## **Richardson Electronics Announces Preliminary Third Quarter Sales and Restructuring Charges**

**LaFox, IL, Thursday March 3, 2005:** Richardson Electronics, Ltd. (NASDAQ: RELL) today announced preliminary sales for the third quarter of fiscal 2005, which ended February 26, 2005. Sales in the quarter are expected to be approximately \$142 million, which would represent an 11% increase over the prior year's third quarter.

In an effort to accelerate the Company's transition towards becoming a premier provider of engineered solutions and improve operating efficiency throughout the organization, the Company implemented restructuring actions at the end of the third quarter of fiscal 2005, which included changes in management and a reduction in workforce. The Company expects to record restructuring charges of approximately \$2 million in the third quarter, primarily associated with severance costs. Annualized savings from the restructuring are anticipated to bring selling, general and administrative expenses to approximately 20% of sales, in line with the Company's objective.

The Company plans to report third quarter results after market close on March 23, 2005 with a conference call the following day. Call details will be provided later this month.

This release includes certain "forward-looking" statements as defined by the SEC. Statements in this press release regarding the Company's business which are not historical facts represent "forward-looking statements" that involve risks and uncertainties. For a discussion of such risks and uncertainties, which could cause actual results to differ from those contained in the forward-looking statements, see "Risk Factors" in the Company's annual report on form 10-K. The Company assumes no responsibility to update the forward-looking statements in this release as a result of new information, future events, or otherwise.

### **About Richardson Electronics**

Richardson Electronics, Ltd. is a global provider of “engineered solutions,” serving the RF and wireless communications, industrial power conversion, security and display systems markets. The Company delivers engineered solutions for its customers’ needs through product manufacturing, systems integration, prototype design and manufacture, testing and logistics. Press announcements and other information about Richardson are available on the World Wide Web at <http://www.rell.com/investor.asp>.
