LINCOLN NATIONAL CORP Form 10-Q April 30, 2015

#### UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

(Mark One)

Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended March 31, 2015

OR

Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from to

Commission File Number: 1-6028

## LINCOLN NATIONAL CORPORATION

(Exact name of registrant as specified in its charter)

Indiana	35-1140070
(State or other jurisdiction of	(I.R.S. Employer
incorporation or organization)	Identification No.)
150 N. Radnor Chester Road, Suite A305, Radnor, Pennsylvania	19087
(Address of principal executive offices)	(Zip Code)

(484) 583-1400

(Registrant's telephone number, including area code)

Not Applicable

(Former name, former address and former fiscal year, if changed since last report.)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer (Do not check if a smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of April 27, 2015, there were 253,021,877 shares of the registrant's common stock outstanding.

## LINCOLN NATIONAL CORPORATION

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Nature of Operations and Basis of Presentation

Nature of Operations

Lincoln National Corporation and its majority-owned subsidiaries ("LNC" or the "Company," which also may be referred to as "we," "our" or "us") operate multiple insurance businesses through four business segments. See Note 13 for additional details. The collective group of businesses uses "Lincoln Financial Group" as its marketing identity. Through our business segments, we sell a wide range of wealth protection, accumulation and retirement income products and solutions. These products include fixed and indexed annuities, variable annuities, universal life insurance ("UL"), variable universal life insurance ("VUL"), linked-benefit UL, indexed universal life insurance ("IUL"), term life insurance, employer-sponsored retirement plans and services, and group life, disability and dental.

**Basis of Presentation** 

The accompanying unaudited consolidated financial statements are prepared in accordance with United States of America generally accepted accounting principles ("GAAP") for interim financial information and with the instructions for the Securities and Exchange Commission ("SEC") Quarterly Report on Form 10-Q, including Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. Therefore, the information contained in the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 ("2014 Form 10-K"), should be read in connection with the reading of these interim unaudited consolidated financial statements.

Certain GAAP policies, which significantly affect the determination of financial position, results of operations and cash flows, are summarized in our 2014 Form 10-K.

In the opinion of management, these statements include all normal recurring adjustments necessary for a fair presentation of the Company's results. Operating results for the three month period ended March 31, 2015, are not necessarily indicative of the results that may be expected for the full year ending December 31, 2015. All material inter-company accounts and transactions have been eliminated in consolidation.

2. New Accounting Standards

Adoption of New Accounting Standards

The following table provides a description of our adoption of new Accounting Standard Updates ("ASU") issued by the Financial Accounting Standards Board ("FASB") and the impact of the adoption on our financial statements:

Standard ASU 2014-01, Accounting for Investments in Qualified Affordable Housing Projects	Description This standard permits an entity to make an accounting policy to use the proportional amortization method of accounting to recognize investments in qualified affordable housing projects, if certain conditions are met. Under the proportional amortization method, an entity amortizes the initial cost of the investment in proportion to the tax credits and other tax benefits received and recognizes the net investment performance in the income statement as a component of income tax expense (benefit). Entities that previously applied the effective yield method to investments in qualified affordable housing prior to the		
ASU 2014-11,	adoption of this standard may continue to apply the effective yield method to those pre-existing investments.	21	The should be of
Repurchase-to-Maturity Transactions, Repurchase	This standard eliminates a distinction in current GAAF related to certain repurchase agreements, and amends current GAAP to require repurchase-to-maturity s transactions and linked repurchase financings to be accounted for as secured borrowings; consistent with the accounting for other repurchase agreements. The standard also includes new disclosure requirements related to transfers accounted for as sales that are economically similar to repurchase agreements and information about the types of collateral pledged in repurchase agreements and similar transactions accounted for as secured borrowings. The new	•	this ASU did not have an effect on our consolidated financial condition and results of operations.

disclosures are not required for comparative periods before the effective date.

Future Adoption of New Accounting Standards

The following table provides a description of future adoptions of new accounting standards that may have an impact on our financial statements when adopted:

Standard ASU 2014-09, Revenue from Contracts with Customers	Description This standard establishes the core principle of recognizing revenue to depict the transfer of promised goods and services. The amendments define a five-step process that systematically identifies the various components of the revenue recognition process, culminating with the recognition of revenue upon satisfaction of an entity's performance obligation. Retrospective application is required, and early adoption is not permitted.	Date of Adoption	Effect on Financial Statements or Other Significant Matters We will adopt the accounting guidance in this standard for non-insurance related products and services, and are currently evaluating the impact of adoption on our consolidated financial condition and results of operations.
the Host Contract in Hybrid Financial Instrument Issued in the Form of a Share	This standard clarifies that when considering the nature of r the host contract in a hybrid financial instrument issued in a the form of a share; an entity must consider all of the stated and implied substantive terms of the hybrid instrument, including the embedded derivative feature that is being considered for separate accounting from the host t contract. Early adoption of this standard is permitted and application is under a modified retrospective basis to existing hybrid financial instruments that are within the scope of the standard.	2016	*
ASU 2015-02, Amendments to the Consolidation Analysis	This standard is intended to improve consolidation accounting guidance related to limited partnerships, limited liability corporations and securitization structures. The new standard includes changes to existing consolidation models that will eliminate the presumption that a general partner should consolidate a limited partnership, clarify when fees paid to a decision maker should be a factor in the variable interest entities ("VIEs") consolidation evaluation and reduce the VIEs consolidation models from two to one by eliminating the indefinite deferral for certain investment funds. Early adoption is permitted including adoption in an interim period.	January 1, 2016	We are currently evaluating the impact of adopting this standard on our consolidated financial condition and results of operations.
ASU 2015-03,	Under current accounting guidance, debt issuance costs are recognized as a deferred charge in the balance sheet. This amendment requires that debt issuance costs be presented	•	We will appropriately classify all of our debt issuance costs in

Simplifying the Presentation of Debt Issuance Costs	in the balance sheet as a direct deduction from the carrying amount of that debt. This standard does not change the recognition and measurement requirements related to debt issuance costs. Early adoption of this standard is permitted and retrospective application is required for all periods presented in the financial statements.		accordance with this ASU as of the required effective date.
ASU 2015-05,	0 1	January 1, 2016	We are currently evaluating the impact of
Customer's	purchases a software license through a cloud computing		adopting this standard on
Accounting for Fees	arrangement, the software license should be accounted for		our consolidated
Paid in a Cloud	in a manner consistent with the acquisition of other		financial condition and
Computing	software licenses. If a cloud computing arrangement does		results of operations.
Arrangement	not include a software license, the arrangement should be		
	accounted for as a service contract. Early adoption of this		
	standard is permitted and the amendments can be adopted		
	either prospectively or retrospectively.		

3. Variable Interest Entities

Consolidated VIEs
