Quarterly Report to the Owners,
First Mid-Illinois Bancshares, Inc.

We are pleased to report that First Mid-Illinois Bancshares, Inc. had a successful 2003, with diluted earnings per share increasing to \$2.82 per share as compared to \$2.38 per share in 2002, an 18.5 percent increase. Net income increased to \$9,093,000 in 2003 as compared to \$8,034,000 in 2002. As a result of this performance, the Company increased its annual dividend to \$.575 per share in 2003 from \$.50 per share in 2002. In addition, the Company declared a special, one-time dividend of \$.075 per share to shareholders of record on December 30, 2003.

Higher non-interest income was one factor in the earnings growth. Non-interest income was \$12,754,000 for 2003 as compared to \$10,898,000 in 2002. Residential real estate activity was strong throughout most of 2003 with activity declining during the fourth quarter. For the year, mortgage banking revenue increased to \$2,171,000 from \$1,777,000 for 2002. Most of the residential real estate loans we originate are sold into the secondary market for interest rate risk management purposes. Also, deposit service charges increased during 2003, as did insurance commissions and trust revenues.

Net interest income was \$27,042,000 in 2003 as compared to \$26,726,000 in 2002. Average earning assets for the year increased by \$52 million with commercial real estate loans increasing by \$48 million. The growth in the loan portfolio offset the decline in our net interest margin caused by the low interest rate environment and loan pricing constraints. The Company's net interest margin was 3.75% in 2003 as compared with 3.99% in 2002. On a tax-equivalent basis, the net interest margin was 3.84% in 2003 and 4.09% in 2002.

Edgar Filing: FIRST MID ILLINOIS BANCSHARES INC - Form 8-K

The provision for loan losses amounted to \$1,000,000 in 2003 as compared to \$1,075,000 in 2002, with net charge-offs declining to \$297,000 in 2003 from \$1,054,000 in 2002. The decline in net charge-offs was primarily the result of a \$382,000 recovery on a commercial loan. Non-performing loans on December 31, 2003 were \$3,331,000 as compared with \$3,149,000 on December 31, 2002.

Non-interest expenses increased by \$519,000 or 2% when compared to 2002. This was primarily as a result of the costs associated with operating the locations in Champaign and Maryville. Both were opened in November, 2002 and have had solid loan and deposit growth.

Earnings per share growth was also impacted by our share repurchase program. During 2003, we repurchased 120,000 shares of our own stock in the open market and through privately negotiated transactions. This program has proven to be an effective way of increasing value for shareholders. Any shareholder who wishes to use this service should contact Mrs. Christie Wright at (217) 258-0493.

Thank you for your support and for your confidence in First Mid-Illinois Bancshares, Inc.

Sincerely,

/s/ William S. Rowland
