Versar Announces Continued Financial Improvement in the First
Quarter of Fiscal Year 2004

Edgar Filing: VERSAR INC - Form 8-K

Springfield, VA -- Monday, November 11, 2003 -- VERSAR, Inc. (Amex: VSR) announced today that its net income for the first quarter of fiscal year 2004 was \$343,000, or \$0.05 per share. This is the second profitable quarter in a row and an improvement over the net loss of \$0.19 reported for the first quarter of fiscal year 2003.

Operating income for the first quarter, ended September 30, 2003, was \$397,000 versus a loss of \$969,000 in the first quarter of fiscal year 2003. The significant improvement in operating income is primarily due to cost reduction efforts implemented in fiscal year 2003 to bring the Company's cost structure in-line with its business volume and the absence of a non-recurring restructuring charge.

Net service revenues for the first quarter of fiscal year 2004 were \$8,229,000, an increase of 3% over that reported in fiscal year 2003. The increase was a result of higher revenues in the Company's Environmental segment in support of its expanding work in mold remediation. The increase in net service revenue was attained while there was a slight (2%) decrease in gross revenue due to reduced subcontracted construction work from last year.

Funded Backlog improved by 28% from June 30, 2003, because the Company obtained \$23 million in new orders and now has a funded backlog of \$41 million at the end of the first quarter of fiscal year 2004.

Dr. Ted Procriv, President and CEO of VERSAR said, "Our efforts to transform VERSAR continue to bear fruit. The focus on homeland defense, mold remediation and outsourcing of technical services is leading the way to a stable and profitable company. We now are placing our efforts on more fully exploiting our technology and intellectual property strengths with a focused marketing plan."

Dr. Procriv also said, "I am pleased with our continued financial and marketing success. The recent addition of United Bank as our financial partner to provide financing for working capital purposes is encouraging and we believe that this will provide a strong foundation to help VERSAR meet our Company's future business growth."
