NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Description of Business

AdCare Health Systems, Inc. (“AdCare”) is the former parent of, and the predecessor issuer to, Regional Health Properties, Inc. (“Regional Health” and, together with its subsidiaries, the “Company”). On September 29, 2017, AdCare merged (the “Merger”) with and into Regional Health, a Georgia corporation and wholly owned subsidiary of AdCare formed for the purposes of the Merger, with Regional Health continuing as the surviving corporation in the Merger. The Company now has many of the characteristics of a real estate investment trust (“REIT”) and is focused on the ownership, acquisition and leasing of healthcare related properties. See Part II, Item 8, Notes to Consolidated Financial Statements, Note 1 – Summary of Significant Accounting Policies included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2017, filed with the Securities and Exchange Commission (“SEC”) on April 16, 2018 (the “Annual Report”), for a description of the Merger.

The Company is a self-managed real estate investment company that invests primarily in real estate purposed for long-term care and senior living. The Company’s business primarily consists of leasing and subleasing healthcare facilities to third-party tenants, which operate the facilities. The operators of the Company’s facilities provide a range of healthcare services, including skilled nursing and assisted living services, social services, various therapy services, and other rehabilitative and healthcare services for both long-term and short-stay patients and residents.

As of March 31, 2018, the Company owned, leased, or managed for third parties 30 facilities, primarily in the Southeast United States. Of the 30 facilities, the Company: (i) leased 14 owned facilities and subleased 11 leased skilled nursing facilities to third-party tenants; (ii) leased two owned assisted living facilities to third-party tenants; and (iii) managed on behalf of third-party owners two skilled nursing facilities and one independent living facility (see Note 7 – Leases and Part II, Item 8, Notes to Consolidated Financial Statements, Note 7 – Leases in the Annual Report for a more detailed description of the Company’s leases).

The Company leases its currently-owned healthcare properties, and subleases its currently-leased healthcare properties, on a triple-net basis, meaning that the lessee (i.e., the third-party operator of the property) is obligated under the lease or sublease, as applicable, for all costs of operating the property, including insurance, taxes and facility maintenance, as well as the lease or sublease payments, as applicable. These leases are generally long-term in nature with renewal options and annual rent escalation clauses.

When used in this Quarterly Report on Form 10-Q (this “Quarterly Report”), unless otherwise specifically stated or the context otherwise requires, the terms:

- “Board” refers to the Board of Directors of AdCare with respect to the period prior to the Merger and to the Board of Directors of Regional Health with respect to the period after the Merger;
- “common stock” refers to AdCare’s common stock with respect to the period prior to the Merger and to Regional Health’s common stock with respect to the period after the Merger; and
- “Series A Preferred Stock” refers to AdCare’s 10.875% Series A Cumulative Redeemable Preferred Stock with respect to the period prior to the Merger and to Regional Health’s 10.875% Series A Cumulative Redeemable Preferred Stock with respect to the period after the Merger.

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Rule 8-03 of Article 8 of Regulations S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations for the periods presented have been included. Operating results for the three months ended March 31, 2018 and 2017 are not necessarily indicative of the results that may be expected for the fiscal year. The balance sheet at December 31, 2017 has been derived from the audited consolidated financial statements at that date, but does not include all of the information and footnotes required by GAAP for complete financial statements.

You should read the unaudited consolidated financial statements in this Quarterly Report together with the historical audited consolidated financial statements of the Company for the year ended December 31, 2017, included in the Annual Report. See

Part II, Item 8, Notes to Consolidated Financial Statements, Note 1 – Summary of Significant Accounting Policies included in the Company’s Annual Report, for a description of all significant accounting policies. During the three months ended March 31, 2018, there were no material changes to the Company’s policies, except as noted below in Recently Adopted Standards.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the unaudited consolidated financial statements and accompanying notes. Actual results could differ materially from those estimates.

Allowances

Allowances. The Company assesses the collectability of its rent receivables, including straight-line rent receivables and working capital loans to tenants. The Company bases its assessment of the collectability of rent receivables and working capital loans to tenants on several factors, including payment history, the financial strength of the tenant and any guarantors, the value of the underlying collateral, and current economic conditions. If the Company's evaluation of these factors indicates it is probable that the Company will be unable to receive the rent payments or payments on a working capital loan, the Company provides a reserve against the recognized straight-line rent receivable asset or working capital loan for the portion that we estimate may not be recovered. If the Company changes its assumptions or estimates regarding the collectability of future rent payments required by a lease or required from a working capital loan to a tenant, the Company may adjust its reserve to increase or reduce the rental revenue or interest revenue from working capital loans to tenants recognized in the period the Company makes such change in its assumptions or estimates.

As of March 31, 2018 and December 31, 2017, the Company allowed for approximately \$2.0 million and \$2.6 million, respectively, of gross patient care related receivables arising from its legacy operations. Allowances for patient care receivables are estimated based on an aged bucket method as well as additional analyses of remaining balances incorporating different payor types. Any changes in patient care receivable allowances are recognized as a component of discontinued operations. All uncollected patient care receivables were fully allowed at March 31, 2018 and December 31, 2017. Accounts receivable, net, totaled \$0.6 million at March 31, 2018 and \$0.9 million at December 31, 2017.

Pre-paid expenses and other

As of March 31, 2018 and December 31, 2017, the Company had \$0.5 million and \$0.3 million, respectively, in pre-paid expenses and other, primarily for directors’ and officers’ insurance and mortgage insurance premiums.

Self-Insurance

The Company has self-insured against professional and general liability claims since it discontinued its healthcare operations during 2014 and 2015 in connection with its transition from an owner and operator of healthcare properties to a healthcare property holding and leasing company (see Part II, Item 8, Notes to Consolidated Financial Statements, Note 15 – Commitments and Contingencies in the Annual Report for more information). The Company evaluates quarterly the adequacy of its self-insurance reserve based on a number of factors, including (i) the number of actions pending and the relief sought; (ii) analyses provided by defense counsel, medical experts or other information which comes to light during discovery; (iii) the legal fees and other expenses anticipated to be incurred in defending the actions; (iv) the status and likely success of any mediation or settlement discussions, including estimated settlement amounts and legal fees and other expenses anticipated to be incurred in such settlement, as applicable; and (v) the

venues in which the actions have been filed or will be adjudicated. The Company believes that most of the professional and general liability actions are defensible and intends to defend them through final judgment unless settlement is more advantageous to the Company. Accordingly, the self-insurance reserve reflects the Company's estimate of settlement amounts for the pending actions, if applicable, and legal costs of settling or litigating the pending actions, as applicable. Because the self-insurance reserve is based on estimates, the amount of the self-insurance reserve may not be sufficient to cover the settlement amounts actually incurred in settling the pending actions, or the legal costs actually incurred in settling or litigating the pending actions. See Note 8 – Accrued Expenses and Other.

Reclassifications

Certain reclassifications have been made to the 2017 financial information to conform to the 2018 presentation with no effect on the Company's consolidated financial position or results of operations. These reclassifications did not affect total assets, total liabilities, or stockholders' equity. Reclassifications were made to the consolidated statements of operations for the three months ended March 31, 2017 to conform the presentation of management fee revenues and its related expense, previously reported as general and administrative expense. Reclassifications were made to the consolidated statements of cash flows for

the three months ended March 31, 2017 to include restricted cash in cash and restricted cash at the beginning-of-period and end-of-period totals.

Recently Adopted Standards

On January 1, 2018 the Company adopted Accounting Standards Update (“ASU”) 2014-09, Revenue from Contracts with Customers, as codified in Accounting Standards Codification (“ASC”) 606, which requires a company to recognize revenue when the company transfers control of promised goods and services to a customer. Revenue is recognized in an amount that reflects the consideration to which a company expects to receive in exchange for such goods and services. The new revenue standard does not apply to rental revenues, which are the Company’s primary source of revenue. A company is also required to disclose sufficient quantitative and qualitative information for financial statement users to understand the nature, amount, timing and uncertainty of revenue and associated cash flows arising from contracts with customers. The Financial Accounting Standards Board (“FASB”) has issued several amendments to the standards, which are intended to promote a more consistent interpretation and application of the principals outlined in the standard. The new revenue standard is effective for annual reporting periods beginning after December 15, 2017, including interim periods within those reporting periods.

The Company has one contract to manage (the “Management Contract”) two skilled nursing facilities and one independent living facility for a third-party, with payment for each month of service received in full on a monthly basis.

Companies are permitted to adopt the standard using a retrospective transition method (i.e., restate all prior periods presented) or a cumulative effect method (i.e., recognize the cumulative effect of initially applying the guidance at the date of initial application with no restatement of prior periods). However, both methods allow companies to elect certain practical expedients on transition that will help to simplify how a company restates its contracts. The Company adopted the standard using the cumulative effect method. As a result of the adoption of this guidance, for the three months ended March 31, 2017, the Company reclassified expenses related to the Management Contract from General and administrative expense to Cost of management fees on the consolidated statements of operations.

In August 2016, the FASB issued ASU 2016-15, Classification of Certain Cash Receipts and Cash Payments, guidance which clarifies the treatment of several cash flow categories. In addition, the guidance clarifies that when cash receipts and cash payments have aspects of more than one class of cash flows and cannot be separated, classification will depend on the predominant source or use. This update is effective for annual periods beginning after December 15, 2017, and interim periods within those fiscal years. The Company adopted the guidance for the three month period ending March 31, 2018 with an effective date of January 1, 2018. The adoption of ASU 2016-15 did not have a material effect on the Company’s consolidated financial statements.

In November 2016, the FASB issued ASU 2016-18, Restricted Cash, that requires that the statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash. Therefore, amounts generally described as restricted cash will be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. ASU 2016-18 is effective for annual and interim periods beginning after December 15, 2017 and early adoption is permitted using a retrospective transition method to each period presented. The Company adopted the guidance with an effective date of January 1, 2018. Given this change, transfers between cash and restricted cash are no longer reported as cash flow activities on the statement of cash flows and hence reclassifications were made to the consolidated statements of cash flows for the three months ended March 31, 2017 to include restricted cash in cash and restricted cash at the beginning-of-period and end-of-period totals.

Recent Significant Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, Leases, which introduces a lessee model that brings most leases on the balance sheet and, among other changes, eliminates the requirement in current GAAP for an entity to use bright-line tests in determining lease classification. The FASB also issued an Exposure Draft on January 5, 2018 proposing to amend ASU 2016-02, which would provide lessors with a practical expedient, by class of underlying assets, to not separate non-lease components from the related lease components and, instead, to account for those components as a single lease component, if certain criteria are met. ASU 2016-02 and the related Exposure Draft are not effective for the Company until January 1, 2019, with early adoption permitted. The Company is evaluating this guidance and the impact to the Company, as both lessor and lessee, on its consolidated financial condition, results of operations and cash flows.

See Part II, Item 8, Notes to Consolidated Financial Statements, Note 1 – Summary of Significant Accounting Policies included in the Annual Report, for a description of the other accounting pronouncements the Company is currently evaluating.

NOTE 2. EARNINGS PER SHARE

Basic earnings per share is computed by dividing net income or loss attributable to common stockholders by the weighted-average number of shares of common stock outstanding during the respective period. Diluted earnings per share is similar to basic earnings per share except: (i) net income or loss is adjusted by the impact of the assumed conversion of convertible debt into shares of common stock; and (ii) the weighted-average number of shares of common stock outstanding includes potentially dilutive securities (such as options, warrants, non-vested common stock and additional shares of common stock issuable under convertible debt outstanding during the period) when such securities are not anti-dilutive. Potentially dilutive securities from options, warrants and unvested restricted shares are calculated in accordance with the treasury stock method, which assumes that proceeds from the exercise of all options and warrants with exercise prices exceeding the average market value are used to repurchase common stock at market value. The incremental shares remaining after the proceeds are exhausted represent the potentially dilutive effect of the securities. Potentially dilutive securities from convertible debt are calculated based on the assumed issuance at the beginning of the period, as well as any adjustment to income that would result from their assumed issuance. For the three months ended March 31, 2018 and 2017, approximately 1.2 million and 2.8 million shares, respectively, of potentially dilutive securities were excluded from the diluted loss per share calculation because including them would have been anti-dilutive for such periods.

The following tables provide a reconciliation of net loss for continuing and discontinued operations and the number of shares of common stock used in the computation of both basic and diluted earnings per share:

NOTE 3. LIQUIDITY

The Company plans to undertake measures to grow its operations and to streamline its cost infrastructure by: (i) increasing future lease revenue through acquisitions and investments in existing properties; (ii) modifying the terms of existing leases; (iii) refinancing or repaying debt to reduce interest costs and mandatory principal repayments; and (iv) reducing general and administrative expenses.

Management anticipates access to several sources of liquidity, including cash on hand, cash flows from operations, and debt refinancing. At March 31, 2018, the Company had \$3.5 million in unrestricted cash. During the three months ended March 31, 2018, the Company generated positive cash flow from continuing operations of \$0.7 million and anticipates continued positive cash flow from operations in the future. The Board suspended dividend payments with respect to the Series A Preferred Stock for the fourth quarter 2017 and the first quarter 2018 dividend periods. The Board plans to revisit the dividend payment policy with respect to the Series A Preferred Stock in the second quarter of 2018. The Board believes that the dividend suspension will provide the Company with additional funds to meet its ongoing liquidity needs.

As of March 31, 2018, the Company had total current liabilities of \$26.2 million and total current assets of \$6.2 million, resulting in a working capital deficit of approximately \$20.0 million. Included in current liabilities at March 31, 2018 is the \$17.7 million current portion of its \$78.2 million in indebtedness. The current portion of such indebtedness is comprised of: (i) \$15.4 million of long term debt classified as current due to concerns regarding the Company's ability to comply with the terms of a forbearance agreement detailed below in this note, which may cause acceleration of the maturity of such debt, (ii) \$1.3 million mortgage indebtedness under the Company's senior guaranteed debt; and (iii) other debt of approximately \$1.0 million, which includes bond and other mortgage indebtedness. The Company anticipates net principal repayments of approximately \$2.3 million (excluding the acceleration of the \$15.4 million debt described above), during the next twelve-month period, which includes approximately \$0.6 million of payments on other non-routine debt, \$1.6 million of routine debt service amortization, and a \$0.1 million payment of other debt. Management has obtained an additional extension of the maturity date of the Company's credit facility with Housing & Healthcare Funding, LLC (the "Quail Creek Credit Facility"), that is secured by a first mortgage on the real property and improvements constituting the Nursing & Rehabilitation Center located in Oklahoma City, Oklahoma, to April 30, 2019. Management plans to refinance the Quail Creek Credit Facility within the next twelve months, although there is no assurance that the Company will be able to do so on terms that are favorable to the Company or at all.

On February 15, 2018, the Company entered into a debt refinancing ("Pinecone Credit Facility") with Pinecone Realty Partners II, LLC ("Pinecone"), with an aggregate principal amount of \$16.25 million, which refinanced existing mortgage debt in an aggregate amount of \$8.7 million on three skilled nursing properties, and provided additional surplus cash flow of \$6.3 million which is available to fund general corporate needs (see Note 9 – Notes Payable and Other Debt). The surplus cash flow from the Pinecone Credit Facility was used to fund \$2.4 million of self-insurance reserves for professional and general liability claims with respect to 25 professional and general liability actions, and to fund repayment of \$1.5 million in convertible debt. The remaining \$2.4 million in surplus cash proceeds from the Pinecone Credit Facility refinancing will be used for general corporate purposes.

Under the accounting guidance related to the presentation of financial statements, the Company is required to evaluate, on a quarterly basis, whether or not the entity's current financial condition, including its sources of liquidity at the date that the consolidated financial statements are issued, will enable the entity to meet its obligations as they come due arising within one year of the date of the issuance of the Company's consolidated financial statements and to

make a determination as to whether or not it is probable, under the application of this accounting guidance, that the entity will be able to continue as a going concern. The Company's consolidated financial statements have been presented on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

On May 10, 2018, management was notified by Pinecone that the Company was in default on a number of administrative items as outlined in the Pinecone Credit Facility. Management also informed Pinecone that the Company had failed to meet one of its financial covenant obligations, the minimum fixed charge coverage ratio, as outlined in the loan agreement to the Pinecone Credit Facility for the period ended March 31, 2018.

In order to alleviate such defaults, on May 18, 2018, the Company entered into a forbearance agreement with Pinecone (the "Forbearance Agreement"), in which, Pinecone provides a timeline and a number of remedies available to cure all default items and to regain compliance under the Pinecone Credit Facility. The forbearance period is from May 18, 2018, the date of the

execution of the Forbearance Agreement, to July 20, 2018, during which time, the Company must comply with all benchmarks as outlined in the Forbearance Agreement.

Management believes that the overall plan of correction as outlined in the Forbearance Agreement is achievable, however many of the benchmarks, as articulated in the Forbearance Agreement, fall outside of the control of management, and if the Company is unable to satisfy the requirements as outlined, then one of the remedies available to Pinecone is that the entire principal balance of the Pinecone Credit Facility, plus interest and fees, will become immediately due and payable, indicating that substantial doubt exists about whether or not the Company will be able to continue as a going concern within one year after the date that the consolidated financial statements are issued.

In applying the accounting guidance, management considered the Company's current financial condition and liquidity sources, including current funds available, forecasted future cash flows, and the Company's obligations due over the next twelve months in addition to also considering the likelihood that the Company will comply with the requisites as outlined in the Forbearance Agreement and the implications thereof, as well as the Company's recurring costs of operating its business.

There can be no assurance that the Company will be able to cure all of the deficiencies as listed in the Forbearance Agreement or that the Company will be able to continue to comply with all of the various covenants as required by the loan agreement of the Pinecone Credit Facility. The Company's ability to cure its non-compliance with the Pinecone Credit Facility depends, in part, on its ability to work with outside parties, which is not within the Company's exclusive control. If Pinecone were to call the balance of the Pinecone Credit Facility for any reason, and the Company were unable to cure such deficiency, it could have a material adverse consequence on the Company's ability to meet its obligations arising within one year of the date of issuance of these financial statements.

The Company plans to continue to undertake measures to refinance certain loans and to streamline its cost infrastructure. But due to the inherent risks, unknown results and significant uncertainties associated with each of these matters and the direct correlation between these matters and the Company's ability to satisfy its financial obligations that may arise over the applicable one-year period, the Company is unable to conclude that it is probable that the Company will be able to meet its obligations arising within one year of the date of issuance of these consolidated financial statements within the parameters set forth in the accounting guidance.

NOTE 4. CASH AND RESTRICTED CASH

The following presents the Company's cash and restricted cash:

	March 31,	December 31,

The Company does not amortize indefinite-lived intangibles, which consist of separable bed licenses and goodwill.

NOTE 7. LEASES

Operating Leases

The Company leases a total of eleven skilled nursing facilities from unaffiliated owners under non-cancelable leases, all of which have rent escalation clauses and provisions requiring payment of real estate taxes, insurance and maintenance costs by the lessee. Each of the skilled nursing facilities that are leased by the Company are subleased to and operated by third-party tenants. The Company also leases certain office space located in Suwanee, Georgia and Atlanta, Georgia. The Atlanta office space is subleased to a third-party tenant.

As of March 31, 2018, the Company is in compliance with all operating lease financial covenants.

Future Minimum Lease Payments

Future minimum lease payments for each of the next five years ending December 31, are as follows:

	(Amounts in 000's)
2018 ^(a)	\$ 6,262
2019	8,492
2020	8,671
2021	8,830

Thereafter	37,430
Total	\$ 78,711

^(a) Estimated minimum lease payments for the year ending December 31, 2018 include only payments to be paid after March 31, 2018.

Leased and Subleased Facilities to Third-Party Operators

The Company leases or subleases 27 facilities (16 owned by the Company and 11 leased to the Company) to third-party tenants on a triple net basis, meaning that the lessee (i.e., the third-party tenant of the property) is obligated under the lease or sublease, as applicable, for all costs of operating the property, including insurance, taxes and facility maintenance, as well as the lease or sublease payments, as applicable.

Arkansas Leases and Facilities. Until February 3, 2016, the Company subleased nine facilities located in Arkansas (the "Arkansas Facilities") to affiliates of Aria Health Group, LLC ("Aria") pursuant to separate sublease agreements (the "Aria Subleases"). Effective February 3, 2016, the Company terminated each Aria Sublease due to the applicable Aria affiliate's failure to pay rent pursuant to the terms of such sublease. From April 1, 2016 to October 6, 2016, the Company leased the Arkansas Facilities to Skyline Healthcare LLC ("Skyline"), pursuant to a Master Lease Agreement, dated February 5, 2016 (the "Skyline Lease"). The term of the Skyline Lease commenced on April 1, 2016. In connection with the Skyline Lease, the Company entered into an Option Agreement, dated February 5, 2016, with Joseph Schwartz, the manager of Skyline, pursuant to which Mr. Schwartz, or an entity designated by Mr. Schwartz (the "Purchaser"), had an exclusive and irrevocable option to purchase the Arkansas Facilities at a purchase price of \$55.0 million, consisting of cash consideration in the amount of \$52.0 million and a promissory note with a principal amount of \$3.0 million and a maturity date of March 31, 2022 (the "Skyline Note"). The Company completed the sale of

the Arkansas Facilities to the Purchaser on October 6, 2016 in accordance with the terms of the Option Agreement. The Skyline Note is guaranteed by Joseph Schwartz and Roselyn Schwartz (collectively, the “Guarantors”), pursuant to a Guaranty Agreement, dated September 30, 2016 (the “Guaranty”), executed by the Guarantors in favor of the Company (see Part II, Item 8, Notes to Consolidated Financial Statements Note 10 – Acquisitions and Dispositions included in the Annual Report).

In connection with the closing of the sale of the Arkansas Facilities, the Company entered into a Subordination and Standstill Agreement, dated September 26, 2016 (the “Subordination Agreement”), with CIBC (formerly the PrivateBank and Trust Company), as agent for the lenders specified therein (collectively, the “Lenders”). Pursuant to the Subordination Agreement, the Company agreed to subordinate its claims and rights to receive payment under the Skyline Note or any document which may evidence or secure the indebtedness evidenced by such note, other than the Guaranty (collectively, the “Subordinated Debt”), to the claims and rights of the Lenders to receive payment under certain revolving loans, with an initial aggregate principal amount of \$6.0 million, and certain term loans, with an aggregate principal amount of \$45.6 million (collectively, the “Loans”), each extended by certain of the Lenders to affiliates of Skyline (collectively, the “Skyline Borrowers”). Pursuant to the Subordination Agreement, the Company may not accept payment of the Subordinated Debt, or take any action to collect

such payment, if: (i) the Company has received notice from the Lenders that the Skyline Borrowers have failed to meet a specified financial covenant with respect to the Loans; or (ii) a default has occurred or is continuing with respect to the Loans. Pursuant to the Guaranty, the Guarantors have agreed to pay the outstanding principal amount of the Skyline Note, together with all accrued and unpaid interest: (x) on the date on which the Skyline Borrowers or an affiliate thereof repays or refinances any of the Loans; (y) on the date on which the Skyline Borrowers or its affiliates sells any of the Arkansas Facilities which the Skyline Borrowers or its affiliates purchased with proceeds from the Loans; or (z) upon written notice from the Company to the Guarantors any time on or after the two year anniversary of the Skyline Note. As of the date of filing, the Company has not received written notice from the Lenders regarding conditions prohibiting repayment of the Skyline Note.

On April 24, 2018, Skyline entered into a management contract with a third-party to manage the Arkansas Facilities. The Company is negotiating an arrangement with such third-party, pursuant to which the Company would: (i) accept a cash payment from such third-party, within the next few months, in full satisfaction of the Skyline Note at a discount from the full amount outstanding thereunder, and (ii) agree to release the Guarantors from their obligations under the Guaranty. The Company estimates the recoverable amount of the Skyline Note to be in the range of \$0.5 million to \$2.5 million. Consequently, during the three months ended March 31, 2018, the Company recorded an allowance of \$0.5 million on the Skyline Note. On March 31, 2018, the net balance of the Skyline Note was \$2.5 million. In the course of on-going negotiations, as additional facts are known, additional losses on the Skyline Note may be incurred.

Beacon. On August 1, 2015, the Company entered into a lease inducement fee agreement with certain affiliates (collectively, the "Beacon Affiliates") of Beacon Health Management, LLC ("Beacon"), pursuant to which the Company paid a fee of \$0.6 million as a lease inducement for certain Beacon Affiliates (collectively "Beacon Sublessee") to enter into sublease agreements and to commence such subleases and transfer operations thereunder (the "Beacon Lease Inducement"). As of March 31, 2018 the balance of the Beacon Lease Inducement was approximately \$0.5 million. On April 24, 2018, five Beacon affiliates (the "Ohio Beacon Affiliates") informed the Company in writing that they would no longer be operating five (four owned and one leased by the Company) of the Company's facilities located in Ohio (the "Ohio Beacon Facilities") and that they would surrender operation of such facilities to the Company on June 30, 2018. Consequently, the Company is recognizing revenue on a cash basis with respect to the Ohio Beacon Facilities and has expensed approximately \$0.7 million straight-line rent asset and recorded an allowance of \$0.5 million against the Beacon Lease Inducement and \$0.3 million allowance for other receivables (see Note 15- Subsequent Events).

Peach Health. On June 18, 2016, the Company entered into a master sublease agreement (the "Peach Health Sublease") with affiliates (collectively, "Peach Health Sublessee") of Peach Health Group, LLC ("Peach Health"), providing that Peach Health Sublessee would take possession of and operate the three facilities located in Georgia (the "Peach Facilities") as subtenant. The Peach Facilities are comprised of: (i) an 85-bed skilled nursing facility located in Tybee Island, Georgia (the "Oceanside Facility"); (ii) a 50-bed skilled nursing facility located in Tybee Island, Georgia (the "Savannah Beach Facility"); and (iii) a 131-bed skilled nursing facility located in Jeffersonville, Georgia (the "Jeffersonville Facility"). The Jeffersonville Facility and the Oceanside Facility were previously decertified by the U.S. Department of Health and Human Services Centers for Medicare and Medicaid Services ("CMS") in February and May 2016, respectively, for deficiencies related to the operations and maintenance of the facility while operated by the previous sublessee. The Jeffersonville Facility and the Oceanside Facility (the "Peach Recertified Facilities") were recertified by CMS as of December 20, 2016 and February 7, 2017, respectively, which are the rent commencement dates for such facilities. The lease provided for a period of de minimis rent and base rent discounted by 50%.

On March 30, 2018 the Company and Peach Health Sublessee entered into an amendment to the Peach Health Sublease. The amendment provides for: (i) additional four and six month periods of base rent of \$37,080 and \$54,590, discounted by 50%, which rate continued through March 1, 2018, for the Oceanside Facility and the Jeffersonville Facility, respectively and (ii) beginning April 1, 2018 provides for additional rent payment amounts of \$2,500 and \$3,400 per month for the Oceanside Facility and the Jeffersonville Facility, respectively. The additional

rent for each of the Peach Facilities will escalate at a rate of 3% each year on April 1st of each remaining year of the term, and any extension thereof.

In connection with the Peach Health Sublease, the Company extended a line of credit to Peach Health Sublessee for up to \$1.0 million for operations at the Peach Facilities (the "Peach Line"), with interest accruing on the unpaid balance under the Peach Line at a starting interest rate of 13.5%, which increases by 1% per annum. The entire principal amount due under the Peach Line, together with all accrued and unpaid interest thereunder, was due one year from the date of the first disbursement. The Peach Line was secured by a first priority security interest in Peach Health Sublessee's assets and accounts receivable. On April 6, 2017, the Company modified certain terms of the Peach Line in connection with Peach Health Sublessee securing a \$2.5 million revolving working capital loan from a third party lender (the "Peach Working Capital Facility"), subsequently capped at \$1.75 million, which matures April 5, 2020. The Peach Working Capital Facility is secured by the eligible accounts receivable, and all the collections on the eligible accounts receivable are remitted to a lockbox controlled by the lender. The modifications of the Peach Line include (as so amended, the "Peach Note"): (i) reducing the loan balance to \$0.8 million and restricting

further borrowings; (ii) extending the maturity of the loan to October 1, 2020 and adding a six month extension option by Peach Health Sublessee, assuming certain conditions precedent are met at the time of the exercise of the option; (iii) increasing the interest rate from 13.5% per annum by 1% per annum; and (iv) establishing a four year amortization schedule. Payment of principal and interest under the Peach Note is governed by certain financial covenants limiting distributions under the Peach Working Capital Facility. Furthermore, the Company guaranteed Peach Health Sublessee's borrowings under the Peach Working Capital Facility subject to certain burn-off provisions (i.e., the Company's obligations under such guaranty cease after the later of 18 months or achievement of a certain financial ratio by Peach Health Sublessee). The Company is obligated to pay the outstanding balance on the Peach Working Capital Facility (after application of all eligible accounts receivable collections by the lender) if Peach Health Sublessee fails to comply with the Peach Working Capital Facility obligations and covenants. Fair value of the liability using the expected present value approach is immaterial.

At March 31, 2018, there was approximately \$1.0 million outstanding on the Peach Note.

Future minimum lease receivables from the Company's facilities leased and subleased to third party tenants for each of the next five years ending December 31 are as follows:

	(Amounts in 000's) (a)

^(b)For the seven skilled nursing facilities, the Company has term loans insured 100% by HUD with financial institutions. The loans are secured by, among other things, an assignment of all rents paid under any existing or future leases and rental agreements with respect to the underlying facility. The loans contain customary events of default, including fraud

or material misrepresentations or material omission, the commencement of a forfeiture action or proceeding, failure to make required payments, and failure to perform or comply with certain agreements. Upon the occurrence of certain events of default, the lenders may, after receiving the prior written approval of HUD, terminate the loans and all amounts under the loans will become immediately due and payable. In connection with entering into each loan, the Company entered into a healthcare regulatory agreement and a promissory note, each containing customary terms and conditions.

(c) For the four skilled nursing facilities, the Company has term loans insured 70% to 80% by the USDA with financial institutions. The loans have an annual renewal fee for the USDA guarantee of 0.25% of the guaranteed portion. The loans have prepayment penalties of 3% to 4% through 2018, which declines 1% each year, capped at 1% for the remainder of the first 10 years of the term and 0% thereafter.

(d) For each of the two facilities, the Company has a term loan with a financial institution, which is insured 75% by the SBA.

(e) On February 15, 2018, the Company repaid these loans with proceeds from the Pinecone Credit Facility (described below, see “Senior debt - other mortgage indebtedness” in this Note below).

New Financing

On February 15, 2018 (the "Closing Date"), the Company entered into the Pinecone Credit Facility with Pinecone. The Company borrowed an aggregate principal amount of \$16.25 million. The Pinecone Credit Facility refinanced existing mortgage debt in an aggregate amount of \$8.7 million on three skilled nursing properties, as shown in the table below (the "Facilities").

	Total	\$ 8,744	\$ 16,250

*Excludes 3% finance fee due upon maturity

The maturity date of the Pinecone Credit Facility is August 15, 2020 and bears interest at a fixed rate equal to 10% per annum for the first three months after the Closing Date and at a fixed rate equal to 12.5% per annum thereafter, subject to adjustment upon an event of default and specified regulatory events. The Pinecone Credit Facility is secured by, among other things, first priority liens on the Facilities and all tangible and intangible assets of the borrowers owning the Facilities, including all rent payments received from the operators thereof. Beginning March 1, 2018, the first payment date, accrued and unpaid interest on the outstanding principal amount of the Pinecone Credit Facility is payable in consecutive monthly installments. The entire unpaid principal amount of the Pinecone Credit Facility is due on the maturity date, together with all accrued and unpaid interest and a finance fee equal to 3% of the original principal amount.

The Pinecone Credit Facility is subject to customary operating and financial covenants and regulatory conditions for each of the Facilities, which could result in additional monthly interest charges during any non-compliance and cure period. The Pinecone Credit Facility is prepayable in full beginning on the date that is thirteen months after the Closing Date, subject to the payment of a specified finance fee and, with respect to any prepayment made between March 15, 2019 and September 15, 2019, a prepayment premium equal to 1% of the principal amount being repaid. A specified early termination fee is payable in the event any amount is prepaid (in whole or in part) or is accelerated on or before the first anniversary of the Closing Date.

The Pinecone Credit Facility and the related documentation provide for customary events of default. Upon the occurrence of certain events of default, Pinecone may declare the entire unpaid principal balance under the Pinecone Credit Facility, together with all accrued interest and other amounts payable, immediately due and payable.

On May 10, 2018, management was notified by Pinecone that the Company was in default on a number of administrative items as outlined in the Pinecone Credit Facility, consequently the fixed interest rate will be equal to 13.5% commencing May 18, 2018. For further information, see Note – 3 Liquidity and Note 15 – Subsequent Events.

Debt Covenant Compliance

As of March 31, 2018, the Company had approximately 23 credit related instruments outstanding that include various financial and administrative covenant requirements. Covenant requirements include, but are not limited to, fixed charge coverage ratios, debt service coverage ratios, minimum EBITDA or EBITDAR, and current ratios. Certain financial covenant requirements are based on consolidated financial measurements whereas others are based on measurements at the subsidiary level (i.e., facility, multiple facilities or a combination of subsidiaries). The subsidiary level requirements are as follows: (i) financial covenants measured against subsidiaries of the Company; and (ii) financial covenants measured against third-party operator performance. Some covenants are based on annual financial metric measurements whereas others are based on monthly and quarterly financial metric measurements. The Company routinely tracks and monitors its compliance with its covenant requirements.

The Company was not in compliance with various non-financial covenants and the combined fixed charge coverage ratio required under the Pinecone Credit Facility as of March 31, 2018. The Pinecone Credit Facility requires the Company maintain a combined fixed charge coverage ratio of 1.2, and the Company's combined fixed charge coverage ratio was equal to 1.1 as of March 31, 2018. On May 18, 2018 the Company entered into the Forbearance Agreement, pursuant to which Pinecone granted a waiver with respect to such covenant violations. For further information see Note 3 – Liquidity and Note 15 – Subsequent Events.

NOTE 11. COMMON AND PREFERRED STOCK**Common and Preferred Stock Repurchase Activity**

In November 2016, the Board approved two share repurchase programs (collectively, the "November 2016 Repurchase Program"), pursuant to which management was authorized to repurchase up to 1.0 million shares of the common stock and 100,000 shares of the Series A Preferred Stock during a twelve-month period. Share repurchases under the November 2016 Repurchase Program could be made from time to time through open market transactions, block trades or privately negotiated transactions and were subject to market conditions, as well as corporate, regulatory and other considerations. The Company could suspend or continue the November 2016 Repurchase Program at any time and had no obligation to repurchase any amount of the common stock or the Series A Preferred Stock under such program. The November 2016 Repurchase Program was suspended in February 2017.

During the three months ended March 31, 2017, the Company repurchased 118,199 shares of the common stock pursuant to the November 2016 Repurchase Program for \$0.2 million at an average price of \$1.54 per share, exclusive of commissions and related fees, and made no repurchases during the three months ended March 31, 2018. During the three months ended March 31, 2018 and 2017, respectively, the Company made no repurchases of the Series A Preferred Stock.

Preferred Stock Offerings and Dividends

No dividends were declared or paid on the Series A Preferred Stock for the three months ended March 31, 2018. Dividends declared and paid on shares of the Series A Preferred Stock were \$0.68 per share per quarter, or \$1.9 million, for the three months ended March 31, 2017.

As of March 31, 2018, as a result of the suspension of the dividend payment on the Series A Preferred Stock for the fourth quarter 2017 and first quarter 2018, the Company has \$3.8 million of undeclared preferred stock dividends in arrears, \$1.9 million per quarter. Holders of the Series A Preferred Stock are entitled to receive, when and as declared by the Board out of funds of the Company legally available for the payment of distributions, cumulative preferential

cash dividends at an annual rate equal to 10.875% of the \$25.00 per share stated liquidation preference of the Series A Preferred Stock, which is equivalent to an annual rate of \$2.72 per share. Dividends on the Series A Preferred Stock are payable quarterly in arrears, on March 31, June 30, September 30, and December 31, of each year, although the Board has suspended dividend payments for the fourth quarter 2017 and first quarter 2018 dividend periods. Under the terms of the Series A Preferred Stock, dividends on the Series A Preferred Stock shall continue to accrue and accumulate regardless of whether such dividends are declared by the Board. If the Company fails to pay cash dividends on the outstanding Series A Preferred Stock in full for any four consecutive or non-consecutive dividends periods, then (i) the annual dividend rate on the Series A Preferred Stock will be increased to 12.875%, commencing on the first day after the missed fourth quarterly payment and continuing until the second consecutive dividend payment date following such time as the Company has paid all accumulated and unpaid dividends on the Series A Preferred Stock in full in cash; and (ii) the holders of the Series A Preferred Stock will be entitled to vote, as a single class, for the election of two additional directors to serve on the Board.

As of March 31, 2018, the Company had 2,811,535 shares of the Series A Preferred Stock issued and outstanding.

Holders of the Series A Preferred Stock generally have no voting rights but have limited voting rights under certain circumstances. The Company may, at its option, redeem the Series A Preferred Stock, in whole or in part, by paying \$25.00 per share, plus any accrued and unpaid dividends to the redemption date.

For historical information regarding the Series A Preferred Stock, the Company's former "at-the-market" offering program and prior share repurchase programs, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 12 – Common and Preferred Stock included in the Annual Report.

NOTE 12. STOCK BASED COMPENSATION

Stock Incentive Plan

The AdCare Health Systems, Inc. 2011 Stock Incentive Plan, as amended (the "2011 Stock Incentive Plan"), was assumed by Regional Health pursuant to the Merger. As a result of the Merger, all rights to acquire shares of AdCare common stock under any AdCare equity incentive compensation plan have been converted into rights to acquire Regional Health common stock pursuant to the terms of the equity incentive compensation plans and other related documents, if any. The 2011 Stock Incentive Plan expires March 28, 2021 and provides for a maximum of 2,027,393 shares of common stock to be issued. The 2011 Stock Incentive Plan permits the granting of incentive or nonqualified stock options and the granting of restricted stock. The plan is administered by the Compensation Committee of the Board (the "Compensation Committee"), pursuant to authority delegated to it by the Board. The Compensation Committee is responsible for determining the employees to whom awards will be made, the amounts of the awards, and the other terms and conditions of the awards. As of March 31, 2018, the number of securities remaining available for future issuance is 723,530.

In addition to the 2011 Stock Incentive Plan, the Company grants stock warrants to officers, directors, employees and certain consultants to the Company from time to time as determined by the Board and, when appropriate, the Compensation Committee.

For the three months ended March 31, 2018 and 2017, there were no issuances of common stock options or warrants.

NOTE 13. COMMITMENTS AND CONTINGENCIES

Regulatory Matters

Laws and regulations governing federal Medicare and state Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future governmental review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from certain governmental programs. As of March 31, 2018, all of the Company's facilities leased and subleased to third-party operators and managed for third-parties are certified by CMS and operational (see Note 7 - Leases).

Legal Matters

The Company is party to various legal actions and administrative proceedings and is subject to various claims arising in the ordinary course of business, including claims that the services the Company provided during the time it operated skilled nursing facilities resulted in injury or death to the patients of the Company's facilities and claims related to professional and general negligence, employment, staffing requirements and commercial matters. Although the Company intends to vigorously defend itself in these matters, there is no assurance that the outcomes of these matters will not have a material adverse effect on the Company's business, results of operations and financial condition.

The Company previously operated, and the Company's tenants now operate, in an industry that is extremely regulated. As such, in the ordinary course of business, the Company's tenants are continuously subject to state and federal regulatory scrutiny, supervision and control. Such regulatory scrutiny often includes inquiries, investigations, examinations, audits, site visits and surveys, some of which are non-routine. In addition, we believe that there has been, and will continue to be, an increase in governmental investigations of long-term care providers, particularly in the area of Medicare/Medicaid false claims, as well as an increase in enforcement actions resulting from these investigations. Adverse determinations in legal proceedings or governmental investigations against or involving the Company, for the Company's prior operations, or the Company's tenants, whether currently asserted or arising in the future, could have a material adverse effect on the Company's business, results of operations and financial condition.

Professional and General Liability Claims. As of March 31, 2018, the Company is a defendant in 34 professional and general liability actions commenced on behalf of former patients. These actions generally seek unspecified compensatory and punitive damages for former patients of the Company who were allegedly injured or died while patients of facilities operated by the Company due to professional negligence or understaffing. As of March 31, 2018, 22 of such actions were filed in the State of Arkansas by the same plaintiff attorney who represented the plaintiffs in a purported class action lawsuit against the Company previously disclosed as the Amy Cleveland Class Action (which settled in December 2015), and such 22 actions were subject to a settlement in principle as discussed below, subject to approval of the probate court. Of the original 25 actions subject to the settlement in principle, the probate court approved settlements with respect to three of such actions during the quarter ended March 31, 2018 and approved settlements with respect to 15 of such actions subsequent to March 31, 2018. Of the 12 actions not subject to settlement in principle, two of such pending actions are covered by insurance, except that any award of punitive damages would be excluded from such coverage.

On March 12, 2018, the Company entered into a separate mediation settlement agreement with respect to each of the original 25 actions (22 such actions remaining subject to settlement in principle, at March 31, 2018), filed in the State of Arkansas relating to the settlement in principle of such actions, subject to the satisfaction of certain specified conditions. Each mediation settlement agreement provides for payment by the Company of a specified settlement amount, which settlement amount with respect to each action was deposited into the mediator's trust account. The

aggregate settlement amount, for all such 25 actions before related insurance proceeds is \$5.2 million. The settlement of each such action must be individually approved by the probate court, and the settlement of one action is not conditioned upon receipt of the probate court's approval with respect to the settlement of any other action. Upon the probate court approving, with respect to a particular action, the settlement and an executed settlement and release agreement, the settlement amount with respect to such action will be disbursed to the plaintiff's counsel. Under the settlement and release agreement with respect to a particular action, the Company will be released from any and all claims arising out of the applicable plaintiff's care while the plaintiff was a resident of one of the Company's facilities.

In connection with a dispute between the Company and the Company's former commercial liability insurance provider regarding, among other things, the Company's insurance coverage with respect to the 25 actions filed in the State of Arkansas, the former insurer filed a complaint in May 2016 against the Company seeking, among other things, a determination that the former insurer had properly exhausted the limits of liability of certain of the Company's insurance policies issued by the former insurer, and the Company subsequently filed a counterclaim against the former insurer regarding such matters (collectively, the "Coverage Litigation"). On March 12, 2018, the former insurer and the Company entered into a settlement agreement (the

“Coverage Settlement Agreement”), providing for, among other things, a settlement payment by the former insurer in the amount of approximately \$2.8 million, (the “Insurance Settlement Amount”), the dismissal with prejudice of the Coverage Litigation, a customary release of claims by the former insurer and the Company, and agreement that that the former insurer has exhausted the policies’ respective limits of liability and has no further obligations under the policies. Pursuant to the Coverage Settlement Agreement: (i) on March 16, 2018, the former insurer deposited the Insurance Settlement Amount into the trust account of the mediator with respect to the 25 actions; and (ii) on March 20, 2018, the former insurer and the Company caused the Coverage Litigation, including the counterclaim, to be dismissed with prejudice.

Assuming, and subject to, the approval by the probate court of the settlement of each of the original 25 actions filed in the State of Arkansas and related matters, and the satisfaction of the other conditions with respect thereto, the Company will pay, net of the Insurance Settlement Amount, an aggregate of approximately \$2.4 million in settlement of such actions. The probate court approved settlements with respect to three of the 25 Arkansas actions during the quarter ended March 31, 2018 and approved settlements with respect to 15 of the 25 actions subsequent to March 31, 2018, and approximately \$0.5 million and \$3.3 million, respectively, was paid from the mediator’s trust account in such settlements. The Company gives no assurance that the probate court will approve the settlement of the remaining 7 Arkansas actions pending approval or that the other conditions to such settlements will be satisfied, or that such actions will be settled on the terms described herein or at all.

In the first quarter of 2018, the Company settled four professional and general liability actions (other than those subject to mediation settlement agreements as discussed above) for the total of \$670,000. A majority of the settlements include payment terms greater than one year.

The Company established a self-insurance reserve for these professional and general liability claims, included within “Accrued expenses and other” in the Company’s consolidated balance sheets of \$2.4 million and \$5.1 million at March 31, 2018, and December 31, 2017, respectively. Additionally as of March 31, 2018, and December 31, 2017, \$0.1 and \$0.2 million respectively, was reserved for settlement amounts in “Other liabilities”, and \$0.6 million and \$0.5 million in “Accounts payable” in the Company’s consolidated balance sheets, respectively. For additional information regarding the Company’s self-insurance reserve, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 15 – Commitments and Contingencies included in the Annual Report.

Aria Bankruptcy Proceeding. On May 31, 2016, Highlands Arkansas Holdings, LLC, an affiliate of Aria (“HAH”) and nine affiliates of HAH (collectively with HAH, the “Debtors”), filed petitions in the United States Bankruptcy Court for the District of Delaware for relief under Chapter 7 of the United States Bankruptcy Code. Following venue transfer from the Delaware court, these cases are pending in the United States Bankruptcy Court for the Eastern District of Arkansas.

On July 17, 2015, the Company made a short-term loan to HAH, for working capital purposes, and, in connection therewith, HAH executed a promissory note (the “HAH Note”) in favor of the Company. Since July 17, 2015, the HAH Note has been amended from time to time and currently has an outstanding principal balance of \$1.0 million that matured on December 31, 2015. On October 6, 2015, HAH and the Company entered into a security agreement, whereby HAH granted the Company a security interest in all accounts arising from the business of HAH and the Aria Sublessees, and all rights to payment from patients, residents, private insurers and others arising from the business of HAH and the Aria Sublessees (including any proceeds thereof), as security for payment of the HAH Note, as amended, and certain rent and security deposit obligations of the Aria Sublessees under Aria Subleases.

On April 21, 2017, the Company moved for relief from the automatic stay seeking release of its collateral, the Debtors’ accounts and their proceeds, the value of which the trustee has represented as a total of approximately \$0.8 million. The Company’s motion was opposed by the Chapter 7 trustee and another creditor in May 2017. In its

objection, the Chapter 7 trustee asserts that the Company is not entitled to any of the \$0.8 million with respect to the HAH Note. Discovery with respect to the motion is ongoing and the matter is currently not on the calendar. In addition to opposing the Company's claim to the \$0.8 million, the Chapter 7 trustee has also indicated he was investigating avoidance claims against the Company with respect to funds the Company received from the Debtors prior to the bankruptcy filings. On March 28, 2018, such avoidance case was filed, requesting relief in an amount of \$4.7 million, which the Company believes to be without merit and intends to vigorously defend against. For the year ended December 31, 2017 the Company has charged approximately \$0.6 million to bad debt expense on the HAH Note. The Company believes it acted in good faith and as it is the only secured creditor believes that the remaining balance on the HAH Note is collectible. There is no guarantee that the bankruptcy court will approve repayment of the HAH Note to the Company or that the Company will prevail in the avoidance action that has been filed against it.

NOTE 14. RELATED PARTY TRANSACTIONS

McBride Matters

During the three months ended March 31, 2018 the Company paid \$36,600 to Mr. McBride, the Company's former Chief Executive Officer and a former director, pursuant a Settlement Agreement and Mutual Release the Company entered into with Mr. McBride on September 26, 2017.

For additional information regarding the Company's related party transactions, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 18 – Related Party Transactions included in the Annual Report.

NOTE 15. SUBSEQUENT EVENTS

The Company has evaluated all subsequent events through the date the consolidated financial statements were issued and filed with the SEC. The following is a summary of the material subsequent events.

Forbearance Agreement

On May 18, 2018, (“the Forbearance Date”), the Company entered into a Forbearance Agreement in association with the Pinecone Credit Facility, whereby the Company was notified of certain events of default under the loan agreements of the Pinecone Credit Facility. Such Forbearance Agreement outlines a plan of correction whereby the Company may regain compliance under its obligations pertaining to the loan documents of the Pinecone Credit Facility, through a forbearance period ending July 20, 2018. Some requirements outlined in the Forbearance Agreement include, among other items, the hiring of a special consultant to advise Management on operational improvements and to assist in coordinating overall company strategy. Pursuant to the Forbearance Agreement, the Company and Pinecone agreed to amend certain provisions of the Pinecone Credit Facility. Such amendments, among other things: (i) eliminate the Company's obligation to complete the Lease Assignments; (ii) require the payment of a specified “break-up fee” upon certain events, including prepayment of the Pinecone Credit Facility or a change of control; (iii) increase the ongoing interest rate from 12.5% per annum to 13.5% effective May 18, 2018, and (iii) increase the outstanding principal balance of the Pinecone Credit Facility by 2.5%, as of the Forbearance Date.

Notification of Potential Employer Shared Responsibility Payment

On April 2, 2018, the Company received notification from the Internal Revenue Service (“IRS”), on Letter 226-J, that the Company may be liable for an Employer Shared Responsibility Payment (“ESRP”) in the amount of \$2.9 million for the year ended December 31, 2015. The ESRP is applicable to employers that had 50 or more full-time equivalent employees, did not offer minimum essential coverage (“MEC”) to at least 70% of full-time employees (and their dependents) or did offer MEC to at least 70% of full time-employees (and their dependents), which did not meet the affordable or minimum value criteria and had one or more employees who claimed the Employee Premium Tax Credit (“PTC”) pursuant to the Affordable Care Act (the “ACA”). The IRS determines which employers receive Letter 226-J and the amount of the proposed ESRP from information that the employers complete on their information returns (IRS Forms 1094-C and 1095-C) and from the income tax returns of their employees. The letter indicated that none of the Company's employees claimed the PTC. The Company engaged third party providers to assist the Company with complying with the provisions of the ACA for the year ended December 31, 2015 to ensure the Company offered plans that would not require ESRP. On April 10, 2018 the Company responded to the IRS with appropriate documentation to prove the Company has no ESRP liability, and on May 8, 2018 the Company received written confirmation from the IRS that is in agreement with the Company's findings.

Extension of Quail Creek Credit Facility

On April 30, 2018, the Company extended the maturity date of the Quail Creek Credit Facility to April 30, 2019. There is no assurance that the Company will be able to refinance or further extend the maturity date of the Quail Creek Credit Facility on terms that are favorable to the Company or at all.

Notice of Facility Surrender by Tenants

On April 24, 2018, the Company received notice from five of its Ohio facility tenants, affiliated with Beacon, that they will be vacating the Company's properties on June 30, 2018. The Company intends to enforce its rights under the applicable sublease agreements for such five facilities and pursue all remedies available to it under such sublease agreements and applicable law. Consequently the Company is recognizing revenue on a cash basis and has expensed approximately \$0.7 million of straight-line rent asset and recorded an allowance of \$0.5 million against the Beacon Lease Inducement and \$0.3 million for other receivables. The Company is in negotiations with new tenant operators for such facilities.

The annualized cash rent for 2018 per the lease agreements for the Ohio Beacon Affiliates is shown below:

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward Looking Statements

This Quarterly Report and certain information incorporated herein by reference contain forward-looking statements and information within the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). This information includes assumptions made by, and information currently available to management, including statements regarding future economic performance and financial condition, liquidity and capital resources, and management's plans and objectives. In addition, certain statements included in this Quarterly Report, in the Company's future filings with the SEC, in press releases, and in oral and written statements made by us or with our approval, which are not statements of historical fact, are forward-looking statements. Words such as "may," "could," "should," "would," "believe," "expect," "anticipate," "estimate," "intend," "seek," "plan," "project," "continue," "pre" words or expressions of similar meaning are intended by us to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Forward-looking statements are based on the Company's current expectations about future events or results and information that is currently available to us, involve assumptions, risks, and uncertainties, and speak only as of the date on which such statements are made.

All forward-looking statements are subject to the risks and uncertainties inherent in predicting the future. The Company's actual results may differ materially from those projected, stated or implied in these forward-looking statements as a result of many factors, including the Company's critical accounting policies and risks and uncertainties related to, but not limited to, the operating results of the Company's tenants, the overall industry environment and the Company's financial condition. These and other risks and uncertainties are described in more detail in the Company's most recent Annual Report, as well as other reports that the Company files with the SEC.

Forward-looking statements speak only as of the date they are made and should not be relied upon as representing the Company's views as of any subsequent date. The Company undertakes no obligation to update or revise such statements to reflect new circumstances or unanticipated events as they occur, except as required by applicable laws, and you are urged to review and consider disclosures that the Company makes in this Quarterly Report and other reports that the Company files with the SEC that discuss factors germane to the Company's business.

Overview

Regional Health, through its subsidiaries (together, the “Company” or “we”), is a self-managed real estate investment company that invests primarily in real estate purposed for long-term care and senior living. Our business primarily consists of leasing and subleasing healthcare facilities to third-party tenants. As of March 31, 2018, the Company owned, leased, or managed for third parties 30 facilities primarily in the Southeast.

The operators of the Company’s facilities provide a range of health care and related services to patients and residents, including skilled nursing and assisted living services, social services, various therapy services, and other rehabilitative and healthcare services for both long-term and short-stay patients and residents.

The following table provides summary information regarding the number of facilities and related operational beds/units as of March 31, 2018:

- ⁽¹⁾Represents the number of facilities leased or subleased to separate tenants, of which each tenant is an affiliate of the entity named in the table above. For a more detailed discussion, see Note 7 – Leases and Note 15 – Subsequent Events located in Part I, Item 1, of this Quarterly Report; Part II, Item 8, Notes to Consolidated Financial Statements, Note 7 – Leases included in the Annual Report; and “Portfolio of Healthcare Investments” included in Part I, Item 1, Business included in the Annual Report.
- ⁽²⁾On April 24, 2018, the Company received notice from the Ohio Beacon Affiliates, that they would no longer be operating five (four owned and one leased by the Company) of the Company’s facilities located in Ohio commencing July 1, 2018. Regional is currently in negotiations with suitably qualified replacement operators to take possession of the Ohio Beacon Facilities on July 1, 2018. There is no assurance that Regional will be able to execute new leases with respect to the Ohio Beacon Facilities on substantially equivalent terms to the Sublease Agreements or at all or that, if new leases are executed, the new tenants will be able to take possession of the Ohio Beacon Facilities on July 1, 2018.

Portfolio Occupancy Rates

The following table provides summary information regarding our portfolio facility-level occupancy rates for the periods shown:

⁽²⁾ On April 24, 2018, the Company received notice from the Ohio Beacon Affiliates, that they would no longer be operating five (four owned and one leased by the Company) of the Company's facilities located in Ohio commencing July 1, 2018. Straight-line annual lease revenue included in the table above relating to these five facilities is approximately \$3.3 million. The Company intends to enforce its rights under the applicable

sublease agreements for such Ohio Beacon Facilities and pursue all remedies available to it under such sublease agreements and applicable law. Regional is currently in negotiations with suitably qualified replacement operators to take possession of the Ohio Beacon Facilities on July 1, 2018. There is no assurance that Regional will be able to execute new leases with respect to the Ohio Beacon Facilities on substantially equivalent terms to the Sublease Agreements or at all or that, if new leases are executed, the new tenants will be able to take possession of the Ohio Beacon Facilities on July 1, 2018. Regional intends to enforce its rights under the Sublease Agreements and pursue all remedies available to it under the Sublease Agreements and applicable law.

Acquisitions

There were no acquisitions during the three months ended March 31, 2018. For historical information regarding the Company's acquisitions, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 10 – Acquisitions and dispositions included in the Annual Report.

Divestitures

There were no divestitures for the three months ended March 31, 2018. For historical information regarding the Company's divestitures, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 11 – Discontinued Operations included in the Annual Report.

Critical Accounting Policies

We prepare our financial statements in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Rule 8-03 of Article 8 of Regulation S-X. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amount of assets, liabilities, revenues and expenses. On an ongoing basis we review our judgments and estimates, including, but not limited to, those related to doubtful accounts, income taxes, stock compensation, intangible assets and loss contingencies. We base our estimates on historical experience, business knowledge and on various other assumptions that we believe to be reasonable under the circumstances at the time. Actual results may vary from our estimates. These estimates are evaluated by management and revised as circumstances change.

For a discussion of our critical accounting policies and recent accounting pronouncements not yet adopted by the Company see Note 1 – Organization and Significant Accounting Policies to the Company's Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Results of Operations

The following table sets forth, for the periods indicated, unaudited statement of operations items and the amounts and percentages of change of these items. The results of operations for any particular period are not necessarily indicative of results for any future period. Three Months Ended March 31, 2018 and 2017

Rental Revenues—Rental revenue decreased by approximately \$0.1 million, or 1.2%, to \$5.7 million for the three months ended March 31, 2018, compared with \$5.8 million for the same period in 2017. The decrease reflects the reduced payment of rent we received from the Ohio Beacon Affiliates, who have notified us of their intention to vacate our facilities on June 30, 2018. The Company recognizes all rental revenues on a straight line rent accrual basis, except with respect to the Ohio Beacon Affiliates and the Oceanside Facility prior to recertification (which was recertified by CMS, in February 2017), for which rental revenue is recognized based on cash received.

Facility Rent Expense—Facility rent expense was \$2.2 million for the three months ended March 31, 2018, and \$2.2 million for the same period in 2017. For further information, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 7 – Leases, included in the Annual Report and Note 7 – Leases to the Company’s Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Depreciation and Amortization—Depreciation and amortization increased by \$0.1 million, or 7.6%, to \$1.2 million for the three months ended March 31, 2018, compared with \$1.1 million for the same period in 2017. The increase is due to amortization of the lease intangible related to the assisted living and memory care community with 106 operational beds in Glencoe, Alabama that we purchased in May 2017, which will be fully amortized in May 2018.

General and Administrative—General and administrative costs decreased by \$0.5 million, or 39.2%, to \$0.9 million for the three months ended March 31, 2018, compared with \$1.4 million for the same period in 2017. The net decrease is due to a continued reduction in overhead and specifically the following: (i) a decrease in salaries, wages and employee benefits expense of approximately \$0.2 million and (ii) a decrease in legal, contract services, IT, insurance and other expenses of approximately \$0.3 million.

Provision for doubtful accounts—Provision for doubtful accounts expense increased by approximately \$1.4 million, to \$1.9 million for the three months ended March 31, 2018, compared with \$0.5 million for the same period in 2017. The increase is due to the Ohio Beacon Affiliates notifying the Company of their plan to cease operating our properties on June 30, 2018 and in addition the Company has also recorded an allowance of approximately \$0.5 million on the \$3.0 million Skyline Note.

Other operating expenses—Other operating expenses increased by \$0.2 million, to \$0.3 million for the three months ended March 31, 2018, compared with \$0.1 million for the same period in 2017. The increase is due to an accrual for \$0.3 million in property taxes associated with the Ohio Beacon Affiliates notifying the Company of their plan to cease operating our properties on June 30, 2018, offset by \$0.1 million in lower professional and general legal expenses and workers’ compensation expenses.

Interest Expense, Net—Interest expense increased by approximately \$0.3 million, or 23.5%, to \$1.3 million for the three months ended March 31, 2018, compared with \$1.0 million for the same period in 2017. The increase is mainly due the net increase of debt principal year over year of approximately \$6.3 million and approximately \$1.0 million in capitalized deferred financing. The \$16.25 million Pinecone Credit Facility, increased debt by approximately \$7.5 million from February 15, 2018, which was partially offset by the repayment of \$6.7 million in convertible debt in the prior year and \$1.5 million repayment of convertible debt during the current quarter. The increase in interest is approximately \$0.1 million for amortization of deferred financing and approximately \$0.1 million due to interest.

Loss from Debt Extinguishment—The loss from debt extinguishment increased by approximately \$0.3 million, to \$0.4 million for the three months ended March 31, 2018, compared with \$0.1 million for the same period in 2017. The increase is due to pre-payment penalties of \$0.2 million and \$0.2 million in expensed deferred financing fees from the repayment of debt in connection with the Pinecone Credit Facility.

Loss from Discontinued Operations—The loss from discontinued operations decreased by \$0.3 million, or 86.7%, to \$0.1 million for the three months ended March 31, 2018, compared with \$0.4 million for the same period in 2017. The decrease is primarily due to lower bad debt expense, professional and general legal expenses and collection activity expenses.

Other Expenses—Other expense decreased by \$0.1 million, or 90.5%, to \$0.0 million for the three months ended March 31, 2018, compared with \$0.1 million for the same period in 2017. The prior period charge was related to expenses for the Merger.

Liquidity and Capital Resources

Management anticipates access to several sources of liquidity, including cash on hand, cash flows from operations, and debt refinancing. At March 31, 2018, the Company had \$3.5 million in unrestricted cash. During the three months ended March 31, 2018, the Company generated positive cash flow from continuing operations of \$0.7 million and anticipates continued positive cash flow from operations in the future. The Board suspended dividend payments with respect to the Series A Preferred Stock for the fourth quarter 2017 and the first quarter 2018 dividend periods. The Board plans to revisit the dividend payment policy with respect to the Series A Preferred Stock in the second quarter of 2018. The Board believes that the dividend suspension will provide the Company with additional funds to meet its ongoing liquidity needs.

On February 15, 2018, the Company entered into a debt refinancing with Pinecone, with an aggregate principal amount of \$16.25 million, that refinanced existing mortgage debt in an aggregate amount of \$8.7 million on three skilled nursing properties, and provided additional surplus cash flow of \$6.3 million. The surplus cash flow from the Pinecone Credit Facility was used to deposit \$2.4 million of cash into escrow to fund self-insurance reserves for professional and general liability claims

with respect to 25 professional and general liability actions (included within current liabilities), and to fund repayment of \$1.5 million in convertible debt.

On May 18, 2018, (“the Forbearance Date”), the Company entered into a Forbearance Agreement in association with the Pinecone Credit Facility, whereby the Company was notified of certain events of default under the loan agreements of the Pinecone Credit Facility. Such Forbearance Agreement outlines a plan of correction whereby the Company may regain compliance under its obligations pertaining to the loan documents of the Pinecone Credit Facility, through a forbearance period ending July 20, 2018. Some requirements outlined in the Forbearance Agreement include, among other items: (i) the hiring of a special consultant to advise Management on operational improvements and to assist in coordinating overall company strategy, (ii) increase the ongoing interest rate to 13.5% effective May 18, 2018, and (iii) increase the outstanding principal balance of the Pinecone Credit Facility by 2.5%, as of the Forbearance Date.

If the Company is able comply with the terms of the Forbearance Agreement, and Pinecone does not exercise rights or remedies against the Company on account of any event of default, then given current funds on hand and expected future cash flow from operations, management believes that the Company will be able to meet its obligations as they become due in the ordinary course, of business for a period of at least the next 12 months. Management's belief assumes that the Company will continue to be successful in implementing its business strategy and achieving forecasted results and that there will be no further material adverse developments in the Company's business, liquidity or capital requirements.

The Company expects to use cash from operations, restricted replacement reserves and borrowings to: (i) invest in the Company's existing property portfolio, (ii) resolve our 12 outstanding legal actions, and (iii) refinance or repay debt to minimize the average weighted cost of capital.

For additional information regarding the Company's liquidity, see Note 3 – Liquidity, to the Company's Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Cash Flows

The following table presents selected data from our consolidated statement of cash flows for the periods presented:

(Amounts in 000's)	Three Months Ended March 31,	
	2018	2017
Net cash provided by operating activities -		
continuing operations	\$ 732	\$ 749
Net cash used in operating activities - discontinued		
operations	(735)	(1,051)
Net cash used in investing activities -		
continuing operations	(163)	(329)
Net cash provided by (used in) financing activities -		
continuing operations	1,894	(10,739)

Cash and restricted cash at beginning of period	5,359	19,509
Cash and restricted cash at end of period	\$6,997	\$7,999

Three Months Ended March 31, 2018

Net cash provided by operating activities—continuing operations for the three months ended March 31, 2018 was approximately \$0.7 million, consisting primarily of our income from operations less changes in working capital, and noncash charges (primarily bad debt expense, depreciation and amortization and rent revenue in excess of cash received).

Net cash used in operating activities—discontinued operations for the three months ended March 31, 2018 was approximately \$0.7 million, excluding non-cash proceeds and payments. This amount was to fund legal and associated settlement costs related to our legacy professional and general liability claims.

Net cash used investing activities—continuing operations for the three months ended March 31, 2018 was approximately \$0.2 million. This is the result of capital expenditures on building improvements for three of the Company's properties.

Net cash provided by financing activities—continuing operations was approximately \$1.9 million for the three months ended March 31, 2018. Excluding non-cash proceeds and payments, this is primarily the result of \$2.4 million new financing from Pinecone offset by routine repayments of \$0.5 million of other existing debt obligations.

Net cash used in financing activities—discontinued operations for the three months ended March 31, 2018 was approximately \$0.1 million payments for Medicaid and vendor notes.

Three Months Ended March 31, 2017

Net cash provided by operating activities—continuing operations for the three months ended March 31, 2017 was approximately \$0.7 million, consisting primarily of our loss from operations less changes in working capital, and noncash charges (primarily depreciation and amortization, share-based compensation, rent revenue in excess of cash received, amortization of debt discounts and related deferred financing costs and bad debt expense) all primarily the result of routine operating activity.

Net cash used in operating activities—discontinued operations was approximately \$1.1 million. This amount was to fund legal and associated settlement costs related to our legacy professional and general liability claims, in addition to settling legacy vendor liabilities.

Net cash used in investing activities—continuing operations for the three months ended March 31, 2017 was approximately \$0.3 million. This is the result of capital expenditures of \$0.3 million on building improvements for Peach Recertified Facilities to assist Peach Health Sublessee in connection with recertification efforts.

Net cash used in financing activities—continuing operations was approximately \$10.7 million for the three months ended March 31, 2017. This is primarily the result of repayments of \$6.7 million of convertible debt, \$2.0 million of other existing debt obligations and \$2.0 million payment of dividends with respect to the Series A Preferred Stock.

Net cash used in financing activities—discontinued operations was approximately \$0.2 million payments for vendor notes.

Notes Payable and Other Debt

For information regarding the Company's debt financings, see Note 9 – Notes Payable and Other Debt, to the Company's Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report, and Part II, Item 8, Notes to Consolidated Financial Statements, Note 9 – Notes Payable and Other Debt included in the Annual Report.

Receivables

Our operations could be adversely affected if we experience significant delays in receipt of rental income from our tenants.

Accounts receivable, net totaled \$0.6 million at March 31, 2018 and \$0.9 million at December 31, 2017, with all uncollected patient care receivables fully allowed at March 31, 2018 and December 31, 2017.

Operating Leases

For information regarding the Company's operating leases, see Note 7 – Leases, to the Company's Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report, and Part II, Item 8, Notes to

Consolidated Financial Statements, Note 7 – Leases included in the Annual Report.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Disclosure in response to Item 3. of Form 10-Q is not required to be provided by smaller reporting companies.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC and that such information is accumulated and communicated to our management, including our interim Chief Executive Officer and interim Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the

desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Our management, with the participation of our interim Chief Executive Officer and interim Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this Quarterly Report (the "Evaluation Date"). Based on such evaluation, our interim Chief Executive Officer and interim Chief Financial Officer have concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective.

Changes in Internal Control Over Financial Reporting

There has been no change in the Company's internal controls over financial reporting that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings.

The Company is a defendant in various legal actions and administrative proceedings arising in the ordinary course of business, including claims that the services the Company provided during the time it operated skilled nursing facilities resulted in injury or death to patients. Although the Company settles cases from time to time when settlement can be achieved on a reasonable basis, the Company vigorously defends any matter in which it believes the claims lack merit and the Company has a reasonable chance to prevail at trial or in arbitration. Litigation is inherently unpredictable and there is risk in the Company's strategy of aggressively defending these cases. There is no assurance that the outcomes of these matters will not have a material adverse effect on the Company's financial condition. Although arising in the ordinary course of the Company's business, certain of these matters are described below under "Professional and General Liability Claims."

Except as set forth in this Item 1., Legal Proceedings, there have been no new material legal proceedings and no material developments in the legal proceedings reported in Part I, Item 3, Legal Proceedings, in the Annual Report. For additional information with respect to legal proceedings, also see Note 13 - Commitments and Contingencies to the Company's Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Professional and General Liability Claims. As of March 31, 2018, the Company is a defendant in 34 professional and general liability actions commenced on behalf of former patients. These actions generally seek unspecified compensatory and punitive damages for former patients of the Company who were allegedly injured or died while patients of facilities operated by the Company due to professional negligence or understaffing. Twenty-two of these actions were filed in the State of Arkansas by the same plaintiff attorney who represented the plaintiffs in a purported class action lawsuit against the Company previously disclosed as the Amy Cleveland Class Action (which settled in December 2015) and such 22 actions are subject to a settlement in principle as discussed below. Of the 12 not subject to settlement in principle: (i) two of such actions are covered by insurance, except that any award of punitive damages would be excluded from such coverage; and (ii) three of such actions relate to events which occurred after the Company transitioned the operations of the facilities in question to a third-party operator and which are subject to such operators' indemnification obligations in favor of the Company. These remaining 12 actions are in various stages of discovery, and the Company intends to vigorously defend such actions, where economically favorable to the Company.

On March 12, 2018, the Company entered into a separate mediation settlement agreement with respect to each of the original 25 actions (22 such actions remaining subject to settlement in principle, at March 31, 2018), filed in the State of Arkansas, relating to the settlement in principle of each such action, subject to the satisfaction of certain specified conditions. Each mediation settlement agreement provides for payment by the Company of a specified settlement amount, which settlement amount with respect to each action has been deposited into the mediator's trust account. The action must be individually approved by the probate court, and the settlement of one action is not conditioned upon receipt of the probate court's approval with respect to the settlement of any other action. Upon the probate court approving, with respect to a particular action, the settlement and an executed settlement and release agreement, the settlement amount with respect to such action will be disbursed to the plaintiff's counsel. Under the settlement and release agreement with respect to a particular action, the Company will be released from any and all claims arising out of the applicable plaintiff's care while the plaintiff was a resident of one of the Company's facilities. Of the original 25 actions subject to the settlement in principle, the probate court approved settlements with respect to three of such actions during the quarter ended March 31, 2018 and approved settlements with respect to 15 of such subsequent to March 31, 2018.

In connection with the Coverage Litigation between the Company and the Company's former commercial liability insurance provider regarding, among other things, the Company's insurance coverage with respect to the 25 actions filed in the State of Arkansas, the former insurer and the Company entered into the Coverage Settlement Agreement on March 12, 2018, providing for, among other things, Insurance Settlement Amount by the former insurer in the amount of approximately \$2.8 million, the dismissal with prejudice of the Coverage Litigation, a customary release of claims by the former insurer and the Company, and agreement that that the former insurer has exhausted the policies' respective limits of liability and has no further obligations under the policies. Pursuant to the Coverage Settlement Agreement: (i) on March 16, 2018, the former insurer deposited the Insurance Settlement Amount into the trust account of the mediator with respect to the 25 actions; and (ii) on March 20, 2018, the former insurer and the Company caused the Coverage Litigation, including the counterclaim, to be dismissed with prejudice.

Assuming, and subject to, the approval by the probate court of the settlement of each of the original 25 actions filed in the State of Arkansas and related matters, and the satisfaction of the other conditions with respect thereto, the Company will pay, net of the Insurance Settlement Amount, an aggregate of approximately \$2.4 million in settlement of such actions. The probate court approved settlements with respect to three of the 25 Arkansas actions during the quarter ended March 31, 2018 and approved settlements with respect to 15 of the 25 Arkansas actions after March 31, 2018, and approximately \$0.5 million and \$3.3 million, respectively, was paid from the mediator's trust account in such settlements. The Company gives no assurance that the probate court will approve the settlement of the remaining 7 Arkansas actions pending approval or that the other conditions to such settlements will be satisfied, or that such actions will be settled on the terms described herein or at all.

In the first quarter of 2018, the Company settled four previously disclosed professional and general liability actions (other than those subject to mediation settlement agreements as discussed above) for the total of \$670,000. A majority of the settlements include payment terms greater than one year.

The Company has self-insured against professional and general liability claims since it discontinued its healthcare operations. The Company established a self-insurance reserve for these professional and general liability claims, included within "Accrued expenses and other" in the Company's consolidated balance sheets of \$2.4 million and \$5.1 million at March 31, 2018, and December 31, 2017, respectively. Additionally, as of March 31, 2018, and December 31, 2017, \$0.1 and \$0.2 million respectively, was reserved for settlement amounts in "Other liabilities", and \$0.6 and \$0.5 million in "Accounts payable" in the Company's consolidated balance sheets, respectively. For additional information regarding the Company's self-insurance reserve, see Part II, Item 8, Notes to Consolidated Financial Statements, Note 15 – Commitments and Contingencies included in the Annual Report.

The Company believes that most of the professional and general liability actions are defensible and intends to defend them through final judgement unless settlement is more advantageous to the Company. Accordingly, the self-insurance reserve primarily reflects the Company's estimate of settlement amounts for the pending actions, as appropriate and legal costs of settling or litigating the pending actions, as applicable.

Aria Avoidance Claims. On March 28, 2018, the Chapter 7 bankruptcy trustee in the Aria bankruptcy proceeding, together with an unsecured creditor, filed in the United States Bankruptcy Court for the Eastern District of Arkansas an avoidance claim, in the amount of \$4.7 million, against the Company seeking to recover funds the Company received from the Debtors in the Aria bankruptcy proceeding (Highlands Arkansas Holdings, LLC, and nine of its affiliates, Highland of Stamps, LLC; Highlands of Rogers Dixieland, LLC; Highlands of North Little Rock John Ashley, LLC; Highlands of Mountain View SNF, LLC; Highlands of Mountain View RCF, LLC; Highlands of Little Rock West Markham, LLC; Highlands of Little Rock South Cumberland, LLC; Highlands of Little Rock Riley, LLC; and Highlands of Fort Smith, LLC) prior to the bankruptcy filings. The Company believes that this action is defensible and intends to defend through final judgement. There is no guarantee that the Company will prevail in the avoidance action that has been filed against it.

Item 1A. Risk Factors.

We depend on affiliates of C.R Management and Beacon Health Management for a significant portion of our revenues and any inability or unwillingness by such entities to satisfy their obligations to us could have a material adverse effect on us.

Our 27 properties (excluding the three facilities that are managed by us) are operated by a total of 27 separate tenants, with each of our tenants being affiliated with one of six local or regionally-focused operators. We refer to our tenants who are affiliated with the same operator as a group of affiliated tenants. Each of our operators operate (through a group of affiliated tenants) between two and eight of our facilities, with our most significant operators, C.R Management and Beacon Health Management, each operating (through a group of affiliated tenants) eight and seven

facilities, respectively, as of the date of filing of this Quarterly Report. We, therefore, depend, on tenants who are affiliated with C.R Management and Beacon Health Management for a significant portion of our revenues. Recently, the Company was notified by five of the tenants affiliated with Beacon Health Management affiliates, who each of whom are one month in arrears on rental payments after application of the applicable lease deposit, that they can no longer operate five of our facilities located in Ohio and will surrender the respective properties facilities on June 30, 2018. See Note 15 – Subsequent Events, to the Company’s Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Although we are currently in negotiations with suitably qualified replacement operators to take possession of the five Ohio facilities on July 1, 2018, there is no assurance that we will be able to execute new leases with respect to such facilities on substantially equivalent terms to the sublease agreements for such facilities which we entered into with the Ohio Beacon affiliates or at all or that, if new leases are executed, the new tenants will be able to take possession of such facilities on July 1, 2018. We intend to enforce our rights under the sublease agreements for such facilities which we entered into with the Ohio Beacon affiliates and pursue all remedies available to us under such sublease agreements and applicable law.

We cannot assure you that the tenants affiliated with C.R Management and Beacon will have sufficient assets, income and access to financing to enable them to make rental payments to us or to otherwise satisfy their obligations under the applicable leases and subleases, and any inability or unwillingness by such tenants to do so could have a material adverse effect on us.

We depend on Pinecone not to call the entire principal balance, plus interest and fees of the Pinecone Credit Facility in the event the Company is unable to comply with all benchmarks as outlined in the Forbearance Agreement.

On May 10, 2018, management was notified by one of the Company's lenders, Pinecone that the Company was in default on a number of administrative items as outlined in the Pinecone Credit Facility. Management also informed Pinecone that the Company had failed to meet one of its financial covenant obligations, the minimum fixed charge coverage ratio, as outlined in the loan agreement to the Pinecone Credit Facility for the period ended March 31, 2018.

In order to alleviate such defaults, on May 18, 2018, the Company entered into a forbearance agreement with Pinecone (the "Forbearance Agreement"), in which, Pinecone provides a timeline and a number of remedies available to cure all default items and to regain compliance under the Pinecone Credit Facility. The forbearance period is from May 18, 2018, the date of the execution of the Forbearance Agreement, to July 20, 2018, during which time, the Company must comply with all benchmarks as outlined in the Forbearance Agreement. Management believes that the overall plan of correction as outlined in the Forbearance Agreement is achievable, however many of the benchmarks, as articulated in the Forbearance Agreement, fall outside of the control of management, and if the Company is unable to satisfy the requirements as outlined, then one of the remedies available to Pinecone is that the entire principal balance of the Pinecone Credit Facility, plus interest and fees, will become immediately due and payable, indicating that substantial doubt exists about whether or not the Company will be able to continue as a going concern within one year after the date that the financial statements are issued.

There can be no assurance that the Company will be able to cure all of the deficiencies as listed in the Forbearance Agreement or that the Company will be able to continue to comply with all of the various covenants as required by the loan agreement of the Pinecone Credit Facility. The Company's ability to cure its non-compliance with the Pinecone Credit Facility depends, in part, on its ability to work with outside parties, which is not within the Company's exclusive control. If Pinecone were to call the balance of the Pinecone Credit Facility for any reason, and the Company were unable to cure such deficiency, it could have a material adverse consequence on the Company's ability to meet its obligations arising within one year of the date of issuance of these financial statements. The Company plans to continue to undertake measures to refinance certain loans and to streamline its cost infrastructure. But due to the inherent risks, unknown results and significant uncertainties associated with each of these matters and the direct correlation between these matters and the Company's ability to satisfy its financial obligations that may arise over the applicable one-year period, the Company is unable to conclude that it is probable that the Company will be able to meet its obligations arising within one year of the date of issuance of these financial statements within the parameters set forth in the accounting guidance.

For a detailed description of certain risk factors that could affect our business, operations and financial condition, see Part I, Item 1A., Risk Factors, included in the Annual Report. The risk factors described in the Annual Report and this

Quarterly Report. The risk factors described in the Annual Report (“Risk Factors”) do not describe all risks applicable to our business, and we intend it only as a summary of certain material factors. The Risk Factors should be considered in connection with evaluating the forward-looking statements contained in this Quarterly Report because the Risk Factors could cause the actual results and conditions to differ materially from those projected in forward-looking statements. If any of the risks actually occur, our business, financial condition or results of operations could be negatively affected. In that case, the trading price of the common stock and Series A Preferred Stock could decline.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults upon Senior Securities.

The Board suspended dividend payments with respect to the Series A Preferred Stock for the fourth quarter 2017 and the first quarter 2018 dividend periods, and no dividends were declared or paid with respect to the Series A Preferred Stock for such dividend periods. As a result of such suspension, the Company has \$3.8 million of undeclared preferred stock dividends in arrears with respect to the Series A Preferred Stock as of the date of filing of this Quarterly Report. See Note 11– Common and Preferred Stock – “Preferred Stock Offerings and Dividends”, to the Company’s Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

On May 18, 2018, the Company and Pinecone entered into the Forbearance Agreement, pursuant to which Pinecone agreed, subject to the terms and conditions set forth in the Forbearance Agreement, to forbear from exercising certain rights and remedies with respect to specified events of default under the Pinecone Credit Facility. Such events of default include, among other things: (i) the failure of a certain wholly-owned subsidiary (the “New Guarantor”) of the Company to assign certain operating leases required to be assigned by such subsidiary to certain other subsidiaries of the Company (the “Lease Assignments”); (ii) failure to deliver certain reports, notices and certificates required under the Pinecone Credit Facility; (iii) failure to obtain Pinecone’s prior written consent with respect to a certain lease amendment; (iv) certain inaccuracies in the representations and warranties made by the Company under the Pinecone Credit Facility; (v) certain healthcare regulatory matters with respect to two of the Company’s facilities; (vi) failure to comply with certain post-closing obligations under the Pinecone Credit Facility; and (vii) certain defaults by tenants of the Company under the applicable lease or sublease with the Company, which defaults constitute events of default under the Pinecone Credit Facility.

Pursuant to the Forbearance Agreement, the Company and Pinecone agreed to amend certain provisions of the Pinecone Credit Facility. Such amendments, among other things: (i) eliminate the Company’s obligation to complete the Lease Assignments; (ii) require the payment of a specified “break-up fee” upon certain events, including prepayment of the Pinecone Credit Facility or a change of control; (iii) increase the ongoing interest rate from 12.5% per annum to 13.5% per annum; and (iv) increase the outstanding principal balance of the Pinecone Credit Facility by 2.5%.

Pursuant to the Forbearance Agreement, the New Guarantor entered into a guaranty agreement for the benefit of Pinecone, pursuant to which the New Guarantor agreed to guarantee the obligations of the borrowers under the Pinecone Credit Facility. In connection therewith, the New Guarantor executed shall execute a pledge agreement in favor of Pinecone, pursuant to which the New Guarantor pledged the equity interests in the New Guarantor’s subsidiaries as security for the New Guarantor’s obligations under such guaranty.

The Forbearance Agreement outlines a plan of correction whereby the Company may regain compliance under the Pinecone Credit Facility during the Forbearance Period. Among other things, the Company is required to complete certain post-closing actions required under the Pinecone Credit Facility no later than June 4, 2018 and to hire a consultant, acceptable to Pinecone and the Company, to advise management on operational improvements and to assist in coordinating overall company strategy. The Company is also required to obtain Pinecone’s prior written consent prior to paying dividends on the Series A Preferred Stock and to increase the outstanding principal balance of the Pinecone Credit Facility by 2.5%. For additional information regarding the Company’s liquidity, see Note 3 – Liquidity and Note 15 – Subsequent Events, to the Company’s Notes to Unaudited Consolidated Financial Statements located in Part I, Item 1, of this Quarterly Report.

Item 6. Exhibits.

The agreements included as exhibits to this Quarterly Report are included to provide information regarding the terms of these agreements and are not intended to provide any other factual or disclosure information about the Company, its business or the other parties to these agreements. These agreements may contain representations and warranties by each of the parties to the applicable agreement. These representations and warranties have been made solely for the benefit of the other parties to the applicable agreement and:

- should not in all instances be treated as categorical statements of fact, but rather as a way of allocating the risk to one of the parties if those statements prove to be inaccurate;
- have been qualified by disclosures that were made to the other party in connection with the negotiation of the applicable agreement, which disclosures are not necessarily reflected in the agreement;
- may apply standards of materiality in a way that is different from what may be viewed as material to investors; and
-

were made only as of the date of the applicable agreement or such other date or dates as may be specified in the agreement and are subject to more recent developments.

Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time, and should not be relied upon by investors.
