Versar, Inc. (the “Company”) is filing this Form 12b-25 with the Securities and Exchange Commission (the “Commission”) with respect to its Annual Report on Form 10-K for the fiscal year ended July 1, 2016 (the “Form 10-K”). The Company is currently in default under certain covenants of its current credit facility and is operating under a forbearance agreement with Bank of America, N.A. that will expire on September 30, 2016. On September 29, 2016, the Company entered into another forbearance agreement that currently expires on October 31, 2016. The Company is in negotiations with Bank of America, N.A. regarding the resolution of such defaults. The Company is also in discussions with other lenders regarding the establishment of a new, replacement credit facility. These negotiations may result in an amendment to the current credit facility agreement, or entry into a new credit facility with another party. However, there are no commitments or arrangements for a new credit facility at this time and the Company can give no assurance that capital will be available at all or that any transaction will result. Revising the existing credit facility or entry into a new credit facility agreement will significantly impact the disclosures in the Form 10-K and the accounting for the Company’s liabilities under the credit facility. As such, the Company is not able to complete its audited financial statements and file the Form 10-K on or prior to the due date of September 29, 2016 until it can amend the existing credit facility or obtain a new adequate credit facility. The Company expects to file the Form 10-K with the Commission upon resolution of such financing issues. Until the Company amends the existing credit facility or obtains a new adequate credit facility, there is substantial doubt relative to the Company's ability to continue as a going concern.

The Company recognized gross revenues of approximately \$166.5 million for the fiscal year ended July 1, 2016, an increase of 4 percent from gross revenues of \$159.9 million for the fiscal year ended June 26, 2015. Net loss for fiscal 2016 was \$16.4 million, or \$(1.66) per diluted share, compared with net income of \$1.4 million, or \$0.14 per diluted share, in fiscal 2015. The change was primarily the result of the decline in the Company's Title II work in Iraq and Afghanistan within the Engineering and Construction Management (ECM) Group segment, and reduced gross profit from the Dover Air Force Base project and the expiration of the Ft. Irwin contract. In addition, during fiscal 2016, the Company recognized a total of \$1.2 million of loss contingency accruals in connection with several matters within the Environmental Services Group (ESG) segment: (i) a class action lawsuit from a group of former employees at Ft. Irwin, (ii) a probable loss related to an audit finding by the General Services Administration, and (iii) the loss accrual for the removal and installation of the new well pump for a Performance Based Remediation task order. Also, in fiscal 2016, the Company recorded a goodwill and intangible impairment charge of \$18.9 million due to a decline in the estimated fair value in the ECM and Professional Services Group reporting units, attributable to goodwill acquired in certain acquisitions, and recognized \$0.9 million of costs for abandoned leased facilities and associated leasehold improvements, but for which it retains financial responsibility.
