NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Note 1: General Summary of Significant Accounting Policies

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission. The results of operations reflect interim adjustments, all of which are of a normal recurring nature and which, in the opinion of management, are necessary for a fair presentation of the results for the interim periods presented. The interim results for the three and nine month periods ended September 30, 2005 and 2004 are not necessarily indicative of the results expected for the full year. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and accompanying notes as well as other information included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company, and its wholly-owned subsidiary, Tri Counties Bank (the "Bank"). All significant intercompany accounts and transactions have been eliminated in consolidation.

Nature of Operations

The Company operates 32 branch offices and 15 in-store branch offices in the California counties of Butte, Contra Costa, Del Norte, Fresno, Glenn, Kern, Lake, Lassen, Madera, Mendocino, Merced, Nevada, Placer, Sacramento, Shasta, Siskiyou, Stanislaus, Sutter, Tehama, Tulare, Yolo and Yuba. The Company's operating policy since its inception has emphasized retail banking. Most of the Company's customers are retail customers and small to medium sized businesses.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, the Company evaluates its estimates, including those related to the adequacy of the allowance for loan

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

losses, investments, intangible assets, income taxes and contingencies. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The allowance for loan losses, goodwill and other intangible assets, income taxes, and the valuation of mortgage servicing rights, are the only accounting estimates that materially affect the Company's consolidated financial statements.

Significant Group Concentration of Credit Risk

The Company grants agribusiness, commercial, consumer, and residential loans to customers located throughout the northern San Joaquin Valley, the Sacramento Valley and northern mountain regions of California. The Company has a diversified loan portfolio within the business segments located in this geographical area.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, cash and cash equivalents include cash on hand, amounts due from banks and federal funds sold.

Investment Securities

The Company classifies its debt and marketable equity securities into one of three categories: trading, available-for-sale or held-to-maturity. Trading securities are bought and held principally for the purpose of selling in the near term. Held-to-maturity securities are those securities which the Company has the ability and intent to hold until maturity. All other securities not included in trading or held-to-maturity are classified as available-for-sale. During the nine months ended September 30, 2005, and throughout 2004, the Company did not have any securities classified as either held-to-maturity or trading.

-6-

Available-for-sale securities are recorded at fair value. Unrealized gains and losses, net of the related tax effect, on available-for-sale securities are reported as a separate component of accumulated other comprehensive income (loss) in shareholders' equity until realized.

Premiums and discounts are amortized or accreted over the life of the related investment security as an adjustment to yield using the effective interest method. Dividend and interest income are recognized when earned. Realized gains and losses for securities are included in earnings and are derived using the specific identification method for determining the cost of securities sold. Unrealized losses due to fluctuations in fair value of securities held to maturity or available for sale are recognized through earnings when it is determined that an other than temporary decline in value has occurred.

Loans Held for Sale

Loans originated and intended for sale in the secondary market are carried at the lower of aggregate cost or fair value, as determined by aggregate outstanding commitments from investors of current investor yield requirements. Net unrealized losses are recognized through a valuation allowance by charges to income. At September 30, 2005 and 2004, and December 31, 2004, the Company had no loans held for sale.

Mortgage loans held for sale are generally sold with the mortgage servicing rights retained by the Company. The carrying value of mortgage loans sold is

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

reduced by the cost allocated to the associated mortgage servicing rights. Gains or losses on sales of mortgage loans are recognized based on the difference between the selling price and the carrying value of the related mortgage loans sold.

Loans

Loans are reported at the principal amount outstanding, net of unearned income and the allowance for loan losses. Loan origination and commitment fees and certain direct loan origination costs are deferred, and the net amount is amortized as an adjustment of the related loan's yield over the estimated life of the loan. Loans on which the accrual of interest has been discontinued are designated as nonaccrual loans. Accrual of interest on loans is generally discontinued either when reasonable doubt exists as to the full, timely collection of interest or principal or when a loan becomes contractually past due by 90 days or more with respect to interest or principal. When loans are 90 days past due, but in Management's judgment are well secured and in the process of collection, they may be classified as accrual. When a loan is placed on nonaccrual status, all interest previously accrued but not collected is reversed. Income on such loans is then recognized only to the extent that cash is received and where the future collection of principal is probable. Interest accruals are resumed on such loans only when they are brought fully current with respect to interest and principal and when, in the judgment of Management, the loans are estimated to be fully collectible as to both principal and interest. All impaired loans are classified as nonaccrual loans.

Reserve for Unfunded Commitments

The reserve for unfunded commitments is established through a provision for losses - unfunded commitments charged to noninterest expense. The reserve for unfunded commitments is an amount that Management believes will be adequate to absorb probable losses inherent in existing commitments, including unused portions of revolving lines of credits and other loans, standby letters of credits, and unused deposit account overdraft privilege. The reserve for unfunded commitments is based on evaluations of the collectibility, and prior loss experience of unfunded commitments. The evaluations take into consideration such factors as changes in the nature and size of the loan portfolio, overall loan portfolio quality, loan concentrations, specific problem loans and related unfunded commitments, and current economic conditions that may affect the borrower's or depositor's ability to pay.

-7-

Allowance for Loan Losses

The allowance for loan losses is established through a provision for loan losses charged to expense. Loans and deposit related overdrafts are charged against the allowance for loan losses when Management believes that the collectibility of the principal is unlikely or, with respect to consumer installment loans, according to an established delinquency schedule. The allowance is an amount that Management believes will be adequate to absorb probable losses inherent in existing loans and leases, based on evaluations of the collectibility, impairment and prior loss experience of loans and leases. The evaluations take into consideration such factors as changes in the nature and size of the portfolio, overall portfolio quality, loan concentrations, specific problem loans, and current economic conditions that may affect the borrower's ability to pay. The Company defines a loan as impaired when it is probable the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement. Impaired loans are measured based on the present value of expected future cash flows discounted at the loan's original effective interest rate. As a practical expedient, impairment may be measured based on the loan's observable market price or the fair value of the collateral if the loan is

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

collateral dependent. When the measure of the impaired loan is less than the recorded investment in the loan, the impairment is recorded through a valuation allowance.

Credit risk is inherent in the business of lending. As a result, the Company maintains an allowance for loan losses to absorb losses inherent in the Company's loan portfolio. This is maintained through periodic charges to earnings. These charges are shown in the Consolidated Income Statements as provision for loan losses. All specifically identifiable and quantifiable losses are immediately charged off against the allowance. However, for a variety of reasons, not all losses are immediately known to the Company and, of those that are known, the full extent of the loss may not be quantifiable at that point in time. The balance of the Company's allowance for loan losses is meant to be an estimate of these unknown but probable losses inherent in the portfolio. For purposes of this discussion, "loans" shall include all loans and lease contracts that are part of the Company's portfolio.

The Company formally assesses the adequacy of the allowance on a quarterly basis. Determination of the adequacy is based on ongoing assessments of the probable risk in the outstanding loan portfolio, and to a lesser extent the Company's loan commitments. These assessments include the periodic re-grading of credits based on changes in their individual credit characteristics including delinquency, seasoning, recent financial performance of the borrower, economic factors, changes in the interest rate environment, growth of the portfolio as a whole or by segment, and other factors as warranted. Loans are initially graded when originated. They are re-graded as they are renewed, when there is a new loan to the same borrower, when identified facts demonstrate heightened risk of nonpayment, or if they become delinquent. Re-grading of larger problem loans occur at least quarterly. Confirmation of the quality of the grading process is obtained by independent credit reviews conducted by consultants specifically hired for this purpose and by various bank regulatory agencies.

The Company's method for assessing the appropriateness of the allowance for loan losses and the reserve for unfunded commitments includes specific allowances for identified problem loans and leases as determined by SFAS 114, formula allowance factors for pools of credits, and allowances for changing environmental factors (e.g., interest rates, growth, economic conditions, etc.). Allowance factors for loan pools are based on the previous 5 years historical loss experience by product type. Allowances for specific loans are based on SFAS 114 analysis of individual credits. Allowances for changing environmental factors are Management's best estimate of the probable impact these changes have had on the loan portfolio as a whole. This process is explained in detail in the notes to the Company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2004.

Based on the current conditions of the loan portfolio, Management believes that the allowance for loan losses and the reserve for unfunded commitments, which collectively stand at \$17,470,000 at September 30, 2005, are adequate to absorb probable losses inherent in the Company's loan portfolio. No assurance can be given, however, that adverse economic conditions or other circumstances will not result in increased losses in the portfolio.

Servicing

Servicing assets are recognized as separate assets when rights are acquired through purchase or through sale of financial assets. Generally, purchased servicing rights are capitalized at the cost to acquire the rights. For sales of mortgage loans, a portion of the cost of originating the loan is allocated to the servicing right based on relative fair value. Fair value is based on market prices for comparable mortgage servicing contracts, when available, or alternatively, is based on a valuation model that calculates the present value of estimated future net servicing income. The valuation model incorporates assumptions that market participants would use in estimating future net servicing income, such as the cost to service, the discount rate, the custodial earnings rate, an inflation rate, ancillary income, prepayment speeds and default rates and losses. Capitalized servicing rights are reported in other assets and are amortized into non-interest income in proportion to, and over the period of, the estimated future servicing income of the underlying financial assets.

Servicing assets are evaluated for impairment based upon the fair value of the rights as compared to amortized cost. Impairment is determined by stratifying rights into tranches based on predominant risk characteristics, such as interest

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

rate, loan type and investor type. Impairment is recognized through a valuation allowance for an individual tranche, to the extent that fair value is less than the capitalized amount for the tranche. If the Company later determines that all or a portion of the impairment no longer exists for a particular tranche, a reduction of the allowance may be recorded as an increase to income.

Servicing fee income is recorded for fees earned for servicing loans. The fees are based on a contractual percentage of the outstanding principal; or a fixed amount per loan and are recorded as income when earned. The amortization of mortgage servicing rights is netted against loan servicing fee income.

The following table summarizes the Company's mortgage servicing rights recorded in other assets as of September 30, 2005 and December 31, 2004.

(Dollars in thousands)	December 31, 2004	Additions	Reductions	September 30, 2005

At September 30, 2005 and December 31, 2004, the Company serviced real estate mortgage loans for others of \$369 million and \$368 million, respectively. At September 30, 2005 and December 31, 2004, the fair value of the Company's mortgage servicing rights assets was \$3,812,000 and \$3,568,000, respectively.

Off-Balance Sheet Credit Related Financial Instruments

In the ordinary course of business, the Company has entered into commitments to extend credit, including commitments under credit card arrangements, commercial letters of credit, standby letters of credit, and deposit account overdraft privilege. Such financial instruments are recorded when they are funded.

Premises and Equipment

Land is carried at cost. Buildings and equipment, including those acquired under capital lease, are stated at cost less accumulated depreciation and amortization. Depreciation and amortization expenses are computed using the straight-line method over the estimated useful lives of the related assets or lease terms. Asset lives range from 3-10 years for furniture and equipment and 15-40 years for land improvements and buildings.

Foreclosed Assets

Assets acquired through, or in lieu of, loan foreclosure are held for sale and are initially recorded at fair value at the date of foreclosure, establishing a new cost basis. Subsequent to foreclosure, management periodically performs valuations and the assets are carried at the lower of carrying amount or fair value less cost to sell. Revenue and expenses from operations and changes in the valuation allowance are included in other noninterest expense.

Goodwill and Other Intangible Assets

Goodwill represents the excess of costs over fair value of assets of businesses acquired. The Company adopted the provisions of Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standard No. 142, Goodwill and Other Intangible Assets (SFAS 142), as of January 1, 2002. Pursuant to SFAS 142, goodwill and other intangible assets acquired in a purchase business combination and determined to have an indefinite useful life are not amortized, but instead

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

tested for impairment at least annually in accordance with the provisions of SFAS 142. SFAS 142 also requires that intangible assets with estimable useful lives be amortized over their respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with FASB Statement of Financial Accounting Standard No. 144, Accounting for Impairment or Disposal of Long-Lived Assets (SFAS 144).

As of the date of adoption, the Company had identifiable intangible assets consisting of core deposit premiums and minimum pension liability. Core deposit premiums are amortized using an accelerated method over a period of ten years. Intangible assets related to minimum pension liability are adjusted annually based upon actuarial estimates.

The following table summarizes the Company's core deposit intangibles as of September 30, 2005 and December 31, 2004.

Impairment of Long-Lived Assets and Goodwill

Long-lived assets, such as property, plant, and equipment, and purchased intangibles subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of would be separately presented in the balance sheet and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. The assets and liabilities of a disposed group classified as held for sale would be presented separately in the appropriate asset and liability sections of the balance sheet.

On December 31 of each year, goodwill is tested for impairment, and is tested for impairment more frequently if events and circumstances indicate that the asset might be impaired. An impairment loss is recognized to the extent that the carrying amount exceeds the asset's fair value. This determination is made at the reporting unit level and consists of two steps. First, the Company determines the fair value of a reporting unit and compares it to its carrying amount. Second, if the carrying amount of a reporting unit exceeds its fair value, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation. The residual fair value after this allocation is the implied fair value of the reporting unit goodwill.

Income Taxes

The Company's accounting for income taxes is based on an asset and liability approach. The Company recognizes the amount of taxes payable or refundable for the current year, and deferred tax assets and liabilities for the future tax consequences that have been recognized in its financial statements or tax returns. The measurement of tax assets and liabilities is based on the provisions of enacted tax laws.

-11-

Stock-Based Compensation

The Company uses the intrinsic value method to account for its stock option plans (in accordance with the provisions of Accounting Principles Board Opinion No. 25). Under this method, compensation expense is recognized for awards of options to purchase shares of common stock to employees under compensatory plans only if the fair market value of the stock at the option grant date (or other measurement date, if later) is greater than the amount the employee must pay to acquire the stock. Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation (SFAS 123) permits companies to continue

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

using the intrinsic value method or to adopt a fair value based method to account for stock option plans. The fair value based method results in recognizing as expense over the vesting period the fair value of all stock-based awards on the date of grant. The Company has elected to continue to use the intrinsic value method (see Recent Accounting Pronouncements).

Had compensation cost for the Company's option plans been determined in accordance with SFAS 123, the Company's net income and earnings per share would have been reduced to the pro forma amounts indicated below:

Earnings Per Share

Basic earnings per share represents income available to common shareholders divided by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflects additional common shares that would have been outstanding if dilutive potential common shares had been issued, as well as any adjustments to income that would result from assumed issuance. Potential common shares that may be issued by the Company relate solely from outstanding stock options, and are determined using the treasury stock method.

Earnings per share have been computed based on the following:

Comprehensive Income

Accounting principles generally require that recognized revenue, expenses, gains and losses be included in net income. Although certain changes in assets and liabilities, such as unrealized gains and losses on available-for-sale securities, are reported as a separate component of the equity section of the balance sheet, such items, along with net income, are components of comprehensive income.

The components of other comprehensive income (loss) and related tax effects are as follows:

Recent Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board (FASB) issued FASB Statement of Financial Accounting Standard No. 123 (revised 2004), Share-Based Payment (SFAS 123R), which replaces SFAS No. 123, Accounting for Stock-Based Compensation, (SFAS 123) and supercedes APB Opinion No. 25, Accounting for Stock Issued to Employees. SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values beginning with the first interim reporting period of the Company's fiscal year beginning after June 15, 2005, with early adoption encouraged. The pro forma disclosures previously permitted under SFAS 123 no longer will be an alternative to financial statement recognition. The Company is required to adopt SFAS 123R on January 1, 2006. Under SFAS 123R, the Company must determine the appropriate fair value model to be used for valuing share-based payments, the amortization method for compensation cost and the transition method to be used at date of adoption. The transition methods include prospective and retroactive adoption options. Under the retroactive option, prior periods may be restated either as of the beginning of the year of adoption or for all periods presented. The prospective method requires that compensation expense be recorded for all unvested stock options at the beginning of the first quarter of adoption of SFAS 123R, while the retroactive methods would record compensation expense for all unvested stock options and restricted stock beginning with the first period restated. The Company is evaluating the requirements of SFAS 123R and expects that the adoption of SFAS 123R will not have a material impact on the Company's consolidated results of operations and

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

earnings per share. The Company has not yet determined the method of adoption or the effect of adopting SFAS 123R, and it has not determined whether the adoption will result in amounts that are similar to the current pro forma disclosures under SFAS 123.

In May 2005, the FASB issued FASB Statement of Financial Accounting Standard No. 154, Accounting Changes and Error Corrections, (SFAS 154) a Replacement of APB Opinion No. 20 and FASB Statement No. 3. SFAS 154 establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle in the absence of explicit transition requirements specific to a newly adopted accounting principle. Previously, most changes in accounting principle were recognized by including the cumulative effect of changing to the new accounting principle in net income of the period of the change. Under SFAS 154, retrospective application requires (i) the cumulative effect of the change to the new accounting principle on periods prior to those presented to be reflected in the carrying amounts of assets and liabilities as of the beginning of the first period presented, (ii) an offsetting adjustment, if any, to be made to the opening balance of retained earnings (or other appropriate components of equity) for that period, and (iii) financial statements for each individual prior period presented to be adjusted to reflect the direct period-specific effects of applying the new accounting principle. Special retroactive application rules apply in situations where it is impracticable to determine either the period-specific effects or the cumulative effect of the change. Indirect effects of a change in accounting principle are required to be reported in the period in which the accounting change is made. SFAS 154 carries forward the guidance in APB Opinion 20 "Accounting Changes," requiring justification of a change in accounting principle on the basis of preferability. SFAS 154 also carries forward without change the guidance contained in APB Opinion 20, for reporting the correction of an error in previously issued financial statements and for a change in accounting estimate. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company does not expect SFAS 154 will significantly impact its financial statements upon its adoption on January 1, 2006.

Reclassifications

Certain amounts previously reported in the 2004 financial statements have been reclassified to conform to the 2005 presentation. Additionally, in the first quarter of 2005, the Company reclassified the reserve for unfunded commitments from the allowance for loan losses to other liabilities, and reclassified the provision for unfunded commitments from the provision for loan losses to other noninterest expense. These reclassifications did not affect previously reported net income or total shareholders' equity.

Item 2. Management's Discussion and Analysis of Financial Conditions and Results of Operations

As TriCo Bancshares (the "Company") has not commenced any business operations independent of Tri Counties Bank (the "Bank"), the following discussion pertains primarily to the Bank. Average balances, including such balances used in calculating certain financial ratios, are generally comprised of average daily balances for the Company. Within Management's Discussion and Analysis of Financial Condition and Results of Operations, interest income and net interest income are generally presented on a fully tax-equivalent (FTE) basis.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

Critical Accounting Policies and Estimates

The Company's discussion and analysis of its financial condition and results of operations are based upon the Company's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, the Company evaluates its estimates, including those related to the adequacy of the allowance for loan losses, intangible assets, and contingencies. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. (See caption "Allowance for Loan Losses" for a more detailed discussion).

Results of Operations

The following discussion and analysis is designed to provide a better understanding of the significant changes and trends related to the Company and the Bank's financial condition, operating results, asset and liability management, liquidity and capital resources and should be read in conjunction with the Consolidated Financial Statements of the Company and the Notes thereto.

Following is a summary of the components of fully taxable equivalent ("FTE") net income for the periods indicated (dollars in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2005	2004	2005	2004
Net Interest Income (FTE)	\$20,086	\$18,712	\$58,203	\$53,670

Net income	\$5,961	\$5,203	\$16,937	\$14,827

The Company had quarterly earnings of \$5,961,000, or \$0.37 per diluted share, for the three months ended September 30, 2005. These results represent a 15.6% increase from the \$0.32 earnings per diluted share reported for the three months ended September 30, 2004 on earnings of \$5,203,000. The improvement in results from the year-ago quarter was due to a \$1,374,000 (7.3%) increase in fully tax-equivalent net interest income to \$20,086,000, a \$219,000 (18.8%) decrease in provision for loan losses to \$947,000, and a \$271,000 (4.3%) increase in noninterest income to \$6,632,000. These contributing factors were partially offset by a \$457,000 (3.0%) increase in noninterest expense to \$15,680,000 for the quarter ended September 30, 2005.

The Company reported earnings of \$16,937,000, or \$1.04 per diluted share, for the nine months ended September 30, 2005. These results represent a 14.3% increase from the \$0.91 earnings per diluted share reported for the nine months ended September 30, 2004 on earnings of \$14,827,000. The improvement in results from the year-ago period was due to a \$4,533,000 (8.5%) increase in fully tax-equivalent net interest income to \$58,203,000, and a \$1,476,000 (47.9%) decrease in provision for loan losses to \$1,608,000. These contributing factors were partially offset by a \$789,000 (4.1%) decrease in noninterest income to \$18,269,000 and a \$1,297,000 (2.9%) increase in noninterest expense to

\$46,310,000 for the nine months ended September 30, 2005.

Net interest income (FTE) during the third quarter of 2005 increased \$1,374,000 (7.3%) from the same period in 2004 to \$20,086,000. The increase in net interest income (FTE) was due to a \$175,050,000 (12.5%) increase in average balances of interest-earning assets to \$1,574,392,000 offset by a 0.25% decrease in net interest margin (FTE) to 5.10%.

Net interest income (FTE) during the first nine months of 2005 increased \$4,533,000 (8.5%) from the same period in 2004 to \$58,203,000. The increase in net interest income (FTE) was due to a \$172,660,000 (12.8%) increase in average balances of interest-earning assets to \$1,517,013,000 offset by a 0.20% decrease in net interest margin (FTE) to 5.12%.

Interest and Fee Income

Interest and fee income (FTE) for the third quarter of 2005 increased \$3,399,000 (15.3%) from the third quarter of 2004. The increase was the net effect of a \$175,050,000 (12.5%) increase in average balances of interest-earning assets to \$1,574,392,000 and a 0.16% increase in the yield on those average interest-earning assets to 6.51%. The growth in interest-earning assets was comprised of a \$186,535,000 (17.0%) increase in average loan balances to \$1,284,977,000 that was partially offset by a decrease of \$11,572,000 (3.9%) in average balances of investments to \$288,963,000. The increase in the yield on average interest-earning assets was mainly due to the change in the mix of interest-earning assets as the average balance of loans increased while the average balance of lower earning investments decreased compared to the year-ago quarter. Also helping to increase the yield on average earning assets was a 0.06% increase in the yield on loans to 6.93% and a 0.19% increase in the yield on investments to 4.63% from the year-ago quarter. The relative flatness in yield in loans from the year-ago quarter, despite a 2.75% increase in the prime

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

rate from June 30, 2004 to September 30, 2005, is due to long-term rates having generally held steady or fallen over this period, and new prime based loans such as home equity lines of credit being offered at spreads to the prime rate that are lower than they were in the year-ago period. The increase in yields on investments was mainly due to maturities of shorter-term, lower yielding investments.

Interest and fee income (FTE) for the nine months ended September 30, 2005 increased \$9,367,000 (14.8%) from the same period of 2004. The increase was the net effect of a \$172,660,000 (12.8%) increase in average interest-earning assets to \$1,517,013,000 and a 0.11% increase in the yield on those average interest-earning assets to 6.38%. The growth in interest-earning assets was due to a \$187,467,000 (18.1%) increase in average loan balances to \$1,220,714,000 that was partially offset by a decrease of \$13,925,000 (4.5%) in average balances of investments to \$295,457,000. The increase in the yield on average interest-earning assets was mainly due to the change in the mix of interest-earning assets as the average balance of loans increased while the average balance of lower earning investments decreased compared to the year-ago quarter. Compared to the year-ago nine-month period, the yield on loans decreased 0.04% to 6.82% and the yield on investments increased 0.22% to 4.57%. The decrease in yield in loans from the year-ago period, despite a 2.75% increase in the prime rate from June 30, 2004 to September 30, 2005, is due to long-term rates having generally held steady or fallen over this period, and new prime based loans such as home equity lines of credit being offered at spreads to the prime rate that are lower than they were in the year-ago period. The increase in yields on investments was mainly due to maturities of shorter-term, lower yielding investments.

The increase in salary and benefits expense was the net result of annual salary increases, new employees from the opening of de-novo branches in Woodland (November 2004), and Lincoln (February 2005), offset by reduced incentive commissions, overtime, and workers compensation expense. Included in the \$192,000 net increase in other noninterest income categories was a \$293,000 increase in advertising expense, and a \$408,000 decrease in professional fees. The decrease in professional fees was mainly due to the expiration of consulting services related to the Company's overdraft privilege product, the expiration of which is not expected to have an impact on revenue from the overdraft privilege product.

Noninterest expense for the first nine months of 2005 increased \$1,297,000 (2.9%) to \$46,310,000 from \$45,013,000 in the first nine months of 2004. \$862,000 net increase in other noninterest income categories was a \$590,000 increase in advertising expense, and a \$834,000 decrease in professional fees. The decrease in professional fees was mainly due to the expiration of consulting services related to the Company's overdraft privilege product, the expiration of which is not expected to have an impact on revenue from the overdraft privilege product.

Classified Assets

The Company closely monitors the markets in which it conducts its lending operations and continues its strategy to control exposure to loans with high credit risk. Asset reviews are performed using grading standards and criteria similar to those employed by bank regulatory agencies. Assets receiving lesser grades fall under the "classified assets" category, which includes all nonperforming assets and potential problem loans, and receive an elevated level of attention to ensure collection.

The following is a summary of classified assets on the dates indicated (dollars in thousands):

	At September 30, 2005			At December 31, 2004		
	Gross	Guaranteed	Net	Gross	Guaranteed	Net
Classified loans	\$13,463	\$7,288	\$6,175	\$22,337	\$9,436	\$12,901
Other classified assets	-	-	-	-	-	-

Allowance for losses/classified loans			282.9%			124.5%
Allowance for loan losses/classified loans			255.8%			112.6%

Classified assets, net of guarantees of the U.S. Government, including its agencies and its government-sponsored agencies at September 30, 2005, decreased \$6,726,000 (52.1%) to \$6,175,000 from \$12,901,000 at December 31, 2004.

Nonperforming Loans

Loans are reviewed on an individual basis for reclassification to nonaccrual status when any one of the following occurs: the loan becomes 90 days past due as to interest or principal, the full and timely collection of additional interest or principal becomes uncertain, the loan is classified as doubtful by internal credit review or bank regulatory agencies, a portion of the principal balance has been charged off, or the Company takes possession of the collateral. Loans that are placed on nonaccrual even though the borrowers continue to repay the loans as scheduled are classified as "performing nonaccrual" and are included in total nonperforming loans. The reclassification of loans as nonaccrual does not necessarily reflect Management's judgment as to whether they are collectible.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

Interest income is not accrued on loans where Management has determined that the borrowers will be unable to meet contractual principal and/or interest obligations, unless the loan is well secured and in the process of collection. When a loan is placed on nonaccrual, any previously accrued but unpaid interest is reversed. Income on such loans is then recognized only to the extent that cash is received and where the future collection of principal is probable. Interest accruals are resumed on such loans only when they are brought fully current with respect to interest and principal and when, in the judgment of Management, the loans are estimated to be fully collectible as to both principal and interest.

Interest income on nonaccrual loans, which would have been recognized during the nine months, ended September 30, 2005, if all such loans had been current in accordance with their original terms, totaled \$727,000. Interest income actually recognized on these loans during the nine months ended September 30, 2005 was \$596,000.

The Company's policy is to place loans 90 days or more past due on nonaccrual status. In some instances when a loan is 90 days past due Management does not place it on nonaccrual status because the loan is well secured and in the process of collection. A loan is considered to be in the process of collection if, based on a probable specific event, it is expected that the loan will be repaid or brought current. Generally, this collection period would not exceed 30 days. Loans where the collateral has been repossessed are classified as OREO or, if the collateral is personal property, the loan is classified as other assets on the Company's consolidated financial statements.

Management considers both the adequacy of the collateral and the other resources of the borrower in determining the steps to be taken to collect nonaccrual loans. Alternatives that are considered are foreclosure, collecting on guarantees, restructuring the loan or collection lawsuits.

-24-

As shown in the following table, total nonperforming assets net of guarantees of the U.S. Government, including its agencies and its government-sponsored agencies, decreased \$1,858,000 (37.9%) to \$3,048,000 during the first nine months of 2005. Nonperforming assets net of guarantees represent 0.17% of total assets. All nonaccrual loans are considered to be impaired when determining the need for a specific valuation allowance. The Company continues to make a concerted effort to work problem and potential problem loans to reduce risk of loss.

Capital Resources

The current and projected capital position of the Company and the impact of capital plans and long-term strategies are reviewed regularly by Management.

On March 11, 2004, the Company's Board of Directors approved a two-for-one stock split of its common stock. The stock split was effected in the form of a stock dividend that entitled each shareholder of record at the close of business on April 9, 2004 to receive one additional share for every share of TriCo common stock held on that date. Shares resulting from the split were distributed on April 30, 2004.

Also at its meeting on March 11, 2004, the Board of Directors approved an increase in the maximum number of shares to be repurchased under the Company's stock repurchase plan originally announced on July 31, 2003 from 250,000 to 500,000 effective on April 9, 2004, solely to conform with the two-for-one stock split noted above. The 250,000 shares originally authorized for repurchase under this plan represented approximately 3.2% of the Company's approximately 7,852,000 common shares outstanding as of July 31, 2003. This plan has no stated expiration date for the repurchases, which may occur from time to time as market conditions allow. As of September 30, 2005, the Company had repurchased 351,100 shares under this plan as adjusted for the 2-for-1 stock split paid on April 30, 2004, which left 148,900 shares available for repurchase under the plan.

The Company's primary capital resource is shareholders' equity, which was \$146,322,000 at September 30, 2005. This amount represents an increase of \$8,190,000 from December 31, 2004, the net result of comprehensive income of \$14,751,000 for the period and \$1,291,000 reflecting the issuance of common shares via the exercise of stock options, partially offset by \$2,663,000 to repurchase of common stock and dividends paid of \$5,189,000. The Company's ratio of equity to total assets was 8.19%, 8.62%, and 8.49% as of September 30, 2005, September 30, 2004, and December 31, 2004, respectively. The following summarizes the ratios of capital to risk-adjusted assets for the periods indicated:

Off-Balance Sheet Items

The Bank has certain ongoing commitments under operating and capital leases. These commitments do not significantly impact operating results. As of September

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

30, 2005 commitments to extend credit and commitments related to the Bank's deposit overdraft privilege product were the Bank's only financial instruments with off-balance sheet risk. The Bank has not entered into any contracts for financial derivative instruments such as futures, swaps, options, etc. Commitments to extend credit were \$541,310,000 and \$445,054,000 at September 30, 2005 and December 31, 2004, respectively, and represent 40.8% of the total loans outstanding at September 30, 2005 versus 38.0% at December 31, 2004. Commitments related to the Bank's deposit overdraft privilege product totaled \$34,965,000 and \$28,815,000 at September 30, 2005 and December 31, 2004, respectively.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Asset and Liability Management

The goal for managing the assets and liabilities of the Company is to maximize shareholder value and earnings while maintaining a high quality balance sheet without exposing the Company to undue interest rate risk. The Board of Directors has overall responsibility for the Company's interest rate risk management policies. The Company has an Asset and Liability Management Committee (ALCO) which establishes and monitors guidelines to control the sensitivity of earnings to changes in interest rates.

Activities involved in asset/liability management include but are not limited to lending, accepting and placing deposits, investing in securities and issuing debt. Interest rate risk is the primary market risk associated with asset/liability management. Sensitivity of earnings to interest rate changes arises when yields on assets change in a different time period or in a different amount from that of interest costs on liabilities. To mitigate interest rate risk, the structure of the balance sheet is managed with the goal that movements of interest rates on assets and liabilities are correlated and contribute to earnings even in periods of volatile interest rates. The asset/liability management policy sets limits on the acceptable amount of variance in net interest margin, net income and market value of equity under changing interest environments. Market value of equity is the net present value of estimated cash flows from the Company's assets, liabilities and off-balance sheet items. The Company uses simulation models to forecast net interest margin, net income and market value of equity.

Simulation of net interest margin, net income and market value of equity under various interest rate scenarios is the primary tool used to measure interest rate risk. Using computer-modeling techniques, the Company is able to estimate the potential impact of changing interest rates on net interest margin, net income and market value of equity. A balance sheet forecast is prepared using inputs of actual loan, securities and interest-bearing liability (i.e. deposits/borrowings) positions as the beginning base.

In the simulation of net interest margin and net income under various interest rate scenarios, the forecast balance sheet is processed against seven interest rate scenarios. These seven interest rate scenarios include a flat rate scenario, which assumes interest rates are unchanged in the future, and six additional rate ramp scenarios ranging from +300 to -300 basis points around the flat scenario in 100 basis point increments. These ramp scenarios assume that interest rates increase or decrease evenly (in a "ramp" fashion) over a twelve-month period and remain at the new levels beyond twelve months.

In the simulation of market value of equity under various interest rate scenarios, the forecast balance sheet is processed against seven interest rate scenarios. These seven interest rate scenarios include the flat rate scenario described above, and six additional rate shock scenarios ranging from +300 to -300 basis points around the flat scenario in 100 basis point increments. These rate shock scenarios assume that interest rates increase or decrease immediately (in a "shock" fashion) and remain at the new level in the future.

At September 30, 2005, the results of the simulations noted above indicate that given a "flat" balance sheet scenario, and if deposit rates track general interest rate changes by approximately 50%, the Company's balance sheet is slightly liability sensitive. "Liability sensitive" implies that earnings decrease when interest rates rise, and increase when interest rates decrease. The magnitude of all the simulation results noted above is within the Bank's policy guidelines. The asset liability management policy limits aggregate market risk, as measured in this fashion, to an acceptable level within the context of

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

risk-return trade-offs.

The simulation results noted above do not incorporate any management actions, which might moderate the negative consequences of interest rate deviations. Therefore, they do not reflect likely actual results, but serve as conservative estimates of interest rate risk.

At September 30, 2005 and 2004, the Company had no derivative financial instruments.

Liquidity

The Company's principal source of asset liquidity is federal funds sold and marketable investment securities available for sale. At September 30, 2005, federal funds sold and investment securities available for sale totaled \$271,352,000, representing a decrease of \$14,661,000 (5.1%) from December 31, 2004, and a decrease of \$14,715,000 (5.1%) from September 30, 2004. In addition, the Company generates additional liquidity from its operating activities. The Company's profitability during the first nine months of 2005 generated cash flows from operations of \$22,562,000 compared to \$18,248,000 during the first nine months of 2004. Additional cash flows may be provided by financing activities, primarily the acceptance of deposits and borrowings from banks. Maturities of investment securities produced cash inflows of \$45,147,000 during the nine months ended September 30, 2005 compared to \$62,476,000 for the nine months ended September 30, 2004. During the nine months ended September 30, 2005, the Company invested \$35,013,000 and \$155,460,000 in securities and net loan growth, respectively, compared to \$39,580,000 and \$145,989,000 in securities and net loan growth, respectively, during the first nine months of 2004. These changes in investment and loan balances contributed to net cash used for investing activities of \$149,890,000 during the nine months ended September 30, 2005, compared to net cash used for investing activities of \$126,207,000 during the nine months ended September 30, 2004. Financing activities provided net cash of \$142,922,000 during the nine months ended September 30, 2005, compared to net cash provided by financing activities of \$91,348,000 during the nine months ended September 30, 2004. Increases in deposit balances and Federal funds borrowed accounted for \$89,466,000 and \$56,800,000 of financing sources of funds, respectively, during the nine months ended September 30, 2005, compared to increases in deposit balances and Federal funds borrowed of \$55,318,000 and \$17,800,000, respectively, during the nine months ended September 30, 2004. The Company raised \$20,619,000 through the issuance of junior subordinated debt during the nine months ended September 30, 2004. Dividends paid used \$5,189,000 and \$5,001,000 of cash during the nine months ended September 30, 2005 and September 30, 2004, respectively. Repurchase of common stock used \$2,663,000 and \$2,793,000 of cash during the nine months ended September 30, 2005 and September 30, 2004, respectively. Also, the Company's liquidity is dependent on dividends received from the Bank. Dividends from the Bank are subject to certain regulatory restrictions.

Item 4. Controls and Procedures

The Chief Executive Officer, Richard Smith, and the Chief Financial Officer, Thomas Reddish, evaluated the effectiveness of the Company's disclosure controls and procedures as of September 30, 2005 ("Evaluation Date"). Based on that evaluation, they concluded that as of the Evaluation Date the Company's disclosure controls and procedures are effective to allow timely communication to them of information relating to the Company and the Bank required to be disclosed in its filings with the Securities and Exchange Commission ("SEC") under the Securities Exchange Act of 1934, as amended ("Exchange Act"). Disclosure controls and procedures are Company controls and other procedures

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

that are designed to ensure that information required to be disclosed by the Company in the reports that it files under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

No changes in the Company's internal control over financial reporting occurred during the first nine months of 2005 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Exhibit 10.2

Form of Change of Control Agreement dated as of August 23, 2005, between TriCo, Tri Counties Bank and each of Bruce Belton, Craig Carney, Gary Coelho, W.R. Hagstrom, Andrew Mastorakis, Rick Miller, Richard O'Sullivan, Thomas Reddish, and Ray Rios.

This Change of Control Agreement ("Agreement") is dated as of August 23, 2005, and is by and among TRI COUNTIES BANK, a California banking corporation having its principal place of business at 63 Constitution Drive, Chico, California 95973, TRICO BANCSHARES, a California corporation ("TriCo"), and _____ ("Employee").

WHEREAS, Tri Counties Bank desires to retain and assure Employee's services and loyalty during any pending Change of Control, as defined herein, and is willing to provide severance benefits in excess of its regular severance benefits in such event;

WHEREAS, Employee desires to continue in the employ of Tri Counties Bank under the terms and subject to the conditions hereinafter set forth.

NOW, THEREFORE, the parties hereto agree as follows:

1. TERM OF AGREEMENT. Unless sooner terminated pursuant to the provisions of Section 5 hereof, the initial term of this Agreement shall be for twelve (12) months. On each one-year anniversary of this Agreement thereafter, this Agreement shall automatically renew for an additional one (1) year period, unless terminated by either party ninety (90) days prior to such anniversary date; provided, however this Agreement may not be terminated pursuant to this Section 1 at any time there is a pending or threatened "Change of Control" (as defined herein).

2. DUTIES OF EMPLOYMENT. Employee hereby agrees to devote his full and exclusive time and attention to the business of Tri Counties Bank, TriCo and their subsidiaries (collectively, "Employer"), to faithfully perform the duties assigned to him by the Board of Directors consistent with his office, and to conduct himself in such a way as shall best serve the interests of Employer.

3. CHANGE OF CONTROL.

3.1 In the event of a Change of Control of Employer and in the event that, within one year following the Change of Control, either: (i)

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

Employee's employment is terminated by Employer other than for "cause" as defined in Section 5.2, or (ii) Employee terminates his employment with Employer after a substantial and material negative change occurs in Employee's title, compensation and/or responsibilities, then, subject to the provisions of Section 3.3, Employee shall be entitled to receive his salary at the rate then in effect for a period of twenty-four (24) months following the occurrence of the events set forth herein, as well as an amount equal to 200% of the annual bonuses earned by Employee for the last complete calendar year or year of employment, whichever is greater, paid in twenty-four equal monthly installments; provided, however, that the present value of said payments shall not be more than two hundred ninety-nine percent (299%) of Employee's compensation as defined by Section 280G of the Internal Revenue Code of 1954, as amended. Employer shall be relieved of its obligation to make payments under this Section 3.1 if, at the time it is to make such payment, it is insolvent, in conservatorship or receivership, is in a troubled condition, is operating under a supervisory agreement with any regulatory agency having jurisdiction, has been given a financial soundness rating of "4" or "5," or is subject to a proceeding to terminate or suspend federal deposit insurance.

3.2 For purposes of this Agreement, a "Change of Control" of Employer shall occur:

(a) upon Employer's knowledge that any person (as such term is used in Section 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended) is or becomes "the beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of shares representing 40% or more of the combined voting power of the then outstanding securities of Employer; or

(b) upon the first purchase of the common stock of Employer pursuant to a tender or exchange offer (other than a tender or exchange offer made by Employer); or

(c) upon the approval by the stockholders of Employer of a merger or consolidation (other than a merger of consolidation in which Employer is the surviving corporation and which does not result in any reclassification or reorganization of Employer's then outstanding securities), a sale or disposition of all or substantially all of the assets of Employer, or a plan of liquidation or dissolution of Employer; or

(d) if, during any period of two consecutive years, individuals who at the beginning of such period constitute the Board of Directors of Employer cease for any reason to constitute at least a majority thereof, unless the election or nomination for the election by the stockholders of Employer of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

3.3 Anything in this Agreement to the contrary notwithstanding, prior to the payment of any compensation or benefits payable under Section 3.1 hereof, the certified public accountants of Employer who served as accountants immediately prior to a Change of Control (the "Certified Public Accountants") shall determine as promptly as practical and in any event within 20 business days following a Change of Control whether any payment or distribution by Employer to or for the benefit of Employee (whether paid or payable or distributed or distributable pursuant to the terms of this Agreement, any other agreements or otherwise) (a "Payment") would more likely than not be nondeductible by Employer for Federal income purposes because of section 280G of the Internal Revenue Code of 1986, as amended (the "Code"), and if it is, then the aggregate present value of amounts payable or distributable to or for the benefit of Employee pursuant to this

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

Agreement (such payments or distributions pursuant to this Agreement are hereinafter referred to as "Agreement Payments") shall be reduced (but not below zero) to the Reduced Amount. For purposes of this Section 3.3, the "Reduced Amount" shall be an amount expressed in present value, which maximizes the aggregate present value of Agreement Payments without causing any payment to be nondeductible by Employer because of said Section 280G of the Code.

If under this Section the Certified Public Accountants determine that any payment would more likely than not be nondeductible by Employer because of Section 280G of the Code, Employer shall promptly give Employee notice to the effect and a copy of the detailed calculation thereof and of the Reduced Amount, and the Employee may then elect, in his sole discretion, which and how much of the Agreement Payments or any other payments shall be eliminated or reduced (as long as after such election the aggregate present value of the Agreement Payments or any other payments equals the Reduced Amount), and shall advise the Employer in writing of his election within 20 business days of his receipt of notice. If no such election is made by Employee within such 20-day period, Employer may elect which and how much of the Agreement Payments or any other payments shall be eliminated or reduced (as long as after such election the aggregate present value of the Agreement Payments equals the Reduced Amount) and shall notify Employee promptly of such election. For purposes of this Section 3.3, present value shall be determined in accordance with Section 280G(d)(4) of the Code. All determinations made by the Certified Public Accountants shall be binding upon Employer and Employee and the payment to Employee shall be made within 20 days of a Change of Control. Employer may suspend for a period of up to 30 days after a Change of Control the Payment and any other payments or benefits due to Employee until the Certified Public Accountants finish the determination and Employee (or Employer, as the case may be) elects how to reduce the Agreement Payments or any other payments, if necessary. As promptly as practicable following such determination and the elections hereunder, Employer shall pay to or distribute to or for the benefit of Employee such amounts as are then due to Employee under this Agreement.

As a result of the uncertainty in the application of Section 280G of the Code, it is possible that Agreement Payments may have been made by Employer, which should not have been made ("Overpayment"), in each case, consistent with the calculation of the Reduced Amount hereunder. In the event that the Certified Public Accountants, based upon the assertion of a deficiency by the Internal Revenue Service against Employer or Employee which said Certified Public Accountants believe has a high probability of success, determines that an Overpayment has been made, any such Overpayment shall be treated for all purposes as a loan to Employee which Employee shall repay to Employer together with interest at the applicable Federal rate provided for in Section 7872(f)(2)(A) of the Code; provided, however, that no amount shall be payable by Employee to Employer in and to the extent such payment would not reduce the amount which is subject to taxation under Section 4999 of the Code. In the event that the Certified Public Accountants, based upon controlling precedent, determine that an Underpayment has occurred, any such Underpayment shall be promptly paid by Employer to or for the benefit of Employee together with interest at the applicable Federal rate provided for in Section 7872(f)(2)(A) of the Code.

3.4 Continuing Obligations. The triggering of this Section 3 shall not relieve Employee or Employer of their obligations pursuant to the provisions of Section 4 hereof, which contains independent agreements and obligations.

4. COVENANT TO PROTECT TRADE SECRETS.

4.1 The parties hereto recognize that the services performed and to be

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

performed by Employee are special and unique and that by reason of this employment Employee has acquired and will continue to acquire confidential information regarding the strategic plans, business plans, trade secrets, policies, finances, customers and other business affairs of Employer (collectively "Trade Secrets"). Employee hereby agrees not to divulge such Trade Secrets to anyone, either during his employment with Employer or for a period of three (3) years following the termination of his employment. Employee further agrees that all memoranda, notes, records, reports, letters, and other documents made, compiled, received, held, or used by Employee while employed by Employer concerning any phase of the business of Employer shall be Employer's property and shall be delivered by Employee to Employer on the termination of his employment, or at any earlier time on the request of the Board of Directors.

4.2 Employee and Employer agree that in consideration of the payment of the amounts payable to Employee hereunder, Employee specifically covenants to comply with all of the restrictions and obligations contained in this Section 4 except as otherwise specifically provided for herein. Employee and Employer further agree that they have discussed the restrictions and obligations contained in this Section 4 and stipulate that they are reasonable.

4.3 The agreement of Employee regarding the provisions contained in this Section 4 shall be enforceable both at law and in equity, by injunction and otherwise; and the rights and remedies of Employer hereunder with respect thereto shall be cumulative and not alternative and shall not be exhausted by any one or more uses thereof.

5. TERMINATION.

This Agreement is terminable as follows:

5.1 By Employer, upon the voluntary retirement or voluntary resignation of Employee, or upon the death or permanent physical or mental disability of Employee. (For purposes hereof, permanent physical or mental disability shall be deemed to have occurred when Employee has been unable, with reasonable accommodation, to perform the essential functions of his job (i) for a period of six (6) consecutive months or (ii) on 80% or more of the normal working days during any nine (9) consecutive months.)

5.2 By Employer, effective immediately upon providing Employee with notice of his dismissal, for "cause," which shall mean:

1 Employee's dishonesty, disloyalty, willful misconduct, dereliction of duty or conviction of a felony or other crime the subject matter of which is related to his duties for Employer;

2 Employee's commission of an act of fraud or bad faith upon Employer;

3 Employee's willful misappropriation of any funds or property of Employer; or

4 Employee's willful, continued and unreasonable failure to perform his duties or obligations under this Agreement.

5.3 By Employer, upon ninety (90) days prior written notice to Employee, not for cause (as defined in Section 5.2); provided, however, this Agreement may not be terminated pursuant to this Section 5.3 at any time there is a pending or threatened Change of Control of Employer.

6. SCOPE OF AGREEMENT: WAIVERS AND AMENDMENTS.

The scope of this Agreement is limited to the specific provisions set forth herein and is not intended to encompass all the terms and conditions of the relationship between Employee and Employer and any and all matters related thereto. The effects of the termination of Employee's employment under circumstances other than after a Change of Control and as specifically set forth herein shall be subject to the policies of Employer and any other written agreement between Employee and Employer. Neither this Agreement nor any term or condition hereof, including without limitation, the terms and conditions of this Section, may be waived or modified in whole or in part as against Employer or Employee, as the case may be, except by written instrument signed by an authorized officer of Employer and by Employee, expressly stating that it is

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

intended to operate as a waiver or modification of this Agreement, and any such written waiver by either party of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach hereof.

7. NOTICE.

Any notice hereunder shall be in writing and shall be deemed effective five (5) days after it has been mailed, by certified mail, in the case of Employer addressed to the address above written, or such other address as Employee knows to be the then corporate office of Employer, to the attention of the President of Employer and, in the case of Employee, to Employee's address as contained in the personnel records of Employer. Either party may from time to time, in writing by certified mail, designate another address, which shall become his or its effective address for the purposes of this Section 7.

8. SEVERABILITY.

If any term or provision of this Agreement or the application thereof to any person, property or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons, property or circumstances other than those as to which it is invalid or unenforceable, shall not be effected thereby, and each term provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

9. NO RESTRICTIONS.

Employee hereby represents and warrants that he is not now and will not be subject to any agreement, restriction, lien, encumbrance, or right, title or interest in any one of the foregoing, limiting in any way the scope of this Agreement or in any way inconsistent with this Agreement.

10. NO ASSIGNMENT: BINDING EFFECT.

This Agreement shall be binding upon and inure to the benefit of Employer, its successors or assigns. Except as to the obligation of Employee to render personal services which shall be non-assignable, this Agreement shall be binding upon and inure to the heirs, executors, administrators, and assigns of Employee.

11. ARBITRATION.

EXCEPT AS TO ANY ACTION BROUGHT TO ENFORCE THE PROVISIONS OF SECTION 4 ABOVE, ANY CONTROVERSY, DISPUTE OR CLAIM ARISING OUT OF OR RELATING TO THE TERMINATION OF THE EMPLOYEE'S EMPLOYMENT, AND THE INTERPRETATION OF THIS AGREEMENT, AND ANY AND ALL CLAIMS INCLUDING ANY STATUTORY CLAIMS OF DISCRIMINATION, SHALL BE RESOLVED BY BINDING ARBITRATION UNDER THE EMPLOYMENT DISPUTE RESOLUTION RULES OF THE AMERICAN ARBITRATION ASSOCIATION PROVISIONS OF THE FEDERAL UNIFORM ARBITRATION ACT.

The parties agree that arbitration shall be the exclusive forum to resolve any and all claims between the parties, their agents and employees regarding the termination of employment, or of this Agreement, including any claims of discrimination under any state or federal statute, wrongful discharge theory, or any other claim whether based on specific state or federal statute or common law.

ANY CLAIM MADE UNDER THIS PROVISION MAY BE SUBMITTED IN WRITING WITHIN 60 DAYS AFTER THE TERMINATION OF EMPLOYMENT OR THIS AGREEMENT. THE WRITTEN CLAIM MUST DETAIL THE FACTS WHICH SUPPORT THE CLAIM ALONG WITH ANY LEGAL THEORIES OR STATUS UPON WHICH THE CLAIM IS BASED.

The parties agree to abide by any determination of the arbitrator as to which party is to be responsible for the costs and attorneys' fees in any such proceeding. It is agreed that the arbitrator shall be empowered to hear all legal and equitable claims, including claims for discrimination. The arbitrator shall be governed by the law applicable to any claims based upon any state or federal statute, and will also be empowered to award any remedies appropriate under any such statutes.

This provision shall survive the termination of Employee's employment and this Agreement.

Exhibit 10.8

Amended Employment Agreement between TriCo and Richard Smith dated August 23, 2005.

This AMENDED EMPLOYMENT AGREEMENT ("Agreement") is entered into as of August 23, 2005 between TRICO BANCSHARES ("EMPLOYER"), having its principal place of business at 63 Constitution Drive, Chico, California 95926 and Richard P. Smith ("Employee"), and replaces in its entirety the Employment Agreement dated April 20, 2004, between EMPLOYER and Employee.

WITNESSETH

WHEREAS, EMPLOYER desires to continue to employ Employee pursuant to the terms of this Agreement and Employee is desirous of and wishes to continue in such employment, on the terms and conditions hereinafter set forth;

NOW, THEREFORE, in consideration of the premises, mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. EMPLOYMENT

EMPLOYER hereby employs Employee, and Employee hereby accepts appointment, as President and Chief Executive Officer. Employee shall report to and be under the supervision of the Board of Directors of EMPLOYER and Employee hereby agrees to devote his full and exclusive time and attention to the business of EMPLOYER, to faithfully perform the duties assigned to him by the Board of Directors consistent with his office, and to conduct himself in such a way as shall best serve the interests of EMPLOYER.

2. TERM OF AGREEMENT

Unless sooner terminated by EMPLOYER or the Employee pursuant to the provisions of Sections 4 or 6 hereof, the employment provisions of this Agreement shall terminate on the first (1st) anniversary of the date of this Agreement. This Agreement shall automatically be extended for an additional year on the first anniversary of this Agreement and each anniversary thereafter unless a party notifies the other party to the contrary in writing 90 days prior to an anniversary date; provided, however, this Agreement may not be terminated

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

pursuant to this Section 2 at any time there is a pending or threatened "Change of Control" (as defined herein).

3. COMPENSATION

For and in consideration of the performance by the Employee of the services, terms, conditions, covenants and promises herein recited, EMPLOYER agrees and promises to pay to the Employee at the times and in the manner herein stated, the following:

3.1 Salary. As the compensation for the services to be performed by the Employee hereunder during the employment period, the Employee shall receive, as gross salary before any withholding of whatever sort, the sum of \$410,000.00 per year, payable in the manner in which EMPLOYER's payroll is customarily handled. Additionally, Employee will be eligible for such annual increases in salary as EMPLOYER's Compensation Committee shall from time to time decide.

3.2 Bonus/Incentive Plan. Employee shall participate in a bonus/incentive plan to be agreed upon between Employee and EMPLOYER and approved by the EMPLOYER's Compensation Committee.

3.3 Stock Options. Employee will be granted options annually to purchase shares of TRICO BANCSHARES ("TRICO") common stock pursuant to and under the terms of TRICO's stock option plans in amounts determined by EMPLOYER's Compensation Committee.

3.4 Employee Benefits. In addition to the above, EMPLOYER shall provide Employee with the following:

- (a) participation for the Employee and his dependents, in any present or future disability, health, dental or other insurance plan generally available to all employees of EMPLOYER, such participation to be on the same basis as such other executives/employees, except that the 90 day waiting period for inclusion shall be waived;
- (b) participation for the Employee in any present or future employee savings plans, including, but not limited to EMPLOYER's 401(k) Savings Plan; Employee Stock Ownership Plan; Executive Deferred Compensation Plan; and Supplemental Executive Retirement Plan;
- (c) twenty (20) paid vacation days annually; and
- (d) a car allowance of \$1,000.00 per month and reimbursement of other reasonable out-of-pocket expenses, including \$0.30 per mile, incurred by the Employee in the performance of the duties hereunder in accordance with the policies of EMPLOYER.

4. EARLY TERMINATION OF EMPLOYMENT

4.1 Termination For Cause. EMPLOYER may at any time, in its sole discretion, terminate the employment provisions of this Agreement for "cause," effective immediately upon providing the Employee with notice of his dismissal. The only occurrences which shall constitute "cause" within the meaning of this paragraph shall be the following:

- (a) Employee's dishonesty, disloyalty, willful misconduct, dereliction of duty or conviction of a felony or other crime the

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

subject matter of which is related to his duties for EMPLOYER;

- (b) the commission by the Employee of an act of fraud or bad faith upon EMPLOYER;
- (c) the willful misappropriation of any funds or property of EMPLOYER by the Employee;
- (d) the willful, continued and unreasonable failure by the Employee to perform his duties or obligations under this Agreement; or
- (e) the breach of any material provisions hereof or the engagement by the Employee, without the prior written approval of EMPLOYER, in any activity which would violate the provisions of Section 7 of this Agreement.

4.2 Termination Without Cause. EMPLOYER may at any time upon 90 days' written notice given to Employee, in its sole discretion, terminate the employment provisions of this Agreement without "cause," which term is defined in Section 4.1 hereof; provided, however, this Agreement may not be terminated pursuant to this Section 4.2 at any time there is a pending or threatened change of control of EMPLOYER.

4.3 Voluntary Termination. The employment provisions of this Agreement shall also terminate upon:

- (a) the death or permanent physical or mental disability of the Employee;
- (b) the voluntary retirement of the Employee; or
- (c) the voluntary resignation of the Employee.

For purposes hereof, permanent physical or mental disability shall be deemed to have occurred when Employee has been unable, with reasonable accommodation, to perform the essential functions of his job (i) for a period of six (6) consecutive months or (ii) on 80% or more of the normal working days during any nine (9) consecutive months.

5. RIGHTS UPON EARLY TERMINATION OF EMPLOYMENT

5.1 Termination Pursuant to Section 4.1 or 4.3. If Employee's employment is terminated pursuant to paragraph 4.1 or 4.3 hereof, then EMPLOYER will have no obligation to pay any amount to the Employee other than amounts earned or accrued pursuant to the provisions of Section 3, but which have not yet been paid as of the date of the termination of the Employee, and the Employee shall have no further claims against EMPLOYER or its subsidiaries with respect to this Agreement (except with respect to payments due and payable under this paragraph 5.1).

5.2 Termination Pursuant to Section 4.2. If Employee's employment is terminated pursuant to paragraph 4.2 hereof, then EMPLOYER shall pay to the Employee all amounts earned or accrued pursuant to the provisions of Section 3 hereof, but which have not yet been paid as of the date of the termination of the Employee. In addition, EMPLOYER shall pay Employee a prorated amount of Employee's minimum guaranteed annual bonus (as set forth in Section 3.2) through the date of termination. In addition, EMPLOYER shall pay through the then remaining term of this Agreement, the amount of salary that would be payable pursuant to paragraph 3.1 if the Employee's

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

employment had not been terminated, at such times and in such amounts that would have been paid if Employee's employment had not been terminated.

6. CHANGE OF CONTROL

6.1 Benefits. In the event of a Change of Control of EMPLOYER and in the event that, within one year following the Change of Control, either: (i) Employee's employment is terminated by EMPLOYER other than for "cause" as defined in Section 5.2, or (ii) Employee terminates his employment with EMPLOYER after a substantial and material negative change occurs in Employee's title, compensation and/or responsibilities, then, subject to the provisions of Section 6.3, Employee shall be entitled to receive his salary at the rate then in effect for a period of twenty-four (24) months following the occurrence of the events set forth herein, as well as an amount equal to 200% of the annual bonuses earned by Employee for the last complete calendar year or year of employment, whichever is greater, paid in twenty-four equal monthly installments; provided, however, that the present value of said payments shall not be more than two hundred ninety-nine percent (299%) of Employee's compensation as defined by Section 280G of the Internal Revenue Code of 1954, as amended. EMPLOYER shall be relieved of its obligation to make payments under this Section 6.1 if, at the time it is to make such payment, it is insolvent, in conservatorship or receivership, is in a troubled condition, is operating under a supervisory agreement with any regulatory agency having jurisdiction, has been given a financial soundness rating of "4" or "5," or is subject to a proceeding to terminate or suspend federal deposit insurance.

6.2 Defined. For purposes of this Section 6, a "Change of Control" of EMPLOYER shall occur:

(a) upon EMPLOYER's knowledge that any person (as such term is used in Section 13(d) and 14(d)(2) of the Securities Exchange Act of 1934, as amended) is or becomes "the beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of shares representing 40% or more of the combined voting power of the then outstanding securities of EMPLOYER or Tri Counties Bank; or

(b) upon the first purchase of the common stock of EMPLOYER pursuant to a tender or exchange offer (other than a tender or exchange offer made by EMPLOYER); or

(c) upon the approval by the stockholders of EMPLOYER of a merger or consolidation (other than a merger of consolidation in which EMPLOYER is the surviving corporation and which does not result in any reclassification or reorganization of EMPLOYER's then outstanding securities), a sale or disposition of all or substantially all of EMPLOYER's assets, or a plan of liquidation or dissolution of EMPLOYER; or

(d) if, during any period of two consecutive years, individuals who at the beginning of such period constitute the Board of Directors of EMPLOYER cease for any reason to constitute at least a majority thereof, unless the election or nomination for the election by the stockholders of EMPLOYER of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

6.3 Limitations. Anything in this Agreement to the contrary notwithstanding, prior to the payment of any compensation or benefits

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

payable under Section 6.1 hereof, the certified public accountants of EMPLOYER who served as accountants immediately prior to a Change of Control (the "Certified Public Accountants") shall determine as promptly as practical and in any event within 20 business days following a Change of Control whether any payment or distribution by EMPLOYER to or for the benefit of Employee (whether paid or payable or distributed or distributable pursuant to the terms of this Agreement, any other agreements or otherwise) (a "Payment") would more likely than not be nondeductible by EMPLOYER for Federal income tax purposes because of section 280G of the Internal Revenue Code of 1986, as amended (the "Code"), and if it is, then the aggregate present value of amounts payable or distributable to or for the benefit of EMPLOYEE pursuant to this Agreement (such payments or distributions pursuant to this Agreement are hereinafter referred to as "Contract Payments") shall be reduced (but not below zero) to the Reduced Amount. For purposes of this Section 6.3, the "Reduced Amount" shall be an amount expressed in present value which maximizes the aggregate present value of Contract Payments without causing any payment to be nondeductible by EMPLOYER because of said Section 280G of the Code.

If under this Section the Certified Public Accountants determine that any payment would more likely than not be nondeductible by EMPLOYER because of Section 280G of the Code, EMPLOYER shall promptly give Employee notice to that effect and a copy of the detailed calculation thereof and of the Reduced Amount, and the Employee may then elect, in his sole discretion, which and how much of the Contract Payments or any other payments shall be eliminated or reduced (as long as after such election the aggregate present value of the Contract Payments or any other payments equals the Reduced Amount), and shall advise the EMPLOYER in writing of his election within 20 business days of his receipt of notice. If no such election is made by Employee within such 20-day period, EMPLOYER may elect which and how much of the Contract Payments or any other payments shall be eliminated or reduced (as long as after such election the aggregate present value of the Contract Payments equals the Reduced Amount) and shall notify Employee promptly of such election. For purposes of this Section 6.3, present value shall be determined in accordance with Section 280G(d)(4) of the Code. All determinations made by the Certified Public Accountants shall be binding upon EMPLOYER and Employee and the payment to Employee shall be made within 20 days of a Change of Control. EMPLOYER may suspend for a period of up to 30 days after a Change of Control the Payment and any other payments or benefits due to Employee until the Certified Public Accountants finish the determination and Employee (or EMPLOYER, as the case may be) elects how to reduce the Contract Payments or any other payments, if necessary. As promptly as practicable following such determination and the elections hereunder, EMPLOYER shall pay to or distribute to or for the benefit of Employee such amounts as are then due to Employee under this Agreement.

As a result of the uncertainty in the application of Section 280G of the Code, it is possible that Contract Payments may have been made by EMPLOYER which should not have been made ("Overpayment"), in each case, consistent with the calculation of the Reduced Amount hereunder. In the event that the Certified Public Accountants, based upon the assertion of a deficiency by the Internal Revenue Service against EMPLOYER or Employee which said Certified Public Accountants believe has a high probability of success, determines that an Overpayment has been made, any such Overpayment shall be treated for all purposes as a loan to Employee which Employee shall repay to EMPLOYER together with interest at the applicable Federal rate provided for in Section 7872(f)(2)(A) of the Code; provided, however, that no amount shall be payable by Employee to EMPLOYER in and to the extent such payment would not reduce the amount which is subject to taxation under Section 4999 of the Code. In the event that the Certified Public Accountants, based upon controlling precedent, determine that an Underpayment has occurred, any such Underpayment shall be promptly paid by EMPLOYER to or for the benefit of Employee together with interest at the applicable Federal rate provided for in Section 7872(f)(2)(A) of

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

the Code.

6.4 Continuing Obligations. The triggering of this Section 6 shall not relieve Employee or EMPLOYER of their obligations pursuant to the provisions of Section 7 hereof, which contains independent agreements and obligations.

7. COVENANTS

7.1 Non-disturbance with Employees. Employee hereby agrees that (a) during the term of his employment with EMPLOYER and for a period of twelve (12) months following the termination of his employment, he will not directly or indirectly solicit, cause any other person to solicit or assist any other person with soliciting, the employment of any person who is, at the time of such solicitation, or who was within 30 days of such solicitation, an employee of EMPLOYER or its subsidiaries or employees. Employment for purposes of this Section shall include consulting, performing services for commissions or otherwise performing services for cash or other compensation.

7.2 Confidential Information. The parties hereto recognize that the services performed and to be performed by Employee are special and unique and that by reason of this employment Employee has acquired and will continue to acquire information regarding the strategic plans, business plans, policies, finances and customers and trade secrets of EMPLOYER ("Confidential Information"). Employee hereby agrees not to divulge such Confidential Information to anyone, either during his employment with EMPLOYER or for a period of three (3) years following the termination of his employment. Employee further agrees that all memoranda, notes, records, reports, letters, and other documents made, compiled, received, held, or used by Employee while employed by EMPLOYER concerning any phase of the business of EMPLOYER shall be EMPLOYER's property and shall be delivered by Employee to EMPLOYER on the termination of his employment, or at any earlier time on the request of the Board of Directors.

7.3 Non-use of Confidential Information. Employee hereby agrees that (a) during the term of his employment with EMPLOYER; and (b) for a period of one year following the termination of his employment, he will not use any Confidential Information, and especially information concerning EMPLOYER's customers to directly or indirectly solicit, cause any other person to solicit or assist any other person with soliciting any customer, depositor or borrower of EMPLOYER or its subsidiaries or affiliates to become a customer, depositor or borrower of another bank, savings and loan, or financial institution.

7.4 Enforcement. The agreement of Employee regarding the provisions contained in this Section 7 shall be enforceable both at law and in equity, by injunction and otherwise; and the rights and remedies of EMPLOYER hereunder with respect thereto shall be cumulative and not alternative and shall not be exhausted by any one or more uses thereof.

8. ENTIRE AGREEMENT: WAIVERS AND AMENDMENTS

This Agreement sets forth the entire agreement between the parties with respect to the terms and conditions of the relationship between Employee and EMPLOYER and any and all matters related thereto, and any and all prior agreements with respect to any thereof, whether oral or written, are superseded hereby. Neither this Agreement nor any term or condition hereof, including without limitation, the terms and conditions of this Section, may be waived or

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

modified in whole or in part as against EMPLOYER or Employee, as the case may be, except by written instrument signed by an authorized officer of EMPLOYER and by Employee, expressly stating that it is intended to operate as a waiver or modification of this Agreement, and any such written waiver by either party of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach hereof.

9. NOTICE

Any notices, consents or other communication required to be sent or given hereunder by any of the parties shall in every case be in writing and shall be deemed properly served if (a) delivered personally, (b) sent by registered or certified mail, in all such cases with first class postage prepaid, return receipt requested, or (c) delivered by a recognized overnight courier service, if to EMPLOYER at the address of its main office to the attention of its President and, if to Employee, at his last address on the personnel records of EMPLOYER or at such other addresses as may be furnished by a party in writing according to the provisions of this Section 9, except that either party may from time to time, in writing by certified mail, designate another address which shall thereupon become his or its effective address for the purposes of this Section 9.

10. SEVERABILITY

If any term or provision of this Agreement or the application thereof to any person, property or circumstance shall to any extent be invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons, property or circumstances other than those as to which it is invalid or unenforceable, shall not be effected thereby, and each term provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

11. NO RESTRICTIONS

Employee hereby represents and warrants that he is not now and will not be subject to any agreement, restriction, lien, encumbrance, or right, title or interest in any one of the foregoing, limiting in any way the scope of this Agreement or in any way inconsistent with this Agreement.

12. NO ASSIGNMENT: BINDING EFFECT

This Agreement shall be binding upon and inure to the benefit of EMPLOYER, its successors or assigns. Except as to the obligation of Employee to render personal services which shall be non-assignable, this Agreement shall be binding upon and inure to the heirs, executors, administrators, and assigns of Employee.

13. ARBITRATION

EXCEPT AS TO ANY ACTION BROUGHT TO ENFORCE THE PROVISIONS OF SECTION 7 ABOVE, ANY CONTROVERSY, DISPUTE OR CLAIM ARISING OUT OF OR RELATING TO THE TERMINATION OF THE EMPLOYEE'S EMPLOYMENT, AND THE INTERPRETATION OF THIS AGREEMENT, AND ANY AND ALL CLAIMS INCLUDING ANY STATUTORY CLAIMS OF DISCRIMINATION, SHALL BE RESOLVED BY BINDING ARBITRATION UNDER THE EMPLOYMENT DISPUTE RESOLUTION RULES OF THE AMERICAN ARBITRATION ASSOCIATION PROVISIONS OF THE FEDERAL UNIFORM ARBITRATION ACT.

The parties agree that arbitration shall be the exclusive forum to resolve any and all claims between the parties, their agents and employees regarding the termination of employment, or of this Agreement, including any claims of

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

discrimination under any state or federal statute, wrongful discharge theory, or any other claim whether based on specific state or federal statute or common law.

ANY CLAIM MADE UNDER THIS PROVISION MAY BE SUBMITTED IN WRITING WITHIN 60 DAYS AFTER THE TERMINATION OF EMPLOYMENT OR THIS AGREEMENT. THE WRITTEN CLAIM MUST DETAIL THE FACTS WHICH SUPPORT THE CLAIM ALONG WITH ANY LEGAL THEORIES OR STATUS UPON WHICH THE CLAIM IS BASED.

The parties agree to abide by any determination of the arbitrator as to which party is to be responsible for the costs and attorneys' fees in any such proceeding. It is agreed that the arbitrator shall be empowered to hear all legal and equitable claims, including claims for discrimination. The arbitrator shall be governed by the law applicable to any claims based upon any state or federal statute, and will also be empowered to award any remedies appropriate under any such statutes.

This provision shall survive the termination of Employee's employment and this Agreement.

14. HEADINGS

The captions and headings contained herein have been inserted for convenience or reference only and shall not affect the meaning or interpretation of this Agreement.

15. GOVERNING LAW AND CHOICE OF FORUM

(d) If, during any period of two (2) consecutive years, individuals who at the beginning of such period constitute the Board of Directors of TriCo Bancshares cease for any reason to constitute at least a majority thereof, unless the election or nomination for the election by the stockholders of TriCo Bancshares of each new director was approved by a vote of at least two-thirds (2/3) of the directors then still in office who were directors at the beginning of the period.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

4.5 Interest

Beginning September 1, 1987, the Accounts shall be credited monthly with interest earned based on the Bonus Interest Rate specified in Section 2.17 if the Participant is employed by the Bank or the Base Interest Rate specified in Section 2.16 if the Participant is no longer employed by the Bank. Interest earned shall be calculated as of each Determination Date based upon the average daily balance of the Account since the preceding Determination Date and shall be credited to the Participant's Account at that time.

4.6 Determination of Accounts

Each Participant's Account as of each Determination Date shall consist of the balance of the Participant's Account as of the immediately preceding Determination Date, plus the Participant's Elective Deferred Compensation credited, any Employer Discretionary Contributions and Qualified Plan Make-Up Credits and any interest earned, minus the amount of any distributions made since the immediately preceding Determination Date.

4.7 Vesting of Accounts

Each Participant shall be vested in the amounts credited to such Participant's Account and earnings thereon as follows:

- (a) Amounts Deferred. A Participant shall be one hundred percent (100%) vested at all times in the amount of Compensation elected to be deferred under this Plan and Interest thereon, except as provided for in Section 3.7.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

4.8 Disability

If a Participant suffers a Disability during a Deferral Period, the Employer will contribute all scheduled deferrals to the Participant's Account for the remainder of the Deferral Period.

4.9 Statement of Accounts

The Committee shall submit to each Participant, within thirty (30) days after the close of each calendar year and at such other time as determined by the Committee, a statement setting forth the balance to the credit of the Account maintained for a Participant.

ARTICLE V--PLAN BENEFITS

5.1 Plan Benefit

If a Participant terminates employment for any reason other than death, the Employer shall pay a Plan Benefit equal to the Participant's Account, as determined in accordance with Article V.

5.2 Death Benefit

Upon the death of a Participant, the Employer shall pay to the Participant's Beneficiary an amount determined as follows:

(a) If the Participant dies after termination of employment with the Employer, the remaining unpaid balance of the Participant's Account, shall be paid in the same form that payments were being made prior to the Participant's death.

(b) If the Participant dies prior to termination of employment with the Employer, the amount payable shall be the Participant's Account balance.

5.3 Hardship Distributions

Upon a finding that a Participant has suffered a Financial Hardship, the Committee may, in its sole discretion, make distributions from the Participant's Account prior to the time specified for payment of benefits under the Plan. The amount of such distribution shall be limited to the amount reasonably necessary to meet the Participant's requirements during the Financial Hardship.

5.4 Accelerated Distribution

Notwithstanding any other provision of the Plan, at any time after a Change in Control or at any time following termination of Employment, a Participant shall be entitled to receive, upon written request to the Committee, a lump sum distribution equal to ninety percent (90%) of the vested Account balance as of

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

the Determination Date immediately preceding the date on which the Committee receives the written request. The remaining balance shall be forfeited by the Participant. The amount payable under this section shall be paid in a lump sum within sixty-five (65) days following the receipt of the notice by the Committee from the Participant.

5.5 Form of Benefit Payment

All Plan Benefits other than Hardship Withdrawals or Plan Benefits attributable to Deferral Commitments after September 1, 1987, shall be paid in the form of the Basic Benefit provided below, unless the Committee, in its sole discretion, selects an alternative form. Any form requested by the Participant or a Beneficiary shall be considered by the Committee, but shall not be binding. Plan Benefits with respect to Deferral Periods before September 1, 1987, shall be paid in the form selected by the Participant in the Deferral Commitment submitted for such Deferral Periods. The basic and alternative methods of payment are as follows:

(a) A single sum amount which is equal to the Account balance payable.

(b) A period certain annuity calculated based on the balance of the Account and the average Base Interest Rate for the twelve (12) months immediately prior to the Retirement Date of either sixty (60), one hundred twenty (120) or one hundred eighty (180) months duration as specified by the Participant on the Distribution Election.

(c) Any other method which is the Actuarial Equivalent of the Participant's Account balance.

5.6 Withholding; Payroll Taxes

The Employer shall withhold from payments made hereunder any taxes required to be withheld from such payments under federal, state or local law. However, a Beneficiary may elect not to have withholding for federal income tax pursuant to Section 3405(a)(2) of Internal Revenue Code, or any successor provision thereto.

5.7 Commencement of Payments

Payment shall commence on the day selected by the Participant in the Deferral Commitment, at the discretion of the Committee, but not later than sixty (60) days after the end of the month in which the Participant terminates employment with the Employer, or service on the Board. All payments shall be made as of the first day of the month.

5.8 Payment to Guardian

If a Plan benefit is payable to a minor or a person declared incompetent or to a person incapable of handling the disposition of his property, the Committee may direct payment of such Plan Benefit to the guardian, legal representative or person having the care and custody of such minor, incompetent or person. The Committee may require proof of incompetency, minority, incapacity or guardianship as it may deem appropriate prior to distribution of the Plan benefit. Such distribution shall completely discharge the Committee from all liability with respect to the benefit.

ARTICLE VI--BENEFICIARY DESIGNATION

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

6.1 Beneficiary Designation

Each Participant shall have the right, at any time, to designate any person or persons as his Beneficiary or Beneficiaries (both primary as well as secondary) to whom benefits under this Plan shall be paid in the event of Participant's death prior to complete distribution of the benefits due under the Plan. Each beneficiary designation shall be in written form prescribed by the Committee and will be effective only when filed with the Committee during the Participant's lifetime.

6.2 Amendments

Any Beneficiary designation may be changed by a Participant without the consent of any designated Beneficiary by the filing of a new Beneficiary Designation with the Committee. The filing of a new Beneficiary Designation form will cancel all Beneficiary Designations previously filed. If a Participant's Compensation is community property, any Beneficiary designation shall be valid or effective only as permitted under applicable law.

6.3 No Beneficiary Designation

In the absence of an effective Beneficiary designation, or if all designated Beneficiaries predecease the Participant or die prior to complete distribution of the Participant's benefits, then the Participant's designated Beneficiary shall be deemed to be the Participant's estate.

6.4 Effect of Payment

The payment to the deemed Beneficiary shall completely discharge Employer's obligations under this Plan.

ARTICLE VII--ADMINISTRATION

7.1 Committee; Duties

This Plan shall be administered by the Committee, which shall consist of not less than three (3) persons appointed by the Chairman of the Board. Any member of the Committee may be removed at any time by the Board. Any member may resign by delivering his written resignation to the Board. Upon the existence of any vacancy, the Board may appoint a successor. The Committee shall have the authority to make, amend, interpret, and enforce all appropriate rules and regulations for the administration of this Plan and decide or resolve any and all questions including interpretations of this Plan, as may arise in connection with the Plan. A majority of the members of the Committee shall constitute a quorum for the transaction of business. A majority vote of the Committee members constituting a quorum shall control any decision. Members of the Committee may be Participants under this Plan.

7.3 Binding Effect of Decisions

The decision or action of the Committee in respect of any question arising out of or in connection with the administration, interpretation, and application of the Plan and the rules and regulations promulgated hereunder shall be final

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

and conclusive and binding upon all persons having any interest in the Plan.

7.4 Indemnity of Committee

The Employer shall indemnify and hold harmless the members of the Committee against any and all claims, loss, damage, expense, or liability arising from any action or failure to act with respect to this Plan, except in the case of gross negligence or willful misconduct.

ARTICLE VIII - CLAIMS PROCEDURE

8.1 Claim

Any person claiming a benefit, requesting an interpretation or ruling under the Plan, or requesting information under the Plan shall present the request in writing to the Committee, which shall respond in writing within thirty (30) days.

8.2 Denial of Claim

If the claim or request is denied, the written notice of denial shall state:

(a) The reasons for denial, with specific reference to the Plan provisions on which the denial is based.

(b) A description of any additional material or information required and an explanation of why it is necessary.

(c) An explanation of the Plan's claim review procedure.

8.3 Review of Claim

Any person whose claim or request is denied or who has not received a response within thirty (30) days may request review by notice given in writing to the Committee. The claim or request shall be reviewed by the Committee who may, but shall not be required to, grant the claimant a hearing. On review, the claimant may have representation, examine pertinent documents, and submit issues and comments in writing.

8.4 Final Decision

The decision on review shall normally be made within sixty (60) days. If an extension of time is required for a hearing or other specified circumstances, the claimant shall be notified and the time limit shall be one hundred twenty (120) days. The decision shall be in writing and shall state the reasons and the relevant plan provisions. All decisions on review shall be final and bind all parties concerned.

ARTICLE IX--AMENDMENT AND TERMINATION OF PLAN

9.1 Amendment

The Board may at any time amend the Plan in whole or in part, provided, however, that no amendment shall be effective to decrease or restrict the amount accrued to the date of Amendment in any Account or to change the Interest Rate credited to amounts already held in an Account under the Plan. Upon a change in the Interest Rate, thirty (30) days' advance written notice shall be given to

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

each Participant and any deferral after the effective date of the change shall be held in a separate Account which shall be credited with the new Interest Rate.

9.2 Employer's Right to Terminate

The Board may at any time partially or completely terminate the Plan if, in its judgment, the tax, accounting, or other effects of the continuance of the Plan, or potential payments thereunder would not be in the best interests of the Employer.

(a) Partial Termination. The Board may partially terminate the Plan by instructing the Committee not to accept any additional Deferral Commitments. In the event of such a Partial Termination, the Plan shall continue to operate and be effective with regard to Deferral Commitments entered into prior to the effective date of such Partial Termination.

(b) Complete Termination. The Board may completely terminate the Plan by instructing the Committee not to accept any additional Deferral Commitments, and by terminating all ongoing Deferral Commitments. In the event of Complete Termination, the Plan shall cease to operate and the Employer shall pay out to each Participant their Account as if that Participant had terminated service as of the effective date of the Complete Termination. Payments shall be made in equal annual installments over the period listed below, based on the Account balance:

Appropriate Account Balance	Payout Period
-----	-----
Less than \$10,000	1 Year
\$10,000 but less than \$50,000	3 Years
More than \$50,000	5 Years

Interest earned on the unpaid balance in each Participant's Account shall be the interest Rate in effect on the Determination Date immediately preceding the effective date of the Complete Termination.

ARTICLE X--MISCELLANEOUS

10.1 Unfunded Plan

This Plan is intended to be an unfunded plan maintained primarily to provide deferred compensation benefits for a select group of "management or highly-compensated employees" within the meaning of Sections 201, 301 and 401 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and therefore to be exempt from the provisions of Parts 2, 3, and 4 of Title I of ERISA. Accordingly, the Plan shall terminate and no further benefits shall accrue hereunder in the event it is determined by a court of competent jurisdiction or by an opinion of counsel that the Plan constitutes an employee pension benefit plan within the meaning of Section 3(2) of ERISA which is not so exempt. In the event of a termination under this Section 10.1, all ongoing Deferral Commitments shall terminate, no additional Deferral Commitments will be accepted by the Committee, and the amount of each Participant's vested Account balance shall be distributed to such Participant at such time and in such manner as the Committee, in its sole discretion, determines.

10.2 Unsecured General Creditor

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

In the event of Employer's insolvency, Participants and their Beneficiaries, heirs, successors, and assigns shall have no legal or equitable rights, interest or claims in any property or assets of Employer, nor shall they be Beneficiaries of, or have any rights, claims or interests in any life insurance policies, annuity contracts or the proceeds therefrom owned or which may be acquired by Employer. In that event, any and all of Employer's assets and policies shall be, and remain, the general, un-pledged, unrestricted assets of Employer. Employer's obligation under the Plan shall be that of an unfunded and unsecured promise of Employer to pay money in the future.

10.3 Trust Fund

The Employer shall be responsible for the payment of all benefits provided under the Plan. At its discretion, the Employer may establish one (1) or more trusts, with such trustees as the Board may approve, for the purpose of providing for the payment of such benefits. Such trust or trust may be irrevocable, but the assets thereof shall be subject to the claims of the Employer's creditors. To the extent any benefits provided under the Plan are actually paid from any such trust, the Employer shall have no further obligation with respect thereto, but to the extent not so paid, such benefits shall remain the obligation of, and shall be paid by, the Employer.

10.4 Nonassignability

Neither a Participant nor any other person shall have any right to commute, sell, assign, transfer, pledge, anticipate, mortgage or otherwise encumber, transfer, hypothecate or convey in advance of actual receipt the amounts, if any, payable hereunder, or any part thereof, which are, and all rights to which are, expressly declared to be unassignable and nontransferable. No part of the amounts payable shall, prior to actual payment, be subject to seizure or sequestration for the payment of any debts, judgments, alimony or separate maintenance owed by a Participant or any other person, nor be transferable by operation of law in the event of a Participant's or any other person's bankruptcy or insolvency.

10.5 Not a Contract of Employment

The terms and conditions of this Plan shall not be deemed to constitute a contract of employment between the Employer and the Participant, and the Participant (or his Beneficiary) shall have no rights against the Employer except as may otherwise be specifically provided herein. Moreover, nothing in this Plan shall be deemed to give a Participant the right to be retained in the service of the Employer or to interfere with the right of the Employer to discipline or discharge him at any time.

10.6 Protective Provisions

A Participant will cooperate with the Employer by furnishing any and all information requested by the Employer, in order to facilitate the payment of benefits hereunder, and by taking such physical examinations as the Employer may deem necessary and taking such other actions as may be requested by the Employer.

10.7 Terms

Whenever any words are used herein the masculine, they shall be construed as though they were used in the feminine in all cases where they would so apply; and wherever any words are used herein in the singular or in the plural, they

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

shall be construed as though they were used in the plural or the singular, as the case may be, in all cases where they would so apply.

10.8 Captions

The captions of the articles, sections, and paragraphs of this Plan are for convenience only and shall not control or affect the meaning or construction of any of its provisions.

10.9 Governing Law

The provisions of this Plan shall be construed, interpreted, and governed in all respects in accordance with applicable federal law and, to the extent not preempted by such federal law, in accordance with the laws of the State of California.

10.10 Validity

In case any provision of this Plan shall be held illegal or invalid for any reason, said illegality or invalidity shall not affect the remaining parts hereof, but this Plan shall be construed and enforced as if such illegal and invalid provision had never been inserted herein.

10.11 Notice

Any notice or filing required or permitted to be given to the Committee under the Plan shall be sufficient if in writing and hand delivered, or sent by registered or certified mail, to any member of the Committee or the Secretary of the Employer. Such notice shall be deemed given as of the date of delivery or, if such delivery is made by mail, as of the date shown on the postmark on the receipt for registration or certification.

10.12 Successors

The provisions of this Plan shall bind and inure to the benefit of the Employer and its successors and assigns. The term successors as used herein shall include any corporate or other business entity which shall, whether by merger, consolidation, purchase or otherwise acquire all or substantially all of the business and assets of TriCo Bancshares, and successors of any such corporation or other business entity.

This Amendment is made and effective as of January 1, 2005.

Any retired Participant in this Plan will continue to receive benefits pursuant to the terms of the Plan as adopted on April 1, 1992.

ARTICLE I--PURPOSE

The purpose of this Deferred Compensation Plan for Directors (the "Plan") is to provide current tax planning opportunities as well as supplemental funds for retirement or death for directors of TriCo Bancshares ("Bank"). It is intended that the Plan will aid in retaining and attracting directors of exceptional ability by providing them with these benefits. This Plan will be effective as of April 1, 1992.

ARTICLE II--DEFINITIONS

For the purposes of this Plan, the following terms shall have the meanings indicated, unless the context clearly indicates otherwise:

2.2 Account

"Account" means the Account as maintained by the Employer in accordance with Article IV with respect to any deferral of Compensation pursuant to this Plan. A Participant's Account shall be utilized solely as a device for the determination and measurement of the amounts to be paid to the Participant pursuant to the Plan. (a) Upon TriCo Bancshares' knowledge that any person (as such term is used in Sections 13(d) and 14(d) (2) of the Securities Exchange Act of 1934, as amended) is or becomes "the beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of TriCo Bancshares' shares representing forty percent (40%) or more of the combined voting power of the then outstanding securities; or

(b) Upon the first purchase of the Common Stock of TriCo Bancshares pursuant to a tender or exchange offer (other than a tender or exchange offer made by TriCo Bancshares); or

(c) Upon the approval by the stockholders of TriCo Bancshares of a merger or con-solidation (other than a merger or consolidation in which TriCo Bancshares is the surviving corporation and which does not result in any reclassification or reorganization of TriCo Bancshares' then outstanding securities), a sale or disposition of all or substantially all of TriCo Bancshares' assets or a plan of liquidation or dissolution of TriCo Bancshares; or

(d) If, during any period of two (2) consecutive years, individuals who at the begin-ning of such period constitute the Board of Directors of TriCo Bancshares cease for any reason to constitute at least a majority thereof, unless the election or nomination for the election by the stockholders of TriCo Bancshares of each new director was approved by a vote of at least two-thirds (2/3) of the directors then still in office who were directors at the beginning of the period.

2.6 Committee

"Committee" means the Compensation and Benefits Committee of the Board of

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

In no event shall a Disability be deemed to occur or to continue after a Participant's Normal Retirement Date.

2.12 Distribution Election

All payments shall be made as of the first day of the month.

5.8 Payment to Guardian

If a Plan benefit is payable to a minor or a person declared incompetent or to a person incapable of handling the disposition of his property, the Committee may direct payment of such Plan Benefit to the guardian, legal representative or person having the care and custody of such minor, incompetent or person. The Committee may require proof of incompetency, minority, incapacity or guardianship as it may deem appropriate prior to distribution of the Plan benefit. ARTICLE VI--BENEFICIARY DESIGNATION

6.1 Beneficiary Designation

Each Participant shall have the right, at any time, to designate any person or persons as his Beneficiary or Beneficiaries (both primary as well as secondary) to whom benefits under this Plan shall be paid in the event of Participant's death prior to complete distribution of the benefits due under the Plan. Each beneficiary designation shall be in written form prescribed by the Committee and will be effective only when filed with the Committee during the Participant's lifetime.

6.2 Amendments

Any Beneficiary designation may be changed by a Participant without the consent of any designated Beneficiary by the filing of a new Beneficiary Designation with the Committee. The filing of a new Beneficiary Designation form will cancel all Beneficiary Designations previously filed. If a Participant's Compensation is community property, any Beneficiary designation shall be valid

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

or effective only as permitted under applicable law.

6.3 No Beneficiary Designation

In the absence of an effective Beneficiary designation, or if all designated Beneficiaries predecease the Participant or die prior to complete distribution of the Participant's benefits, then the Participant's designated Beneficiary shall be deemed to be the Participant's estate.

Upon a change in the Interest Rate, thirty (30) days' advance written notice shall be given to each Participant and any deferral after the effective date of the change shall be held in a separate Account which shall be credited with the new Interest Rate.

9.2 Bank's Right to Terminate

ARTICLE X--MISCELLANEOUS

10.1 Unfunded Plan

This Plan will be effective as of January 1, 2005.

The term "Elective Deferred Compensation" shall mean the amount of Compensation that a Participant elects to defer pursuant to a Deferral Election Form (See Exhibit A).

ARTICLE IV--DEFERRED COMPENSATION ACCOUNT

4.1 Accounts

For record keeping purposes only, an Account shall be maintained for each Participant.

4.2 Elective Deferred Compensation

A Participant's Elective Deferred Compensation shall be credited to the Participant's Account as the corresponding non-deferred portion of the Compensation becomes or would have become payable. Any withholding of taxes or other amounts with respect to deferred Compensation that is required by state, federal or local law shall be withheld from the Participant's non-deferred Compensation to the maximum extent possible with any excess being withheld from the Participant's Account.

4.3 Employer Discretionary Contributions

Employer may make Discretionary Contributions to Participants' Accounts. Discretionary Contributions shall be credited at such times and in such amounts as the Board in its sole discretion shall determine. The amount of the Discretionary Contributions shall be evidenced in a special Deferral Commitment Agreement approved by the Board.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

4.4 Interest

Beginning January 1, 2005, the Accounts shall be credited monthly with bonus interest earned based on the Bonus Interest Rate specified in Section 2.14. Interest earned shall be calculated as of each Determination Date based upon the average daily balance of the Account since the preceding Determination Date and shall be credited to the Participant's Account at that time. Bonus Interest shall be credited to the Account until the Participant's Retirement.

4.5 Determination of Accounts

Each Participant's Account as of each Determination Date shall consist of the balance of the Participant's Account as of the immediately preceding Determination Date, plus the Participant's Elective Deferred Compensation credited and any Employer Discretionary Contributions and any interest earned, minus the amount of any distributions made since the immediately preceding Determination Date.

4.6 Vesting of Accounts

Each Participant shall be vested in the amounts credited to such Participant's Account and earnings thereon as follows:

(a) Amounts Deferred. A Participant shall be one hundred percent (100%) vested at all times in the amount of Compensation elected to be deferred under this Plan and Interest thereon, except as provided for in Section 5.6.

(b) Employer Discretionary Contributions. Employer Discretionary Contributions and Interest thereon shall be vested as set forth in the special Deferral Commitment Agreement, except as provided for in Section 5.6.

4.7 Statement of Accounts

The Bank shall submit to each Participant, within thirty (30) days after the close of each calendar year and at such other time as determined by the Bank, a statement setting forth the balance to the credit of the Account maintained for a Participant.

ARTICLE V--PLAN BENEFITS

5.1 Plan Benefit

If a Participant terminates service as an Executive or on the Board, for any reason other than death, the Employer shall pay a Plan Benefit equal to the Participant's Account, as determined in accordance with Article IV.

5.2 Death Benefit

Upon receiving notice of the death of a Participant, the Employer shall pay to the Participant's Beneficiary(ies) an amount determined as follows:

(a) If the Participant dies after Deferral Payments have begun pursuant to the terms of this Plan, then the remaining unpaid balance of the Participant's Account, shall be paid in the same form as payments were being made prior to the Participant's death.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

- (b) If the Participant dies while serving as an Executive or Director of the Employer, or before Deferral Payments have begun pursuant to the terms of this Plan, then the amount payable shall be the Participant's Account balance as of the Determination Date immediately preceding the death of the Participant. Payment of the Account Balance shall be made within sixty (60) days of the Bank receiving notice of the death.

Any notice required under this provision shall be in writing and shall include an original death certificate.

5.3 Unforeseeable Emergency Distributions

Upon a finding that a Participant has suffered an Unforeseeable Emergency, the Committee may, in its sole discretion, make distributions from the Participant's Account prior to the time specified for payment of benefits under the Plan. Any distribution made pursuant to this provision must be made in accordance with the regulations of the Secretary, and must not exceed amounts necessary satisfy such emergency plus the amounts necessary to pay taxes reasonably anticipated as a result of the distribution, taking into account the extent to which such hardship is or may be relieved through reimbursement or compensation by insurance or otherwise or by liquidation of the Participant's assets (to the extent the liquidation of such assets would not itself cause severe financial hardship).

5.4 Distribution Following a Separation From Service

Following a Participant's "separation from service" (as determined by the Secretary), a Participant shall be entitled to receive a lump sum distribution of the Participant's Account as of the Determination Date immediately preceding the effective date of the "separation from service", and shall be made within sixty (60) days following such separation. In the event of a Termination for Cause, the Plan Administrator shall retain the sole discretion to determine whether the interest on such contributions will be forfeited.

Because of the recent implementation of IRC 409A and future rulings regarding deferred compensation in general, as well as clarification regarding the definition of "separation from service", it may become necessary to modify this agreement as it relates to this provision. It is nonetheless the intent of the parties to comply with IRC 409A. Based on the forgoing, "separation from service" shall be broadly interpreted and shall include both Voluntary and Involuntary Terminations.

In the event, however, that the Participant is a Key Employee, as defined by the Internal Revenue Service, and the Employer is publicly traded at the time of "separation from service" (as defined by IRC 409A), any such benefit payment described hereinafter shall be withheld for six (6) months following such separation from service in order to comply with IRC 409A.

5.5.1 Distribution Upon a Change in Control

Upon a Change in Control, a Participant's Plan Benefit shall be paid pursuant to the effective Distribution Election Form.

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

5.6 Form of Benefit Payment and Subsequent Modifications Thereto

Other than for those circumstances specifically addressed and which provide to the contrary, all Plan Benefits shall be paid in accordance with the most recent valid

Distribution Election Form submitted by the Participant. A Participant may modify the form of Benefit Payment, however any such modification (i) may not take effect until at least twelve (12) months after the date on which the election is made, and (ii) the first payment to which such election is made must be deferred for a period of at least five (5) years from the date the payment would otherwise have been made.

5.7 Withholding Payroll Taxes

The Employer shall withhold from payments made hereunder any taxes required to be withheld from such payments under federal, state or local law. However, a Beneficiary(ies) may elect not to have withholding for federal income tax pursuant to Section 3405(a)(2) of Internal Revenue Code, or any successor provision thereto.

5.8 Commencement of Payments

Payment shall commence on the day selected by the Participant in the Distribution Election Form, but not later than sixty (60) days after the end of the month in which the Participant terminates Employment with the Employer, or service on the Board. All payments shall be made as of the first day of the month.

5.9 Payment to Guardian

If a Plan benefit is payable to a minor or a person declared incompetent or to a person incapable of handling the disposition of his property, the Committee may direct payment of such Plan Benefit to the guardian, legal representative or person having the care and custody of such minor, incompetent or person. The Committee may require proof of incompetency, minority, incapacity or guardianship as it may deem appropriate prior to distribution of the Plan benefit. Such distribution shall completely discharge the Committee from all liability with respect to the benefit.

ARTICLE VI--BENEFICIARY DESIGNATION

6.1 Beneficiary Designation

Each Participant shall have the right, at any time, to designate any person or persons as his Beneficiary or Beneficiaries (both primary as well as secondary) to whom benefits under this Plan shall be paid in the event of Participant's death prior to complete distribution of the benefits due under the Plan. Each beneficiary designation shall be in written form prescribed by the Committee and will be effective only when filed with the Committee during the Participant's lifetime.

6.2 Amendments

Any Beneficiary designation may be changed by a Participant without the consent of any designated Beneficiary by the filing of a new Beneficiary Designation with the Committee. The filing of a new Beneficiary Designation form will cancel all Beneficiary Designations previously filed. If a Participant's Compensation is community property, any Beneficiary designation shall be valid

Edgar Filing: TRICO BANCSHARES / - Form 10-Q

or effective only as permitted under applicable law.

6.3 No Beneficiary Designation

In the absence of an effective Beneficiary designation, or if all designated Beneficiaries predecease the Participant or die prior to complete distribution of the Participant's benefits, then the Participant's designated Beneficiary shall be deemed to be the Participant's estate.

6.4 Effect of Payment

The payment to the deemed Beneficiary shall completely discharge Employer's obligations under this Plan.

ARTICLE VII--ADMINISTRATION

7.1 Committee and Duties

This Plan shall be administered by the Committee, which shall consist of not less than three (3) persons appointed by the Chairman of the Board. Any member of the Committee may be removed at any time by the Board. Any member may resign by delivering his written resignation to the Board. Upon the existence of any vacancy, the Board may appoint a successor. The Committee shall have the authority to make, amend, interpret, and enforce all appropriate rules and regulations for the administration of this Plan and decide or resolve any and all questions including interpretations of this Plan, as may arise in connection with the Plan. A majority of the members of the Committee shall constitute a quorum for the transaction of business. A majority vote of the Committee members constituting a quorum shall control any decision. Members of the Committee may be Participants under this Plan.

7.2 Agents

The Committee may, from time to time, employ other agents and delegate to them such administrative duties as it sees fit, and may from time to time consult with counsel who may be counsel to the Employer.

7.3 Binding Effect of Decisions

The decision or action of the Committee in respect of any question arising out of or in connection with the administration, interpretation, and application of the Plan and the rules and regulations promulgated hereunder shall be final and conclusive and binding upon all persons having any interest in the Plan.

7.4 Indemnity of Committee

The Employer shall indemnify and hold harmless the members of the Committee against any and all claims, loss, damage, expense, or liability arising from any action or failure to act with respect to this Plan, except in the case of gross negligence or willful misconduct.
