### Exhibit 99.1

FOR IMMEDIATE RELEASE:

TUESDAY, SEPTEMBER 16, 2003

#### VERSAR, INC. RETURNS TO PROFITABILITY IN FOURTH QUARTER AND ANNOUNCES YEAR END RESULTS FOR FISCAL YEAR

Springfield, VA, Tuesday, September 16, 2003. VERSAR, Inc. (Amex: VSR) announced today the final results for the fourth quarter and fiscal year ended June 30, 2003. Net income for the fourth quarter was \$519,000, or \$0.07 per share compared to a net loss of \$425,000, or (\$0.06) per share for the previous year. The increase was due to higher labor billability throughout the entire Company and on-going cost reduction efforts to ensure that the Company's cost structure is in line with its business volume. Operating income for the fourth quarter of fiscal year 2003 was \$564,000, a significant improvement of \$1,095,000 over the results reported in the fourth quarter of fiscal year 2002. The higher operating results were achieved despite a decline in gross revenues for the fourth quarter of fiscal year 2003 which were \$14,419,000, an 18%

decrease over the prior fiscal year.

Gross revenues for fiscal year 2003 were \$57,097,000, a 16% decrease compared to the results of fiscal year 2002. Sixty-seven percent of the decrease is due to the expected wind down of the STEPO protective suit contract. The balance is due to lower construction work in the Company's Architecture and Engineering segment. Operating income increased to \$1,062,000, adjusted for non-recurring charges of \$800,000, as compared to \$619,000 in operating income in fiscal year 2002. During fiscal year 2003, the Company increased its tax valuation allowance (non-cash) by \$1,097,000 due to the lower than projected earnings and non-recurring charges recorded during the year. Net income, adjusted for the non-recurring charges and the increase to the tax valuation allowance of \$1,897,000, was \$889,000 compared to \$79,000 in fiscal year 2002.

Dr. Ted Procriv, President and CEO of Versar said "I am gratified that our management team was able to anticipate the revenue shortfalls earlier last year. As a result, we took the necessary actions this year to reduce costs and restructure the Company in a manner as to ensure consistent profitability going forward. These actions resulted in a solidly profitable fourth quarter."

Dr. Procriv continued, "The ramifications of the September 11, 2001 attack continue to affect Versar as they also do to the nation at large. Versar is well positioned in Homeland Defense and will continue to expand that portion of our business in all three business segments. This expansion occurred despite the delay in government expenditures in the past year. In the long term, Versar should significantly benefit from the increased spending by all levels of government for Homeland Defense. We will continue our efforts in obtaining larger contract vehicles to provide for the expansion and sustainability of Versar's future.
