The Annual Meeting of the share owners of Owens-Illinois, Inc. (the “Company”) will be held on Thursday, May 16, 2019, at 9:00 a.m. in Plaza 2 of the O-I World Headquarters, Perrysburg, Ohio. At the Annual Meeting, share owners will: (1) vote to elect 12 directors, each to serve a term of one year; (2) consider the ratification of the selection of Ernst & Young LLP as the Company’s independent registered public accounting firm for 2019; (3) vote to approve the Owens-Illinois, Inc. Amended and Restated 2017 Incentive Award Plan; and (4) participate in an advisory vote to approve named executive officer compensation.

This Proxy Statement has been prepared in connection with the solicitation by the Company’s Board of Directors (the “Board”) of proxies for the Annual Meeting and provides information concerning the persons nominated by the Board for election as directors, and other information relevant to the Annual Meeting. The Company intends to commence distribution of this Proxy Statement and the accompanying proxy card on or about April 2, 2019.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHARE OWNERS TO BE HELD ON MAY 16, 2019

The Securities and Exchange Commission (“SEC”) has adopted a “Notice and Access” rule that allows companies to deliver a Notice of Internet Availability of Proxy Materials (“Notice of Internet Availability”) to share owners in lieu of a paper copy of the proxy statement and related materials and the Company’s 2018 Annual Report to share owners. The Notice of Internet Availability provides instructions as to how share owners can access the proxy materials online, contains a listing of matters to be considered at the meeting, and sets forth instructions as to how shares can be voted. Shares must be voted either by telephone, on the Internet or by completing and returning a proxy card. Shares cannot be voted by marking, writing on and/or returning the Notice of Internet Availability. Any Notices of Internet Availability that are returned will not be counted as votes. Instructions for requesting a paper copy of the proxy materials are set forth on the Notice of Internet Availability.

The Notice of Annual Meeting and Proxy Statement, the Company’s 2018 Annual Report to share owners and the Stakeholder Letter are available at www.proxyvote.com. You will need your assigned control number to vote your shares. Your control number can be found on your proxy card.

Who May Vote

You will be entitled to vote at the Annual Meeting if you are a share owner of record as of the close of business on March 18, 2019 (the “record date”). At the close of business on the record date, 155,221,763 shares of the Company’s common stock, par value \$.01 per share (“Common Stock”), were outstanding. Each share of Common Stock entitles the holder of record to one vote on all matters to be voted upon at the Annual Meeting. Shares of Common Stock held by the trustee under the Company’s 401(k) plans must be voted by the trustee in accordance with written instructions from participants in such plan or, as to those shares for which no instructions are received, in a uniform manner as a single block in accordance with the instructions received with respect to the majority of shares for which instructions were received from participants. No other securities are entitled to be voted at the Annual Meeting.

If the share owner chooses to submit its proxy by mail, the deadline for Broadridge to receive and count a proxy by mail is 11:59 p.m., Eastern Time, on May 15, 2019.

Householding

To reduce costs and the environmental impact of the Company’s Annual Meeting, a single copy of the Proxy Statement and 2018 Annual Report to Share Owners will be delivered to two or more share owners who share an address, unless contrary instructions have been received from an affected share owner, a practice commonly referred to as “householding.” The Company will promptly deliver, upon written or oral request, individual copies of the proxy materials to any share owner at the shared address to which single copies of those documents were delivered. To make such a request, please contact Broadridge Householding Department by phone at 1-866-540-7095 or by mail to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717. If you are a share owner of record and would like to enroll in this householding service or would like to receive individual copies of future proxy materials, please contact Broadridge Householding Department by phone at 1-866-540-7095 or by mail to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Share owners who hold their shares beneficially in street name should contact their bank, broker or other holder of record to request information about householding.

Further Instructions Regarding “How to Vote”

The telephonic and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. These procedures allow share owners to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded.

Share owners who hold their shares beneficially in street name through a nominee (such as a bank or broker) may be able to submit their proxy by telephone or the Internet as well as by mail. The share owner should follow the instructions received from the nominee to vote these shares. Share owners who hold their shares beneficially in street name can also choose to vote in person by ballot at the Annual Meeting, but must have a legal proxy with them executed by the nominee in order for their vote to count. At the meeting, the share owner will need to request a ballot

to vote these shares.

The proxy card lists each person nominated by the Board for election as a director. Proxies duly executed and received in time for the meeting will be voted in accordance with share owners' instructions. If no instructions are given, proxies will be voted to (a) elect each of the 12 nominated directors of the Company for a term of one year to expire at the Annual Meeting in 2020; (b) ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2019; (c) approve the Owens-Illinois, Inc. Table of Contents

Revocability of Proxies

Any proxy solicited hereby may be revoked by the person or persons giving it at any time before it has been exercised at the Annual Meeting by (a) giving notice of revocation to the Company in writing or at the 2019 Annual Meeting; (b) submitting a later dated proxy; or (c) attending the Annual Meeting in person and voting at the meeting.

Vote Required to Approve Matters

There must be a quorum for the transaction of business at the meeting. A quorum is the presence at the meeting of a number of shares that are either present or represented by proxy, constituting a majority of the outstanding shares entitled to vote at the meeting. If you submit a properly executed proxy card or a telephonic or Internet proxy, or you are present at the meeting in person, even if you abstain from voting, your shares will be considered part of the quorum. Broker non votes (shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a proposal) are included in determining the presence of a quorum.

Proposal One. Each director to be elected by the share owners of the Company shall be elected by the affirmative vote of a majority of the votes cast with respect to such director by the shares represented and entitled to vote thereon at a meeting of the share owners for the election of directors at which a quorum is present (an "Election Meeting"); provided, however, that if the Board determines that the number of nominees exceeds the number of directors to be elected at such meeting (a "Contested Election"), whether or not the election becomes an uncontested election after such determination, each of the directors to be elected at the Election Meeting shall be elected by the affirmative vote of a plurality of the votes cast by the shares represented and entitled to vote at such meeting with respect to the election of such director. For purposes of electing directors, a "majority of the votes cast" means that the number of votes cast "for" a candidate for director exceeds the number of votes cast "against" that director (with "abstentions" and "broker non votes" not counted as votes cast as either "for" or "against" such director's election). In an election other than a Contested Election, share owners will be given the choice to cast votes "for" or "against" the election of directors or to "abstain" from such vote and shall not have the ability to cast any other vote with respect to such election of directors. In a Contested Election, share owners will be given the choice to cast "for" or "withhold" votes for the election of directors and shall not have the ability to cast any other vote with respect to such election of directors. The Board has established procedures under which any director who is not elected shall offer to tender his or her resignation to the Board.

Proposal Two. The affirmative vote of a majority of the stock having voting power present in person or represented by proxy and entitled to vote thereon is required to ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2019. Abstentions will have the same effect as votes "against" this proposal. "Broker non votes" are not expected for this proposal as NYSE rules allow brokers or nominees to exercise discretionary voting authority on this "routine" proposal.

Proposal Three. The affirmative vote of a majority of the stock having voting power present in person or represented by proxy and entitled to vote thereon is required for the approval of the Owens-Illinois, Inc. Amended and Restated 2017 Incentive Award Plan. Abstentions will have the same effect as votes "against" this proposal and "broker non votes" will not be counted in determining whether this proposal has been approved.

Proposal Four. The affirmative vote of a majority of the stock having voting power present in person or represented by proxy and entitled to vote thereon is required for the advisory vote to approve named executive officer compensation. Abstentions will have the same effect as votes "against" this proposal and "broker non votes" will not be counted in determining whether this proposal has been approved.

Other Matters

Management of the Company does not know of any matter that will be presented for action at the 2019 Annual Meeting other than as described in this Proxy Statement. However, if any other matter should properly be brought to a vote at the meeting, or any adjournment or postponement thereof, all shares covered by proxies solicited hereby will be voted with respect to such matter in accordance with the proxy holders' discretion.

GOVERNANCE INFORMATION

Board Leadership Structure

The Board decided that the roles of the Board Chair and CEO would be separated as of January 1, 2016. At the 2016 Annual Meeting, the Board selected Carol A. Williams, an independent member of the Board, to become its Independent Board Chair (“IBC”) and the Company eliminated the role of Lead Director.

The primary responsibility of the IBC is to make the Board as effective as possible in fulfilling its oversight responsibility for the Company and to ensure that the Company derives the most benefit from the experience, education and skills of individual Board members.

In fulfilling this primary responsibility, the IBC will be expected to be a leader of his/her peers by taking personal responsibility for delivering excellence in the boardroom. This will mean helping shape meeting agendas, ensuring open communication, meaningful participation and constructive debate and focusing on appropriate follow-through regarding Board conclusions and recommendations.

The IBC will maintain regular communications with other Board members, with the frequency and depth of communications dependent on the issues that are the current focus of the Company. In addition, the IBC will act as a sounding board for the CEO, as well as other members of senior management. In separating the roles of CEO and IBC, the Board has expressly decided that it does not want the IBC to be perceived as “managing the Company” or as an “executive chair” in the eyes of management or the Company’s investors.

As the leader of the Board, the IBC is expected to take the lead in connection with the Board’s self-assessment process and the follow-through necessary to improve the Board’s overall oversight of the Company. Moreover, the IBC will assume a leadership role in CEO succession planning.

Executive Sessions

The Company’s non-employee directors meet in regularly scheduled executive sessions, both with the CEO and also without any members of management present. The purpose of these executive sessions is to promote open and candid discussion between the Board and the CEO and separately among the non-employee directors of the Board. The Board believes this approach effectively complements the Company’s Board leadership structure. The non-employee directors met six times in executive session in 2018 without management present, and the independent directors met twice in executive session in 2018. As provided by the Guidelines, the IBC presided at these executive sessions.

Risk Oversight

The Board recognizes that an important part of its responsibilities is to evaluate the Company’s exposure to risk and to monitor the steps management has taken to assess and control risk. The Board primarily oversees risks through committees of the Board, particularly through the Risk Oversight Committee and the Audit Committee, as discussed in the descriptions of the committees below. The committees report to the Board and matters of particular importance or concern, including any significant areas of risk faced by the Company, are discussed by the entire Board. In addition, the Board meets with the Company’s regional presidents on a rotating basis to review risk exposure with respect to the Company’s strategic plans and objectives in order to improve long-term organizational performance.

General Board Responsibilities

The Board has the ultimate authority for overseeing the management of the Company's business. The Board also identifies and evaluates candidates for, and ultimately appoints the Company's officers, delegates responsibilities for the conduct of the Company's operations to those officers, and monitors their and the Company's performance. Certain important functions of the Board are performed by committees comprised of members of the Board, as provided below.

Board Independence

The vast majority of the members of the Board are "independent" in accordance with the New York Stock Exchange listing standards. The Board has affirmatively determined that each of the following directors is an independent director of the Company under the listing standards of the New York Stock Exchange: Gordon J. Hardie, Peter S. Hellman, John Humphrey, Anastasia D. Kelly, Alan J. Murray, Hari N. Nair, Hugh H. Roberts, Joseph D. Rupp, Carol A. Williams and

Table of Contents

Dennis K. Williams. The Board has also affirmatively determined that the director nominee, John H. Walker, is independent. In making this determination, the Board has determined that none of these directors or nominees have any material relationships with the Company other than their roles as directors.

Board Member Stock Ownership

The Board has established stock ownership guidelines for its members. Each member of the Board is required to own shares of the Company's Common Stock having a value equal to five times the director's annual cash retainer. New directors have four years from the date of joining the Board to attain the required stock ownership. Until the stock ownership guidelines are met, directors are required to retain 100% of the "net profit shares" acquired from grants of restricted stock or exercises of stock options. Net profit shares are those shares remaining after payment of tax obligations.

Board Size

The Board currently consists of 12 members. Under the Company's Third Restated Certificate of Incorporation, the maximum size of the Board is 12 members.

Board Meeting Attendance

In 2018, the full Board met 11 times. All of the incumbent members of the Board attended more than 75% or more of the aggregate number of meetings of the Board and of committees of the Board of which such director was a member. Attendance at Board and committee meetings during 2018 averaged over 95% for directors as a group.

The Company does not have a policy with regard to Board members' attendance at Annual Meetings, although members of the Board are encouraged to attend. All members of the then-current Board attended the 2018 Annual Meeting.

Corporate Governance Guidelines

A copy of the Company's Corporate Governance Guidelines is available on the "Investors" section of the Company's website (www.o-i.com). A copy is also available in print to share owners upon request, addressed to the "Corporate Secretary" at Owens-Illinois, Inc., One Michael Owens Way, Perrysburg, Ohio 43551 2999. Board Nominees

The Nominating/Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board and recommending that the Board select the candidates for all directorships to be filled by the Board or by the share owners. The Nominating/Corporate Governance Committee is governed in this regard by its Policies and Procedures Regarding the Identification and Evaluation of Candidates for Director (the "Policies and Procedures"), copies of which are available on the "Investors" section of the Company's website (www.o-i.com) and in print, free of charge, to share owners upon request to the "Corporate Secretary" at Owens-Illinois, Inc., One Michael Owens Way, Perrysburg, Ohio 43551 2999.

Pursuant to the Policies and Procedures, candidates for the Board must demonstrate strong leadership in their particular field, and have broad business experience and the ability to exercise sound business judgment. In addition, candidates must possess the highest personal and professional ethics, integrity and values, and be committed to

representing the long-term interests of the share owners. Candidates must also be willing to devote sufficient time to carry out their duties and responsibilities effectively, and be committed to serve on the Board for an extended period of time.

The Policies and Procedures require the Nominating/Corporate Governance Committee to consider the contributions that a candidate can be expected to make to the collective functioning of the Board based on the totality of the candidate's background, skills, experience and expertise and the composition of the Board at the time. The Policies and Procedures also state the Nominating/Corporate Governance Committee's belief that diversity is an important attribute of a well-functioning Board and the Policies and Procedures, the Guidelines and the Nominating/Corporate Governance Committee's Charter each require the Nominating/Corporate Governance Committee to take into consideration the benefits of having Board members who reflect a diversity of age, gender, ethnicity and country of citizenship.

The Company maintains a skills matrix, and actively monitors the skills, experience and expertise of all its individual directors with an eye towards ensuring that the Board is balanced with respect to key skill sets. Given that the Company

is a large global public manufacturing company, many of the Board's directors have skills and experience relating to similar organizations. The Board also has strong skills, experience and expertise in other areas, including finance and capital allocation, mergers and acquisitions, strategic planning and corporate governance. The Nominating/Corporate Governance Committee considers the skills, experience and expertise of Board members expected to retire or leave the Board in the near future when it identifies candidates for Board membership. The Nominating/Corporate Governance Committee also considers in its nomination processes the recommendations of current Board members regarding particular skills that could improve the ability of the Board to carry out its responsibilities.

The Nominating/Corporate Governance Committee will consider potential candidates for director who have been recommended by the Company’s directors, the CEO, other members of senior management and share owners. Outside consultants may also be employed to help identify potential candidates. Mr. Walker was recommended to the Nominating/Corporate Governance Committee as a director candidate by a third-party search firm engaged by the Company under the direction of the Nominating/Corporate Governance Committee to assist in identifying potential director candidates. Pursuant to its Policies and Procedures, the Nominating/Corporate Governance Committee conducts all necessary and appropriate inquiries into the backgrounds and qualifications of possible candidates and considers questions of independence and possible conflicts of interest. Members of the Nominating/Corporate Governance Committee discuss and evaluate possible candidates in detail, and determine which individuals to consider in more depth. Once a candidate is identified whom the Nominating/Corporate Governance Committee wants to move toward nomination, one or more members of the Nominating/Corporate Governance Committee will enter into discussions with the candidate. The procedures for the nomination of director candidates by share owners are described under the heading “2020 Annual Meeting of Share Owners.”

The performance of incumbent members of the Board is evaluated annually by the Nominating/Corporate Governance Committee. Incumbent directors who continue to satisfy the Nominating/Corporate Governance Committee’s criteria for Board membership and whom the Nominating/Corporate Governance Committee believes continue to make important contributions to the Board generally will be renominated by the Board at the end of their term.

DIRECTOR COMPENSATION AND OTHER INFORMATION

Director Compensation

Prior to 2019, each non-employee director of the Company received an annual retainer of \$67,500, paid quarterly. Effective January 1, 2019, the Board approved an increase in the amount of the annual retainer each non-employee director of the Company receives to \$72,500. Each non-employee director also receives \$2,000 for each Board meeting in which such director participates and for each committee meeting in which such director participates as a member (including as Chair).

The Independent Board Chair receives an annual retainer of \$150,000. Prior to 2019, committee chairs received additional annual retainers as follows:

- Audit Committee Chair – \$20,000
- Compensation and Talent Development Committee Chair – \$15,000
- Nominating/Corporate Governance and Risk Oversight Committee Chairs – \$10,000

Effective January 1, 2019, the amount of the annual retainer each committee chair receives was increased to:

- Audit Committee Chair – \$25,000
- Compensation and Talent Development Committee Chair – \$20,000
- Nominating/Corporate Governance and Risk Oversight Committee Chairs – \$15,000

Each non-employee director also receives on the date immediately following the date of the Company's annual meeting of share owners at which directors are elected ("Date of Grant"), a grant of restricted stock units ("RSUs") with respect to a number of shares of Common Stock having a fair market value on the Date of Grant equal to \$120,000, rounded up or down to nearest whole share of Common Stock, pursuant to the terms of the applicable Company equity incentive plan. The Board approved the increase of the annual equity award from \$120,000 to \$125,000 effective in 2019.

In October 2018, the Company's outside executive compensation consultant reviewed the competitiveness of the current compensation programs and found them to be below the market median in the value of its equity awards, annual retainer and annual committee chair retainer. Therefore, the Board approved the increases noted above.

The RSUs vest in full on the date of the Company's next annual meeting of share owners at which directors are elected following the Date of Grant ("Normal Vesting Date") or earlier upon a director's termination of service due to death, disability or retirement (after reaching age 60). In addition, upon termination of service for reasons other than death, disability, retirement or removal for cause, the RSUs will vest pro rata on a daily basis based on the number of days of service from the Date of Grant to the Normal Vesting Date. All RSUs are immediately forfeited upon a non-employee director's removal for cause. All RSUs will fully vest upon a change in control. Vested RSUs are paid in shares of Common Stock, on a one for one basis, within 30-days after the Normal Vesting Date, or if earlier, termination of service.

In the event a new non-employee director joins the Board on any date other than the date of the annual meeting of share owners, in addition to the RSU grant described in the previous paragraph, such new non-employee director will also receive on the date immediately following the first annual meeting of share owners at which directors are elected during such director's tenure on the Board an additional grant of RSUs with respect to a number of shares of Common Stock having a fair market value on the date of such grant equal to a pro rata allocation of the dollar amount of the prior year's RSU grant based on the number of days of service in the period from the commencement of such director's

service on the Board to the date of such grant, rounded up or down to the nearest whole share of Common Stock.

The Deferred Compensation Plan for Directors of Owens-Illinois, Inc. provides an opportunity for non-employee directors to defer payment of their directors' fees. Under the plan, a non-employee director may defer receipt of all or any portion of the cash portion of the compensation described above. Deferrals may be credited into a cash account or into a Company stock unit account. Funds held in a cash account accrue interest at a rate equal from time to time to the average annual yield on domestic corporate bonds of Moody's A-rated companies, plus one percent. Distributions from the plan are made in cash.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

The Owens-Illinois Compensation and Talent Development Committee (“the Committee”) is committed to working with the Board of Directors and management to design compensation plans that motivate the Company’s executives and support business objectives that create share owner value. The Company’s compensation plans for 2018 follow the same framework used in 2017. The Committee believes that the 2017 structure remains appropriate, supports the Company’s business objectives and reflects share owners’ interests, as demonstrated by the overwhelmingly strong support (97% approval) from share owners for the Company’s advisory vote for Say on Pay received in 2017.

However, following a drop in share owner support for the Company’s advisory vote for Say on Pay in 2018 (78% approval), the Company engaged in extensive share owner outreach. While the outreach discussions indicated support for the pay program and identified no fundamental issues, the Committee made two important changes to the Company’s compensation plans for the 2019-2021 performance cycle to strengthen the program’s ties to performance in general and share owners’ interests in particular:

- § introduced relative Total Shareholder Return (R-TSR) as a modifier to the performance stock unit payout and
- § increased the portion of the target Long Term Incentive (“LTI”) value delivered in the form of performance stock units from 50% to 60%.

The Foundation: The Strategic Plan for the Company

The strategic plan for the Company serves as the foundation for its pay program. Following a year when the Company continued to focus on stabilizing the business, the strategy concentrated on one team, one enterprise and one plan. The plan looks to expand the markets in which the Company competes by being recognized as the preferred glass supplier, as well as being the most cost-effective producer of glass. The Company is focusing its employees on understanding customer needs, managing costs of the total enterprise, improving flexibility, taking an integrated approach to problem solving, developing breakthrough innovation, and delivering on its commitments. The Company is doing this by emphasizing collaboration across the Company, leveraging its knowledge and expertise, increasing accountability, and aligning incentives with the right results. The Company believes successful execution along these lines will lead to enhanced value for share owners, customers, and employees.

Linking the Company’s Incentives to Its Plan and Share Owner Interests

For the 2018 Short-Term Incentive (“STI”) Plan, the Committee maintained the measures of Earnings Before Interest and Taxes (“EBIT”) (weighted at 80%) to continue management’s focus on profitability, the need to control costs and accountability for delivering financial results, and Free Cash Flow (“FCF”) (weighted at 20%) critical for managing the Company’s financial obligations, deleveraging its balance sheet, investing in its business, and returning value to share owners. Further, the Committee continued to base the Global Leadership Team’s STI Awards on overall enterprise results, reinforcing the Company’s strategy of one team, one enterprise and one plan.

For the 2018 LTI Plan, the Committee continued its balanced approach to delivering LTI by awarding 50% of target value in the form of performance stock units and 50% in the form of time-based restricted stock units. The Committee also continued its approach for measuring long-term results associated with the performance stock units, wherein awards are based on the Company’s performance for a full three-year period as measured by cumulative Adjusted Net

Earnings Per Share (“EPS”) and a three-year average Return on Invested Capital (“ROIC”), weighted equally, maintaining the program’s ties to delivering sustained, long-term financial results.

The Committee continued to set reasonably demanding incentive goals for both the STI and LTI plans consistent with the Board’s expectations of management and its commitments to share owners. As shown below, our incentive structure is highly motivational and creates share owner alignment.

Incentive Plan Results: Reflect the Company's Performance

Key Performance Highlights

Delivered EBIT (as defined on page 28) of \$879M, a 10.98% increase over prior year, which fell between the target and maximum performance levels for this STI measure. 1

Produced FCF (as defined on page 28) of \$349M, a 28% increase over prior year, which exceeded the maximum performance level for this STI measure.1

Increased EPS (as defined on page 33) by approximately 30% over the three year performance period 2016-20182, generating a maximum payout for this measure under the Company's LTI performance stock unit program.

Achieved ROIC (as defined on page 33) of 10.72%, which significantly exceed the Company's weighted average cost of capital, generating a maximum payout for this measure under the Company's LTI performance stock unit program.

Returned value to share owners, by initiating a share buyback program and instituting a quarterly dividend beginning in the first quarter of 2019.

(1) The Committee elected to apply its discretion to reduce the STI payout from 148.6% to 80.0%, as management and the Committee believe this reduction results in a payout more aligned with the underlying operating performance of the Company for the year, while supporting management engagement and recognizing the actual achievement against the performance ranges.

(2) Adjusted to exclude the effect of share buybacks.

These results were reflected in the rewards earned for 2018 under the Company's incentive plans, which required management to meet challenging goals. When approving the STI payout, the Committee considered certain non-budgeted events, including a non-operational tax credit and non-recurring changes in working capital. Considering these factors, based on management's recommendation, the Committee elected to apply its discretion and approve an 80% STI payout. Management and the Committee believe this payout result is aligned with the underlying operating performance of the Company for the year, while supporting management engagement and recognizing the actual achievement against the performance ranges. The Company's actual performance against those goals supported a payout of 148.6% of target as FCF results exceeded our maximum performance objective which was partially offset by EBIT results that were between target and maximum goals.

The Company's executives earned performance stock units for the 2016-2018 period at maximum levels (200% of target), based on strong EPS, ROIC, and revenue performances. The Committee felt that the payout reflected the Company performance for the period, as the Company achieved or exceeded key targets established during the 2016 Investor Day for the 2016-2018 period. In addition, over the preceding three years, the Company increased EPS (as defined on page 33) by approximately 30%. These results were achieved despite significant headwinds, including the effect of unfavorable foreign exchange rates. Overall, these results represented a significant improvement from the inconsistent financial performance achieved prior to the 2016-2018 performance cycle.

These payout levels and the associated stock price movement are consistent with a historical trend of being closely aligned with the returns earned by its investors relative to those of the S&P 500 or its pay benchmarking companies as more clearly seen in the realizable pay and performance analysis covered beginning on page 24.

No Problematic Pay Practices

The Committee regularly monitors the Company's pay practices, which are consistent with good corporate governance and identified best practices. The Committee has established a clawback or recovery policy covering cash and equity incentives. Double triggers have been established for receiving any benefits associated with a change-in-control. The stock ownership guidelines are consistent with those of other large companies and are reinforced by stock holding requirements. The Committee also prohibits executives from hedging and pledging their positions in Owens-Illinois stock, a policy which was strengthened in 2018.

2019 Say on Pay

The Company's 2019 Say on Pay proposal is found on page 69. The proposal received 78% support from share owners in 2018, down from overwhelmingly strong support (97% in 2017) from share owners in past years. In response to this decline in support, the Company conducted a share owner outreach initiative, wherein it reached out to its top 20 share owners and met with those that expressed interest. While the outreach discussions indicated strong support for the pay program and identified no fundamental issues, the Committee made two important changes to the Company's compensation plans for 2019 to strengthen the program's ties to performance in general and share owners' interests in particular:

§ introduced relative Total Shareholder Return (R-TSR) as a modifier to the performance stock unit payout and
§ increased the portion of the target LTI value delivered in the form of performance stock units from 50% to 60%.
In addition, the Board, at the recommendation of the Committee, amended its Insider Trading Policy in 2018 to prohibit the Company's directors, executive officers and other covered personnel from purchasing company securities on margin, pledging company securities as collateral for a loan, and borrowing against any account in which company securities are held. Prior to this revision, company securities could be pledged with pre-clearance from the Company's General Counsel and notice to the Committee. (None of our named executive officers ("NEOs") or directors had actually pledged shares.)

As a result, the Committee believes the Company's executive compensation program represents share owners' interests in a responsible and reasonable fashion and warrants your support at this year's Annual Meeting.

Compensation Principles

The Committee approves executive compensation programs that are designed to align executive pay with share owner interests and the annual and long term performance of the Company. The Company believes that its executive compensation program strikes the appropriate balance between using responsible, measured pay practices and providing rewards that effectively attract and retain executives while motivating them to create value for the share owners. Key elements of this pay strategy include:

Key Principles of Compensation

Targeting total direct compensation (overall and by element) for the NEOs at market median pay levels, while also considering internal equity, and regularly evaluating pay versus market practices using comparator company and survey comparisons;

Ensuring that a majority of target compensation for each NEO is in the form of annual and long-term incentives;

Analyzing annually the relationship between executive pay and Company performance to ensure alignment; and

Completing regular risk assessments, taking into consideration the Company's business model, incentive plan design (including mix of incentive vehicles, balance of performance measures, target setting methodology, caps on payouts, etc.) and policies designed to reduce risk (such as share ownership and retention guidelines, clawback policy, and anti hedging and prohibition of pledging policy), among other considerations, to evaluate if the Company's compensation program promotes excessive risk taking.

Say on Pay Vote and Share Owner Outreach

The Committee continues to believe that, overall, the Company's compensation programs are well aligned with both share owners' interests and the competitive market, and are designed to reward overall Company and individual performance. Nonetheless, the Committee and management regularly review compensation programs to ensure such alignment continues and make changes as appropriate or necessary.

Table of Contents

As the Company believes that an annual “Say on Pay” vote encourages beneficial dialogue on compensation and provides the most consistent and clear communication channel for share owner concerns about executive compensation, the Company will again hold an annual advisory vote in 2019 to approve executive compensation. The Committee will continue to consider the results from this year’s and future advisory votes on executive compensation. The Company continues to actively engage major share owners and proxy advisory firms, ISS and Glass Lewis, regarding executive pay and its alignment with share owner interests, as well as the preferred frequency in which to conduct the “Say on Pay” vote.

Compensation and Governance Practices

The Company’s executive compensation programs are designed to reflect appropriate governance practices aligned with the needs of the business. Jan A. Bertsch	Senior Vice President and Chief Financial Officer ("CFO")
Miguel I. Alvarez	President, O-I Americas

Assessment of Realizable Pay and Performance

The Committee annually compares the NEOs' realizable pay and the Company's performance to the pay and performance of comparator companies in order to assess the alignment of the Company's pay and performance.

In assessing pay and performance, the Company's independent compensation advisors, Pay Governance, analyzed the Company's 2015-2017 realizable pay and performance relative to comparator companies. Unlike the results reported in the Summary Compensation Table reported on page 41, realizable pay looks at the pay an executive earned or could have earned for a period based on the actual financial performance against the Company's incentive goals and the stock price performance that drove those results (December 31, 2017 stock price). The Committee believes realizable pay is a better gauge for assessing pay and performance than the data found in the Summary Compensation Table, as the Summary Compensation Table definition of total pay includes a mix of some elements that are actual pay, such as salary and annual incentives, and other elements that are accounting estimates of future potential pay, such as performance stock units, restricted stock units and options. Further, annual changes in the discount rate for pension calculations are not part of the pay decisions made by the Committee and may significantly distort pay reported in the Summary Compensation Table and how it relates to the Company's performance.

In assessing realizable pay, the Committee reviewed the actual rewards earned by the CEO and CFO from 2015 to 2017: base salaries received by the executive, annual bonuses earned, vesting date value (as opposed to grant date or accounting value used in the Summary Compensation Table) of time based restricted awards granted during the period, any exercise gains realized on options granted during the period and the value of any long term performance awards made and earned in the three year period. In addition, realizable pay includes the value of any outstanding (unvested, unexercised or unearned) long term incentives awarded during the three year period based on the Company's stock price as of December 31, 2017. The same approach is used to calculate the realizable pay of the CEOs and CFOs at comparator companies. This enables the Committee to compare the Company's realizable pay levels with similar executives at comparator companies. As a result, realizable pay relies on information reported in comparator company proxies, the latest year for which pay is available being 2017.

In addition to assessing the Company's realizable pay levels relative to comparator companies, the Committee also examined the Company's annual and long term performance versus those companies. From a long term performance perspective, the analysis focused on TSR relative to those companies, which captures the principal goal of the Company's long term incentive plans—creating value for investors. As shown in the following two exhibits, the Company's pay program has produced realizable pay levels relative to peers that are directionally and reasonably aligned with the Company's TSR performance relative to those companies.

24 2019 Proxy Statement

Table of Contents

(1) Excludes restricted stock award at hiring.

From an annual or short term performance perspective, the Company's performance across several perspectives of EBIT and cash flow performance (growth, percent of revenue and percent of invested capital) was evaluated relative to similar metrics for comparator companies for each year of the past five years. These results captured the key drivers of the Company's STI program, which support the Company's strategic objectives as well as its value creation efforts. The Company's rankings relative to comparator companies across these annual performance metrics were compared to rankings of the cash compensation (salary + actual bonus) earned by the Company's CEO and CFO during the period. As with the Company's realizable pay and TSR comparisons, the Company's annual cash compensation was appropriately aligned with its annual performance rankings relative to peers. When considering financial performance for each of the past five years, the Company's average peer ranking equaled the 40th percentile, comparable to the average cash compensation (salary & bonus) ranking of its CEO (44th percentile) and CFO (42nd percentile).

From these perspectives, the Company believes the pay program produced acceptable outcomes with officers' relative pay levels aligned with its relative annual and long term performance levels, supportive of share owners' interests.

Compensation Benchmarking

While realizable pay examines the alignment of the Company's performance and the pay actually realized or realizable by those results, the Committee also annually reviews the competitiveness of the target pay opportunities provided to the Company's senior leadership team (including the CEO and his key direct reports). This review encompasses all elements of target direct compensation: base salary, annual incentives and cash compensation (base salary + annual incentives), LTI and direct compensation (base salary + annual incentives + LTI). In addition, the review examines the mix of total pay (fixed to variable pay, short to long term compensation and cash to stock compensation) and LTI mix (stock awards versus options and service versus performance based awards). The objectives of this review are to ensure the opportunities associated with the Company's program are aligned with its pay philosophy, which targets market median and also considers internal equity between senior leadership team members.

Market Data

In determining compensation levels for the senior leadership team, the Committee reviews competitive market remuneration data including:

proxies of companies in the comparator group used to benchmark pay (shown below). Proxy data is only considered for the Company's CEO and CFO; and

surveys published by Aon Hewitt, Mercer and Willis Towers Watson, which provide data reflecting the incumbent's functional responsibilities and the appropriate revenue scope (corporate or region) of their operating unit, are used to assess the target compensation for other senior leaders.

Comparator Group Companies

While there is no other company of comparable size to O-I that also focuses purely on glass container production, the group of comparator companies used to benchmark executive pay practices and pay levels for select officers is selected primarily from companies in the packaging and manufacturing sectors that resemble the Company in size, business profile, global presence, asset intensity, and other relevant factors. After a review of the comparator group companies in 2018, the Committee elected not to make any changes to the comparator group from that used in 2017.

Compensation Program Overview

Total Direct Compensation

Total direct compensation is the combination of base pay, annual incentive and long term incentives. Although the Company's pay philosophy targets market median, while also considering internal equity, an NEO's total direct compensation opportunity may be higher or lower than the market 50th percentile based on individual performance, experience, past leadership roles, potential future contributions and Company performance. In making compensation decisions, the Committee considers each of these factors and the NEO's total direct compensation to ensure overall alignment with the Company's compensation philosophy and principles.

It is the Company's philosophy that a significant portion of the target compensation opportunity provided to the NEOs be "variable" or "at risk"—based on Company performance and/or the price of the Company's stock. Based on compensation packages in effect on December 31, 2018, the CEO had 87% of his target total direct compensation "at risk" and the other NEOs had approximately 69% of their target total direct compensation "at risk." The Company has no prescribed pay mix that drives compensation decisions. The resulting pay mix is based on the Company's pay philosophy, market pay data used to establish individual executive's compensation and internal equity pay considerations.

The Committee strives to achieve alignment between executive pay and performance by establishing and adhering to a fair and performance oriented rewards philosophy/strategy, setting appropriate performance objectives, and regularly testing the relationship between pay and performance.

Base Pay

The base pay program is designed to ensure the Company's ability to attract and retain key executives. The Committee reviews NEO salaries and pay positioning at least once per year, and may adjust salaries based on several factors, including: current market conditions, Company performance, individual performance, previous experience, potential and the results of benchmarking against market data. Merit pay budgets are set annually based on external labor market trends, business performance, inflation and other pertinent factors. In 2018, the Company's merit budget was 3% for the United States and 1% for Switzerland. After considering the factors listed above, the Committee approved a base pay increase of 5% for Mr. Lopez (to reduce but not eliminate the differences between his salary and the median of the peer group), 3% for Ms. Bertsch and Messrs. Alvarez and Webb and 8% for Mr. Torno (to bring his salary closer to the market median), all effective April 1, 2018. Mr. Galindo was not employed with the Company at the time of the merit increase.

Table of Contents

Short-Term Incentive

The annual incentive is designed to promote the achievement of short term financial results and motivate individual performance.

Measures

The Committee annually reviews the performance measures for the STI each year to ensure they support the Company's ongoing business strategies and reflect the needs of the business as well as drive share owner value. For the 2018 STI, the Committee considered performance against the following measures to determine the awards under the 2017 Incentive Award Plan:

Measure	Weight	Definition
Financial Measures:		
EBIT	80	% Consolidated earnings from continuing operations before net interest expense and provision for income taxes, excluding charges for asbestos related costs, restructuring, asset impairment and other items that management considers not representative of ongoing operations, and adjusted for changes in foreign currency exchange rates and to exclude the impact of acquisitions and divestitures that occur during the performance period.
FCF	20	% Cash provided by continuing operating activities less cash payments for property, plant and equipment from continuing operations, adjusted for changes in foreign currency exchange rates and for payments made beyond the Company's annual statutory requirement for pensions that were not included in the Company's budget.

The Committee believes these measures improved the balance between accounting (EBIT) versus value-based metrics (FCF) and reward results within management's control versus those outside their ability to influence. These metrics also aligned with the Company's strategic objectives for 2018 and supported both short- and long-term share owner value creation based on discussions with its investors. In addition, by rewarding the senior leadership team, including Regional Presidents, based on enterprise performance, the senior leadership team is encouraged to leverage one region of the Company to compensate for pressures in another region, for the good of the Company.

While the Company is affected by broader macroeconomic trends, including currency and interest rate shifts, by measuring results on a constant currency basis, management is squarely focused on select key value drivers and delivering steady—and improving—performance on those metrics. The Company bases its incentive programs and sets core operating goals on metrics the executive team can influence and thus create increased long-term share owner value. This design drives motivation and retention despite cost headwinds and other external challenges that may be out of the executive team's control.

Each measure stands alone for payment, so results under one measure can result in payment (up to the established maximum for that metric) even if results under the other measure result in no award.

Determining Performance Targets and Measure Weights

The Committee reviews and approves the financial targets and measure weightings set for the metrics for each plan year after considering the overall Company budget (as approved by the Board of Directors), the state of the industry and other external economic factors for the Company overall. Performance is based on the Company's absolute performance.

When setting the targets for the measures, the Committee considers the assessment prepared by its independent executive compensation consultant, Pay Governance, of the difficulty of its financial goals from various perspectives, including the Company's historic payout results, as well as a comparison of proposed goals versus: previous goals, public guidance, analyst estimates for the Company and its peers, and historic performance of the Company and its peers. The assessment found the Company's goals for 2018 to be challenging, overall.

2018 Performance Results

For 2018, the STI awards for the NEOs were determined by the financial results of the enterprise.

Table of Contents

Based on the targets set and actual achievement against those targets, the Company's performance would have resulted in a payout of 148.6% of target opportunities. However, both the Committee and management believed those results were achieved, in part, because of certain non-budgeted events, including a non-operational tax credit and non-recurring changes in working capital. Based on management's recommendation, the Committee elected to apply its discretion under the STI plan to reduce the payout to 80% of target to reflect these non-budgeted events. Management and the Committee believe this reduction results in a payout that is more aligned with the underlying operating performance of the Company for the year, while continuing to support management engagement and recognizing the actual achievement against the performance ranges.

The performance targets, results, and payouts for the enterprise are as follows (dollars in millions):

Measures:

Weight	Measure	Performance Range			Actual Results	Payout (as % of Target Award)	Weighted Payout (as % of Target Award)
		Threshold 30%	Target 100%	Maximum 200%			
80	% EBIT	\$ 740	\$ 871	\$ 895	\$ 879 (1) 135.7	% 108.6	
20	% FCF	\$ 238	\$ 280	\$ 310	\$ 349 (1) 200.0	% 40.0	
Calculated Payout:						148.6	%
Approved Payout:						80.0	%

(1) See Appendix A for a calculation of this measure.

Individual Award Determination

In determining individual payouts, the Committee considers the Company's performance relative to the EBIT and FCF performance targets as well as the individual performance of each NEO. Per the plan's design, payouts based on the Company's achievement of financial performance goals can be adjusted by +/-20% based on each NEO's performance against personal objectives. For the 2018 STI awards, the Committee, with input from the Board of Directors (also the CEO in the case of the other NEO's), did not adjust any of the STI awards for the NEOs based on individual performance.

Individual Target Opportunities and 2018 STI Payouts

Target awards for each NEO are expressed as a percentage of annual earnings based on market competitiveness and considering the Company's overall median pay philosophy. Achievement of threshold financial performance against the performance measures would imply funding of 30% of the target opportunity, while maximum performance would yield a payout of 200% of the target.

Target bonuses are sufficient to produce median cash compensation (salary + annual incentives) if earned, with maximum bonuses capable of producing top quartile pay if maximum performance goals are achieved. If no bonus is paid, pay for the Company's NEOs would rank in the market's bottom quartile on a cash compensation basis.

The individual target opportunities and payouts based on 2018 performance were as follows:

Payout History

The Company has a history of setting reasonably demanding goals. Over the past five years, STI payouts for the enterprise have ranged from 63% to 145% of target, with an average payout of 96%. Furthermore, the pay and performance analyses of the actual cash compensation earned by the Company's CEO and CFO versus that of their peers has been aligned with the Company's annual financial performance.

Long Term Incentives

Long term incentive compensation is delivered solely in the form of equity. This component of the executive compensation package rewards each NEO's contributions to the Company, provides motivation to achieve the Company goals, builds stock ownership to strengthen the alignment with share owners' interests, drives share owner value over time and is an important retention tool.

Equity Grant Practices

The Committee has established a formal process to govern equity grants. The same process is used for all employees receiving equity grants, including the NEOs. Each December, the Committee is asked to determine the overall pool (dollar value) of equity available for awards during the upcoming year's grant cycle. In making a proposal to the Committee, the Company reviews the prior year grants, current competitive market data, annual share usage and total potential dilution data, as well as each executive officer's overall compensation package in relation to the market.

Once the overall amount of equity available is determined, the CEO makes individual award recommendations for each senior executive. These recommendations are presented to the Committee for review and approval. The Committee works with the executive compensation consultant to determine the grant value for the CEO using the same general criteria.

The Committee set March 7 of each year as the common grant date for annual equity awards. This date falls outside of the quarterly blackout periods prescribed under the Addendum to Insider Trading Policy applicable to all NEOs. In addition, a common grant date for annual grants minimizes the perception of market timing. The Committee retains the discretion to make equity grants off-cycle for situations such as promotions and market compensation adjustments.

LTI Mix

Beginning in 2017, the Committee eliminated stock options from the LTI program, which reduced share usage as well as dilution of share owners' interests. In turn, the Committee adopted a balanced approach to delivering LTI by awarding 50% of target value in the form of performance stock units and 50% in time-based restricted stock units. In 2016, the LTI vehicle mix was 50% performance stock units, 25% restricted stock units, and 25% stock options. Beginning in 2019, the LTI vehicle mix was changed to 60% performance stock units and 40% restricted stock units.

Table of Contents

To determine the number of performance stock units and restricted stock units to grant, 50% of the total LTI award value is divided by the Common Stock price on the date of grant. For example, assuming an overall LTI award with a value of \$100,000 and a stock price of \$20.00, the number of performance stock units and restricted stock units granted would be calculated as follows:

$$\begin{array}{r} \$100,000 \times 50\% = \frac{\$50,000}{\$20.00} = 2,500 \text{ units} \end{array}$$

If the performance goals are met at the end of the performance period, performance stock units are paid out in an equivalent number of shares.

Restricted stock units vest 25% on each of the four anniversaries following the grant date.

Also, the value of the shares received from vested performance stock units and restricted stock units is tied to the Company's stock price, which provides share owner alignment. The Committee believes the LTI mix provides a balanced incentive program that also limits compensation plan risk.

Performance stock units have a strong pay for performance orientation and are a large enough portion of overall potential compensation to have a meaningful impact on the NEO's total realized compensation depending on Company performance and total share owner return. The use and overall weighting of performance stock units focus executives on fundamental long term financial goals in addition to stock price performance. Restricted stock units are intended to foster long term retention of the Company's NEOs, while still providing alignment of compensation with share owners. This combination of long term incentive awards, along with the Company stock ownership and retention guidelines (described below), promotes alignment with share owner interests.

Individual Award Opportunities

Each year, the Committee determines an overall equity award, expressed as a dollar amount, based on median market data for each NEO. Individual awards may vary based on performance, leadership, potential, time in the role, internal equity and other relevant factors. When making grant decisions, the Committee focuses on the dollar value of the award for each NEO, and also considers the overall dilutive impact of shares granted to the entire employee population.

Based on the market data, individual and Company performance (including relative share owner return and other relevant metrics) and executive retention concerns, the Committee approved the NEOs receiving equity grants with the following fair market values that approximate market median values and can produce target total direct compensation (salary + target annual incentives + target LTI award value) that also approximates market median:

Name	Grant Value
Andres A. Lopez (1)	\$ 5,000,000
Jan A. Bertsch (2)	\$ 1,300,000
Miguel I. Alvarez (3)	\$ 500,000
Vitaliano Torno (4)	\$ 429,000
John C. Webb (5)	\$ 1,200,000
Sergio B.O. Galindo (6)	N/A

- (1) The grant value for Mr. Lopez increased from \$4,660,500 in 2017 to \$5,000,000 in 2018 to more closely align the value with the LTI market value for his role and to recognize his performance in the role.
- (2) The grant value for Ms. Bertsch remained the same as the prior year as it continued to be aligned with the LTI market value for her role.
- (3) The grant value for Mr. Alvarez increased from \$425,000 in 2017 to \$500,000 in 2018 to more closely align the value with the LTI market value for his role and to recognize his performance in the role.
- (4) The grant value for Mr. Torno increased from \$400,000 in 2017 to \$429,000 in 2018 to more closely align the value with the LTI market value for his role and to recognize his performance in the role.

Table of Contents

(5) The grant value for Mr. Webb reflected the LTI market value for his role.

(6) Mr. Galindo did not receive an LTI award for 2018.

The amount ultimately earned under this plan for restricted stock units will be a result of the performance of the Company's stock. The amount earned for performance stock units will be a result of the performance of the Company's stock as well as the Company's performance against pre established three year financial goals.

Performance Stock Units

Performance stock units reward financial performance of the Company over a three year cycle. The vesting of performance stock units is entirely based on the financial performance of the Company as a whole (total or consolidated O I results), as this increases the focus on long term results that drive share owner value. Grants made in 2016 had a performance cycle of January 1, 2016—December 31, 2018; 2017 grants have a performance cycle of January 1, 2017—December 31, 2019; and 2018 grants have a performance cycle of January 1, 2018—December 31, 2020.

Beginning with grants made in 2017, the Committee changed its approach for measuring long-term results associated with the performance stock units. Prior to 2017, performance stock units were based on performance results in the last year of the performance period. Starting in 2017, awards are based on the Company's performance for the full three year period as measured by cumulative EPS and average ROIC. The Committee believes these changes will enhance the program's ties to delivering sustained, long-term financial results.

Aside from certain exceptions, performance stock units do not vest until the end of the related performance period, subject to achievement of the pre established goals. The performance criteria for each three year performance cycle are approved by the Committee at the grant date.

The performance stock units granted in 2017 and 2018 measure the Company's performance over the three year period based on the measures shown in the following table. The Committee elected to eliminate Organic Revenue Growth (previously weighted 10%) as a metric for performance stock units beginning in 2017 and incorporated growth into the performance goals established for EBIT under the STI plan and EPS under the performance stock unit program.

Measure	Weight	Definition
Three-Year Average Return on Invested Capital ("ROIC")	50 %	EBIT (1), multiplied by one minus the Company's tax rate (excluding items that management considers not representative of ongoing operations), divided by the sum of total debt and total share owners' equity. For the three-year performance period, the Committee elected to hold constant the pension/retiree medical portion of Accumulated Other Comprehensive Income ("AOCI").
Cumulative Adjusted Net Earnings per Share ("EPS") for the Three-Years	50 %	Diluted earnings per share from continuing operations attributable to the Company before items that are not representative of ongoing operations also excluding the impact of acquisitions and divestitures and non-service pension costs.

(1) EBIT not adjusted for foreign exchange.

Table of Contents

The performance stock units granted in 2016 measure the Company's performance over the three year period based on performance in the final year of the period for the measures shown in the following table.

Measure	Weight	Definition
Return on Invested Capital ("ROIC") in Year 3 of the Period	45 %	EBIT (1), multiplied by one minus the Company's tax rate (excluding items that management considers not representative of ongoing operations), divided by the sum of total debt and total share owners' equity. For the three year performance period, the Committee elected to hold constant Accumulated Other Comprehensive Income ("AOCI", which includes effects of currency and pension asset/liability changes).
Adjusted Net Earnings per Share ("EPS") in Year 3 of the Period	45 %	Diluted earnings per share from continuing operations attributable to the Company before items that are not representative of ongoing operations also excluding the impact of acquisitions and divestitures and non-service pension costs.
Organic Revenue Growth in Year 3 of the Period	10 %	Consolidated net sales adjusted to exclude the impact of acquisitions and divestitures as well as the impact of changes in foreign currency exchange rates.

(1) EBIT not adjusted for foreign exchange.

The Committee excludes certain items from determining the Company's performance relative to its performance stock unit metrics: changes in AOCI, non service pension costs, impact of acquisition/divestitures and changes in foreign currency exchange rates for organic revenue growth only. The exclusion of these items provides a more reasonable assessment of the Company's performance and management's success in meeting the Committee's objectives.

For grants made in 2016, the threshold, target and maximum values for the performance criteria were determined considering the Company's true cost of capital and historical performance. For grants made in 2017 and 2018, the threshold, target and maximum values for the performance criteria were determined considering the Company's expected growth rates. When setting the targets, the Committee's independent compensation advisor conducts a difficulty assessment from various perspectives, including the Company's historic payout results, as well as a comparison of proposed goals versus: previous goals, public guidance, analyst estimates, historic performance, peer historic performance and analyst estimates for peers.

No award is earned if performance against each of the measures is below the threshold performance level relative to the targets established by the Committee for the three year period. If performance for a given measure meets or exceeds the threshold level, NEOs can earn from 30% to 200% of target for the measure. The Committee reviews audited financial results prior to determining the amount of any award earned under this plan, and there is no discretion applied to individual payout amounts.

Performance Stock Unit 2016—18 cycle results

For the 2016 2018 performance cycle, EPS, ROIC, and Organic Revenue Growth performance exceeded the maximum payout level. The total performance stock unit payout was 200%.

Performance Stock Unit Payout History

Since the Company's Performance Stock Units are truly performance based, the target levels established at the beginning of each performance period represent goals that are challenging to achieve and incentivize improvement over prior years. For EPS and Revenue measures, threshold performance is set considering prior period's actual performance level, so payout is impacted if performance declines. For ROIC, threshold performance is set at the prior period's weighted average cost of capital (WACC), so no payout is generated unless the Company is creating value for share owners. Over the past five years, Performance Stock Unit payouts have ranged from 29% to 200% of target, based on the actual performance levels achieved. The payout average over the past five years was 96%.

Double Trigger Change in Control Vesting for Equity Awards

The Company requires a "double trigger," or both a change in control and an involuntary termination in order for equity awards to vest under the Company's broad based equity plan.

Stock Ownership and Share Retention Guidelines

The Company has stock ownership and retention guidelines for all of the NEOs, with the objective of better aligning executives' interests with those of share owners.

The guidelines are as follows:

- CEO—5 times base salary
- Senior Business / Function Leaders—2.5 times base salary
- Other Key Leaders (as designated by CEO)—1.5 times base salary

The guidelines state that the targeted level of ownership must be achieved within five years of the time the individual becomes subject to the guidelines. Under these guidelines, shares owned outright, outstanding restricted stock/units, performance stock units (at target) and 401(k) holdings all count as shares owned. In addition, the Committee has share retention guidelines. These guidelines state that until the stock ownership guidelines are met, NEOs are required to retain 75% of the "net profit shares" acquired from option exercises, or vested restricted stock units or performance stock units. Net profit shares are those shares remaining after payment of tax obligations and, if applicable, option exercise costs.

The Committee reviews ownership levels for executive officers on an annual basis. Failure to comply with the stock ownership and retention guidelines may result in delays in promotions and/or future compensation increases.

Table of Contents

Ownership achievement against guidelines is measured on June 30 each calendar year, based on a 200 day moving average of the stock price. For the 2018 review, all of the NEOs met or significantly exceeded their ownership guidelines, as shown below:

	Expected Ownership Level (as a multiple of salary)	Actual Ownership Level June 30, 2018 (as a multiple of salary)
Andres A. Lopez	5.0 × salary	15.4 × salary
Jan A. Bertsch	2.5 × salary	11.3 × salary
Miguel I. Alvarez	2.5 × salary	3.5 × salary
Vitaliano Torno	2.5 × salary	3.2 × salary
John C. Webb	2.5 × salary	2.5 × salary

Anti Hedging and Pledging Policies

The Company's Addendum to Insider Trading Policy prohibits the Company's directors, executive officers and other covered personnel from hedging their ownership of Company stock, including trading in publicly traded options, puts, calls, or other derivative instruments related to Company stock or debt. The Board, upon recommendation from the Committee, amended its Insider Trading Policy in 2018 to prohibit the Company's directors, executive officers and other covered personnel from purchasing company securities on margin, pledging company securities as collateral for a loan, and borrowing against any account in which company securities are held. Prior to this revision, company securities could be pledged with pre-clearance from the Company's General Counsel and notice to the Committee. (None of the NEOs or directors had actually pledged shares.)

Compensation Recovery (Clawback) Policy

The Company's Compensation Recovery Policy allows the Company to recoup cash and equity incentive compensation that was granted, received, vested or accrued during the prior three year period and based on inaccurate financial performance resulting in a restatement of results, regardless of fault. This policy applies to any current or former officer of the Company or any of its subsidiaries who report or reported to the CEO.

Risk Assessment

The Committee conducts an annual assessment of the Company's executive compensation practices and the relationship between its executive compensation program design and organizational risk. Relative to last year, the Company made no changes to its executive incentive plans in 2018. As a result, the assessment of the risk taking associated with the Company's executive incentive plans has not changed from last year (which found there were no material risks with the Company's program), and the risk assessment concluded that the Company employed no executive compensation practices in relation to organizational risk that would cause significant share owner concern.

The Company also conducted an enterprise risk assessment of its compensation programs and policies from legal, human resources, auditing and risk management perspectives, the results of which were reviewed and discussed with the Committee. Based on both of these assessments, the Company concluded that its compensation programs and practices are not reasonably likely to have a future material adverse effect on the Company. In reaching this

conclusion, the Company took into account several items that mitigate the Company's level of risk exposure.

2019 Proxy Statement 35

Table of Contents

Risk Mitigation Measures

The Company's business model and related incentive plans are generally consistent across all of its regions; none contributes more than half of the Company's revenues or operating profits;

The Company's pay mix is generally consistent with peer practices;

There is a direct cap on payouts (200% of target for STI and performance stock units) and the Committee has the ability to adjust performance goals and bonus payouts to help limit risk;

The Company's incentive plans incorporate multiple performance measures that balance growth, profitability, cash generation and capital efficiency;

Target setting considers internal budgeting and external market factors;

Multiple LTI equity vehicles, stock ownership guidelines and share retention requirements align the interests of NEOs and share owners;

The compensation recovery (clawback) policy that allows the Company to recoup cash and equity incentive compensation that was earned based on inaccurate financial performance resulting in a restatement of results, regardless of fault;

The Company has double trigger change in control vesting for equity awards;

An anti-hedging and prohibition of pledging policy helps prevent material adverse risk; and

The Committee regularly reviews executive stock ownership, plane usage and other governance policies that promote share owner interests.

Regulatory Considerations

The Company's incentive compensation programs have been designed and administered in a manner generally intended to preserve federal income tax deductions. However, the Committee considers the tax and accounting consequences of utilizing various forms of compensation and retains the discretion to pay compensation that is not tax deductible or could have adverse accounting consequences for the Company.

Executive Severance Policy

All NEOs are eligible for severance under the Company's Executive Severance Policy ("the Policy") in the event that the executive is terminated without cause at any time, or if during the 24-month period following a change in control (as determined under the 2005 Incentive Award Plan) he or she terminates for "good reason" (as defined in the Policy).

Upon a qualifying termination under the Policy, an eligible executive will receive a lump sum severance benefit equal to two times his or her base salary and target bonus, plus continued health benefits at the active employee cost for 24 months. If the provision of health benefits, however, would cause a negative tax consequence for the Company under

the Affordable Care Act, then the Company will pay the executive the value of the health benefits in cash. Executives will also be entitled to standard outplacement benefits offered by the Company from time to time.

If the severance benefits, along with any other payments occurring in connection with a change in control, were to cause the executive to be subject to the excise tax provisions of Sections 4999 of the Internal Revenue Code, then the amount of the severance benefits will either be reduced, such that the excise tax would not be applicable, or the executive will be entitled to retain his or her full severance benefits (with the executive responsible for paying any tax obligations), whichever results in the better after tax position to the executive.

Table of Contents

In exchange for being eligible for the severance benefits under the Policy, an executive must enter into a restrictive covenant agreeing not to compete with the Company or solicit the Company's employees for a period of three years following termination of employment for any reason, as well as not to disclose confidential information or disparage the Company. An executive must sign a release of claims before receiving any severance under the Policy. If the executive is a party to an agreement providing severance benefits, he or she will receive benefits under either the Policy or such other agreement, whichever provides the greater benefit, but may not receive severance under both.

Health and Welfare and Retirement Benefits

The Company maintains a comprehensive health and welfare benefits plan for all its U.S. based employees. The benefits offered to U.S. executive officers under this plan are essentially the same as those offered to all U.S. based salaried employees of the Company.

The Company also maintains supplemental universal life insurance benefits for its designated executives prior to 2006, including Messrs. Lopez and Torno. Six months and one day after retirement, the paid up policy is distributed to the NEO. The retiring NEO also receives a tax reimbursement for the value of the policy, based on the terms established prior to 2006. In 2006, the Company closed this plan to new entrants. As such, Ms. Bertsch and Messrs. Alvarez and Webb are covered by a term life policy. The term life policy may be converted, at the participant's expense, to an individual policy upon termination or retirement, subject to the terms and conditions of the insurance company.

The Owens Illinois Salary Retirement Plan (a defined benefit pension plan) was closed to new entrants after December 31, 2004. Also effective December 31, 2004, the Company changed the way that benefits can be paid for active participants. Benefits accrued at December 31, 2004 are eligible to be paid in a lump sum upon retirement at the option of the participant. Benefits accrued post December 31, 2004, however, are eligible to be paid only on an annuity basis. The Owens Illinois Salary Retirement Plan was frozen as of December 31, 2015. Participants maintain benefits accrued as of the freeze date, but will not accrue additional benefits beyond the freeze date. Also effective December 31, 2015, the lump sum payment option will now apply to the total accrued benefit for active and deferred vested participants who commence their benefit on January 1, 2016 or later.

As a U.S. tax qualified plan, benefits under the Owens Illinois Salary Retirement Plan are limited by IRS regulations. For those U.S. employees who earn compensation in excess of IRS limits, the Company maintains an unfunded Supplemental Retirement Benefit Plan ("SRBP"). This plan allows for benefits in excess of the IRS limits to be accrued and paid to participants upon retirement. In this way, it enables participants to earn the same retirement benefits (as a percentage of income) as other associates who earn compensation below the IRS limits. As a non qualified plan, all payments are made in a lump sum out of the general assets of the Company.

Mr. Lopez is a participant in the International Pension Plan, as he was employed abroad during a portion of his career with O-I. The International Pension Plan provides him with a retirement benefit equal to that provided under the O-I SRBP. The plan was frozen as of December 31, 2015. Participants maintain benefits accrued as of the freeze date, but will not accrue additional benefits beyond the freeze date.

Mr. Torno is eligible for benefits under the Swiss Pension Plan. This pension plan is part of a fully insured collective foundation that provides occupational pension benefits. The benefits are provided under a cash balance structure, meaning each participant has an account balance that will increase with annual savings credits and a guaranteed interest credit each year. At hire, participants transfer their vested benefits from their previous employers into the account and may buy-back additional benefits during a certain year (subject to some limits). The savings credits increase with age as a percentage of insured salary. The pension plan also provides protection against disability, death and longevity risks.

The Stock Purchase and Savings Program (“SPASP”) is a defined contribution plan provided under Section 401(k) of the Internal Revenue Code. Contributions to the plan are subject to annual limits established by the IRS. While employees may direct their own contributions into a number of provided investments, the Company match of 50% of an eligible participant’s contribution up to the first 10% of the participant’s base salary plus annual incentive (up to the IRS maximum recognizable compensation level) is made in Company common stock. The match is immediately vested, and participants can move the match out of Company common stock, and into any of the other investments, at any time, subject to blackout periods and other trading window restrictions. The Company also makes a contribution of 3% of base salary to the SPASP each payroll period, which is invested in the same investment options selected by the participants for their own contributions.

For those U.S. employees who are limited in the amount that they may defer to the qualified SPASP due to the IRS limits and who meet certain base pay requirements, the Company maintains an unfunded Executive Deferred Savings Plan

Table of Contents

(“EDSP”). This plan allows for deferrals on a pre tax basis. The investment funds available are the same as those in the SPASP.

Other Benefits

The Company provides limited perquisites to the NEOs that the Committee has determined to be competitive with the practices of the comparator group companies. These perquisites include an annual executive physical and reimbursement for financial planning and tax preparation services up to \$15,000 per year. Mr. Lopez is also eligible for restricted personal use of the Company aircraft (up to 50 hours per year). Mr. Torno receives a leased vehicle as part of his Swiss compensation package. Mr. Alvarez received benefits under the Company’s permanent transfer policy in connection with his move to the United States from Brazil, as well as relocation benefits (including certain tax gross-ups) in accordance with the Company’s standard relocation policy in connection with his move from Florida to Ohio.

The following tables show the benefits and perquisites available to each NEO in 2018:

Due to existing contractual arrangements, Mr. Lopez remains eligible for a tax gross-up on the annual economic value of an executive life insurance benefit. No other NEOs are eligible for gross-ups on these benefits. The Committee previously reviewed Mr. Lopez's and other grandfathered executive's eligibility for gross-ups and determined that it was not in the share owners' best interest to incur the costs to eliminate these contractually based benefits.

The Company previously eliminated all tax gross-ups on taxable perquisites, including the personal use of Company aircraft and financial planning services.

Roles and Responsibilities

There are many inputs to the executive compensation process, as well as the appropriate governance and compliance mechanisms. In general, the Committee has primary responsibility for discharging the Board's responsibilities relating to compensation of the Company's executive officers. When appropriate, the Committee holds executive sessions without management present (including the CEO). See description of the Committee above under the heading "Board and Committee Membership."

Executive Compensation Consultant

To assist the Committee in carrying out its duties and responsibilities, the Committee engages the services of an executive compensation consultant. The consultant provides the Committee with competitive market compensation data for senior executives and information on current issues and trends on executive compensation program design and governance; advises the Committee on the overall design and implementation of the Company's executive compensation programs, and provides various analyses related to incentive plan structure and award levels; assists with proxy disclosure requirements; and provides ongoing advice to the Committee on regulatory and other technical developments that may affect the Company's executive compensation programs.

For 2018, the Committee continued to engage Pay Governance as its executive compensation consultant. The Company does not engage Pay Governance or any of its affiliates with respect to any other consulting services.

During 2018 specifically, the compensation consultant supported the Committee by: (i) reviewing the comparator group used by the Committee for benchmarking; (ii) providing competitive market data on compensation for executives covered by the Committee's charter; (iii) analyzing the historical alignment of the Company's pay and

performance versus the comparator group; (iv) providing advice with respect to executive compensation matters, including annual and long term incentive plan design, difficulty of the Company's incentive plan goals, share utilization, pay mix as well as the impact of mergers, acquisitions, divestitures and other extraordinary items on the Company's incentive goal achievement; (v) assisting the Company and Committee in considering and designing changes to the pay program; (vi) conducting a risk assessment of the Company's compensation practices, as discussed previously; (vii) assisting the Company in its proxy disclosure, its Say on Pay proposal, development of its new equity plan for share owner approval and outreach to proxy advisors; (viii) advising the Committee about regulatory and legislative updates as well as market trends; (ix) assessing the competitiveness of the Company's pay program for directors and proposing appropriate changes and (x) participating in the Committees meetings during the year.

In its capacity as the executive compensation consultant to the Committee, the consultant reports directly to the Committee and the Committee retains sole authority to retain and terminate the consulting relationship. In carrying out its responsibilities, the executive compensation consultant will typically collaborate with management to obtain data, provide background on program history and operation, and clarify pertinent information. Working under the Committee's

Table of Contents

direction, both the Committee and management will review and discuss key issues and alternatives during the development of recommendations and prior to presentation for final approval.

The Committee also reviewed the nature of and extent of the relationship between the Committee, the Company and its compensation consultant and the individuals at the consulting firm providing advice to the Committee and the Company with respect to any potential conflicts of interest. The Committee considered the following six factors in its evaluation:

- provision of other services by the consulting firm;
- amount of fees paid by the Company to the consulting firm, and those fees as a percentage of total revenue paid to all affiliates;
- the policies and procedures that each consultant has in place to prevent conflicts of interest;
- any business or personal relationships of the consultant with any members of the Committee;
- any Company stock held by any of the individual consultants responsible for providing compensation advice to the Committee; and
- any business or personal relationships between Company executives and the compensation consulting firm.

Based on that review, the Committee believes that there are no conflicts of interest or potential conflicts of interest that would unduly influence Pay Governance's ability to provide the Committee candid, direct and objective advice that is independent of management, and that the advice received by the Committee is not influenced by any other economic relationship that either firm, or any of the individuals at either firm responsible for providing compensation advice to the Committee, has with the Company. To ensure ongoing independence and objectivity of advice, the executive compensation consultant:

- is engaged by and reports directly to the Committee and its Chair;
- can be terminated only by the Committee or its Chair;
- meets as needed with the Committee in executive sessions that are not attended by any of the Company's officers;
- has direct access to all members of the Committee during and between meetings;
- does not permit the individuals responsible for providing compensation advice to the Committee to act as the client relationship manager of his/her firm with regards to other business for the Company; and
- cannot directly, or indirectly, through a member of the consulting team, participate in any activities related to other consulting services provided to the Company.

Chief Executive Officer

The Company's CEO attends Committee meetings and is responsible for providing relevant input on the compensation elements of the executive officers, including individual performance input, and making specific recommendations on base salaries, annual and long term incentives and promotions.

The CEO is also responsible for discussing the key business drivers behind the executive compensation results, including the establishment of the plan metrics, and periodically discussing the results achieved against those metrics. The CEO is excluded from executive sessions and from discussions involving his compensation.

Senior Vice President, Chief Strategy and Integration Officer

The Senior Vice President and Chief Strategy and Integration Officer is responsible for coordinating Committee activities including: proposing meeting agendas based on the Committee's planning calendar and decision making responsibility; arranging for meetings outside of the normal meeting cycle as appropriate; assisting with the coordination of the work done by the Committee's executive compensation consultant; and preparing appropriate materials for review by the Committee. The Chief Strategy and Integration Officer follows up on meeting action items and other assignments from the Committee and is available for consultation with the Committee as needed.

40 2019 Proxy Statement

Table of Contents

In this role, the Chief Strategy and Integration Officer normally consults with the Chief Executive Officer, Chief Financial Officer, and General Counsel and Corporate Secretary. Each may be asked to prepare information for Committee review, attend Committee meetings as appropriate, and provide relevant background information for inclusion in Committee materials.

Other Executive Officers

The Company's Chief Financial Officer prepares and provides all financial results to the Committee as necessary to determine achievement against goals in the various incentive compensation plans. At the Committee's request, the Chief Financial Officer provides commentary, discusses overall results providing appropriate information relative to achievement (or under or over achievement as may be the case), and plays a role in development of the goals presented for approval in incentive compensation plan design.

The General Counsel and Corporate Secretary participates in Committee meetings and is responsible for providing relevant legal advice to the Committee on its executive compensation plans, and ensuring compliance with all appropriate regulations, including SEC and IRS regulations, that impact executive compensation. The General Counsel and Corporate Secretary also takes appropriate minutes to preserve a record of discussion and actions.

When appropriate, the Committee engages the services of outside legal counsel for providing advice where regular internal Company counsel may have conflicts.

Compensation and Talent Development Committee Report

The Compensation and Talent Development Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S K with management. Based on such review and discussions, the Compensation and Talent Development Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10 K for the year ended December 31, 2018.

(1) Ms. Bertsch, Messrs. Alvarez, Webb, and Galindo are not participants in the Salary Retirement Plan or the Supplemental Retirement Benefit Plan.

Additionally, Mr. Alvarez is not a participant in any other foreign pension plan.

Mr. Lopez is a participant in the International Pension Plan, as he was employed abroad during a portion of his career with O-I. The International Plan benefit provides him with a retirement benefit equal to the O-I SRBP, and includes US and non-US pay and service. The value of this benefit is shown as his SRBP.

(2) The Owens Illinois Salary Retirement Plan and International Pension Plan were frozen as of December 31, 2015.

Participants maintain benefits accrued as of the freeze date, but will not accrue additional benefits beyond the freeze date. In general, the present values changed as a result of varying interest rates.

Assumptions for Salary Retirement Plan and Supplemental Retirement Benefit Plan:

No preretirement mortality is assumed. After retirement, for the portion of the benefit assumed to be received as an annuity, mortality is RP-2014 projected generationally using the MP-2017 scale for December 31, 2017, and a plan specific table projected generationally using the MP-2018 scale for December 31, 2018. For the portion of the benefit assumed to be received as a lump sum, mortality is a blended RP-2014 annuitant mortality table with an MP-2017 generational projection for December 31, 2017, and RP-2006 combined annuitant/non-annuitant mortality table projected with an MP-2018 generational projection, blended 50/50-male/female for December 31, 2018.

Lump Sum Rate - Salary Retirement Plan: 4.35%

Lump Sum Rate - Supplemental Retirement Benefit Plan: 4.36%

Annuity Rate - Salary Retirement Plan: 4.35%

Annuity Rate - Supplemental Retirement Benefit Plan: N/A

Benefits are deferred to the earliest unreduced retirement age, which is the later of the executive's age or age 65.

All SRBP and International Pension Plan benefits are assumed to be taken as a lump sum; 80% of Salary Retirement Plan benefits are assumed to be taken as a lump sum with the remaining 20% taken as an annuity.

The International Pension Plan has been offset for the US SRBP and Salary Retirement Plan only.

- (1) Participants may defer up to 100% of base salary into the Executive Deferred Savings Plan. Deferrals made prior to January 1, 2009, including the Company match on such deferrals, could be credited to a “cash deferral account” or a “stock deferral account” at the individual’s election. Interest is credited in the “cash” account, compounded monthly, at a rate equal to the average annual yield on domestic corporate bonds of Moody’s A- rated companies. The “stock” account is credited with a number of stock units equal in value to the amount specified to be credited to each respective account, and the value of such account is determined by reference to the closing price of the Company’s stock on the principal exchange on which Company stock is traded on the day before the date on or as of which such value is being determined or, if no Company stock was traded on such day, then on the next preceding trading day on which Company stock was so traded. Deferrals after December 31, 2008, including the Company match on such deferrals, are credited to the same funds available under the Company’s qualified 401(k) plan. Upon any termination of employment, the account balance is paid out in its entirety as soon as practical following such termination. As Mr. Torno is based in Switzerland, he is not a participant in this program.

Table of Contents

Potential Payments upon Termination or Change In Control

The following tables show the amount of compensation that may be paid to each NEO upon voluntary termination, retirement, involuntary termination not for cause, Change in Control, for cause termination, disability, and death. The amounts shown assume a termination date effective December 31, 2018, the last business day of the year. For payments made pursuant to stock options, restricted stock units, or performance stock units, the amount earned by each NEO upon retirement may differ based on whether they are eligible for early or normal retirement. As a result, the table reflects only that amount they were eligible for at December 31, 2018.

Unless specifically noted, each of the payments described below is the same for any salaried employee of the Company.

Payments Made upon Termination

Payments made upon termination for any reason include:

- Amounts accrued and vested through the Salary Retirement Plan (SRP), Supplemental Retirement Benefit Plan (SRBP), International Pension Plan and Swiss Pension Plan.
- Equity awards that become vested at the date of termination; stock option awards that were vested but unexercised as of December 31, 2018 were excluded from the values shown.

Payments Made upon Retirement

In addition to the above:

- Upon retirement (defined as at least age 60 with at least ten years of service or age 65 with no service requirement):
- Unvested stock options continue normal vesting and are exercisable through their original term.
- Unvested restricted stock units continue normal vesting if granted at least one year prior to the retirement date; restricted stock units granted less than one year prior to the retirement date are forfeited.
- Unvested performance stock units immediately vest and any payout earned based on company performance will be paid following the related three year cycle.
- Mr. Lopez is eligible to participate in the Company's retiree medical plan as he became eligible to retire at age 55 with at least ten years of service. This plan provides pre age 65 coverage to employees and their spouse. The plan is only available to U.S. employees hired prior to January 1, 2003; as a result, the other NEOs are not eligible to participate in this plan.

Payments Made upon Involuntary Termination Not for Cause

In addition to that noted under Payments Made upon Termination, upon an Involuntary Termination Not for Cause:

- Unvested stock options are forfeited. Vested stock options can be exercised through the earlier of one year from the termination date or the end of the grant term.
- Unvested restricted stock units are forfeited.
- Unvested performance stock units immediately vest on a pro-rata basis and any payout earned based on company performance will be paid following the related three year cycle.
- In the event of Involuntary Termination Not for Cause, under the terms of the Executive Severance Policy, the NEOs are eligible to receive a lump sum severance benefit equal to two times annual base salary plus target bonus, plus continued health benefits for 24 months at the same rate as active employees. If the provision of health benefits, however, would cause a negative tax consequence for the Company under the Affordable Care Act, then the Company will pay the executive the value of the health benefits in cash. Executives will also be entitled to standard

outplacement benefits. Severance benefits are subject to the executive entering into a restrictive covenant agreeing not to compete with the Company or solicit the

Company's employees for a period of three years following termination of employment for any reason, as well as not to disclose confidential information or disparage the Company. An executive must sign a release of claims before receiving any severance under the Policy. If the executive is a party to an agreement providing severance benefits, then he or she will receive benefits under either the Policy or such other agreement, whichever provides the greater benefit, but may not receive severance under both.

Payments Made upon Change in Control

- In the event of a Change in Control (with award assumed by acquirer):
- Unvested stock options remain outstanding and continue to vest according to their normal vesting schedule. If the Employee is terminated within two years of the Change in Control without "cause" or for "good reason", the options will fully vest and be paid out. If not assumed by acquirer, the options become fully exercisable prior to the effective date of a Change in Control and will be paid out.
- Unvested restricted stock units and performance stock units will remain outstanding and continue to vest according to their normal vesting schedule. If the Employee is terminated within two years of the Change in Control without "cause" or for "good reason", the units will fully vest and be paid out (at target level for performance stock units).
- In the event of an Involuntary Termination Not for Cause, including a termination for "good reason", during the 24 month period following a Change in Control, under the terms of the Executive Severance Policy, the NEOs are eligible to receive those benefits noted above in the event of Involuntary Termination Not for Cause. If the severance benefits, along with any other payments occurring in connection with a Change in Control, were to cause the executive to be subject to the excise tax provisions of Sections 4999 of the Internal Revenue Code, then the amount of the severance benefits will either be reduced, such that the excise tax would not be applicable, or the executive will be entitled to retain his or her full severance benefits, whichever results in the better after tax position to the executive.

Payments Made upon Death or Total Disability

- Upon Death or Total Disability:
- Unvested stock options immediately vest and can be exercised through the earlier of one year from the date of death/disability or the end of the grant term.
- Unvested restricted stock units and performance stock units immediately vest and any performance stock unit payout earned based on company performance will be paid following the related three year cycle.
- In the event of Disability, each NEO with at least one year of service at the time of disability is eligible to participate in the Company's long term disability plan for salaried employees. This plan pays participants approximately 60% of their base salary plus target bonus in combination with other types of income replacement benefits, such as Social Security or workers' compensation, capped at \$15,000 per month, for the duration of their disability, or until age 65. In the event of Disability, each NEO receives continued coverage under the Company's health care plan for active employees for the duration of their coverage under the Company's long term disability plan.
- The NEOs based in the U.S. participate in a life insurance program that differs from that offered to most salaried employees of the Company. For these NEOs, the benefit payable to the beneficiary upon death is three times annual base salary.

Assumptions

No preretirement mortality is assumed. After retirement, for the portion of the benefit assumed to be received as an annuity, mortality is a plan specific table projected generationally using MP-2018 scale. For the portion of the benefit

assumed to be received as a lump sum, mortality is a RP-2006 combined annuitant/non-annuitant mortality table projected with MP-2018 generational projection, blended 50/50-male/female for December 31, 2018.

Executive life insurance benefits (included in health and welfare) include assumed tax gross up of 37.00% for Federal and 4.997% for Ohio state taxes.

All SRBP and International Pension Plan benefits are assumed to be taken as a lump sum. Eighty percent of Salary Retirement Plan benefits are assumed to be taken as a lump sum with the remaining 20% as an annuity. The Salary Retirement Plan interest rate is 4.36%, the interest rate used for lump sums in the SRBP and International Plan is 4.35% and the Salary health and welfare benefits is 4.26%.

Benefits Payable

Termination benefits represent the value of the pension benefits as if the participant terminated employment on December 31, 2018 and commences payment immediately. The value of the post-retirement medical and executive retiree life insurance benefits assume the participant terminated as of December 31, 2018 and immediately elected coverage.

Retirement benefits represent the value of the pension benefits as if the participant terminated on December 31, 2018 and commenced payment as soon as possible. Since Mr. Lopez is currently eligible to retire, this value represents commencement at December 31, 2018. The health and welfare benefits represent the value of the postretirement medical and executive retiree life insurance benefits as if the participant terminated as of December 31, 2018 and immediately elected coverage.

Involuntary Termination Not for Cause severance benefits are subject to the executive entering into a restrictive covenant agreeing not to compete with the Company or solicit the Company's employees for a period of three years following termination of employment for any reason as well as not to disclose confidential information or disparage the Company. An executive must sign a release of claims before receiving any severance under the Policy. Involuntary termination not for cause termination reflects two times the sum of current base salary plus target annual incentive, two years of health and welfare benefits and outplacement services. Retiree medical benefits are deferred until 24 months after termination.

Change In Control With Termination reflects two times the sum of current base salary plus target annual incentive, two years of health and welfare benefits and outplacement services. The executives are entitled to receive the greater after tax benefit between (1) reducing the payments to their respective 280G safe harbor limit, and (2) no reduction of benefits, such that the executive would be subject to a 20% excise tax. Mr. Lopez's benefits do not reflect a cutback.

Table of Contents

Disability benefits represent the value of benefits as if the participant became disabled on December 31, 2018 and received disability benefits until age 65. Pension benefits reflect accrued benefits payable immediately. Health and welfare benefits represent continued coverage until age 65 and the value of the executive retiree life insurance benefits as if the participant terminated as of December 31, 2018.

Death benefits represent the value of benefits as if the participant became deceased on December 31, 2018. Pension benefits reflect an immediate lump sum payable to the spouse equal to the greater of the lump sum value of the pre-retirement 50% Joint and Survivor spouse benefit, or the lump-sum value of 25% of the participant's base pay. Salary Retirement Plan benefits reflect a 50% Joint and Survivor benefit payable at the participant's earliest retirement date. Health and welfare benefits represent retiree medical benefits for the spouse if the participant was retirement eligible as of December 31, 2018.

Retiree medical benefits are not available post age 65.

Benefits Payable

Ms. Bertsch is not eligible for a retirement plan.

As Ms. Bertsch declined Health and Welfare benefits for 2018, she does not receive any of those benefits under the termination scenarios.

Involuntary Termination Not for Cause severance benefits are subject to the executive entering into a restrictive covenant agreeing not to compete with the Company or solicit the Company's employees for a period of three years following termination of employment for any reason, as well as, not to disclose confidential information or disparage the Company. An executive must sign a release of claims before receiving any severance under the Policy.

Involuntary termination not for cause termination reflects two times the sum of current base salary plus target annual incentive and outplacement services.

Change In Control With Termination reflects two times the sum of current base salary plus target annual incentive, two years of health and welfare benefits and outplacement services. The executives are entitled to receive the greater after-tax benefit between 1) reducing the payments to their respective 280G safe harbor limit, and 2) no reduction of benefits, such that the executive would be subject to a 20% excise tax. Ms. Bertsch's benefits reflect a cutback of \$227,756, which would provide the greater after tax benefit.

Disability benefits represent the value of benefits as if the participant became disabled on December 31, 2018 and received disability benefits until age 65.

Death benefits represent the value of benefits as if the participant became deceased on December 31, 2018.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, the Company is providing the following information regarding the ratio of the total annual compensation of Mr. Andres Lopez, the Chief Executive Officer (“CEO”), to the total annual compensation of its median employee for its last completed fiscal year, 2018.

In 2018, the total annual compensation of the CEO as reported in the Summary Compensation Table, was \$7,500,959. The total annual compensation of the median employee, calculated in the same manner as the CEO’s, was \$41,799. As a result, for 2018, the estimate of the ratio of the CEO’s total annual compensation to the total annual compensation of the median employee was approximately 179 to 1.

The Company identified its median employee by examining compensation information derived from payroll records for all approximately 26,500 employees, excluding the CEO, who were employed by the Company worldwide on December 31, 2017. Consistent with Item 402(u) of Regulation S-K, the Company is only required to identify its median employee once every three years, so while the aforementioned median employee compensation is calculated based on 2018 earnings, the median employee referenced is the same median employee the Company identified in 2017. In 2018, there were no changes in the Company’s employee population or employee compensation arrangements that would result in a significant impact on the Company’s CEO pay ratio disclosure. In identifying the median employee, the Company used all earnings for 2017 (salary, wages, overtime, bonuses, etc.) as reported by local payroll records. The Company annualized compensation for permanent employees who were employed for less than the full year, but otherwise did not make any other adjustments permitted by Item 402(u) of Regulation S-K.

Those procedures are set forth below under the heading "Pre Approval of Independent Registered Public Accounting Firm Services."

All fees for professional services by Ernst & Young LLP were approved in advance under the Board's pre approval policy.

Pre Approval of Independent Registered Public Accounting Firm Services

No services will be provided to the Company that are specifically prohibited by the Sarbanes Oxley Act of 2002. Permitted services will be pre approved by the Audit Committee as follows:

Statement of Principles

The Audit Committee is required to pre approve the audit and non audit services performed by the independent registered public accounting firm in order to assure that they do not impair the firm's independence from the Company. Unless a type of service has received pre approval, it will require separate pre approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. Any proposed services exceeding pre approved cost levels will also require separate pre approval by the Audit Committee.

A description of the audit, audit related, tax, and all other services that have the pre approval of the Audit Committee are found below. For non audit services, Company management will submit to the Audit Committee for approval a list of non audit services that it recommends the Audit Committee engage the independent registered public accounting firm to provide for the fiscal year. The term of any pre approval is for 12 months, unless the Audit Committee considers a different period and states otherwise. The Audit Committee will from time to time review and, if necessary, revise the list of pre approved services based on subsequent determinations.

Delegation

The Audit Committee may delegate either type of pre approval authority to one or more of its members. The member or members to whom such authority is delegated must report, for informational purposes only, any pre approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre approve services performed by the independent registered public accounting firm to management.

Audit Services

The annual audit services engagement terms and fees will be subject to separate pre approval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other items.

In addition to the annual audit services engagement approved by the Audit Committee, the Audit Committee may grant pre approval for other audit services, which are those services that only the independent registered public accounting firm reasonably can provide. Company management will submit to the Audit Committee for approval the list of Audit services that it recommends the Audit Committee engage the independent registered public accounting firm to provide for the fiscal year. All other audit services not pre approved must be separately pre approved by the Audit Committee.

The Audit Committee believes that the provision of audit related services does not impair the independence of the firm and is consistent with the SEC's rules on auditor independence.

Company management will submit to the Audit Committee for approval the list of audit related services that it recommends the Audit Committee engage the independent registered public accounting firm to provide for the fiscal year. All other audit related services not pre approved must be separately pre approved by the Audit Committee.

All tax services involving large and complex transactions not pre approved must be separately pre approved by the Audit Committee.

All Other Services

The Audit Committee will separately pre approve those permissible non audit services classified as "all other services" that it believes are routine and recurring services and would not impair the independence of the firm.

A list of the SEC's prohibited non audit services is set forth below. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these services and the applicability of exceptions to certain of the prohibitions.

Pre Approval Fee Levels or Budgeted Amounts

Pre approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm will be established periodically by the Audit Committee. Any proposed services exceeding these levels or amounts will require separate pre approval by the Audit Committee.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected and appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. The Audit Committee of the Board of Directors is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's consolidated financial statements. In conjunction with the mandated rotation of Ernst & Young LLP's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of Ernst & Young LLP's new lead engagement partner.

Although the Board is not required to submit the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for share owner approval, the Board has elected to seek ratification by the share owners of the Audit Committee's selection of Ernst & Young LLP as the Company's independent registered public accounting firm for 2019. In the event the Company's share owners do not ratify the selection of Ernst & Young LLP, the Audit Committee will reconsider its use of Ernst & Young LLP.

A representative of Ernst & Young LLP is expected to attend the Annual Meeting, and the representative will have an opportunity to make a statement if he or she so desires, and will also be available to respond to appropriate questions from share owners. The members of the Audit Committee and the Board of Directors believe that the continued retention of Ernst & Young LLP to serve as the Company's independent registered public accounting firm is in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019.

PROPOSAL 3: APPROVAL OF THE COMPANY'S AMENDED AND RESTATED 2017 INCENTIVE AWARD PLAN

The Compensation and Talent Development Committee and our Board approved an amendment and restatement of the Owens-Illinois, Inc. 2017 Incentive Award Plan (the "Original Plan") in the form of the Amended and Restated Owens-Illinois, Inc. 2017 Incentive Award Plan attached to this proxy statement as Appendix B (the "Amended and Restated Plan"), subject to shareholder approval. The Amended and Restated Plan will be effective as of March 21, 2019 (the date it was approved by Board) as long as our share owners approve the Amended and Restated Plan at the Annual Meeting.

The principal changes made to the Amended and Restated Plan from the Original Plan are as follows:

- Increased the number of shares available to be granted as awards by 6,000,000 shares, so that over the life of the Amended and Restated Plan there would be a total of 11,500,000 shares available for awards, plus any shares that are returned to any of our prior plans due to forfeitures, lapse unexercised or are settled for cash.
- Updated the plan to reflect the elimination of the exception under Section 162(m) of the Internal Revenue Code for performance-based compensation, other than with respect to certain awards that are subject to grandfathering under such provision.
- Clarified that the minimum one-year vesting period for directors awards will run from one annual meeting to the next annual meeting.

As of March 18, 2019, there were only 621,116 shares remaining available for issuance under the Original Plan, assuming the outstanding performance stock units payout at maximum. As noted in the Compensation Discussion & Analysis above, we use equity compensation as an integral part of our compensation program by linking the personal interests of our employees and directors to the Company's success. If our share owners do not approve this proposal, then the Original Plan will continue in full force and effect and the changes made by the Amended and Restated Plan will not be implemented, including the share increase. As such, we may be limited in our ability to use equity compensation as a means of attracting, retaining and motivating employees, non-employee directors and consultants.

The summary of the Amended and Restated Plan contained in this proposal is qualified in its entirety by reference to the actual terms and conditions of the Amended and Restated Plan, which is attached as Appendix B to this proxy statement.

OVERVIEW

Purpose of the Plan

The principal purpose of the Amended and Restated Plan is to provide incentives to our employees, consultants and non-employee directors, including the employees of our subsidiaries, in the form of equity and other incentive awards to motivate them to perform well and generate superior returns for our share owners and induce them to remain in our service. The material terms of the Amended and Restated Plan are described below.

Shares Subject to Amended and Restated Plan

The Original Plan provides for the issuance of up to 5,500,000 shares. If the Amended and Restated Plan is approved, then a total of 11,500,000 shares would be available for grant as awards over the life of the plan. In addition, shares granted under prior plans prior to March 27, 2017 (the date the Original Plan became effective) that are forfeited, lapse unexercised, are settled in cash or are not issued will be added to the shares available for grant under the Amended and Restated Plan.

In counting the shares available for award under the plan, awards other than (i) stock options, (ii) stock appreciation rights (“SARs”), and (iii) any other awards for which the awardee pays the intrinsic value existing as of the grant date (awards other than those excluded by subsections (i) through (iii), “Full Value Awards”) are counted as 1.75 shares. As of March 18, 2019 there were 5,673,789 shares subject to Full Value Awards (shown at 1.75 shares) outstanding under the Original Plan. These numbers assume the outstanding performance stock units payout at maximum. Additionally, 1,868,434 options and 1,365,634 “Full Value Awards” (assume outstanding performance stock units payout at target)

remain outstanding under our prior plans that potentially could be added to the number of available shares under the Amended and Restated Plan, if such options or restricted shares were forfeited, lapsed or were settled in cash.

Analysis of Share Increase

In adopting the Amended and Restated Plan and determining the share increase, the Compensation and Talent Development Committee and our Board, respectively, reviewed and relied upon an analysis prepared by Pay Governance, the Committee's independent compensation consultant, which analyzed the costs of the plan, the Company's past practices regarding its equity compensation program (including share usage or burn rate), provisions associated with the proposed Amended and Restated Plan and trends as well as practices of peers and other companies. Specifically, the Compensation and Talent Development Committee and our Board considered the following:

- If we do not increase the shares available for issuance under the equity plan, based on historical usage rates of shares under our equity plan, we would expect to exhaust the shares authorized under the Original Plan in two years, at which time we would lose an important compensation tool aligned with share owner interests to attract, motivate and retain highly qualified talent.
- Based on historical usage, we estimate that the shares authorized for issuance under the Amended and Restated Plan would be sufficient to grant awards for approximately six years, assuming we continue to grant awards consistent with our historical rates using our current award vehicles, as reflected in our three-year average burn rate. However, our share usage depends on the future price of our common stock, competitive market practices, award levels/amounts, hiring, promotion activity and retention needs during the next few years. As a result, the share reserve under the Amended and Restated Plan could last for a longer or shorter period of time depending on those factors.

The total aggregate equity value of the additional shares being authorized under the Amended and Restated Plan, based on the closing price for shares of our common stock on March 21, 2019 (\$19.79), equals approximately \$68 million (additional 6.0 million shares adjusted by 1.75), representing 2.2% of the Company's market cap. Based upon its analysis, Pay Governance concluded the shareholder value transfer associated with the additional shares requested under the Amended and Restated Plan would not exceed 4.0% of the Company's market capitalization as of December 31, 2018.

In light of the factors described above, and the fact that the ability to continue to grant equity compensation is vital to our ability to continue to attract and retain employees in the competitive talent markets in which we compete, our Board has determined that the size of the share reserve under the Amended and Restated Plan is reasonable and appropriate at this time.

Continued Governance Best Practices

The Amended and Restated Plan continues the same best practices as in the Original Plan:

- Conservative share counting, consistent with the Original Plan and our current practice;
- A minimum vesting period of at least one year (subject to certain limited exceptions);
- Requirement that all awards are subject to our clawback policy;
- Individual and aggregate share-based and cash-based annual award limits and individual non-employee director annual award limits;
- Prohibition on dividends and dividend equivalents being paid on unvested awards; and
- Prohibition on repricing options or SARs without share owner approval.

OVERVIEW OF THE AMENDED AND RESTATED PLAN

The principal terms and conditions of the Amended and Restated Plan are summarized below.

Authorized Shares

Under the Amended and Restated Plan, 11,500,000 shares are reserved for issuance pursuant to a variety of awards, including stock options, both incentive stock options (“ISOs”) and nonqualified stock options (“NQSOs”), restricted stock,

Table of Contents

SARs, performance shares, performance stock units, dividend equivalents, stock payments, deferred stock, restricted stock units, other stock based awards, and cash based awards to eligible individuals (collectively “Awards”); provided, however, that the aggregate number of shares available for issuance will be reduced by 1.75 shares for each share delivered in settlement of any Full Value Award. As of March 21, 2019, the closing price of a share of our common stock on the NYSE was \$19.79.

Share Counting Provisions

To the extent that an award under the Amended and Restated Plan is forfeited, expires (or is repurchased by our company at the same price paid by the awardee), or is settled for cash (in whole or in part), any shares subject to the award (or, in the case of a Full Value Award, 1.75 shares for each share subject to the Award) at that time will be available for future grants under the Amended and Restated Plan. In addition, to the extent that any award under a prior plan that was outstanding on March 23, 2017 and that is forfeited or otherwise cancelled or settled in cash, then the shares subject to that award will also be added back to the pool of available shares under the Amended and Restated Plan.

The following shares may not be added back to the number of shares available for issuance under the Amended and Restated Plan: (a) shares tendered to pay the exercise price of a stock option; (b) shares withheld for payment of taxes for an award; (c) shares subject to SARs or other stock settled award (including awards that may be settled in cash or stock) that are not issued in connection with the settlement or exercise, as applicable, of such SAR or other stock settled award; and (d) shares purchased on the open market with cash proceeds from the exercise of stock options. In addition, the following items will not be counted against the shares available for issuance under the Amended and Restated Plan: (i) the payment of dividend equivalents in cash in conjunction with any outstanding awards and (ii) to the extent permitted by applicable law or any exchange rule, shares issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by our company or any of its subsidiaries, except as may be required by reason of Section 422 of the Code.

Plan Administration

The Compensation and Talent Development Committee (or, with respect to awards to non-employee directors, our Board) (together, the “administrator”) is charged with the general administration of the Amended and Restated Plan. The Amended and Restated Plan provides that, subject to certain limitations, our Board and the Compensation and Talent Development Committee may from time to time delegate its authority to grant awards to a committee consisting of one or more members of our Board or the Compensation and Talent Development Committee or one or more of our officers. Subject to the terms and conditions of the Amended and Restated Plan, the administrator will have the authority to select the persons to whom awards are to be made; to determine the type of awards to be granted, the number of shares to be subject to awards and the terms and conditions of awards; to determine when awards can be settled in cash, shares, other awards or whether to cancel, forfeit or surrender awards; to prescribe the form award agreements; to accelerate vesting or lapse restrictions; and to make all other determinations and to take all other actions necessary or advisable for the administration of the Amended and Restated Plan. The administrator will also be authorized to adopt, amend or rescind rules relating to the administration of the Amended and Restated Plan, excluding certain matters described below that will require the approval of our share owners.

Award Eligibility

The Amended and Restated Plan provides that awards may be granted to employees, consultants and non-employee directors of the Company and its subsidiaries, as determined by the administrator, provided that only employees may be granted ISOs. The administrator determines which employees, consultants and non-employee directors will be granted awards and no person is entitled to participate in the Amended and Restated Plan as a matter of right.

Award Types

The Amended and Restated Plan provides that the administrator may grant or issue stock options, SARs, restricted stock, RSUs, dividend equivalents and other stock or cash awards, or any combination thereof. Each award will be set forth in an agreement with the person receiving the award and will set forth the type, terms and conditions of the award, including exercise price, vesting schedule, and treatment of awards upon termination of employment, if applicable. Vesting provisions may require that certain conditions be met, such as continued employment or specified performance goals, before an awardee may receive the shares underlying an award or before such shares become freely tradeable and nonforfeitable.

Table of Contents

Certain awards granted under the Original Plan that were intended to qualify as “qualified performance based compensation” under Section 162(m) of the Code as in existence prior to November 2, 2017 (the “Grandfathered Awards”) would have had performance targets that were set based on achievement of one or more of the following performance goals: earnings before or after taxes (including earnings before (i) interest, (ii) taxes, (iii) depreciation and (iv) amortization), net income, operating income, earnings per share of stock, book value per share of stock, return on equity, expense management, return on investment before or after the cost of capital, improvements in capital structure, profitability of an identifiable business unit or product, maintenance or improvement of profit margins, stock price, market share, revenues or sales, costs, cash flow, working capital, return on assets, cost reduction goals, return on sales, gross margin, debt reduction, new product launches, completion of joint ventures, divestitures, acquisitions or other corporate transactions, new business or expansion of customers or clients, productivity improvement, inventory, safety, product loss, customer claims, cost of production, product loss and customer claims as a percentage of standard cost of production, total recordable injury rate or total shareholder return. The administrator may provide that one or more objectively determinable adjustments be made to the performance goals related to the Grandfathered Awards, and may subject such awards to additional conditions and restriction unrelated to the performance goals set forth above.

Stock Options. Stock options, including ISOs, as defined under Section 422 of the Code, and NQSOs may be granted pursuant to the Amended and Restated. The option exercise price of all stock options granted pursuant to the Amended and Restated Plan will not be less than 100% of the fair market value of a share of common stock on the date of grant, or in the case of ISOs granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of our capital stock, 110% of the fair market value of a share on the date of grant. Stock options may be exercised as determined by the administrator, but in no event more than ten years after their date of grant, or in the case of ISOs granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all class of our capital stock, five years. The aggregate fair market value of the shares with respect to which options intended to be incentive stock options are exercisable for the first time by an employee in any calendar year may not exceed \$100,000, or such other amount as the Code provides.

Restricted Stock. Restricted stock may be granted pursuant to the Amended and Restated Plan. A restricted stock award is the grant of shares of common stock at a price determined by the administrator (which may be zero), that is nontransferable and may be subject to substantial risk of forfeiture until specific conditions are met. Conditions may be based on continuing employment or service or achieving performance goals. During the period of restriction, participants holding shares of restricted stock may have full voting and dividend rights with respect to such shares. The restrictions will lapse in accordance with a schedule or other conditions determined by the administrator. Dividends that otherwise would be paid on restricted shares prior to vesting are held by the Company and will only be paid to the participants to the extent that the vesting conditions are met.

Stock Appreciation Rights/SARs. Stock appreciation rights, or SARs, may be granted pursuant to the Amended and Restated Plan, either alone or in tandem with other awards. A SAR is the right to receive payment of an amount equal to the excess of the fair market value of a share of common stock on the date of exercise of the SAR over the fair market value of a share of common stock on the date of grant of the SAR. SARs may be paid in cash or stock. SARs may be exercised as determined by the administrator, but in no event more than ten years after their date of grant.

Restricted Stock Units. Restricted stock units represent the right to receive shares of common stock at a specified date in the future, subject to forfeiture of such right. If the restricted stock unit has not been forfeited, then on the date specified in the restricted stock unit award we shall deliver to the holder of the restricted stock unit unrestricted shares of common stock which will be freely transferable. The administrator will specify the purchase price, if any, to be paid by the grantee for the common stock.

Dividend Equivalents. Dividend equivalents represent the value of the dividends per share of common stock paid by the Company, calculated with reference to the number of shares covered by an Award (other than a dividend equivalent award, option or SAR) held by the participant. Dividend Equivalents will not be granted on options or stock appreciation rights. In addition, no dividend equivalent will be paid unless and until the award on which the dividend equivalent is granted vests.

Performance Shares and Performance Stock Units. Performance shares and Performance stock units vest upon satisfaction of performance criteria established by the administrator on a specified date or dates over any period or periods.

Stock Payments. Payments to participants of bonuses or other compensation may be made under the Amended and Restated Plan in the form of common stock. The number of shares will be determined by the administrator, and may be based upon performance criteria, including one or more of the performance goals listed above.

Table of Contents

Performance Bonus Award. Performance bonus awards are payable in cash, are linked to satisfaction of performance criteria (including one or more of the performance goals listed above) and will be payable only if and to the extent the holder is actively employed by the Company or a subsidiary at some point during the performance period and on the date such Award is paid; provided, however, that no performance cash bonus award payable to any one individual shall exceed \$10,000,000 for any calendar year.

Other Stock Awards. The Amended and Restated Plan allows for various other awards which are based on the common stock, with such terms generally as the administrator may determine in its discretion.

Annual Award Limits

Awards under the Amended and Restated Plan will be subject to the following annual limits:

- The maximum number of shares with respect to any one form of award that may be granted to any one person during any calendar year shall be 700,000;
- The maximum aggregate amount that may be paid in cash to any one person in any calendar year with respect to one or more awards payable in cash shall be \$10,000,000; and
- The sum of the grant date fair value of equity-based awards and the amount of any cash compensation granted to a non-employee director during any calendar year may not exceed \$750,000.

Minimum Vesting Period

The administrator generally has the authority to determine the terms and conditions of vesting of awards under the Amended and Restated Plan. However, awards granted under the Amended and Restated Plan may vest no earlier than the first anniversary of the date the award is granted and no award agreement will reduce or eliminate this requirement (provided that, awards that result in the issuance of an aggregate of up to 5% of the shares of common stock available under the Amended and Restated Plan as of the effective date thereof may be granted without respect to and/or administered without regard to this minimum vesting provision). This minimum vesting period will not, however, preclude the administrator from taking action, in its sole discretion, to accelerate the vesting of any award in connection with or following an awardee's death, disability or the consummation of a change in control. This one-year minimum vesting period for director awards may be measured from the date of one annual meeting of share owners until the next, even if that is not a 365 day period.

Prohibition on Repricing Without Shareholder Approval

Except in connection with a corporate transaction involving our company, the terms of outstanding awards may not be amended without the approval of our share owners to (a) reduce the exercise price per share of outstanding options or SARs or (b) cancel outstanding options or SARs in exchange for cash, other awards or options or SARs with an exercise price per share that is less than the exercise price per share of the original options or SARs.

Awards Subject to Clawback

The Amended and Restated Plan allows the administrator to subject awards (including any proceeds, gains or other economic benefit actually or constructively received by a participant) granted under the Amended and Restated Plan to the provisions of any claw back policy the Company may implement, including, without limitation, any clawback policy we adopt to comply with applicable law, including, without limitation, the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or regulations promulgated thereunder, whether or not such clawback policy was in place at the time of grant of an award, to the extent set forth in such clawback policy and/or in the applicable award agreement.

MISCELLANEOUS PROVISIONS

Adjustment Upon Certain Events

In the event of a stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin off, recapitalization, distribution of assets or any other corporate event affecting the common stock or the share price of the common stock in a manner that causes dilution or enlargement of benefits or potential benefits under the Amended and Restated Plan, the administrator shall make proportionate and equitable adjustments, in its discretion, to: (i) the aggregate number and types of shares of stock that may be issued under the Amended and Restated Plan; (ii) the number and kind of shares subject to outstanding awards; (iii) the terms and conditions of any outstanding awards (including any applicable performance targets); and/or (iv) the grant or exercise price for any outstanding awards.

Table of Contents

In addition, in such a case as noted above or in the event of any unusual or nonrecurring transactions or events affecting the Company or the financial statements of the Company, or of changes in applicable laws, the administrator, may, in its discretion, subject to the terms of the Amended and Restated Plan, take any of the following actions if it determines that such action is appropriate in order to prevent the dilution or enlargement of benefits or potential benefits intended to be made available under the Amended and Restated Plan or with respect to any award: (i) provide for either the payment and termination of the award or the replacement of the award; (ii) provide that the awards shall be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices; (iii) make adjustments in the number and type of shares of stock (or other securities or property) subject to outstanding awards and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding awards which may be granted in the future; (iv) provide for the acceleration of vesting or exercisability of the awards; (v) replace such Awards with other rights or property selected by the Administrator; and/or (vi) provide that the awards cannot vest or be exercised after the event that triggers the action.

Transferability of Awards

Except by will or the laws of descent and distribution or pursuant to beneficiary designation procedures approved from time to time by the administrator or as otherwise provided by the administrator, no award granted under the Amended and Restated Plan may be assigned, transferred or otherwise disposed of by the awardee, unless and until the award has been exercised or the shares underlying the award have been issued, and all restrictions applicable to the shares have lapsed.

Rights as a Share Owner

An awardee will not have any rights as a share owner with respect to the shares covered by an award until the awardee becomes the owner of the shares.

No Rights as Employee

Nothing in the Amended and Restated Plan or in any award agreement will give any awardee under the Amended and Restated Plan any right to continue as an employee, consultant or non-employee director for our Company or any of our Subsidiaries or will interfere with or restrict in any way the rights of any such entity to discharge any awardee at any time.

Data Privacy

The Amended and Restated Plan provides that, as a condition of receipt of any award, each awardee explicitly consents to the collection, use and transfer, in electronic or other form, of personal data by and among, as applicable, our Company and subsidiaries, including any transfer of this data required to a broker or other third party with whom our Company or any of our Subsidiaries or the awardee may elect to deposit any shares, to implement, administer and manage the awardee's participation in the Amended and Restated Plan.

Tax Withholding

We may deduct or withhold, or require an awardee to remit to our Company, an amount sufficient to satisfy applicable withholding tax obligations with respect to any taxable event concerning the awardee arising as a result of the Amended and Restated Plan or any award. The administrator may in its discretion and in satisfaction of the foregoing requirement, or in satisfaction of such additional withholding obligations as an awardee may have elected, allow the

awardee to satisfy these obligations by means of cash or check, wire transfer of immediately available funds, shares, broker-assisted cashless exercise or any other form of legal consideration acceptable to the administrator. The Administrator may allow the awardee to elect to have us withhold shares otherwise issuable under any award (or allow the surrender of shares). The number of shares which may be withheld (or surrendered) will be no greater than the number of shares having a fair market value on the date of withholding or repurchase equal to the aggregate amount of such liabilities based on the maximum statutory withholding rates in the awardee's applicable jurisdictions for federal, state, local and foreign income and payroll taxes.

Amendment and Termination

The Amended and Restated Plan may be amended, modified or terminated at any time and from time to time; provided that, no amendment, suspension or termination of the Amended and Restated Plan shall, without the consent of the awardee, materially and adversely affect any rights or obligations under any award theretofore granted or awarded,

Table of Contents

unless the award itself otherwise expressly so provides or such action is to comply with the requirements of any applicable clawback policy or Section 409A of the Code.

Notwithstanding the foregoing, the Amended and Restated Plan requires us to obtain share owner approval within twelve (12) months before or after doing any of the following (other than in connection with certain corporate events, as described above):

- Increasing the maximum number of shares available under the Amended and Restated Plan;
- Permitting the grant of options or SARs with a price below fair market value on the date of grant;
- Reducing the price per share of any outstanding option or SAR granted under the Amended and Restated Plan;
- Cancelling any option or SAR in exchange for cash or another option or SAR having a lower per share exercise price;
- Exchanging an option or SAR for another Award if the price per share of such option or SAR exceeds the fair market value of our common stock; and
- Extending the exercise period for an option or SAR beyond ten years from the date of grant.

In addition, subject to applicable law and the limitations above, the administrator may amend, modify or terminate any outstanding award, including substituting another award of the same or a different type, changing the date of exercise or settlement, and converting an ISO to an NQSO. The awardee's consent to such action will be required unless (a) the administrator determines that the action, taking into account any related action, would not materially and adversely affect the awardee, or (b) the change is otherwise permitted under the Amended and Restated Plan.

Expiration Date

The Amended and Restated Plan will expire on, and no award will be granted pursuant to the Amended and Restated Plan after March 21, 2029, the tenth anniversary of the date the Amended and Restated Plan was approved by the Board of Directors. Any award outstanding on the expiration date of the Amended and Restated Plan will remain in force according to the terms of the Amended and Restated Plan and the applicable award agreement.

FEDERAL INCOME TAX CONSEQUENCES

This discussion regarding U.S. federal tax consequences is intended for the general information of our share owners, not Amended and Restated Plan awardees. Alternative minimum tax and state and local income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

Code Section 409A

Certain awards under the Amended and Restated Plan may be considered "nonqualified deferred compensation" subject to Code Section 409A, which imposes additional requirements on the payment of deferred compensation. These requirements generally provide that, if at any time during a taxable year a nonqualified deferred compensation plan fails to meet the requirements of Code Section 409A or is not operated in accordance with those requirements, all amounts deferred under the nonqualified deferred compensation plan for the then-current taxable year and all preceding taxable years, by or for any awardee with respect to whom the failure relates, are includible in the gross income of the awardee for the taxable year to the extent not subject to a substantial risk of forfeiture and not previously included in gross income. If a deferred amount is required to be included in income under Code Section 409A, the amount will be subject to income tax at regular income tax rates plus a 20% penalty, as well as potential premium interest tax.

U.S. Federal Tax Treatment of Award Types

With respect to NQSOs, the Company is generally entitled to deduct and the optionee recognizes taxable income in an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise, subject to the limitations of Code Section 162(m). A participant receiving ISOs will not recognize taxable income upon grant. Additionally, if applicable holding period requirements are met, the participant will not recognize taxable income at the time of exercise. However, the excess of the fair market value of the Common Stock received over the option price is an item of tax preference income potentially subject to the alternative minimum tax. If stock acquired upon

Table of Contents

exercise of an ISO is held for a minimum of two years from the date of grant and one year from the date of exercise, the gain or loss (in an amount equal to the difference between the fair market value on the date of sale and the exercise price) upon disposition of the stock will be treated as a long term capital gain or loss, and the Company will not be entitled to any deduction. If the holding period requirements are not met, the ISO will be treated as one which does not meet the requirements of the Code for ISOs and the tax consequences described for NQSOs will apply.

The current federal income tax consequences of other awards authorized under the Amended and Restated Plan generally follow certain basic patterns: SARs are taxed and deductible in substantially the same manner as NQSOs; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid, if any, only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); stock based performance awards, dividend equivalents and other types of awards are generally subject to tax at the time of payment. Compensation otherwise effectively deferred is taxed when paid. In each of the foregoing cases, the Company will generally have a corresponding deduction at the time the participant recognizes income, subject to limitations under Code Section 162(m). An award of a retainer, committee fee or meeting-based fee generally realizes ordinary income and we are entitled to a deduction in an amount equal to the amount of such retainer or fees upon payment thereof.

NEW PLAN BENEFITS

There are currently approximately 26,500 employees and 11 non-employee directors who could be eligible to receive awards under the Amended and Restated Plan. The number of awards that an employee may receive under the Amended and Restated Plan is in the discretion of the administrator and no determination has been made as to the type or amount of awards that will be granted in the future to specific individuals. Therefore, it is not possible to determine the future benefits that will be received by awardees. Our non-employee directors have, however, historically received annual equity grants under our Director Plan. Under our current director compensation program, our non-employee directors receive an annual grant of restricted stock units with a value equal to \$120,000 on the grant date. See the section entitled "Director Compensation" in this proxy statement for more detail. Additionally, please refer to the 2018 Summary Compensation Table, the 2018 Grants of Plan-Based Awards Table and the Director Compensation Table in this proxy statement that provide information regarding awards granted to our named executives officers and non-employee directors during fiscal year 2018.

PROPOSAL 4: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Company is asking its share owners to provide advisory approval of the compensation of its NEOs as described above under the heading “Executive Compensation.” While this vote is advisory, and not binding on the Company, it will provide information to the Compensation and Talent Development Committee regarding investor sentiment about the Company’s executive compensation philosophy, policies and practices, which the Compensation and Talent Development Committee will consider when determining executive compensation for the remainder of 2019 and beyond. The Compensation and Talent Development Committee approves executive compensation programs that are designed to align executive pay with share owners’ interests as well as with the annual and longer term performance of the Company. This alignment is evidenced by the executive officers receiving a 2018 annual incentive plan payout below target payout level as, although the Company’s actual performance against the goals supported a payout of 148.6%, the Committee considered certain non-budgeted events, which contributed to those results, and elected to apply its discretion to reduce the STI payout to 80%, which management and the Committee believe was more aligned with the underlying operating performance of the Company for the year. This alignment is further evidenced by the 2016 2018 long term incentive plan performance stock unit payout at maximum payout level based on outperformance for return on invested capital, adjusted net earnings per share and organic revenue growth over the performance period.

The Company believes that its executive compensation program strikes the appropriate balance between using responsible, measured pay practices and providing rewards that effectively attract and retain executives while motivating them to create value for the share owners. The rigor in the Company’s management processes, as well as balance in rewards programs, are evidenced by the following:

- A major portion of target compensation for each NEO is “at risk”.
- Formal reviews are conducted annually of market survey data and proxy data for comparator group companies, the results of which are used as input into NEO compensation decisions.
- The relationship between executive pay and Company performance is analyzed annually to ensure alignment over time.
- Regular “risk assessment” analyses are completed to evaluate the Company’s overall executive compensation practices and processes.
- Annual and long term incentive funding is driven entirely through a balance of financial metrics that are aligned with share owner value creation. The annual STI Program measures EBIT and FCF, while the long term incentive programs place a significant emphasis on Company performance and share owner value creation through performance stock units. The performance stock units measure return on invested capital, organic revenue growth and adjusted net earnings per share, in each case over a three-year performance period.
- The Company develops challenging performance standards for the annual and long term incentives. Payouts against performance standards are formulaic and have resulted in no award when performance is not up to minimum thresholds and larger awards when performance exceeds expectations.
- Individual performance and rewards are differentiated based on business unit results and/or specific contributions by the executive.
- The Company’s senior executives have stock ownership and share retention guidelines that promote alignment with share owners.

Table of Contents

The Board strongly endorses the Company's executive compensation program and recommends that the share owners vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's NEOs, as disclosed pursuant to Item 402 of Regulation S K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Because the vote is advisory, it will not be binding on the Board or the Compensation and Talent Development Committee and neither the Board nor the Compensation and Talent Development Committee will be required to take any action as a result of the outcome of the vote on this proposal. However, the Compensation and Talent Development Committee will carefully consider the outcome of the vote when determining future executive compensation arrangements. Since the Company has determined to hold future advisory votes on executive compensation annually, the next such vote will occur at the 2020 annual meeting of share owners.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.

APPENDIX A

Calculation of Target Measures

The Company's consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP"). The Company has also provided certain non-GAAP financial measures, as described below, which were considered by the Compensation and Talent Development Committee as part of its short-term and long-term incentive compensation decisions. Management believes that its presentation and use of certain non-GAAP financial measures, including earnings before interest and taxes, free cash flow, adjusted net earnings, adjusted net earnings per share, return on invested capital and organic revenue growth, provide relevant and useful supplemental financial information, which is widely used by analysts and investors as well as by the Compensation and Talent Development Committee as part of its incentive compensation decisions. These non-GAAP measures are calculated from the most directly comparable GAAP measures and should be considered supplemental in nature and should not be considered in isolation or be construed as being more important than comparable GAAP measures. Management uses these non-GAAP measures principally for internal reporting, forecasting, budgeting and incentive compensation. Management believes that the non-GAAP presentation allows the Board of Directors, management, investors and analysts to better understand the Company's financial performance in relation to core operating results and business outlook. The Company's method of determining non-GAAP financial measures may differ from other companies' methods and therefore may not be comparable to those used by other companies.

Consolidated earnings before net interest expense and provision from income taxes, excludes items management considers not representative of ongoing operations as well as foreign exchange currency impacts and excludes the impact of acquisitions and divestitures that occur during the performance period, because such items are not reflective of the Company's principal business activity, which is glass container production. Management uses earnings before interest and taxes to evaluate its period-over-period operating performance because it believes this provides a useful supplemental measure of the results of operations of its principal business activity by excluding items that are not reflective of such operations.

Free cash flow relates to cash provided by continuing operating activities less cash payments for property, plant and equipment from continuing operations, adjusted for changes in foreign currency exchange rates, for certain restructuring payments that were not included in the Company's budget and for proceeds from asset sales. Free cash flow does not conform to GAAP. It should not be construed as an alternative to the reported results determined in accordance with GAAP. Management has included this non-GAAP information to assist in understanding the comparability of cash flows.

Adjusted net earnings relates to net earnings from continuing operations attributable to the Company, exclusive of items management considers not representative of ongoing operations, also excluding the impact of acquisitions and divestitures, and non-service pensions costs, because such items are not reflective of the Company's principal business activity. Adjusted net earnings are divided by adjusted weighted average shares outstanding (diluted) to derive adjusted net earnings per share. Management uses adjusted net earnings and adjusted net earnings per share to evaluate its period-over-period operating performance because it believes this provides a useful supplemental measure of the results of operations of its principal business activity by excluding items that are not reflective of such operations.

Return on invested capital relates to earnings before interest and taxes, not adjusted for foreign exchange, multiplied by one minus the Company's tax rate (excluding items that management considers not representative of ongoing operations), divided by the sum of total debt and total share owners' equity. For the three-year performance period, the Compensation and Talent Development Committee elected to hold constant Accumulated Other Comprehensive Income, which includes effects of currency and pension asset and liability changes. Return on invested capital is not a

measure of financial performance under generally accepted accounting principles (“GAAP”) and should be considered in addition to, and not as a substitute for, return on assets, net earnings, total assets or other financial measures prepared in accordance with GAAP.

Organic revenue growth relates to total consolidated net sales, excluding the impact of acquisitions and divestitures, as well as the impact of foreign currency exchange rates. Management uses organic revenue growth to evaluate its period-over-period performance because it believes this provides a useful supplemental measure of growth.

2017 INCENTIVE AWARD PLAN

Article 1.

PURPOSE

The purpose of the Owens-Illinois, Inc. 2017 Amended and Restated Incentive Award Plan (as it may be amended or restated from time to time, the “Plan”) is to promote the success and enhance the value of Owens-Illinois, Inc. (the “Company”) by linking the individual interests of Directors, Employees, and Consultants to those of Company stockholders and by providing such individuals with an incentive for outstanding performance to generate superior returns to Company stockholders. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of Directors, Employees, and Consultants upon whose judgment, interest, and special effort the successful conduct of the Company’s operation is largely dependent. This Plan constitutes an amendment and restatement of the Owens-Illinois 2017 Incentive Award Plan, which was approved by the Company’s stockholders on May 11, 2017 (the “Original 2017 Plan”). In the event the Company’s stockholders do not approve the Plan, the Original 2017 Plan will continue in full force and effect on its terms and conditions as in effect immediately prior to the date the Plan is approved by the Board.

The achievement of each Performance Goal shall be determined in accordance with Applicable Accounting Standards, to the extent applicable. The Committee may, in its sole discretion, provide that one or more objectively determinable adjustments shall be made to one or more of the Performance Goals. 2.41 "Performance Period" shall mean one or more periods of time, which may be of varying and overlapping durations, as the Administrator may select, over which the attainment of one or more Performance Goals will be measured for the purpose of determining a Holder's right to, vesting of, and/or the payment in respect of, an Award.

2.42 “Permitted Transferee” shall mean, with respect to a Holder, any “family member” of the Holder, as defined in the General Instructions to Form S-8 Registration Statement under the Securities Act (or any successor form thereto), or any other transferee specifically approved by the Administrator after taking into account Applicable Law.

2.52 “Stock Appreciation Right” shall mean an Award entitling the Holder (or other person entitled to exercise pursuant to the Plan) to exercise all or a specified portion thereof (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying (i) the difference obtained by subtracting (x) the exercise price per share of such Award from (y) the Fair Market Value on the date of exercise of such Award by (ii) the number of Shares with respect to which such Award shall have been exercised, subject to any limitations the Administrator may impose.

2.53 “Subsidiary” shall mean any entity (other than the Company), whether domestic or foreign, in an unbroken chain of entities beginning with the Company if each of the entities other than the last entity in the unbroken chain beneficially owns, at the time of the determination, securities or interests representing at least fifty percent (50%) of the total combined voting power of all classes of securities or interests in one of the other entities in such chain.

2.54 “Substitute Award” shall mean an Award granted under the Plan in connection with a corporate transaction, such as a merger, combination, consolidation or acquisition of property or stock, in any case, upon the assumption of, or in substitution for, outstanding equity awards previously granted by a company or other entity; provided, however, that in no event shall the term “Substitute Award” be construed to refer to an award made in connection with the cancellation and repricing of an Option or Stock Appreciation Right.

(c) As to an Employee, the time when the employee-employer relationship between a Holder and the Company or any Subsidiary is terminated for any reason, including, without limitation, a termination by resignation, discharge, death, disability or retirement; but excluding terminations where the Holder simultaneously commences or remains in employment or service with the Company or any Subsidiary.

The Administrator, in its sole discretion, shall determine the effect of all matters and questions relating to any Termination of Service, including, without limitation, whether a Termination of Service has occurred, whether a Termination of Service resulted from a discharge for cause and all questions of whether particular leaves of absence

constitute a Termination of Service; provided, however, that, with respect to Incentive Stock Options, unless the Administrator otherwise provides in the terms of any Program, Award Agreement or otherwise, or as otherwise required by Applicable Law, a leave of absence, change in status from an employee to an independent contractor or other change in the employee-employer relationship shall constitute a Termination of Service only if, and to the extent that, such leave of absence, change in status or other change interrupts employment for the purposes of Section 422(a)(2) of the Code and the then-applicable regulations and revenue rulings under said Section. For purposes of the Plan, a Holder's employee-employer relationship or consultancy relations shall be deemed to be terminated in the event that the Subsidiary employing or contracting with such Holder ceases to remain an Subsidiary following any merger, sale of stock or other corporate transaction or event (including, without limitation, a spin-off).

Article 3.

SHARES SUBJECT TO THE PLAN

3.1 Number of Shares.

(a) Subject to adjustment as provided in Section 3.1(b) and Section 13.2, Awards may be made under the Plan (including, without limitation, Incentive Stock Options) covering an aggregate of 11,500,000 Shares. Any Shares that are subject to Awards of Options or Stock Appreciation Rights shall be counted against this limit as one (1) Share for every one (1) Share granted. Any Shares that are subject to Full Value Awards shall be counted against this limit as 1.75 Shares for every one (1) Share granted. After the Effective Date, no awards may be granted under any Prior Plan, however, any awards under any Prior Plan that are outstanding as of the Effective Date shall continue to be subject to the terms and conditions of such Prior Plan. Any Shares distributed pursuant to an Award may consist, in whole or in part, of authorized and unissued Common Stock, treasury Common Stock, or Common Stock purchased on the open market.

(b) If (i) any Shares subject to an Award are forfeited or expire or an Award is settled for cash (in whole or in part) (including Shares repurchased by the Company under Section 8.4 at the same price paid by the Holder), or (ii) after March 23, 2017 any Shares subject to an award under any Prior Plan are forfeited or expire, or an award under any Prior Plan is settled for cash (in whole or in part) (including Shares repurchased by the Company under Section 8.4 at the same price paid by the Holder), the Shares subject to such Award or award under the Prior Plan shall, to the extent of such forfeiture, expiration or cash settlement, again be available for future grants of Awards under the Plan, in accordance with Section 3.1(d) below. Notwithstanding anything to the contrary contained herein, the following Shares shall not be added to the Shares authorized for grant under Section 3.1(a) and shall not be available for future grants of Awards: (i) Shares tendered by a Holder or withheld by the Company in payment of the exercise price of an Option; (ii) Shares tendered by the Holder or withheld by the Company to satisfy any tax withholding obligation with respect to an Award; (iii) Shares subject to a Stock Appreciation Right or other stock-settled Award (including Awards that may be settled in cash or stock) that are not issued in connection with the settlement or exercise, as applicable, of the Stock Appreciation Right or other stock-settled Award; and (iv) Shares purchased on the open market with the cash proceeds from the exercise of Options. Any Shares repurchased by the Company under Section 8.4 at the same price paid by the Holder so that such Shares are returned to the Company shall again be available for Awards. The payment of Dividend Equivalents in cash in conjunction with any outstanding Awards shall not be counted against the Shares available for issuance under the Plan. Notwithstanding the provisions of this Section 3.1(b), no Shares may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

(c) Substitute Awards may be granted on such terms as the Administrator deems appropriate, notwithstanding limitations on Awards in the Plan. Substitute Awards shall not reduce the Shares authorized for grant under the Plan, except as may be required by reason of Section 422 of the Code, in which case Shares subject to such Substitute Awards shall not be added to the Shares available for Awards under the Plan as provided in Section 3.1(b) above. Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by its stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the Shares authorized for grant under the Plan (and Shares subject to such Awards shall not be added to the Shares available for Awards under the Plan as provided in Section 3.1(b) above); provided that Awards using such available Shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who

Table of Contents

were not employed by or providing services to the Company or its Subsidiaries immediately prior to such acquisition or combination.

(d) Any Shares that again become available for grant pursuant to this Section 3.1 shall be added back as: (i) one (1) Share if such Shares were subject to an Option or a Stock Appreciation Right granted under the Plan or an option or stock appreciation rights granted under any Prior Plan, and (ii) as 1.75 Shares if such Shares were subject to Awards other than Options or Stock Appreciation Rights granted under the Plan or awards other than options or stock appreciation rights granted under any of the Prior Plans.

3.2 Limitation on Number of Shares Subject to Awards. Notwithstanding any provision in the Plan to the contrary, and subject to Section 13.2, the maximum aggregate number of Shares with respect to one or more Awards that may be granted to any one person during any calendar year shall be 700,000 and the maximum aggregate amount of cash that may be paid to any one person during any calendar year with respect to any one Award payable in cash shall be \$10,000,000.

3.3 Award Vesting Limitations. Notwithstanding any other provision of the Plan to the contrary, but subject to Section 13.2 of the Plan, Awards (including any portion thereof) granted under the Plan shall vest no earlier than the first anniversary of the date the Award is granted; provided, however, that, notwithstanding the foregoing, Awards that result in the issuance of an aggregate of up to 5% of the shares of Common Stock available pursuant to Section 3.1(a) may be granted to any one or more Eligible Individuals without respect to such minimum vesting provisions. For purposes of Awards to Non-Employee Directors, a vesting period shall be deemed to be one-year, with such period beginning on each regular annual meeting of the Company's stockholders and ending on the date of the next regular annual meeting of the Company's stockholders. Nothing in this Section 3.3 shall preclude the Administrator from taking action, in its sole discretion, to accelerate the vesting of any Award in connection with or following a Holder's death, disability or the consummation of a Change in Control.

Article 4.

GRANTING OF AWARDS

4.1 Participation. The Administrator may, from time to time, select from among all Eligible Individuals those to whom an Award shall be granted and shall determine the nature and amount of each Award, which shall not be inconsistent with the requirements of the Plan. No Eligible Individual or other person shall have any right to be granted an Award pursuant to the Plan and neither the Company nor the Administrator is obligated to treat Eligible Individuals, Holders or any other persons uniformly. Participation by each Holder in the Plan shall be voluntary and nothing in the Plan or any Program shall be construed as mandating that any Eligible Individual or other person shall participate in the Plan.

4.2 Award Agreement. Each Award shall be evidenced by an Award Agreement that sets forth the terms, conditions and limitations for such Award as determined by the Administrator in its sole discretion (consistent with the requirements of the Plan (including Section 3.3) and any applicable Program). Incentive Stock Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.

4.3 Limitations Applicable to Section 16 Persons. Notwithstanding any other provision of the Plan, the Plan, and any Award granted or awarded to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including Rule 16b-3 of the Exchange Act and any amendments thereto) that are requirements for the application of

such exemptive rule. To the extent permitted by Applicable Law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

4.4 At-Will Service. Nothing in the Plan or in any Program or Award Agreement hereunder shall confer upon any Holder any right to continue in the employ of, or as a Director or Consultant for, the Company or any Subsidiary, or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which rights are hereby expressly reserved, to discharge any Holder at any time for any reason whatsoever, with or without cause, and with or without notice, or to terminate or change all other terms and conditions of employment or engagement, except to the extent expressly provided otherwise in a written and signed agreement between the Holder and the Company or any Subsidiary.

4.5 Foreign Holders. Notwithstanding any provision of the Plan or applicable Program to the contrary, in order to comply with the laws in countries other than the United States in which the Company and its Subsidiaries

Table of Contents

operate or have Employees, Non-Employee Directors or Consultants, or in order to comply with the requirements of any foreign securities exchange or other Applicable Law, the Administrator, in its sole discretion, shall have the power and authority to: (a) determine which Subsidiaries shall be covered by the Plan; (b) determine which Eligible Individuals outside the United States are eligible to participate in the Plan; (c) modify the terms and conditions of any Award granted to Eligible Individuals outside the United States to comply with Applicable Law (including, without limitation, applicable foreign laws or listing requirements of any foreign securities exchange); (d) establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable; provided, however, that no such subplans and/or modifications shall increase the share limitation contained in Section 3.1, the Award Limit or the Director Limit; and (e) take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local governmental regulatory exemptions or approvals or listing requirements of any foreign securities exchange.

4.6 Non-Employee Director Award Limit. Notwithstanding any provision to the contrary in the Plan, the sum of the grant date fair value of equity-based Awards and the amount of any cash-based Awards granted to a Non-Employee Director or fees otherwise paid during any calendar year shall not exceed \$750,000 (the “Director Limit”).

Article 5.

PROVISIONS APPLICABLE TO AWARDS INTENDED TO QUALIFY AS

QUALIFIED PERFORMANCE-BASED COMPENSATION

5.1 Purpose. Certain Awards made under the Original 2017 Plan which were intended to qualify as “qualified performance based compensation” under Section 162(m) of the Code as in existence prior to November 2, 2017 (the “Grandfathered Awards”). The Administrator may, in its sole discretion, (a) determine which Awards are Grandfathered Awards and (b) subject to any other restrictions set forth in this Plan, to amend any Grandfathered Award for any or no reason such that the Award will no longer qualify as a Grandfathered Award. With respect to any Grandfathered Award the provisions of this Article 5 shall control over any contrary provision contained in the Plan or any applicable Program; provided that, if after such decision the Administrator alters such intention for any reason, the provisions of this Article 5 shall no longer control over any other provision contained in the Plan or any applicable Program. The Administrator, in its sole discretion, may subject any Grandfathered Awards to additional conditions and restrictions unrelated to any Performance Criteria or Performance Goals (including, without limitation, continued employment or service requirements) to the extent such Grandfathered Awards otherwise satisfy the requirements of this Article 5 with respect to the Performance Criteria and Performance Goals applicable thereto.

5.2 Procedures with Respect to Performance-Based Awards. To the extent necessary to preserve the treatment of any Grandfathered Award under Code Section 162(m), following the completion of each Performance Period, the Administrator shall certify in writing whether and the extent to which the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned under such Awards, the Administrator (i) shall, unless otherwise provided in an Award Agreement, have the right to reduce or eliminate the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant, including the assessment of individual or corporate performance for the Performance Period, but (ii) shall in no event have the right to increase the amount payable for any reason. For purposes of any Grandfathered Award, the individuals taking the action as the Administrator shall consist solely of two or more Non-Employee Directors each of whom is intended to qualify as a “outside director” for purposes of Section 162(m) of the Code.

5.3 Payment of Performance-Based Awards. Unless otherwise provided in the applicable Program or Award Agreement and only as required by Section 162(m) of the Code, as to a Grandfathered Award the Holder must be employed by the Company or a Subsidiary throughout the Performance Period. Unless otherwise provided in the applicable Program or Award Agreement, the Holder shall be eligible to receive payment pursuant to such Grandfathered Awards for a Performance Period only if and to the extent the Performance Goals for such Performance Period are achieved and only if the Holder is actively employed by the Company or a Subsidiary on the date such an Award is paid.

5.4 Additional Limitations. Notwithstanding any other provision of the Plan and except as otherwise determined by the Administrator, any Grandfathered Award shall be subject to any additional limitations set forth in Section 162(m) of the Code or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance based compensation, and the Plan and the applicable Program and Award Agreement shall be deemed amended to the extent necessary to conform to such requirements.

Article 6.

GRANTING OF OPTIONS AND STOCK APPRECIATION RIGHTS

6.1 Granting of Options and Stock Appreciation Rights to Eligible Individuals. The Administrator is authorized to grant Options and Stock Appreciation Rights to Eligible Individuals from time to time, in its sole discretion, on such terms and conditions as it may determine, which shall not be inconsistent with the Plan, including any limitations in the Plan that apply to Incentive Stock Options.

6.2 Qualification of Incentive Stock Options. The Administrator may grant Options intended to qualify as Incentive Stock Options only to employees of the Company, any of the Company's present or future "parent corporations" or "subsidiary corporations" as defined in Sections 424(e) or (f) of the Code, respectively, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code. No person who qualifies as a Greater Than 10% Stockholder may be granted an Incentive Stock Option unless such Incentive Stock Option conforms to the applicable provisions of Section 422 of the Code. To the extent that the aggregate fair market value of stock with respect to which "incentive stock options" (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by a Holder during any calendar year under the Plan, and all other plans of the Company and any parent corporation or subsidiary corporation thereof (as defined in Section 424(e) and 424(f) of the Code, respectively), exceeds \$100,000, the Options shall be treated as Non-Qualified Stock Options to the extent required by Section 422 of the Code. The rule set forth in the immediately preceding sentence shall be applied by taking Options and other "incentive stock options" into account in the order in which they were granted and the fair market value of stock shall be determined as of the time the respective options were granted. Any interpretations and rules under the Plan with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. Neither the Company nor the Administrator shall have any liability to a Holder, or any other person, (a) if an Option (or any part thereof) which is intended to qualify as an Incentive Stock Option fails to qualify as an Incentive Stock Option or (b) for any action or omission by the Company or the Administrator that causes an Option not to qualify as an Incentive Stock Option, including without limitation, the conversion of an Incentive Stock Option to a Non-Qualified Stock Option or the grant of an Option intended as an Incentive Stock Option that fails to satisfy the requirements under the Code applicable to an Incentive Stock Option.

6.3 Option and Stock Appreciation Right Exercise Price. The exercise price per Share subject to each Option and Stock Appreciation Right shall be set by the Administrator, but shall not be less than 100% of the Fair Market Value of a Share on the date the Option or Stock Appreciation Right, as applicable, is granted (or, as to Incentive Stock Options, on the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code). In addition, in the case of Incentive Stock Options granted to a Greater Than 10% Stockholder, such price shall not be less than 110% of the Fair Market Value of a Share on the date the Option is granted (or the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code). Notwithstanding the foregoing, in the case of an Option or Stock Appreciation Right that is a Substitute Award, the exercise price per share of the Shares subject to such Option or Stock Appreciation Right, as applicable, may be less than the Fair Market Value per share on the date of grant; provided that the exercise price of any Substitute Award shall be determined in accordance with the applicable requirements of Section 424 and 409A of the Code.

6.4 Option and SAR Term. The term of each Option (the "Option Term") and the term of each Stock Appreciation Right (the "SAR Term") shall be set by the Administrator in its sole discretion; provided, however, that the Option Term or SAR Term, as applicable, shall not be more than (a) ten (10) years from the date the Option or Stock Appreciation Right, as applicable, is granted to an Eligible Individual (other than, in the case of Incentive Stock Options, a Greater Than 10% Stockholder), or (b) five (5) years from the date an Incentive Stock Option is granted to

a Greater Than 10% Stockholder. Except as limited by the requirements of Section 409A or Section 422 of the Code and regulations and rulings thereunder or the first sentence of this Section 6.4 and without limiting the Company's rights under Section 11.7, the Administrator may extend the Option Term of any outstanding Option or the SAR Term of any outstanding Stock Appreciation Right, and may extend the time period during which vested Options or Stock Appreciation Rights may be exercised, in connection with any Termination of Service of the Holder or otherwise, and may amend, subject to Section 11.7 and 13.1, any other term or condition of such Option or Stock Appreciation Right relating to such Termination of Service of the Holder or otherwise.

6.5 Option and SAR Vesting. The period during which the right to exercise, in whole or in part, an Option or Stock Appreciation Right vests in the Holder shall be set by the Administrator and set forth in the applicable Award Agreement, subject to Section 3.3. Unless otherwise determined by the Administrator in the Award Agreement, the applicable Program or by action of the Administrator following the grant of the Option or Stock Appreciation Right, (a) no portion of an Option or Stock Appreciation Right which is unexercisable at a Holder's Termination of Service

shall thereafter become exercisable and (b) the portion of an Option or Stock Appreciation Right that is unexercisable at a Holder's Termination of Service shall automatically expire on the date of such Termination of Service.

6.6 Substitution of Stock Appreciation Rights; Early Exercise of Options. The Administrator may provide in the applicable Program or Award Agreement evidencing the grant of an Option that the Administrator, in its sole discretion, shall have the right to substitute a Stock Appreciation Right for such Option at any time prior to or upon exercise of such Option; provided that such Stock Appreciation Right shall be exercisable with respect to the same number of Shares for which such substituted Option would have been exercisable, and shall also have the same exercise price, vesting schedule and remaining term as the substituted Option. The Administrator may provide in the terms of an Award Agreement that the Holder may exercise an Option in whole or in part prior to the full vesting of the Option in exchange for unvested shares of Restricted Stock with respect to any unvested portion of the Option so exercised. Shares of Restricted Stock acquired upon the exercise of any unvested portion of an Option shall be subject to such terms and conditions as the Administrator shall determine.

Article 7.

EXERCISE OF OPTIONS AND STOCK APPRECIATION RIGHTS

7.1 Exercise and Payment. An exercisable Option or Stock Appreciation Right may be exercised in whole or in part. However, an Option or Stock Appreciation Right shall not be exercisable with respect to fractional Shares and the Administrator may require that, by the terms of the Option or Stock Appreciation Right, a partial exercise must be with respect to a minimum number of Shares. Payment of the amounts payable with respect to Stock Appreciation Rights pursuant to this Article 7 shall be in cash, Shares (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised), or a combination of both, as determined by the Administrator.

7.2 Manner of Exercise. Except as set forth in Section 7.3, all or a portion of an exercisable Option or Stock Appreciation Right shall be deemed exercised upon delivery of all of the following to the Corporate Secretary of the Company, the stock plan administrator of the Company or such other person or entity designated by the Administrator, or his, her or its office, as applicable:

- (a) A written notice of exercise in a form the Administrator approves (which may be electronic) complying with the applicable rules established by the Administrator. The notice shall be signed or otherwise acknowledged electronically by the Holder or other person then entitled to exercise the Option or Stock Appreciation Right or such portion thereof;
- (b) Such representations and documents as the Administrator, in its sole discretion, deems necessary or advisable to effect compliance with Applicable Law.
- (c) In the event that the Option shall be exercised pursuant to Section 11.3 by any person or persons other than the Holder, appropriate proof of the right of such person or persons to exercise the Option or Stock Appreciation Right, as determined in the sole discretion of the Administrator; and
- (d) Full payment of the exercise price and applicable withholding taxes for the Shares with respect to which the Option or Stock Appreciation Right, or portion thereof, is exercised, in a manner permitted by the Administrator in accordance with Sections 11.1 and 11.2.

7.3 Notification Regarding Disposition. The Holder shall give the Company prompt written or electronic notice of any disposition or other transfers (other than in connection with a Change in Control) of Shares acquired by exercise of an Incentive Stock Option which occurs within (a) two years from the date of granting (including the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code) such Option to such Holder, or (b) one year after the date of transfer of such Shares to such Holder. Such notice shall specify the date of such disposition or other transfer and the amount realized, in cash, other property, assumption of indebtedness or other consideration, by the Holder in such disposition or other transfer.

Article 8.

AWARD OF RESTRICTED STOCK

8.1 Award of Restricted Stock. The Administrator is authorized to grant Restricted Stock, or the right to purchase Restricted Stock, to Eligible Individuals, and shall determine the terms and conditions, including the restrictions applicable to each award of Restricted Stock, which terms and conditions shall not be inconsistent with the Plan or any applicable Program, and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate. The Administrator shall establish the purchase price, if any, and form of payment for Restricted Stock; provided, however, that if a purchase price is charged, such purchase price shall be no less than the par value, if any, of the Shares to be purchased, unless otherwise permitted by Applicable Law. In all cases, legal consideration shall be required for each issuance of Restricted Stock to the extent required by Applicable Law.

8.2 Rights as Stockholders. Subject to Section 8.4, upon issuance of Restricted Stock, the Holder shall have, unless otherwise provided by the Administrator, all of the rights of a stockholder with respect to said Shares, subject to the restrictions in the Plan, any applicable Program and/or the applicable Award Agreement, including the right to receive all dividends and other distributions paid or made with respect to the Shares to the extent such dividends and other distributions have a record date that is on or after the date on which the Holder to whom such Shares are granted becomes the record holder of such Restricted Stock; provided, however, that, in the sole discretion of the Administrator, any extraordinary distributions with respect to the Shares may be subject to the restrictions set forth in Section 8.3. In addition, with respect to a share of Restricted Stock subject to vesting conditions, dividends which are paid prior to vesting shall be paid out to the Holder only if, when and to the extent that the vesting conditions are subsequently satisfied and the share of Restricted Stock vests.

8.3 Restrictions. All shares of Restricted Stock (including any shares received by Holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) and, unless the Administrator provides otherwise, any property (other than cash) transferred to Holders in connection with an extraordinary dividend or distribution shall be subject to such restrictions and vesting requirements as the Administrator shall provide in the applicable Program or Award Agreement, subject to Section 3.3. By action taken after the Restricted Stock is issued, the Administrator may, on such terms and conditions as it may determine to be appropriate, accelerate the vesting of such Restricted Stock by removing any or all of the restrictions imposed by the terms of the applicable Program or Award Agreement.

8.4 Repurchase or Forfeiture of Restricted Stock. Except as otherwise determined by the Administrator, if no price was paid by the Holder for the Restricted Stock, upon a Termination of Service during the applicable restriction period, the Holder's rights in unvested Restricted Stock then subject to restrictions shall lapse, and such Restricted Stock shall be surrendered to the Company and cancelled without consideration. If a price was paid by the Holder for the Restricted Stock, upon a Termination of Service during the applicable restriction period, the Company shall have the right to repurchase from the Holder the unvested Restricted Stock then subject to restrictions at a cash price per share equal to the price paid by the Holder for such Restricted Stock or such other amount as may be specified in the applicable Program or Award Agreement. Notwithstanding the foregoing, except as otherwise provided by Section 3.3, the Administrator, in its sole discretion, may provide that upon certain events, including, without limitation, a Change in Control, the Holder's death, retirement or disability or any other specified Termination of Service or any other event, the Holder's rights in unvested Restricted Stock then subject to restrictions shall not lapse, such Restricted Stock shall vest and cease to be forfeitable and, if applicable, the Company shall cease to have a right of repurchase.

8.5 Section 83(b) Election. If a Holder makes an election under Section 83(b) of the Code to be taxed with respect to the Restricted Stock as of the date of transfer of the Restricted Stock rather than as of the date or dates upon which the Holder would otherwise be taxable under Section 83(a) of the Code, the Holder shall be required to deliver a copy of such election to the Company promptly after filing such election with the Internal Revenue Service along with proof of the timely filing thereof with the Internal Revenue Service.

as determined by the Administrator. A Holder will have no rights of a stockholder with respect to Shares subject to any Restricted Stock Unit unless and until the Shares are delivered in settlement of the Restricted Stock Unit.

9.2 Term. Except as otherwise provided herein, the term of a Restricted Stock Unit award shall be set by the Administrator in its sole discretion.

9.3 Purchase Price. The Administrator shall specify the purchase price, if any, to be paid by the Holder to the Company with respect to any Restricted Stock Unit award; provided, however, that value of the consideration shall not be less than the par value of a Share, unless otherwise permitted by Applicable Law.

9.4 Vesting of Restricted Stock Units. At the time of grant, the Administrator shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate, including, without limitation, vesting based upon the Holder's duration of service to the Company or any Subsidiary, one or more Performance Criteria, Company performance, individual performance or other specific criteria, in each case on a specified date or dates or over any period or periods, as determined by the Administrator, subject to Section 3.3.

9.5 Maturity and Payment. At the time of grant, the Administrator shall specify the maturity date applicable to each grant of Restricted Stock Units, which shall be no earlier than the vesting date or dates of the Award and may be determined at the election of the Holder (if permitted by the applicable Award Agreement); provided that, except as otherwise determined by the Administrator, and subject to compliance with Section 409A, in no event shall the maturity date relating to each Restricted Stock Unit occur following the later of (a) the 15th day of the third month following the end of calendar year in which the applicable portion of the Restricted Stock Unit vests; or (b) the 15th day of the third month following the end of the Company's fiscal year in which the applicable portion of the Restricted Stock Unit vests. On the maturity date, the Company shall, in accordance with the applicable Award Agreement and subject to Section 11.4(f), transfer to the Holder one unrestricted, fully transferable Share for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited, or in the sole discretion of the Administrator, an amount in cash equal to the Fair Market Value of such Shares on the maturity date or a combination of cash and Common Stock as determined by the Administrator.

9.6 Payment upon Termination of Service. An Award of Restricted Stock Units shall only be payable while the Holder is an Employee, a Consultant or a member of the Board, as applicable; provided, however, that the Administrator, in its sole discretion, may provide (in an Award Agreement or otherwise) that a Restricted Stock Unit award may be paid subsequent to a Termination of Service in certain events, including a Change in Control, the Holder's death, retirement or disability or any other specified Termination of Service.

Article 10.

AWARD OF OTHER STOCK OR CASH BASED AWARDS AND DIVIDEND EQUIVALENTS

10.1 Other Stock or Cash Based Awards. The Administrator is authorized to grant Other Stock or Cash Based Awards, including awards entitling a Holder to receive Shares or cash to be delivered immediately or in the future, to any Eligible Individual. Subject to the provisions of the Plan and any applicable Program, the Administrator shall determine the terms and conditions of each Other Stock or Cash Based Award, including the term of the Award, any exercise or purchase price, performance goals, including the Performance Criteria, transfer restrictions, vesting conditions and other terms and conditions applicable thereto, which shall be set forth in the applicable Award Agreement, subject to Section 3.3. Other Stock or Cash Based Awards may be paid in cash, Shares, or a combination

of cash and Shares, as determined by the Administrator, and may be available as a form of payment in the settlement of other Awards granted under the Plan, as stand-alone payments, as a part of a bonus, deferred bonus, deferred compensation or other arrangement, and/or as payment in lieu of compensation to which an Eligible Individual is otherwise entitled.

10.2 Dividend Equivalents.

(a) Dividend Equivalents may be granted by the Administrator, either alone or in tandem with another Award, based on dividends declared on the Common Stock, to be credited as of dividend payment dates during the period between the date the Dividend Equivalents are granted to a Holder and the date such Dividend Equivalents terminate or expire, as determined by the Administrator. Such Dividend Equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such restrictions and limitations as may be determined by the Administrator. In addition, to the extent that a Dividend Equivalent is granted in tandem with

Table of Contents

another Award, then the Dividend Equivalent shall be paid out to the Holder only if, when and to the extent that such tandem Awards vests. The value of dividends and other distributions payable with respect to Awards that do not vest shall be forfeited.

(b) Notwithstanding the foregoing, no Dividend Equivalents shall be payable with respect to Options or Stock Appreciation Rights

10.3 Performance-Based Cash Awards. The Administrator is authorized to grant cash-based Awards that are payable based upon the achievement of one or more Performance Goals or such other performance criteria as the Administrator may select (“Performance-Based Cash Awards”). Unless otherwise specifically provided in the Award Agreement to the contrary or required by Section 5.3 for Grandfathered Awards, a Holder shall be eligible to receive payment of a Performance-Based Cash Award only if and to the extent that the Performance Goals are achieved and the Holder is actively employed by the Company or a Subsidiary at some point during the Performance Period and on the date such an Award is paid. Therefore, a Holder who resigns or is terminated (with or without cause) prior to the payment date of a Performance-Based Cash Award will not be eligible for and will not receive any portion of such Award should it ultimately be paid out, unless otherwise provided in the Award Agreement, or otherwise agreed by the Administrator.

Article 11.

ADDITIONAL TERMS OF AWARDS

11.1 Payment. The Administrator shall determine the method or methods by which payments by any Holder with respect to any Awards granted under the Plan shall be made, including, without limitation: (a) cash, wire transfer of immediately available funds, or check, (b) Shares (including, in the case of payment of the exercise price of an Award, Shares issuable pursuant to the exercise of the Award) or Shares held for such minimum period of time as may be established by the Administrator, in each case, having a Fair Market Value on the date of delivery equal to the aggregate payments required, (c) delivery of a written or electronic notice that the Holder has placed a market sell order with a broker acceptable to the Company with respect to Shares then issuable upon exercise or vesting of an Award, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the aggregate payments required; provided that payment of such proceeds is then made to the Company upon settlement of such sale, (d) other form of legal consideration acceptable to the Administrator in its sole discretion, or (e) any combination of the above permitted forms of payment. Notwithstanding any other provision of the Plan to the contrary, no Holder shall be permitted to make payment with respect to any Awards granted under the Plan with a loan from the Company or other extension of credit from or arranged by the Company.

11.2 Tax Withholding. The Company or any Subsidiary shall have the authority and the right to deduct or withhold, or require a Holder to remit to the Company, an amount sufficient to satisfy federal, state, local and foreign taxes (including the Holder’s FICA, employment tax or other social security contribution obligation) required by law to be withheld with respect to any taxable event concerning a Holder arising as a result of the Plan or any Award. The Administrator may, in its sole discretion and in satisfaction of the foregoing requirement, or in satisfaction of such additional withholding obligations as a Holder may have elected, allow a Holder to satisfy such obligations by any payment means described in Section 11.1 hereof, including without limitation, by allowing such Holder to elect to have the Company or any Subsidiary withhold Shares otherwise issuable under an Award (or allow the surrender of Shares). The number of Shares that may be so withheld or surrendered shall be no greater than the number of Shares that have a fair market value on the date of withholding or repurchase equal to the aggregate amount of such liabilities based on the maximum statutory withholding rates in such Holder’s applicable jurisdictions for federal, state, local and

foreign income tax and payroll tax purposes that are applicable to such taxable income. The Administrator shall determine the fair market value of the Shares, consistent with applicable provisions of the Code, for tax withholding obligations due in connection with a broker-assisted cashless Option or Stock Appreciation Right exercise involving the sale of Shares to pay the Option or Stock Appreciation Right exercise price or any tax withholding obligation.

11.3 Transferability of Awards.

(a) Except as otherwise provided in Sections 11.3(b) and 11.3(c):

(i) No Award under the Plan may be sold, pledged, assigned or transferred in any manner other than (A) by will or the laws of descent and distribution or (B) subject to the consent of the Administrator, pursuant

B-14 2019 Proxy Statement

to a DRO, unless and until such Award has been exercised or the Shares underlying such Award have been issued, and all restrictions applicable to such Shares have lapsed;

(ii) No Award or interest or right therein shall be liable for or otherwise subject to the debts, contracts or engagements of the Holder or the Holder's successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, hypothecation, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy) unless and until such Award has been exercised, or the Shares underlying such Award have been issued, and all restrictions applicable to such Shares have lapsed, and any attempted disposition of an Award prior to satisfaction of these conditions shall be null and void and of no effect, except to the extent that such disposition is permitted by Section 11.3(a)(i); and

(iii) During the lifetime of the Holder, only the Holder may exercise any exercisable portion of an Award granted to such Holder under the Plan, unless it has been disposed of pursuant to a DRO. After the death of the Holder, any exercisable portion of an Award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Program or Award Agreement, be exercised by the Holder's personal representative or by any person empowered to do so under the deceased Holder's will or under the then-applicable laws of descent and distribution.

(b) Notwithstanding Section 11.3(a), the Administrator, in its sole discretion, may determine to permit a Holder or a Permitted Transferee of such Holder to transfer an Award other than an Incentive Stock Option (unless such Incentive Stock Option is intended to become a Nonqualified Stock Option) to any one or more Permitted Transferees of such Holder, subject to the following terms and conditions: (i) an Award transferred to a Permitted Transferee shall not be assignable or transferable by the Permitted Transferee other than (A) to another Permitted Transferee of the applicable Holder or (B) by will or the laws of descent and distribution or, subject to the consent of the Administrator, pursuant to a DRO; (ii) an Award transferred to a Permitted Transferee shall continue to be subject to all the terms and conditions of the Award as applicable to the original Holder (other than the ability to further transfer the Award to any person other than another Permitted Transferee of the applicable Holder); and (iii) the Holder (or transferring Permitted Transferee) and the receiving Permitted Transferee shall execute any and all documents requested by the Administrator, including, without limitation documents to (A) confirm the status of the transferee as a Permitted Transferee, (B) satisfy any requirements for an exemption for the transfer under Applicable Law and (C) evidence the transfer. In addition, and further notwithstanding Section 11.3(a), hereof, the Administrator, in its sole discretion, may determine to permit a Holder to transfer Incentive Stock Options to a trust that constitutes a Permitted Transferee if, under Section 671 of the Code and other Applicable Law, the Holder is considered the sole beneficial owner of the Incentive Stock Option while it is held in the trust.

(c) Notwithstanding Section 11.3(a), a Holder may, in the manner determined by the Administrator, designate a beneficiary to exercise the rights of the Holder and to receive any distribution with respect to any Award upon the Holder's death. A beneficiary, legal guardian, legal representative, or other person claiming any rights pursuant to the Plan is subject to all terms and conditions of the Plan and any Program or Award Agreement applicable to the Holder and any additional restrictions deemed necessary or appropriate by the Administrator. If the Holder is married or a domestic partner in a domestic partnership qualified under Applicable Law and resides in a community property state, a designation of a person other than the Holder's spouse or domestic partner, as applicable, as the Holder's beneficiary with respect to more than 50% of the Holder's interest in the Award shall not be effective without the prior written or electronic consent of the Holder's spouse or domestic partner. If no beneficiary has been designated or survives the Holder, payment shall be made to the person entitled thereto pursuant to the Holder's will or the laws of descent and distribution. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Holder at any time; provided that the change or revocation is delivered in writing to the Administrator prior to the Holder's death.

11.4 Conditions to Issuance of Shares.

(a) The Administrator shall determine the methods by which Shares shall be delivered or deemed to be delivered to Holders. Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any certificates or make any book entries evidencing Shares pursuant to the exercise of any Award, unless and until the Administrator has determined that the issuance of such Shares is in compliance with Applicable Law and the Shares are covered by an effective registration statement or applicable exemption from registration. In addition to the terms and conditions provided herein, the Administrator may require that a Holder make such reasonable covenants, agreements and representations as the Administrator, in its sole discretion, deems advisable in order to comply with Applicable Law.

- (b) All share certificates delivered pursuant to the Plan and all Shares issued pursuant to book entry procedures are subject to any stop-transfer orders and other restrictions as the Administrator deems necessary or advisable to comply with Applicable Law. The Administrator may place legends on any share certificate or book entry to reference restrictions applicable to the Shares (including, without limitation, restrictions applicable to Restricted Stock).
- (c) The Administrator shall have the right to require any Holder to comply with any timing or other restrictions with respect to the settlement, distribution or exercise of any Award, including a window-period limitation, as may be imposed in the sole discretion of the Administrator.
- (d) Unless the Administrator otherwise determines, no fractional Shares shall be issued and the Administrator, in its sole discretion, shall determine whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding down.
- (e) The Company, in its sole discretion, may (i) retain physical possession of any stock certificate evidencing Shares until any restrictions thereon shall have lapsed and/or (ii) require that the stock certificates evidencing such Shares be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Holder deliver a stock power, endorsed in blank, relating to such Shares.
- (f) Notwithstanding any other provision of the Plan, unless otherwise determined by the Administrator or required by Applicable Law, the Company shall not deliver to any Holder certificates evidencing Shares issued in connection with any Award and instead such Shares shall be recorded in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

11.5 Forfeiture and Claw-Back Provisions. All Awards (including any proceeds, gains or other economic benefit actually or constructively received by a Holder upon any receipt or exercise of any Award or upon the receipt or resale of any Shares underlying the Award and any payments of a portion of an incentive-based bonus pool allocated to a Holder) shall be subject to the provisions of the claw-back policy implemented by the Company, including, without limitation, any claw-back policy adopted to comply with the requirements of Applicable Law, including, without limitation, the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or regulations promulgated thereunder, whether or not such claw-back policy was in place at the time of grant of an Award, to the extent set forth in such claw-back policy and/or in the applicable Award Agreement.

11.6 Prohibition on Repricing. Subject to Section 13.2, the Administrator shall not, without the approval of the stockholders of the Company, (a) authorize the amendment of any outstanding Option or Stock Appreciation Right to reduce its price per Share, or (b) cancel any Option or Stock Appreciation Right in exchange for cash or another Award when the Option or Stock Appreciation Right price per Share exceeds the Fair Market Value of the underlying Shares. Subject to Section 13.2, the Administrator shall have the authority, without the approval of the stockholders of the Company, to amend any outstanding Award to increase the price per share or to cancel and replace an Award with the grant of an Award having a price per share that is greater than or equal to the price per share of the original Award. Furthermore, for purposes of this Section 11.6, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the terms of outstanding Awards may not be amended to reduce the exercise price per Share of outstanding Options or Stock Appreciation Rights or cancel outstanding Options or Stock Appreciation Rights in exchange for cash, other Awards or Options or Stock Appreciation Rights with an exercise price per Share that is less than the exercise price per Share of the original Options or Stock Appreciation Rights without the approval of the stockholders of the Company.

11.7 Amendment of Awards. Subject to Applicable Law, the Administrator may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or settlement, and converting an Incentive Stock Option to a Non-Qualified Stock Option. The Holder's consent to such action shall be required unless (a) the Administrator determines that the action, taking into account any related action, would not materially and adversely affect the Holder, or (b) the change is otherwise permitted under the Plan (including, without limitation, under Section 13.2 or 13.10).

11.8 Data Privacy. As a condition of receipt of any Award, each Holder explicitly and unambiguously consents to the collection, use and transfer, in electronic or other form, of personal data as described in this Section 11.8 by and among, as applicable, the Company and its Subsidiaries for the exclusive purpose of implementing, administering and managing the Holder's participation in the Plan. The Company and its Subsidiaries

may hold certain personal information about a Holder, including but not limited to, the Holder's name, home address and telephone number, date of birth, social security or insurance number or other identification number, salary, nationality, job title(s), any shares of stock held in the Company or any of its Subsidiaries, details of all Awards, in each case, for the purpose of implementing, managing and administering the Plan and Awards (the "Data"). The Company and its Subsidiaries may transfer the Data amongst themselves as necessary for the purpose of implementation, administration and management of a Holder's participation in the Plan, and the Company and its Subsidiaries may each further transfer the Data to any third parties assisting the Company and its Subsidiaries in the implementation, administration and management of the Plan. These recipients may be located in the Holder's country, or elsewhere, and the Holder's country may have different data privacy laws and protections than the recipients' country. Through acceptance of an Award, each Holder authorizes such recipients to receive, possess, use, retain and transfer the Data, in electronic or other form, for the purposes of implementing, administering and managing the Holder's participation in the Plan, including any requisite transfer of such Data as may be required to a broker or other third party with whom the Company or any of its Subsidiaries or the Holder may elect to deposit any Shares. The Data related to a Holder will be held only as long as is necessary to implement, administer, and manage the Holder's participation in the Plan. A Holder may, at any time, view the Data held by the Company with respect to such Holder, request additional information about the storage and processing of the Data with respect to such Holder, recommend any necessary corrections to the Data with respect to the Holder or refuse or withdraw the consents herein in writing, in any case without cost, by contacting his or her local human resources representative. The Company may cancel the Holder's ability to participate in the Plan and, in the Administrator's discretion, the Holder may forfeit any outstanding Awards if the Holder refuses or withdraws his or her consents as described herein. For more information on the consequences of refusal to consent or withdrawal of consent, Holders may contact their local human resources representative.

Article 12.

ADMINISTRATION

12.1 Administrator. The Committee shall administer the Plan (except as otherwise permitted herein). To the extent required to comply with the provisions of Rule 16b-3 of the Exchange Act, it is intended that each member of the Committee will be, at the time the Committee takes any action with respect to an Award that is subject to Rule 16b-3, a "non-employee director" within the meaning of Rule 16b-3. Additionally, to the extent required by Applicable Law, each of the individuals constituting the Committee shall be an "independent director" under the rules of any securities exchange or automated quotation system on which the Shares are listed, quoted or traded. Notwithstanding the foregoing, any action taken by the Committee shall be valid and effective, whether or not members of the Committee at the time of such action are later determined not to have satisfied the requirements for membership set forth in this Section 12.1 or the Organizational Documents. Except as may otherwise be provided in the Organizational Documents or as otherwise required by Applicable Law, (a) appointment of Committee members shall be effective upon acceptance of appointment, (b) Committee members may resign at any time by delivering written or electronic notice to the Board and (c) vacancies in the Committee may only be filled by the Board. Notwithstanding the foregoing, (i) the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to Awards granted to Non-Employee Directors and, with respect to such Awards, the term "Administrator" as used in the Plan shall be deemed to refer to the Board and (ii) the Board or Committee may delegate its authority hereunder to the extent permitted by Section 12.6.

12.2 Duties and Powers of Administrator. It shall be the duty of the Administrator to conduct the general administration of the Plan in accordance with its provisions. The Administrator shall have the power to interpret the Plan, all Programs and Award Agreements, and to adopt such rules for the administration, interpretation and

application of the Plan and any Program as are not inconsistent with the Plan, to interpret, amend or revoke any such rules and to amend the Plan or any Program or Award Agreement; provided that the rights or obligations of the Holder of the Award that is the subject of any such Program or Award Agreement are not materially and adversely affected by such amendment, unless the consent of the Holder is obtained or such amendment is otherwise permitted under Section 11.5 or Section 13.10. In its sole discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee in its capacity as the Administrator under the Plan except with respect to matters which under Rule 16b-3 under the Exchange Act or any successor rule, or any regulations or rules issued thereunder, or the rules of any securities exchange or automated quotation system on which the Shares are listed, quoted or traded are required to be determined in the sole discretion of the Committee.

12.3 Action by the Administrator. Unless otherwise established by the Board, set forth in any Organizational Documents or as required by Applicable Law, a majority of the Administrator shall constitute a quorum and the acts of a majority of the members present at any meeting at which a quorum is present, and acts approved in writing by all members of the Administrator in lieu of a meeting, shall be deemed the acts of the Administrator. Each

member of the Administrator is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Subsidiary, the Company's independent certified public accountants, or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

12.4 Authority of Administrator. Subject to the Organizational Documents, any specific designation in the Plan and Applicable Law, the Administrator has the exclusive power, authority and sole discretion to:

- (a) Designate Eligible Individuals to receive Awards;
- (b) Determine the type or types of Awards to be granted to each Eligible Individual (including, without limitation, any Awards granted in tandem with another Award granted pursuant to the Plan);
- (c) Determine the number of Awards to be granted and the number of Shares to which an Award will relate;
- (d) Determine the terms and conditions of any Award granted pursuant to the Plan, including, but not limited to, the exercise price, grant price, purchase price, any performance criteria, any restrictions or limitations on the Award, any schedule for vesting, lapse of forfeiture restrictions or restrictions on the exercisability of an Award, and accelerations or waivers thereof, and any provisions related to non-competition and claw-back and recapture of gain on an Award, based in each case on such considerations as the Administrator in its sole discretion determines;
- (e) Determine whether, to what extent, and under what circumstances an Award may be settled in, or the exercise price of an Award may be paid in cash, Shares, other Awards, or other property, or an Award may be canceled, forfeited, or surrendered;
- (f) Prescribe the form of each Award Agreement, which need not be identical for each Holder;
- (g) Decide all other matters that must be determined in connection with an Award;
- (h) Establish, adopt, or revise any Programs, rules and regulations as it may deem necessary or advisable to administer the Plan;
- (i) Interpret the terms of, and any matter arising pursuant to, the Plan, any Program or any Award Agreement;
- (j) Make all other decisions and determinations that may be required pursuant to the Plan or as the Administrator deems necessary or advisable to administer the Plan; and
- (k) Accelerate wholly or partially the vesting or lapse of restrictions of any Award or portion thereof at any time after the grant of an Award, subject to whatever terms and conditions it selects and Section 3.3 and Section 13.2.

12.5 Decisions Binding. The Administrator's interpretation of the Plan, any Awards granted pursuant to the Plan, any Program or any Award Agreement and all decisions and determinations by the Administrator with respect to the Plan are final, binding and conclusive on all persons.

12.6 Delegation of Authority. The Board or Committee may from time to time delegate to a committee of one or more Directors or one or more officers of the Company the authority to grant or amend Awards or to take other administrative actions pursuant to this Article 12; provided, however, that in no event shall an officer of the Company be delegated the authority to grant Awards to, or amend Awards held by, the following individuals: (a) individuals who are subject to Section 16 of the Exchange Act or (b) officers of the Company (or Directors) to whom authority to

grant or amend Awards has been delegated hereunder; provided, further, that any delegation of administrative authority shall only be permitted to the extent it is permissible under any Organizational Documents and Applicable Law. Any delegation hereunder shall be subject to the restrictions and limits that the Board or Committee specifies at the time of such delegation or that are otherwise included in the applicable Organizational Documents, and the Board or Committee, as applicable, may at any time rescind the authority so delegated or appoint a new delegatee. At all times, the delegatee appointed under this Section 12.6 shall serve in such capacity at the pleasure of the Board or the

Committee, as applicable, and the Board or the Committee may abolish any committee at any time and re-vest in itself any previously delegated authority.

Article 13.

MISCELLANEOUS PROVISIONS

13.1 Amendment, Suspension or Termination of the Plan.

(a) Except as otherwise provided in Section 13.1(b), the Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board; provided that, except as provided in Section 11.5 and Section 13.10, no amendment, suspension or termination of the Plan shall, without the consent of the Holder, materially and adversely affect any rights or obligations under any Award theretofore granted or awarded, unless the Award itself otherwise expressly so provides.

(b) Notwithstanding Section 13.1(a), the Board may not, except as provided in Section 13.2, take any of the following actions without approval of the Company's stockholders given within twelve (12) months before or after such action: (i) increase the limit imposed in Section 3.1 on the maximum number of Shares which may be issued under the Plan or the Award Limit, (ii) reduce the price per share of any outstanding Option or Stock Appreciation Right granted under the Plan or take any action prohibited under Section 11.6, or (iii) cancel any Option or Stock Appreciation Right in exchange for cash or another Award in violation of Section 11.6.

(c) No Awards may be granted or awarded during any period of suspension or after termination of the Plan, and notwithstanding anything herein to the contrary, in no event may any Award be granted under the Plan after the tenth (10th) anniversary of the earlier of (i) the date on which the Plan was adopted by the Board or (ii) the date the Plan was approved by the Company's stockholders (such anniversary, the "Expiration Date"). Any Awards that are outstanding on the Expiration Date shall remain in force according to the terms of the Plan, the applicable Program and the applicable Award Agreement.

13.2 Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company and Other Corporate Events.

(a) In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares of the Company's stock or the share price of the Company's stock other than an Equity Restructuring, the Administrator may make equitable adjustments to reflect such change with respect to: (i) the aggregate number and kind of Shares that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 3.1 on the maximum number and kind of Shares which may be issued under the Plan, adjustments of the Award Limit and adjustments of the manner in which Shares subject to Full Value Awards will be counted); (ii) the number and kind of Shares (or other securities or property) subject to outstanding Awards; (iii) the terms and conditions of any outstanding Awards (including, without limitation, any applicable performance targets or criteria with respect thereto); and (iv) the grant or exercise price per share for any outstanding Awards under the Plan. Any adjustment affecting a Grandfathered Award shall be made consistent with the requirements of Section 162(m) of the Code unless otherwise determined by the Administrator.

(b) In the event of any transaction or event described in Section 13.2(a) or any unusual or nonrecurring transactions or events affecting the Company, any Subsidiary of the Company, or the financial statements of the

Company or any Subsidiary, or of changes in Applicable Law or Applicable Accounting Standards, the Administrator, in its sole discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Award or by action taken prior to the occurrence of such transaction or event, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Award under the Plan, to facilitate such transactions or events or to give effect to such changes in Applicable Law or Applicable Accounting Standards:

(i) To provide for the termination of any such Award in exchange for an amount of cash and/or other property with a value equal to the amount that would have been attained upon the exercise of such Award or realization of the Holder's rights (and, for the avoidance of doubt, if as of the date of the occurrence of the transaction or event described in this Section 13.2 the Administrator determines in good faith that no amount would

have been attained upon the exercise of such Award or realization of the Holder's rights, then such Award may be terminated by the Company without payment);

- (ii) To provide that such Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and applicable exercise or purchase price, in all cases, as determined by the Administrator;
 - (iii) To make adjustments in the number and type of Shares of the Company's stock (or other securities or property) subject to such Awards and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding Awards and Awards which may be granted in the future;
 - (iv) To provide that such Award shall be exercisable or payable or fully vested with respect to all Shares covered thereby, notwithstanding anything to the contrary in the Plan or the applicable Program or Award Agreement;
 - (v) To replace such Award with other rights or property selected by the Administrator; and/or
 - (vi) To provide that the Award cannot vest, be exercised or become payable after such event.
- (c) In connection with the occurrence of any Equity Restructuring, and notwithstanding anything to the contrary in Sections 13.2(a) and 13.2(b):
- (i) The number and type of securities subject to each outstanding Award and the exercise price or grant price thereof, if applicable, shall be equitably adjusted (and the adjustments provided under this Section 13.2(c)(i) shall be nondiscretionary and shall be final and binding on the affected Holder and the Company); and/or
 - (ii) The Administrator shall make such equitable adjustments, if any, as the Administrator, in its sole discretion, may deem appropriate to reflect such Equity Restructuring with respect to the aggregate number and kind of Shares that may be issued under the Plan (including, but not limited to, adjustments of the limitation in Section 3.1 on the maximum number and kind of Shares which may be issued under the Plan, adjustments of the Award Limit, and adjustments of the manner in which Shares subject to Full Value Awards will be counted).
- (d) The Administrator, in its sole discretion, may include such further provisions and limitations in any Award, agreement or certificate, as it may deem equitable and in the best interests of the Company that are not inconsistent with the provisions of the Plan.
- (e) Unless otherwise determined by the Administrator, no adjustment or action described in this Section 13.2 or in any other provision of the Plan shall be authorized to the extent it would (i) cause the Plan to violate Section 422(b)(1) of the Code, (ii) result in short-swing profits liability under Section 16 of the Exchange Act or violate the exemptive conditions of Rule 16b-3 of the Exchange Act, or (iii) cause an Award to fail to be exempt from or comply with Section 409A.
- (f) The existence of the Plan, any Program, any Award Agreement and/or the Awards granted hereunder shall not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act

or proceeding, whether of a similar character or otherwise.

(g) In the event of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the Shares or the share price of the Common Stock including any Equity Restructuring, for

reasons of administrative convenience, the Administrator in its sole discretion, may refuse to permit the exercise of any Award during a period of up to thirty (30) days prior to the consummation of any such transaction.

13.3 Approval of Plan by Stockholders. The Plan shall be submitted for the approval of the Company's stockholders within twelve (12) months after the date of the Board's initial adoption of the Plan. If the Plan is not approved by the Company's stockholders, (i) it will not become effective, (ii) no Awards shall be granted thereunder, and (iii) the Original 2017 Plan, will continue in full force and effect in accordance with its terms. Upon the approval of the Plan by the Company's stockholders, any awards outstanding under the Original 2017 Plan as of the date of such approval shall remain outstanding and, if applicable, exercisable pursuant to the terms of such individual grants.

13.4 No Stockholders Rights. Except as otherwise provided herein or in an applicable Program or Award Agreement, a Holder shall have none of the rights of a stockholder with respect to Shares covered by any Award until the Holder becomes the record owner of such Shares.

13.5 Paperless Administration. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Holder may be permitted through the use of such an automated system.

13.6 Effect of Plan upon Other Compensation Plans. The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in the Plan shall be construed to limit the right of the Company or any Subsidiary: (a) to establish any other forms of incentives or compensation for Employees, Directors or Consultants of the Company or any Subsidiary, or (b) to grant or assume options or other rights or awards otherwise than under the Plan in connection with any proper corporate purpose including without limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

13.7 Compliance with Laws. The Plan, the granting and vesting of Awards under the Plan and the issuance and delivery of Shares and the payment of money under the Plan or under Awards granted or awarded hereunder are subject to compliance with all Applicable Law (including but not limited to state, federal and foreign securities law and margin requirements), and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under the Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all Applicable Law. The Administrator, in its sole discretion, may take whatever actions it deems necessary or appropriate to effect compliance with Applicable Law, including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars. Notwithstanding anything to the contrary herein, the Administrator may not take any actions hereunder, and no Awards shall be granted, that would violate Applicable Law. To the extent permitted by Applicable Law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to Applicable Law.

13.8 Titles and Headings, References to Sections of the Code or Exchange Act. The titles and headings of the Sections in the Plan are for convenience of reference only and, in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control. References to sections of the Code or the Exchange Act shall include any amendment or successor thereto.

13.9 Governing Law. The Plan and any Programs and Award Agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of Delaware without regard to conflicts of laws thereof or

of any other jurisdiction.

13.10 Section 409A. To the extent that the Administrator determines that any Award granted under the Plan is subject to Section 409A, the Plan, the Program pursuant to which such Award is granted and the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A. In that regard, to the extent any Award under the Plan or any other compensatory plan or arrangement of the Company or any of its Subsidiaries is subject to Section 409A, and such Award or other amount is payable on account of a Holder's Termination of Service (or any similarly defined term), then (a) such Award or amount shall only be paid to the extent such Termination of Service qualifies as a "separation from service" as defined in Section 409A, and (b) if such Award or amount is payable to a "specified employee" as defined in Section 409A then to the extent required in order to avoid a prohibited distribution under Section 409A, such Award or other compensatory payment shall not be payable prior to

the earlier of (i) the expiration of the six-month period measured from the date of the Holder's Termination of Service, or (ii) the date of the Holder's death. To the extent applicable, the Plan, the Program and any Award Agreements shall be interpreted in accordance with Section 409A. Notwithstanding any provision of the Plan to the contrary, in the event that following the Effective Date the Administrator determines that any Award may be subject to Section 409A, the Administrator may (but is not obligated to), without a Holder's consent, adopt such amendments to the Plan and the applicable Program and Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Administrator determines are necessary or appropriate to (A) exempt the Award from Section 409A and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (B) comply with the requirements of Section 409A and thereby avoid the application of any penalty taxes under Section 409A. The Company makes no representations or warranties as to the tax treatment of any Award under Section 409A or otherwise. The Company shall have no obligation under this Section 13.10 or otherwise to take any action (whether or not described herein) to avoid the imposition of taxes, penalties or interest under Section 409A with respect to any Award and shall have no liability to any Holder or any other person if any Award, compensation or other benefits under the Plan are determined to constitute non-compliant, "nonqualified deferred compensation" subject to the imposition of taxes, penalties and/or interest under Section 409A.

13.11 **Unfunded Status of Awards.** The Plan is intended to be an "unfunded" plan for incentive compensation. With respect to any payments not yet made to a Holder pursuant to an Award, nothing contained in the Plan or any Program or Award Agreement shall give the Holder any rights that are greater than those of a general creditor of the Company or any Subsidiary.

13.12 **Indemnification.** To the extent permitted under Applicable Law and the Organizational Documents, each member of the Administrator shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action or failure to act pursuant to the Plan and against and from any and all amounts paid by him or her in satisfaction of judgment in such action, suit, or proceeding against him or her; provided he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled pursuant to the Organizational Documents, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

13.13 **Relationship to Other Benefits.** No payment pursuant to the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or other benefit plan of the Company or any Subsidiary except to the extent otherwise expressly provided in writing in such other plan or an agreement thereunder.

13.14 **Expenses.** The expenses of administering the Plan shall be borne by the Company and its Subsidiaries.
