not incur during the historical periods presented in our financial statements.

Table of Contents

## Results of Operations

Three months ended March 31, 2018 compared with three months ended March 31, 2017

	For Three Months Ended March			
	2018	2017	Change	
			%	
	(In millions, except percentages)			
Revenue	\$65.0	\$24.7	\$40.3	163 %
Cost of revenues	13.0	3.8	9.2	242 %
Gross profit	52.0	20.9	31.1	149 %
Gross Margin	80 %	85 %		
Operating expenses:				
Research and development	0.5	0.2	0.3	150 %
Sales, general and administrative <sup>(1)</sup>	8.3	4.5	3.8	84 %
Total operating expenses	8.8	4.7	4.1	87 %
Income from operations	43.2	16.2	27.0	167 %
Other income (expense)				
Change in fair value of warrant liability	(2.1 )	—	(2.1 )	100 %
Interest expense	(0.4 )	—	(0.4 )	100 %
Income before income taxes	40.7	16.2	24.5	151 %
Provision for income taxes	11.5	0.3	11.2	3,733 %
Net income	\$29.2	\$15.9	\$13.3	84 %
<sup>(1)</sup> Includes stock based compensation	\$0.3	\$0.2	\$0.1	50 %

Revenues for the three months ended March 31, 2018 increased 163% or \$40.3 million to \$65.0 million compared to \$24.7 million for the three months ended March 31, 2017. Revenue is derived from license agreements that we entered into with third-parties following negotiations pursuant to our licensing and enforcement program. Revenue is determined by the timing of these licensing agreements and can vary period to period.

Costs of revenues include legal fees directly associated with our licensing and enforcement program and were \$13.0 million for the three months ended March 31, 2018 and \$3.8 million for the same period in 2017. Gross profit as a percentage of revenue was 80% for the three months ended March 31, 2018, versus 85% for the same period in 2017.

Research and development expenses were \$0.5 million for the three months ended March 31, 2018, representing an increase of \$0.3 million or 150%, as compared to the same period in 2017. Our focus on research and development consisted primarily of professional services associated with our mobile security application products. We continue our efforts in security application products.

Selling, general and administrative expenses (“SG&A”) during the three months ended March 31, 2018 of \$8.3 million, an increase of \$3.8 million or 84% as compared to \$4.5 million for the same periods ended March 31, 2017. SG&A

expenses are largely related to litigation and headcount. For the three months ended March 31, 2018 litigation expenses increased by \$1.6 million or 102%, to \$3.3 million from \$1.7 million during the same period in 2017. These costs are primarily due to the timing of various outstanding actions as described in "NOTE 8 - LITIGATION, CLAIMS AND ASSESSMENTS". Headcount related expenses were \$2.9 million for the three months ended March 31, 2018, as compared to \$1.6 million during the same period in 2017, an increase of \$1.3 million or 82%, primarily due to incentive bonuses earned in the current quarter.

Table of Contents

Other expense for three months ended March 31, 2018, of \$2.1 million was a result of re-valuation of the warrant liability for the Warrant entered into during the second quarter of 2017.

The provision for income taxes of \$11.5 million and \$0.3 million is tied to the net income recognized during the three months ended March 31, 2018 and 2017, respectively.

Liquidity and Capital Resources

Overview

Our cash requirements are, and will continue to be, dependent upon a variety of factors. We expect to continue devoting significant capital resources to the litigations in process and any other litigation we pursue. We also expect to require significant capital resources to maintain our issued patents, prosecute our patent applications, acquire new technologies as part of our growth strategy, and attract and retain qualified personnel on a full-time basis.

In addition:

On November 21, 2013, we made a \$5 million commitment to invest in an innovation fund through JVP to invest in early-stage cyber technology companies, of which \$2.2 million of the commitment remains unfunded as of March 31, 2018. The fund can make a call on our remaining \$2.2 million commitment at any time. We expect to make payments to honor this commitment if and when capital calls are made by the fund. We have sufficient cash on hand to fund such obligations.

On April 21, 2017, we entered into a \$3.9 million agreement with Avira, Inc., to provide services to support our VPN Platform effective July 1, 2017, payable over 3 years in quarterly payments of \$0.3 million. As of March 31, 2018, the Company has a \$2.9 million contractual obligation due over the next 9 quarters.

We entered into a \$8.5 million Patent Assignment and Support Agreement with IBM effective August 24, 2017. As of September 30, 2017, the Company has a \$6.5 million contractual obligation due over the next 4 years, with final payment August 24, 2021.

We lease our corporate headquarters office in East Palo Alto, California and offices in New York, New York and Tel Aviv, Israel. Under the terms of the three leases, we owe minimum lease obligations of \$0.3 million over the remaining life of the leases, which expire during 2018. We are currently negotiating a definitive agreement for the renewal of the lease in East Palo Alto, California. We expect lease costs to increase to reflect current market conditions. During 2015, we entered into sublease for the New York office for essentially the remaining duration of the lease. As of March 31, 2018, the total future minimum lease payments to be received under the New York sublease was \$0.1 million.

As of March 31, 2018, we have licensing agreements with installment payments totaling \$2.5 million through March 2019. Revenue will be recognized in accordance with our revenue recognition policy (See "NOTE 1 - The Company and summary of significant accounting policies, - Revenue Recognition")

The amount and timing of cash flows from our licensing and enforcement activities are subject to uncertainties stemming primarily from uncertainties regarding the rates of adoption of our patented technologies, the success of our licensing efforts and the outcome of enforcement actions. As a result, our income and cash flows may vary significantly from period to period.

March  
31,  
2018

December  
31, 2017

(in millions)

Cash & cash equivalents \$80.4 \$ 41.2

As of March 31, 2018, we had \$80.4 million of cash and cash equivalents, an increase of \$39.2 million from \$41.2 million at December 31, 2017. This is primarily attributable to \$59.7 million provided by operating activities, \$19.9 million cash used in financing activities to redeem and retire Series A-1 Preferred shares and \$0.6 million used in the additional investment in the JVP fund.

Based on current forecasts, management believes that our cash and cash equivalents will be sufficient to meet our anticipated cash

30

---

Table of Contents

needs for working capital for the next 12 months from the date of filing of this quarterly report.

	Three Months Ended March 31,	
	2018	2017
	(in millions)	
Net cash provided by operating activities	\$59.7	\$19.9
Net cash provided by (used in) investing activities	\$(0.6 )	\$0.1
Net cash used in financing activities	\$(19.9)	\$(7.2 )

## Cash flows from Operating Activities:

Net cash provided by our operating activities of \$59.7 million during the three months ended March 31, 2018 is primarily due to net income of \$29.2 million, plus \$9.0 million for provision for taxes payable, \$11.5 million in accounts payable, \$0.3 million in depreciation and amortization, \$0.3 million of stock-based compensation, \$7.3 million change in other operating assets and liabilities and \$2.1 million change in warrant liability.

Net cash provided by our operating activities of \$19.9 million during the three months ended March 31, 2017 is primarily due to net income of \$15.9 million and \$3.7 million in changes in our operating assets and liabilities.

## Cash used in Investing Activities:

During the three months ended March 31, 2018 cash used in investing activities of \$0.6 million was related to the purchase of additional investment in accordance with commitment to the JVP fund, as compared to the cash provided by investing activities of \$0.1 million for the same period in 2017.

## Cash provided by Financing Activities:

Net cash used in financing activities was \$19.9 million during the three months ended March 31, 2018 versus \$7.2 million during the three months ended March, 2017, resulting from the redemption and retiring of both Series A-1 and Series A Preferred Stock Financing, respectively.

## Significant Developments

On April 9, 2018, the Company announced that Finjan had entered into a Confidential Patent License and Settlement Agreement (the “Finjan License”) with Carbon Black, Inc., a Delaware corporation (“Carbon Black”), on April 6, 2018 (the “Effective Date”), whereby the companies have resolved all pending litigation matters (Case No. 5:18-cv-01760-NC). In addition, Finjan Mobile., a wholly-owned subsidiary of the Company, and Carbon Black entered into a separate Confidential Patent Cross License Agreement (the “Cross License”), which serves to ensure the parties’ freedom to operate under the other’s patent portfolio. The terms of each agreement are confidential.

Under the terms of the Finjan License, Carbon Black agreed to pay Finjan \$3.9 million in license fees, as follows: (i) \$1.3 million within five (5) business days of the Effective Date of the Finjan License, (ii) \$1.3 million on or before September 30, 2018 and (iii) \$1.3 million on or before December 31, 2018. The Company received \$1.3 million of the \$3.9 million license on April 9, 2018. Further, upon acquisition of Carbon Black or acquisitions by Carbon Black, additional one-time license fees will be due to Finjan equal to eight percent (8%) of the gross revenues of certain

qualifying products and services for the four (4) concluded quarters immediately preceding the acquisition.

Off-Balance Sheet Arrangements

We do not have any material off-balance sheet arrangements.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Our exposure to market risk for changes in interest rates relates primarily to our holdings of cash and cash equivalents. Our cash and cash equivalents as of March 31, 2018, totaled \$80.4 million and consisted primarily of cash and money market funds with original maturities of three months or less from the date of purchase. Our primary exposure to market risk is interest income sensitivity, which is affected by changes in the general level of the interest rates in the United States. However, because of the short-term nature of the instruments in our portfolio, a sudden change in market interest rates of 10% would not be expected to have a material impact on our financial condition or results of operations. We do not have any foreign currency or other derivative financial instruments.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management evaluated, with the participation of our President and Chief Executive Officer, Philip Hartstein, and our Chief Financial Officer and Treasurer, Michael D. Noonan, the effectiveness of the design and operation of our disclosure controls and procedures, as of the end of the period covered by this quarterly report. Based on our evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective, as of March 31, 2018, to provide reasonable assurance that information required to be disclosed in reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported accurately and within the time periods specified in the Securities and Exchange Commission rules and forms and accumulated and communicated to our management, including our President and Chief Executive Officer and Chief Financial Officer and Treasurer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

During the quarter ended March 31, 2018, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations on Effectiveness of Controls

Our management, including our President and Chief Executive Officer and Chief Financial Officer and Treasurer, has designed our disclosure controls and procedures and our internal control over financial reporting to provide reasonable assurances that the controls' objectives will be met. However, management does not expect that disclosure controls and procedures or our internal control over financial reporting will prevent or detect all error and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Further, because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that misstatements due to error or fraud will not occur or that all control issues and instances of fraud, if any, within Finjan Holdings, Inc. have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Controls can also be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the controls. The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any system's design will succeed in achieving its stated goals under all potential future conditions. Projections of any evaluation of a system's control effectiveness into future periods are subject to risks. Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with policies or procedures.
