Item 2.05. Costs Associated with Exit or Disposal Activities.

On December 18, 2014, SunEdison Semiconductor Limited (the “Company”) initiated the termination of certain employees as part of a workforce restructuring plan. The plan is designed to realign the workforce, to improve profitability, and support new growth market opportunities. The plan is expected to result in a total reduction of approximately 120 positions, or approximately 3% of the Company’s global workforce. The majority of the affected employees are outside of the United States. The Company expects the workforce restructuring plan to be completed by the end of the first half of 2015.

The Company estimates that it will record a pre-tax charge of approximately \$3 million to \$4 million, with a substantial majority of the charge recorded in the fourth quarter of 2014, related to the workforce restructuring, consisting of severance and other one-time termination benefits, substantially all of which will be comprised of cash expenditures. The number of positions affected by the plan and the cost estimates associated with the plan are the Company’s current estimates and are subject to change, including as a result of processes conducted pursuant to local laws in the affected non-U.S. jurisdictions.

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(b) On December 18, 2014, Douglas L. Wilson, the Company’s Senior Vice President and General Manager, resigned from the Company.
