Press Release

Heartland Express, Inc. Reports Revenues and Earnings for the Third Quarter of 2006.

CORALVILLE, IOWA - October 18, 2006 - Heartland Express, Inc. (Nasdaq: HTLD) announced today financial results for the quarter ended September 30, 2006. Operating revenues for the quarter increased 8.0% to \$147.1 million from \$136.2 million in the third quarter of 2005. Net income increased 31.2% to \$23.0 million from \$17.5 million in the 2005 period. Earnings per share were \$0.23 compared to \$0.18 for the third quarter of 2005.

For the nine months ended September 30, 2006, operating revenues increased 10.8% to \$425.1 from \$383.7 during the same period in 2005. Net income increased 34.3% to \$67.5 million from \$50.3 million in the 2005 period. Earnings per share were \$0.69 compared with \$0.51 for the 2005 period.

For the quarter, Heartland Express, Inc. posted an operating ratio (operating expenses as a percentage of operating revenues) of 77.9% and a 15.6% net margin. The Company reported an operating ratio of 77.4% and a 15.9% net margin for the nine months ended September 30, 2006. The Company ended the third quarter with

cash, cash equivalents, and short-term investments of \$321.9 million, a \$34.3 million increase from the \$287.6 million reported on December 31, 2005. The Company's balance sheet continues to be debt-free.

Operating results for the nine month period are favorably impacted by gains primarily from the trade of revenue equipment. Effective July 1, 2005 gains from the trade of revenue equipment are being recognized in operating income in compliance with Statement of Financial Accounting Standards No. 153, "Accounting for Non-monetary Transactions". Prior to July 1, 2005 gains from the trade-in of revenue equipment were deferred and presented as a reduction of the depreciable basis of new revenue equipment. Operating income for the three month and nine month periods ended September 30, 2006 were favorably impacted by \$3.6 million and \$14.9 million, respectively, from gains on the trade-in of revenue equipment, net of the associated increase in depreciation expense as a result of the higher depreciable basis of traded revenue equipment acquired since July 1, 2005. As a result of these gains earnings per share was positively impacted \$0.02 per share for the quarter ended September 30, 2006 and \$0.10 for the nine months ended September 30, 2006.

The Company has continued to upgrade its tractor and trailer fleet during the quarter. The Company took delivery of 475 new International tractors and completed its trailer fleet upgrade with the delivery of 252 new Wabash trailers during the period. The average age of the Company's tractor fleet was 1.2 years at September 30, 2006, with 97% of the fleet comprised of 2005 or newer model year Internationals. The tractor fleet replacement will continue throughout the fourth quarter and will be completed by December 31, 2006. The average age of the Company's trailer fleet was 2.9 years at September 30, 2006 with primarily the entire trailer fleet consisting of 2002 or newer model year Wabash trailers.

During the quarter, Heartland Express declared a regular quarterly cash dividend. The quarterly dividend of approximately \$2.0 million at the rate of \$0.02 per share was paid on October 2, 2006 to shareholders of record at the close of business on September 20, 2006. The Company has now paid thirteen consecutive quarterly cash dividends. In addition, the Company declared a

4-for-3 stock split, paid as a 33% stock dividend in the second quarter of 2006. This was the Company's ninth stock split since going public in 1986. The Company's annual cash dividend increased approximately \$2.0 million per year, a 33% increase, as a result of the recent stock split. All share and per share data presented have been adjusted retroactively to reflect the effect of the stock split.

The Company purchased 176,700 shares of its outstanding common stock during the quarter. There are 4.9 million shares remaining under the repurchase program approved in September 2001 by its Board of Directors. Our strong cash position has allowed us to improve shareholder return with share repurchases and cash dividends without effecting growth opportunities. This repurchase of shares demonstrates the Board of Director's confidence in the Company's performance and future prospects.
