INDEPENDENT AUDITORS' REPORT

To the Governance and Compensation Committee of the
Airgas, Inc. Board of Directors:

We have audited the accompanying statements of financial position of the Airgas, Inc. 1998 Employee Stock Purchase Plan (the "Plan") as of December 31, 2001 and 2000 and the related statements of changes in participants' equity for the years ended December 31, 2001, 2000 and 1999. These financial statements are the responsibility of the Plan's administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's administrator, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Plan as of December 31, 2001 and 2000 and the changes in its participants' equity for the years ended December 31, 2001, 2000 and 1999, in conformity with accounting principles generally accepted in the United States of America.

AIRGAS, INC.
1998 EMPLOYEE STOCK PURCHASE PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the Airgas, Inc. 1998 Employee Stock Purchase Plan (the "Plan") provides general information only. Participants should refer to the Plan prospectus for more complete information.

General

The purpose of the Plan is to encourage and assist employees of Airgas, Inc. and its subsidiaries (the "Company"), by giving them the opportunity to acquire an equity interest in the Company through the purchase of shares of the Company's Common Stock at a discount. Generally, employees may elect to have up to 15 percent of their annual gross compensation (including base salary, commissions and overtime) withheld to purchase the Company's Common Stock at 85 percent of its market value. The maximum market value of shares purchased by a Plan participant in any calendar year is limited to \$25,000. Market value under the Plan is the lesser of the closing market price of the Common Stock as of an employee's enrollment date in the Plan or the closing market price on the quarterly purchase date. Employees lock in a purchase price under the Plan for up to 27 months. If the closing market price of the Common Stock on the first trading day of a calendar quarter is less than an employee's existing 27 month purchase price, the employee is considered to re-enroll in the Plan and is granted a new 27 month purchase price.

The Plan was adopted by the Board of Directors in May 1998 and was approved by the stockholders of the Company in August 1998. A maximum of three million (3,000,000) shares of Common Stock may be purchased under the Plan. From the Plan's inception (August 5, 1998) through December 31, 2001, 2,997,524 shares were issued under the Plan. During 2002, the Company intends to deregister the remaining 2,476 shares and terminate the Plan.

The Plan is accounted for on the accrual basis of accounting. Purchases and sales of shares of Company Common Stock are recorded on a trade date basis.

Limitation of Plan Shares

Edgar Filing: AIRGAS INC - Form 11-K

During the quarter ended December 31, 2001, the Plan exhausted substantially all of the remaining shares available under the Plan. Since the number of shares available under the Plan was less than the number of shares that participants would otherwise be entitled to purchase, purchases by all participants were reduced proportionately on a pro-rata basis as provided for in the Plan prospectus. Funds that could not be applied to the purchase of shares under the Plan were credited to the 2001 Employee Stock Purchase Plan (the "2001 Plan"). The 2001 Plan was adopted by the Board of Directors in May 2001 and approved by the stockholders of the Company in August 2001. The adoption of the 2001 Plan resulted in the establishment of a new participant purchase price based on the terms of the 2001 Plan.

AIRGAS, INC. 1998 EMPLOYEE STOCK PURCHASE PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

(2) Purchase and Distribution of Shares

Purchases are made by the Plan quarterly. The Common Stock is purchased as described in note (1). Shares purchased are deposited into individual brokerage firm accounts maintained for the participants.

During the fourth quarter of 2001, the Company changed the firm that serves as the custodian of the participant brokerage accounts from Charles Schwab & Co., Inc. to The Bank of New York.

(3) Participants' Payroll Deductions

During the quarter ended December 31, 2001, the Plan did not have a sufficient number of shares remaining for the quarterly purchase on behalf of Plan participants. Due to the share limitation, shares were purchased for Plan participant accounts on a pro-rata basis as provided for in the Plan prospectus. Excess participant payroll deductions totaling \$1,338,616 were transferred to the newly established 2001 Plan for the purchase of shares at a new participant purchase price.

At December 31, 2000, participants' payroll deductions receivable from Airgas, Inc. represents deductions which were individually less than the cost of one share of common stock and were carried forward for use in purchasing shares on the next quarterly purchase date.

(4) Administrative Expenses of the Plan

All administrative expenses of the Plan are paid by the Company. Any brokerage fees for the purchase of shares on behalf of Plan participants are paid by the Company, but brokerage fees for the resale of shares by participants are paid by the participants.

(5) Federal Income Tax

The Plan is intended to qualify as an "employee stock purchase plan" under Section 421 and Section 423 of the Internal Revenue Code of 1986, as

Edgar Filing: AIRGAS INC - Form 11-K

amended. Under existing federal income tax laws, the Plan is not subject to federal income tax. However, when any shares of stock purchased through the Plan are sold by a participant, income taxes on any gain or loss must be recognized by that participant.
