The enclosed proxy is solicited on behalf of the Board of Digital Power and is revocable by you at any time prior to the voting of such proxy. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, including audited financial statements, is included herewith. Such Annual Report and financial statements are not a part of this Proxy Statement.

This Proxy Statement was first sent or given to shareholders on May 20, 2015.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is the purpose of the 2015 Annual Meeting of Shareholders?

The purpose of the annual meeting is to allow you to vote on the matters outlined in the accompanying Notice of Annual Meeting of Shareholders, including the election of the Board and the ratification of the appointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited, as our independent auditors for the fiscal year ending December 31, 2016.

Who is entitled to vote?

Only shareholders of record at the close of business on the record date, May 5, 2015 (the “Record Date”), are entitled to vote at the annual meeting, or at any adjournments or postponements of the annual meeting.

What are the Board’s recommendations on the proposals?

The Board recommends a vote **FOR** each of the proposals one and two.

How do I vote?

Either (1) mail your completed and signed proxy card(s) to Digital Power Corporation, 48430 Lakeview Blvd, Fremont, CA 94538, Attention: Corporate Secretary, (2) call the toll-free number printed on your proxy card(s) and follow the recorded instructions or (3) visit the website indicated on your proxy card(s) and follow the on-line instructions. If you are a registered shareholder and attend the meeting, then you may deliver your completed proxy card(s) or vote in person. If your shares are held by your broker or bank, in “street name”, then you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, then your broker or bank will vote your shares if it has discretionary power to vote on a particular matter.

Can I change my vote after I return my proxy card?

Yes. You have the right to revoke your proxy at any time before the annual meeting by notifying our Corporate Secretary in writing at Digital Power Corporation, 48430 Lakeview Blvd, Fremont, California 94538, voting in person, or returning a proxy card with a later date. Those voting by internet or by telephone may also revoke their proxy either by voting in person at the annual meeting or by voting and submitting their proxy at a later time by internet or by telephone. If you have instructed a broker to vote your shares, you must follow your broker’s directions in order to change those instructions.

Who will count the vote?

Our Corporate Secretary will count the votes and act as the inspector of election. Computershare Transfer & Trust is our transfer agent for our common stock. Computershare Transfer & Trust will tally the proxies and provide this information at the time of the annual meeting.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares.

What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, then you will receive more than one proxy card. Complete, sign and return all proxy cards, or electronically transmit all proxy cards, to ensure that all your shares are voted. We encourage you to have all accounts registered under the same name and address whenever possible. You can accomplish this by contacting our transfer agent, Computershare Trust Company, located at 250 Royall Street Canton, MA 02021, phone (800) 962-4284, or, if your shares are held by your broker or bank in “street name”, by contacting the broker or bank who holds your shares.

How many shares can vote?

Only shares of common stock may vote. As of the Record Date, there were 6,775,971 shares of common stock issued and outstanding.

Each share of common stock is entitled to one vote. However, with respect to the election of directors, California law provides that a shareholder, or his or her proxy, may cumulate votes; that is, each shareholder has that number of votes equal to the number of shares owned, multiplied by the number of directors to be elected, and the shareholder may cumulate such votes for a single candidate or distribute such votes among as many candidates as he or she deems appropriate. A shareholder may cumulate votes only for a candidate or candidates whose name(s) has/have been properly placed in nomination prior to the voting, and only if the shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes for the candidates in nomination. Our designated proxy holders have discretionary authority to cumulate votes represented by the proxies received in the election of directors. These

proxy holders intend to vote all proxies received by them in such manner that will assure the election of as many of the nominees described under “Proposal No. 1 - Election of Board of Directors” as possible.

What is a “quorum”?

A “quorum” is a majority of the outstanding shares entitled to vote. A quorum may be present in person or represented by proxy to transact business at the annual meeting. For the purposes of determining a quorum, shares held by brokers or nominees for whom we receive a signed or electronically transmitted proxy will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter, or if instructions were never received from the beneficial owner. These shares are called “broker non-votes.” Abstentions will be counted as present for quorum purposes.

What is required to approve each proposal?

For the election of the Board, once a quorum has been established, the nominees for director who have received the most votes will become directors. Holders owning a majority of the shares present or represented and entitled to vote at the annual meeting must approve the ratification of the appointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited, as our independent auditors for the fiscal year ending December 31, 2016.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, then the affected shares will be treated as not present and not entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

How will we solicit proxies?

We will distribute the proxy materials and solicit votes. We will also bear the cost of soliciting proxies. These costs will include the expense of preparing and mailing proxy solicitation materials for the meeting, and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to shareholders. Proxies may also be solicited by our directors, officers, and employees, without additional compensation, in person, by telephone, by facsimile or by internet.

Vote Required and Recommendation of the Board

Directors are elected by the affirmative vote of the holders of a plurality of shares present or represented and entitled to vote thereon at the annual meeting.

The Board recommends that shareholders vote **FOR** each of the nominees listed above.

Board Meetings and Committees

As of the date of this Proxy Statement, our Board is composed of five members and maintains the following three standing committees: (1) the Audit Committee; (2) the Compensation Committee; and (3) the Nomination and Governance Committee. The membership and the function of each of the committees are described below. Our Board may from time to time establish a new committee or dissolve an existing committee depending on the circumstances. Current copies of the charters for the Audit Committee, Compensation Committee, and Nomination and Governance Committee can be found on our website at www.digipwr.com.

During the year ended December 31, 2014, our Board held six meetings, the Audit Committee held four meetings, the Compensation Committee held two meetings, and the Nomination and Governance Committee held three meetings (not including actions taken by unanimous written consent). During the year ended December 31, 2014, all of the directors attended at least 75% of the meetings of the Board held during their tenure and 75% of the meetings, if any, of the Board committees upon which they served and held during their tenure. We encourage, but do not require, our Board members to attend the annual meeting of shareholders. Three of our directors attended our 2014 Annual Meeting of Shareholders.

Audit Committee

Messrs. Smith, Yatim, and Ben-Ze'ev currently comprise the Audit Committee of our Board, and Messrs. Levi and Rosenberg are nominated to replace Messrs. Smith and Ben-Ze'ev as members of the Audit Committee. Our Board has determined that each of the current and nominated members of the Audit Committee satisfies the requirements for independence and financial literacy under the standards of the SEC and the NYSE MKT (where our shares are currently listed). Our Board has also determined that Mr. Yatim qualifies as an "audit committee financial expert" as defined in SEC regulations and satisfies the financial sophistication requirements set forth in the NYSE MKT Rules.

The Audit Committee is responsible for, among other things, selecting and hiring our independent auditors, approving the audit and pre-approving any non-audit services to be performed by our independent auditors; reviewing the scope of the annual audit undertaken by our independent auditors and the progress and results of their work; reviewing our financial statements, internal accounting and auditing procedures, and corporate programs to ensure compliance with applicable laws; and reviewing the services performed by our independent auditors to determine if the services rendered are compatible with maintaining the independent auditors' impartial opinion.

Compensation Committee

Messrs. Smith, Yatim, and Ben-Ze'ev currently comprise the Compensation Committee of our Board, and Messrs. Levi and Rosenberg are nominated to replace Messrs. Smith and Ben-Ze've as members of the Compensation Committee. Our Board has determined that each of the current and nominated members of the Compensation Committee meets the requirements for independence under the standards of the SEC and the NYSE MKT.

The Compensation Committee is responsible for, among other things, reviewing and approving executive compensation policies and practices; reviewing and approving salaries, bonuses and other benefits paid to our officers, including our Chief Executive Officer and Chief Financial Officer; and administering our stock option plans and other benefit plans.

Nomination and Governance Committee

Messrs. Smith, Yatim, and Ben-Ze'ev currently comprise the Nominating and Governance Committee of our Board, and Messrs. Levi and Rosenberg are nominated to replace Messrs. Smith and Ben-Ze'ev as members of the Nominating and Governance Committee. Our Board has determined that each of the current and nominated members of the Nominating and Governance Committee meets the requirements for independence under the standards of the SEC and the NYSE MKT.

The Nominating and Governance Committee is responsible for, among other things, assisting our Board in identifying prospective director nominees and recommending nominees for each annual meeting of shareholders to the Board; developing and recommending governance principles applicable to our Board; overseeing the evaluation of our Board and management; and recommending potential members for each Board committee to our Board.

While the Nominating and Governance Committee does not have a formal policy on diversity for members of the Board, it considers diversity when identifying Board candidates. In particular, it considers such criteria as a candidate's broad-based business and professional skills, experiences and global business and social perspective.

In addition, the Committee seeks directors who exhibit personal integrity and a concern for the long-term interests of shareholders, as well as those who have time available to devote to Board activities and to enhancing their knowledge of the power-supply industry. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities.

Consideration of Director Nominees

You may propose director candidates for consideration by the Company. Any such recommendations must comply with our bylaws and should include the nominee's name and qualifications for Board membership. The recommendation should be directed to the Corporate Secretary, c/o Digital Power Corporation, 48430 Lakeview Blvd, Fremont, California 94538.

Code of Ethics

We have adopted a Code of Ethical Conduct that applies to our directors and employees, including our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions. The Code of Ethical Conduct is designed to deter wrongdoing and to promote honest and ethical conduct and compliance with applicable laws and regulations. The full text of our Code of Ethical Conduct is published on our website at www.digipwr.com. We will disclose any substantive amendments to the Code of Ethical Conduct or any waivers, explicit or implicit, from a provision of the Code on our website or in a Current Report on Form 8-K.

Board Leadership Structure and Role in Risk Oversight

Our Board as a whole is responsible for our risk oversight. Our executive officers address and discuss with our Board our risks and the manner in which we manage or mitigate such risks. While our Board has the ultimate responsibility for our risk oversight, our Board works in conjunction with its committees on certain aspects of its risk oversight responsibilities. In particular, our Audit Committee focuses on financial reporting risks and related controls and procedures; our Compensation Committee evaluates the risks associated with our compensation philosophy and programs and strives to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with our strategies and objectives; and our Nomination and Governance Committee oversees risks associated with our Code of Ethical Conduct.

We currently separate the positions of President/Chief Executive Officer and Chairman of the Board. The Board believes that such structure is in the best interest of the Company at this time, as it allows for a more effective monitoring and objective evaluation of the performance of management.

Director Independence

Our Board has undertaken a review of the independence of each director and director nominee and has determined that Messrs. Yatim, Smith, Ben-Ze'ev, Levi and Rosenberg are independent, and that each director who serves on or is nominated for each of its committees is independent, as such term is defined by standards of the SEC and the NYSE MKT. Messrs. Kohn and Diamant do not meet the independence standards above.

Director Compensation

Independent directors receive \$10,000 annually for serving on our Board. The director designated by the Board as the Audit Committee financial expert generally receives an additional annual fee of \$5,000 for serving as the financial expert. Directors are paid quarterly in arrears for their services.

Subject to Board approval, upon joining our Board, independent directors may also receive a grant of an option under our 2012 Stock Option Plan to purchase 10,000 shares of our common stock. In addition, subject to Board approval, each independent director may be granted, from time to time, an option to purchase an additional 10,000 shares of our common stock. Options vest over a four-year period, 25% per year. Each option has an exercise price equal to the fair market value of our common stock on the grant date and a maximum term of ten years, subject to earlier termination upon the cessation of service as a director.

Chairman of the Board of Directors, Ben-Zion Diamant, receives monthly consulting fees of \$6,000 and received a grant of an option under our 2012 Stock Option Plan to purchase 150,000 shares of our common stock on April 2, 2014.

The table below sets forth, for each non-employee director, the total amount of compensation related to his service during the year ended December 31, 2014:

Director Compensation

On September 12, 2011, the Company's Board of Directors approved the payment of monthly consulting fees of \$6,000 to Ben-Zion Diamant, our Chairman of the Board of Directors. These fees were first paid on October 5, 2011 and have continued to be paid on a monthly basis since such date. The Board's decision to approve these fees (1) was based on a recommendation by the Compensation Committee, in consideration for Mr. Diamant's services to the Company, including manufacturing advisory and corporate advisory services. The Company's obligation to pay the fees may be terminated at any time by further decision of the Board of Directors and will terminate upon a strategic transaction of the Company.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT AUDITORS

General

Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global Limited (“E&Y”), has served as our independent registered public accounting firm since 2002 and has been appointed by the Audit Committee to continue as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

Shareholder ratification of E&Y as our independent registered public accounting firm is not required by our bylaws or

otherwise. The Board is seeking such ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of E&Y as our independent registered public accounting firm, the Audit Committee will consider whether or not to retain that firm for the year ending December 31, 2016. Even if the selection is ratified, we may appoint a different independent registered public accounting firm during the year if the Audit Committee determines that such a change would be in the best interests of Digital Power and our shareholders. We do not expect a representative of E&Y to be present at the annual meeting or otherwise be available to make a statement or respond to questions.

E&Y also serves as the independent auditors of Telkoor, our largest shareholder. The auditing of our and Telkoor's financial statements are handled by separate teams within E&Y.

Fees and Services

The following table shows the aggregate fees billed to us for professional services by Kost Forer for the years ended December 31, 2014 and 2013:

	2014	2013
Audit Fees	\$112,000	\$115,000
Audit-Related Fees	\$-	\$-
Tax Fees	\$-	\$-
All Other Fees	\$-	\$-
Total	\$112,000	\$115,000

Audit Fees. This category includes the aggregate fees billed for professional services rendered for the audits of our financial statements for the years ended December 31, 2014 and 2013, for the reviews of the financial statements included in our quarterly reports on Form 10-Q during 2014 and 2013, and for other services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for the relevant years.

Audit-Related Fees. REPORT OF THE AUDIT COMMITTEE

In accordance with Securities and Exchange Commission regulations, this Audit Committee report is not deemed to be filed with the SEC.

The Audit Committee oversees the financial reporting process for Digital Power on behalf of the Board. In fulfilling its oversight responsibilities, the Audit Committee reviews Digital Power's internal accounting procedures, consults with, and reviews the services provided by, Digital Power's independent auditors, and makes recommendations to the Board regarding the appointment of independent auditors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles.

In accordance with Statements on Accounting Standards (SAS) No. 61, discussions were held with management and the independent auditors regarding the acceptability and the quality of the accounting principles used in the reports. These discussions included the clarity of the disclosures made therein, the underlying estimates and assumptions used in the financial reporting, and the reasonableness of the significant judgments and management decisions made in developing the financial statements. In addition, the Audit Committee has discussed with the independent auditors their independence from Digital Power and its management. The independent auditors provided the written disclosures and the letter required by Independence Standards Board Standard No. 1.

Pursuant to the reviews and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2014, for filing with the Securities and Exchange Commission.

Employee Stock Ownership Plan

The Company had an Employee Stock Ownership Plan ("ESOP") until July 31, 2014 at which time it was entirely liquidated after a decision to terminate the plan as of July 31, 2013 was previously made. The ESOP provided for the Employee Stock Ownership Trust ("ESOT") to distribute the Company's common shares or cash equivalent as retirement benefits to the participants. As of July 31, 2014, the ESOT had distributed or paid the cash equivalent of all of the 167,504 shares previously held prior to plan termination.

Stock Option Plans

Our stock option plans currently consist of the Digital Power 2012 (as amended), 2002, 1998, and 1996 incentive share option plans (the "Incentive Share Option Plans"). All of the Incentive Share Option Plans have expired, except for the 2012 Stock Option Plan (as amended) which was approved by shareholders at the annual general meeting held on August 12, 2013. At such annual general meeting, shareholders approved the 2012 Stock Option Plan (as amended) which increased the number of shares authorized for issuance to 1,372,630 shares from the 410,145 shares originally authorized in December, 2012 under the preceding 2012 Stock Option Plan. Currently authorized for issuance under the Company's Incentive Stock Option Plans are 655,130 shares of our common stock.

The purpose of the 2012 Stock Option Plan (as amended) is to encourage stock ownership by employees, officers, and directors by giving them a greater personal interest in the success of the business and by providing them an added incentive to advance in their employment or service to Digital Power. The 2012 Stock Option Plan (as amended) provides for the grant of either incentive or non-statutory stock options. The exercise price of any stock option granted under the 2012 Plan (as amended) may not be less than 100% of the fair market value of our common stock on the date of grant.

To the extent that an incentive stock option may be exercised in any given year for more than \$100,000, the option will be deemed to be a non-statutory stock option. Generally, our stock option agreements permit cashless exercises where options are exercised and the underlying common stock is sold on the same day. Unless otherwise provided by the Board, an option granted under the 2012 Stock Option Plan (as amended) is exercisable for 10 years. The 2012 Stock Option Plan (as amended) is administered by the Compensation Committee, which has discretion to determine optionees, the number of shares to be covered by each option, the exercise schedule and other terms of the options. The 2012 Stock Option Plan (as amended) may be amended, suspended, or terminated by the Board, but no such action may impair rights under a previously granted option. Each incentive stock option is exercisable, during the lifetime of the optionee, only so long as the optionee remains employed with us. In general, no option is transferable by the optionee other than by will or by the laws of descent and distribution.

As of December 31, 2014, options to purchase 1,262,763 shares of common stock were issued and outstanding under the Incentive Share Option Plans.

401(k) Plan

We have adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, which generally covers all of our full-time employees. Pursuant to the 401(k) plan, eligible employees may make voluntary contributions to the plan up to a maximum of 5% of eligible compensation. The 401(k) plan permits, but does not require, matching contributions by Digital Power on behalf of plan participants. We match contributions at the rate of (1) \$1.00 for each \$1.00 contributed, up to 3% of the base salary and (2) \$0.50 for each \$1.00 contributed thereafter, up to 5% of the base salary. We are also permitted under the plan to make discretionary contributions. The 401(k) plan is intended to qualify under Sections 401(k) and 401(a) of the Internal Revenue Code of 1986, as amended. Contributions to such a qualified plan are deductible by Digital Power when made, and neither the contributions nor the income earned on those contributions is taxable to plan participants until withdrawn. All 401(k) plan contributions are credited to separate accounts maintained in trust.

Mr. Kohn continues to serve as the Company's President and Chief Executive Officer.

Letter Agreement with William J. Hultzman

On August 15, 2013, the Company entered into a letter agreement with William J. Hultzman (the “Letter Agreement”), pursuant to which he became the Company’s Vice President of Finance (principal financial officer and principal accounting officer) on August 21, 2013. Mr. Hultzman replaced Amos Kohn, the Company’s President and Chief Executive Officer, who served as interim Chief Financial Officer since March, 2011.

In March, 2014, the Compensation Committee resolved to grant Mr. Hultzman 100,000 stock options under the 2012 Stock Option Plan. The options, which will have an exercise price equal to the closing price of the Company’s shares as of the close of business on April 1, 2014, vest over four years at 25% per year and expire 10 years from the date of grant.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationship with Telkooor Power Supplies Ltd.

In the years ended December 31, 2014 and 2013, we purchased approximately \$868,000 and \$1,381,000, respectively, of products from Telkoo Power Supplies, Ltd., a wholly-owned subsidiary of our largest shareholder, Telkoo, of which Ben-Zion Diamant is the Chief Executive Officer and controlling shareholder. We have no written agreement for the purchase of these products, other than purchase orders that are placed in the ordinary course of business when the products are needed.

Purchase of IP from Telkoo by DPL

On August 25, 2010, we and our wholly-owned subsidiary, DPL, entered into an agreement with TPS, a wholly-owned subsidiary of our largest shareholder, Telkoo Telecom Ltd., of which Mr. Diamant is the Chief Executive Officer and controlling shareholder. Pursuant to such agreement, (1) TPS sold, assigned and conveyed to DPL all of its rights, title and interest in and to the intellectual property associated with the Compact Peripheral Component Interface 600 W AC/DC power supply series (the "Assets") and (2) DPL granted to TPS an irrevocable license to sell the Assets in Israel on an exclusive basis. In consideration for the purchase of the Assets, DPL has paid TPS \$480,000. The consideration for the license provided to TPS to sell the Assets in Israel is a royalty fee of 15% of TPS's direct production costs of sales, due on a quarterly basis. In accordance with the agreement, the consideration for the IP may be reduced over a four-year period in the event annual sales for each year between 2011 and 2014 are less than a fixed threshold of units on an annual basis based upon an offset value per unit as described in the agreement. If there is a shortfall in sale of units in one annual period and in the subsequent period the Company sells more than the fixed unit threshold, this difference will be offset from any reduced consideration in any annual periods between 2011 and 2014. As a result of lower than anticipated sales by our DPL subsidiary of the Compact Peripheral Component Interface 600W AC/DC power supply series (CPCI 600W) through 2013, the Company amended its agreement with Telkoo (effective January 1, 2014 for the duration of the original agreement or until the shortfall of CPCI 600W product sales will be offset) to include additional products in addition to the original CPCI 600W product. We will not be required to make any royalty payments to Telkoo under the Manufacturing Agreement with Telkoo (described below) until the shortfall of CPCI 600W product sales will be offset.

Acquisition of Shares of Telkoo

On June 16, 2011 the Company acquired 1,136,666 shares of Telkoo, a major shareholder of the Company and an Israeli company listed in the Tel Aviv stock exchange, for \$0.88 (NIS 3) per share, which represented 8.8% of the outstanding shares of Telkoo. As a result of this transaction, an existing manufacturing agreement between Digital Power and Telkoo was updated and extended. Until September 30, 2012 the investment was accounted for as an available-for-sale investment and then reclassified the accounting of the investment at cost less accumulated impairments derived from independent appraisals or available market valuations

Manufacturing Agreement with Telkooor

On December 31, 2012, the Company entered into a Manufacturing Rights Agreement (the "Manufacturing Agreement") with Telkooor, pursuant to which among other things, Telkooor granted to the Company the non-exclusive right to directly place purchase orders for certain products from third party manufacturers for the purpose of marketing, selling and distributing the products for telecom, industrial, medical and military market segments in North and South America in consideration for the payment of royalty fees by the Company to Telkooor. The royalty fees paid by the Company to Telkooor under the Manufacturing Agreement are between 5% and 25%, depending on the product. The Company incurred \$44,000 in Telkooor royalty expense in 2013. The Manufacturing Agreement has a term of five years from the date of signature. During the agreement, Telkooor agreed not to directly or indirectly participate or engage, or assist any other party in engaging or preparing to engage, the customers of the Company in North and South America in connection with the sale or distribution of any of the products under the Manufacturing Agreement.
