## SECURITY NATIONAL FINANCIAL CORPORATION AND SUBSIDIARIES

### Notes to Condensed Consolidated Financial Statements

March 31, 2007 (Unaudited)

#### 1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and disclosures required by accounting principles generally accepted in the United States of America for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements of the Company and notes thereto for the year ended December 31, 2006, included in the Company's Annual Report on Form 10-K (file number 0-9341). In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2007 are not necessarily indicative of the results that may be expected for the year ending December 31, 2007.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

The estimates susceptible to significant change are those used in determining the liability for future policy benefits and claims, those used in determining valuation allowances for mortgage loans on real estate, and those used in determining the estimated future costs for pre-need sales. Although some variability is inherent in these estimates, management believes the amounts provided are fairly stated in all material respects.

Certain 2006 amounts have been reclassified to bring them into conformity with the 2007 presentation.

#### 2. Recent Accounting Pronouncements

In July 2006, the FASB issued FIN 48, *Accounting for Uncertainty in Income Taxes*, which attempts to set out a consistent framework for preparers to use to determine the appropriate level of valuation allowance tax reserves to maintain for deferred tax assets relating to uncertain tax positions. This interpretation for FASB Statement No. 109 uses a two-step approach wherein a tax benefit is recognized if a position is more-than-likely-than-not to be sustained. The amount of the benefit is then measured to be the highest tax benefit, which is greater than fifty percent likely to be realized. FIN 48 also sets out disclosure requirements to enhance transparency of an entity's tax reserves. The Company adopted this Interpretation as of January 1, 2007. Management has considered the amounts and the probabilities of the outcomes that could be realized upon ultimate settlement and believes that it is more-likely-than-not that the Company's recorded income tax benefits will be fully realized. There were no unrecognized tax benefits at the beginning or at the end of the three months ended March 31, 2007.

The Company records interest earned on income-tax refunds in other income, and penalties and interest charged on tax deficiencies in interest expense. As of the date of adoption, there were no amounts accrued for penalties or interest related to unrecognized tax benefits.

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* ( SFAS 157 ). SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 will be applied prospectively and is effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. SFAS 157 is not expected to have a material impact on the Company's consolidated financial statements.

### SECURITY NATIONAL FINANCIAL CORPORATION AND SUBSIDIARIES

#### Notes to Condensed Consolidated Financial Statements

March 31, 2007 (Unaudited)

In February 2007, the FASB issued SFAS No 159, *The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No 115* ( SFAS 159 ). SFAS 159 allows measurement at fair value of eligible financial assets and liabilities that are not otherwise measured at fair value. If the fair value option for an eligible item is elected, unrealized gains and losses for that item shall be reported in current earnings at each subsequent reporting date. SFAS 159 also establishes presentation and disclosure requirements designed to draw comparison between the different measurement attributes the Company elects for similar types of assets and liabilities. This statement is effective for fiscal years beginning after November 15, 2007. The Company is in the process of evaluating the application of the fair value option and its effect on its financial position and results of operations.

#### 3. Comprehensive Income

For the three months ended March 31, 2007 and 2006, total comprehensive income amounted to \$1,306,059 and \$2,209,799, respectively. This decrease of \$903,740 was primarily the result of a decrease in net income of \$269,125, a decrease in derivatives of \$191,751, and a decrease in unrealized gains and losses in securities available for sale of \$442,864.

#### 4. Stock-Based Compensation

Effective January 1, 2006, the Company adopted the provisions of Statement of Financial Accounting Standards No. 123R, *Share-Based Payment* ( FAS 123R ) for its stock-based compensation plans. Under SFAS 123R, all stock-based compensation is measured at the grant date, based on the fair value of the option or award, and is recognized as an expense in earnings over the requisite service, which is typically through the date the options vest.

The Company adopted SFAS 123R using the modified prospective method. Under this method, for all stock-based options and awards granted prior to January 1, 2006 that remain outstanding as of that date, compensation cost is recognized for the unvested portion over the remaining requisite service period, using the grant-date fair value measured under the original provisions of SFAS 123 for pro forma and disclosure purposes. Furthermore, compensation costs will also be recognized for any awards issued, modified, repurchased or cancelled after January 1, 2006.

The Company utilized the Black-Scholes-Merton model for calculating the fair value pro forma disclosures under SFAS 123 and will continue to use this model, which is an acceptable valuation approach under SFAS 123R.

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

No options were granted for the three months ended March 31, 2007. Total compensation costs relating to stock-based compensation was not material during the three months ended March 31, 2007.

#### 5. Earnings Per Share

The basic and diluted earnings per share amounts were calculated as follows:

	Three Months Ended March 31,	
	2007	2006
Numerator:		
Net income	\$744,541	\$1,013,666
Denominator:

7. Other Business Activity

On March 5, 2007, the Company received a proposed consent order from the Florida Office of Insurance Regulation concerning the New Success Life Program, the higher education product currently being marketed and sold by Southern Security Life. The proposed order states that as a result of an investigation the Florida Office has determined that Southern Security Life violated Florida law (i) by knowingly making statements, sales presentations, omissions or comparisons that misrepresented the benefits, advantages, or terms of the New Success Life Program, and (ii) by knowingly making, advertisements, announcements, or statements containing representations that were untrue or misleading.

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

The proposed order would require Security National Life and Southern Security Life to immediately cease and desist from making any false or misleading representations to Florida consumers suggesting that the New Success Life Program would accumulate enough value to pay for college expenses in full. The proposed order would also require Security National Life and Southern Security Life to agree to no longer market or sell the New Success Life Program in the State of Florida. In addition, Security National Life and Southern Security Life would be required to send a written notice to Florida consumers who purchased the New Success Life Program on or after January 1, 1998 stating that the higher education program is a whole life insurance product, with a term and annuity rider, and not a college trust fund, savings plan, or other program, and it may not necessarily pay college expenses in full from the accumulated value.

Moreover, the written notice is to provide an opportunity for the Florida consumers who purchased the New Success Life Program on or after January 1, 1998 to cancel their policy and be given a full refund, including all premiums paid, together with interest at the agreed upon rate in the original contract. If each of the Florida consumers who purchased the New Success Life Program after January 1, 1998 was to cancel his or her policy and receive a refund, the cost to the Company to refund all premiums paid, including interest, would be approximately \$8,200,000, an amount in excess of the assets of Southern Security Life.

The proposed consent order would also require Security National Life and Southern Security Life to issue refunds including interest to the eleven policyholders whose affidavits were taken in connection with the administrative complaint that the Florida Office had previously filed against Franz Wallace, the former National Sales Director of Southern Security Life. Security National Life and Southern Security Life would additionally be required to issue refunds, including interest, to any Florida policyholder in the New Success Life Program who had filed a complaint with the Florida Department of Financial Services or whose coverage had lapsed. Furthermore, Security National Life and Southern Security Life would be required to notify the state insurance department in each state in which the New Success Life Program is marketed of the order and any complaint that Southern Security Life received relating to the New Success Life Program from policyholders in that state. Finally, Security National Life and Southern Security Life would be required to pay the Florida Office a penalty of \$100,000 and administrative costs of \$5,000.

### SECURITY NATIONAL FINANCIAL CORPORATION AND SUBSIDIARIES

#### Notes to Condensed Consolidated Financial Statements

March 31, 2007, (Unaudited)

The Company disputes the terms of the proposed consent order. The Company is not aware of specific concerns that the Florida Office has with the New Success Life Program because it has received no specific administrative complaint from the Florida Office nor is it aware of any recent market conduct examination that the Florida Office has conducted relative to the program. The Company intends to vigorously oppose the proposed consent order. The Company is currently engaged in discussions with the Florida Office in an effort to settle the dispute concerning the proposed order. If the Company is unable to reach a satisfactory resolution with the Florida Office with respect to the terms of the proposed consent order and the Florida Office issues a similar order, the Company intends to take action necessary to protect its rights and interests, including requesting a hearing before an administrative law judge to oppose the order. The Company believes any potential liability would be limited to the net assets of Southern Security Life, which are approximately \$3,880,000.

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

##### **Overview**

The Company's operations over the last several years generally reflect three trends or events which the Company expects to continue: (i) increased attention to niche insurance products, such as the Company's funeral plan policies and traditional whole-life products; (ii) emphasis on cemetery and mortuary business; and (iii) originating and refinancing mortgage loans.

During the three months ended March 31, 2007, Security National Mortgage Company ( SNMC ) experienced an increase in revenue and expenses due to the increase in loan volume of its operations. SNMC is a mortgage lender incorporated under the laws of the State of Utah. SNMC is approved and regulated by the Federal Housing Administration (FHA), a department of the U.S. Department of Housing and Urban Development (HUD), to originate mortgage loans that qualify for government insurance in the event of default by the borrower. SNMC obtains loans primarily from independent brokers and correspondents. SNMC funds the loans from internal cash flows and lines of credit from financial institutions. SNMC receives fees from the borrowers and other secondary fees from third party investors who purchase the loans from SNMC. SNMC primarily sells all of its loans to third party investors and does not retain servicing to these loans. SNMC pays the brokers and correspondents a commission for loans that are brokered through SNMC. SNMC originated and sold 5,082 (\$932,416,000) and 2,713 (\$455,173,000) loans, respectively, for the three months ended March 31, 2007 and 2006.

## Results of Operations

### Three Months Ended March 31, 2007 Compared to Three Months Ended March 31, 2006

Total revenues increased by \$16,642,000, or 51.4%, to \$49,046,000 for the three months ended March 31, 2007, from \$32,404,000 for the three months ended March 31, 2006. Contributing to this increase in total revenues was a \$12,892,000 increase in mortgage fee income, a \$408,000 increase in insurance premiums and other considerations, a \$2,869,000 increase in investment income, a \$456,000 increase in net mortuary and cemetery sales and a \$36,000 increase in other revenues. This increase was partially offset by a \$19,000 decrease in realized gains on investments and other assets.

Insurance premiums and other considerations increased by \$408,000, or 5.4%, to \$7,962,000 for the three months ended March 31, 2007, from \$7,554,000 for the comparable period in 2006. This increase was primarily due to the additional insurance premiums realized from new insurance sales.

Net investment income increased by \$2,869,000, or 56.5%, to \$7,943,000 for the three months ended March 31, 2007, from \$5,074,000 for the comparable period in 2006. This increase was primarily attributable to additional interest income from increased long-term bond and mortgage purchases over the comparable period in 2006.

Net mortuary and cemetery sales increased by \$456,000, or 14.9%, to \$3,511,000 for the three months ended March 31, 2007, from \$3,055,000 for the comparable period in 2006. This increase was due to increased at-need sales in the cemetery and mortuary operations and increased pre-need land sales in cemetery operations.

Mortgage fee income increased by \$12,892,000, or 77.5%, to \$29,522,000 for the three months ended March 31, 2007, from \$16,630,000 for the comparable period in 2006. This increase was primarily attributable to an increase in the number of loan originations during the first quarter of 2006 as new mortgage offices were opened and production increased in existing mortgage offices, which resulted in the financing of a greater number of mortgage loans.

Other revenues increased by \$36,000, or 38.7%, to \$129,000 for the three months ended March 31, 2007 from \$93,000 for the comparable period in 2006. This increase was due to increases in various small income items throughout the Company's operations.

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

Total benefits and expenses were \$47,989,000, or 97.8% of total revenues, for the three months ended March 31, 2007, as compared to \$31,102,000, or 96.0% of total revenues, for the comparable period in 2006. This increase primarily resulted from increased loan costs at SecurityNational Mortgage Company due to a greater number of loan originations.

Death benefits, surrenders and other policy benefits, and increase in future policy benefits increased by an aggregate of \$702,000, or 10.4%, to \$7,444,000 for the three months ended March 31, 2007, from \$6,742,000 for the comparable period in 2006. This increase was primarily due to increased insurance business and to the expected increase in reserves for policyholder benefits and death claims.

Amortization of deferred policy and pre-need acquisition costs and cost of insurance acquired increased by \$553,000, or 68.5%, to \$1,361,000 for the three months ended March 31, 2007, from \$808,000 for the comparable period in 2006. This increase was primarily due to increased deferred acquisition costs associated with interest-sensitive products from the recapture of the Mega reinsurance agreement in 2006.

General and administrative expenses increased by \$13,537,000, or 61.8%, to \$35,433,000 for the three months ended March 31, 2007, from \$21,896,000 for the comparable period in 2006. This increase primarily resulted from an increase in commission expenses from \$12,362,000 in 2006 to \$22,440,000 in 2007, due to a greater number of mortgage loan originations made by SecurityNational Mortgage Company during the first quarter of 2007. Salaries increased by \$1,542,000 from \$4,243,000 in 2006 to \$5,785,000 in 2007, primarily due to merit increases in salaries of existing employees, and an increase in the number of employees necessitated by the Company's expanding business operations. Other expenses increased by \$1,917,000 from \$5,291,000 in 2006 to \$7,208,000 in 2007. The increase in other expenses primarily resulted from loan costs at SecurityNational Mortgage Company due to a greater number of loan originations.

Interest expense increased by \$2,079,000, or 203.8%, to \$3,099,000 for the three months ended March 31, 2007, from \$1,020,000 for the comparable period in 2006. This increase was primarily from increased warehouse lines of credit required for a greater number of warehoused mortgage loans by SecurityNational Mortgage Company.

Cost of goods and services sold by the mortuaries and cemeteries increased by \$16,000, or 2.5%, to \$652,000 for the three months ended March 31, 2007, from \$636,000 for the comparable period in 2006. This increase was primarily due to increased cemetery and mortuary sales.

### Liquidity and Capital Resources

The Company's life insurance subsidiaries and cemetery and mortuary subsidiaries realize cash flow from premiums, contract payments and sales on personal services rendered for cemetery and mortuary business, from interest and dividends on invested assets, and from the proceeds from the maturity of held-to-maturity investments or sale of other investments. The mortgage subsidiary realizes cash flow from fees generated by originating and refinancing mortgage loans and interest earned on mortgages sold to investors. The Company considers these sources of cash flow to be adequate to fund future policyholder and cemetery and mortuary liabilities, which generally are long-term, and adequate to pay current policyholder claims, annuity payments, expenses on the issuance of new policies, the maintenance of existing policies, debt service, and to meet operating expenses.

The Company attempts to match the duration of invested assets with its policyholder and cemetery and mortuary liabilities. The Company may sell investments other than those held-to-maturity in the portfolio to help in this timing; however, to date, that has not been necessary. The Company purchases short-term investments on a temporary basis to meet the expectations of short-term requirements of the Company's products.

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

The Company's investment philosophy is intended to provide a rate of return, which will persist during the expected duration of policyholder and cemetery and mortuary liabilities regardless of future interest rate movements.

The Company's investment policy is to invest predominantly in fixed maturity securities, mortgage loans, and warehousing of mortgage loans on a short-term basis before selling the loans to investors in accordance with the requirements and laws governing the life insurance subsidiaries. Bonds owned by the insurance subsidiaries amounted to \$102,188,000 as of March 31, 2007, compared to \$101,735,000 as of December 31, 2006. This represents 47% of the total investments as of March 31, 2007, and December 31, 2006. Generally, all bonds owned by the life insurance subsidiaries are rated by the National Association of Insurance Commissioners. Under this rating system, there are six categories used for rating bonds. At March 31, 2007 1.6% (or \$1,587,000) and at December 31, 2006, 2.3% (or \$2,402,000) of the Company's total bond investments were invested in bonds in rating categories three through six, which are considered non-investment grade.

The Company has classified certain of its fixed income securities, including high-yield securities, in its portfolio as available for sale, with the remainder classified as held to maturity. However, in accordance with Company policy, any such securities purchased in the future will be classified as held to maturity. Business conditions, however, may develop in the future which may indicate a need for a higher level of liquidity in the investment portfolio. In that event the Company believes it could sell short-term investment grade securities before liquidating higher-yielding longer-term securities.

The Company is subject to risk based capital guidelines established by statutory regulators requiring minimum capital levels based on the perceived risk of assets, liabilities, disintermediation, and business risk. At March 31, 2007, and December 31, 2006, the life insurance subsidiary exceeded the regulatory criteria.

The Company's total capitalization of stockholders' equity, and bank debt and notes payable was \$61,607,000 as of March 31, 2007, as compared to \$60,641,000 as of December 31, 2006. Stockholders' equity as a percent of total capitalization was 88% and 87% as of March 31, 2007 and December 31, 2006, respectively.

Lapse rates measure the amount of insurance terminated during a particular period. The Company's lapse rate for life insurance in 2006 was 8.4% as compared to a rate of 7.9% for 2005. The 2007 lapse rate to date has been approximately the same as 2006.

At March 31, 2007, \$19,121,000 of the Company's consolidated stockholders' equity represents the statutory stockholders' equity of the Company's life insurance subsidiaries. The life insurance subsidiaries cannot pay a dividend to its parent company without the approval of insurance regulatory authorities.

### Item 3. Quantitative and Qualitative Disclosures about Market Risk

There have been no significant changes since the annual report Form 10-K filed for the year ended December 31, 2006.

### Item 4. Controls and Procedures

(a) *Evaluation of disclosure controls and procedures* The Company's principal executive officer and principal financial officer have reviewed and evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) or 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")) as of March 31, 2007. Based on that evaluation, the principal executive officer and the

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

principal financial officer have concluded that the Company's disclosure controls and procedures are effective, providing them with material information relating to the Company as required to be disclosed in the reports the Company files or submits under the Exchange Act on a timely basis.

- (b) *Changes in internal controls* There were no significant changes in the Company's internal controls over financial reporting or in other factors that could significantly affect the Company's internal controls and procedures subsequent to the date of their most recent evaluation, nor were there any significant deficiencies or material weaknesses in the Company's internal controls. As a result, no corrective actions were required or undertaken.

### Part II Other Information:

#### Item 1. Legal Proceedings

On March 5, 2007, the Company received a proposed consent order from the Florida Office of Insurance Regulation concerning the New Success Life Program, the higher education product currently being marketed and sold by Southern Security Life. The proposed order states that as a result of an investigation the Florida Office has determined that Southern Security Life violated Florida law (i) by knowingly making statements, sales presentations, omissions or comparisons that misrepresented the benefits, advantages, or terms of the New Success Life Program, and (ii) by knowingly making, advertisements, announcements, or statements containing representations that were untrue or misleading.

The proposed order would require Security National Life and Southern Security Life to immediately cease and desist from making any false or misleading representations to Florida consumers suggesting that the New Success Life Program would accumulate enough value to pay for college expenses in full. The proposed order would also require Security National Life and Southern Security Life to agree to no longer market or sell the New Success Life Program in the State of Florida. In addition, Security National Life and Southern Security Life would be required to send a written notice to Florida consumers who purchased the New Success Life Program on or after January 1, 1998 stating that the higher education program is a whole life insurance product, with a term and annuity rider, and not a college trust fund, savings plan, or other program, and it may not necessarily pay college expenses in full from the accumulated value.

Moreover, the written notice is to provide an opportunity for the Florida consumers who purchased the New Success Life Program on or after January 1, 1998 to cancel their policy and be given a full refund, including all premiums paid, together with interest at the agreed upon rate in the original contract. If each of the Florida consumers who purchased the New Success Life Program after January 1, 1998 was to cancel his or her policy and receive a refund, the cost to the Company to refund all premiums paid, including interest, would be approximately \$8,200,000, an amount in excess of the assets of Southern Security Life.

The proposed consent order would also require Security National Life and Southern Security Life to issue refunds including interest to the eleven policyholders whose affidavits were taken in connection with the administrative complaint that the Florida Office had previously filed against Franz Wallace, the former National Sales Director of Southern Security Life. Security National Life and Southern Security Life would additionally be required to issue refunds, including interest, to any Florida policyholder in the New Success Life Program who had filed a

complaint with the Florida Department of Financial Services or whose coverage had lapsed. Furthermore, Security National Life and Southern Security Life would be required to notify the state insurance department in each state in which the New Success Life Program is marketed of the order and any complaint that Southern Security Life received relating to the New Success Life Program from policyholders in that state. Finally, Security National Life and Southern Security Life would be required to pay the Florida Office a penalty of \$100,000 and administrative costs of \$5,000.

## Edgar Filing: SECURITY NATIONAL FINANCIAL CORP - Form 10-Q

The Company disputes the terms of the proposed consent order. The Company is not aware of specific concerns that the Florida Office has with the New Success Life Program because it has received no specific administrative complaint from the Florida Office nor is it aware of any recent market conduct examination that the Florida Office has conducted relative to the program. The Company intends to vigorously oppose the proposed consent order. The Company is currently engaged in discussions with the Florida Office in an effort to settle the dispute concerning the proposed order. If the Company is unable to reach a satisfactory resolution with the Florida Office with respect to the terms of the proposed consent order and the Florida Office issues a similar order, the Company intends to take action necessary to protect its rights and interests, including requesting a hearing before an administrative law judge to oppose the order. The Company believes any potential liability would be limited to the net assets of Southern Security Life, which are approximately \$3,880,000.

Except for the proposed consent order from the Florida Office of Insurance Regulation, the Company is not a party to any material legal proceedings outside the ordinary course of business or to any other legal proceedings, which if adversely determined, would have a material adverse effect on its financial condition or results of operation.
