Questions and Answers About the Annual Meeting and Voting

This Question and Answer section provides some background information and brief answers to several questions you might have about the enclosed proposals. We encourage you to read this Proxy Statement in its entirety.

What is a proxy?

A proxy is your legal designation of another person, called a proxy holder, to vote the shares that you own. If you designate someone as your proxy holder in a written document, that document is called a proxy.

When I vote my shares, who am I designating as my proxy?

We have designated James F. Brashear, our Vice President, General Counsel and Corporate Secretary, and Susan K. Conner, our Vice President and Chief Financial Officer, to act as proxy holders at the annual meeting as to all shares for which proxy cards are returned or voting instructions are provided by Internet or telephonic voting.

What is a proxy statement?

A proxy statement is a document that SEC regulations require us to give you when we ask you to sign a proxy card designating the proxy holders described above to vote on your behalf.

What is the record date?

The record date for the annual meeting is April 12, 2010. The record date is established by our Board of Directors as required by Texas law. Only stockholders of record at the close of business on the record date are entitled to receive notice of the annual meeting and to vote their shares at the meeting.

What is the difference between a stockholder of record and a stockholder who holds stock in street name, also called a beneficial owner?

If your shares are registered in your name at our stock registrar and transfer agent, Computershare Investor Services LLC, you are a stockholder of record.

If your shares are registered at our stock registrar and transfer agent, Computershare Investor Services LLC, in the name of a broker, bank, trustee, nominee, or other similar stockholder of record, your shares are held in street name and you are the beneficial owner of the shares.

How do I obtain admission to personally attend the annual meeting?

Stockholders of Record. You will need to bring a government-issued photo identification card to gain admission to the annual meeting.

Street Name Holders. You will need to ask your broker or bank for an admission ticket in the form of a legal proxy and you will need to bring the legal proxy with you to the meeting. If you do not receive the legal proxy in time, bring your most recent brokerage statement with you to the meeting. We can use that to verify your ownership of Common Stock and admit you to the meeting; however, you will not be able to vote your shares at the meeting without a legal proxy. You will also need to bring a government-issued photo identification card to gain admission to the annual

meeting. Please note that if you own shares in street name and you are issued a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the meeting and vote in person.

What methods can I use to vote?

By Written Proxy. All stockholders may vote by mailing the written proxy card.

By Telephone and Internet Proxy. All stockholders of record may vote by telephone from the U.S. using the toll-free telephone number on the proxy card, or by the Internet, using the procedures and instructions described on the proxy card and other enclosures. Street name holders may vote by telephone or the Internet if their bank, broker, or other stockholder of record makes those methods available, in which case the bank, broker, or other stockholder of record will enclose the instructions with the Proxy Statement. The telephone and Internet voting procedures, including the use of control numbers, are designed to authenticate stockholders' identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.

What will occur at the annual meeting?

First, we will determine whether we have a quorum of shares represented at the annual meeting to conduct business. If a quorum is not present at the annual meeting, we will adjourn or reschedule the meeting. If enough shares are represented at the annual meeting to conduct business, then we will vote on the proposals outlined in this Proxy Statement and any other business that is properly brought before the meeting and any adjournments or postponements thereof. We know of no other matters that will be presented for consideration at the annual meeting. If, however, other matters or proposals are presented and properly come before the meeting, the proxy holders intend to vote all proxies in accordance with their best judgment in the interest of Zix Corporation and our shareholders.

A representative of Whitley Penn LLP, our independent registered public accounting firm, is expected to be present at the annual meeting and will be afforded the opportunity to make a statement, if such representative so desires, and to respond to appropriate questions. A representative of Broadridge Financial Solutions, Inc. will count the votes and act as the independent inspector of election.

What is a quorum?

The holders of a majority of the shares who are entitled to vote at the annual meeting must be represented at the meeting in person or by proxy to have a quorum for the transaction of business at the meeting and to act on the matters specified in the Notice. A shareholder will be deemed to be represented at the annual meeting if the shareholder:

.

is present in person; or

.

is not present in person, but has voted by proxy card before the annual meeting; or

.

is not present in person, but a broker has cast for the shareholder a discretionary vote on Proposal 2.

As of the record date, there were 63,896,227 shares outstanding and entitled to vote at the annual meeting, held by or through 512 holders of record. Each share of our common stock is entitled to one vote. Our shareholders are entitled to cast an aggregate of 63,896,227 votes at the annual meeting, so a quorum equals 31,948,114 shares of our common stock.

What proposals are shareholders being asked to consider at the annual meeting?

At the annual meeting, we will ask our shareholders to consider and vote on the following:

.

Proposal 1 is to elect six members of our Board of Directors for a one-year term;

.

Proposal 2 is to ratify the selection of Whitley Penn LLP as our independent registered public accountants; and

.

Any other matters properly brought before the meeting or any adjournment or postponement thereof.

What are my voting choices on Proposal 1 for Director nominees, and what vote is needed to elect Directors?

For the vote on the election of the Director nominees, stockholders may:

.

vote in favor of all nominees, or

.

vote to withhold votes from all nominees, or

.

vote to withhold votes as to specific nominees, and in favor of the remaining nominees.

The six nominees will be elected who receive a plurality of the FOR votes out of all votes cast (either FOR or WITHHELD) in person or by proxy at the annual meeting.

The Board recommends that you vote FOR Proposal 1 and FOR each of the Director nominees.

What is a plurality of the votes?

In order to be elected, a Director nominee does not have to receive a majority of FOR votes cast out of all votes cast either affirmatively or negatively in person or by proxy at the annual meeting. Instead, the six nominees who will be elected are those six who receive the most FOR votes of all the votes cast on Proposal 1 in person or by proxy at the meeting.

What are my voting choices on Proposal 2, the ratification of the appointment of Whitley Penn LLP as the Company's independent registered public accounting firm, and what vote is needed to ratify their appointment?

For the vote on the ratification of the appointment of our independent registered public accounting firm, stockholders may:

.

vote in favor of the ratification, or

.

vote against the ratification, or

.

abstain from voting on the ratification.

The proposal to ratify the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes entitled to be cast affirmatively or negatively by the shares of stock present in person or by proxy at the annual meeting and entitled to vote thereon.

The Board recommends that you vote FOR Proposal 2.

What if a stockholder does not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each proposal described on the enclosed proxy. Proxy cards that are signed and returned will be voted FOR proposals described in this proxy statement for which no specific instructions are given.

How are withheld votes, abstentions and broker non-votes counted?

Shares as to which proxy cards or voting instructions indicate WITHHELD as to Proposal 1 or ABSTAIN as to Proposal 2 are counted as represented at the annual meeting for purposes of determining the existence of a quorum at the meeting. Shares voted WITHHELD as to a Director nominee on Proposal 1 will count as votes against the indicated nominee. Shares voted ABSTAIN on Proposal 2 have the same effect as votes cast AGAINST Proposal 2. Broker non-votes will not be counted as represented at the annual meeting, will not be included in vote totals and will not affect the outcome of the vote on either of the proposals.

Why did I received more than one Proxy Statement?

If you received more than one proxy statement, your shares are probably registered in different names or are in more than one account. Please vote each proxy card that you receive.

What if I want to change my vote?

You may revoke your vote on any proposal at any time before the annual meeting for any reason. To revoke your proxy before the meeting, write to Zix Corporation, Attention: Corporate Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960. You will need to include a copy of your earlier voted proxy and may be required to provide other information to facilitate the administrative steps actually required to properly revoke your

prior proxy and properly record the revocation. You may also come to the annual meeting and change your vote in writing. You will need to bring a copy of your earlier voted proxy and may be required to provide other information to facilitate the administrative steps actually required to properly revoke your prior proxy and properly record the revocation.

Where will I find the voting results of the annual meeting?

We will announce the preliminary voting results at the annual meeting and will publish the preliminary or final voting results in a Current Report on Form 8-K that we will file with the SEC within four business days after the annual meeting. If the voting results are not final when that Current Report is filed, we will publish the final voting results in a Current Report on Form 8-K that we will file with the SEC within four business days after the final voting results are determined. You can get a copy of that Current Report at www.zixcorp.com/investors or by contacting our Investor Relations office at (214) 515-7357.

Where can I find additional information? Who can help answer my questions?

You should carefully review the entire Proxy Statement, which contains important information regarding the proposals, before voting. The section under the heading **WHERE YOU CAN FIND MORE INFORMATION** below, describes additional sources from which to obtain this Proxy Statement, our public filings under the Securities Exchange Act of 1934 and other information about our Company. Additionally, a copy of this Proxy Statement is available on our Company's web site at www.zixcorp.com/investors.

PROXY STATEMENT

Annual Meeting of Shareholders

June 7, 2010

Information Concerning Solicitation And Voting

General

This proxy statement is furnished on behalf of the Board of Directors of Zix Corporation (we, us, our or the Company) to solicit proxies to be voted at the annual meeting of our shareholders to be held on Monday, June 7, 2010, at 10:00 a.m. Central Time, and at any adjournment or postponement of the annual meeting for the purposes set forth herein and in the accompanying Notice of annual meeting of Shareholders.

Whether or not you personally attend, it is important that your shares be represented and voted at the annual meeting. Most stockholders have a choice of voting over the Internet, by using a toll-free telephone number, or by completing a proxy card and mailing it in the postage-paid envelope provided. Check your proxy card or the information forwarded by your bank, broker, or other stockholder of record to determine which voting options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telecommunication and Internet access charges for which you will be responsible. The Internet voting and telephone voting facilities for stockholders of record will be available until 11:59 p.m., local time, on June 6, 2010. This Proxy Statement and the accompanying proxy card were first mailed on or about April 23, 2010.

NO PERSON IS AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS OTHER THAN THOSE CONTAINED IN THIS PROXY STATEMENT, AND, IF GIVEN OR MADE, THE INFORMATION OR REPRESENTATIONS MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED. THE DELIVERY OF THIS PROXY STATEMENT SHALL, UNDER NO CIRCUMSTANCES, CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN OUR AFFAIRS SINCE THE DATE OF THIS PROXY STATEMENT.

Solicitation of Proxies

This solicitation is being made by mail on behalf of our Board of Directors. We will bear the expense of the preparation, printing and mailing of the enclosed proxy card, Notice of Annual Meeting of Shareholders and this Proxy Statement, and any additional material relating to the annual meeting that may be furnished to our shareholders by our Board related to the furnishing of this Proxy Statement. We have engaged Georgeson Inc. to assist in the solicitation of proxy materials from shareholders at a fee of approximately \$7,000 plus reimbursement of reasonable out-of-pocket expenses. Proxies may also be solicited without additional compensation by our officers or employees

by telephone, facsimile transmission, e-mail, or personal interview. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of shareholders at the annual meeting, supplementary solicitations may be made by mail, telephone, facsimile transmission, e-mail, or personal interview by our officers or employees, without additional compensation, or by selected securities dealers. We anticipate that the cost of such supplementary solicitations, if any, will not be material.

Purpose of annual meeting

The purpose of the annual meeting is to obtain approval for the two proposals described in this Proxy Statement and to consider such other business as may properly come before the annual meeting, including any adjournment or postponement thereof. At the meeting, we will ask shareholders to consider and vote on the following proposals:

.

Proposal 1: elect six members of our Board of Directors for a one-year term; and

.

Proposal 2: ratify the appointment of Whitley Penn LLP as our independent registered public accountants.

Record Date and Shares Outstanding

Only shareholders who owned shares of our common stock at the close of business on April 12, 2010, referred to in this Proxy Statement as the Record Date, are entitled to notice of, and to vote at, the annual meeting. As of the Record Date, 63,896,227 shares of our common stock were outstanding and entitled to vote at the annual meeting. Shareholders are entitled to one vote, in person or by proxy, for each share of common stock held in their name on the record date.

Quorum

A majority of the outstanding shares of our common stock entitled to vote at the annual meeting must be represented, in person or by proxy, at the annual meeting to constitute a quorum to conduct business at the meeting. As of the Record Date, there were 63,896,227 shares outstanding and entitled to vote at the annual meeting, so we will require a quorum of at least 31,948,114 shares represented at the annual meeting in order to conduct business at the meeting. Votes cast FOR or that are WITHHELD from any Director nominee on Proposal 1 will be counted in determining whether a quorum is represented. Votes cast FOR or AGAINST Proposal 2, and instructions to ABSTAIN as to that proposal, all will be counted in determining whether a quorum is represented.

Revocability of Proxies

You may revoke your proxy at any time before it is exercised. Execution of the proxy will not affect your right to attend the annual meeting in person. Revocation may be made prior to the annual meeting by written revocation or through a duly executed proxy bearing a later date sent to Zix Corporation, Attention: Corporate Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960; or your proxy may be revoked personally at the annual meeting by written notice to the Secretary at the annual meeting prior to the voting of the proxy. Any revocation sent to ZixCorp must include the shareholder's name and must be received prior to the annual meeting to be effective.

How Your Proxy Will Be Voted

In the absence of specific instructions to the contrary, shares represented by properly executed proxies received by the Company, including unmarked signed proxies, will be voted FOR the each of the proposals that will be considered at the annual meeting. In addition, if any other matters properly come before the annual meeting the persons named as proxy holders in the enclosed proxy card will have discretion as to how they will vote the shares they represent. Other than the proposals described in this Proxy Statement, we have not received notice of any matters that may properly be presented at the annual meeting.

Dissenters' Rights

Under Texas law, shareholders are not entitled to dissenters' rights with respect to the proposals that will be considered at the annual meeting.

Tabulation of Votes

Votes cast at the annual meeting will be tabulated by a representative of Broadridge Financial Solutions, Inc. as the independent inspector of election.

Vote Required to Approve Proposals

Proposal 1

On Proposal 1, shares may either be voted FOR an individual Director nominee or voted WITHHELD as to an individual Director nominee. If a quorum is represented at the annual meeting, the six nominees who receive the greatest number of FOR votes (also called a plurality of FOR votes) will be elected as Directors. Brokers cannot cast discretionary votes in the election of Directors, so you must instruct your broker how to vote your shares on Proposal 1. A vote WITHHELD as to any Director will not be counted as a vote FOR or AGAINST the election of that Director and will not affect the outcome of the vote. In the election of Directors, shareholders are not entitled to cumulate their votes or to vote for a greater number of persons than the number of nominees named in this Proxy Statement.

Proposal 2

On Proposal 2, shares may either be voted FOR the ratification of the Board of Director's appointment of Whitley Penn LLP as the Company's independent auditors for 2010, or voted AGAINST that ratification, or voted to ABSTAIN. If a quorum is represented at the annual meeting, the approval of Proposal 2 would require the FOR vote of a majority of the shares of our common stock represented at the annual meeting and entitled to vote. Shares voted to ABSTAIN do not count as votes FOR or AGAINST Proposal 2. Because votes to ABSTAIN are counted as shares represented at the meeting, they will have the same effect as votes AGAINST Proposal 2.

Other Matters

An affirmative vote of a majority of the shares represented at the annual meeting is generally required for action on any other matters that may properly come before the annual meeting.

Effect of Abstentions

Abstentions occur when a shareholder instructs the proxy holder to ABSTAIN from voting on a proposal. For shares that are entitled to vote at the annual meeting, instructions to ABSTAIN as to a proposal are will be treated as if the shares are represented at the annual meeting for purposes of calculating a quorum. Votes to ABSTAIN do not count as a vote FOR, AGAINST or WITHHELD as to any proposal.

Effect of Broker Non-Votes

If your shares are held in a brokerage account and you do not instruct your broker how to vote on a particular proposal, your brokerage firm could either:

.

Vote your shares on that proposal in the broker's discretion, if the rules permit; or

.

Leave your shares unvoted on that proposal.

A broker non-vote occurs when a broker or nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker nominee does not have the discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Under applicable rules, brokers do not have discretionary authority to vote on Proposal 1, but they do have the discretionary authority to vote on Proposal 2. Broker non-votes will not be counted for purposes of determining the presence or absence of a quorum for the transaction of business or for purposes of determining the number of votes cast with respect to a proposal. Therefore, broker non-votes will have no effect on the voting with respect to proposals being considered at the annual meeting.

Shareholders Proposals

If you would like to submit a proposal to be included in the proxy statement for the 2011 annual meeting of stockholders, you must submit your proposal in writing so that we receive it no later than December 22, 2010. Our By-laws require that any stockholder proposal that does not qualify for inclusion in our proxy statement under SEC Rule 14a-8, but instead is to be presented directly at the 2011 annual meeting, must be received at our principal executive offices not less than 20 days and not more than 60 days prior to the first anniversary of the 2010 Annual Meeting. As a result, proposals submitted pursuant to these provisions of our By-laws must be received no earlier than April 8, 2011, and no later than the close of business on May 18, 2011, and must otherwise comply with the requirements of our Bylaws. A copy of our Bylaws is available on our Company's web site at www.zixcorp.com/investors. All notices of proposals, whether or not to be included in our proxy materials, should be

sent to our principal executive offices at Zix Corporation, Attention: Corporate Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960.

Reducing the Costs of Proxy Solicitation

To reduce the expenses of delivering duplicate proxy materials, we may take advantage of the SEC's householding rules that permit us to deliver only one set of proxy materials to stockholders who share an address, unless otherwise requested. If you share an address with another stockholder and have received only one set of proxy materials, you may request a separate copy of these materials at no cost to you by contacting Zix Corporation, Attention: Corporate Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960 or (214) 370-2000. For future annual meetings, you may request separate voting materials, or request that we send only one set of proxy materials to you if you are receiving multiple copies, by calling or writing to us at the phone number and address given above.

Stockholders of Record: If you vote on the Internet at www.proxyvote.com, simply follow the prompts for enrolling in the electronic proxy delivery service.

Beneficial Owners: If you hold your shares in a brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank, broker or other holder of record regarding the availability of this service.

David P. Cook was elected to our Board of Directors in August of 2009. He currently is active in independent intellectual property pursuits and research. Mr. Cook served as a Director of our Company from 1984 until 1990, and also from 1995 until 2001, including taking the Company public and serving as our Chairman from 1998 until 2000. Previously, he launched three other public companies where he served as Chairman, President and CEO, including Blockbuster Entertainment Corporation (retail music and video), Tag Systems, Inc. (renamed Amtech Systems, Inc.) (toll tag technology) and David P. Cook & Associates (oil and gas software).

Our Board of Directors selected Mr. Cook to serve as a Director because he brings to the Board both over 30 years of entrepreneurial acumen and vision, as well as hands-on experience in managing several public companies. Additionally, he is a technologist and serial inventor, with numerous patents to his name in various fields, which enables him to contribute to our Board a unique level of technological knowledge and understanding. His role in founding our Company gives him special insight into our Company's technology.

Robert C. Hausmann was elected to our Board of Directors in November 2005. He is the Chief Financial Officer of privately-held TetraSun, Inc. (solar cell development). Mr. Hausmann served as Vice President and Chief Financial Officer of Securify, Inc. (computer security monitoring) from September 2002 through June 2005. From September

1999 through September 2002, Mr. Hausmann served as Vice President and Chief Financial Officer of Resonate, Inc. (network traffic management) and helped manage that company's initial public offering. Previously, he served as Operations Partner and Chief Financial Officer of Mohr, Davidow Ventures, a Silicon Valley-based venture capital partnership. He is a Director of Business Services Group LLC, CAY Holding, Customer Nation, Inc., Light Engineering, Inc., Sam Cloud Baru L.P., Simply Ice, LLC., and Sinatek, Inc. Mr. Hausmann holds a Master of Business Administration degree from Santa Clara University and a Bachelors of Arts degree in Finance and Accounting from Bethel College.

Our Board of Directors selected Mr. Hausmann to serve as a Director because of his experience as Chief Financial Officer of three companies with larger average annual revenues than the Company, and as Chief Financial Officer of one of Silicon Valley's premiere venture capital firms, which contributes to the Board's oversight of the Company's financial and accounting matters, including public company reporting and disclosure. His consulting work at public and private companies, principally in the information technology industry, brings to the Board valuable experience and perspective on a variety of matters facing the Company, including financial markets, operations, corporate governance, compliance and systems and process re-engineering. Mr. Hausmann was appointed Chair of the Audit Committee because his experience qualifies him for designation as an audit committee financial expert under SEC rules and aids in that committee's compliance oversight.

James S. Marston was elected to our Board in September 1991. From September 1987 through February 1998, Mr. Marston served as a Senior, or Executive, Vice President and the Chief Information Officer of APL Limited (intermodal shipping). Between 1986 and 1987, Mr. Marston served as President of AMR Technical Training Division, AMR Corporation (transportation). From 1982 until 1986, he was Vice President of Data Processing and Communications for American Airlines, Inc., where he was responsible for the Sabre reservations system and related technologies. He holds a Bachelor of Arts degree in Political Science from the University of Maryland, and a Master of Arts degree in Public Administration from the University of Oklahoma.

Our Board of Directors selected Mr. Marston to serve as a Director because his 18 years of service on our Board contributes unique knowledge, history and perspective about the Company and its business, employees and customers. His tenure provides the Board with a deeper understanding of the issues, risks and opportunities before the Company. Mr. Marston's years operating the Sabre computer reservation system, then owned by American Airlines, Inc., contributes to the Board a wealth of experience and depth of understanding about issues facing large and complex information technology services businesses.

Maribess L. Miller was elected to our Board in April 2010. Ms. Miller was a member of the public accounting firm PricewaterhouseCoopers LLP from 1975 until 2009, including serving as the North Texas Market Managing Partner from 2001 until 2009; as Southwest Region Consumer, Industrial Products and Services Leader from 1998 until 2001; and as Managing Partner of that firm's U.S. Healthcare Audit Practice from 1995 to 1998. She was appointed in 2009 by Governor Rick Perry to the Texas State Board of Public Accountancy and serves on the technical standards review behavioral enforcement and rules committees. She is immediate past Board Chair for the Texas Health Institute, where she remains a member of the board. Ms. Miller also serves on the Board of the AT&T Center for Performing Arts and the TCU Neeley School of Business, and as audit committee chair of the Dallas Symphony Association. She graduated cum laude with a Bachelors degree in Accounting from Texas Christian University. Ms. Miller is a Certified Public Accountant.

Our Board of Directors selected Ms. Miller to serve as a Director because of her extensive experience in auditing and consulting with companies in various fields, including healthcare and technology companies, which allows her to contribute valuable perspective and insights about the Company's operations. In addition, Ms. Miller has special expertise in public company accounting and financial reporting. She brings to our Board and its Audit Committee invaluable technical understanding of public company accounting and internal controls over financial reporting.

Antonio R. Sanchez III was elected to our Board in May 2003. He has served since March 2006 as President of Sanchez Oil & Gas Corporation (energy) where he guides day-to-day operations, and previously served as that company's Executive Vice President beginning in October 2001. From 1999 through 2001, he held a variety of positions at Zix Corporation, including sales and marketing, product development and investor relations. From 1997 through 1999, he was an analyst in the mergers and acquisitions group of JP Morgan (investment banking). He received a Bachelor of Science degree in Business Administration from Georgetown University with a concentration on Accounting and Finance and a minor in Economics. He also holds a Master of Business Administration degree from Harvard University.

Our Board of Directors selected Mr. Sanchez to serve as a Director because his experience in senior executive roles at a company with revenues significantly larger than those of the Company, and in an industry that is distinct from the Company's industry, brings to our Board a unique outsider's perspective. Mr. Sanchez's early career experience as an employee of the Company provides him with valuable historical knowledge and perspective about our business.

Richard D. Spurr was elected to our Board in May 2005 and elected Chairman of the Board in February 2006. He joined our Company in January 2004 as President and Chief Operating Officer and has served as Chief Executive Officer since March 2005. From March 2003 to November 2003, he served as Senior Vice President, Worldwide Sales, Marketing and Business Development for Securify, Inc. (information security). From 1991 to 1996 he was Vice President, Worldwide Sales at SEER Technologies, Inc. (information technology) and from 1997 to 2001 he served in several senior executive positions at Entrust, Inc. (information technology security), helping to take those two technology companies from early start-up stages to and beyond initial public offerings. From 1974 to 1990, he worked for IBM Corporation (information technology) where, as Regional Manager, he was responsible for over 1,000 employees, and as Group Director in Tokyo, where he managed a \$1.2 billion Asia Pacific business. Mr. Spurr earned a Bachelor of Arts degree from the University of Notre Dame, graduating in 1974.

Our Board of Directors selected Mr. Spurr to serve as a Director because as the Company's Chief Executive Officer his direct, day-to-day knowledge of and interaction with all aspects of our business, including stockholders, employees and customers is unique among the Directors and provides our Board with important insights into our Company's business. In addition, he brings over 30 years of experience in building and managing sales, marketing, business development and service operations in global information technology businesses, which is unique among the members

of our Board.

Directors, executive officers, and greater than ten percent stockholders are required by the regulations of the SEC to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required during 2009, our Directors and executive officers complied with all Section 16(a) filing requirements.

Corporate Governance

Our Board in General

Our business is managed under the direction of our Board of Directors. Our Board currently consists of seven members. The names of our Board members, their professional experience and attributes are described above under the caption **OTHER INFORMATION YOU NEED TO MAKE AN INFORMED DECISION** Directors.

Corporate Governance

Our Board has adopted the Zix Corporation Board of Directors Procedures and Corporate Governance Overview, which is intended to provide a framework for the governance of our Company. This document is available on our website at www.zixcorp.com/governance.php.

We are in compliance with corporate governance requirements, including those of the Sarbanes-Oxley Act of 2002 and the NASDAQ Marketplace Rules. We will continue to monitor our policies and procedures to ensure compliance with developing standards in the corporate governance area. Our Board has also designated our Corporate Secretary as the Company's Chief Governance Officer and looks to this officer to keep the Board informed of corporate governance matters.

Director Independence

Our Board has determined that all of our Board members, other than our CEO Richard D. Spurr, are independent as defined in the listing requirements of The NASDAQ Stock Market. The NASDAQ independence definition includes a series of objective tests, such as that the subject Director is not an employee of the Company and has not engaged in various types of business dealings with the Company. In addition, as further required by the NASDAQ Marketplace Rules, our Board has made a subjective determination as to each independent Director that no relationships exist which, in the opinion of our Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. In determining whether Mr. Sanchez and Mr. Cook qualified as independent, our Board considered the facts that quite some time ago Mr. Sanchez served as an employee and Mr. Cook served as an officer and employee of the Company.

Board Leadership Structure

The Board believes that the independent oversight of management is an important function of an effective Board of Directors. The independent members of our Board have determined that the most effective Board leadership structure for our Company at the present time is for the Chief Executive Officer to also serve as Chairman of the Board. The independent Board members believe that because the Chief Executive Officer is ultimately responsible for the day-to-day operation of the Company and for executing our strategy, and because the performance of the Company is an integral part of Board deliberations, the Chief Executive Officer is the Director best qualified to act as Chairman of the Board. Richard D. Spurr currently serves as both our Chairman of the Board and Chief Executive Officer. The Board has not designated a lead independent Director because the independent Directors already take a significant and sufficient leadership role in the functions of the Board. The Board retains the authority to modify this structure.

Risk Oversight by the Board

Our management is responsible for assessing and managing the various risks our Company faces. Our Board is responsible for overseeing management in this effort. In exercising its oversight responsibilities, our Board has allocated some areas of focus to its standing committees. Specifically, our Audit Committee has oversight responsibility for financial and compliance risks, such as accounting, finance, internal controls, tax and other compliance matters, in addition to overseeing compliance with our Code of Conduct and Code of Ethics. Our Nominating and Corporate Governance Committee oversees succession management and compliance with our corporate governance principles. Our Compensation Committee is responsible for overseeing and monitoring our executive compensation programs and monitoring and assessing the interplay between such programs and risks in our business.

Throughout the year, our Chief Executive Officer, Chief Financial Officer and General Counsel and other officers review and discuss various risks with the Board and its committees. Our Board has also designated our General Counsel as the Company's Chief Compliance Officer and looks to this officer to keep the Board apprised of material developments with respect to the compliance-related risks that the Company faces, as well as the Company's efforts to manage those risks.

Attendance at Board Meetings and Annual Meeting

Our Board meets during the year to monitor our performance, review significant developments and act on matters requiring Board approval. Our Board met on 15 occasions during 2009. Each of the current Directors attended at least 75% of the aggregate of all meetings of our Board held in 2009 and all meetings of Board committees held during periods on which that Director served on those committees during 2009. Directors are encouraged to attend our annual meeting of shareholders. Two of our Directors attended our 2009 annual meeting of Shareholders.

Committees of the Board of Directors

Our Board has three standing committees: Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. These committees devote attention to specific subjects and to assist our Board in discharging its business and risk oversight and governance responsibilities. Each committee's charter is available on our website at www.zixcorp.com/governance.php.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is comprised of David P. Cook, Antonio R. Sanchez III, and Paul E. Schlosberg (chair). Our Board has determined that each member of the Nominating and Corporate Governance Committee qualifies as independent in accordance with the NASDAQ Marketplace Rules. Under its charter, the committee's principal responsibilities include: (i) identifying individuals qualified to become new members of our Board and recommending candidates for reelection as Directors; (ii) developing a set of corporate governance principles applicable to our Company; and (iii) taking a leadership role in shaping the corporate governance of our Company. The Nominating and Corporate Governance Committee presents qualified Director candidate(s) to our Board. There is no third party that we currently pay to assist in identifying or evaluating potential Director nominees. The Nominating and Corporate Governance Committee met on ten occasions during the year ended December 31, 2009.

Shareholder Nomination of Director Candidates

The Nominating and Corporate Governance Committee has a policy with respect to the consideration of Director candidates recommended by shareholders. The policy provides that any shareholder of record who is entitled to vote for the election of Directors at a meeting called for that purpose may nominate persons for election to our Board, subject to the following requirements. The Nominating and Corporate Governance Committee will consider Director nominees recommended by our shareholders who comply with this process.

A shareholder desiring to nominate a person for election to our Board must send a written notice to our principal executive offices at Zix Corporation, Attention: Corporate Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960. The written notice must include the following information: (i) the name of the candidate; (ii) the address, phone and fax number of the candidate; (iii) a statement signed by the candidate that certifies that the candidate wishes to be considered for nomination to our Board and that explains why the candidate believes that he or she meets the Director Qualification Criteria (discussed below) and would otherwise be a valuable addition to our Board; (iv) the number of shares of our stock that are beneficially owned by such candidate; and (v) all information required to be disclosed in solicitations of proxies for election of Directors and as otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934. The final selection of Director nominees is within the sole discretion of our Board. The deadline for nominations for our 2011 annual meeting is December 22, 2010.

Diversity of Directors

The Board of Directors and the Nominating and Corporate Governance Committee believe that the Board should include Directors with diversity of education, experience, skills, qualities, backgrounds and other attributes. The Board does not follow any ratio or formula to determine the appropriate mix of Directors, but instead uses its judgment to identify nominees whose education, experience, skills, qualities, backgrounds and other attributes, taken as a whole, will contribute to the diversity of the Board.

Director Qualification Criteria

The criteria considered by the Nominating and Corporate Governance Committee and the Board of Directors in evaluating Director candidates include characteristics such as the following:

The Nominating and Corporate Governance Committee will evaluate a nominated candidate and, after consideration taking account of the Director Qualification Criteria described above, will determine whether or not to proceed with the candidate. These procedures have not been materially modified since our disclosure of these procedures in our proxy statement in connection with our 2009 annual meeting of Shareholders. These procedures do not create a contract between our Company, on the one hand, and a Company shareholder(s) or a candidate recommended by a shareholder(s), on the other hand. We reserve the right to change these procedures at any time, consistent with the requirements of applicable law, rules and regulations, and the discretion of our Board. There are no material differences in the procedures for evaluating new Director nominees based on whether they are recommended by a security holder in or by our Board.

Audit Committee

Our Audit Committee is comprised of Robert C. Hausmann (chair), James S. Marston and Maribess L. Miller. Our Board determined that all three members of the Audit Committee satisfy the independence and other requirements for audit committee membership required by the NASDAQ Marketplace Rules and the SEC, and that each has sufficient knowledge in reading and understanding our financial statements to serve on the Audit Committee. Our Board also determined that Mr. Hausmann qualifies as an audit committee financial expert under SEC rules. The Board believes, but has not formally determined, that at least one other Director also qualifies as an audit committee financial expert under SEC rules.

Our Audit Committee oversees our financial reporting process, related controls and audit functions on behalf of our Board, pursuant to a written charter adopted by our Board that is available on our website at www.zixcorp.com/governance.php. The Audit Committee met on eight occasions during 2009.

Compensation Committee

Our Compensation Committee is comprised of David P. Cook, James S. Marston (chair) and Antonio R. Sanchez III. Our Board has determined that each member of the Compensation Committee qualifies as independent in accordance with the NASDAQ Marketplace Rules. Our Board has the authority to determine the compensation payable to our employees, consultants, and Directors and has established the Compensation Committee to assist it in compensation decisions. The Compensation Committee met on three occasions during 2009.

The Compensation Committee operates under a written charter that is available on our website at www.zixcorp.com/governance.php. Under its charter, the Compensation Committee's primary responsibilities are to: (i) establish our Company's overall management compensation philosophy and policy; (ii) make recommendations to our Board with respect to corporate goals and objectives with respect to compensation for our executive officers, including our Chief Executive Officer; (iii) make recommendations to our Board with respect to our executive officers' annual compensation including salary, bonus, incentive and equity compensation; and (iv) administer our incentive compensation programs and equity-based compensation plans.

In 2009, our Board of Directors, based on the recommendation of the Compensation Committee, made all significant final compensation decisions regarding our named executive officers including those pertaining to the base salary, variable compensation and stock option grants. During 2009, the Company, with the approval of our Compensation Committee, retained the services of PricewaterhouseCoopers (Compensation Consultant) to provide executive compensation consulting services to the Company. Although the Consultant was retained by our management, the Compensation Consultant served in an advisory role to our Compensation Committee, Board and management. The Compensation Consultant (i) conducted an overall review of the Company's compensation strategy and incentive compensation plans, (ii) conducted a review of total compensation for the Company's senior executive officers, (iii) conducted a review of the Company's compensation of Directors and (iv) updated our senior management, Compensation Committee and the report was provided to the Board on current trends in executive compensation. The Compensation Consultant reported its findings to our management and Compensation Committee in early 2010, and the written report was provided to the Board. The Compensation Consultant benchmarked aspects of our compensation programs against information in certain proprietary compensation surveys and against two peer companies (Netsuite and Vocus) that were selected by the Compensation Consultant from a Company-suggested list of six software as a service peer companies. The Compensation Consultant provided no other services to the Company during 2009.

Policies, Procedures, and Practices

Our processes and procedures for the consideration and determination of executive compensation are as follows:

.

Our Compensation Committee requests recommendations from the CEO with respect to the elements of compensation to be considered by the Compensation Committee and recommended by it to the full Board;

.

Our Compensation Committee consults with and meets with the CEO as required to discuss his recommendations, meets in executive session, or discusses among themselves, as appropriate, in order to formulate a recommendation to the full Board;

.

Our Compensation Committee then makes a recommendation to the full Board;

.

Our Board consults with and meets with the CEO and the members of the Compensation Committee as required to discuss the latter's recommendation, meets in executive session, or discusses among themselves, as appropriate, to reach a decision; and

.

Our Board's decision is subsequently communicated to the CEO.

For the consideration and determination of Director compensation, our Board typically refers the matter to the Compensation Committee in order for it to review the matter and make a recommendation to the entire Board.

Compensation Committee Interlocks and Insider Participation

During 2009, the Compensation Committee was comprised of four independent Directors: Charles N. Kahn III, James S. Marston, Paul E. Schlosberg, and Antonio R. Sanchez III. Mr. Kahn resigned from our Board effective April 5, 2010. As part of a realignment of our standing Board committees to better balance the workloads of individual committee members, effective January 15, 2010 Mr. Cook was appointed to serve on the Compensation Committee and Mr. Schlosberg resigned from the Compensation Committee. Throughout 2009, none of the members of the Compensation Committee is or was an officer or employee of our Company or any of our subsidiaries and none had any relationship requiring disclosure under Item 404 of the SEC's Regulation S-K. We have no executive officers who serve as a member of a Board of Directors or compensation committee of any other entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Shareholder Communication with our Board

Shareholders interested in communicating with our Board of Directors may do so by writing to our executive offices at Zix Corporation, Attention: Corporate Secretary, 2711 North Haskell Avenue, Suite 2200, LB 36, Dallas, Texas 75204-2960. Our Corporate Secretary will review all shareholder communications. Those that appear to contain subject matter reasonably related to matters within the purview of our Board will be forwarded to the entire Board or the individual Board member to whom the communication is addressed.

Code of Ethics

We have a Code of Conduct and Code of Ethics, which applies to all of our employees, officers and Directors, including our Chief Executive Officer and senior financial officials. The Code of Conduct and Code of Ethics is available on our website at www.zixcorp.com/governance.php. The Code of Conduct and Code of Ethics is a reaffirmation that we expect all Directors and employees to uphold our standards of ethical behavior and compliance with the law and to avoid conflicts of interest between the Company their personal and professional affairs. The Code of Conduct and Code of Ethics establishes procedures for the confidential reporting of suspected violations of the Code of Conduct and Code of Ethics. The code also sets forth procedures to receive, retain, and treat complaints received regarding accounting, internal accounting controls, auditing or compliance matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting, auditing or compliance matters. Our Code of Conduct and Code of Ethics also prohibits actual or apparent conflicts of interest between the interest of any of our Directors or officers and our Company or its shareholders. Any waiver of our Code of Conduct and Code of Ethics is to be approved on behalf of our Company by the Board of Directors, or a committee of the Board of Directors, as applicable, and in compliance with applicable law. Any waiver of our Code of Conduct and Code of Ethics will be publicly disclosed as required by applicable law, rules, and regulations, including by posting the waiver on our website at www.zixcorp.com.

The services and estimated fees are presented to our Audit Committee for consideration in the following categories: Audit, Audit-Related, Tax and All Other (each as defined in Schedule 14A under the Securities Exchange Act of 1934). For each service listed in those categories, our Audit Committee receives detailed documentation indicating the specific services to be provided. Report of the Audit Committee of the Board of Directors

The Audit Committee oversees, pursuant to its charter adopted by the Board of Directors, the Company's internal controls over financial reporting. The Audit Committee also has the sole authority and responsibility to select, evaluate, compensate and replace our independent registered public accountants. The Company's independent registered public accounting firm is responsible for auditing the financial statements. The activities of the Audit Committee are in no way designed to supersede or alter those traditional responsibilities.

Management has the primary responsibility for our financial statements and our reporting process, including our systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management for inclusion in our 2009 Annual Report on Form 10-K, the audited consolidated financial statements of

the Company, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Audit Committee has reviewed and discussed with management and the independent accounting firm, as appropriate, the audited financial statements and management's report on internal control over financial reporting and the independent accounting firm's related opinions. The Audit Committee has discussed with the independent registered public accounting firm, Whitley Penn LLP, the required communications specified by auditing standards together with guidelines established by the SEC and the Sarbanes-Oxley Act.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board, regarding the independent registered public accounting firm's communications with the Audit committee concerning independence, and has discussed with Whitley Penn LLP the firm's independence.

Based on the review and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2009 filing with the SEC.

Summary Explanation of Director Compensation

Pursuant to the Zix Corporation 2006 Directors' Stock Option Plan ("2006 Directors Plan"), on the day that a non-employee Director is first appointed or elected to the Board, the Director is granted nonqualified options to purchase 25,000 shares of our common stock. The options vest quarterly and pro-rata over one year from the date of grant. Also, under the 2006 Directors Plan, on the first business day in January of each year, each non-employee Director that has served on the Board for at least six months as of the grant date is granted nonqualified options to purchase a number of shares of our common stock equal to the *greater* of (i) one-half of one percent of the number of our outstanding common stock shares (measured as of the immediately preceding December 31) or (ii) 200,000 shares of our common stock, in each case divided by the *greater* of (A) five or (B) the number of non-employee Directors that have served on our Board for at least six months as of the date of grant; *provided that*, the number of shares of our common stock covered by any such January option grant cannot exceed 40,000 shares. The options vest quarterly and pro-rata over three years from the grant date. The exercise price of the 25,000 share option grants and of the January

share option grants is 100% of the fair market value of our common stock on the date of grant. The options may not be exercised after the tenth anniversary of the date of grant. The non-employee Directors agreed to waive 75% of the 40,000 stock option grants they otherwise would have received in January 2009 under the 2006 Directors Plan. Therefore, each Board member received 10,000 stock option shares in January 2009.

Also, we augment the cash compensation paid to our non-employee Directors by granting them stock options for serving on the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and other eligible active committees of our Board. The chair of the committee is annually granted options to acquire 5,000 shares of our common stock and committee members are annually granted options to acquire 3,000 shares of our common stock for each committee on which they serve. These options vest quarterly and pro-rata over three years from the grant date and the exercise price of the options is the closing price of our common stock on the grant date.

In addition to the stock option grants described above, we pay our non-employee Directors cash fees as follows:

.

Cash payment of \$2,000 per meeting per Director for attendance in person at Board meetings;

.

Cash payment of \$1,000 per meeting per Director for attendance at telephonic Board meetings;

.

From June 18, 2009, cash payment of \$1,500 per meeting per Director for attendance in person at Board committee meetings, and cash payment of \$1,000 per meeting per Director for attendance at telephonic Board committee meetings (maximum of ten meetings per year per committee);

.

Annual cash payment of \$5,000 per Director for serving as Chair of a Board committee (assuming attendance of at least two-thirds of the meetings); and

.

Annual cash payment of \$3,000 per Director for serving as a member (*i.e.*, not the Chair) of a Board committee (assuming attendance of at least two-thirds of the meetings).

We also reimburse our Directors for expenses they incur while attending our Board or committee meetings.

COMPENSATION DISCUSSION AND ANALYSIS

General

Our entire Board, with the assistance of the Compensation Committee, administers the cash and non-cash compensation programs applicable to our executive officers. The Compensation Committee is comprised entirely of

independent, non-employee Directors.

Our Board, with advice from the Compensation Committee and after discussion with our Chief Executive Officer, makes all executive compensation decisions. Through this open dialogue, there have been some refinements to recommendations related to variable stock compensation that have been made by either the Chief Executive Officer or the Compensation Committee to the full Board. Also, it is not uncommon for the full Board to be directly involved in compensation decisions related to the hiring of new executive officers.

In 2009, the Compensation Committee submitted to the full Board the Committee's recommendations on compensation of our Directors and our executive officers. The Board of Directors made all significant decisions pertaining to the base salary, variable compensation and stock option grants payable or awarded to our executive officers. During 2009, our executive officers were Richard D. Spurr, Susan K. Conner, Russell J. Morgan, David J. Robertson, and Ronald A. Woessner (collectively, named executive officers, or NEOs). Mr. Woessner left our Company on August 26, 2009.

Compensation Philosophy and Objectives

Our Board of Directors believes that an effective executive compensation program is one that, among other things, accomplishes the following goals:

- .
- Attracts and retains executives with the experience, skills, and knowledge that our Company seeks and requires;
- .
- Attracts and retains executives committed to achieving our goals;
- .
- Rewards the achievement and support of specific performance metrics established by our Board; and
- .
- Rewards increases in shareholder value.

Our Board and Compensation Committee seek to implement and maintain a compensation plan for our executive officers that is fair, reasonable, and competitive and attracts and retains talented and qualified personnel. The compensation paid in 2009 to our named executive officers, as set forth below in the Summary Compensation Table, consisted of salary, stock options, and contributions to the Company-sponsored 401(k) plan. The only perquisites provided to our named executive officers are a partial match of 401(k) contributions (which we offer on a non-discriminatory basis to all 401(k) plan participants) and Company-funded life insurance benefits (which we offer on a non-discriminatory basis to all full-time employees). We have no non-qualified deferred compensation arrangements and no defined benefit retirement plans. Because

we have no non-qualified deferred compensation arrangements, no defined benefit retirement plans, and offer few perquisites, our Board believes that the executive compensation packages provided to our executives, including the named executive officers, should include stock option grants and separation pay agreements to supplement the cash base salary and variable compensation payable to our executives. Our Board believes that stock options motivate the recipient to work to achieve specific financial and business metrics and that stock options and separation pay agreements are crucial to recruiting (and retaining) the services of qualified and talented personnel.

Risk Considerations

In establishing and reviewing our executive compensation structure, our Board and Compensation Committee consider whether the structure encourages unnecessary or excessive risk taking and has concluded that it does not. Base salaries are fixed in amount and thus do not encourage risk taking. As discussed below under the heading Executive Officer Variable Compensation, the Company has utilized in the past, and plans to utilize again in the future, a performance-based variable compensation program based on the achievement of certain short-term metrics. While such a performance-based variable compensation program focuses on achievement of short-term or annual goals, and short-term goals may encourage the taking of short-term risks at the expense of long-term results, our Board believes that our variable compensation program has represented an appropriate percentage of total compensation opportunities available to its participants and has appropriately balanced risks arising from such short-term focus. Like many companies, based on pressures facing the general economy in the United States, we did not implement a variable compensation plan in 2009. We currently intend to implement such a plan in 2010.

A meaningful portion of the total compensation received by our named executive offices is in the form of long-term equity awards that help align the executives' interests with those of the Company's shareholders. We believe that these awards do not encourage unnecessary or excessive risk taking because the ultimate value of the awards is tied to the Company's stock price and the awards are subject to vesting schedules that help ensure the executives have significant value tied to our long-term stock price performance.

Role of Executive Officers in Compensation Decisions

Our Board, the Compensation Committee and our management each play a role in our compensation process. The Compensation Committee reviews and makes recommendations to our Board regarding our executive compensation practices, after which our full Board makes the final determinations. The matrix below sets forth, in general, our current practices regarding the authority level for determining certain compensation related matters. As shown, our Board delegates to our management the authority to make certain compensation related decisions on behalf of the Board, while our Board retains the authority in other cases.

Approval Authority Matrix for Certain Compensation Related Matters

		Variable	Stock Option
Employee	Salary	Compensation	Grants
Chief Executive Officer	Board	Board	Board

Other NEOs	Board	Board	Board
Other CEO direct reports	CEO ⁽¹⁾	Board/CEO ^{(1) (2)}	Board
Rank & file employees	CEO/Mgmt ⁽¹⁾	CEO/Mgmt ⁽¹⁾	CEO ⁽³⁾

-
- (1) The salary and variable compensation decisions of the CEO and management are subject to the constraints of our annual budget, as approved by our Board.
- (2) In addition to any variable compensation that is subject to attaining performance metrics established by our Board, our CEO may establish sales objectives or management by objective (MBO) objectives for certain individuals who are not executive officers.
- (3) All individual stock option grants in excess of 40,000 shares or any Company-wide stock option grant program and certain other option grants remain subject to the approval of our Board. Our Board typically approves an annual pool of stock options that is available for grant by the CEO or our management during our annual stock option review and grant cycle.

We engaged a Compensation Consultant in 2009 to review our compensation programs and policies. The Compensation Consultant met with certain executive officers, Compensation Committee members and Directors. The executive officers shared with the Consultant their views on those matters. The Compensation Consultant reported its findings to our management and the Compensation Committee and provided a copy of its report to the Board.

Executive Officer Base Salaries and Compensation Comparisons

Our executive officers' salaries are, in general, established by (a) reference to each executive's position with our Company and (b) a subjective assessment of the cost to us of hiring executives with comparable experience and skills. We believe this approach offers our executives, including our named executive officers, a reasonable base salary as subjectively determined by our Board following a recommendation by our management. Differences in the amount of compensation awarded to each of the executive officers relate primarily to the experience, responsibilities and performance of each executive officer, as well as to a market-based analysis of compensation paid by peer companies for comparable positions.

None of our executive officers received any increases in base salary compensation in 2005, 2006, 2007, 2008 and 2009, nor thus far in 2010. Mr. Morgan's base salary has not changed during those periods, but when stated in United States dollars his Canadian dollar compensation may appear to increase or decrease due to fluctuations in the currency exchange rate.

As discussed above under the caption Corporate Governance - Compensation Committee, in 2009 the Company engaged the Compensation Consultant to review, among other matters related to compensation, the compensation, including base salaries, of our executive officers. Based in part on such a review, our Board, with the advice of the Compensation Committee, determined that the base salaries and overall compensation level of each our named executive officers was approximately at or below the mean compensation levels of our peer companies.

Executive Officer Variable Compensation

The Company is providing the following information in order to provide background and context with respect to the Company's approach to variable compensation. We believe that variable compensation, based on performance and achievement, is an important component of an executive's overall compensation package because the base salaries offered to our executives are not sufficient alone to attract and retain executives with the skills, experience, and knowledge we seek. Furthermore, we believe a variable compensation element motivates the recipient to achieve financial and business objectives established by our Board and promotes executive retention and enables the recipient to share in the success of our business endeavors. Our Board implemented variable compensation programs for 2007 and 2008. We did not implement a variable compensation program for 2009. Our Board currently intends to implement a variable compensation plan for 2010.

In 2008, the Company's executive officers, other than executives whose primary function is sales, were eligible to receive variable compensation under a management variable compensation program (the Management Plan) that was approved by our Board. The Management Plan provided for variable compensation to be paid to our CEO and those of his direct report executives whose primary function is not sales. In 2008, the Management Plan paid variable compensation based on the achievement by year-end of the parameters (metrics) established by our Board and set forth in the Management Plan, as described below.

The \$200,000 target amount of annual variable compensation potentially payable to Mr. Spurr under the Management Plan in 2008 was established by our Board at the time he was appointed as our CEO in 2005. The actual variable compensation paid to him for 2008 was based exclusively on our actual performance in comparison to the performance metrics under the Management Plan.

The target amount of variable compensation potentially payable under the Management Plan in 2008 to the other named executive officers was determined by our Board upon the recommendation of Mr. Spurr. The target amounts have remained unchanged since 2005, except that variable with respect to Ms. Conner was not established until she joined the Company. The actual variable compensation paid to named executive officers for 2008 was exclusively based on our actual performance in comparison to the performance metrics under the Management Plan.

Variable Compensation Metrics

The following performance metrics are those our Board established for 2008 to achieve Company-wide cash flow break even, to achieve a growth target in our Email Encryption business:

Performance Metric	Minimum Achievement	Target Achievement	2008 Actual Achievement
Revenue	\$28.5MM	\$29.2 MM	\$28 MM
Year-end Cash	\$12.3 MM	\$12.3 MM	\$13.3 MM ⁽¹⁾
New First Year Orders	\$6.4 MM	\$7.2 MM	\$5.5 MM
Subscriber Renewal Rate	95%	99%	94%

(1) As permitted by the terms of a shareholder-approved equity compensation plan and as a means of cash conservation, in 2008, we issued shares of our common stock to certain of our employees in lieu of cash for bonuses and commissions in the aggregate approximate amount of \$1,697,117 owed to them. If these payments had not been made using shares of our common stock, the payments would have been made in cash. A total of 619,672 shares of common stock (valued at approximately \$1,697,117) was issued to these employees in lieu of paying the employees cash for these bonuses and commissions.

The performance metrics noted above were used in the manner described below to establish the variable compensation paid for calendar year 2008:

Each metric was assigned the noted Target Achievement threshold, such that if the target was achieved, then the metric was considered to be 100% achieved; and each metric was assigned a minimum threshold, such that if the minimum was not achieved, then the metric was considered to be 0% achieved. Achievement of the metric between the minimum threshold and the target threshold resulted in a pro-rata variable compensation payment, starting with 0% at the minimum threshold and ending with 100% at the target threshold. The Management Plan did not provide for payment above the 100% level.

Each metric was given a relative weighting factor vis-à-vis the other metrics, with metric Revenue having the highest weighting, and the remaining metrics having an equal and secondary weighting.

At the time the metrics were established by our Board, they were believed to be stretch targets, but not unreasonable.

The Year-end Cash metric was the only metric achieved in 2008. The other metrics were considered to be 0% achieved because the minimum thresholds were not achieved.

.

The variable compensation amount to be paid was calculated, applying the pre-established weighting factor for the Year-end Cash metric.

.

For calendar year 2008, using the foregoing methodology, the aggregate variable compensation actually paid under the Management Plan to our CEO and other named executive officers was 25% of the total variable compensation potentially payable to them.

The table below sets forth for the years indicated the variable compensation amounts potentially payable to our named executive officers under the Management Plan (and similar predecessor plans) and the amounts actually paid.

(1)

Susan K. Conner received in 2009 a \$30,000 signing bonus that was not part of the variable compensation program.

(2)

Ronald A. Woessner received in 2009 \$354,086 in severance and vacation pay that was not part of the variable compensation program.

The target amount of variable compensation potentially payable to our executive officers who are exclusively or primarily sales executives was determined in 2008 by Mr. Spurr. The target amount varies from year-to-year and is based on our specific sales goals (quota) for the year and quarter, as applicable, for the executive in question. The actual variable compensation paid to these executive officers is exclusively based on the achievement of the targeted sales goals.

Stock Options

General

We have historically awarded stock options to our executives as a means of retaining and motivating them over the longer-term (and to attract potential executives to accept employment with us). We offer a stock option compensation element for the following reasons:

Stock options motivate the option recipient to work to achieve the financial and business metrics that our Board establishes from time-to-time because it enables the option recipient to share in the success of our Company's business as, if and when such success is reflected in our stock price.

Stock options are crucial to recruiting and retaining the services of qualified and talented personnel (i.e., the option recipient).

We have no non-qualified deferred compensation arrangements and no defined benefit pension plans. Accordingly, our Board recognizes that stock options are the primary means by which our executives anticipate accumulating funds for retirement.

We have not implemented merit based increases of the base salaries of our named executive officers since 2004, and the variable compensation potential for our named executive officers has remained static for several years and was not available at all in 2009.

Stock option awards, to the extent made, are allocated among our executive officers based on the following factors:

.
How important is the individual's role to our Company?

.
What experience and/or critical skills or critical knowledge does the person have in fulfilling that role, i.e., how easily or readily can the individual be replaced?

.
What is the value of previous option grants in regard to employee retention and motivation for future performance?

.
Achieving parity among our executive officers.

Policies and Practices

The Board generally assesses the appropriateness of stock option grants to our existing employees once a year, historically during December. Our Board did not grant stock options to our employees during 2009, other than to new employees. Our Board intends that any future annual grants of stock options would occur in the first quarter of each year. Stock option grants are typically awarded to certain newly-hired employees at or shortly after their employment commences.

All new-hire and promotion options granted by us in 2009 had an exercise price at least equal to the then-current market price of our common stock. In prior years, we have granted stock options with exercise prices in excess of the then-current market price of our common stock.

Impact of Accounting and Tax Treatments of Compensation

The tax and accounting treatment of the salary compensation, variable compensation, or stock options paid or awarded to our executives generally is not a factor in determining the magnitude of compensation payable to our executives or the relative mix of these elements in their compensation packages.

We recognize that compensation in excess of \$1,000,000 per year realized by any of our five most highly compensated executive officers is not deductible by us for federal income tax purposes unless the compensation arrangement complies with the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended. Mr. Spurr holds options to acquire 650,000 shares of our common stock, with an exercise price of \$10.80 per share, which were granted in February 2004 in connection with the inception of his employment. These options do not comply with the requirements of Section 162(m), which, among other things, would have required us to obtain shareholder approval of these option grants. Time was of the essence when we were discussing Mr. Spurr's potential employment. Seeking shareholder approval of the option grants would have, in the Board's opinion, imposed an

unwarranted and harmful delay in completing the employment arrangements and the commencement of Mr. Spurr's employment duties. These options may, during the year of exercise, result in Mr. Spurr realizing compensation in excess of \$1,000,000, depending on the number of options exercised and the price of our common stock at the time. We will not be entitled to deduct the compensation exceeding the \$1,000,000 limit from our federal income taxes. The Company, however, has substantial net operating losses carryforwards (NOLs) that would mitigate this disallowance. As a result, the cash tax expense related to this disallowed compensation deduction is expected to be minimal.

Separation Payments and Change of Control Payments

General

We are party to separation pay agreements with our named executive officers, as described below. We use separation pay agreements to attract and retain executives. The Board believes separation pay agreements encourage employee retention and that they have been crucial to employee retention in recent years, given our recent history of substantial operating losses and the attendant perception of financial instability. We believe that these separation pay agreements are a significant factor in the retention of our senior executives. We also believe they provide a legal consideration supporting the confidentiality and non-solicitation provisions that are contained in certain of our separation pay agreements.

Our separation pay agreements typically provide for the payment of x months base salary if the executive's employment is terminated other than for cause, as defined therein. In some cases, the agreements provide for payments to the affected executive upon a resignation in certain circumstances following the occurrence of a change of control good reason or if the affected executive resigns employment in certain circumstances for good reason. We believe that our separation pay agreements comply, when relevant, as to form with Section 409A of the Internal Revenue Code.

Richard D. Spurr (Chairman and Chief Executive Officer)

Termination Without Cause Payment

The separation pay agreement with Mr. Spurr provides for the payment to him of \$300,000, representing twelve months of base salary, if Mr. Spurr's employment is terminated by the Company without cause. For these purposes, "cause" means (1) the intentional and continued failure by employee to substantially perform employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of employee's duties (other than any such failure resulting from employee's incapacity due to physical or mental illness), after written demand for substantial performance is delivered by the Company's Board that reasonably identifies the manner in which the Board believes the employee has not substantially performed employee's duties and that is not cured within five business days after notice thereof by the Company to the employee; (2) the intentional engaging by the employee in misconduct that is materially injurious to the Company; (3) the conviction of the employee or a plea of *nolo contendere*, or the substantial equivalent to either of the foregoing, of or with respect to, any felony; (4) the commission of acts by the employee of moral turpitude that are injurious to the Company; (5) a breach by the employee of the confidentiality and invention agreement between the Company and the employee; (6) a breach by the employee of the conflict of interest provisions of the separation pay agreement; or (7) a breach by the employee of the Company's code of ethics for senior officers. For purposes of this definition, no act, or failure to act, on the employee's part shall be considered intentional unless done, or omitted to be done, by him not in good faith and without reasonable belief that his action or omission was in, or not opposed to, the best interest of the Company. The Company specifically acknowledges that Employee will incur a termination of employment for a reason other than cause if (i) a material portion of the Company's e-Prescribing line of business, the Company's Email Encryption line of business, or any other material line of business is sold, leased, licensed or otherwise transferred for value (the "Transfer") to a non-Affiliate ("Non-Affiliate Transferee") and (ii) in connection with such Transfer the Company involuntarily terminates Employee's employment with the Company and its Affiliates (regardless of whether employee accepts employment with the Non-Affiliate Transferee or one of its Affiliates).

Resignation for Good Reason Payment

The separation pay agreement with Mr. Spurr also provides for the payment to him of \$300,000, representing twelve months of base salary, if Mr. Spurr resigns employment for "good reason." For these purposes, "good reason" means (1) any material diminution in the employee's title and duties, it being understood and agreed that if all or substantially all of the assets of the Company's e-Prescribing line of business, the Company's Email Encryption line of business, or any other material line of business is sold, leased, licensed, or otherwise transferred for value to a non-affiliate, then the employee's duties will have been materially reduced, and employee shall have "good reason" to resign employment pursuant to this clause (1); (2) the assignment of duties or positions that would necessitate a change in the location of the employee's home (presently in North Dallas, Texas); (3) the Company's failure to maintain Directors and officers liability insurance coverage, including coverage for the employee, in an amount equal to at least \$10,000,000. Notwithstanding the preceding provisions, Mr. Spurr is not permitted to resign employment for "Good Reason" until (a) he has provided to the Company notice of the existence of the good reason condition within 90 days of its initial existence and (b) the Company has not remedied the good reason condition within a period of 30 days from the Company's receipt of such notice. Following the satisfaction of (a) and (b), Mr. Spurr must exercise his right to resign for Good Reason within 30 days (*i.e.*, such Good Reason resignation must occur within 150 days of the occurrence of the good reason event), with the day immediately following the existence of the Good Reason condition being day 1.

Change in Control Good Reason Payment

Mr. Spurr's separation pay agreement also provides for the payment to him of \$300,000, representing twelve months of base salary, if he resigns employment following a change in control subject to the notice and cure provisions noted below, following a change in control good reason. For these purposes, a change in control generally means (1) the Company is merged, consolidated or reorganized into or with another corporation or other legal person, other than an affiliate, and as a result of such merger, consolidation or reorganization less than 51% of the combined voting power to elect Directors of the then-outstanding securities of the remaining corporation or legal person or its ultimate parent immediately after such transaction is owned, directly or indirectly, in the aggregate by persons who were shareholders, directly or indirectly, of the Company immediately prior to such merger, consolidation, or reorganization; (2) the Company sells all or substantially all of its assets to any other corporation or other legal person, other than an affiliate, and as a result of such sale, less than 51% of the combined voting power to elect Directors of the then-outstanding securities of such corporation or legal person or its ultimate parent immediately after such transaction is owned, directly or indirectly, in the aggregate by persons who were shareholders, directly or indirectly, of the Company immediately prior to such sale; (3) any acquiring person has become the beneficial owner of securities which when added to any securities already owned by such person would represent in the aggregate 35% or more of the then-outstanding securities of the Company which are entitled to vote to elect Directors;

(4) if, at any time, the continuing Directors then serving on the Board of Directors of the Company cease for any reason to constitute at least a majority thereof; (5) any occurrence that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A or any successor rule or regulation promulgated under the Securities Exchange Act of 1934, as amended; or (6) such other events that cause a change in control of the Company, as determined by the Board of Directors in its sole discretion.

Also for these purposes, a change in control good reason means (i) a material diminution in the employee's authority, duties or responsibilities, (ii) a material diminution in the employee's base salary, (iii) a material change in the geographic location at which the employee must perform services, (iv) a material diminution in the authority, duties, or responsibilities of the supervisor to whom the employee is required to report, including a requirement that the employee report to a corporate officer or employee instead of the Board of Directors (or similar governing body), (v) a material diminution in the budget over which the employee retains authority, or (vi) any other event that constitutes a material breach by the Company of the agreement under which the employee provides services.

Notwithstanding the preceding provisions, Mr. Spurr is not permitted to resign employment for a change in control good reason until (a) he has provided to the Company notice of the existence of the good reason condition within 90 days of its initial existence and (b) the Company has not remedied the good reason condition within a period of 30 days from the Company's receipt of such notice. Following the satisfaction of (a) and (b), Mr. Spurr must exercise his right to resign for a change in control good reason within 60 days (i.e., such change in control good reason resignation must occur within 180 days of the occurrence of the good reason event), with the day immediately following the existence of the good reason condition being day 1.

Disability Payment

If Mr. Spurr incurs a disability that renders him unable to perform his job responsibilities (and he separates from employment), the Company shall pay him an amount equal to eight months of his base salary using his highest monthly base salary during the term of his employment.

Mode of Payment

The first eight months of Mr. Spurr's base salary payable as a termination without cause payment, resignation for good reason payment, or change in control good reason payment, and the disability payment, as applicable, shall be paid to him on a monthly basis until the earlier of (a) eight months after the occurrence of the event giving rise to the payment or (b) the later of two and one-half (2.5) months after the end of his tax year in which the event giving rise to the payment occurs or two and one-half (2.5) months after the end of the Company's tax year in which the event giving rise to the payment occurs, with payments commencing as soon as practicable following the occurrence of the event giving rise to such payment but no later than 60 days following such event. The remaining four months of the termination without cause payment, resignation for good reason payment, or change in control good reason payment shall be paid to Mr. Spurr on a monthly basis commencing with the 9th month following his separation from service. The payment of the termination without cause payment, resignation for good reason payment, or change in control good reason, and the disability payment shall be subject to the Company's receipt of a release, within 60 days of the date of the event giving rise to the payment, in a form reasonably satisfactory to the Company relating to employment matters. The Company will provide the form release to Mr. Spurr within five days of the date of the event giving rise to the payment. In the event that he does not execute a release within the 60 day period specified above, he forfeits the applicable payments.

Other

As an additional component of separation pay, the Company will pay Mr. Spurr's applicable COBRA continuation of benefits costs, on a monthly basis, for 12 months, in the circumstances stated above, beginning with the effective date of his loss of coverage by reason of his separation from employment, and continuing until the earlier of (a) 12 months following the loss of coverage or (b) the date he obtains medical coverage under a new employer's group health plan.

Furthermore, upon the occurrence of an employment termination without cause or a change in control all of Mr. Spurr's then unvested Company-issued stock options immediately vest. As of December 31, 2009, and March 31, 2010, respectively, the intrinsic value (i.e., the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$40,000 and \$70,000. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Spurr, Mr. Spurr is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited for a period of 12 months from directly or indirectly competing with the Company's email encryption business or e-prescribing business or any other material line of business being conducted by the Company as of the date of the employee's separation from employment, (iii) prohibited for a period of 12 months from directly or indirectly conducting, or soliciting to conduct, any competitive business with a Company customer and any person that has been a Company customer within the six month period preceding the separation from employment date; and (iv) prohibited for a period of 12 months from directly or indirectly soliciting for employment any Company employees or any person who was an employee within the three month period preceding the separation from employment date.

James F. Brashear (General Counsel and Corporate Secretary)

Termination Without Cause Payment

The agreement with Mr. Brashear provides for the payment to him of \$112,500, representing six months of base salary, if Mr. Brashear's employment is terminated by the Company without cause. For these purposes, cause means (1) the intentional and continued failure by the employee to substantially perform the employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of the employee's duties (other than any such failure resulting from the employee's incapacity due to physical or mental illness), after written demand for substantial performance is delivered by the Company that specifically identifies the manner in which the Company believes the employee has not substantially performed the employee's duties and which continues beyond a period of 5 business days immediately after notice thereof by the Company to the employee, (2) the intentional engaging by Mr. Brashear in misconduct that is materially injurious to the Company, or (3) the conviction of the employee or a plea of nolo contendere, or the substantial equivalent to either of the foregoing, of or with respect to any felony, or (4) the commission of acts by the employee of moral turpitude that are injurious to the Company; or (5) a breach by the employee of the confidentiality and invention agreement between the Company and the employee; (6) a breach by the employee of the provisions of the separation pay agreement; or (7) a breach by the employee of the Company's Code of Ethics and Code of Conduct. For purposes of this definition, no act, or failure to act, on the part of the employee shall be deemed to be intentional unless done, or omitted to be done, by the employee not in good faith and without reasonable belief that the employee's action or omission was in, or not opposed to, the best interest of the Company.

Change in Control Good Reason Payment

Mr. Brashear's separation pay agreement also provides for the payment to him of \$112,500, representing six months of base salary, if he resigns employment following a change in control subject to the notice and cure provisions noted below, following a change in control good reason. For these purposes, change in control generally has the same meaning given such term in Mr. Spurr's separation pay agreement, as described above.

Also for these purposes, a change in control good reason means (i) a material diminution in the employee's authority, duties or responsibilities, (ii) a material diminution in the employee's base salary, (iii) a material change in the geographic location at which the employee must perform services, (iv) a material diminution in the authority, duties, or responsibilities of the supervisor to whom the employee is required to report, including a requirement that the employee report to a corporate officer or employee instead of the Board of Directors (or similar governing body), (v) a material diminution in the budget over which the employee retains authority, or (vi) any other event that constitutes a material breach by the Company of the agreement under which the employee provides services.

Notwithstanding the preceding provisions, Mr. Brashear is not permitted to resign employment for a change in control good reason until (a) he has provided to the Company notice of the existence of the good reason condition within 90 days of its initial existence and (b) the Company has not remedied the good reason condition within a period of 30 days from the Company's receipt of such notice. Following the satisfaction of (a) and (b), Mr. Brashear must exercise his right to resign for a change in control good reason within 60 days (i.e., such change in control good reason resignation must occur within 180 days of the occurrence of the good reason event), with the day immediately following the existence of the good reason condition being day 1.

Mode of Payment

These separation payments are to be made in six equal monthly cash payments beginning as soon as practicable following the termination of employment but no later than 60 days of the applicable event. The payment of the termination without cause payment or change in control good reason payment shall be subject to the Company's receipt of a release, within 60 days of the date of the event giving rise to the payment, in a form reasonably satisfactory to the Company relating

to employment matters. The Company will provide the form release to Mr. Brashear within five days of the date of the event giving rise to the payment. In the event that Mr. Brashear does not execute a release within the 60 day period specified above, he forfeits the applicable payments.

Other

If Mr. Brashear's employment is terminated without cause or a change in control occurs, then all of her then unvested Company-issued stock options immediately vest. As of December 31, 2009, and March 31, 2010, respectively, the intrinsic value (i.e., the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was \$-0- and approximately \$99,000. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Brashear, Mr. Brashear is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited for a period of 9 months from directly or indirectly competing with the Company's email encryption business or e-prescribing business or any other material line of business being conducted by the Company as of the date of the employee's separation from employment, (iii) prohibited for a period of 9 months from directly or indirectly conducting, or soliciting to conduct, any competitive business with a Company customer and any person that has been a Company customer within the six month period preceding the separation from employment date; and (iv) prohibited for a period of 9 months from directly or indirectly soliciting for employment any Company employees or any person who was an employee within the 3 month period preceding the separation from employment date.

Susan K. Conner (Chief Financial Officer)

Termination Without Cause Payment

The agreement with Ms. Conner provides for the payment to her of \$168,750, representing nine months of base salary, if Ms. Conner's employment is terminated by the Company without cause. For these purposes, cause means (1) the intentional and continued failure by the employee to substantially perform the employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of the employee's duties (other than any such failure resulting from the employee's incapacity due to physical or mental illness), after written demand for substantial performance, such demand not to be unreasonable, is delivered by the Company that specifically identifies the manner in which the Company believes the employee has not substantially performed the employee's duties and which continues beyond a period of 5 business days immediately after notice thereof by the Company to the employee, (2) the intentional engaging by Ms. Conner in misconduct that is materially injurious to the Company, or (3) the conviction of the employee or a plea of nolo contendere, or the substantial equivalent to either of the foregoing, of or with respect to any felony, or (4) the commission of acts by the employee of moral turpitude that are injurious to the Company; or (5) a breach by the employee of the confidentiality and invention agreement between the Company and the employee; (6) a breach by the employee of the provisions of the separation pay agreement; or (7) a breach by the employee of the Company's code of ethics for senior officers. For purposes of this definition, no act, or failure to act, on the part of the employee shall be deemed to be intentional unless done, or omitted to be done, by the employee not in good faith and without reasonable belief that the employee's action or omission was in, or not opposed to, the best interest of the Company.

Change in Control Good Reason Payment

Ms. Conner's separation pay agreement also provides for the payment to her of \$168,750, representing nine months of base salary, if she resigns employment following a change in control subject to the notice and cure provisions noted

below, following a change in control good reason. For these purposes, change in control generally has the same meaning given such term in Mr. Spurr's separation pay agreement, as described above.

Also for these purposes, a change in control good reason means (i) a material diminution in the employee's authority, duties or responsibilities, (ii) a material diminution in the employee's base salary, (iii) a material change in the geographic location at which the employee must perform services, (iv) a material diminution in the authority, duties, or responsibilities of the supervisor to whom the employee is required to report, including a requirement that the employee report to a corporate officer or employee instead of the Board of Directors (or similar governing body), (v) a material diminution in the budget over which the employee retains authority, or (vi) any other event that constitutes a material breach by the Company of the agreement under which the employee provides services.

Notwithstanding the preceding provisions, Ms. Connor is not permitted to resign employment for a change in control good reason until (a) she has provided to the Company notice of the existence of the good reason condition within 90 days of its initial existence and (b) the Company has not remedied the good reason condition within a period of 30 days from the Company's receipt of such notice. Following the satisfaction of (a) and (b), Ms. Connor must exercise her right to resign for a change in control good reason within 60 days (*i.e.*, such change in control good reason resignation must occur within 180 days of the occurrence of the good reason event), with the day immediately following the existence of the good reason condition being day 1.

Mode of Payment

These separation pay payments are to be made in nine equal monthly cash payments beginning as soon as practicable following the termination of employment but no later than 60 days after the applicable event. The payment of the termination without cause payment or change in control good reason payment shall be subject to the Company's receipt of a release, within 60 days of the date of the event giving rise to the payment, in a form reasonably satisfactory to the Company relating to employment matters. The Company will provide the form release to Ms. Connor within five days of the date of the event giving rise to the payment. In the event that she does not execute a release within the 60 day period specified above, she forfeits the applicable payments.

Other

If Ms. Conner's employment is terminated without cause or a change in control occurs, then all of her then unvested Company-issued stock options immediately vest. As of December 31, 2009, and March 31, 2010, respectively, the intrinsic value (*i.e.*, the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was \$867 and approximately \$55,358. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Ms. Conner, Ms. Conner is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited for a period of 9 months from directly or indirectly competing with the Company's email encryption business or e-prescribing business or any other material line of business being conducted by the Company as of the date of the employee's separation from employment, (iii) prohibited for a period of 9 months from directly or indirectly conducting, or soliciting to conduct, any competitive business with a Company customer and any person that has been a Company customer within the six month period preceding the separation from employment date; and (iv) prohibited for a period of 9 months from directly or indirectly soliciting for employment any Company employees or any person who was an employee within the 3 month period preceding the separation from employment date.

Russell J. Morgan (Vice President, Professional Services)

Termination Without Cause Payment

The agreement with Mr. Morgan provides for the payment to him of \$96,832, representing six months of base salary, if Mr. Morgan's employment is terminated by the Company without cause. The agreement with Mr. Morgan does not define cause, but for these purposes the term will generally have a meaning comparable to the meaning given the term in the separation pay agreements between the Company and the other named executive officers. Mr. Morgan's separation pay agreement does not specify the timing of the payment.

Furthermore, if Mr. Morgan's employment is terminated without cause or a change in control occurs, then all of his then unvested Company-issued stock options immediately vest. As of December 31, 2009, and March 31, 2010, respectively, the intrinsic value (i.e., the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$6,400 and \$25,908. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Morgan, Mr. Morgan is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited from soliciting to conduct any competitive business with a Company customer for a period of six months following separation from employment; and (iii) prohibited from soliciting for employment Company employees for a period of 12 months following separation from employment.

David J. Robertson (Vice President, Engineering)

Termination Without Cause Payment

The agreement with Mr. Robertson provides for the payment to him of \$100,000, representing six months of base salary, if Mr. Robertson's employment is terminated by the Company without cause. For these purposes, cause means (1) the conviction of the employee of any felony, or (2) the intentional and continued failure by the employee to substantially perform the employee's employment duties, such intentional action involving willful and deliberate malfeasance or gross negligence in the performance of the employee's duties (other than any such failure resulting from the employee's incapacity due to physical or mental illness), after written demand for substantial performance, such demand not to be unreasonable, is delivered by the Company or an affiliate, as applicable, that specifically identifies the manner in which the Company or the affiliate, as applicable, believes the employee has not substantially performed the employee's duties and which continues beyond a period of 10 business days immediately after notice thereof by the Company to the employee, (3) the intentional wrongdoing by the employee that is materially injurious to the Company or employing affiliate, as applicable, or (4) acts by the employee of moral turpitude that are injurious to the Company. For purposes of this definition, no act, or failure to act, on the part of the employee shall be deemed to be intentional unless done, or omitted to be done, by the employee not in good faith and without reasonable belief that the employee's action or omission was in the best interests of the Company or the employing affiliate, or both, as applicable.

Resignation for Good Reason Payment

The agreement with Mr. Robertson also provides for the payment to him of \$100,000, representing six months of base salary, if Mr. Robertson resigns employment for good reason. For these purposes, good reason means a cumulative reduction of more than 10% based on Mr. Robertson's highest annual base salary during the term of his employment with the Company.

Notwithstanding the preceding provisions, Mr. Robertson is not permitted to resign employment for good reason until (a) he has provided to the Company notice of the existence of the good reason condition within 90 days of its initial existence and (b) the Company has not remedied the good reason condition within a period of 30 days from the Company's receipt of such notice. Following the satisfaction of (a) and (b), Mr. Robertson must exercise his right to resign for good reason within 30 days (i.e., such good reason resignation must occur within 150 days of the occurrence of the good reason event), with the day immediately following the existence of the good reason condition being day 1.

Change in Control Good Reason Payment

Mr. Robertson's separation pay agreement also provides for the payment to him of \$100,000, representing six months of base salary, if he resigns employment following a change in control subject to the notice and cure provisions noted below, following a change in control good reason. For these purposes, change in control generally has the same meaning given such term in Mr. Spurr's separation pay agreement, as described above.

Also for these purposes, a change in control good reason means (i) a material diminution in the employee's authority, duties or responsibilities, (ii) a material diminution in the employee's base salary, (iii) a material change in the geographic location at which the employee must perform services, (iv) a material diminution in the authority, duties, or responsibilities of the supervisor to whom the employee is required to report, including a requirement that the employee report to a corporate officer or employee instead of the Board of Directors (or similar governing body), (v) a material diminution in the budget over which the employee retains authority, or (vi) any other event that constitutes a

material breach by the Company of the agreement under which the employee provides services.

Notwithstanding the preceding provisions, Mr. Robertson is not permitted to resign employment for a change in control good reason until (a) he has provided to the Company notice of the existence of the good reason condition within 90 days of its initial existence and (b) the Company has not remedied the good reason condition within a period of 30 days from the Company's receipt of such notice. Following the satisfaction of (a) and (b), Mr. Robertson must exercise his right to resign for a change in control good reason within 60 days (*i.e.*, such change in control good reason resignation must occur within 180 days of the occurrence of the good reason event), with the day immediately following the existence of the good reason condition being day 1.

Mode of Payment

These separation pay payments are to be made in a lump sum payment within 60 days of the applicable event. The payment of the termination without cause payment, resignation for good reason payment, or change in control good reason, shall be subject to the Company's receipt of a release, within 60 days of the date of the event giving rise to the payment, in a form reasonably satisfactory to the Company relating to employment matters. The Company will provide the form release to Mr. Robertson within five days of the date of the event giving rise to the payment. In the event that Mr. Robertson does not execute a release within the 60 day period specified above, he forfeits the applicable payments.

Other

If Mr. Robertson's employment is terminated without cause or a change in control occurs, then all of his then unvested Company-issued stock options immediately vest. As of December 31, 2009, and March 31, 2010, respectively, the intrinsic value (i.e., the fair market value of the Company's common stock minus the exercise price of the options in question) of the options that would have vested in this circumstance was approximately \$7,500 and \$33,928. The Board believes these option acceleration provisions encourage employee retention and in the case of a pending change in control transaction motivate the employee to exert maximum efforts to see that the transaction is consummated.

Pursuant to agreements between the Company and Mr. Robertson, Mr. Robertson is (i) required to maintain Company confidential and proprietary information in confidence for an indefinite period following separation from service with the Company; (ii) prohibited from soliciting to conduct any competitive business with a Company customer for a period of six months following separation from employment; and (iii) prohibited from soliciting for employment Company employees for a period of 12 months following separation from employment.

Other Separation Pay Agreements

We are also party to separation pay agreements with Mr. Spurr's other direct reports, which generally provide for the payment of six months of base salary in the event of a termination of employment without cause.

Equity Ownership Guidelines

We do not currently have stock ownership guidelines for our Directors or executive officers.

Use of Pre-Approved Trading Plans

We permit our Directors and executive officers and to enter into pre-approved trading plans established according to Rule 10b5-1 under the Securities Exchange Act of 1934. No Director or named executive officer had a trading plan in place during 2009.

Trading plans must be established by written agreement with an independent broker-dealer and include specific instructions for the broker to exercise options or purchase or sell our securities at specified prices or upon certain events, without further instructions from the individual who established the trading plan. These trading plans may enable purchases and dispositions of our securities during periods in which the individual might otherwise not be able to buy or sell our stock because important information about us had not been publicly disclosed. These plans may allow individuals to realize the value of their compensation and to diversify their investments.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits, under certain circumstances, the deductibility for federal income tax purposes of compensation paid to our named executive officers in excess of \$1,000,000 per year. No compensation earned or paid in 2009 exceeded the deduction limits of Section 162(m).

Compensation paid to our named executive officers in excess of \$1,000,000 per year would be deductible by the Company only if it is performance-based. The Compensation Committee believes that tax deductibility of compensation is an important consideration in establishing our executives' compensation, but the Compensation Committee reserves flexibility to approve compensation arrangements that are not fully tax deductible by us.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis . Based on this review and discussion, the Compensation Committee has recommended to our Board that the Compensation Discussion and Analysis be included in our proxy statement for the 2010 annual meeting of Shareholders (and incorporated by reference into our 2009 Annual Report on Form 10-K).
