ANNUAL MEETING OF STOCKHOLDERS, MAY 8, 2001

April 4, 2001

PROXY AND SOLICITATION

The accompanying Proxy is solicited on behalf of the Board of Directors of Maine Public Service Company (the "Company") for use at the Annual Meeting of the Stockholders to be held at the principal office of the Company, 209 State Street, Presque Isle, Maine, on Tuesday, May 8, 2001, at 10:00 a.m. (Eastern Daylight Time), and at any and all adjournments thereof, for the purposes set forth in the Notice of said meeting annexed hereto and incorporated herein by this reference. This Proxy Statement and accompanying Proxy has been sent to all stockholders entitled to vote at the Annual Meeting on or about April 4, 2001.

The cost of soliciting proxies is to be borne by the Company. The Company has retained Corporate Investor Communications, Inc., 111 Commerce Road, Carlstadt, NJ 07072-2586 to assist in the solicitation of proxies at an

estimated cost of \$4,000 plus reasonable out-of-pocket expenses. The Company will, upon request, pay brokers and other persons holding stock in their names or in the names of nominees their expenses for sending proxy material to principals and obtaining their proxies. In addition to the use of the mails, proxies may be solicited by personal interview, by telephone or by telegraph by certain of the Company's employees without compensation therefor.

Stockholders who execute proxies retain the right to revoke them at any time before they are voted by submitting a written statement to the Clerk of the Company, by submitting a duly executed Proxy bearing a later date or by appearing in person at the meeting. A Proxy in the accompanying form when it is returned properly executed will be voted at the meeting.

COMMON STOCK OUTSTANDING AND VOTING RIGHTS

On March 30, 2001 (the "record date"), the Company had outstanding 1,573,060 shares of Common Stock (exclusive of 294,190 shares of Treasury Stock which is not entitled to vote). The Common Stock (holders of which are herein occasionally referred to as the "Stockholders") is the only class of stock entitled to vote at this meeting and all the holders thereof are entitled to one vote for each share held on all matters, except that in the election of Directors, each Common Stockholder upon proper notice is entitled to cumulative voting (each Common Stockholder being entitled to as many votes as shall equal the number of shares held on the record date multiplied by the number of Directors to be elected, and each Stockholder may cast all of such votes for a single Director or distribute them among the total number of Directors to be elected or among any number of such Directors as such Stockholder may see fit). Only Common Stockholders of record on the stock transfer books of the Company at the close of business on the record date will be entitled to vote at the meeting.

As of December 31, 2000, the following companies each beneficially owned 5% or more of the Company's Common Stock:

As of March 1, 2001, the named directors and executive officers of the Company, individually and as a group, beneficially owned the following class of the Company's Common Stock:

ELECTION OF DIRECTORS

The shares represented by the proxies which are executed and returned without direction will be voted at the meeting for the election as Directors of the persons named as nominees in the table set forth below but, in the event that Directors are to be elected by cumulative voting, in the discretion of the proxy holders as to the manner in which the votes represented thereby will be distributed among such nominees. All of the nominees have indicated their willingness to serve as Director until the expiration of their respective terms and until their successors shall have been duly chosen and qualified.

Should any of the nominees for the office of Director become unable to accept a nomination or election (which is not anticipated), it is intended that the persons named in the accompanying form of proxy will vote for the election of such other person as the Board of Directors may recommend in the place of such nominee. Nominees for Director who receive the greatest number of votes by Common Stockholders entitled to vote, even though not a majority of votes cast, shall be elected. Therefore, abstentions and broker non-votes have no effect on the election of Directors.

The Company currently has ten Directors, of which four have a term of office that will expire with the forthcoming Annual Meeting on May 8, 2001, and of those four, Mr. Collins, who has been a Director since 1979, will retire as of that date and, therefore, is not standing for election. The Company's Restated Articles of Incorporation (the "Articles") authorize the Board of Directors or the Stockholders to fix the number of Directors from time to time, provided that such number shall not be less than nine nor more than eleven. In accordance with the Articles, the Board of Directors will fix the number of Directors at nine upon retirement of Mr. Collins.

The Board is divided into three classes of directorships, with directors in each class serving staggered three-year terms. One class is elected each year for a three-year term. The class whose term will expire at the 2001 Annual Meeting consists of three nominees, all of whom are now Directors of the Company. Therefore, the Stockholders are asked to elect Messrs. Cariani, R. Daigle, and Freeman, all of whom have been duly nominated by the Board of Directors, to serve a term of office until the 2004 Annual Meeting of Stockholders and their respective successors have been elected and qualified.

The Audit Committee held four meetings in 2000. The functions of the Audit Committee are to: (1) recommend the selection, retention and termination of the Company's external auditors; (2) approve in advance the types of professional services for which the Company would retain the external auditors; (3) review the overall scope of the audit with external auditors, the financial statements and external audit results and recommendations of the independent audit with management; (4) provide, on behalf of the Company as Energy Atlantic, LLC's managing member, general review of the business affairs of Energy Atlantic, LLC, a Company subsidiary; and (5) provide whatever additional functions it deems necessary in connection with the internal accounting and reporting practices

of the Company. The Board has adopted a written charter for the Audit Committee. A copy of this charter is included as Appendix A of this Proxy Statement.

The Executive Compensation Committee held four meetings, and the Pension Investment Committee held two meetings in 2000.

The function of the Executive Compensation Committee is to review the total compensation of the officers, to make recommendations to the Board with respect to officer and director compensation as it deems appropriate, and to oversee the Company's efforts to promote economic development within its service territory.

The function of the Pension Investment Committee is to review the management of the Company's pension fund by the pension fund trustee and to make recommendations with respect to the management of such fund to the Board and management as it deems necessary.

The Nominating Committee held no meetings in 2000. The Budget and Finance Committee held two meetings in 2000. The function of the Budget and Finance Committee is to review and oversee the capital and operation budgets of the Company and to make recommendations regarding the same to the Board as it sees fit.

During 2000, all Directors, except Mr. Levesque, attended 75% or more of the aggregate number of meetings of the Board of Directors and committees on which they serve.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed with management the Company's 2000 audited financial statements. It has discussed with the firm of PricewaterhouseCoopers, LLP (PWC), the Company's independent auditors, the matters required to be discussed by SAS 61, has received from PWC the written disclosure and letter required by Independence Standards Board Standard No. 1, and has discussed with PWC that firm's independence. Based on this review and these discussions, the Audit Committee has recommended to the Company's entire Board of Directors that the Company's financial statement, audited by PWC, be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2000.

The Audit Committee does not consider that PWC's provision of services involving matters other than auditing the Company's financial statements in any way impairs PWC's status as an independent auditor of the Company's financial statements.

(c) For Mr. LaPlante in 2000, \$1,062 for the Company's match under the 401(k) Plan and \$96 for the value of insurance premiums paid by the Company for Term Life Insurance in an amount equal to Mr. LaPlante's annual salary. For Mr. LaPlante in 1999, \$1,030 for the Company's match under the 401(k) Plan; \$214 for the value of insurance premiums paid by the Company for Term Life Insurance in an amount equal to Mr. LaPlante's annual salary; and \$100 is the value of personal use of a Company-owned automobile.

As of January 1, 2000, the Company had in effect employment agreements with Paul R. Cariani, President and Chief Executive Officer; Stephen A. Johnson, Vice President and General Counsel; and Larry E. LaPlante, Vice President, Treasurer and Chief Financial Officer. Each of these agreements goes through December 31, 2001, subject to automatic renewals for three-year terms. Under these agreements, if the Company terminates the employment of Messrs. Cariani, Johnson, or LaPlante within two years following any change in control at the Company, the Company will pay him an amount equal (i) to two times his then current salary and (ii) two times the amount to which he would have been entitled under the Company's Incentive Compensation Plan, assuming all applicable performance goals had been satisfied. The agreements also provide for the continuation of the executives' benefits under the then current health, life and disability (but not pension) for two years after termination.

In addition, on May 12, 1992, the Company adopted a prior service executive retirement plan. Under this plan, which is unfunded, certain prior employment of Mr. Johnson, which is relevant to his present occupation, will be treated as years of service for the purpose of accruing benefits under the terms of the Company's pension plan.

RETIREMENT PLAN

Pension costs are not and cannot be readily allocated to individual employees. The Company normally contributes 100% of the remuneration of plan participants. The following Pension Plan Table shows the estimated annual benefits payable upon retirement:

Pension Plan Table				
In Dollars				
Highest Average Annual Three Consecutive Years	Annual Benefits for Years of Service			
Base Salary (1)	15 yrs	20 yrs	25 yrs	30 yrs or more
120,000	22,912	33,402	43,902	54,402
130,000	25,527	36,902	48,277	59,652
140,000	28,152	40,402	52,632	64,902
150,000	30,777	43,902	57,027	70,152
160,000	33,402	47,402	61,402	75,402
170,000	36,027	50,902	65,777	80,652

(1) Because of requirements of the Internal Revenue Code, annual compensation that can be used in calculating retirement benefits is limited to a maximum of \$170,000 in 2000.

The compensation covered by the Plan consists of the participant's highest average annual three consecutive years salary, which corresponds to the salary shown on the Summary Compensation Table above. Benefits under the Plan are computed based on a straight-life annuity and are subject to benefits under the Federal Social Security Act. The table above reflects benefits after the Social Security offset.

The estimated annual benefits payable upon retirement to the Company's current executive officers, Messrs. Cariani, Johnson, and LaPlante were \$80,652, \$55,678, and \$47,708, respectively. These amounts are based upon the assumption that these officers will continue their employment at their salary rate at January 1, 2001, until their normal retirement dates and the Company's retirement plan will continue in effect. Messrs. Cariani, Johnson, and LaPlante have 30, 15, and 16 years, respectively, in the plan. Mr. Johnson is also entitled to the prior service retirement plan, which was described in the "Executive Compensation" section.

Directors who are not employees of the Company are not eligible to participate in the Company's Retirement Plan.

SECTION 16(a) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the Securities and Exchange Commission and the American Stock Exchange initial reports of changes in ownership of Common Stock of the Company. Officers, directors and greater than ten-percent beneficial owners are required by the SEC to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2000, all such Section 16(a) filing requirements were complied with.

DIRECTORS' COMPENSATION

Directors who are not employees are compensated on an annual basis at \$7,000, except for the Chairman whose current compensation is \$11,200. Non-employee directors are also paid \$600 for each Directors' meeting and Committee Meeting attended, if that Committee Meeting is not held on the same day as the Directors' Meeting. The Chair of each Committee is compensated on an annual basis at \$600. If the Committee Meeting is held on the same day as a Directors' Meeting, non-employee Directors are paid \$400 for each Committee Meeting attended. Each non-employee Director shall also be compensated \$100 for each telephonic Directors' Meeting in which that Director participated.

Effective March 31, 2000, each non-employee Director shall also receive, as additional compensation, a quarterly grant of Company Common Stock equal to \$500, rounded down to the nearest whole number of shares, plus cash in lieu of fractional shares.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Company's Compensation Committee during the fiscal year 2000 were Messrs. R. G. Daigle, D. J. Daigle, Grass, and Ms. Gallant, none of whom are now, or have ever been, employees or officers of the

Page 8

Company. Except for their positions as directors, Messrs. R. G. Daigle, D. J. Daigle, Grass, and Ms. Gallant, have not engaged and are not proposing to engage, in any transactions with the Company in which they have a direct or indirect material interest. None of the Company's executives served as directors of any other entity under conditions requiring disclosure in this Proxy Statement.

BOARD EXECUTIVE COMPENSATION COMMITTEE REPORT

The Company's Executive Compensation Committee met on May 8, 2000, to develop recommendations for salary levels for all executive officers for the twelve months beginning June 1, 2000. The Committee's recommendations were adopted by the entire Board, without material modification, on May 9, 2000.

In developing recommended executive base salary levels, the Committee relied on reports by independent management consultants reviewing executive salary levels for comparable utility companies as well as certain businesses within the Company's service territory. The Committee also reviews with the Chief Executive Officer the performance of the other executive officers. The entire Board reviews the Chief Executive Officer's performance in his absence. In making specific base salary recommendations for the individual executive officers the Committee also considers the officer's performance, the general economy in the Company's service territory and the Company's overall financial condition, both currently and as anticipated during the period the salary will be in effect. The Committee does not currently use any specific quantitative measures or indices of Company performance in developing its base salary recommendations for any of the executive officers, including the Chief Executive Officer, nor does it have formal salary grades and ranges. Instead, the Committee's decisions are based upon an informal and subjective review of the matters described above.

In addition to any adjustments to executive base salaries, the Company has also adopted an Executive Incentive Compensation Plan for all executive officers. The Plan provides for graduated awards expressed as a percent of the executive officer's base salary (up to a maximum of 15%) for quantitative performance-related goals. For the 2000 salary adjustment, these goals include attaining a market price for the Company's Common Stock of at least \$19 per share on the AMEX as measured on December 31, 1999, savings of controllable expenditures as established by the Board's Budget and Finance Committee, attaining customer satisfaction and reliability levels approved by the Maine Public Utilities Commission (MPUC), maintaining competitive rates, avoiding the loss of a major customer, specified growth through the Company's economic development efforts, improvements in the Company's safety performance, and developing an independent system administrator for Northern Maine. Performance in each of these areas can result in an award of anywhere between 1% and 4% of base salary. The overall amount can be reduced to 50% for the violation of Chapter 304 of the MPUC's regulations, governing the relationship between the Company and its unregulated subsidiary, Energy Atlantic, LLC., and to 0% for the second violation. No violations occurred. Moreover, if the market price target is not met, awards will be made for attainment of the other specified goals, but only at 50% of the authorized adjustment. For the 2000 salary adjustment, the goals for customer satisfaction, competitive rates, no loss of a major customer, and independent system administrator development were wholly or partially satisfied, for a total value of 6.34%. Because the market price target was not met, the total amount for 2000 was 3.17%, or 50% of this value.
