ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On February 20, 2007, the Board of Directors of Navistar International Corporation (the “company”) approved a resolution amending the company’s Amended and Restated Executive Stock Ownership Program (the “program”) to delay the time period in which a participant has for meeting the stock ownership requirements of, and ability to earn premium shares under, the program. Under the program, senior level management of the company are required to, by certain dates, own a specific percentage of their base salary in company stock and may be awarded premium shares if they acquire that stock at an accelerated rate. In light of currently effective trading restrictions under the company’s insider trading policy, executive officers of the company have been prohibited from purchasing shares of company stock and, therefore, unable to meet their ownership requirements of, nor earn premium shares under, the program. The intent of the amendment is to extend the time period of a participant for meeting the ownership requirements of, and ability to earn premium shares under, the program for the same amount of time that the blackout trading restrictions are in place. A copy of the resolution approving that action is attached as Exhibit 10.68 to this Report and incorporated by reference herein.
