The Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2013 was unable to be completed in time without unreasonable effort and expense to the Company because the Company does not have a full-time administrative and accounting staff and, as a result, was unable to accurately and completely compile the information required to be included in the Form.

Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes S NO

Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes S NO

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company anticipates that its Form 10-Q for the quarter ended September 30, 2013 will contain results of operations that reflect a significant change from the quarter ended September 30, 2012, due to an increased capital expenditures program during 2013.

However, the Company cannot reasonably estimate the difference in results of operations to be reported in the Form 10-Q compared to prior periods at this time because the Company is still in the process of finalizing all necessary calculations and adjustments necessary for the financial statements.
