PROXY STATEMENT

2012 ANNUAL MEETING OF STOCKHOLDERS
to be held Monday, May 7, 2012

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why did you send me this Proxy Statement and Proxy Card?

We sent you this Proxy Statement and the enclosed Proxy Card because you own shares of Common Stock of First California Financial Group, Inc., or First California or the Company. Your proxy is being solicited by the Board of Directors of First California. This Proxy Statement provides you with information that will help you cast your vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed Proxy Card.

When you sign the Proxy Card, you appoint each of John W. Birchfield, and Thomas Tignino, directors of First California, as your representatives at the Annual Meeting (that is, your proxies). Mr. Birchfield and Mr. Tignino will vote your shares at the Annual Meeting, as you have instructed them on your Proxy Card(s). If an issue comes up for vote at the Annual Meeting that is not on the Proxy Card, Mr. Birchfield or Mr. Tignino will vote your shares, under your proxy, in accordance with his judgment.

We first mailed this Proxy Statement, the attached Notice of Annual Meeting and the enclosed Proxy Card on or about April 5, 2012 to all stockholders entitled to vote. Stockholders who owned Common Stock on March 23, 2012 (the record date) are entitled to vote. On the record date, there were 29,249,104 shares of Common Stock outstanding.

We have enclosed our 2011 Annual Report on Form 10-K filed with the Securities and Exchange Commission, or the SEC. The 2011 Form 10-K is not to be considered part of the soliciting materials.

What am I voting on?

We ask you to vote on the following proposals:

1. The election of 8 directors to serve until the 2013 Annual Meeting
2. Advisory vote to ratify the appointment of Moss Adams LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.
3. Advisory vote to approve the Company's executive compensation

At the time this Proxy Statement was printed, we knew of no other matters to be acted on by the stockholders at the Annual Meeting.

How do I vote?

You may vote by mail

Whether or not you plan to attend the Annual Meeting, we urge you to complete, sign and date the enclosed Proxy Card and return it promptly in the envelope provided. If you mark your voting instructions on the Proxy Card, your shares will be voted as you instruct. If you return a signed Proxy Card but do not provide voting instructions, your shares will be voted "FOR" the election of the nominees for directors identified in this Proxy Statement, and "FOR" the ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.

You may vote by telephone or on the Internet

Stockholders can simplify their voting by voting their shares via telephone or the Internet. The telephone and Internet procedures are designed to authenticate a stockholder's identity, allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

The telephone and Internet voting facilities will close at 11:59 p.m., Eastern Standard Time, on May 6, 2012.

You may vote in person at the Annual Meeting

You may attend the Annual Meeting and vote in person. If you hold your shares in "street name", you must request a legal proxy from your bank or brokerage firm in order to vote at the meeting. Otherwise, we cannot count your votes.

May I revoke my proxy?

If you have returned your signed Proxy Card, you may revoke it at any time before it is exercised. You may revoke your Proxy Card in any one of three ways:

- You may send in another Proxy Card with a later date;
- You may notify First California's Secretary in writing before the Annual Meeting that you have revoked your proxy; or
- You may vote in person at the Annual Meeting.

How will shares I hold in street name be voted?

If you hold your shares in "street name" (that is, through a bank, broker or other nominee), you should receive a proxy from your bank or brokerage firm asking you how you want to vote your shares. If you do not, you may contact such bank or brokerage firm in whose name your shares are registered and obtain a proxy from them. Please refer to the information in the materials provided by your bank or brokerage firm for an explanation of how to change or revoke your vote and of the effect of not indicating a vote.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This ensures your shares will be voted at the Annual Meeting.

What does it mean if I receive more than one Proxy Card?

If you have more than one account at the transfer agent and/or with banks or brokerage firms, you will receive separate Proxy Cards for each account. Please sign and return all Proxy Cards to ensure that all your shares are voted.

How many votes may be cast at the Annual Meeting?

Based on the number of shares of Common Stock outstanding on the record date, up to 29,249,104 votes may be cast on any matter, subject to cumulative voting for directors.

How many shares do we need to hold the Annual Meeting (what are the quorum requirements)?

Holdings of shares representing a majority of our outstanding shares of Common Stock on the record date of March 23, 2012 must be present in person or by proxy at the Annual Meeting in order to hold the Annual Meeting and conduct business. This is called a quorum. Accordingly, a quorum for our Annual Meeting is stockholders representing 14,624,553 shares.

Shares are counted as present at the Annual Meeting if the stockholder either:

- is present at the meeting, or
- has properly submitted a Proxy Card.

How many votes do I have?

You have one vote for each share of our Common Stock you own. In the election of directors, you are permitted to “cumulate” your votes.

What is “cumulative voting”?

Cumulative voting is a manner of voting in the election of directors in which each stockholder is entitled to a total number of votes equal to the number of directors to be elected multiplied by the number of votes the stockholder would have on a single matter. The number of votes a stockholder has on a single matter is the number of shares of Common Stock held by the stockholder on the record date. For example, if you hold 1,000 shares of Common Stock you are entitled to 8,000 total votes in the election of directors (8—the number of directors—multiplied by one vote per share of Common Stock, or 8,000 votes). You may use all of your votes for one nominee, or may distribute your votes among two or more nominees as you see fit.

Mr. Birchfield and Mr. Tignino (your proxies) may, in their discretion, cumulate votes with respect to the election of directors for shares with respect to which they have proxies.

How many votes are required for each of the proposals?

Proposal 1: Election of directors

Directors must be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote. If you do not vote for a particular nominee, or you withhold authority to vote for a particular nominee on your Proxy Card, your vote will not count either "FOR" or "AGAINST" the nominee.

Proposal 2: Ratification of appointment of Moss Adams LLP

An affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of Moss Adams LLP as our independent registered public accounting firm.

Proposal 3: Non-binding advisory proposal to approve the Company's executive compensation

Approval of this proposal requires the affirmative vote of the holders of a majority of the shares of Common Stock present or represented by proxy at the Annual Meeting and entitled to vote.

What are the Board's recommendations on how to vote my shares?

The Board of Directors recommends a vote:

- FOR election as directors the 8 nominees named herein
- FOR ratification of the selection of Moss Adams LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012
 - FOR the approval of the non-binding advisory proposal on the Company's executive compensation

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes will be included in the number of shares present at the Annual Meeting for purposes of determining the presence of a quorum.

Proposal 1: Election of Directors

Assuming a quorum is present at the Annual Meeting, abstentions and broker non-votes have no effect on the election of directors.

Proposal 2: Ratification of appointment of Moss Adams LLP

Assuming a quorum is present at the Annual Meeting, abstentions will have the same effect as votes against such proposal, and broker non-votes will not be counted as votes cast and will have no effect on the voting of this proposal.

Proposal 3: Non-binding advisory proposal to approve the Company's executive compensation

Assuming a quorum is present at the Annual Meeting, abstentions will have the same effect as votes against the proposal, and broker non-votes will not be counted as votes cast and will have no effect on the voting of this proposal.

Who will pay for the cost of this proxy solicitation?

We pay to distribute and solicit proxies and we reimburse brokers, nominees, fiduciaries and other custodians reasonable fees and expenses for forwarding proxy materials to stockholders. Our directors, officers and regular employees may solicit proxies in person, through mail, by telephone or through other means. We do not pay those individuals additional compensation for soliciting proxies.

CORPORATE GOVERNANCE; BOARD COMMITTEES

Director Independence

First California has identified as independent directors the following individuals currently serving on its Board of Directors: directors Aldridge, Benson, Birchfield, Cohen, Gipson, Hubenette and Tignino. In making this determination, First California applied Rule 5605(a)(2) of the Nasdaq Marketplace Rules. First California's Board of Directors has an audit committee, compensation committee and governance and nominating committee. First California has determined that the independent directors identified above also qualify as independent members of its audit, compensation and governance and nominating committees and fulfill the independence requirements in connection with the nomination of directors in accordance with Rule 5605 of the Nasdaq Marketplace Rules. Mr. Kum is also a member of the Board of Directors of First California but, as the President and Chief Executive Officer of First California, he is not "independent."

In making these determinations of independence, First California considered applicable Nasdaq Marketplace Rules and, with respect to members of its audit committee, SEC rules. In addition, with respect to Mr. Benson, First California considered employment relationships with affiliates of one of First California's largest stockholders.

Board Leadership Structure and Risk Oversight

The Board is comprised of eight directors, seven of whom are independent directors, and Mr. Kum, our President and Chief Executive Officer. One of our independent directors, Mr. Gipson, serves as our non-executive Chairman of the Board. The Company believes that its largely independent Board provides useful oversight and allows the Board to fulfill its duties effectively. The Company believes that it is beneficial to separate the roles of Chairman of the Board and Chief Executive Officer in recognition of the differences between the two roles. The Chief Executive Officer is responsible for the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board, in consultation with the Chief Executive Officer, sets the agenda for the Board meetings and presides over meetings of the Board. In addition, the Company believes that the separation of the roles provides a more effective monitoring and objective evaluation of the Chief Executive Officer's performance. The separation of the roles also allows the Chairman of the Board to strengthen the Board's independent oversight of the Company's performance and governance standards.

The Board has delegated primary responsibility for overseeing risk management for the Company to the Audit Committee of the Board of Directors. On a quarterly basis, the Company's Chief Audit Executive/Chief Risk Officer provides a comprehensive risk report to the Audit Committee of the Board of Directors. While the Audit Committee has primary responsibility for overseeing risk management, our entire board of directors is actively involved in overseeing risk management for the Company. Additionally, at least quarterly, the full board receives a report from the chairman of the Audit Committee covering the topics discussed at the Audit Committee meetings. The full board also engages in periodic discussions with the Chief Audit Executive/Chief Risk Officer, Chief Executive Officer, Chief Financial Officer/Chief Operating Officer, Chief Credit Officer and other company officers as the Board may deem appropriate related to risk management. In addition, each committee of the Board has been assigned oversight responsibility for specific areas of risk and risk management. The committees consider risks within their areas of responsibility; for instance, the Compensation Committee considers risks that may result from changes in compensation programs.

The Chief Audit Executive/Chief Risk Officer is responsible for management of the internal audit, risk management and compliance programs of the Company. The Chief Audit Executive/Chief Risk Officer reports directly to the Audit Committee of the Board of Directors and indirectly reports to the Chief Executive Officer for administrative purposes.

The Company believes that the foregoing structure and practices, when combined with the Company's other governance policies and procedures, function extremely well in strengthening Board leadership, fostering cohesive decision-making at the Board level, improving problem solving and enhancing strategy formulation and implementation.

Board and Board Committees; Meetings

The Board of Directors met 13 times during fiscal year 2011. All directors attended at least 75% of all meetings of the Board of Directors and Board Committees on which he or she served in 2011.

The following information is provided regarding certain standing Committees of the Board of Directors during 2011.

Audit Committee

The Audit Committee of the Board of Directors was formed on March 12, 2007 upon completion of the Mergers. The Audit Committee's current charter was approved by the Board of Directors on January 25, 2012. The Audit Committee charter is available on our website at www.fcalgroup.com. The Audit Committee consists of directors Birchfield (Chair), Benson, Cohen, Gipson and Tignino. The Board of Directors has determined that all of the members of the Audit Committee are "independent" in accordance with applicable Nasdaq Marketplace Rules and SEC rules. The Board of Directors has also determined that Thomas Tignino is an "audit committee financial expert" as that term is defined in SEC Regulation S-K.

First California's Audit Committee is responsible for providing assistance to the Board of Directors in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal control and legal compliance functions, as well as those of First California's subsidiaries.

The Audit Committee held nine meetings during 2011.

Compensation Committee

The Compensation Committee of the Board of Directors was formed on March 12, 2007 upon completion of the Mergers. The Compensation Committee's current charter was approved by the Board of Directors on January 25, 2012. The Compensation Committee charter is available on our website at www.fcalgroup.com. The members of the Compensation Committee are: directors Aldridge, Benson (Chair) and Hubenette, none of whom are executive officers of First California. The Board of Directors has determined that all members of the Compensation Committee are "independent" in accordance with applicable Nasdaq Marketplace Rules.

The Compensation Committee recommends to the Board of Directors all elements of compensation for the executive officers and exercises the Board of Directors' authority with respect to the implementation and administration of the executive compensation programs and policies of First California. The Compensation Committee also administers the restricted stock and stock option plans of First California. The Compensation Committee consults with C. G. Kum, First California's President and Chief Executive Officer, on compensation matters. The Compensation Committee engaged Pearl, Meyers & Partners to conduct a review of director compensation at peer companies. Pearl, Meyers & Partners was not paid any fee in connection with this review.

The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Compensation Committee.

The Compensation Committee held four meetings during 2011.

Governance and Nominating Committee

The Governance and Nominating Committee of the Board of Directors, or the GNC, was formed in March 2009. The GNC operates under its current charter which was approved by the Board of Directors on February 28, 2011. The GNC's charter is available on our website at www.fcalgroup.com. The members of the GNC are: directors Cohen, Hubenette (Chair) and Tignino, none of whom are executive officers of First California. The Board of Directors has determined that all members of the GNC are "independent" in accordance with applicable Nasdaq Marketplace Rules.

Nominations Process

The GNC considers and develops governance standards for First California and establishes the requirements and qualifications for members of the Board. The GNC, in consultation with the Chief Executive Officer and the Chairman, also recommends candidates for nomination and election to the Board of Directors of First California and to the Board of Directors of First California Bank.

In identifying and recommending nominees for positions on the Board of Directors, the GNC places primary emphasis on the criteria set forth under "Selection of Directors - Criteria" in our Corporate Governance Guidelines, namely: (1) personal qualities and characteristics, accomplishments and professional reputation; (2) current knowledge and contacts in the communities in which the Company does business and in the Company's industry or other industries relevant to the Company's business; (3) ability and willingness to commit adequate time to Board and committee

matters; (4) the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company; (5) diversity of viewpoints, backgrounds and experience; and (6) the ability and skill set required and other relevant experience. The GNC periodically reviews the effectiveness of its policy for director nominations and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity.

The GNC does not set specific, minimum qualifications that nominees must meet in order for the GNC to recommend them to the Board of Directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account the needs of First California and the composition of the Board of Directors. Members of the GNC may seek input from other members of the Board in identifying possible candidates, and may, in its discretion, engage one or more search firms to assist in the recruitment of director candidates.

First California's by-laws state that nominations for the election of individuals to the Board of Directors may be made by the Board of Directors or by any holder of our voting stock. Nominations, other than those made by the Board of Directors, must be made in writing. If a stockholder wishes to make such nominations, notice must be received by the Corporate Secretary of First California no less than 90 nor more than 120 days prior to the first anniversary date of the Annual Meeting for the preceding year. Any stockholders wishing to make a nomination to the Board of Directors must deliver a statement in writing setting forth the name of the person or persons to be nominated, the number and class of all shares of each class of our stock owned by each proposed nominee, as reported to the nominating stockholders by such nominee(s), the information regarding each such nominee required by paragraphs (a), (e) and (f) of Item 401 of Regulation S-K adopted by the SEC, each such nominee's signed consent to serve as a director of the Company if elected, and the nominating stockholders' name and address and the number and class of all shares of each class of First California's stock owned by the nominating stockholder. The Board may require any proposed nominee to furnish such other information as the Board may reasonably require in determining whether the proposed nominee(s) would be considered "independent" under the various rules and standards applicable to First California. If nominations to the Board of Directors are not made as outlined above, the Chairman of the meeting may disregard the nominations and instruct the inspectors of election to disregard all votes cast for such nominees.

The GNC held two meetings in 2011.

Director Attendance at Annual Meetings

The Board's policy regarding director attendance at annual meetings of stockholders is that directors are required to attend. All of the directors attended the annual meeting of stockholders in 2011. First California does not reimburse directors for expenses related to attendance at annual meetings of stockholders.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent First California Financial Group, Inc. specifically incorporates this Report by reference therein.

The Audit Committee reports to the Board of Directors and is responsible for overseeing and monitoring financial accounting and reporting, the system of internal controls established by management and the audit process of First California Financial Group, Inc. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in our Annual Report on Form 10-K filed with the SEC.

Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent registered public accountants are responsible for auditing those financial statements.

The Audit Committee's responsibility is to monitor and review these processes and procedures. The Audit Committee has relied on the information provided and on the representations made by management regarding the effectiveness of internal control over financial reporting, that the financial statements have been prepared with integrity and objectivity and that such financial statements have been prepared in conformity with generally accepted accounting principles. The Audit Committee also relies on the opinions of the independent public accountants on the consolidated financial statements and the effectiveness of internal controls over financial reporting. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, its consultations and discussions with management and the independent public accountants do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact "independent."

The Audit Committee met and discussed with the independent public accountants the matters required to be discussed by Statements on Accounting Standards (SAS) No. 61, as currently in effect. In addition, the Audit Committee has discussed with the independent public accountants their independence from the Company and has received the written letter from the independent public accountants as required by Public Company Accounting Oversight Board (PCAOB) Rule 3526 (Communication with Audit Committees Concerning Independence) and the SEC.

The Audit Committee also met and discussed with the independent public accountants issues related to the overall scope and objectives of the audit, the Company's internal controls and critical accounting policies, and the specific results of the audit. Management was present at all or some part of each of these meetings. Lastly, the Audit Committee met with management and discussed the engagement of Moss Adams LLP as the Company's independent public accountants.

Pursuant to the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year 2011 filed with the SEC.

PROPOSAL 2

RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Company engaged the independent registered public accounting firm of Moss Adams LLP as our principal independent auditor to audit our financial statements for the fiscal years ended December 31, 2010 and 2011, and the Board of Directors, upon recommendation of its Audit Committee, has ratified the appointment of Moss Adams LLP to serve as its independent auditor for the fiscal year ending December 31, 2012. Representatives of Moss Adams LLP will be present at the Annual Meeting to answer questions and will have the opportunity to make a statement if they desire to do so.

We are asking our stockholders to ratify the appointment of Moss Adams LLP as our independent registered public accounting firm. Although ratification is not required by our by-laws or otherwise, the Board is submitting the appointment of Moss Adams LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent auditor and as a matter of good corporate practice. In the event that our stockholders fail to ratify the appointment, it will be considered as a direction to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may select a different independent auditor, subject to ratification by the Board, at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The Board of Directors unanimously recommends a vote "FOR" the ratification of the selection of Moss Adams LLP as its independent registered public accounting firm for the fiscal year ending December 31, 2012.

PROPOSAL 3
ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION

We are including a non-binding, advisory vote to approve the compensation of our named executive officers, as described in the Compensation Discussion and Analysis, compensation tables and accompanying narrative discussion contained in this proxy statement. While we are not currently required to conduct this vote under applicable law, we believe strongly in the importance of providing shareholders with an opportunity to communicate their views.

As described in greater detail under the heading “Compensation Discussion and Analysis,” we seek to closely align the interests of our named executive officers with the interests of our shareholders. Our compensation practices are designed to encourage and motivate our named executive officers to achieve superior performance on both a short-term and long-term basis while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

This proposal, commonly known as a “say-on-pay proposal”, gives the Company’s stockholders the opportunity to endorse or not endorse the Company’s executive pay program. Accordingly, stockholders of the Company are being asked to approve, on an advisory basis, the following resolution:

“RESOLVED, that the stockholders of First California Financial Group, Inc. hereby approve the compensation of executive officers as described under the heading “Executive Compensation,” including the tabular disclosure regarding named executive officer compensation and the accompanying narrative disclosure, in this Proxy Statement.”

This vote will not be binding on the Board of Directors and will not be construed as overruling a decision by the Board nor will it create or imply any additional fiduciary duty by the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

In voting to approve the above resolution, stockholders may vote “FOR” the resolution, “AGAINST” the resolution or “ABSTAIN” from voting. This matter will be decided by the affirmative vote of the holders of a majority of the shares of Common Stock present or represented by proxy at the Annual Meeting and entitled to vote. On this matter, abstentions will have the same effect as votes against the proposal. The Board of Directors believes that the compensation practices of the Company are designed to accomplish the objectives of the Compensation Committee’s compensation philosophy, and are appropriately aligned to the long-term success of the Company and the interests of its stockholders.

The Board of Directors unanimously recommends a vote “FOR” approval of the compensation of the Named Executive Officers.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The principal objectives of our compensation policies and executive compensation programs are to attract and retain high caliber executives who are critical to our long-term success, to provide a total compensation package in a cost effective manner, and to encourage management ownership of our stock while maximizing return on shareholders' equity. We provide a comprehensive compensation package comprised of base salary, an annual cash incentive plan, a long-term equity compensation plan and health and welfare benefits. We believe our compensation practices encourage and motivate these individuals to achieve superior performance on both a short-term and long-term basis. This underlying philosophy pertains specifically to executive compensation as well as employee compensation at all other levels throughout our organization.

Our compensation program is designed to reward employees for meeting our corporate objectives. Our goal is to have a level of earnings growth and a return on equity consistent with enhancing shareholder value. These elements are at the core of our cash-based bonus program. The compensation committee believes that our compensation programs are effective in furthering our objectives of attracting, retaining and motivating the best qualified officers and ultimately will serve to increase our profitability and maximize shareholder value.

Role of the Compensation Committee

Our compensation committee is a standing committee appointed by our Board of Directors to oversee our compensation and employee benefit plans and practices, including our executive compensation plans, our incentive compensation and equity-based plans. The compensation committee's authorities and responsibilities are set forth above under "CORPORATE GOVERNANCE; BOARD COMMITTEES."

Role of the Executives in Compensation Determinations

In determining the appropriate compensation levels for our named executive officers (other than the Chief Executive Officer), the compensation committee meets outside the presence of all executive officers, other than, as requested by the Committee, our Chief Executive Officer. Our Chief Executive Officer makes recommendations to the compensation committee regarding base salary levels, performance goals, bonuses and equity incentive awards for our named executive officers (other than our Chief Executive Officer). Only the compensation committee members, who are all independent, vote upon decisions regarding executive compensation.

With respect to the compensation of our Chief Executive Officer, the compensation committee meets outside his presence and the presence of all our executive officers. The Chief Executive Officer provides recommendations to the compensation committee regarding his own compensation. The compensation committee discusses the Chief Executive Officer's compensation with him, but conducts final deliberations and all votes regarding the recommendation of his compensation to the Board of Directors in an executive session, without the Chief Executive Officer present. The compensation committee bases any changes in the Chief Executive Officer's compensation on a variety of factors, including but not limited to Company performance, achievement of Company objectives and periodic market reviews.

Components of Compensation

The Company compensates its executive officers in three ways: base salary, annual cash bonus opportunity and periodic grants of time-based and performance-based restricted stock. The compensation committee has not established a policy or target for the allocation between either cash and non-cash or short-term and long-term compensation. Rather, the compensation committee undertakes a subjective analysis to determine the appropriate level and mix of compensation in order to link a substantial portion of executive compensation to the financial strength, long-term profitability and risk management of the Company, align the interests of our executive officers with the interests of our stockholders and to retain highly competent executives. The compensation committee reviews at least annually all components of compensation payable to the CEO and the other executive officers, in terms of current compensation, long-term and incentive compensation, perquisites and payouts upon or following a change in control of the Company, to ensure that the compensation program is meeting the goals of the Company's compensation philosophy described above. In determining each component of compensation, the total compensation package of each named executive officer is considered.

Base Salary – This is fixed cash compensation that reflects each executive's position, experience, individual performance, responsibilities, and expertise. Each executive officer is eligible for an annual increase in base salary, which, if increased, generally takes effect during the month of January. The compensation committee does not tie its base salary decisions to any particular benchmarks, formulas, measurements or criteria, but the compensation committee considers the Company's performance, individual executive performance, and compensation levels paid by comparable financial institutions, and may refer to analyses and guidance from consultants during the annual review process. Although the base salary component of our compensation package for each executive officer is competitive with companies of similar size to us and with comparable operating results within the banking industry, our compensation committee relies less on base salary and more on annual cash incentives and long-term stock-based incentives to reward executives.

Annual Cash Incentives – We maintain an incentive bonus plan which is designed to provide an incentive to our executives to meet a minimum amount of earnings which helps us meet our overall strategic objectives. Annual cash incentives are designed to supplement the base salary so as to bring the total compensation of our named executive officers to a level that is competitive in the industry. This helps us attract and retain highly qualified executives.

The compensation committee determines annual cash incentives in two stages. First, the compensation committee determines whether we have met the net income requirement necessary to establish a bonus pool for the current year under consideration. Second, if a bonus pool exists, the compensation committee considers the appropriate allocation of the total amount in the bonus pool among our executive officers, other officers and other employees. The Company's net income, inclusive of the bonus pool amount, must be equal to or greater than 85 percent of the Company's Board-approved Profit Plan net income for the year under consideration in order for a bonus pool to be established. The amount of the bonus pool allocated to each employee is first calculated based on the product of the individual employee's performance rating times the applicable bonus percentage based on the level of Profit Plan net income achieved. An employee's performance rating considers, among other things and where applicable, the level of loan delinquencies, loan charge-offs and classified loans, the level of operating losses and the findings and ratings from our internal auditors, external auditors or bank examiners. For example, an employee rated 3.00 to 3.49 would receive a cash incentive of 15 percent of their base salary if the Company achieves 100 percent of the Profit Plan net income. The cash incentive percentage would decrease to 13.50 percent (15 percent times 90 percent) of base salary if the Company achieves 90 percent of the Profit Plan net income and would increase to 16.50 percent (15 percent times 110 percent) of base salary if the Company achieves 110 percent of the Profit Plan net income. Should the Company exceed 115 percent of the Board-approved Profit Plan net income the applicable bonus percentage will not exceed 115 percent. Once these calculations are performed, the executive officers may apply adjustments to the calculated amounts to determine the final amounts to be paid to the employees. These adjustments may be to prorate an amount

for employees with the Company less than a year, may be based on the achievement of the individual employee's goals and may be for other considerations. In any compensation year in which there is a significant acquisition which has not been factored into the Board-approved net income amount for such fiscal year, the annual cash incentive targets will be adjusted as appropriate to enable the incentive compensation payout to match the expectations of the Board. In 2011, the San Luis Trust Bank acquisition did not meet the definition of a significant acquisition as defined in the incentive plan. However, the \$21 million after-tax bargain purchase gain related to this transaction, as discussed in Note 3 of our Consolidated Financial Statements included in our 2011 Form 10-K, contributed to 2011 net income exceeding the 115 percent Profit Plan net income threshold and greatly impacted the 2011 cash incentive plan calculations and equity incentive grants. The Chief Executive Officer's annual cash incentives are calculated in accordance with his employment agreement – see "Discussion of Summary Compensation and Grant of Plan-Based Awards Tables" below.

Stock-Based Compensation – Long-term stock-based incentives encourage equity ownership by the named executive officers which aligns the interests of the officers with the long-term performance objectives of our shareholders and enhances our ability to attract and retain highly qualified executives on a basis consistent with industry practices.

Our 2007 Omnibus Equity Incentive Plan, as amended on May 26, 2011, or 2007 Plan, permits the grant of nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock and restricted stock units. To date we have only granted stock options and restricted stock under the 2007 Plan. Our 2007 Plan aligns the interests of key employees, including the named executive officers, with those of our shareholders. We provide our named executive officers with an incentive to achieve superior performance by granting them long-term incentives to purchase our common stock at a fixed exercise price that equals the fair market value of the underlying stock on the date of the grant or, alternatively, restricted stock grants that vest over a certain number of years of service or vest if certain annual performance criteria are met.

The compensation committee administers our 2007 Plan. The compensation committee has the authority to select the key employees eligible for the incentive awards. The compensation committee does not utilize any performance goals in determining the number of stock-based incentive awards to be granted. In determining the number and mix of stock-based incentive awards to be awarded in 2011, the compensation committee considered: (i) the number and current status of incentive awards previously granted to an executive officer, (ii) its own analysis of that employee's contribution to the Company, including an assessment of the employee's responsibilities, (iii) the number of incentive awards granted to executives with similar responsibilities at our peer banks and bank holding companies, (iv) the projected percentage such incentive compensation would constitute of each executive's overall compensation, (v) the executive's contributions expected toward the strategic growth, financial strength, risk management and profitability of the Company and (vi) the significant level of 2011 net income above the Board-approved Profit Plan net income.

All of the stock-based incentives granted to the named executive officers in 2011 were in the form of restricted stock. We have not granted stock options to the named executive officers since 2009. The compensation committee takes into account the degree to which a grant of restricted stock versus stock options will incentivize its executives. The compensation committee believes granting restricted stock results in a more realizable value to its executives, thereby serving as a more effective incentive tool. The restricted stock grants in 2011 were a mix of time-based awards which vest in three equal annual installments in March 2012, 2013 and 2014 and performance-based awards which vest in three equal annual installments in March 2012, 2013 and 2014 provided that certain performance criteria are achieved with respect to the fiscal year ending immediately prior to the applicable vesting date. Failure to achieve the performance criteria will result in forfeiture of the shares of restricted stock subject to the applicable vesting date. The performance criteria, which were that (i) the Company achieved 85 percent or more of the net income goal established by the Board of Directors for the preceding fiscal year, and (ii) the Company's Bank subsidiary's asset quality as measured by the ratio of classified assets (excluding assets covered by shared-loss agreements with the FDIC) to Tier 1 capital plus the allowance for credit losses on loans and unused commitments was 50 percent or less as of the preceding fiscal year-end, were achieved. The performance criteria for the award vesting in March 2012 were achieved.

Awards of long-term stock-based incentives in the form of restricted stock grants to our named executive officers and other executive officers generally occur during the first quarter along with the formal evaluation of such executive's total compensation. Additionally, grants may also coincide with the hiring of an individual, promotions or the vesting of a previous grant.

401(k) Plan – Our 401(k) plan primarily provides retirement benefits to all eligible employees, including our named executive officers, by allowing the deferral of a portion of their compensation. We currently have no tax-deferred investment alternatives for our executive officers other than the 401(k) plan.

Change in Control Agreements – To ensure the continuity of management in the event of a change in control, a few of our current named executive officers entered into a change in control agreement or, in the case of our Chief Executive Officer, has change of control features incorporated into his existing employment agreement and salary continuation agreement. To receive benefits under the change of control agreements, there must be a change of control of the

Company or Bank, and the executive's employment must terminate (whether by the successor company without cause or by the employee himself for good reason) within one year of the occurrence of that change in control. The compensation committee believes that this trigger helps ensure successful integration in a change in control and allows the executive officer to focus on the successful completion of the transaction without distraction. Additionally, all outstanding unvested stock options or restricted stock would accelerate upon the occurrence of a change of control. For further information regarding these change in control provisions, see "Discussion of Summary Compensation and Grant of Plan-Based Awards Tables" below. Payments under these change in control agreements did not influence the compensation committee's decisions with respect to other aspects of the named executive officers' compensation since the compensation committee believes that payments following termination of service may never occur, while payment for services rendered provide an immediate benefit which enhances shareholder value. The Company's plans and agreements do not contain any excise tax gross-up provisions.

Other Compensation – Our named executive officers participate in our broad-based employee benefit plans, such as medical, dental and supplemental disability and term life insurance programs. All of the named executive officers received an automobile allowance. Mr. Kum and Mr. Santarosa receive benefits related to salary continuation agreements. The total amounts of these items are reflected in the “Nonqualified Deferred Compensation Earnings” column of the Summary Compensation Table. Mr. Kum, Mr. Santarosa and Mr. Sahakian receive benefits related to split dollar life insurance policies. The total amounts of these items are reflected in the “All Other Compensation” column of the Summary Compensation Table. The compensation committee believes that these items enhance the effectiveness of our named executive officers and are consistent with industry practices in comparable banking companies. The compensation committee regularly reviews the perquisites we provide.

Tax Deductibility and Executive Compensation

Section 162(m) of the Internal Revenue Code generally limits the corporate deduction for compensation paid to our named executive officers to \$1 million per individual, unless certain requirements are met which establish that compensation as performance-based. The compensation committee has considered the impact of this tax code provision, and attempts, to the extent practical, to implement compensation policies and practices that maximize the potential income tax deductions available to us by qualifying such policies and practices as performance-based compensation exempt from the deduction limits of Section 162(m). The compensation committee will continue to review and modify our compensation practices and programs as necessary to ensure our ability to attract and retain key executives while taking into account the deductibility of compensation programs. Equity grants under our 2007 Plan and amounts paid pursuant to our incentive bonus plan are designed generally to satisfy the deductibility requirements of Section 162(m).

Discussion of Summary Compensation and Grant of Plan-Based Awards Tables

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the Grants of Plan-Based Awards Table was paid or awarded, are described above under “Compensation Discussion and Analysis.” A summary of certain material terms of our compensation plans and agreements is set forth below.

Employment Arrangements with C. G. Kum

The following is a description of all written employment arrangements between the Company and C. G. Kum. All such written agreements entered into prior to June 2006 were assumed by First California in connection with the Mergers.

Salary Continuation Agreement with C. G. Kum. In March 2003, First California Bank entered into a salary continuation agreement with Mr. Kum, which was subsequently amended in December 2008. Upon retirement at or after age 65 for reasons other than death, the agreement provides for a maximum annual benefit of \$160,471 paid in equal monthly installments, which will be paid over the lesser of 17 years or such shorter period of time based upon the number of years that Mr. Kum is employed by the Bank prior to normal retirement. If Mr. Kum leaves the Bank’s employ by virtue of early voluntary retirement (prior to attaining age 65) or is terminated “for cause” (as defined in the agreement), he will not be eligible for a benefit under the agreement. In the event Mr. Kum leaves the Company’s employ by virtue of death (either prior or subsequent to retirement), involuntary termination (without cause), disability or, under certain circumstances, a change in control, he will receive partial benefits under the agreement. The amount to be paid under the agreement to Mr. Kum in the event of early involuntary termination is determined based on the year in which termination occurs, and is to be paid in one lump sum by the Company within 30 days following the termination of employment. Upon Mr. Kum’s termination of employment due to disability, Mr. Kum will receive a specified amount determined based on the year in which the disability occurs, which is to be paid as an annual benefit for a period of 17 years. Upon a change in control, followed within 12 months by Mr. Kum’s termination of employment for reasons other than death, disability or retirement, Mr. Kum will receive a lump sum amount of \$1,716,184 within 30 days following the termination of employment.

The salary continuation agreement is an unfunded arrangement, which means that Mr. Kum has no rights under the agreement beyond those of a general creditor of the Company, and there are no specific assets set aside by the Company in connection with the establishment of the agreement. The salary continuation agreement is not an employment contract. While receiving benefits under the agreement, Mr. Kum may not serve as an employee, officer or director of, or serve as a consultant or advisor to, any financial institution that has its headquarters or any branch office within the County of Ventura or the County of Santa Barbara, California.

Split Dollar Agreement with C. G. Kum. First California Bank also entered into split-dollar life insurance agreements with Mr. Kum in March 2003, which was subsequently amended in December 2008 and again in December 2009. In connection with that agreement, First California Bank acquired life insurance policies with respect to Mr. Kum. Pursuant to the terms of that agreement, the Company owns the insurance policies, is entitled to the cash value of the policies and is responsible for paying the associated premiums. Upon Mr. Kum’s death while employed by the Company, or after termination of employment by reason of retirement at age 65 or subsequent to a change-in-control, a beneficiary designated by Mr. Kum is entitled to receive a minimum of \$1.5 million and a maximum of \$2.0 million of the total proceeds, with the Company entitled to the balance. The Bank paid an aggregate premium in 2002 amounting to \$1.4 million for these policies. At December 31, 2011, the cash surrender value of the policies was \$2.0 million and the total death benefit was \$4.2 million.

Employment Agreement with C. G. Kum. Concurrently with execution of the Merger Agreement on June 15, 2006, First California and Mr. Kum entered into an employment agreement that provides that Mr. Kum would serve First California as Chief Executive Officer commencing with the closing of the Mergers. Pursuant to the employment agreement, Mr. Kum receives an annual base salary of \$375,000 (subject to review and increase commencing in 2008) and a bonus based on First California's net earnings, with the total bonus not to exceed 150% of the base salary. Additionally, Mr. Kum was granted an option to purchase 100,000 shares of First California Common Stock on Mr. Kum's start date with an exercise price equal to the fair market value on the date of grant. Either First California or Mr. Kum may terminate his employment at any time with or without "cause" (as defined in the employment agreement). If First California terminates his employment without cause, Mr. Kum will be entitled to 18 months of health insurance coverage and severance, as follows: the severance will be 50% of his then current salary if at least 70% of the Board members vote for such termination; if less than 70% of the Board members vote for such termination, the severance will be 150% of his then current salary plus 150% of the average of his bonuses for the two preceding years. If within 18 months following a change in control, Mr. Kum's employment is terminated without cause or he terminates his employment for "good reason" (as defined in the employment agreement), Mr. Kum will receive the greater of two times his then current salary or 2.99 times his average salary and bonus over the prior five years, provided that in no event can the payment exceed the golden parachute limitation under Section 280G of the Internal Revenue Code.

Employment Arrangements for Romolo Santarosa

The following is a description of all written employment arrangements between the Company and Romolo Santarosa. All such written agreements entered into prior to June 2006 were assumed by First California in connection with the Mergers.

Salary Continuation Agreement with Romolo Santarosa. In May 2006, First California Bank entered into a salary continuation agreement with Mr. Santarosa, which was subsequently amended in December 2008. Upon retirement at or after age 65 for reasons other than death, the agreement provides for an annual benefit of \$85,000, which will be paid over the lesser of 15 years or such shorter period of time based upon the number of years that Mr. Santarosa is employed by the Bank prior to normal retirement. If Mr. Santarosa leaves the Company's employ by virtue of early voluntary retirement (prior to attaining age 65) or is terminated "for cause" (as defined in the agreement), he will not be eligible for a benefit under the agreement. In the event Mr. Santarosa leaves the Company's employ by virtue of death (either prior or subsequent to retirement), involuntary termination (without cause), disability or, under certain circumstances, a change in control, he will receive partial benefits under the agreement. The amount to be paid under the agreement to Mr. Santarosa in the event of early involuntary termination is determined based on the year in which termination occurs, and is to be paid in one lump sum by the Company within 30 days following the termination of employment. Upon Mr. Santarosa's termination of employment due to disability, Mr. Santarosa will receive a specified amount determined based on the year in which the disability occurs, which is to be paid as an annual benefit for a period of 15 years. Upon a change in control, followed within 12 months by Mr. Santarosa's termination of employment for reasons other than death, disability or retirement, Mr. Santarosa will receive a lump sum amount of \$843,596 within 30 days following the termination of employment.

The salary continuation agreement is an unfunded arrangement, which means that Mr. Santarosa has no rights under the agreement beyond those of a general creditor of the Company, and there are no specified assets set aside by the Company in connection with the establishment of the agreement. The salary continuation agreement is not an employment contract. While receiving benefits under the agreement, Mr. Santarosa may not serve as an employee, officer or director of, or serve as a consultant or advisor to, any financial institution that has its headquarters or any branch office within the County of Ventura or the County of Santa Barbara, California.

Split Dollar Agreement with Romolo Santarosa. First California Bank also entered into split-dollar life insurance agreements with Mr. Santarosa in July 2003 and May 2006, which was subsequently amended in December 2008. In connection with these agreements, First California Bank acquired life insurance policies with respect to Mr. Santarosa. Pursuant to the terms of those agreements, the Company owns the insurance policies, is entitled to the cash value of the policies and is responsible for paying the associated premiums. Pursuant to the terms of one of the split-dollar life insurance agreements, upon Mr. Santarosa's death while employed by the Company, or after termination of employment by reason of retirement at age 65 or subsequent to a change-in-control, a beneficiary designated by Mr. Santarosa is entitled to receive \$850,000 of the total proceeds, with the Company entitled to the balance. Under the other split-dollar life insurance agreement, a beneficiary designated by Mr. Santarosa will receive \$400,000 upon Mr. Santarosa's death while employed by the Company, with a reduced death benefit upon termination of Mr. Santarosa's employment with the Company by any reason other than disability. The Bank paid aggregate premiums in 2002 and 2006 amounting to \$673,000 for these policies. At December 31, 2011, the cash surrender value of the policies was \$878,000 and the total death benefit was \$2.2 million.

Change of Control Agreement with Romolo Santarosa. The Company also entered into a change of control agreement with Mr. Santarosa in December 2009. The principal terms of the change in control agreement include the payment of two times Mr. Santarosa's average annual compensation, including base salary and bonus, over the prior three years in the event he is terminated without cause or he terminates his employment for good reason within the twelve-month period following a change in control of the Company. The amount of the change in control payments is subject to

reduction to the extent such amount is subject to excise taxes pursuant to Section 4999 of the Internal Revenue Code of 1986.

Employment Arrangements for William Schack

The following is a description of all written employment arrangements between the Company and William Schack.

Change of Control Agreement with William Schack. The Company entered into a change of control agreement with Mr. Schack in December 2009. The principal terms of the change in control agreement include the payment of 1.5 times Mr. Schack's average annual compensation, including base salary and bonus, over the prior three years in the event he is terminated without cause or he terminates his employment for good reason within the twelve-month period following a change in control of the Company. The amount of the change in control payments is subject to reduction to the extent such amount is subject to excise taxes pursuant to Section 4999 of the Internal Revenue Code of 1986.

Employment Arrangements for Edmond Sahakian

The following is a description of all written employment arrangements between the Company and Edmond Sahakian.

Change of Control Agreement with Edmond Sahakian. The Company entered into a change of control agreement with Mr. Sahakian in December 2009. The principal terms of the change in control agreement include the payment of 1.5 times Mr. Sahakian's average annual compensation, including base salary and bonus, over the prior three years in the event he is terminated without cause or he terminates his employment for good reason within the twelve-month period following a change in control of the Company. The amount of the change in control payments is subject to reduction to the extent such amount is subject to excise taxes pursuant to Section 4999 of the Internal Revenue Code of 1986.

Split Dollar Agreement with Edmond Sahakian. First California Bank also entered into split-dollar life insurance agreements with Mr. Sahakian in April 2006. In connection with that agreement, First California Bank acquired life insurance policies with respect to Mr. Sahakian. Pursuant to the terms of that agreement, the Company owns the insurance policies, is entitled to the cash value of the policies and is responsible for paying the associated premiums. Under the split-dollar life insurance agreement, a beneficiary designated by Mr. Sahakian will receive \$100,000 upon Mr. Sahakian's death while employed by the Company, with a reduced death benefit upon termination of Mr. Sahakian's employment with the Company by any reason other than disability. The Bank paid an aggregate premium in 2006 amounting to \$174,000 for these policies. First California 2007 Omnibus Equity Incentive Plan, as Amended on May 26, 2011

In June 2007, the Board of Directors and the Company's stockholders approved the First California 2007 Omnibus Equity Incentive Plan, or First California Plan. The First California Plan was amended on May 26, 2011, by a vote of the Company's stockholders. The First California Plan authorizes the issuance of awards for up to 3,000,000 shares of the Company's Common Stock in the form of incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units and other stock-based awards. The First California Plan is administered and interpreted by the Compensation Committee. The Compensation Committee selects the officers and other employees to receive awards, determines the types of awards and number of shares to be awarded to them and sets the terms, conditions and provisions of the awards consistent with the terms of the First California Plan. The Compensation Committee may establish rules for the administration of the First California Plan. All actions, interpretations and determinations made by the Compensation Committee shall be final and conclusive and binding.

At December 31, 2011, outstanding awards under the First California Plan consisted of both stock options and restricted stock. Restricted stock granted to non-employee directors vests over three years in three equal annual installments. Restricted stock granted to employees generally vests over five years in five equal annual installments. Stock options granted to Key Persons (as defined in the First California Plan) may be either incentive stock options, or ISOs, under the provisions of Section 422 of the Internal Revenue Code, or the Code, or options that are not subject to the provisions of Section 422 of the Code, or Nonqualified Options. Options entitle the recipient to purchase shares of Common Stock at the exercise price specified in the award agreement. The Compensation Committee at its discretion determines the number of option shares, the term of the option, the exercise price, vesting schedule and any other terms and conditions. The exercise price per share of Common Stock covered by an option will not be less than the fair market value of a share of Common Stock on the date of grant. The Compensation Committee will determine the periods during which the options will be exercisable. However, no ISO will be exercisable more than 10 years after the date of grant. The Compensation Committee may impose restrictions, as it deems advisable on the shares acquired pursuant to the exercise of an option, including but not limited to requiring the recipient to hold the shares acquired pursuant to the exercise for a specified period of time.

The Board or the Compensation Committee may amend or terminate the First California Plan, provided that no amendment that requires stockholder approval under Delaware law, the listing requirements of The Nasdaq Stock Market, Inc., or in order for the First California Plan to continue to comply with Rule 16b-3 of the Securities Exchange Act of 1934, as amended, or Section 162(m) of the Code shall be effective unless it is approved by the requisite vote of stockholders. No amendment shall adversely affect any of the rights of any holder of any award without the holder's consent. Absent such early termination by the Board or the Compensation Committee, the First California Plan will terminate in 2017.

At December 31, 2011, the number of shares of Common Stock to be issued upon exercise of outstanding options granted pursuant to the First California Plan was 282,110 shares, and the number of shares of Common Stock remaining available for future issuance under the First California Plan was 1,501,910 shares. At December 31, 2011, the number of shares of Common Stock issued as restricted stock awards granted under these plans and not yet vested was 1,113,686.

Holdings of Previously Awarded Equity

Outstanding Equity Awards at Fiscal Year End

Prior to the Mergers, National Mercantile had three outstanding equity incentive plans: the National Mercantile Bancorp 2005 Stock Incentive Plan, the Amended 1996 Stock Incentive Plan and the 1994 Stock Option Plan. Prior to the Mergers, FCB Bancorp had the FCB Bancorp 2005 Stock Option Plan. Equity awards held immediately prior to the completion of the Mergers by Mr. Kum and Mr. Santarosa were issued under the FCB Bancorp 2005 Stock Option Plan. The plans are described below. All outstanding equity incentive plans were assumed by First California in connection with the Mergers. At the effective time of the Mergers, each outstanding option to purchase shares of National Mercantile, vested or unvested, was converted into an option to acquire an equal number of shares of First California Common Stock at an exercise price per share equal to the exercise price per share of such National Mercantile option, and each outstanding option to purchase shares of FCB Bancorp, vested or unvested, was converted into an option to acquire a number of shares of First California Common Stock equal to the product of (i) the number of shares of FCB Bancorp common stock subject to the FCB Bancorp option plan immediately prior to the effective time of the Mergers and (ii) the exchange ratio of 1.7904 at an exercise price per share adjusted by the exchange ratio.

At December 31, 2011, the outstanding awards under these plans consisted of both stock options and restricted stock. At December 31, 2011, the number of shares of Common Stock to be issued upon exercise of outstanding options granted pursuant to these plans was 590,008 shares, and the number of shares of Common Stock remaining available for future issuance under these plans was 1,501,910 shares.

The following table sets forth the outstanding equity awards consisting of stock options to purchase shares of First California and unvested restricted shares held by each of the named executive officers as of December 31, 2011.

Certain Relationships and Related Transactions

The Company's Board of Directors has adopted a written policy, or Policy, governing the approval of related-party transactions. Related-party transactions include any transaction, or any amendment or modification to a transaction, involving a director or director nominee, executive officer, a 5% stockholder of the Company or any person known by the Company to be an immediate family member of any of the foregoing individuals that would need to be disclosed under Item 404(a) of Regulation S-K promulgated by the SEC. Such transactions do not include, however, indemnification payments or compensation paid to directors and executive officers for their services as directors and executive officers. The Policy prohibits all related-party transactions, unless they are approved or ratified by the audit committee in accordance with the Policy. Under the Policy, the Company's management, in consultation with outside counsel, analyzes all potential related-party transactions brought to the attention of the Company to determine whether they constitute related-party transactions. If it is determined a transaction constitutes a related-party transaction, the audit committee will then review the transaction to determine whether or not to approve or ratify it. In making its determination, the audit committee considers several factors including, but not limited to, whether the terms of the related-party transaction are fair to the Company; whether the Company has compelling business reasons to enter into the transaction; whether the transaction will impair the independence of an outside director; and whether the transaction presents an improper conflict of interest for any directors or executive officers of the Company. Members of the audit committee having an interest in a transaction under review must abstain from voting on the approval of the related-party transaction.

There are no existing or proposed material transactions between the Company and any of our directors, executive officers or beneficial owners of 5% or more of our Common Stock, or the immediate family or associates of any of the foregoing persons exceeding \$120,000 since the beginning of 2010, except as indicated below.

Some of our directors and executive officers and their immediate families, as well as the companies with which they are associated, are customers of, and have had banking transactions with, us in the ordinary course of our business, and we expect to have banking transactions with such persons in the future. In our opinion, all loans and commitments to lend since January 1, 2011 were made in compliance with applicable laws, on substantially the same terms, including interest rates and collateral, as those prevailing for comparable contemporaneous transactions with other persons of similar creditworthiness, and did not involve more than a normal risk of collectability or present other unfavorable features. As of December 31, 2011, deposits of related parties held by the Company amounted to approximately \$432,000. As of December 31, 2011, there was no extension of credit to our directors, officers or principal shareholders, or their associates.
