**PROXY STATEMENT
FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS
June 5, 2003**

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of IntraBiotics Pharmaceuticals, Inc., a Delaware corporation (IntraBiotics or the Company), for use at the Annual Meeting of Stockholders to be held on Thursday, June 5, 2003, at 8:00 a.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the offices of Cooley Godward LLP, located at 3175 Hanover Street, Palo Alto, California 94304. The Company intends to mail this proxy statement and accompanying proxy card on or about May 8, 2003 to all stockholders entitled to vote at the Annual Meeting.

Solicitation

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock of the Company (Common Stock) beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Voting Rights and Outstanding Shares

Only holders of record of Common Stock at the close of business on April 30, 2003 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 30, 2003 (after taking into account the Company's 1-for-12 reverse stock split that occurred on April 10, 2003), the Company had outstanding and entitled to vote 3,269,168 shares of Common Stock. Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. Votes will be counted by the inspector of election appointed for the meeting, who will separately count For and Against votes, abstentions and broker non-votes. A broker non-vote occurs when a nominee holding shares for a beneficial

Table of Contents

owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions). Abstentions and broker non-votes will be counted in determining whether a quorum is present. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as negative votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

Voting Via the Internet or by Telephone

Stockholders may grant a proxy to vote their shares by means of the telephone or on the Internet. The law of the State of Delaware, under which the Company is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder.

The telephone and Internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. Stockholders granting a proxy to vote via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose stock is held in street name receive instruction for granting proxies from their banks, brokers or other agents, rather than the Company's proxy card.

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers the means to grant proxies to vote shares by the telephone and Internet. If your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services program, you may grant a proxy to vote those shares telephonically by calling the telephone number shown on the instruction form received from your broker or bank, or via the Internet at ADP Investor Communication Services' web site at <http://www.proxyvote.com>.

General Information for All Shares Voted Via the Internet or by Telephone

Votes submitted via the Internet or by telephone must be received by 11:59 p.m., Eastern Time on June 4, 2003. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company at the Company's principal executive office, 2483 East Bayshore Road, Suite 100, Palo Alto, CA, 94303 a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in the Company's proxy statement and form of proxy for the Company's 2004 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is January 8, 2004. Stockholders wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy must do so not later than the close of business on March 7, 2004, nor earlier than the close of business on February 5, 2004. Stockholders are advised to review the Company's Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Amended and Restated Certificate of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board of Directors may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board of Directors to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified, or until such director's earlier death, resignation or removal.

The Board of Directors is presently composed of six members. There are two directors in the class whose term of office expires in 2003. Each of the nominees for election to this class is currently a director of the Company. If elected at the Annual Meeting, each of the nominees would serve until the 2006 annual meeting and until his or her successor is elected and has qualified, or until such director's earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

Set forth below is biographical information as of April 1, 2003 for each person nominated and each person whose term of office as a director will continue after the Annual Meeting.

EXECUTIVE COMPENSATION

Compensation of Directors

Members of the Company's Board of Directors receive no cash compensation for their services as directors, but are reimbursed for their reasonable expenses in attending Board meetings. All directors are eligible to participate in the 2000 Equity Incentive Plan (the "Incentive Plan"). Employee directors are eligible to participate in the Company's 2000 Employee Stock Purchase Plan. Options granted to non-employee directors under the Incentive Plan are intended by the Company not to qualify as incentive stock options under the Internal Revenue Code of 1986, as amended.

The Board of Directors grants to any newly elected non-employee director a nonstatutory stock option to purchase 1,667 shares of Common Stock (after adjusting for the 1-for-12 reverse stock split that occurred on April 10, 2003) pursuant to the Incentive Plan at 100% of the fair market value of the Common Stock of the Company on the date of grant, which vests in full on the first anniversary after the date of grant. In addition, at the first regularly scheduled meeting of each calendar year, the Board of Directors considers granting options to purchase shares of Common Stock pursuant to the Incentive Plan with an exercise price of 100% of the fair market value of the Common Stock of the Company on the date of grant and vesting in full upon the first anniversary date of the grant, to each non-employee Board member serving as a director at the time of such Board of Directors meeting. During the last calendar year, the Board of Directors granted options to purchase 1,250 shares of Common Stock (after adjusting for the 1-for-12 reverse stock split that occurred on April 10, 2003) to each of the non-employee directors. Also, the Board of Directors considers granting additional options pursuant to the Incentive Plan with an exercise price of 100% of the fair market value of the Common Stock of the Company on the date of grant and vesting in full upon the first anniversary date of the grant, to each non-employee Board member serving on a Board committee. During the last calendar year, the Board of Directors granted options to purchase 833 shares of Common Stock (after adjusting for the 1-for-12 reverse stock split that occurred on April 10, 2003) to each of the non-employee directors serving on a Board committee. The term of the options granted to non-employee directors is ten years. In the event of a sale or disposition of substantially all of the securities or assets of the Company, a merger of the Company with or into another corporation or a consolidation or other change-in-control transaction involving the Company, the Incentive Plan provides that stock awards, including options, held by non-employee directors, shall become fully vested and immediately exercisable as of the effective date of the change-in-control of the Company.

For information relating to certain option grants made to Ms. LaPorte during 2002, see "Equity Compensation Plans Not Approved by Security Holders - Options Granted to Ms. LaPorte and Dr. Mario."

It is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. No gain to the option holder is possible unless the stock price increases over the option term. - (5) The options terminated prior to expiration in connection with the Named Executive Officer's departure from the Company.

Equity Incentive Plans not Approved by Stockholders

The following equity compensation plans of the Company in effect as of December 31, 2002 that were adopted without the approval of the Company's stockholders. The share amounts and exercise prices discussed in this section do not reflect the Company's 1-for-12 reverse stock split that occurred on April 10, 2003.

2002 Non-Officer Equity Incentive Plan

General. The Company's 2002 Non-Officer Equity Incentive Plan (the "Non-Officer Equity Plan") provides for stock awards (grants of nonstatutory stock options, stock bonuses or rights to acquire restricted stock) to employees and consultants who are not officers of the Company. Officers not previously employed by the Company may also be granted stock awards. An aggregate of two million five hundred thousand (2,500,000) shares of Common Stock has been reserved for issuance under the Non-Officer Equity Plan. As of December 31, 2002,

options to purchase 437,902 shares were outstanding and 2,062,098 shares remained

available for grant. The exercise price of options granted under the Non-Officer Equity Plan may not be less than 85% of the fair market value of the Company's Common Stock on the date of the grant. Options granted under the Non-Officer Equity Plan have a maximum term of ten years and typically vest over a four-year period. Options may be exercised prior to vesting, subject to repurchase rights in favor of the Company that expire over the vesting period. Shares issued under a stock bonus award may be issued in exchange for past services performed for the Company and may be subject to vesting and a share repurchase option in favor of the Company. Shares issued pursuant to restricted stock awards may not be purchased for less than 85% of the fair market value of the Company's Common Stock on the date of grant. Shares issued pursuant to restricted stock awards may be subject to vesting and a repurchase option in the Company's favor. The Non-Officer Equity Plan and stock awards issued thereunder may be amended by the Board at any time or from time to time. The Non-Officer Equity Plan is subject to substantially the same adjustment and change of control provisions described above with respect to the Incentive Plan under Adjustment Provisions and Effect of Certain Corporate Transactions.

Adjustment Provisions. Transactions not involving receipt of consideration by the Company, such as a merger, consolidation, reorganization, stock dividend, or stock split, may change the type(s), class(es) and number of shares of Common Stock subject to the Non-Officer Equity Plan and outstanding awards. In that event, the Non-Officer Equity Plan will be appropriately adjusted as to the type(s), class(es) and the maximum number of shares of Common Stock subject to the Non-Officer Equity Plan, and outstanding awards will be adjusted as to the type(s), class(es), number of shares and price per share of Common Stock subject to such awards.

Effect of Certain Corporate Transactions. In the event of (i) the sale, lease or other disposition of all or substantially all of the assets of the Company, (ii) a merger, consolidation or similar transactions in which the Company's pre-corporate transaction stockholders do not hold securities representing a majority of voting power in the surviving corporation, or (iii) an acquisition, other than by virtue of a merger, consolidation or similar transaction, by any person, entity or group of securities of the Company representing at least fifty percent (50%) of the combined voting power of the Company's then outstanding securities (each, a corporate transaction), the surviving or acquiring corporation may continue or assume awards outstanding under the Non-Officer Equity Plan or may substitute similar awards.

If any surviving or acquiring corporation does not assume such awards or substitute similar awards, then with respect to awards held by participants whose service with the Company has not terminated as of the effective date of the transaction, the vesting of such awards will be accelerated in full, any reacquisition or repurchase rights held by the Company shall lapse, and the awards will terminate if not exercised (if applicable) at or prior to such effective date. With respect to any other awards, the vesting of such awards will not accelerate and the awards will terminate if not exercised (if applicable) at or prior to such effective date.

Notwithstanding the preceding two paragraphs, in the event of a corporate transaction, then (i) awards held by employees (other than executives) shall vest and become immediately exercisable as to half the shares underlying the award, (ii) awards held by executives (vice president or higher) shall vest in full should the executive within 13 months of the transaction either be involuntarily terminated without cause (as defined in the Non-Officer Equity Plan) or voluntarily leave for good reason (as defined in the Non-Officer Equity Plan) and (iii) awards held by non-employee directors shall vest and become immediately exercisable as to all shares underlying the award.

Options Granted to Ms. LaPorte and Dr. Mario

On February 6, 2002, the Board granted Kathleen D. LaPorte, a member of the Board of Directors, a nonstatutory stock option to purchase 25,000 shares of Common Stock of the Company at an exercise price of \$2.00 per share (the LaPorte Option). The LaPorte Option was granted in connection with her service as Acting Chairman of the Board from November 2001 to April 2002. The LaPorte Option was not granted pursuant to one of the Company's equity compensation plans and the stockholders of the Company did not approve the grant of the LaPorte Option. The LaPorte Option was cancelled effective February 6, 2003 in exchange for a new option granted under the Incentive Plan.

Table of Contents

On April 23, 2002, the Board granted Ernest Mario, Ph.D. a nonstatutory stock option to purchase 650,000 shares of Common Stock of the Company at an exercise price of \$4.02 per share (the Mario Option). In accordance with Nasdaq Rule 4350(i)(1)(A), the Mario Option was granted as an inducement essential to Dr. Mario s entering into an employment contract with the Company and to serve as the Chief Executive Officer and Chairman of the Board of the Company. The Mario Option was not granted pursuant to one of the Company s equity compensation plans and the stockholders of the Company did not approve the grant of the Mario Option. The Mario Option was cancelled effective February 6, 2003 in exchange for a new option granted under the Incentive Plan.

The remaining terms and conditions of the LaPorte Option and the Mario Option were substantially similar and are as follows. The LaPorte Option and the Mario Option each had a ten-year term. Each option was subject to a vesting schedule and could not be exercised prior to the time it was vested. A portion of the shares subject to the LaPorte Option was fully vested as of the date of grant, and the remaining shares vested monthly in equal installments over the following 16 months. One-third of the shares subject to the Mario Option vest on each anniversary of the date of grant. The LaPorte Option and Mario Option were subject to substantially the same adjustment and change of control provisions described above with respect to the Non-Officer Equity Plan under Adjustment Provisions and Effect of Certain Corporate Transactions. The new options issued in exchange for the LaPorte Option and the Mario Option are exercisable for \$0.23 per share, not taking into account the 1-for-12 reverse split that occurred on April 10, 2003, and have substantially similar terms except for vesting which will occur on the first anniversary of the date of grant.

EMPLOYMENT, SEVERANCE AND CHANGE OF CONTROL AGREEMENTS

In June 2001, the Board of Directors adopted a Senior Executive Severance Benefit Plan for the benefit of the Company s Named Executive Officers. Under this plan, in the event of a constructive termination or an involuntary termination without cause of an executive officer, other than the Chief Executive Officer, such executive officer is entitled to continue to receive base salary and health benefits for a period of 9 months plus 1 month of additional salary for each complete year of service performed in excess of 2 years of service up to a maximum of 15 months. In the event of a constructive termination or an involuntary termination without cause of the Chief Executive Officer, such Chief Executive Officer is entitled to continue to receive base salary and health benefits for a period of 12 months plus 1 month of additional salary for each complete year of service performed in excess of 2 years of service up to a maximum of 20 months.

Pursuant to the Company s Amended and Restated 1995 Stock Option Plan and the Incentive Plan, in the event of a sale or disposition of substantially all of the securities or assets of the Company, a merger of the Company with or into another corporation or a consolidation or other change-in-control transaction involving the Company, the remaining unvested shares of any stock awards held by an executive officer shall become fully vested if such executive officer s employment with the Company is involuntarily terminated without cause or voluntarily terminated with good reason within 13 months following the change-in-control of the Company.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

ON EXECUTIVE COMPENSATION¹

Mr. Lyons is currently the only member of the Compensation Committee. Prior to March 31, 2003, the Compensation Committee consisted of Michael Bigham and Mr. Lyons. Mr. Bigham resigned from the Board on March 31, 2003, leaving a vacancy of the Compensation Committee. The Company intends to fill this

vacancy with an independent director after the closing of its Series A Preferred Stock and warrants financing, which is expected to occur in early May 2003. The Compensation Committee is composed entirely of non-employee, independent members of the Board of Directors. Decisions on compensation matters relating to the Company's Chief Executive Officer and the Company's other executive officers are generally made by the Compensation Committee. The Compensation Committee also administers the Company's equity benefit plans including the Incentive Plan under which option grants may be made to executive officers and other key employees.

General Compensation Policy

The Compensation Committee's overall policy as to executive compensation is to ensure that an appropriate relationship exists between the total compensation package established for each executive officer and the creation of stockholder value, while at the same time assuring that compensation is sufficiently competitive to motivate and retain key executives. In furtherance of this goal, executive compensation is structured so as to integrate competitive levels of annual base salary with discretionary stock options based upon individual and corporate performance. This annual cash compensation, together with the payment of equity incentives in the form of stock option grants or restricted stock bonuses, is designed to attract and retain qualified executives and to ensure that such executives have a continuing stake in the long-term success of the Company.

Factors

Since the Company has never been and is not currently profitable, the use of traditional performance standards (such as profit levels and return on equity) is not appropriate in evaluating the performance of the executive officers. In particular, the unique nature of the biotechnology industry, specifically, the absence of revenues and the fact that the Company's stock performance is often a consequence of larger market forces than of actual Company achievements, makes it difficult to tie performance objectives to standard financial considerations. The primary factors that were considered in establishing the components of each executive officer's compensation package for the 2002 fiscal year are summarized below. The Compensation Committee may, however, in its discretion apply entirely different factors, such as different measures of strategic performance, for future fiscal years.

Base Salary

When establishing or reviewing base compensation levels for each executive officer, the Committee considers numerous factors, including the qualifications of the executive and his or her level of relevant experience, strategic goals for which the executive has responsibility, specific accomplishments of the executive during the last fiscal year and the compensation levels in effect at companies in the biotechnology industry that compete with the Company for business and executive talent.

Base salaries are reviewed annually, and adjustments to each executive officer's base salary are made to reflect individual performance. Salary increases are based on survey information taken from the biotechnology industry for companies of similar size (0-150) employees, taking into account that the Company is at the lowest end of this range). A major objective, accordingly, is to have base salary levels commensurate with those of comparable positions with similar companies, given the level of seniority and skills possessed by the executive officer in question and the Committee's assessment of such executive's performance over the year.

Long-Term Incentive Compensation

The Compensation Committee has the authority under the Incentive Plan and 2002 Non-Officer Equity Incentive Plan to provide executives and other key employees with equity incentives including stock option grants or restricted stock bonuses. Generally, the size of each option grant is set at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, but there is also taken into account comparable awards made to individuals in similar positions in the industry, as reflected in external surveys, the individual's

Table of Contents

potential for future responsibility and promotion and the individual's performance in the recent period. The Compensation Committee has also established general guidelines for maintaining the unvested option holdings of each executive officer at a targeted level based upon his or her position with the Company, and option grants are periodically made to maintain the targeted levels. However, the Committee does not strictly adhere to these guidelines, and the relative weight given to each of the foregoing factors varies from individual to individual, as the Compensation Committee deems appropriate under the circumstances.

The grants are designed to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of Common Stock at a fixed price per share equal to the market price on the grant date over a specified period of up to ten years. Accordingly, the option will provide a return to the executive officer only if he or she remains in the Company's employ, and then only if the market price appreciates over the option term. All options currently held by executive officers have an exercise price equal to the fair market value of the Company's Common Stock as of the grant date.

Compensation of Chief Executive Officer

In setting the compensation payable for the 2002 fiscal year to the Company's Chairman and now former Chief Executive Officer, Ernest Mario, Ph.D., the Committee considered Dr. Mario's qualifications, the level of experience brought to his position and Company 2002 goals for which Dr. Mario would have responsibility.

In determining Dr. Mario's compensation level and at the request of Dr. Mario, the Committee sought to tie a significant percentage of his overall compensation package to Company performance. Accordingly, the Committee decided to set Dr. Mario's annual base salary level at \$28,080. The level of base salary set for Dr. Mario was below the 25th percentile range of the surveyed salary for the similar companies. During the 2002 fiscal year, the Committee granted Dr. Mario options to purchase up to 1,500,000 shares of the Common Stock under the Incentive Plan and additional options to purchase up to 650,000 shares of the Common Stock outside of any plan, at an exercise price of \$4.02 per share. The grants were intended to tie Dr. Mario's compensation to the performance of the Company in meeting its business goals and provide Dr. Mario with a meaningful incentive to contribute to the Company's success, as reflected in the future appreciation in the market price of the Common Stock.

In addition to Dr. Mario's compensation package and reimbursement of ordinary business expenses in accordance with the Company's policies, the Committee determined to reimburse Dr. Mario for documented costs and expenses incurred in connection with Company-related use of his private aircraft in an amount not to exceed \$400,000 per year. In 2002, the Company reimbursed Dr. Mario approximately \$378,468 for such costs and expenses.

On January 27, 2003, Dr. Mario resigned as the Company's Chief Executive Officer, but continues to serve as Chairman of the Board. On that date, Henry J. Fuchs, M.D. was elected as the Chief Executive Officer.

Compliance with Internal Revenue Code Section 162(M)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1.0 million paid to certain of the corporation's executive officers. The limitation applies only to compensation that is not considered to be performance-based. The non-performance based compensation paid to the Company's executive officers for the 2002 fiscal year did not exceed the \$1.0 million limit per officer, nor is it expected that the non-performance-based compensation to be paid to the Company's executive officers for fiscal 2003 will exceed that limit. The Incentive Plan is structured so that any compensation deemed paid to an executive officer in connection with the exercise of options granted under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1.0 million limitation. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1.0 million limit, the Compensation Committee has decided at this

Table of Contents

time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual compensation of any executive officer approach the \$1.0 million level.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are IntraBiotics stockholders will be householding the proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, you may (1) notify your broker, (2) direct your written request to Shareholder Relations, Attention: Joyce Bremer, IntraBiotics Pharmaceuticals, Inc., 2483 East Bayshore Road, Suite 100, Palo Alto, CA 94303 or (3) contact Joyce Bremer at (650) 526-6800. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker. In addition, the Company will promptly deliver, upon written or oral request to Joyce Bremer at the address or telephone number above, a separate copy of the annual report and proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
