To Be Held April 23, 2002

GENERAL

The enclosed proxy is solicited by the Board of Directors of Old Point Financial Corporation (the "Company") for the 2002 Annual Meeting of Stockholders (the "Annual Meeting") of the Company to be held Tuesday, April 23, 2002, at 6:00 p.m. at The Williamsburg Marriott Hotel, 50 Kingsmill Road, Williamsburg, Virginia. Voting Rights and Solicitation

Only those stockholders of record at the close of business on March 15, 2002, are entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote as of March 15, 2002 was 2,602,577. The Company has no other class of stock outstanding. A majority of the shares entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business.

Edgar Filing: OLD POINT FINANCIAL CORP - Form PREM14A

Each share of Company common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual Meeting, except that in the election of directors cumulative voting entitles a stockholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such stockholder or to distribute his or her votes on the same principle between two or more nominees as he or she sees fit. The Board of Directors will instruct the proxyholders to use cumulative voting, if necessary, to elect all or as many of the nominees as possible.

If a stockholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a stockholder fails to specify with respect to such proposals, the proxy will be voted FOR proposals 1 and 2, as set forth in the accompanying Notice of Annual Meeting and as further described herein.

The cost of solicitation of proxies will be borne by the Company. Solicitation is being made by mail, and if necessary may be made in person or by telephone, telegram, or special letter by officers and regular employees of the Company or its subsidiary, acting without compensation other than their regular compensation. It is contemplated that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the Company's proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

-4-

In 2001, the Company's Executive Committee was comprised of Messrs. Shuford (Chairman), Morris, Jordan, Harris, and Dr. Clark. It serves in an advisory capacity, reviewing matters and making recommendations to the Board of Directors. The Executive Committee met four times in 2001.

The Company's Compensation Committee is described below under "Report on Executive Compensation."

In 2001, the Company's Audit Committee was comprised of Messrs. Jordan (Chairman), Greene, Hansen, Harris, Ishon, and Morgan. The Audit Committee reviews on a regular basis the work of the internal audit department. It also reviews and approves the scope and detail of the continuous audit program, which is conducted by the internal audit staff to protect against improper and unsound practices and to furnish adequate protection for all assets and records. Subject to the approval of the Board of Directors, it engages a firm of certified public accountants to conduct such audit work as is necessary and receives written

reports, supplemented by such oral reports as it deems necessary, from the audit firm. During 2001, the Audit Committee held four meetings.

The Board has no separate nominating committee. The Executive Committee reviews any director nominations or recommendations obtained and gives its recommendations to the Board. The entire Board reviews, on an as needed basis, the qualifications of candidates for membership to the Board. Following appropriate review, the Board ascertains the willingness of selected individuals to serve and extends invitations to serve as a Board member.

Audit Committee Report

The Audit Committee of the Board of Directors (the "Committee") is composed of six directors and operates under a written charter adopted by the Board of Directors. The members of the Committee meet the independence requirements of Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards.

Management is responsible for the Company's internal controls, financial reporting process and compliance with the laws and regulations and ethical business standards. The Company's independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the audited consolidated financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committee).

The Company's independent accountants also provided to the Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee), and the Committee discussed

Edgar Filing: OLD POINT FINANCIAL CORP - Form PREM14A

Employee Benefit Plans

Pension Plan. The Company has a noncontributory defined benefit pension plan, which covers substantially all full-time employees of the Company and its subsidiaries that have completed one year of service. A participant's monthly retirement benefit (if he or she has 25 years of benefit service at his normal retirement date) is 20% of his final average pay plus 15% of final average pay in excess of the participant's Social Security Covered Pay. The Social Security Covered Pay is the average pay of the calendar year prior to the year the participant attains his Social Security Retirement Age. If the participant has less than 25 years of benefit service at his Normal Retirement Date, the participant's monthly retirement benefit will be actuarially reduced by 1/25 for each year of benefit service less than 25 years. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms at the election of the participant.

-12-

Thrift Plan. The Company has a contributory 401(k) profit-sharing and thrift plan. Employees of the Company and its subsidiaries are eligible to participate if they have completed 90 days of service and are at least 18 years old. Participants may elect to defer between 1% to 15% of their base compensation as defined in the plan, which will be contributed to the plan. The

Edgar Filing: OLD POINT FINANCIAL CORP - Form PREM14A

Bank will contribute 50 cents for each dollar deferred by an employee on the first 6% of the employee's compensation, provided the employee completes 1,000 hours of service in the year, and is employed on the last day of the year. Participants may also elect to make additional deferrals subject to certain limitations, which are not matched by the Bank.

Distributions to participants are made at death, retirement or other termination of employment in a lump sum payment, unless a participant or his beneficiary elects to receive payments in installments. The plan permits certain in-service withdrawals.

All employee contributions are fully vested and the Bank's contributions become fully vested when a participant reaches age 65, becomes totally and permanently disabled or dies. If a participant leaves the Bank before the occurrence of one of these events, the Bank's contributions will become 10% vested per year for the first four years of service and 20% vested per year for the next three years of service, becoming 100% vested after seven years of service.

Employee Stock Purchase Plan. The Company concluded the 1996 Employee Stock Purchase Plan (the "1996 Plan"). The term of the 1996 Plan was for five consecutive years ending on June 30, 2001.

Stock Option Plans. The Company has two stock option plans - the 1989 Stock Option Plan and the 1998 Stock Option Plan (the "Plans"). The Plans provide for the award of nonqualified stock options and incentive stock options to directors and employees of the Company and its subsidiaries selected by the Board of Directors to participate in the Plans. The Board of Directors makes awards under the Plans and establishes the terms and conditions of each award in the option agreement entered into with each optionee. The price of shares of stock to be issued upon the exercise of options will be at least 100% of the fair market value on the date of award. Options may not be granted more than ten years after the adoption of the Plans by the Board and are exercisable only during the term specified in the option agreement, which in the case of incentive stock options shall not exceed ten years. The options are not transferable other than by will or the laws of descent and distribution.

Options totaling 66,604 shares under the 1989 Plan have been granted. Options covering 175,744 shares have been granted under the 1998 Plan under which 325,000 shares of Company common stock have been reserved. The 1989 Plan did not permit grants of option to non-employees, whereas, the 1998 Plan permits grants of options to non-employee directors.

Other Benefit Plans. Life, medical, dental, and disability insurance is provided to all officers and employees of the Company and its subsidiaries.

Report on Executive Compensation

Compensation for executive officers is administered by the Compensation Committee (the "Committee"). The Committee is comprised of four non-employee directors, Messrs. Goodson (Chairman), Clark, Evans, and Morgan. It met two times in 2001. All decisions of the Committee are recommended to the entire Board

Edgar Filing: OLD POINT FINANCIAL CORP - Form PREM14A

of Directors, which makes the final decision.

In an environment characterized by change, regulatory oversight and increased competition, total executive compensation is designed to attract and retain qualified personnel by providing competitive levels of compensation as compared to similarly sized financial institutions. Executive compensation consists of the several elements specified in the Summary Compensation Table under "Executive Compensation;" namely, base salary and annual and long-term incentive compensation.

In making its recommendation to the Board, the Committee obtains from market and economic research companies information pertaining to salary levels at other comparable financial institutions. Annual compensation is determined by evaluating several factors. The primary factor considered in evaluating the level of executive compensation is the progress the Company made during the year in achieving performance goals. The performance goals evaluated include, but are not limited to, return on average assets, return on average equity, net income, asset quality, and deposit and loan growth. Secondary factors considered by the Committee include comparing the Company's performance with other local institutions and comparable executive compensation packages. Lastly, the Committee gives some consideration to the expected future contributions of the executive, general economic conditions, the executive's length of service and standing within the local banking communities, and other factors. Bonuses are awarded based on evaluation of the foregoing factors relating to the Company's financial performance. Decisions regarding compensation, however, are mostly subjective in nature, and no specific formulas are used to calculate an executive's compensation.

The asset growth, loan growth and earnings increase resulted in an overall positive financial performance of the Company and its subsidiaries in fiscal year 2001.

The committee recommended to the Board a bonus be granted to Mr. Shuford in the amount of \$33,000, to Mr. Morris in the amount of \$27,500, to Mr. Epes in the amount of \$23,540, to Mrs. Causby in the amount of \$23,320 and to Mr. Continetti in the amount of \$11,160.

The foregoing report was furnished to the Committee, and approved by the directors of the Company: G. Royden Goodson, III, Chairman; Dr. Richard F. Clark; Russell S. Evans, Jr.; and John B. Morgan, II

Section 16(a) - Beneficial Ownership Reporting Compliance

Based on a review of the reports of changes in beneficial ownership of the Company's common stock and written representations made to the Company, the Company believes that its officers and directors have filed on a timely basis all of the reports which they were required to file under Section 16(a) of the Securities Exchange Act of 1934 during the fiscal year ended December 31, 2001.

Management provides below a line graph, which compares the Company's shareholder return with the return of the NASDAQ Bank Index and the Russell 2000 Index.

This performance graph was created by comparing the percentage change in stock prices for the Company and the indices on a year to year basis, factoring in dividend payments, and looking only at the closing price of the stock as of December 31 of each year surveyed. This graph may be affected by unusually high or low prices at December 31, 1996 or by temporary swings in stock price at December 31 of any given year. Accordingly, this is not necessarily the best measure of the Company's performance.

The index reflects the total return on the stock that is shown, including price appreciation, all stock splits and stock dividends, and reinvestment of cash dividends at time of payment, relative to the value of the stock at the beginning of the time period. Thus a move from 100 to 150 on the index scale indicates a 50% increase in the value of the investment. The NASDAQ Bank Index contains all non-holding company banking institutions traded on the NASDAQ exchange. In addition to traditional banks this includes thrifts but does not include other non-regulated finance companies. The Russell 2000 index is comprised of the smallest 2000 companies in the Russell 3000 Index, which tracks almost 99 percent of the stocks included in portfolios of institutional investors.
