In accordance with the terms of the equity distribution agreement, we may offer and sell shares of our common stock having an aggregate offering price of up to \$25,000,000 from time to time through one or more of the sales agents. We will pay the applicable sales agent a fee equal to 2.0% of the gross sales price per share sold through it as agent under the equity distribution agreement. Pursuant to the terms of the equity distribution agreement, we also may sell shares of our common stock to one or more of the sales agents as principal for its own account at a price agreed upon at the time of sale. The sales agents are not required to sell any specific number or dollar amount of shares of our common stock but will use their reasonable efforts, as our agents and subject to the terms of the equity distribution agreement, to sell shares of our common stock, as instructed by us. The net proceeds from any sales under this prospectus supplement will be used as described under "Use of Proceeds" in this prospectus supplement.

The offering of shares of our common stock pursuant to the equity distribution agreement will terminate upon the earlier of (i) the sale of all shares of common stock subject to the equity distribution agreement and (ii) the termination of the equity distribution agreement by either the sales agents or us.

Our shares of common stock are listed on the NASDAQ Global Select Market under the symbol "LGIH." The last reported sale price of our common stock on September 6, 2016, as reported by the NASDAQ, was \$38.55 per share.

About LGI Homes, Inc.

We are one of the nation’s fastest growing public homebuilders in terms of percentage increase of home closings. We are engaged in the design, construction, marketing and sale of new homes in markets in Texas, Arizona, Florida, Georgia, New Mexico, South Carolina, North Carolina, Colorado, Washington and Tennessee. The markets where we have active communities at August 31, 2016, include Houston, San Antonio, Dallas/Fort Worth, Austin, Phoenix, Tucson, Tampa, Orlando, Fort Myers, Atlanta, Albuquerque, Charlotte, Denver, Jacksonville, Seattle and Colorado Springs.

Since commencing home building operations in 2003, we have constructed and closed over 14,000 homes. During the six months ended June 30, 2016, we had 1,972 home closings, compared to 1,524 home closings during the six months ended June 30, 2015. We had 306 home closings in July 2016, compared to 311 home closings in July 2015. In addition, we had 383 home closings in August 2016, compared to 320 home closings in August 2015.

We sell homes under the LGI Homes and Terrata Homes brands. Our 56 active communities at June 30, 2016 include three Terrata Homes communities.

On November 13, 2013, we completed an initial public offering (the “IPO”) of 10,350,000 shares of our common stock. As a result of the reorganization transactions in connection with the IPO, for accounting purposes, our historical results included or incorporated by reference in this prospectus supplement present the combined assets, liabilities and results of operations of LGI Homes, Inc., since the date of its formation, and our predecessor prior to the IPO. Prior to the completion of the IPO, our predecessor owned a 15% equity interest in and managed the day-to-day operations of four unconsolidated joint venture entities (the “pre-IPO Joint Ventures”). Concurrent with the IPO, LGI Homes, Inc. acquired all of the equity interests in the pre-IPO Joint Ventures that it did not own immediately prior to the IPO. Our financial statements present our predecessor’s historical interest in the pre-IPO Joint Ventures using the equity method and our predecessor’s share of the pre-IPO Joint Ventures’ net earnings are included in income from unconsolidated joint ventures. Effective November 13, 2013, we own all of the equity interests in the pre-IPO Joint Ventures and we account for them on a consolidated basis after such date.

LGI Homes, Inc. is a Delaware corporation incorporated on July 9, 2013. Our principal executive offices are located at 1450 Lake Robbins Drive, Suite 430, The Woodlands, Texas 77380, and our telephone number is (281) 362-8998.

RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the risk factors and all of the other information included in, or incorporated by reference into, this prospectus supplement, including those in Item 1A. “Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 (the “2015 Annual Report”), in evaluating an investment in our common stock. If any of these risks were to occur, our business, financial condition or results of operations could be adversely affected. In that case, the trading price of our common stock could decline and you could lose all or part of your investment.

This prospectus supplement, the accompanying prospectus and the documents incorporated by reference also contain forward-looking statements that involve risks and uncertainties. Please read “Cautionary Statements About Forward-Looking Statements” in the accompanying prospectus and “Risk Factors-Cautionary Statement about Forward-Looking Statements” in the 2015 Annual Report. We have based our forward-looking statements on our management’s beliefs and assumptions based on information available to our management at the time the statements are made. We caution you that assumptions, beliefs, expectations, intentions and projections about future events may, and often do, vary materially from actual results. Therefore, we cannot assure you that actual results will not differ materially from those expressed or implied by our forward-looking statements.

The common stock offered under this prospectus supplement and the accompanying prospectus may be sold in “at-the-market” offerings, and investors who buy shares at different times will likely pay different prices.

Investors who purchase shares under this prospectus supplement and the accompanying prospectus at different times will likely pay different prices, and so may experience different outcomes in their investment results. We will have discretion, subject to market demand, to vary the timing, prices, and numbers of shares sold, and there is no minimum or maximum sales price. Investors may experience declines in the value of their shares if they subsequently sell the shares at prices lower than the prices they paid.

The actual number of shares we will issue under the equity distribution agreement, at any one time or in total, is uncertain.

Subject to certain limitations in the equity distribution agreement and compliance with applicable law, we have the discretion to deliver a sales notice to the sales agents at any time throughout the term of the equity distribution agreement. The number of shares that are sold by the sales agents after delivering a sales notice will fluctuate based on the market price of the common shares during the sales period and limits we set with the sales agents. Because the price per share of each share sold will fluctuate based on the market price of our common stock during the sales period, it is not possible at this stage to predict the number of shares that will ultimately be issued.

If you purchase shares of our common stock in this offering, you may experience immediate and substantial dilution. Because the price per share of our common stock being offered will likely be higher than the current book value per share of our common stock, you may experience immediate and substantial

dilution with respect to the net tangible book value of the shares of common stock you purchase in this offering. We have broad discretion to use the net offering proceeds, and our investment of those proceeds may not yield a favorable return.

Our management has broad discretion to spend the net proceeds from this offering in ways with which you may not agree. The failure of our management to apply these funds effectively could result in unfavorable returns. This could harm our business and could cause the price of our common stock to decline.

We do not intend to pay dividends on our common stock for the foreseeable future.

We currently intend to retain our future earnings, if any, to finance the development and expansion of our business and, therefore, do not intend to pay cash dividends on our common stock for the foreseeable future. Any future determination to pay dividends will be at the discretion of our board of directors and will depend on our financial condition, results of operations, capital requirements, restrictions contained in any financing instruments and such other factors as our board of directors deems relevant. Accordingly, you may need to sell your shares of our common stock to realize a return on your investment, and you may not be able to sell your shares at or above the price you paid for them.

Future sales of shares of our common stock could cause the market value of our common stock to decline and could result in dilution of your shares.

A substantial majority of the outstanding shares of our common stock are, and all of the shares sold in this offering upon issuance will be, freely tradable without restriction or further registration under the Securities Act of 1933, as amended (the "Securities Act"), unless these shares are owned or purchased by "affiliates" as that term is defined in Rule 144 under the Securities Act. In addition, shares of common stock issuable upon exercise of outstanding options and shares reserved for future issuance under our incentive stock plan will be eligible for sale in the public market to the extent permitted by applicable vesting requirements and, in some cases, subject to compliance with the requirements of Rule 144. As a result, these shares can be freely sold in the public market upon issuance, subject to restrictions under the securities laws.

Sales of substantial amounts of our common stock, or the perception that such sales could occur, by large stockholders or otherwise, could cause the market price of our common stock to decrease significantly. We cannot predict the effect, if any, of future sales of our common stock, or the availability of our common stock for future sales, on the market price of our common stock.

Anti-takeover provisions contained in our certificate of incorporation and bylaws and Delaware law could impair a takeover attempt that our stockholders may find beneficial.

Our certificate of incorporation, bylaws and Delaware law contain provisions that could have the effect of rendering more difficult or discouraging an acquisition deemed undesirable by our board of directors. Our corporate governance documents include provisions:

- authorizing our board of directors, without further action by our stockholders, to issue blank check preferred stock;
- limiting the ability of our stockholders to call and bring business before special meetings and

to take action by written consent in lieu of a meeting;

• requiring advance notice of stockholder proposals for business to be conducted at meetings of our stockholders and for nominations of candidates for election to our board of directors;

• authorizing our board of directors, without stockholder approval, to amend our bylaws;

• limiting the determination of the number of directors on our board of directors and the filling of vacancies or newly created seats on our board of directors to our board of directors then in office; and

• subject to certain exceptions, limiting our ability to engage in certain business combinations with an “interested stockholder” for a three-year period following the time that the stockholder became an interested stockholder.

Additionally, Delaware anti-takeover laws may impair a takeover attempt that our stockholders may consider beneficial. Any provision of our certificate of incorporation or bylaws that has the effect of delaying or deterring a change in control could limit the opportunity for our stockholders to receive a premium for their shares of our common stock, and could also affect the price that some investors are willing to pay for shares of our common stock. Future offerings of debt securities, which would rank senior to our common stock upon our bankruptcy or liquidation, and future offerings of equity securities that may be senior to our common stock for the purposes of dividend and liquidating distributions, may adversely affect the market price of our common stock.

In the future, we may attempt to increase our capital resources by making offerings of debt securities or additional offerings of equity securities. Upon bankruptcy or liquidation, holders of our debt securities and shares of preferred stock and lenders with respect to other borrowings will receive a distribution of our available assets prior to the holders of our common stock. Additional equity offerings may dilute the holdings of our existing stockholders or reduce the market price of our common stock, or both. Our preferred stock, if issued, could have a preference on liquidating distributions or a preference on dividend payments or both that could limit our ability to make a dividend distribution to the holders of our common stock. Our decision to issue securities in any future offering will depend on market conditions and other factors which may be beyond our control. As a result, we cannot predict or estimate the amount, timing or nature of our future offerings, and purchasers of our common stock in this offering bear the risk of our future offerings reducing the market price of our common stock and diluting their ownership interest in us. If securities or industry analysts do not publish, or cease publishing, research or reports about us, our business or our market, or if they change their recommendations regarding our common stock adversely, our common stock price and trading volume could decline.

The trading market for our common stock may be influenced by whether industry or securities analysts continue to publish research and reports about us, our business, our market or our competitors and, what they publish in those reports. Any analysts who covers us or may cover us in the future may make adverse recommendations regarding our common stock, adversely change their recommendations from time to time, and/or provide more favorable relative recommendations about our competitors. If any analyst who covers us or may cover us in the future were to cease coverage of us or fail to regularly publish reports on us, or if analysts fail to cover us or publish reports about us at all, we could lose, or never gain, visibility in the financial markets, which in turn could cause our common stock price or trading volume to decline.

S-5

Non-U.S. holders may be subject to United States federal income tax on gain realized on the sale or taxable disposition of shares of our common stock.

Because of our holdings in United States real property interests, we believe that we are and will remain a “United States real property holding corporation” for U.S. federal income tax purposes. As a result, a non-U.S. holder (as defined in “Material U.S. Federal Income and Estate Tax Consequences to Non-U.S. Holders”) generally will be subject to U.S. federal income tax under the regular graduated U.S. federal income tax rates applicable to U.S. persons on any gain realized on a sale or other taxable disposition of shares of our common stock unless our common stock is regularly traded on an established securities market during the year in which such sale or disposition occurs and such non-U.S. holder did not actually or constructively hold more than 5% of our common stock at any time during the shorter of (a) the five-year period preceding the date of the sale or other taxable disposition and (b) the non-U.S. holder’s holding period for such stock. We believe that our common stock presently should be considered regularly traded on an established securities market, but there can be no assurance that our common stock will remain regularly traded in the future.

A non-U.S. holder also will be required to file a U.S. federal income tax return for any taxable year in which it realizes gain from the disposition of our common stock that is subject to U.S. federal income tax. Non-U.S. holders should consult their tax advisors concerning the consequences of disposing of shares of our common stock.

S-6

USE OF PROCEEDS

We intend to use the net proceeds of this offering, after deducting the sales agents' commission and our offering expenses, for general corporate purposes, which may include, among other things, capital expenditures, acquisitions, land purchases, working capital and repayment or refinancing of debt, including, without limitation, borrowings under our revolving credit facility.

Affiliates of each of Deutsche Bank Securities Inc. and J.P. Morgan Securities LLC are lenders under our revolving credit facility. If we use any net proceeds of this offering to repay borrowings under our revolving credit facility, such affiliates may receive a substantial portion of the net proceeds from this offering. See "Plan of Distribution (Conflicts of Interest)-Conflicts of Interest and Other Relationships."

**MATERIAL U.S. FEDERAL INCOME AND ESTATE TAX
CONSEQUENCES TO NON-U.S. HOLDERS**

The following discussion is a general summary of the material U.S. federal income and estate tax consequences of the acquisition, ownership and disposition of our common stock. This summary deals only with shares of our common stock purchased in this offering that are held as capital assets (generally, property held for investment) by a “non-U.S. holder” (as defined below). This summary is based upon the current provisions of the Internal Revenue Code of 1986, as amended (the “Code”), applicable Treasury regulations promulgated thereunder, judicial authority and administrative interpretations, all of which are subject to change, possibly with retroactive effect, or different interpretations. We cannot assure you that the Internal Revenue Service (the “IRS”) will not challenge one or more of the tax consequences described in this discussion, and we have not obtained, and do not intend to obtain, a ruling from the IRS with respect to the U.S. federal tax consequences of acquiring, holding or disposing of our common stock.

As used herein, you are a “non-U.S. holder” if you are a beneficial owner of shares of our common stock that is an individual, corporation, estate or trust that is not:

- an individual citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state or political subdivision thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust that (1) is subject to the primary supervision of a court within the United States and as to which one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable Treasury regulations to be treated as a United States person.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds shares of our common stock, the U.S. federal income tax treatment of each partner generally will depend on the status of the partner and the activities of the partnership and the partner. Partnerships acquiring shares of our common stock, and partners in such partnerships, should consult their own tax advisors with respect to the U.S. federal income tax consequences of the acquisition, ownership and disposition of our common stock.

This summary does not consider specific facts and circumstances that may be relevant to your particular tax position and does not address non-U.S. holders that may be subject to special tax treatment under the U.S. federal income tax laws (including partnerships or other pass-through entities, banks and insurance companies, dealers in securities, holders of our common stock held as part of a “straddle,” “hedge,” “conversion transaction” or other risk-reduction transaction, controlled foreign corporations, companies that accumulate earnings to avoid U.S. federal income tax, tax-exempt organizations, qualified foreign pension funds (as defined in Section 897(1)(2)) or any entity all of the interests of which are held by a qualified foreign pension fund, former U.S. citizens or residents and persons subject to the alternative minimum tax). In addition, this summary does not discuss any aspect of federal tax law other than income taxation and, to the limited extent described below, estate taxation (and, thus, does not purport to address, among other things, the Medicare tax on “net investment income”). Finally,

this summary does not address any tax considerations that may be relevant to you arising under the laws of any state, local, non-U.S. or other jurisdiction.

This summary is included herein as general information only. If you are considering the purchase of our common stock, you should consult your own tax advisor concerning the particular U.S. federal income and estate tax consequences to you of the acquisition, ownership and disposition of our common stock, as well as the consequences to you arising under other tax laws, including gift tax laws, the laws of any other taxing jurisdiction and the applicability of any income tax treaty.

U.S. Trade or Business Income

For purposes of this discussion, dividend income and gain on the sale or other taxable disposition of our common stock will be considered to be “U.S. trade or business income” if such income or gain is (i) effectively connected with your conduct of a trade or business within the United States and (ii) if you are eligible for the benefits of an income tax treaty with the United States, attributable to a permanent establishment (or, for an individual, a fixed base) maintained by you in the United States. Generally, U.S. trade or business income is not subject to U.S. federal withholding tax (provided you comply with applicable certification and disclosure requirements); instead, U.S. trade or business income is subject to U.S. federal income tax on a net-income basis at regular U.S. federal income tax rates in the same manner as would apply to a U.S. person. Any U.S. trade or business income received by you if you are a corporation also may be subject to a “branch profits tax” at a 30% rate, or at a lower rate prescribed by an applicable income tax treaty, under specific circumstances.

Dividends

Distributions of cash or property that we pay will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). You generally will be subject to U.S. federal withholding tax at a 30% rate, or at a reduced rate prescribed by an applicable income tax treaty, on any dividends received in respect of our common stock. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a tax-free return of capital, to the extent of your tax basis in our common stock (with a corresponding reduction in such tax basis), and thereafter will be treated as capital gain. In order to obtain a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, if available, you will be required to provide a properly executed IRS Form W-8BEN or W-8BEN-E, certifying under penalties of perjury as to your entitlement to benefits under the treaty. Special certification and other requirements apply to certain non-U.S. holders that are entities rather than individuals. If you are eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty, you may obtain a refund or credit of any excess amounts withheld by filing an appropriate claim for a refund with the IRS on a timely basis. You should consult your own tax advisor regarding any possible entitlement to benefits under an income tax treaty and the filing of a U.S. tax return to claim a refund of U.S. federal withholding tax.

The U.S. federal withholding tax does not apply to dividends that are U.S. trade or business income, as defined above, if you provide a properly executed IRS Form W-8ECI certifying under penalties of perjury that the dividends are effectively connected with your conduct of a trade or business within the United States.

Dispositions of Our Common Stock

You generally will not be subject to U.S. federal income or withholding tax in respect of any gain on a sale or other disposition of our common stock unless:

the gain is U.S. trade or business income, in which case you generally will be subject to U.S. federal income tax as described above under “U.S. Trade or Business Income”;

you are an individual who is present in the United States for 183 or more days in the taxable year of the disposition and certain other conditions are met, in which case you generally will be subject to U.S. federal income tax at a flat rate of 30% (or lower applicable treaty rate) on the gain derived from the sale or other disposition (which may be offset by U.S.-source capital losses); or

we are or have been a “U.S. real property holding corporation” (a “USRPHC”) under section 897 of the Code at any time during the shorter of the five-year period ending on the date of disposition and your holding period for our common stock.

With respect to the third bullet point above, based on our significant holdings of “U.S. real property interests,” as defined in the Code and applicable Treasury regulations, we believe that we are and will remain a USRPHC for U.S. federal income tax purposes. Because, however, the determination of whether we are a USRPHC depends on the fair market value of our U.S. real property interests relative to the fair market value of our other trade or business assets and our foreign real property interests, our status as a USRPHC could change. Assuming that we are a USRPHC, if our common stock is regularly traded on an established securities market in the year in which you sell or otherwise dispose of shares of our common stock, gain on such sale or other disposition will be taxable under section 897 of the Code only if you actually or constructively hold more than 5% of our outstanding common stock at any time during the shorter of the five-year period preceding the date of the sale or other disposition and your holding period for such stock. We believe that our common stock presently should be considered regularly traded on an established securities market, although no assurance can be given that the our common stock will remain regularly traded in the future.

If gain that you recognize on the sale or other taxable disposition of shares of our common stock were subject to taxation under section 897 of the Code as a result of our status as a USRPHC, you generally would be subject to regular U.S. federal income tax with respect to such gain in the same manner as a taxable U.S. person (subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals).

You should consult your own tax advisor concerning the U.S. federal income and other consequences of disposing of shares of our common stock.

U.S. Federal Estate Tax

Shares of our common stock owned or treated as owned by an individual who is a non-U.S. holder at the time of death will be included in the individual’s gross estate for U.S. federal estate tax purposes, and may be subject to U.S. federal estate tax, unless an applicable estate tax treaty provides otherwise.

Information Reporting and Backup Withholding

Information returns will be filed with the IRS in connection with payments to you of dividends on shares of common stock. Copies of these reports may be made available to tax authorities in the country

where you reside under the provisions of an applicable treaty. Unless you comply with certification procedures to establish that you are not a United States person, information returns may be filed with the IRS in connection with the proceeds from a sale or other disposition of our common stock and you may be subject to backup withholding (currently at a 28% rate) on payments on our common stock or on the proceeds from a sale or other disposition of our common stock. Compliance with the certification procedures required to claim the exemption from withholding tax described above will avoid backup withholding as well.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to you will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided that the required information is timely furnished to the IRS. You should consult your own tax advisor regarding the filing of a U.S. tax return to claim a refund of such backup withholding.

Other Withholding Requirements

Under Sections 1471 to 1474 of the Code (commonly referred to as the Foreign Account Tax Compliance Act, or “FATCA”) and the Treasury regulations thereunder, a 30% U.S. federal withholding tax generally is imposed on dividends on our common stock, and, after December 31, 2018, on the gross proceeds from a disposition of our common stock if paid to a “foreign financial institution” or a “non-financial foreign entity” (each as defined in the Code), unless (i) in the case of a foreign financial institution, such institution enters into an agreement with the Treasury Department to withhold on certain payments and to collect and provide substantial information regarding U.S. account holders, including certain account holders that are foreign entities with U.S. owners, (ii) in the case of a non-financial foreign entity, such entity provides the withholding agent with a certification that it does not have any “substantial United States owners” (as defined in the Code) or a certification identifying its direct or indirect substantial United States owners, or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. Under certain circumstances, you might be eligible for refunds or credits of such taxes from the IRS. Intergovernmental agreements regarding FATCA between the United States and certain other countries may modify the foregoing requirements. PLAN OF DISTRIBUTION (CONFLICTS OF INTEREST)

We have entered into an equity distribution agreement with Deutsche Bank Securities Inc., J.P. Morgan Securities LLC, JMP Securities LLC and Builder Advisor Group, LLC, as sales agents, under which we may issue and sell from time to time shares of our common stock having an aggregate offering price of up to \$25,000,000 through one or more of the sales agents. Sales of shares of our common stock, if any, will be made by means of ordinary brokers' transactions through the facilities of the NASDAQ Global Select Market, or the NASDAQ, any other national securities exchange or facility thereof, a trading facility of a national securities association or an alternate trading system, to or through a market maker or directly on or through an electronic communication network, a "dark pool" or any similar market venue, at market prices, in block transactions, or as otherwise agreed between us and one or more of the sales agents.

The sales agents will offer shares of our common stock subject to the terms and conditions of the equity distribution agreement on a daily basis or as otherwise agreed upon by us and the sales agents. We will designate the maximum amount of shares of our common stock to be sold through the sales agents on a daily basis or otherwise determine such maximum amount together with the sales agents. Subject to the terms and conditions of the equity distribution agreement, the sales agents will use their commercially reasonable efforts as the sales agents to sell on our behalf shares of our common stock offered by this prospectus supplement. We may instruct the sales agents not to sell shares of our common stock if the sales cannot be effected at or above the price designated by us in any such instruction. The sales agents will not be obligated to use reasonable efforts to sell shares at any price below the designated price. We or the sales agents may suspend the offering of shares of our common stock under the equity distribution agreement upon proper notice to the other party.

Each sales agent will receive from us a commission equal to 2.0% of the gross sales price per share for any shares of our common stock sold through it as our sales agent under the equity distribution agreement. The remaining sales proceeds, after deducting any expenses payable by us and any transaction fees imposed by any governmental, regulatory or self-regulatory organization in connection with the sales, will equal our net proceeds for the sale of such shares. We have agreed to pay for certain of the sales agents' expenses in certain circumstances.

Each sales agent will provide written confirmation to us following the close of trading on the NASDAQ each day on which shares of our common stock are sold by it for us under the equity distribution agreement. Each confirmation will include the number of shares sold on that day, the gross offering proceeds from such sale and the commission payable by us to such sales agent with respect to such sales.

Settlement for sales of shares of our common stock will occur, unless the parties agree otherwise, on the third business day following the date on which any sales were made in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement.

Under the terms of the equity distribution agreement, we also may sell shares of our common stock to one or more of the sales agents as principal for its own account, at a price agreed upon at the time of sale.

We will report in a prospectus supplement and/or our filings under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), at least quarterly the number of shares of our common stock sold through the sales agents under the equity distribution agreement, the net proceeds to us and the compensation paid by us to the sales agents in connection with the sales of shares of our common stock.

In connection with the sale of shares of our common stock on our behalf, each sales agent may be deemed to be an “underwriter” within the meaning of the Securities Act, and the compensation paid to the sales agents may be deemed to be underwriting commissions or discounts. We have agreed in the equity distribution agreement to provide indemnification and contribution to the sales agents against certain civil liabilities, including liabilities under the Securities Act.

If we or any sales agent has reason to believe that the exemptive provisions set forth in Rule 101(c)(1) of Regulation M under the Exchange Act are not satisfied, that party will promptly notify the other party and sales of shares of our common stock under the equity distribution agreement will be suspended until that or other exemptive provisions have been satisfied in the judgment of us and the sales agents.

The offering of shares of our common stock pursuant to the equity distribution agreement will terminate upon the earlier of (i) the sale of all shares of our common stock subject to the equity distribution agreement or (ii) the termination of the equity distribution agreement by us or by the sales agents.

We estimate that the total expenses of the offering payable by us, excluding discounts and commissions payable to the sales agents under the equity distribution agreement, will be approximately \$100,000. We have agreed with the sales agents to pay all fees and expenses related to the review and qualification of this offering by the Financial Industry Regulatory Authority, Inc., or FINRA, which we estimate will be approximately \$2,000.

Conflicts of Interest and Other Relationships

Some of the sales agents and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. Affiliates of Deutsche Bank Securities Inc. and J.P. Morgan Securities LLC are lenders under our revolving credit facility and, if we repay outstanding indebtedness under our revolving credit facility using the net proceeds of this offering, may receive 5% or more of the net proceeds of this offering. Accordingly, each of Deutsche Bank Securities Inc. and J.P. Morgan Securities LLC have a “conflict of interest” within the meaning of Rule 5121 of FINRA, and this offering will be conducted pursuant to the requirements of that rule. If either Deutsche Bank Securities Inc. and its affiliates or J.P. Morgan Securities LLC and its affiliates receives more than 5% of the net proceeds from this offering, such sales agent will not confirm sales to any account over which it exercises discretionary authority without the specific written approval of the accountholder.

In addition, in the ordinary course of their business activities, the sales agents and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The sales agents and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or

financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

ABOUT LGI HOMES, INC.

We are one of the nation's fastest growing public homebuilders in terms of percentage increase of home closings. We are engaged in the design, construction, marketing and sale of new homes in markets in Texas, Arizona, Florida, Georgia, New Mexico, Colorado, North Carolina and South Carolina. Our core markets include Houston, San Antonio, Dallas/Fort Worth, Austin, Phoenix, Tucson, Tampa, Orlando, Atlanta, Albuquerque, Denver and Charlotte. Since commencing home building operations in 2003, we have constructed and closed over 10,000 homes. During 2014, we had 2,356 home closings, compared to 1,617 home closings, including the pre-IPO Joint Ventures, during 2013. During the six months ended June 30, 2015, we had 1,524 home closings, compared to 1,147 home closings during the six months ended June 30, 2014.

On November 13, 2013, we completed an initial public offering (the "IPO") of 10,350,000 shares of our common stock. As a result of the reorganization transactions in connection with the IPO, for accounting purposes, our historical results included or incorporated by reference in this prospectus present the combined assets, liabilities and results of operations of LGI Homes, Inc. since the date of its formation and our predecessor prior to the IPO. Prior to the completion of the IPO, our predecessor owned a 15% equity interest in and managed the day-to-day operations of four unconsolidated joint venture entities (the "pre-IPO Joint Ventures"). Concurrent with the IPO, LGI Homes, Inc. acquired all of the equity interests in the pre-IPO Joint Ventures that it did not own immediately prior to the IPO. Our financial statements present our predecessor's historical interest in the pre-IPO Joint Ventures using the equity method and our predecessor's share of the pre-IPO Joint Ventures' net earnings are included in income from unconsolidated joint ventures. Effective November 13, 2013, we own all of the equity interests in the pre-IPO Joint Ventures and we account for them on a consolidated basis after such date.

USE OF PROCEEDS

Unless we inform you otherwise in the applicable prospectus supplement, we expect to use the net proceeds from the sale of securities for general corporate purposes, which may include:

- capital expenditures;
- acquisitions;
- land purchases;
- working capital; and
- repayment, refinancing, redemption or repurchases of indebtedness or other securities.

Pending any specific application, we may initially invest funds in short-term marketable securities or apply them to the reduction of short-term indebtedness or outstanding borrowings under our revolving credit facility.

RATIO OF EARNINGS TO FIXED CHARGES

We have presented in the table below our historical consolidated ratio of earnings to fixed charges for the periods shown.

	Six Months Ended June 30,	Years Ended December			
	2015	31,			
		2014	2013	2012	2011
Ratio of earnings to fixed charges	5.1x	7.4x	17.5x	12.8x	3.8x

We have computed the ratios of earnings to fixed charges by dividing earnings by fixed charges. For this purpose, “earnings” consist of earnings before income taxes plus fixed charges, amortization of capitalized interest and any equity distributions less income from unconsolidated joint ventures, capitalized interest and income or loss from non-controlling interests. “Fixed charges” consist of interest expense, capitalized interest, amortization of debt issuance costs, amortization of debt discount and the interest portion of our operating lease rental expense.

No shares of our preferred stock are currently issued or outstanding, therefore no dividends accrued on any shares of our preferred stock for any period presented. Accordingly, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

DESCRIPTION OF DEBT SECURITIES

The debt securities covered by this prospectus will be our general unsecured obligations. We will issue senior debt securities under an indenture to be entered into among us, the possible Subsidiary Guarantors, and a trustee we will name in the prospectus supplement relating to senior debt securities. We refer to this indenture as the senior indenture. We will issue subordinated debt securities under an indenture to be entered into among us, the possible Subsidiary Guarantors, and a trustee we will name in the prospectus supplement relating to subordinated debt securities. We refer to this indenture as the subordinated indenture. We refer to the senior indenture and the subordinated indenture collectively as the indentures. The indentures will be substantially identical, except for provisions relating to subordination.

We have summarized material provisions of the indentures, the debt securities and the guarantees below. This summary is not complete. We have filed the forms of the indentures with the SEC as exhibits to the registration statement, and you should read the indentures for provisions that may be important to you. Please read “Where You Can Find More Information.”

In this summary description of the debt securities, unless we state otherwise or the context clearly indicates otherwise, all references to “we,” “us,” or “our” refer to LGI Homes, Inc. only and not to any of its subsidiaries.

General

Neither indenture limits the amount of debt securities that may be issued under that indenture, and neither indenture limits the amount of other unsecured debt or securities that we may issue. We may issue debt securities under the indentures from time to time in one or more series, each in an amount authorized prior to issuance.

We are not obligated to issue all debt securities of one series at the same time and, unless otherwise provided in the applicable prospectus supplement, we may reopen a series, without the consent of the holders of the debt securities of that series, for the issuance of additional debt securities of that series. Additional debt securities of a particular series will have the same terms and conditions as outstanding debt securities of such series, except for the date of original issuance and the offering price and, if applicable, the initial interest payment date and initial interest accrual date, and will be consolidated with, and form a single series with, such outstanding debt securities.

The senior debt securities will constitute our senior unsecured indebtedness and will rank equally in right of payment with all of our other unsecured and unsubordinated debt and senior in right of payment to all of our subordinated indebtedness. The senior debt securities will be effectively subordinated to, and thus have a junior position to, our secured indebtedness with respect to the assets securing that indebtedness. The subordinated debt securities will rank junior to all of our senior indebtedness and may rank equally with or senior to other subordinated indebtedness we may issue from time to time.

We currently conduct our operations through subsidiaries, and our operating income and cash flow are generated by our subsidiaries. As a result, cash we obtain from our subsidiaries is the principal source of funds necessary to meet our debt service obligations. Contractual provisions or laws, as well as our subsidiaries’ financial condition and operating requirements, may limit our ability to obtain cash from our subsidiaries that we require to pay our debt service obligations, including payments on the debt securities. In addition, holders of the debt securities will have a junior position to the claims of creditors, including trade creditors and tort claimants, of our subsidiaries to the extent that such subsidiaries do not guarantee such debt securities.

Neither indenture contains any covenants or other provisions designed to protect holders of the debt securities in the event we participate in a highly leveraged transaction or upon a change of control. The indentures also do not contain provisions that give holders of the debt securities the right to require us to repurchase their securities in the event of a decline in our credit rating for any reason, including as a result of a takeover, recapitalization or similar restructuring or otherwise.

Ranking

On May 27, 2015, we entered into a revolving credit facility, which is guaranteed by each of our current and future subsidiaries having gross assets equal to or greater than \$500,000. The revolving credit facility is secured by a first priority

lien in certain specified land owned by certain of our subsidiaries, which land is required under the revolving credit facility to have an aggregate Land Value (as such term is defined in the revolving credit facility) of at least \$35 million. Unless we inform you otherwise in the applicable prospectus supplement, the senior debt securities will be effectively subordinated to our revolving credit facility. As of June 30, 2015, we had \$162.5 million of indebtedness outstanding under our revolving credit facility. In the event of any distribution or payment of our assets in any foreclosure, dissolution, winding-up, liquidation, reorganization or other bankruptcy proceeding, holders of secured indebtedness will have prior claim to our assets that constitute their collateral. Holders of the senior debt securities will participate ratably with all holders of our senior unsecured indebtedness, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. The senior debt securities will rank equally with all of our other unsecured and unsubordinated indebtedness and the unsecured and unsubordinated indebtedness of the Subsidiary Guarantors. In November 2014, we issued \$85,000,000 aggregate principal amount of our 4.25% Convertible Notes due 2019 (the "Convertible Notes") pursuant to an indenture with Wilmington Trust, National Association, as trustee. Unless we inform you otherwise in the applicable prospectus supplement, the senior debt securities will rank equally with the Convertible Notes. As of June 30, 2015, we had \$247.5 million of indebtedness outstanding, including approximately \$7.6 million in unamortized discount. Under the subordinated indenture, payment of the principal of and any premium and interest on the subordinated debt securities will generally be subordinated and junior in right of payment to the prior payment in full of all Senior Debt. Terms

The prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

- whether the debt securities will be senior or subordinated debt securities;
- the title of the debt securities;
- the total principal amount of the debt securities;
- the price at which we will issue the debt securities;
- whether we will issue the debt securities in individual certificates to each holder or in the form of temporary or permanent global securities held by a depository on behalf of holders;
- the date or dates on which the principal of and any premium on the debt securities will be payable;
- any interest rate, the date from which interest will accrue, interest payment dates and record dates for interest payments;
- whether and under what circumstances we will pay any additional amounts with respect to the debt securities; whether debt securities are entitled to any guarantee of any Subsidiary Guarantors and the identity of any such Subsidiary Guarantors for that series and the terms of such guarantee if different than those set forth in the applicable indenture;
- the place or places where payments on the debt securities will be payable;
- any provisions for optional redemption or early repayment;
- any sinking fund or other provisions that would obligate us to redeem, purchase or repay the debt securities;
- the denominations in which we will issue the debt securities if other than \$1,000 and integral multiples of \$1,000;

- whether payments on the debt securities will be payable in foreign currency or currency unit or another form and whether payments will be payable by reference to any index or formula;
- the portion of the principal amount of the debt securities that will be payable if the maturity is accelerated, if other than the entire principal amount;
- any additional means of defeasance of the debt securities, any additional conditions or limitations to defeasance of the debt securities or any changes to those conditions or limitations;
- any changes or additions to the events of default or covenants described in this prospectus;
- any restrictions or other provisions relating to the transfer or exchange of the debt securities;
- any terms for the conversion or exchange of the debt securities for other securities;
- with respect to the subordinated indenture, any changes to the subordination provisions for the subordinated debt securities; and
- any other terms of the debt securities not inconsistent with the applicable indenture.

We may sell the debt securities at a discount, which may be substantial, below their stated principal amount. These debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates. If we sell these debt securities, we will describe in the prospectus supplement any material United States federal income tax consequences and other special considerations.

If we sell any of the debt securities for any foreign currency or currency unit or if payments on the debt securities are payable in any foreign currency or currency unit, we will describe in the applicable prospectus supplement the restrictions, elections, tax consequences, specific terms and other information relating to those debt securities and the foreign currency or currency unit.

Subordination

Under the subordinated indenture, payment of the principal of and any premium and interest on the subordinated debt securities will generally be subordinated and junior in right of payment to the prior payment in full of all Senior Debt. Unless we inform you otherwise in the applicable prospectus supplement, we may not make any payment of principal of or any premium or interest on the subordinated debt securities if:

- we fail to pay the principal, interest, premium or any other amounts on any Senior Debt when due; or
- we default in performing any other covenant (a “covenant default”) on any Senior Debt that we have designated if the covenant default allows the holders of that Senior Debt to accelerate the maturity of the Senior Debt they hold.

Unless we inform you otherwise in the applicable prospectus supplement, a covenant default will prevent us from paying the subordinated debt securities only for up to 179 days after holders of the designated Senior Debt give the trustee for the subordinated debt securities notice of the covenant default.

The subordination does not affect our obligation, which is absolute and unconditional, to pay, when due, the principal of and any premium and interest on the subordinated debt securities. In addition, the subordination does not prevent the occurrence of any default under the subordinated indenture.

The subordinated indenture does not limit the amount of Senior Debt that we may incur. As a result of the subordination of the subordinated debt securities, if we become insolvent, holders of subordinated debt securities may receive less on a proportionate basis than other creditors.

Unless we inform you otherwise in the applicable prospectus supplement, “Senior Debt” will mean all of our indebtedness, including guarantees, other than the Convertible Notes, unless the indebtedness states that it is not senior to the

subordinated debt securities or our other junior debt. Senior Debt with respect to a series of subordinated debt securities could include other series of debt securities issued under the subordinated indenture.

Guarantees

Each of the Subsidiary Guarantors, if any, with respect to a series of senior debt securities will fully and unconditionally guarantee on an unsecured basis the full and prompt payment of the principal of and any premium and interest on the debt securities of that series when and as the payment becomes due and payable, whether at maturity or otherwise. As used in this prospectus, the term “Subsidiary Guarantors” with respect to a series of debt securities refers to those subsidiaries listed under “The Subsidiary Guarantors” that guarantee that series of debt securities. The applicable prospectus supplement will name the Subsidiary Guarantors, if any, for that series of debt securities and will describe the terms of the guarantee by the Subsidiary Guarantors if they differ from the terms described in this prospectus. The guarantees provide that in the event of a default in the payment of principal of or any premium or interest on a debt security, the holder of that debt security may institute legal proceedings directly against the Subsidiary Guarantors to enforce the guarantees without first proceeding against us. If senior debt securities are so guaranteed, the guarantees will rank equally with all of the Subsidiary Guarantors’ other unsecured and unsubordinated debt from time to time outstanding and senior to any subordinated debt of the Subsidiary Guarantors. If subordinated debt securities are so guaranteed, the guarantees will be subordinated to all of the Subsidiary Guarantors’ other unsecured and unsubordinated debt from time to time outstanding.

LGI Homes, Inc., as the parent company, has no independent assets or operations. Our operations are conducted by our subsidiaries. If each of our subsidiaries listed under “The Subsidiary Guarantors” is a Subsidiary Guarantor, then all of our subsidiaries (other than subsidiaries that are minor) will be Subsidiary Guarantors. Each potential Subsidiary Guarantor listed under “The Subsidiary Guarantors” is 100% owned by us. The guarantees registered under this registration statement will be full and unconditional and joint and several, subject to certain automatic customary releases, including sale, exchange, or transfer of our equity interests in the Subsidiary Guarantor, liquidation or dissolution of the Subsidiary Guarantor, exercise of our legal or covenant defeasance option, and release of all guarantees by the Subsidiary Guarantors of any debt of ours for borrowed money, except for any series of debt securities under the applicable indenture.

The obligations of each Subsidiary Guarantor under its guarantee of the debt securities will be limited to the maximum amount that will not result in the obligations of the Subsidiary Guarantor under the guarantee constituting a fraudulent conveyance or fraudulent transfer under federal or state law, after giving effect to:

- all other contingent and fixed liabilities of the Subsidiary Guarantor; and
- any collections from or payments made by or on behalf of any other Subsidiary Guarantors in respect of the obligations of the Subsidiary Guarantor under its guarantee.

The guarantee of any Subsidiary Guarantor may be released under certain circumstances. If we exercise our legal or covenant defeasance option with respect to debt securities of a particular series as described below in “—Defeasance and Discharge,” then any Subsidiary Guarantor will be released with respect to that series. Further, if no default has occurred and is continuing under the applicable indenture, and to the extent not otherwise prohibited by the applicable indenture, a Subsidiary Guarantor will be unconditionally released and discharged from the guarantee:

- automatically upon any sale, exchange or transfer, whether by way of merger or otherwise, to any person that is not our affiliate, of all of our equity interests in the Subsidiary Guarantor;

- automatically upon the merger of the Subsidiary Guarantor into us or any other Subsidiary Guarantor or the liquidation and dissolution of the Subsidiary Guarantor; or

following delivery of a written notice by us to the trustee, upon the release of all guarantees by the Subsidiary Guarantor of any debt of ours for borrowed money, except for any series of debt securities under the applicable indenture.

Consolidation, Merger and Sales of Assets

The indentures generally permit a consolidation or merger involving us or the Subsidiary Guarantors. They also permit the Subsidiary Guarantors or us to sell, lease, convey, assign, transfer or otherwise dispose of all or substantially all of our assets. We and the Subsidiary Guarantors have agreed, however, that we will not consolidate with or merge into any entity or sell, lease, convey, assign, transfer or dispose of all or substantially all of our assets to any entity unless:

(1) either

we or a Subsidiary Guarantor, as the case may be, are the continuing entity; or the resulting entity is organized under the laws of the United States, any political subdivision thereof or any state thereof or the District of Columbia, and, in the case of us, expressly assumes by supplemental indenture the due and punctual payment of the principal of, premium (if any) and interest on and any additional amounts with respect to the debt securities and the performance of our covenants and obligations under the applicable indenture and the debt securities, or, in the case of such Subsidiary Guarantor, the performance of the guarantee and such Subsidiary Guarantor's covenants and obligations under the applicable indenture and the debt securities; and

(2) immediately after giving effect to the transaction or series of transactions, no default or event of default under the applicable indenture has occurred and is continuing or would result from the transaction(s).

This covenant will not apply to any merger of another entity into us. Upon any transaction of the type described in and effected in accordance with this section, the resulting entity will succeed to and be substituted for us and may exercise all of our rights and powers under the applicable indenture and the debt securities with the same effect as if the resulting entity had been named as us in the applicable indenture. In the case of any asset transfer or disposition other than a lease, when the resulting entity assumes all of our obligations and covenants under the applicable indenture and the debt securities, we will be relieved of all such obligations.

Events of Default

Unless we inform you otherwise in the applicable prospectus supplement, the following are events of default with respect to a series of debt securities:

- our failure to pay interest on any debt security of that series for 30 days when due;
- our failure to pay principal of or any premium on any debt security of that series when due;
- our failure to deposit any sinking fund payment relating to any debt security of that series for 30 days when due;
- our failure to comply with any covenant or agreement in that series of debt securities or the applicable indenture (other than an agreement or covenant that has been included in the indenture solely for the benefit of other series of debt securities) for 90 days after written notice by the trustee or by the holders of at least 25% in principal amount of the outstanding debt securities issued under that indenture that are affected by that failure;
- specified events involving bankruptcy, insolvency or reorganization of us or a Subsidiary Guarantor with respect to that series of debt securities that is a significant subsidiary (as defined in Regulation S-X promulgated by the SEC, as in effect on the date of the applicable indenture) of us;
- if applicable, specified events involving the guarantees; and
- any other event of default provided for that series of debt securities.

A default under one series of debt securities will not necessarily be a default under any other series. If a default or event of default for any series of debt securities occurs, is continuing and is known to the trustee, the trustee will notify the holders of applicable debt securities within 90 days after it occurs. The trustee may withhold notice to the holders of the debt

securities of any default or event of default, except in any payment on the debt securities, if the trustee in good faith determines that withholding notice is in the interests of the holders of those debt securities.

If an event of default for any series of debt securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of the series affected by the default (or, in some cases, 25% in principal amount of all debt securities issued under the applicable indenture that are affected, voting as one class) may declare the principal of and all accrued and unpaid interest on those debt securities to be due and payable immediately. If an event of default relating to certain events of bankruptcy, insolvency or reorganization of us or a Subsidiary Guarantor that is a significant subsidiary occurs, the principal of and accrued and unpaid interest on all the debt securities of that series will become immediately due and payable without any action on the part of the trustee or any holder. At any time after a declaration of acceleration has been made, the holders of a majority in principal amount of the outstanding debt securities of the series affected by the default (or, in some cases, of all debt securities issued under the applicable indenture that are affected, voting as one class) may in some cases rescind this accelerated payment requirement and its consequences.

A holder of a debt security of any series issued under an indenture may pursue any remedy under that indenture only if:

- the holder gives the trustee written notice of a continuing event of default with respect to that series of debt securities;
- the holders of at least 25% in principal amount of the outstanding debt securities of that series make a written request to the trustee to pursue the remedy;
- the holders offer to the trustee security or indemnity satisfactory to the trustee against any loss, liability or expense;
- the trustee does not comply with the request within 60 days after receipt of the request and offer of security or indemnity; and
- during that 60-day period, the holders of a majority in principal amount of the debt securities of that series do not give the trustee a direction inconsistent with the request.

This provision does not, however, affect the right of a holder of a debt security to sue for enforcement of any overdue payment.

In most cases, the trustee will be under no obligation to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders unless those holders have offered to the trustee security or indemnity satisfactory to it. Subject to this provision for security or indemnification, the holders of a majority in principal amount of the outstanding debt securities of a series (or of all debt securities issued under the applicable indenture that are affected, voting as one class) generally may direct the time, method and place of:

- conducting any proceeding for any remedy available to the trustee; or
- exercising any trust or power conferred on the trustee relating to or arising as a result of an event of default.

If an event of default occurs and is continuing, the trustee will be required to use the degree of care and skill of a prudent person in the conduct of his own affairs.

The indentures require us to furnish to the trustee annually a statement as to our performance of certain of our obligations under the indentures and as to any default in performance.

Modification and Waiver

We and the trustee may supplement or amend each indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of all series issued under that indenture that are affected by the amendment or supplement (voting as one class). Without the consent of the holder of each debt security affected, however, no modification may:

- reduce the amount of debt securities whose holders must consent to an amendment, supplement or waiver;
- reduce the rate of or change the time for payment of interest on the debt security;
- reduce the principal of the debt security or change its stated maturity;
- reduce any premium payable on the redemption of the debt security or change the time at which the debt security may or must be redeemed;
- change any obligation to pay additional amounts on the debt security;
- make payments on the debt security payable in currency other than as originally stated in the debt security;
- impair the holder's right to institute suit for the enforcement of any payment on or with respect to the debt security;
- make any change in the percentage of principal amount of debt securities necessary to waive compliance with certain provisions of the indenture or to make any change in the provision related to modification;
- with respect to the subordinated indenture, modify the provisions relating to the subordination of any subordinated debt security in a manner adverse to the holder of that security;
- waive a continuing default or event of default regarding any payment on the debt securities;
- except as specifically provided in the indenture, release any Subsidiary Guarantor or modify the related Guarantee in any manner materially adverse to the holders of debt securities under that indenture; or
- if applicable, make any change that materially and adversely affects the right to convert any debt security.

We and the trustee may supplement or amend each indenture or waive any provision of that indenture without the consent of any holders of debt securities issued under that indenture in certain circumstances, including:

- to cure any ambiguity, omission, defect or inconsistency;
 - to provide for the assumption of our obligations under the indenture by a successor upon any merger, consolidation or asset transfer permitted under the indenture;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities or to provide for bearer debt securities;
- to provide any security for, or to add any guarantees of or obligors on, any series of debt securities;
- to comply with any requirement to effect or maintain the qualification of that indenture under the Trust Indenture Act of 1939, as amended;
- to add covenants that would benefit the holders of any debt securities or to surrender any rights we have under the indenture;
- to add events of default with respect to any series of debt securities;

- to make any change that does not adversely affect any outstanding debt securities of any series issued under that indenture in any material respect;
- to establish the form or terms of any debt securities and to accept the appointment of a successor trustee, each as permitted under the indenture;
- to supplement any of the provisions of that indenture to the extent necessary to permit or facilitate the defeasance and discharge of any series of debt securities; and
- to provide for the appointment of a successor trustee or to provide for or facilitate the administration of the trusts under that indenture by more than one trustee.

The holders of a majority in principal amount of the outstanding debt securities of any series (or, in some cases, of all debt securities issued under the applicable indenture that are affected, voting as one class) may waive any existing or past default or event of default with respect to those debt securities. Those holders may not, however, waive any default or event of default in any payment on any debt security or compliance with a provision that cannot be amended or supplemented without the consent of each holder affected.

Defeasance and Discharge

Defeasance. When we use the term defeasance, we mean discharge from some or all of our obligations under an indenture. If we deposit with the trustee under an indenture any combination of money or government securities sufficient to make payments on the debt securities of a series issued under that indenture on the dates those payments are due, then, at our option, either of the following will occur:

- we and the Subsidiary Guarantors, if applicable, will be discharged from our obligations with respect to the debt securities of that series (“legal defeasance”); or
- we and the Subsidiary Guarantors, if applicable, will no longer have any obligation to comply with specified restrictive covenants with respect to the debt securities of that series, the covenant described under “—Consolidation, Merger and Sales of Assets” and other specified covenants under the applicable indenture, and the related events of default will no longer apply (“covenant defeasance”).

If a series of debt securities is defeased, the holders of the debt securities of that series will not be entitled to the benefits of the applicable indenture, except for obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities or maintain paying agencies and hold money for payment in trust. In the case of covenant defeasance, our obligation to pay principal, premium and interest on the debt securities, and if applicable, the Subsidiary Guarantors’ guarantees of the payments, will also survive.

Unless we inform you otherwise in the applicable prospectus supplement, we will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize income, gain or loss for U.S. federal income tax purposes and that the holders would be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the United States Internal Revenue Service or a change in law to that effect.

Under current U.S. federal income tax law, legal defeasance would likely be treated as a taxable exchange of debt securities to be defeased for interests in the defeasance trust. As a consequence, a United States holder would recognize gain or loss equal to the difference between the holder’s cost or other tax basis for the debt securities and the value of the holder’s interest in the defeasance trust, and thereafter would be required to include in income a share of the income, gain or loss of the defeasance trust. Under current U.S. federal income tax law, covenant defeasance would not be treated as a taxable exchange of such debt securities.

Satisfaction and Discharge. In addition, an indenture will cease to be of further effect with respect to the debt securities of a series issued under that indenture, subject to exceptions relating to compensation and indemnity of the trustee under that indenture and repayment to us of excess money or government securities, when either:

- (a) all outstanding debt securities of that series have been delivered to the trustee for cancellation; or
- (b) all outstanding debt securities of that series not delivered to the trustee for cancellation (i) either have become due and payable, or will become due and payable at their stated maturity within one year, or are to be called for redemption within one year; (ii) we have deposited with the trustee any combination of money or government securities in trust sufficient to pay the entire indebtedness on the debt securities of that series when due; and (iii) we have paid all other sums payable by us with respect to the debt securities of that series.

Governing Law

New York law will govern the indentures, the debt securities and the guarantees.

The Trustees

We will name the trustee under the applicable indenture in the applicable prospectus supplement.

Each indenture contains limitations on the right of the trustee, if it or any of its affiliates is then our creditor or, if applicable, a creditor of a Subsidiary Guarantor, to obtain payment of claims or to realize on certain property received for any such claim, as security or otherwise. The trustee and its affiliates are permitted to engage in other transactions with us, and, if applicable, the Subsidiary Guarantors. If, however, the trustee acquires any conflicting interest, it must eliminate that conflict or resign within 90 days after ascertaining that it has a conflicting interest and after the occurrence of a default under the applicable indenture, unless the default has been cured, waived or otherwise eliminated within the 90-day period.

Payments and Paying Agents

Unless we inform you otherwise in the applicable prospectus supplement, we will make payments on the debt securities in U.S. dollars at the office of the trustee and any paying agent. At our option, however, payments may be made by wire transfer for global debt securities or by check mailed to the address of the person entitled to the payment as it appears in the security register. Unless we inform you otherwise in the applicable prospectus supplement, we will make interest payments to the person in whose name the debt security is registered at the close of business on the record date for the interest payment.

Unless we inform you otherwise in the applicable prospectus supplement, the trustee under the applicable indenture will be designated as the paying agent for payments on debt securities issued under that indenture. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

If the principal of or any premium or interest on debt securities of a series is payable on a day that is not a business day, the payment will be made on the following business day. For these purposes, unless we inform you otherwise in the applicable prospectus supplement, a "business day" is any day that is not a Saturday, a Sunday or a day on which banking institutions in any of New York, New York, Houston, Texas or a place of payment on the debt securities of that series is authorized or obligated by law, regulation or executive order to remain closed.

Subject to the requirements of any applicable abandoned property laws, the trustee and paying agent will pay to us upon written request any money held by them for payments on the debt securities that remains unclaimed for two years after the date upon which that payment has become due. After payment to us, holders entitled to the money must look to us for payment. In that case, all liability of the trustee or paying agent with respect to that money will cease.

Form, Exchange, Registration and Transfer

We will issue the debt securities in registered form, without interest coupons. Debt securities of any series will be exchangeable for other debt securities of the same series, the same total principal amount and the same terms but in different authorized denominations in accordance with the applicable indenture. Holders may present debt securities for registration of transfer at the office of the security registrar or any transfer agent designated by us. The security registrar or transfer agent will effect the transfer or exchange if its requirements and the requirements of the applicable indenture are met. We will not

charge a service charge for any registration of transfer or exchange of the debt securities. We may, however, require payment of any transfer tax or similar governmental charge payable for that registration.

We will appoint the trustee as security registrar for the debt securities. If the applicable prospectus supplement refers to any transfer agents we initially designate, we may at any time rescind that designation or approve a change in the location through which any transfer agent acts. We are required to maintain an office or agency for transfers and exchanges in each place of payment. We may at any time designate additional transfer agents for any series of debt securities.

In the case of any redemption of debt securities of a series or any repurchase of debt securities of a series required under the terms of the series, we will not be required to register the transfer or exchange of:

- any debt security of that series during a period beginning 15 business days prior to the mailing of the relevant notice of redemption or repurchase and ending on the close of business on the day of mailing of such notice; or
- any debt security of that series that has been called for redemption in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

Book-Entry Debt Securities

We may issue the debt securities of a series in the form of one or more global debt securities that would be deposited with a depositary or its nominee identified in the applicable prospectus supplement. We may issue global debt securities in either temporary or permanent form. We will describe in the applicable prospectus supplement the terms of any depositary arrangement and the rights and limitations of owners of beneficial interests in any global debt security.

Please read “Where You Can Find More Information.”

As of the date of this prospectus, our authorized capital stock consists of 250 million shares of common stock, \$.01 par value, of which 19,908,482 shares of common stock were issued and outstanding as of June 30, 2015, and five million shares of preferred stock, \$.01 par value, of which no shares were issued and outstanding as of the date of this prospectus.

Common Stock

Holders of our common stock are entitled to one vote for each share held in the election of directors and on all other matters submitted to a vote of our stockholders. Cumulative voting of shares of our common stock is prohibited. Accordingly, holders of a majority of the shares of our common stock entitled to vote in any election of directors may elect all of the directors standing for election.

Subject to the prior rights of the holders of any outstanding preferred stock, holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available therefor. Upon the liquidation, dissolution or winding up of LGI Homes, Inc., the holders of our common stock are entitled to receive ratably the assets of LGI Homes, Inc. remaining after payment of all liabilities and payment to holders of our preferred stock if such preferred stock has an involuntary liquidation preference over our common stock. Holders of our common stock have no preemptive, subscription, redemption or conversion rights. The outstanding shares of our common stock are, and any shares of our common stock offered and issued by us pursuant to this prospectus will be, when issued and paid for, validly issued, fully paid and nonassessable.

Preferred Stock

Our board of directors is authorized, without any further notice or action of our stockholders, to issue up to five million shares of our preferred stock in one or more series and to determine the relative rights, preferences and privileges of the shares of any such series.

Limitation on Liability and Indemnification of Officers and Directors

Our certificate of incorporation and our bylaws provide for indemnification of our officers and directors to the fullest extent permitted by Delaware law. Our certificate of incorporation and our bylaws limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. We maintain directors' and officers' liability insurance.

Anti-Takeover Effects of Provisions of Our Certificate of Incorporation, Our Bylaws and Delaware Law

Some provisions of Delaware law and our certificate of incorporation and our bylaws contain provisions that could have the effect of delaying, deterring or preventing another party from acquiring or seeking to acquire control of us. These provisions are intended to discourage certain types of coercive takeover practices and inadequate takeover bids and to encourage anyone seeking to acquire control of us to negotiate first with our board of directors. However, these provisions may also delay, deter or prevent a change in control or other takeover of LGI Homes, Inc. that our stockholders might consider to be in their best interests, including transactions that might result in a premium being paid over the market price of our common stock and also may limit the price that investors are willing to pay in the future for our common stock. These provisions may also have the effect of preventing changes in our management. Our certificate of incorporation and our bylaws include anti-takeover provisions that:

authorize our board of directors, without further action by our stockholders, to issue up to five million shares of our preferred stock in one or more series, and with respect to each series, to fix the number of shares constituting that series and establish the rights and other terms of that series;

require that actions to be taken by our stockholders may be taken only at an annual or special meeting of our stockholders and not by written consent;

specify that special meetings of our stockholders can be called only by our board of directors, the chairman of our board of directors, our chief executive officer or our president (if we do not have a chief executive officer);

establish advance notice procedures for our stockholders to submit nominations of candidates for election to our board of directors and other proposals to be brought before a stockholders meeting;

provide that our bylaws may be amended by our board of directors without stockholder approval;

allow our directors to establish the size of our board of directors by action of the board of directors, subject to a minimum of three members;

provide that vacancies on our board of directors or newly created directorships resulting from an increase in the number of our directors may be filled only by vote of a majority of directors then in office, even though less than a quorum; and

do not give the holders of our common stock cumulative voting rights with respect to the election of directors.

Business Combinations

Section 203 of the Delaware General Corporation Laws (“DGCL”) provides that we may not engage in certain “business combinations” with any “interested stockholder” for a three-year period following the time that the person became an interested stockholder, unless:

prior to the time that person became an interested stockholder, our board of directors approved either the business combination or the transaction which resulted in the person becoming an interested stockholder;

upon consummation of the transaction which resulted in the person becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of LGI Homes, Inc. outstanding at the time the transaction commenced, excluding certain shares; or

at or subsequent to the time the person became an interested stockholder, the business combination is approved by our board of directors and by the affirmative vote of at least 66 2/3% of our outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, consolidation, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested stockholder is a person who, together with that person’s affiliates and associates, owns, or within the previous three years owned, 15% or more of our voting stock. However, in our case, Messrs. Eric and Tom Lipar and any of their respective permitted transferees receiving 15% or more of our voting stock, such stockholders will not be deemed to be interested stockholders regardless of the percentage of our voting stock owned by them. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to us and, accordingly, may discourage attempts to acquire us.

Authorized and Unissued Shares

Our authorized and unissued shares of common stock will be available for future issuance without stockholder approval. The existence of authorized but unissued shares of our common stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Listing

Our common stock is listed on the NASDAQ Global Select Market under the symbol “LGIH.”

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Computershare Trust Company, N.A.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

- debt or equity securities issued by us;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the applicable indenture.

DESCRIPTION OF UNITS

We may issue units consisting of any combination of the other types of securities offered under this prospectus in one or more series. We may evidence each series of units by unit certificates that we will issue under a separate agreement. We may enter into unit agreements with a unit agent. Each unit agent will be a bank or trust company that we select. We will indicate the name and address of the unit agent in the applicable prospectus supplement relating to a particular series of units.

The following description, together with the additional information included in any applicable prospectus supplement, summarizes the general features of the units that we may offer under this prospectus. You should read any prospectus supplement and any free writing prospectus that we may authorize to be provided to you related to the series of units being offered, as well as the complete unit agreements that contain the terms of the units. Specific unit agreements will contain additional important terms and provisions and we will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from another report that we file with the SEC, the form of each unit agreement relating to units offered under this prospectus.

If we offer any units, certain terms of that series of units will be described in the applicable prospectus supplement, including, without limitation, the following, as applicable:

- the title of the series of units;
- identification and description of the separate constituent securities comprising the units;
- the price or prices at which the units will be issued;
- the date, if any, on and after which the constituent securities comprising the units will be separately transferable;
- a discussion of certain United States federal income tax considerations applicable to the units; and
- any other terms of the units and their constituent securities.

PLAN OF DISTRIBUTION

We may sell the securities in and outside the United States (a) through underwriters or dealers, (b) directly to purchasers or (c) through agents. The applicable prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters or agents;
- the purchase price of the securities from us and, if the purchase price is not payable in U.S. dollars, the currency, currency unit or composite currency in which the purchase price is payable;
- the net proceeds to us from the sale of securities;
- any delayed delivery arrangements;
- any underwriting discounts, commissions and other items constituting underwriters' compensation;
- the initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any commissions paid to agents.

Sale Through Underwriters or Dealers

If we use underwriters in the sale of securities, the underwriters will acquire the securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the applicable prospectus supplement and except as described below, the obligations of the underwriters to purchase the securities will be subject to conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

Underwriters may sell shares of our common stock under this prospectus by any method permitted by law deemed to be an "at the market" offering as defined in Rule 415 under the Securities Act, which includes sales made directly on the NASDAQ Global Select Market, on any other existing trading market for our common stock or to or through a market maker, or in privately negotiated transactions. Unless we inform you otherwise in the applicable prospectus supplement, the sales agent with respect to any such at-the-market offering will make all sales using commercially reasonable efforts consistent with its normal trading and sales practices, on mutually agreeable terms between the sales agent and us. We will include in the applicable prospectus supplement the amount of any compensation to be received by the sales agent.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include overallotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters also may impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if the offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

If we use dealers in the sale of securities, the securities will be sold directly to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The dealers participating in any sale of the securities may be deemed to be underwriters within the meaning of the Securities Act with respect to any

sale of those securities. We will include in the applicable prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the securities directly. In that event, no underwriters or agents would be involved. We may also sell the securities through agents we designate from time to time. In the applicable prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us or to the agent. Unless we inform you otherwise in the applicable prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will describe the terms of any such sales in the applicable prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the applicable prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the applicable prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

Remarketing

We may offer and sell any of the securities in connection with a remarketing upon their purchase, in accordance with a redemption or repayment by their terms or otherwise, by one or more remarketing firms acting as principals for their own accounts or as our agents. We will identify any remarketing firm, the terms of any remarketing agreement and the compensation to be paid to the remarketing firm in the applicable prospectus supplement. Remarketing firms may be deemed underwriters under the Securities Act.

Derivative Transactions

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock.

We or one of our respective affiliates may loan or pledge securities to a financial institution or other third party that in turn may sell the securities using this prospectus. Such financial institution or third party may transfer its short position to investors in our securities or in connection with a simultaneous offering of other securities offered by this prospectus or otherwise.

The third parties in any of the sale transactions described above will be underwriters and will be identified in the applicable prospectus supplement or in a post-effective amendment to the registration statement of which this prospectus forms a part.

General Information

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.

LEGAL OPINIONS

Certain legal matters in connection with this offering will be passed upon for us by Baker Botts L.L.P., Houston, Texas. Any underwriters will be advised about other issues relating to any offering by their own legal counsel, which firm will be named in the applicable prospectus supplement.
