Report of Independent Registered Public Accounting Firm

The Pension Committee of the

American Woodmark Corporation Investment Savings Stock Ownership Plan:

We have audited the accompanying statements of assets available for benefits of the American Woodmark Corporation Investment Savings Stock Ownership Plan (the Plan) as of December 31, 2014 and 2013, and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan as of December 31, 2014 and 2013, and changes in assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

The supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2014 has been subjected to audit procedures performed in conjunction with the audit of the Plan's 2014 financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but includes supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2014 is fairly stated in all material respects in relation to the 2014 financial statements as a whole.

AMERICAN WOODMARK CORPORATION
INVESTMENT SAVINGS STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2014 and 2013

(1) Description of the Plan

The following description of the American Woodmark Corporation Investment Savings Stock Ownership Plan (the Plan) provides only general information. A complete description of the Plan provisions, including those relating to participation, vesting and benefits, is contained in the Plan document. Copies of this document are available from the American Woodmark Corporation Treasury Department.

(a) General

The Plan is a defined contribution plan that covers all hourly and salaried employees of American Woodmark Corporation (the Corporation) upon meeting certain eligibility requirements. Eligible participants include all employees participating in the Plan prior to January 1, 2002, and employees who after December 31, 2001 have reached the age of 18 and have been employed by the Corporation for at least six consecutive months. Employees hired after December 31, 2012 who are eligible participants are automatically enrolled on the first day following the completion of five consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustee of the Plan is Wilmington Trust. Effective April 1, 2015 Verisight Trust Company will be the trustee of the Plan.

(b) Contributions

The Plan allows participants to contribute up to 100% of their annual compensation excluding extraordinary remuneration not generally received by the participants as a class. The statutory maximum amount of contributions allowed was \$17,500 for years ended December 31, 2014 and December 31, 2013. Participants who are 50 years or older on the last day of the Plan year are eligible to contribute an additional catch up contribution up to the limit imposed by law. The catch up limit for 2014 and 2013 was \$5,500. Participants may elect to invest their contributions in the investment options made available by the Corporation. The accounts of participants who have not made investment elections are automatically invested in the applicable Vanguard Target Retirement fund.

The Corporation makes matching contributions equal to 100% of each participant's salary reduction contribution up to the first 4% of the participant's annual compensation. All matching contributions by the Corporation are made in the Corporation's common stock. Effective May 1, 2015 matching contributions will be made in cash by the Corporation. The Corporation also makes profit sharing contributions to each participant in the Plan equal to 3% of the Corporation's net income for fiscal years in which the Corporation's net income exceeds \$0 in total but is less than or equal to \$20 million, 4% of the Corporation's net income for fiscal years in which the Corporation's net income exceeds \$20 million but is less than or equal to \$30 million, and 5% of the Corporation's net income for fiscal years in which the Corporation's net income exceeds \$30 million, divided by the number of eligible employees. These contributions may be made in the form of the Corporation's common stock or cash. Profit sharing contributions made in 2014 and 2013 were \$818,417 and \$292,755, respectively. Additional incentive contributions may be made at the option of the Corporation's board of directors, however none were made in 2014 or 2013.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and the related matching contribution, an allocation of the Corporation's profit sharing and incentive contributions and Plan earnings. Allocations of income (losses) attributable to investment funds are made proportionately based upon account balances to each participant's account. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Corporation contributions or pay administrative expenses of the Plan. At December 31, 2014 and 2013, the balance of forfeited nonvested accounts was \$807 and \$462, respectively. In 2014 and 2013, employer contributions were reduced by \$13,962 and \$103,205, respectively, from forfeited nonvested accounts.

AMERICAN WOODMARK CORPORATION
INVESTMENT SAVINGS STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2014 and 2013

(d) Vesting

Participants are immediately vested in their contributions and the Corporation's contributions plus actual earnings thereon. For contributions prior to January 1, 2013 participants vested at 25% per year in the portion of their account representing the Corporation's matching contributions plus actual earnings thereon beginning at the conclusion of their second year of service. A participant is 100% vested after five years of service. Each participant will always have a fully vested interest in their prior plan account and any rollover accounts.

(e) Loans

Participants are allowed to take out loans from their vested balances. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The maximum loan amount is equal to the lesser of 50% of the participant's vested account or \$50,000 in accordance with the Department of Labor's regulations. Loan payments are made through payroll deductions with interest based on the prime interest rate as listed in the Wall Street Journal on the first day of the calendar quarter in which the loan is made plus 2%. Loans must be repaid over a period not to exceed five years.

(f) Payment of Benefits

Upon termination of service a participant may receive a lump sum amount equal to the vested balance of their account or leave the vested balance in the Plan up to the Plan year in which the participant reaches age 65.

(g) Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to amend, modify, suspend, or terminate the Plan. In the event of termination of the Plan, participants would become fully vested in their account balances.

(h) Investment Options

Participants in the Plan may direct their individual contributions into any of the investment options offered by the Plan. The Plan provides that the Corporation's matching and profit sharing contributions are automatically invested in the Corporation's common stock which is held by the American Woodmark Corporation Stock Fund (the Stock Fund). Effective May 1, 2015 the Corporation's matching contributions will be invested in the employee's current investment elections. The Plan allows participants to diversify their matching and profit sharing contributions out of the Stock Fund.

(i) Administrative Expenses

The Corporation pays for all recordkeeping services less any reimbursements to the Plan from the participating mutual funds, trustee and custodial fees for the Corporation's common stock. All other expenses are paid by the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are stated at fair value. The fair value of mutual funds is based on quoted market prices on the last business day of the plan year. The fair value of the Corporation's common stock within the Stock Fund is based on the closing price on the last business day of the Plan year. The collective funds are valued by applying each plan's ownership percentage in the fund to the fund's assets at fair value at the valuation date as a practical expedient

AMERICAN WOODMARK CORPORATION
INVESTMENT SAVINGS STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2014 and 2013

of fair value. Money market fund balances are valued based on redemption values on the last business day of the Plan year.

The Stock Fund consists of the Plan's investment in the Corporation's common stock and a money market fund. In accordance with the Plan's policy of stating investments at fair value, the amount reflected as the net appreciation in fair value of investments represents the change in fair value as compared to cost and realized gains and losses, with cost determined using the average cost method. Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex dividend date.

The Plan's investments, in general, are exposed to various risks, including interest rate, credit, and overall market volatility risks. In addition, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of assets available for benefits.

(c) Notes receivable from participants

Notes receivable from participants (loans) are carried at their unpaid principal plus accrued and unpaid interest.

(d) Benefit Payments

Benefit payments are recorded upon distribution.

(e) Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in assets available for benefits during the reporting period. Actual results could differ from those estimates.

(3) Fair Value Measurements

The Plan's investments are carried at fair value using a three-level valuation hierarchy for fair value measurement. These levels are described below:

Level 1 – Investments with quoted prices for identical assets or liabilities in active markets.

Level 2 – Investments with observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Investments with unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

AMERICAN WOODMARK CORPORATION
INVESTMENT SAVINGS STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2014 and 2013

Financial assets and liabilities measured at fair value on a recurring basis are as follows:

Vanguard Target Retirement 2015	4,477,632	5,294,332	*	*

AMERICAN WOODMARK CORPORATION
INVESTMENT SAVINGS STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2014 and 2013

During the years ended December 31, 2014 and 2013, the Plan's investments purchased, sold, as well as held during the year appreciated in fair value as follows:

	December 31,	
	2014	2013
American Woodmark Corporation common stock	\$1,393,685	\$8,962,992
Mutual funds	2,630,080	6,962,133
	\$4,023,765	\$15,925,125

(5) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2014	2013
Assets available for benefits per the financial statements	\$101,711,314	\$90,552,042
Less amounts allocated to withdrawing participants	(209,830) (344,377
Assets available for benefits per the Form 5500	\$101,501,484	\$90,207,665

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the years ended December 31, 2014 and 2013:

	December 31,	
	2014	2013
Benefits paid to participant per the financial statements	\$6,937,196	\$4,972,659
Plus amounts allocated on Form 5500 to withdrawing participants and benefit payments pending distribution at end of the year	209,830	344,377
Less amounts allocated on Form 5500 to withdrawing participants and benefit payments pending distribution at beginning of the year	(344,377) (384,359
Benefits paid to participants per the Form 5500	\$6,802,649	\$4,932,677

Amounts allocated to withdrawing participants and benefit payments pending distribution are recorded on the Form 5500 for benefit claims that have been processed and approved for payment by the Corporation prior to December 31 but not yet paid as of that date.

(6) Related-Party Transactions

Certain plan assets are invested in common stock of the Corporation. Transactions involving these investments are considered to be party-in-interest transactions. During 2014 and 2013, the Plan received no dividends from the Corporation. Certain administrative services are provided by the Corporation without cost to the Plan; while all out-of-pocket administrative expenses are paid by the Plan.

(7) Federal Income Taxes

The Plan adopted a prototype plan maintained by the Newport Group for which an opinion letter dated June 3, 2004 was received stating the prototype plan qualifies under the applicable provisions of the Internal Revenue Code (IRC). The

AMERICAN WOODMARK CORPORATION
INVESTMENT SAVINGS STOCK OWNERSHIP PLAN

Notes to Financial Statements
December 31, 2014 and 2013

Company has not requested a separate determination letter from the IRS, but rather is relying on the letter received by the Newport Group in accordance with Announcement 2001-77. The plan administrator believes the Plan is being operated in accordance with the prototype plan document and in compliance with the appropriate requirements of the Code. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax exempt.

U.S. generally accepted accounting principles require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2010.
