Forward-looking Statements

Certain statements in this Registration Statement or the documents incorporated by reference in this Registration Statement constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Candie's, Inc. to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, those set forth under the caption "Risk Factors." The words "believe," "expect," "anticipate," "intend," and "plan" and similar expressions identify forward-looking statements. Readers are cautioned not to place undue reliance on any of these forward-looking statements, which speak only as of the date of the statement was made. Candie's undertakes no obligation to update any forward-looking statement.

The Company

Candie's is in the business of licensing the CANDIE'S(R) and BONGO(R) names on a variety of young women's footwear, apparel and fashion products. Through its wholly owned subsidiary, Bright Star Footwear, LLC, the Company also arranges for the manufacture of private label men's footwear products for mass market and discount retailers.

Candie's had been a leading designer, distributor and marketer of jeans wear under the BONGO brand through its wholly-owned subsidiary, Unzipped Apparel, LLC, referred to as Unzipped. On June 9, 2004, Candie's entered into an agreement with TKO Apparel Licensing, Inc., referred to as TKO, under which TKO has agreed to purchase certain assets of Unzipped from Candie's on or before February 1, 2005 for a purchase price to be determined at the closing. Candie's also entered into a long-term licensing agreement with TKO, which commenced in August 2004, pursuant to which TKO, through Unzipped, designs, manufactures and sells BONGO jeans throughout the United States.

Candie's was incorporated under the laws of the State of Delaware in 1978. Its principal executive offices are located at 215 West 40th Street, New York, New York 10018, and its telephone number is (212) 730-0300.

Unless the context requires otherwise, reference in this prospectus to "we", "us", "our", "Candie's", or "Company" refers to Candie's, Inc. and its subsidiaries.

Recent Developments

On October 29, 2004 (the "Closing Date"), Candie's, through a wholly-owned subsidiary, acquired from B.E.M. Enterprise, Ltd., referred to as "B.E.M.", which is the selling stockholder under this prospectus, its principal assets (the "Purchased Assets") for the designer business "Badgley Mischka", and the assumption of two existing licenses with Pronovias USA for bridal gowns (which

Edgar Filing: CANDIES INC - Form S-3

expires on December 31, 2005) and BC International for fur coats (which expires on January 30, 2005). Additionally, the Company acquired the rights to operate the Badgley Mischka retail store located on Rodeo Drive in Beverly Hills, California effective January 1, 2005 at which time the lease for such premises is to be assumed by Candie's. Moreover, a subsidiary of Candie's entered into employment agreements with Mark Badgley and James Mischka.

3

The purchase price for the Purchased Assets was paid by the issuance of 214,981 shares of Candie's common stock, \$.001 par value (the "Shares"). The purchase price of the Purchased Assets is subject to an upward adjustment in the event that the closing sale price of the Candie's common stock on the date which is 180 days after the Closing Date is less than the closing sale price on the Closing Date. Any such adjustment will also be paid in shares of Candie's common stock (the "Additional Shares"). The Shares and the Additional Shares, if any, have been registered for sale by B.E.M. pursuant to this prospectus.

Risk Factors

We operate in a changing environment that involves numerous known and unknown risks and uncertainties that could materially adversely affect our operations. The following highlights some of the factors that have affected, and in the future could affect, our operations.

We have incurred losses during recent fiscal years and future losses could negatively affect our cash flows and business operations.

In the fiscal year ended January 31, 2004, we sustained net losses of \$ 11.3 million, and net losses of \$3.9 million, \$2.3 million and \$8.2 million during our fiscal years ended January 31, 2003, 2002 and 2001, respectively. We cannot guarantee that we will not incur losses in the future.

We are no longer engaged in the design, manufacture, distribution or sale of CANDIE'S or BONGO branded footwear products or BONGO branded jeans wear in the United States and, consequently, our revenues are, or will be, dependent on the success of certain licensees of those rights.

Although the licensing agreements for our CANDIE'S and BONGO branded footwear and the licensing agreement with TKO for the BONGO branded jeans wear require the advance payment to us of certain fees and provide for certain guaranteed minimum royalty payments to us, the failure by the licensees to satisfy their obligations under the agreements could result in the termination of the license agreements and an interruption in the royalty stream. Moreover, during the terms of the license agreements, we are substantially dependent upon the abilities of the licensees to maintain the quality, marketability and consumer recognition of footwear products bearing either of the CANDIE'S or BONGO brands and jeans wear bearing the BONGO brand. In addition, failure by the licensees to meet their production, manufacturing or distribution requirements with respect to the CANDIE'S or BONGO branded footwear products or BONGO branded jeans wear products could negatively impact their sales and resulting royalty payments to us which, in turn, would materially adversely affect our revenues and business operations. Moreover, the failure by licensees to meet their financial obligations to us could jeopardize our ability to meet the debt service coverage ratio in connection with the asset-backed notes issued by one of our subsidiaries which would give the note holders the right to foreclose on our trademarks and other related intellectual property assets, which are the security for the debt.

Our business is dependent on continued market acceptance of the products of our licensees that bear our trademarks and of the CANDIE'S and BONGO trademarks.

Our ability to achieve continued market acceptance of our existing products, products of our licensees utilizing the CANDIE'S and BONGO trademarks as well as market acceptance of any future products that may be offered by us or by our licensees that bear our trademarks, is subject to a high degree of uncertainty. Our ability or the ability for our licensees to achieve market acceptance by new customers or continued market acceptance by existing or past customers will require substantial additional marketing efforts and the expenditure of significant funds by us to create a demand for such products. Additional marketing efforts and expenditures may not result in increased market acceptance of products of our licensees or increased sales of such products. We are materially dependent on the sale of products bearing the CANDIE'S and BONGO trademarks for a significant portion of our revenues. A failure of our CANDIE'S or BONGO trademarks or products to achieve or maintain market acceptance could reduce our licensing revenues, thereby negatively impacting cash flows.

We had a working capital deficit at July 31, 2004, have incurred a substantial amount of indebtedness and to the extent that cash flow from our continuing operations is insufficient to meet the our debt obligations, we may be required to seek additional financing to satisfy our obligations.

As of the date of this prospectus there is approximately \$18.9 million principal outstanding on seven-year asset backed notes issued by one of our subsidiaries in August 2002. In addition, in connection with our acquisition in April 2002 from Sweet Sportswear, Inc. of the joint venture formed with Sweet, we issued to Sweet \$11.0 million principal amount of senior subordinated notes the amount of which have been reduced to approximately \$7.8 million as a result of certain shortfalls in the net income of Unzipped that Sweet guaranteed under the terms of the agreement under which it managed Unzipped, although it may be furthered reduced by offset of additional losses. These notes will mature in 2012. Moreover, we had a working capital deficit of approximately \$754,000 at July 31, 2004. In the event that projected cash flow proves to be insufficient to satisfy our cash requirements including our debt obligations, we may be required to seek additional funds through, among other means, public or private equity or debt financing, which may result in dilution to our stockholders. Our failure to obtain any required additional financing on terms acceptable to us, or at all, could result in the acceleration of the payment obligations of certain of our indebtedness that could materially adversely affect our business operations and financial position.

A recession in the fashion industry or rapidly changing fashion trends could harm our operating results.

The fashion industry is cyclical, with purchases of apparel and related goods tending to decline during recessionary periods when disposable income is low. A poor general economic climate could have a negative impact on our and our licensees' ability to compete for limited consumer resources. Moreover, our future success depends in substantial part on our and our licensees' ability to anticipate and respond to changing consumer demands and fashion trends in a timely manner and for us to create effective marketing for those products. The footwear and wearing apparel industries are generally subject to constantly changing fashion trends. If we or our licensees misjudge the market for a particular product or product line, it may result in a decrease in the amount of revenue we realize from our licenses.

All of our licensees rely on unaffiliated manufacturers and suppliers and, therefore, may be subject to timing or production problems that are beyond their control.

Our licensees do not own or operate any manufacturing facilities. The manufacturers of our licensed products have limited production capacity and may not, in all instances, have the capability to satisfy our licensees' manufacturing requirements. In such event, the capacity of alternative manufacturing sources may not be available to our licensees on a cost effective basis. Accordingly, our licensees' dependence upon third parties for the manufacture of our licensed products could have an adverse effect on their ability to deliver products on a timely and competitive basis and could have an adverse effect on our revenues and cash flows from the licenses. Moreover, our licensees operate under substantial time constraints which require them to have production orders in place at specified times in advance of the customers' retail selling seasons. If the suppliers fail to meet their delivery date requirements pursuant to purchase orders with the licensees, they will be unable to meet our delivery date requirements pursuant to purchase orders with their customers. This could result in the cancellation of purchase orders both by our licensees and their customers, having an adverse effect on our licensing revenues and earnings.

Our licensees are subject to risks and uncertainties of foreign manufacturing that could reduce our licensing revenues.

Substantially all of the products sold by our licensees are manufactured overseas. Our licensees are subject to various risks inherent in foreign manufacturing, all of which can have a significant impact on our licensees' sales of licensed products and consequently, our earnings, including:

- increased credit risks;
- fluctuations in foreign currency exchange rates;
- shipping delays; and
- international political, regulatory and economic developments.

Because of the intense competition in our markets and the strength of our competitors, we and our licensees may not be able to continue to compete successfully.

The footwear and apparel industries are extremely competitive in the United States and we and our licensees face intense and substantial competition for our product lines. In general, competitive factors include quality, price, style, name recognition and service. In addition, the presence in the marketplace of various fads and the limited availability of shelf space can affect competition. Many of our competitors have greater financial, distribution, marketing and other resources than we have and have achieved significant name recognition for their brand names. In addition, since we license our brands, our licensees need to achieve a higher margin to enable them to pay the royalty. As a result, our licensees may be unable to successfully compete in the markets for such products.

We may not be able to protect our proprietary rights or avoid claims that we infringe on the proprietary rights of others.

Edgar Filing: CANDIES INC - Form S-3

We own federal trademark registrations for CANDIE'S and BONGO, among others, and believe that our CANDIE'S trademark and our BONGO trademark have significant value and are important to the marketing of our products. To the extent that the CANDIE'S, BONGO or other trademarks owned or used by us are deemed to violate the proprietary rights of others, or in the event that these trademarks would not be upheld if challenged, we would, in either such event, be prevented from using the trademarks, which could have an adverse effect on us. In addition, we may not have the financial resources necessary to enforce or defend trademarks owned or used by us.

We are dependent upon our key executives and other personnel, whose loss would adversely impact our business.

Our success is largely dependent upon the efforts of Neil Cole, our President, Chief Executive Officer and Chairman. The Company's current employment agreement with Mr. Cole, expires in January 2005 and the loss of his services could have a material adverse effect on our business and prospects. Our success is also dependent upon our ability to hire and retain additional qualified sales and marketing personnel in connection with the design, marketing and distribution of our products as well as our ability to hire and retain administrative personnel. We may not be able to hire or retain such necessary personnel or may not have the financial resources to attract the kind of talent required for our business.

Provisions in our charter and share purchase rights plan may prevent an acquisition of Candie's.

Certain provisions of our Certificate of Incorporation and our Share Purchase Rights Plan could have the effect, either alone or in combination with each other, of making more difficult, or discouraging an acquisition of our company deemed undesirable by our Board of Directors. Our Certificate of Incorporation provides for the issuance of up to 75,000,000 shares of common stock and 5,000,000 shares of preferred stock. As of the date of this prospectus there were approximately 27,533,000 shares of our common stock and no shares of preferred stock outstanding. Additional shares of our common stock and preferred stock are therefore available for future issuance without stockholder approval. The Share Purchase Rights Plan, commonly known as a "poison pill," states that, in the event than an individual or entity acquires 15% of the outstanding shares of our stockholders other than the acquirer may purchase additional shares of our common stock for a fixed price. The existence of authorized but un-issued capital stock, together with the existence of the Share Purchase Rights Plan, could have the effect of discouraging an acquisition of us.

7

We are subject to certain litigation that could harm us.

We are currently a defendant in a breach of contract action commenced against us by one of our former buying agents that also supplied us with certain footwear. Our financial condition could be harmed if we were required to pay the monetary damages sought by the plaintiff. We are also a plaintiff in an action against the former manager of Unzipped and cannot assure you that Unzipped will not seek to file counterclaims against us that may seek to recover monetary damages from us.

We do not expect to pay dividends on our common stock.

Edgar Filing: CANDIES INC - Form S-3

We have not paid any cash dividends on our common stock to date and do not expect to pay dividends for the foreseeable future. Under existing loan agreements with our principal lender, we are not permitted to pay dividends without the lender's consent.

The market price of our common stock may be volatile.

The market price of our common stock may be highly volatile. Disclosures of our operating results, announcements of various events by us or our competitors and the development and marketing of new products affecting our industry may cause the market price of our common stock to change significantly over short periods of time. Sales of shares under this prospectus may have a depressive effect on the market price of our common stock.

Future sales of shares of our common stock could affect the market price of our common stock and our ability to raise additional capital.

We have previously issued a substantial number of shares of common stock, which are eligible for resale under Rule 144 of the Securities Act, and may become freely tradable. We have also registered a substantial number of shares of common stock that are issuable upon the exercise of options and warrants and have previously registered for resale a substantial number of restricted shares of common stock held by certain selling stockholders, which are in addition to the 214,981 shares, and any Additional Shares, that may be offered under this prospectus by the selling stockholder. If holders of options or warrants choose to exercise their purchase rights and sell shares of common stock in the public market, or if holders of currently restricted shares choose to sell such shares in the public market under Rule 144 or otherwise, the prevailing market price for our common stock may decline. Future public sales of shares of common stock may adversely affect the market price of our common stock or our future ability to raise capital by offering equity securities.

Use of Proceeds

We will not receive any proceeds from the sale by the selling stockholder named in this prospectus.

We have agreed to pay expenses in connection with the registration of the shares being offered by the selling stockholder.

Selling Stockholder

Based on information provided by the selling stockholder, the following table sets forth certain information regarding the selling stockholder:

The table below assumes for calculating the selling stockholder's beneficial and percentage ownership that options, warrants or convertible securities that are held by such stockholder (but not held by any other person) and are exercisable within 60 days from the date this prospectus have been exercised and converted. The table also assumes the sale of all of the shares being offered by the selling stockholder pursuant to this prospectus.

Upon the appointment of a new President of B.E.M., both Mr. Ley and the President will have voting and investment power with respect to the shares.
- (2) Does not reflect any Additional Shares that may be issued by Candie's to the selling stockholder according to the terms of the Asset Purchase Agreement pursuant to which the Shares were issued. Any Additional Shares that may be issued to the selling stockholder are covered by the registration statement of which this prospectus forms a part.

Plan of Distribution

We have been advised that the selling stockholder, which may include pledgees, donees, transferees or other successors-in-interest who have received shares from the selling stockholder after the date of this prospectus, may from time to time, sell all or a portion of the shares in privately negotiated transactions or otherwise, at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to these market prices or at negotiated prices.

All costs, expenses and fees in connection with the registration of the shares offered by this prospectus shall be borne by us. Brokerage costs, if any, attributable to the sale of shares will be borne by the selling stockholder.

9

The shares may be sold by the selling stockholder by one or more of the following methods:

- o block trades in which the broker or dealer so engaged will attempt to sell the shares as agent but may position and resell a portion of the shares as principal to facilitate the transaction;
- o purchases by a broker or dealer as principal and resale by such broker dealer for its account pursuant to this prospectus;
- o an exchange distribution in accordance with the rules of the applicable exchange;
- o ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- o through put and call options relating to the shares;
- o negotiated transactions;

Edgar Filing: CANDIES INC - Form S-3

- o a combination of any such methods of sale at market prices prevailing at the time of the sale or at negotiated prices; and
- o any other method permitted pursuant to applicable law.

The transactions described above may or may not involve brokers or dealers.

The selling stockholder will not be restricted as to the price or prices at which the selling stockholder may sell its shares. Sales of shares by the selling stockholder may depress the market price of our common stock since the number of shares which may be sold by the selling stockholder is relatively large compared to the historical average weekly trading of our common stock. Accordingly, if the selling stockholder were to sell, or attempt to sell, all of such shares at once or during a short time period, we believe such a transaction could adversely affect the market price of our common stock.

From time to time the selling stockholder may pledge its shares under margin provisions of customer agreements with its brokers or under loans with third parties. Upon a default by the selling stockholder, the broker or such third party may offer and sell any pledged shares from time to time.

In effecting sales, brokers and dealers engaged by the selling stockholder may arrange for other brokers or dealers to participate in the sales as agents or principals. Brokers or dealers may receive commissions or discounts from the selling stockholder or, if the broker-dealer acts as agent for the purchaser of such shares, from the purchaser in amounts to be negotiated, which compensation as to a particular broker dealer might be in excess of customary commissions which are not expected to exceed those customary in the types of transactions involved. Broker-dealers may agree with the selling stockholder to sell a specified number of such shares at a stipulated price per share, and to the extent the broker-dealer is unable to do so acting as agent for a selling stockholder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling stockholder. Broker-dealers who acquire shares as principal may then resell those shares from time to time in transactions

10

- o in the over-the counter market or otherwise;
- o at prices and on terms prevailing at the time of sale;
- o at prices related to the then-current market price; or
- o in negotiated transactions.

These resales may involve block transactions or sales to and through other broker-dealers, including any of the transactions described above. In connection with these sales, these broker-dealers may pay to or receive from the purchasers of those shares commissions as described above. The selling stockholder may also sell the shares in open market transactions under Rule 144 under the Securities Act, rather than under this prospectus.

The selling stockholder and any broker-dealers or agents that participate with the selling stockholder in sales of the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with these sales. In this event, any commissions received by these broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

Edgar Filing: CANDIES INC - Form S-3

We have agreed to indemnify the selling stockholder against certain liabilities under the Securities Act. The selling stockholder may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares against certain liabilities, including liabilities arising under the Securities Act.

The selling stockholder is subject to applicable provisions of the Securities Exchange Act of 1934 and the SEC's rules and regulations, including Regulation M, which provisions may limit the timing of purchases and sales of the shares by the selling stockholder.

In order to comply with certain states' securities laws, if applicable, the shares may be sold in those jurisdictions only through registered or licensed brokers or dealers. In certain states the shares may not be sold unless the shares have been registered or qualified for sale in such state, or unless an exemption from registration or qualification is available and is obtained.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The expenses payable by the Registrant in connection with the issuance and distribution of the securities being registered (estimated except for the SEC Registration fee) are as follows:

SEC Registration Fee	\$ 231.07
Accounting Fees and Expenses	\$10,000.00
Legal Fees and Expenses	\$10,000.00
Miscellaneous Expenses	\$ 4,768.93
Total	\$25,000.00

Item 15. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of the State of Delaware ("GCL") provides for the indemnification of officers and directors under certain circumstances against expenses incurred in successfully defending against a claim and authorizes Delaware corporations to indemnify their officers and directors under certain circumstances against expenses and liabilities incurred in legal proceedings involving such persons because of their being or having been an officer or director.

Section 102(b) of the GCL permits a corporation, by so providing in its certificate of incorporation, to eliminate or limit director's liability to the corporation and its shareholders for monetary damages arising out of certain alleged breaches of their fiduciary duty. Section 102(b)(7) of the GCL provides

Edgar Filing: CANDIES INC - Form S-3

that no such limitation of liability may affect a director's liability with respect to any of the following: (i) breaches of the director's duty of loyalty to the corporation or its shareholders; (ii) acts or omissions not made in good faith or which involve intentional misconduct or knowing violations of law; (iii) liability for dividends paid or stock repurchased or redeemed in violation of the GCL; or (iv) any transaction from which the director derived an improper personal benefit. Section 102(b)(7) does not authorize any limitation on the ability of the corporation or its shareholders to obtain injunctive relief, specific performance or other equitable relief against directors.

Article Ninth of the registrant's Certificate of Incorporation and the registrant's By-laws provide that all persons who the registrant is empowered to indemnify pursuant to the provisions of Section 145 of the GCL (or any similar provision or provisions of applicable law at the time in effect), shall be indemnified by the registrant to the full extent permitted thereby. The foregoing right of indemnification shall not be deemed to be exclusive of any other rights to which those seeking indemnification may be entitled under any by-law, agreement, vote of shareholders or disinterested directors, or otherwise.

Article Tenth of the registrant's Certificate of Incorporation provides that no director of the registrant shall be personally liable to the registrant or its stockholders for any monetary damages for breaches of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the registrant or its stockholders; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) under Section 174 of the GCL; or (iv) for any transaction from which the director derived an improper personal benefit.

The registrant's employment agreements with Mr. Neil Cole, the registrant's Chief Executive Officer and Ms. Deborah Sorell Stehr, the registrant's Senior Vice President and General Counsel provide that the registrant shall indemnify each of them for the consequences of all acts and decisions made by such person while performing services for the registrant. These agreements also require the registrant to use its best efforts to obtain directors' and officers' liability insurance for such persons.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Undertaking Required by Regulation S-K, Item 512(a).

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made,

Edgar Filing: CANDIES INC - Form S-3

a post-effective amendment to this Registration Statement:

- i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");
- ii. To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement;
- iii. To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

provided, however, that clauses (i) and (ii) do not apply if the Registration Statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by such clauses is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement;

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Undertaking Required by Regulation S-K, Item 512(b).

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be initial bona fide offering thereof.

Undertaking required by Regulation S-K, Item 512(h).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or controlling persons pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate

jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
