Versar Announces Third Consecutive Profitable Quarter 2004 And Continued Growth in Funded Backlog.

Springfield, VA, Thursday, February 12, 2004 -- VERSAR, Inc. (Amex: VSR) announced today the second quarter results of fiscal year 2004. Net Income for the second quarter of fiscal year 2004 was \$366,000, or \$0.05 per share. The performance for the second quarter was slightly improved over that reported in fiscal year 2003 as the Company continues to transform the business to the changes in the business marketplace.

Funded Backlog improved by 38% from June 30, 2003 as the Company obtained \$40 million of new orders in the first six months of fiscal year 2004 and now has funded backlog of \$44 million as of December 31, 2003.

Gross revenues for the second quarter of fiscal year 2004 were \$14,288,000 a decrease of 7% over that reported in the same period in fiscal year 2003. The decrease is due to contract funding delays for construction work and the completion of the Company's STEPO contract in the Architecture and Engineering and Defense segments respectively. Such decreases were offset in part by increased gross revenue in the Company's Environmental segment, primarily in the area of mold remediation.

Dr. Ted Procriv, President and CEO of VERSAR said, "The second quarter of fiscal year 2004 is a continuance of our planned efforts outlined in the last fiscal year to provide a stable business base with consistent earnings. With recent contract awards, our contract backlog continues to increase as we look to translate such increases in to higher revenue and improved earnings."
