On July 17, 2009, Claymore Group Inc., the parent company of Claymore Advisors, LLC (the "Adviser"), entered into an Agreement and Plan of Merger between and among Claymore Group Inc., Claymore Holdings, LLC and GuggClay Acquisition, Inc., (with the latter two entities being wholly-owned, indirect subsidiaries of Guggenheim Partners, LLC ("Guggenheim")) whereby GuggClay Acquisition, Inc. will merge into Claymore Group Inc. which will be the surviving entity. This transaction was completed on October 14, 2009 (the "Effective Date") and resulted in a change-of-control whereby Claymore Group Inc. and its subsidiaries, including the Adviser, became indirect, wholly-owned subsidiaries of Guggenheim. The transaction is not expected to affect the daily operations of the Fund or the investment management activities of the Adviser.

Under the Investment Company Act of 1940, the consummation of this transaction resulted in the automatic termination of the Advisory Agreement. Accordingly, on September 28, 2009, the Board of Trustees approved an interim investment advisory agreement between Madison/Claymore Covered Call & Equity Strategy Fund (the "Fund") and the Adviser (the "Interim Advisory Agreement"). The Interim Advisory Agreement takes effect as of the Effective Date and will terminate upon the earlier of: (a) 150 calendar days after the Effective Date or (b) the approval of a new investment advisory agreement by the shareholders of the Fund. In addition, the advisory fees earned by the Adviser pursuant to the Interim Advisory Agreement will be held in an interest-bearing escrow account with the Fund's custodian during the term of the Interim Advisory Agreement. If the Fund's shareholders approve a new advisory agreement with the Adviser prior to the expiration of the term of the Interim Advisory Agreement, the amount in the escrow account (including any interest earned) with respect to the Fund shall be paid to the Adviser. If the Fund's shareholders do not approve a new advisory agreement with the Adviser prior to the expiration of the term of the Interim Advisory Agreement, the Adviser shall be paid, out of the escrow account with respect to the Fund, the lesser of (i) the Adviser's costs incurred in providing the services under the Interim Advisory Agreement (including any interest earned on that amount while in escrow) with respect to the Fund; or (ii) the total amount in the escrow account (including any interest earned) with respect to the Fund. Other than the effective dates and the provisions set forth above regarding the advisory fees' placement into an escrow account, the terms and conditions of the Interim Advisory Agreement are substantively identical to those of the Advisory Agreement.

See previously submitted notes to financial statements for the period ending June 30, 2009.

In September, 2006, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 157, "Fair Valuation Measurements" ("FAS 157"). The Fund adopted FAS 157 effective on January 1, 2008. This standard clarifies the definition of fair value for financial

Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-Q

reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. FAS 157 establishes three different categories for valuations. Level 1 valuations are those based upon quoted prices in active markets. Level 2 valuations are those based upon quoted prices in inactive markets or based upon significant observable inputs (e.g. yield curves; benchmark interest rates; indices). Level 3 valuations are those based upon unobservable inputs (e.g. discounted cash flow analysis; non-market based methods used to determine fair valuation). In April 2009, the FASB issued FSP FAS 157-4, "Determining Fair Value When Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly" (FSP 157-4). FSP 157-4 provides guidance on how to determine the fair value of assets and liabilities when the volume and level of activity for the asset/liability has significantly decreased. FSP 157-4 requires disclosure in interim and annual periods of the inputs and valuation techniques used to measure fair value and a discussion of changes in valuation techniques. FSP 157-4 is effective for interim and annual reporting periods ending June 15, 2009. The Fund adopted FSP 157-4 effective on June 30, 2009. The following table represents the Fund's investments carried on the Statement of Assets and Liabilities by caption and by level within the fair value hierarchy as of September 30, 2009:
