NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
JUNE 24, 2003

To our Stockholders:

Notice is hereby given that the Annual Meeting of Stockholders of The Central European Equity Fund, Inc., a Maryland corporation (the "Fund"), will be held at 3:30 P.M., New York time, on June 24, 2003 at the offices of Deutsche Bank Securities Inc., 31 West 52nd Street, Fifth Floor Auditorium, New York, New York 10019 for the following purposes:

1. To elect four (4) Directors, three to serve for terms of three years and one to serve for a term of two years, and until their successors are elected and qualify.
2. To ratify the appointment by the Board of Directors of PricewaterhouseCoopers LLP as independent accountants for the fiscal year ending October 31, 2003.
3. To amend the Fund's investment policies to permit increased flexibility in the geographic distribution of the Fund's investments by increasing the Fund's ability to invest in Russian securities.
4. To amend the Fund's investment policies to eliminate the per-issuer investment limit.
5. To transact such other business as may properly come before the Meeting or any postponement or adjournment thereof.

Only holders of record of Common Stock at the close of business on May 2, 2003 are entitled to notice of, and to vote at, this Meeting or any adjournment thereof.

If you have any questions or need additional information, please contact Morrow & Co., Inc., the Fund's proxy solicitors, at 445 Park Avenue, New York, New York 10022, or 1-800-662-5200.

By Order of the Board of Directors

Robert R. Gambie
Chief Operating Officer
and Secretary

Dated: May 13, 2003

WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING, PLEASE SIGN THE ENCLOSED PROXY AND PROMPTLY RETURN IT TO THE FUND. WE ASK YOUR COOPERATION IN MAILING IN YOUR PROXY PROMPTLY, SO THAT THE FUND DOES NOT INCUR ANY ADDITIONAL EXPENSES OF SOLICITATION OF PROXIES.

ANNUAL MEETING OF STOCKHOLDERS
JUNE 24, 2003

PROXY STATEMENT

This Proxy Statement is furnished by the Board of Directors of The Central European Equity Fund, Inc. (the "Board of Directors" or "Board"), a Maryland corporation (the "Fund"), in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders (the "Meeting") to be held at 3:30 P.M., New York time, on June 24, 2003 at the offices of Deutsche Bank Securities Inc., 31 West 52nd Street, Fifth Floor Auditorium, New York, New York 10019. The purpose of the Meeting and the matters to be considered are set forth in the accompanying Notice of Annual Meeting of Stockholders.

If the accompanying form of proxy is executed properly and returned, shares represented by it will be voted at the Meeting in accordance with the instructions on the proxy. However, if no instructions are specified, shares will be voted FOR the election of four (4) directors of the Fund ("Directors") (Proposal 1), FOR the ratification of the appointment by the Board of PricewaterhouseCoopers LLP as independent accountants for the Fund (Proposal 2), FOR the change of investment policies to allow greater investment in Russia (Proposal 3), and FOR the elimination of the per-issuer investment limit (Proposal 4). A proxy may be revoked at any time prior to the time it is voted by written notice to the Secretary of the Fund or by submitting a subsequently executed proxy or by attendance at the Meeting and voting in person.

The close of business on May 2, 2003 has been fixed as the record date for the determination of stockholders entitled to notice of, and to vote at, the Meeting. On that date, the Fund had 7,850,363 shares of Common Stock outstanding and entitled to vote. Each share will be entitled to one vote on each matter that comes before the Meeting. It is expected that the Notice of Annual Meeting, this Proxy Statement and the form of proxy will first be mailed to stockholders on or about May 13, 2003.

A quorum is necessary to hold a valid meeting. If stockholders entitled to cast one-third of all votes entitled to be cast at the Meeting are present in person or by proxy, a quorum will be established. The Fund intends to treat properly executed proxies that are marked "abstain" and broker non-votes

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEF14A

(defined below) as present for the purposes of determining whether a quorum has been achieved at the Meeting. Under Maryland law, abstentions do not constitute a vote "for" or "against" a matter and will be disregarded in determining the "votes cast" on an issue. A "broker non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular matter because the broker does not have discretionary voting power with respect to that matter and has not received instructions from the beneficial owner.

PROPOSAL 1: ELECTION OF DIRECTORS

The Fund's charter (the "Charter") provides that the Board of Directors be divided into three classes of Directors serving staggered three-year terms and until their successors are elected and qualify. The term of office for Directors in Class III expires at the 2003 Annual Meeting, Class I at the next succeeding annual meeting and Class II at the following succeeding annual meeting. Three Class III nominees and one Class II nominee are proposed in this Proxy Statement for election.

Should any vacancy occur on the Board of Directors, the remaining Directors would be able to fill such vacancy by the affirmative vote of a majority of the remaining Directors in office, even if the remaining Directors do not constitute a quorum. Any Director elected by the Board to fill a vacancy would hold office until the remainder of the full term of the class of Directors in which the vacancy occurred and until a successor is elected and qualifies. If the size of the Board is increased, additional Directors will be apportioned among the three classes to make all classes as nearly equal as possible.

Unless authority is withheld, it is the intention of the persons named in the accompanying form of proxy to vote each proxy for the election of the nominees listed below. Each nominee has indicated that he will serve as a Director if elected, but if any nominee should be unable to serve, proxies will be voted for any other person determined by the persons named in the form of proxy in accordance with their discretion.

INFORMATION REGARDING DIRECTORS AND OFFICERS

The following table shows certain information about the nominees for election as Directors and about Directors whose terms will continue, including beneficial ownership of Common Stock of the Fund. Each has served as a Director of the Fund since the Fund's inception in 1990, except for Ambassador Burt, who was elected to the Board on June 30, 2000, and Messrs. Langhammer and Voscherau, who were elected on May 9, 2003.

The Board of Directors presently has an audit committee (the "Audit Committee") composed of Messrs. Burt, Schmults, Wadsworth and Walbrol. The Audit Committee makes recommendations to the full Board with respect to the engagement of independent accountants and reviews with the independent accountants the plan and results of the audit engagement and matters having a material effect upon the Fund's financial operations. The Audit Committee met twice during the fiscal year ended October 31, 2002. In addition, the Board has an advisory committee (the "Advisory Committee") composed of Messrs. Burt, Schmults, Wadsworth and Walbrol. The Advisory Committee makes recommendations to the full Board with respect to the Management Agreement between the Fund and Deutsche Bank Securities Inc. ("DBSI") and the Investment Advisory Agreement between the Fund and Deutsche Asset Management International GmbH ("DeAM"). The Advisory Committee met once during the past fiscal year. The Board also has an executive committee (the "Executive Committee") and a nominating committee (the "Nominating Committee"). During the past fiscal year, the Nominating Committee met once and the Executive Committee did not meet. The members of the Executive Committee are Messrs. Burt, Schmults, Strenger, Wadsworth and Walbrol. The Executive Committee has the authority to act for the Board on all matters between meetings of the Board, subject to any limitations under applicable state law. The members of the Nominating Committee are Messrs. Burt, Wadsworth and Walbrol. The Nominating Committee makes recommendations to the full Board with respect to the selection of candidates to fill vacancies on the Board of Directors intended to be filled by persons not affiliated with DBSI or DeAM, and the Nominating Committee evaluates the qualifications of all nominees for directorship pursuant to the director qualification provisions in the Fund's bylaws. The Nominating Committee will consider suggestions from stockholders

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

submitted in writing to the Secretary of the Fund that comply with the requirements for such proposals contained in the Fund's bylaws. All members on each of the four committees of the Board are non-interested persons (except that Mr. Strenger, an interested person, is a member of the Executive Committee).

During the past fiscal year, the Board of Directors had four regular meetings, and each incumbent Director attended at least 75% of the aggregate number of meetings of the Board and meetings of Board Committees on which that Director served.

The Fund pays each of its Directors who is not an interested person of the Fund, the Investment Adviser or the Manager an annual fee of \$7,500 plus \$750 for each meeting attended. Each such Director who is also a Director of The Germany Fund, Inc. or The New Germany Fund, Inc. also receives the same annual and per-meeting fees for services as a Director of each such fund. Effective as of April 24, 2002, no Director of all three funds is paid for attending more than two funds' board and committee meetings when meetings of the three funds are held concurrently, and, effective as of January 1, 2002, no such Director receives more than the annual fee of two funds. Each of the Fund, The Germany Fund, Inc. and The New Germany Fund, Inc. reimburses the Directors (except for those employed by the Deutsche Bank group) for travel expenses in connection with Board meetings. These three funds, together with 204 other open- and closed-end funds advised by wholly-owned entities of the Deutsche Bank Group in the United States, represent the entire Fund Complex within the meaning of the applicable rules and regulations of the Securities and Exchange Commission ("SEC"). The following table sets forth (a) the aggregate compensation from the Fund for the fiscal year ended October 31, 2002, and (b) the total compensation from the Fund Complex that includes the Fund for its fiscal year ended October 31, 2002, and such other funds for the year ended December 31, 2002, for each

7

Director who is not an interested person of the Fund, and for all such Directors as a group:

Name of Director	Aggregate Compensation From Fund	Total Compensation From Fund Complex
Richard R. Burt	\$13,500	\$153,000
Edward C. Schmults	12,000	26,250
Robert H. Wadsworth	9,750	156,000
Werner Walbrol	14,250	29,250
Total	\$49,500	\$364,500

No compensation is paid by the Fund to Directors or officers who are interested persons of the Fund or of any entity of the Deutsche Bank Group.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 1.

REQUIRED VOTE. Provided a quorum has been established, the affirmative vote of a plurality of the votes cast at the Meeting is required for the election of each Director. For purposes of the election of Directors, abstentions will have no effect on the result of the vote.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT
ACCOUNTANTS

The Audit Committee has approved PricewaterhouseCoopers LLP (the "Firm")

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

or "PwC") as independent accountants for the Fund for the fiscal year ending October 31, 2003. A majority of members of the Board of Directors, including a majority of the members of the Board of Directors who are not "interested" Directors (as defined in the 1940 Act) of the Fund, have ratified the appointment of PwC as the Fund's independent accountants for that fiscal year. Based principally on representations from the Firm, the Fund knows of no direct financial or material indirect financial interest of such Firm in the Fund. That Firm, or a predecessor firm, has served as the independent accountants for the Fund since inception.

Neither our charter nor bylaws requires that the stockholders ratify the appointment of PwC as our independent accountants. We are doing so because we believe it is a matter of good corporate practice. If the stockholders do not ratify the appointment, the Board of Directors and the Audit Committee will reconsider whether or not to retain PwC, but may retain such independent accountants. Even if the appointment is ratified, the Board of Directors and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that such change would be in the best interests of the Fund and its stockholders. It is intended that the persons named in the accompanying form of proxy will vote for PwC. A representative of PwC will be present at the Meeting and will have the opportunity to make a statement and is expected to be available to answer appropriate questions concerning the Fund's financial statements.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 2.

REQUIRED VOTE. Provided a quorum has been established, the affirmative vote of a majority of the votes cast at the Meeting is required for the ratification of the appointment by the Board of Directors of PwC as independent accountants for the Fund for the fiscal year ending October 31, 2003. For purposes of Proposal 2, abstentions will have no effect on the result of the vote.

INFORMATION WITH RESPECT TO THE FUND'S INDEPENDENT ACCOUNTANTS

AUDIT FEES

The aggregate fees billed by PwC for professional services rendered for the Audit of the Fund's annual financial statements for the fiscal year ended October 31, 2002 were \$55,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

PwC did not render any information technology services to the Fund during the fiscal year ended October 31, 2002.

ALL OTHER FEES

The aggregate fees billed by PwC for tax services rendered to the Fund, other than the services described above under "Audit Fees" for the fiscal year ended October 31, 2002, were \$12,000. The aggregate fees billed by PwC for audit and other services to registered investment companies advised or managed by companies within the Deutsche Bank group for the fiscal year ended October 31, 2002 were \$5,145,790. In addition, the aggregate fees billed by PwC for services rendered to the U.S. asset management business within the Deutsche Bank group, including DBSI, for the fiscal year ended October 31, 2002 were approximately \$6,574,025.

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

The role of the Audit Committee is to assist the Board (i) in its oversight of the Fund's accounting and financial reporting principles and related controls, (ii) in its oversight of the Fund's financial statements and the independent audit thereof, (iii) in selecting, evaluating and replacing (if appropriate) the outside accountants and (iv) in evaluating the independence of the outside accountants. The Board of Directors has determined that all members of the Audit Committee are "independent", as required by applicable listing standards of the New York Stock Exchange. The Audit Committee operates pursuant to an Audit Committee Charter that was last amended and restated by the Board on April 20, 2001, a copy of which is attached as Exhibit A to this Proxy Statement. As set forth in the Audit Committee Charter, management of the Fund is responsible for the preparation, presentation and integrity of the Fund's financial statements, the Fund's accounting and financial reporting principles, and internal controls designed to assure compliance with accounting standards and applicable laws and regulations. The independent accountants are responsible for auditing the Fund's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent accountants. The Audit Committee has also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently modified or supplemented. Finally, the Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, has discussed with the independent accountants the accountants' independence from the Fund and its management, and has considered whether the provision of non-audit services to the Fund's investment manager and adviser and their affiliated persons by the independent accountants is compatible with maintaining the independent accountants' independence.

The members of the Audit Committee are not full-time employees of the Fund and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Fund's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Fund's independent accountants are in fact "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Fund's Annual Report for the fiscal year ended October 31, 2002.

PROPOSAL 3: TO APPROVE CHANGES TO THE FUND'S INVESTMENT POLICIES TO PERMIT EXPANDED INVESTMENT IN RUSSIA

SUMMARY OF PROPOSAL

The Board of Directors of the Fund has considered and approved, subject to stockholder approval, a change to the Fund's fundamental investment policies intended to permit increased flexibility in the Fund's investments in Central Europe and Russia. Currently, the Fund has a fundamental policy requiring that it invest at least 65% of the Fund's total assets in Central Europe (which does not include Russia), and a non-fundamental policy to invest at least 80% of its net assets in Central Europe, and up to 20% of its net assets in other European countries or in Russia. If approved by stockholders, the changes would establish a fundamental policy to invest at least 80% of the Fund's net assets in Central Europe and Russia (versus the current policy requiring at least 80% in Central Europe). In addition, the Board of Directors of the Fund has adopted a non-fundamental policy that, for the time being, the Fund will not invest more than 35% of its total assets in Russia (versus the current limitation of 20% in Russia). If Proposal 3 is approved, the Fund's name will be changed to "The Central Europe and Russia Fund, Inc."

This proposal is not conditioned on stockholder approval of eliminating the 15% per-issuer limit (Proposal 4).

CURRENT INVESTMENT OBJECTIVE AND POLICIES AND REASONS FOR PROPOSED CHANGES

Since 1997, the Fund's investment objective has been to seek long-term capital appreciation through investment primarily in equity and equity-linked securities of issuers domiciled in Central Europe. The Fund also invests in Russia.

As background, in 1997, stockholders had approved an amendment to the Fund's fundamental investment objectives and policies to eliminate the required focus on investing in Germany and Austria and to permit the Fund to invest without restriction in Eastern Europe. The Fund's fundamental investment policies were amended at that time to require at least 65% of the Fund's total assets in Central Europe, which was redefined to include Eastern Europe, plus Switzerland, Moldova, Montenegro and Serbia, but excluding Russia. A non-fundamental policy was also added to invest at least 80% of its net assets in Central Europe. Up to a 20% investment in other European countries or in Russia was also authorized.

The effect of the changes described above has been to allow the Fund additional flexibility to take advantage of developments in the securities markets in Central Europe. As discussed in the next section, the Fund wants to continue to invest in companies domiciled in Central Europe and wants greater flexibility to take advantage of the opportunities available in the Russian securities markets.

PROPOSED INVESTMENT POLICIES

Expanded Investment in Russia. Deutsche Bank Securities, Inc., the Fund's Manager ("DSBI" or the "Manager"), and Deutsche Asset Management International GmbH, the Fund's investment adviser ("DeAM" or the "Investment Adviser") have recommended, and the Directors have approved and authorized for submission to stockholders, that the Fund's investment policies be changed as described above under "Summary of Proposal." The Fund's investment objective, policies and restrictions, after giving effect to these changes and those in Proposals 4 and 5, are set forth in Exhibit B to this Proxy Statement and

hereinafter referred to as the "Revised Investment Policies."

The Revised Investment Policies will not change the Fund's fundamental policy of investing primarily in equity and equity-linked securities of issuers domiciled in Central Europe, as well as Russia. However, the policy that the Fund invest at least 80% of its net assets in securities of Central European issuers will be changed to require, instead, that the Fund invest at least 80% of its net assets in securities of Central European or Russian issuers. Adoption by the stockholders of the new fundamental policy would allow the Fund to increase its investments in Russian issuers. At April 29, 2003, about 81.3% of the Fund's total assets were invested in equity and equity-linked

10

securities of Central European issuers and 16.1% in Russian issuers. The Fund believes that developments in the securities markets in Central Europe and Russia warrant additional flexibility in the Fund's investment policies. In this respect, subject to stockholder approval of this Proposal 3, the Board of Directors has also adopted a non-fundamental policy, changeable without stockholder approval, that for the time being not more than 35% of its total assets be invested in Russia.

There are various risks associated with investing in emerging nations, such as Russia, as described more fully below under "--Risk Factors Relating to Investing in Russia." The Board also recognizes that due to the liberalization of Russia's economy, improvement in corporate governance and the reform of Russia's institutions and taxation system, there are an increasing number of investment opportunities in Russia. The Board believes the following factors favor greater investment in Russia:

- o The market capitalization of the Russian market is much larger than that of the Central European market, and the Manager and Investment Adviser believe that that this trend will continue.
- o More investment experience suggest that, although risks are still prevalent, those risks tend to be reflected in market prices and are more acceptable than in the past in light of the Russian government's continued efforts to improve corporate governance and reform its institutions and taxation system, and the Manager and Investment Adviser expect this process to continue.
- o As the Russian economy continues to make the transition from a socialist to a market economy, the Manager and Investment Adviser believe that investment in Russia's equity capital markets becomes more attractive.
 - o The Russian economy is expected to grow faster than the Western European economies over the next several years.
 - o Foreign direct investment has increased, reflecting greater institutional confidence in the Russian economy.
 - o Russian consumer demand is expected to continue to increase given Russia's large size and population.
- o Russia's international relations with Western Europe and other market-oriented regions has improved, and the Manager and Investment Adviser believe this is a favorable trend.

Name Change. Rules of the SEC require that a fund's name and investment policies correspond. If stockholders approve Proposal 3, the Fund must also change its name. Accordingly, the Board of Directors will change the Fund's name to "The Central Europe and Russia Fund, Inc." The name change will be made only if stockholders approve Proposal 3. The Fund's New York Stock Exchange ticker

symbol will remain "CEE."

RISKS FACTORS RELATING TO INVESTMENT IN RUSSIA

Stockholders and potential investors should note that there are significant risks inherent in Russian securities that are not typically associated with investing in securities of companies in more developed countries. The value of Russian securities may be affected by various uncertainties, such as economic, political and social instability, investment and regulatory risk, including crime and corruption in government and business, inconsistency and underdevelopment of its tax and legal systems. As is the case with issuers in most emerging markets, Russian securities are subject to a higher degree of volatility than the securities of Western companies. The Fund's Central European investments share some of these risks, but investments in Russia should be considered to have greater risks.

Economic, Political and Social Risks. Since the break-up of the USSR at the end of 1991, Russia has undergone substantial and, at times, turbulent economic disruption and political and social upheaval. Russia continues to make the transition from a centrally controlled command system to a market-oriented, democratic model of government, but its continued development, and the pace with which it continues to make the transition, remains uncertain. Since 1991, Russia has been affected by declines in gross domestic product (GDP), hyperinflation, an unstable currency and high government indebtedness relative to GDP. The Russian economy also suffers from the lack of an effective banking system and a significant proportion of commercial transactions are settled in kind or by the use of promissory notes. The Russian economy is also plagued by a deteriorating

11

infrastructure due to poor funding and maintenance, and potential inflationary pressures and currency devaluation as a result of insufficient funding on its debts. Russia's role and its reintegration into the global political economy are also unsettled. Moreover, internal regional conflicts continue to exist, which highlight the political tension between the central government in Moscow and certain regions within the Russian Federation. At times, the Russian governments also engages in expropriation, nationalism and confiscation of assets.

The Russian economy relies heavily on the production and export of oil, and is subject to the oil analysis industry risks described in "Risk Factors Relating to Investment in Particular Industries - Petroleum Refining and Crude Petroleum and Natural Gas." Russia also has substantial trading links with Iraq. Because Russia is highly sensitive to changes in the world oil price and because of recent U.S. legal and military action against Iraq, it is even more difficult to predict future oil price movements with any certainty and fluctuations in pricing may increase substantially.

Market and Regulatory Risks. There is still no centralized public market for trading Russian securities, despite the number of stock exchanges in Russia, and trading occurs mostly over-the-counter. The Russian securities market is still developing and is regulated by several different authorities that are often in competition with each other, resulting in contradictory regulations, at times. Corporate governance standards for Russian companies have also proven to be poor and minority stockholders in Russian companies have suffered losses due to abusive share dilutions, asset transfer and transfer-pricing practices, while stockholders of Russian securities also lack many of the protections available to stockholders of Western issuers. In addition, businesses and parts of the Russian economic system also continue to suffer from very high crime levels, including extortion and fraud. Moreover, accounting, financial and auditing reporting by Russian companies is also generally of less quality and less reliable compared with Western companies.

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

Investment and Exchange Rate Risks. Laws and regulations involving foreign investment in Russian enterprises, title to securities and transfer of title are also relatively new and can change quickly and unpredictably in a manner far more volatile than in developed market economies. The Fund may also experience difficulty transferring income received in investments in Russian issuers, such as profits, dividends and interest payments abroad. The Fund's assets will be invested in securities denominated in Russian Roubles, which are not externally convertible into other currencies outside of Russia. The value of the assets of the Fund and its income, on the other hand, will be measured in U.S. dollars, and may therefore be affected by fluctuations in currency rates as well as exchange control regulations.

Taxation and Legal Systems. Russia's taxation system is frequently subject to change and enforcement is inconsistent at federal, regional and local levels. Decision-making and enforcement under Russia's legal system also lack any consistency as a result of the volume of new legislation and political instability.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Manager and the Investment Adviser have advised the Board of Directors that while the policy of focusing on Central European issuers continues in their view to be sound, they believe additional investment flexibility in the geographic distribution of the Fund's investments would be desirable, in particular, by authorizing the Fund to increase the level of investment in securities of Russian issuers.

Accordingly, the Board of Directors has approved, subject to approval by stockholders, the change in the Fund's fundamental geographic investment policy described above.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 3.

REQUIRED VOTE. Approval of a majority of the Fund's outstanding voting securities, which is the lesser of (1) 67% of the Fund's shares present at a meeting of its stockholders if the owners of more than 50% of the shares of the Fund then outstanding are present in person or by proxy or (2) more than 50% of the Fund's outstanding shares. For purposes of Proposal 3, abstentions and broker non-votes will have the same effect as votes against the proposal.

12

PROPOSAL 4: TO CHANGE THE FUND'S INVESTMENT POLICIES TO ELIMINATE THE INDIVIDUAL ISSUER INVESTMENT LIMIT

SUMMARY OF PROPOSAL

The Board has approved, subject to stockholder approval, eliminating the Fund's fundamental policy of limiting investment in any single issuer to 15% of the Fund's total assets. The current per-issuer limitations set by the Internal Revenue Service (the "IRS") would remain. Under the IRS limitation, the Fund may not invest more than 25% of the market value of its total assets in any single issuer and must observe other IRS limits that as a practical matter would permit the Fund to make a maximum investment, at any one time, of 25% of its total assets in only two individual issuers, with a 5% limit on the remaining issuers.

This proposal is not conditioned on stockholder approval of the Fund's

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

expanded ability to invest in Russia (Proposal 3).

CURRENT INVESTMENT POLICY

The Fund currently is not permitted to invest more than 15% of its total assets in securities of a single issuer. Because some issuers represent a significant percentage of the Russian market, the Fund would like the flexibility to invest above this limit. The limitations imposed by the IRS will remain in effect, thereby limiting the Fund's investments in the securities of any particular issuer to less than 25% of the market value of its total assets at the end of each fiscal quarter. The Fund intends generally also to observe these IRS limits during each fiscal quarter.

PROPOSED INVESTMENT POLICIES

Eliminating the Issuer Limit. As noted above, if stockholders approve this proposal, the Fund's fundamental policy limiting investment in securities of a single issuer to 15% of the Fund's total assets will be eliminated. The Fund is classified as a "non-diversified" investment company under the 1940 Act, which means the Fund is not limited by the 1940 Act in the proportion of its assets that may be invested in the securities of a single issuer. However, the Fund conducts its operations so as to qualify as a "regulated investment company" for purposes of the IRS, which relieves the Fund of any liability for Federal income tax to the extent that its earnings are distributed to stockholders. To so qualify, among other requirements, the Fund must limit its investments so that, at the close of each quarter of the taxable year, not more than 25% of the market value of the Fund's total assets may be invested in the securities of a single issuer or a group of related issuers. Therefore, while the Fund's fundamental policy limiting investment in securities of a single issuer to 15% of the Fund's total assets would be eliminated, the Fund would not be able to invest more than 25% of the market value of the Fund's total assets (as of the end of each fiscal quarter), in a single issuer in accordance with IRS requirements. Furthermore, under the IRS requirements, at least 50% of the market value of the Fund's total assets must be represented by cash, U.S. Government securities, and other securities limited, in respect of any one issuer, to not more than 5% of the market value of the Fund's total assets. Therefore, even though the Fund can invest up to 25% of its assets in the securities of a single issuer, as a practical matter it can only invest a maximum of 25% of its total assets in two separate issuers at any one time, with a 5% limit on the remaining issuers.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Manager and the Investment Adviser have advised the Board of Directors that eliminating the per issuer investment limit of 15% is in their view sound and would be desirable, and, in particular, would allow the Fund greater investment flexibility by allowing the Fund to invest more than 15%, but less than 25%, of its total assets in a particular issuer.

13

Accordingly, the Board of Directors has approved, subject to approval by stockholders, the changes in the Fund's fundamental issuer investment policy, as described above.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 4.

REQUIRED VOTE. Approval of a majority of the Fund's outstanding voting securities, which is the lesser of (1) 67% of the Fund's shares present at a meeting of its stockholders if the owners of more than 50% of the shares of the

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

Fund then outstanding are present in person or by proxy or (2) more than 50% of the Fund's outstanding shares. For purposes of Proposal 4, abstentions and broker non-votes will have the same effect as votes against the proposal.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

As of May 9, 2003 no person, to the knowledge of management, owned of record or beneficially more than 5% of the outstanding Common Stock of the Fund, other than as set forth below:

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

During the fiscal year ended October 31, 2002, the Fund filed on a timely basis Forms 4 (Statement of Changes of Beneficial Ownership of Securities) for all Directors and Officers.

OTHER MATTERS

No business other than as set forth herein is expected to come before the Meeting, but should any other matter requiring a vote of stockholders properly come before the meeting, including any question as to an adjournment of the Meeting, the persons named in the enclosed Proxy will vote thereon according to their discretion. Abstentions and broker non-votes shall have no effect on the outcome of a vote to adjourn the meeting.

STOCKHOLDER PROPOSALS

In order for stockholder proposals otherwise satisfying the eligibility requirements of Securities Exchange Commission Rule 14a-8 to be considered for inclusion in the Fund's proxy statement for the 2004 Annual Meeting, the proposals must be received at The Central European Equity Fund, Inc., c/o Deutsche Asset Management, 345 Park Avenue, New York, New York 10154, Attention: Secretary, on or before January 14, 2004.

In addition, the Fund's Bylaws currently provide that if a stockholder desires to bring business (including director nominations) before the 2004 Annual Meeting that is or is not the subject of a proposal timely submitted for

14

inclusion in the Fund's proxy statement, written notice of such business as prescribed in the Bylaws must be delivered to the Fund's Secretary, at the principal executive offices of the Fund, between January 14, 2004 and February 13, 2004. For additional requirements, the stockholder may refer to the Bylaws, a current copy of which may be obtained without charge upon request from the Fund's Secretary. If the Fund does not receive timely notice pursuant to the Bylaws, the proposal may be excluded from consideration at the meeting, regardless of any earlier notice provided in accordance with Securities Exchange Commission Rule 14a-8.

EXPENSES OF PROXY SOLICITATION

The cost of preparing, assembling and mailing material in connection with this solicitation will be borne by the Fund. In addition to the use of mails, proxies may be solicited personally by regular employees of the Fund or the Manager or by telephone or telegraph. Brokerage houses, banks and other fiduciaries may be requested to forward proxy solicitation materials to their principals to obtain authorization for the execution of proxies, and they will be reimbursed by the Fund for out-of-pocket expenses incurred in this connection. The Fund has also made arrangements with Morrow & Co., Inc. to assist in the solicitation of proxies, if called upon by the Fund, at an estimated fee of \$7,500 plus reimbursement of normal expenses.

ANNUAL REPORT DELIVERY

The Fund will furnish, without charge, a copy of its annual report for the fiscal year ended October 31, 2002 and the most recent semi-annual report, if any, to any stockholder upon request. Such requests should be directed by mail to The Central European Equity Fund, Inc., c/o Deutsche Asset Management, 345 Park Avenue, New York, New York 10154 or by telephone to 1-800-437-6269. THE CENTRAL EUROPEAN EQUITY FUND, INC.
(THE "COMPANY")

AUDIT COMMITTEE CHARTER

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

- I. COMPOSITION OF THE AUDIT COMMITTEE: The Audit Committee comprises at least three directors, each of whom shall have no relationship to the Company, its investment manager, its investment adviser or its custodian (including sub-custodians) that may interfere with the exercise of his or her independence from management and the Company and, as to his or her relationship to the Company, shall otherwise satisfy the applicable membership requirements under the rules of the New York Stock Exchange, Inc., as such requirements are interpreted by the Board of Directors in its business judgment. Copies of the relevant requirements are attached hereto.
- II. PURPOSES OF THE AUDIT COMMITTEE: The purposes of the Audit Committee are to assist the Board of Directors:
1. in its oversight of the Company's accounting and financial reporting principles and policies and related controls and procedures maintained by or on behalf of the Company;
 2. in its oversight of the Company's financial statements and the independent audit thereof;
 3. in selecting, evaluating and, where deemed appropriate, replacing the outside auditors (or nominating the outside auditors to be proposed for stockholder approval in the proxy statement); and
 4. in evaluating the independence of the outside auditors.

The function of the Audit Committee is oversight. The management of the Company, including the service providers so contractually obligated, are responsible for the preparation, presentation and integrity of the Company's financial statements. Management and applicable service providers are responsible for maintaining appropriate accounting and financial reporting principles and policies and related controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The outside auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements. In fulfilling their responsibilities hereunder, it is recognized that members of the Audit Committee are not full-time employees of the Company and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing, including in respect of auditor independence. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards, and each member of the Audit Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from which it receives information, (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors), and (iii) representations made by management as to any information technology, internal audit and other non-audit services provided by the auditors to the Company, to the Company's investment manager, investment adviser or any entity controlling, controlled by or under common control with the investment manager or investment adviser ("Manager/Adviser Control Affiliate"), or to the Company's custodian (including sub-custodians).

The outside auditors for the Company are ultimately accountable to the Board of Directors (as assisted by the Audit Committee). The Board of Directors, with the assistance of the Audit Committee, has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the outside auditors (or to nominate the outside auditors to be

proposed for stockholder approval in the proxy statement).

The outside auditors shall submit to the Company annually a formal written statement delineating all relationships between the outside auditors and the Company ("Statement as to Independence"), addressing each non-audit service provided to the Company and at least the matters set forth in Independence Standards Board No. 1.

A-1

The outside auditors shall submit to the Company annually a formal written statement of the fees billed for each of the following categories of services rendered by the outside auditors: (i) the audit of the Company's annual financial statements for the most recent fiscal year; (ii) information technology consulting services for the most recent fiscal year, in the aggregate and by each service (and separately identifying fees for such services relating to financial information systems design and implementation); and (iii) all other services rendered by the outside auditors for the most recent fiscal year, in the aggregate and by each service. The statement as to (ii) and (iii) should include (and separately disclose) fees billed for the indicated services to (a) the Company, (b) the Company's investment manager, investment adviser and Manager/Adviser Control Affiliates that provide services to the Company, (c) Manager/Adviser Control Affiliates that do not provide services to the Company, and (d) the custodian (including sub-custodians).

III. MEETINGS OF THE AUDIT COMMITTEE: The Audit Committee shall meet as often as may be required to discuss the matters set forth in Article IV. In addition, the Audit Committee should meet separately at least annually with management and the outside auditors to discuss any matters that the Audit Committee or any of these persons or firms believe should be discussed privately. The Audit Committee may request any officer or employee of the Company or any service provider, outside counsel to the Company or the independent directors or the Company's outside auditors to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee. Members of the Audit Committee may participate in a meeting of the Audit Committee by means of conference call or similar communications equipment by means of which all persons participating in the meeting can hear each other.

IV. DUTIES AND POWERS OF THE AUDIT COMMITTEE: To carry out its purposes, the Audit Committee shall have the following duties and powers:

1. with respect to the outside auditor,
 - (i) to provide advice to the Board of Directors in selecting, evaluating or replacing outside auditors;
 - (ii) to review the fees charged by the outside auditors for audit and non-audit services;
 - (iii) to ensure that the outside auditors prepare and deliver annually a Statement as to Independence (it being understood that the outside auditors are responsible for the accuracy and completeness of this Statement), to discuss with the outside auditors any relationships or services disclosed in this Statement that may impact the objectivity and independence of the Company's outside auditors and to recommend that the Board of Directors take appropriate action in response to this Statement to satisfy itself of the outside auditors' independence;

- (iv) if applicable, to consider whether the outside auditors' provision of (a) information technology consulting services relating to financial information systems design and implementation and (b) other non-audit services to the Company, the Company's investment manager, investment adviser or Manager/Adviser Control Affiliates or the custodian (including sub-custodians) is compatible with maintaining the independence of the outside auditors; and
 - (v) to instruct the outside auditors that the outside auditors are ultimately accountable to the Board of Directors and Audit Committee;
2. with respect to financial reporting principles and policies and related controls and procedures,
- (i) to advise management and the outside auditors that they are expected to provide or cause to be provided to the Audit Committee a timely analysis of significant financial reporting issues and practices;
 - (ii) to consider any reports or communications (and management's responses thereto) submitted to the Audit Committee by the outside auditors required by or referred to in SAS 61 (as codified by AU Section 380), as may be modified or supplemented, including reports and communications related to:
 - o deficiencies noted in the audit in the design or operation of related controls;
 - o consideration of fraud in a financial statement audit;
- A-2
- o detection of illegal acts;
 - o the outside auditor's responsibility under generally accepted auditing standards;
 - o significant accounting policies;
 - o management judgments and accounting estimates;
 - o adjustments arising from the audit;
 - o the responsibility of the outside auditor for other information in documents containing audited financial statements;
 - o disagreements with management;
 - o consultation by management with other accountants;
 - o major issues discussed with management prior to retention of the outside auditor;
 - o difficulties encountered with management in performing the audit; and
 - o the outside auditor's judgments about the quality of the

entity's accounting principles;

- (iii) to meet with management and/or the outside auditors:
 - o to discuss the scope of the annual audit;
 - o to discuss the audited financial statements;
 - o to discuss any significant matters arising from any audit or report or communication referred to in item 2(ii) above, whether raised by management or the outside auditors, relating to the Company's financial statements;
 - o to review the form of opinion the outside auditors propose to render to the Board of Directors and stockholders;
 - o to discuss allocations of expenses between the Company and other entities;
 - o to discuss the Company's compliance with Subchapter M of the Internal Revenue Code of 1986, as amended;
 - o to discuss with management and the outside auditors their respective procedures to assess the representativeness of securities prices provided by external pricing services;
 - o to discuss with outside auditors their conclusions as to the reasonableness of procedures employed to determine the fair value of securities for which readily available market quotations are not available, management's adherence to such procedures and the adequacy of supporting documentation;
 - o to discuss significant changes to the Company's auditing and accounting principles, policies, controls, procedures and practices proposed or contemplated by the outside auditors or management; and
 - o to inquire about significant risks and exposures, if any, and the steps taken to monitor and minimize such risks; and
- (iv) to discuss with the Company's legal advisors any significant legal matters that may have a material effect on the financial statements; and

3. with respect to reporting, recommendations and other matters,

- (i) to provide advice to the Board of Directors in selecting the principal accounting officer of the Company;
- (ii) to prepare any report or other disclosures, including any recommendation of the Audit Committee, required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement;

A-3

- (iii) to review this Charter at least annually and recommend any changes to the full Board of Directors; and
- (iv) to report its activities to the full Board of Directors on a regular basis and to make such recommendations with respect to

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

the above and other matters as the Audit Committee may deem necessary or appropriate.

- V. RESOURCES AND AUTHORITY OF THE AUDIT COMMITTEE: The Audit Committee shall have the resources and authority appropriate to discharge its responsibilities, including the authority to engage outside auditors for special audits, reviews and other procedures and to retain special counsel and other experts or consultants.

EXHIBIT B

REVISED INVESTMENT POLICIES

If Proposals 3 and 4 are approved by stockholders, the Fund's investment objective and policies and investment restrictions would read as follows:

INVESTMENT OBJECTIVE AND POLICIES

Investment Objective. The investment objective of The Central Europe and Russia Fund, Inc. (the "Fund") is to seek long-term capital appreciation through investment primarily in equity and equity-linked securities of issuers domiciled in Central Europe and Russia. The term "Central Europe" includes, for this purpose, the Republic of Albania, the Republic of Austria, the Republic of Bosnia and Herzegovina, the Republic of Belarus, the Republic of Bulgaria, the Republic of Croatia, the Czech Republic, the Republic of Estonia, the Federal Republic of Germany, the Republic of Hungary, the Republic of Latvia, the Grand Duchy of Liechtenstein, the Republic of Lithuania, the Former Yugoslav Republic of Macedonia, the Republic of Moldova, the Republic of Poland, Romania, the Slovak Republic, the Republic of Slovenia, the Swiss Confederation ("Switzerland"), Ukraine and the Federal Republic of Yugoslavia.

Under normal circumstances, at least 80% of the Fund's net assets will be invested in the securities of issuers domiciled in Central Europe or Russia (plus 80% of any assets funded with leverage), although the Fund does not borrow money, except in an emergency or under exceptional circumstances as described below in investment policy (3) under "Investment Restrictions." The Fund may also invest in equity or equity-linked securities of issuers domiciled elsewhere in Europe. An issuer is deemed to be "domiciled" in a country or region if (a) it is organized under the laws of that country, or a country within that region, or maintains its principal place of business in that country or region, (b) it derives 50% or more of its annual revenues or profits from goods produced or sold, investments made or service performed in that country or region, or has 50% or more of its assets in that country or region, in each case as determined in good faith by Deutsche Bank Securities, Inc., the Fund's Manager ("DSBI" or the "Manager") or (c) its equity securities are traded principally in that country or region.

The term "Europe" includes the countries of Central Europe, as well as the Kingdom of Belgium, the Kingdom of Denmark, the Republic of Finland, the Republic of France, the Hellenic Republic ("Greece"), the Republic of Iceland, the Republic of Ireland, the Italian Republic, the Grand Duchy of Luxembourg, the Kingdom of the Netherlands, the Kingdom of Norway, the Republic of Portugal, the Kingdom of Spain, the Kingdom of Sweden, the Republic of Turkey and the United Kingdom of Great Britain and Northern Ireland. Any future country or countries (or other political entity) formed by combination or division of the countries comprising Central Europe, Europe or Russia shall also be deemed to be included within the term "Central Europe", "Europe" or "Russia", respectively.

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

The Fund's investment objective and the foregoing investment policies are fundamental, and may only be changed by the approval of a majority of the Fund's outstanding voting securities, which is defined in the Investment Company Act of 1940, as amended (the "1940 Act"), as the lesser of (1) 67% of the Fund's shares present at a meeting of its stockholders if the owners of more than 50% of the shares of the Fund then outstanding are present in person or by proxy or (2) more than 50% of the Fund's outstanding shares (a "Majority Vote"). The Fund will not trade in securities for short-term gain. Current interest and dividend income are not an objective of the Fund. No assurance can be given that the Fund will be able to achieve its objective.

Portfolio Structure. The Fund will seek to achieve its investment objective of long-term capital appreciation primarily by investing in equity and equity-linked securities of companies in a spectrum of industries. Equity and equity-linked securities include common stock, convertible and non-convertible preferred stock, whether voting or non-voting, convertible bonds, bonds with warrants and unattached warrants. Equity-linked securities refer to debt securities convertible into equity and securities such as warrants, options and futures, the prices of which reflect the value of the equity securities receivable upon exercise or settlement thereof. For a discussion of the types of futures and options that the Fund may or may not invest in, see the discussion under "--Futures and Options."

The Fund will not concentrate investments in any one industry, which means that the Fund will not invest 25% or more of its total assets in the securities of issuers in any one industry.

In selecting industries and companies for investment by the Fund, Deutsche Asset Management International GmbH ("DeAM" or the "Investment Adviser") and Deutsche Bank Securities Inc. ("DBS" or the "Manager") generally consider factors such as overall growth prospects, competitive position in their product markets, management, technology, research and development, productivity, labor costs, raw material costs and sources, profit margins, return on investment, capital resources and government regulation.

The Fund has no current intention of focusing its investments in any particular countries other than Poland, Hungary, the Czech Republic and Russia, where its investment is and may in the future be significant (at April 29, 2003, Poland - 37.9%, Hungary - 27.5%, the Czech Republic - 12.1%, Russia - 16.1%); however, except as described below, there are no prescribed limits on geographic asset distribution within Central Europe and Russia and, from time to time, a significant portion of the Fund's assets may be invested in companies domiciled in as few as three countries. The Board of Directors has also adopted a non-fundamental policy, which may be changed without stockholder approval, that for the time being, permits investment up to the following percentages of the

B-2

value of its total assets in equity and equity-linked securities of issuers domiciled in the following countries. The Board reserves the right to change this policy.

Country	Percentage of Total Asset Limit
-----	-----
Poland	65%
Hungary	50%
Russia	35%

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

Czech Republic	30%
Other	15%

The Fund may not purchase more than 10% of the voting securities of any single issuer.

Although it intends to focus its investments in equities or equity-linked securities that are listed on a recognized securities exchange or otherwise publicly traded, the Fund may also invest in securities that are not readily marketable. The Fund may also invest in other investment companies, subject to applicable limitations under the 1940 Act. These limitations include a prohibition on the Fund's acquiring more than 3% of the voting securities of any other investment company or more than 10% of its total assets in securities of all investment companies. Any investment companies in which the Fund may invest will have a policy of investing all or substantially all of their assets in one or more European countries or Russia. Such investments may involve an additional layer of expenses because of the fees and expenses payable by such other investment companies. In determining whether to invest assets of the Fund in other investment companies, the Manager and Investment Adviser will take into consideration, among other factors, the advisory fee and other expenses payable by such other investment companies.

Warrants. The Fund may also invest in warrants if consistent with the Fund's investment objective. The warrants in which the Fund may invest are a type of security, usually issued together with another security of an issuer, that entitles the holder to buy a fixed amount of common or preferred stock of such issuer at a specified price for a fixed period of time (which may be in perpetuity). Warrants are commonly issued attached to other securities of the issuer as a method of making such securities more attractive and are usually detachable and thus may be bought or sold separately from the issued security. Warrants can be a speculative instrument. The value of a warrant may decline because of a decrease in the value of the underlying stock, the passage of time or a change in perception as to the potential of the underlying stock, or any combination thereof. If the market price of the underlying stock is below the exercise price set forth in the warrant on the expiration date, the warrant will expire worthless. Publicly traded warrants currently exist with respect to the stock of a significant number of European companies.

Participation Certificates. Certain German, Swiss and Austrian companies have issued participation certificates ("Participation Certificates" or "Genuss-Scheine"), which entitle the holder to participate only in dividend distributions, generally at rates above those declared on the issuers' common stock, but not to vote, nor usually to any claim for assets in liquidation. Participation Certificates trade like common stock, either in the over-the-counter market or through the relevant stock exchanges. Such securities may have higher yields; however, they may be less liquid than common stock. The Fund may invest in Participation Certificates of issuers in any European country or Russia.

Futures and Options. For hedging purposes, the Fund may also purchase put and call options on stock of European or Russian issuers and, to the extent permitted by applicable U.S. law, invest in the index and bond futures and any other derivative securities listed on any organized exchange. Options are contracts which give the buyer the right, but not the obligation, to buy or sell a fixed amount of securities at a fixed price for a fixed period of time. A futures contract is a binding obligation to purchase or deliver the specific type of financial instrument, or the cash equivalent thereof in certain circumstances, called for in the contract at a specific price at a future date. The Fund will only invest in options or futures in an attempt to hedge against changes or anticipated changes in the value of particular securities in its portfolio or all or a portion of its portfolio. The Fund will not invest in

options or futures if, immediately thereafter, more than the amount of its total assets would be hedged. For hedging purposes, the Fund may also purchase put and call options on bonds and other securities, as well as securities indices, if and when such investments become available. The Fund may invest in other options, futures and options on futures with

B-3

respect to any securities or securities indices compatible with its investment objective that may from time to time become available on any organized exchange, if permitted by applicable law.

The Fund may also write (e.g., sell) covered call options on its portfolio securities and appropriate securities indices for purposes of generating income. The Fund may write (e.g., sell) covered call options on portfolio securities and appropriate securities indices up to the amount of its entire portfolio. A call option gives the holder the right to purchase the underlying securities from the Fund at a special price (the "exercise price") for a stated period of time (usually three, six or nine months). Prior to the expiration of the option, the writer (e.g., seller) of the option has an obligation to sell the underlying security to the holder of the option at the exercise price regardless of the market price of the security at the time the option is exercised. The initial purchaser of an option pays the writer a premium, which is paid at time of purchase and is retained by the writer whether or not the option is exercised. A "covered" call option means that so long as the Fund is obligated as the writer of the option, it will own (i) the underlying securities subject to the option, (ii) securities convertible or exchangeable without the payment of any consideration into the securities subject to the option or (iii) warrants on the securities subject to the option exercisable at a price not greater than the option exercise price and, at the time the option is exercisable, the securities subject to the option. In the case of covered call options on securities indices, references to securities in clauses (i), (ii) or (iii) will include such securities as the Investment Adviser believes approximate the index (but not necessarily all those comprising the index), as well as, in the case of clauses (ii) and (iii), securities convertible, exchangeable or exercisable into the value of the index. The writing of a call option may involve the pledge of the underlying security which the call option covers, or other portfolio securities. In order to make use of its authority to write covered call options, the Fund may pledge its assets in connection therewith.

In the event the option is exercised, the writer may either deliver the underlying securities at the exercise price or if it does not wish to deliver its own securities, purchase new securities at a cost to the writer, which may be more than the exercise price premium received, and deliver the new securities for the exercise option. In the event the option is exercised, the Fund's potential for gain is limited to the difference between the exercise price plus the premium less the cost of the security. Alternatively, the option's position could be extinguished or closed out by purchasing a like option. It is possible, although considered unlikely, that the Fund might be unable to execute such a closing purchase transaction. If the price of a security declines below the amount to be received from the exercise price less the amount of the call premium received and if the option could not be closed out, the Fund would hold a security which might otherwise have been sold to protect against depreciation. In addition, the Fund's portfolio turnover may increase to the extent that the market price of underlying securities covered by call options written by the Fund increases and the Fund has not entered into closing purchase transactions. Brokerage commissions associated with writing options transactions are normally higher than those associated with other securities transactions.

Fixed Income Securities. The Fund may also invest up to 20% of its

total assets in fixed income securities of European or Russian issuers. Such investments may include debt instruments issued by private and public entities, including multinational lending institutions and supranational institutions if denominated in a European or Russian currency or composite currency, which have been determined by the Fund's Investment Adviser and Manager to be of comparable credit quality to securities rated in the three highest categories by Moody's Investors Service, Inc. or Standard & Poor's Corporation. When selecting a debt instrument from among several investment opportunities, the Investment Adviser and Manager will consider the potential for capital appreciation, taking into account maturity and yield considerations. For temporary defensive purposes, the Fund also may invest in money market instruments denominated in U.S. dollars or in a European or the Russian currency or composite currency, including bank time deposits and certificates of deposit.

Loaned Securities. The Fund may also lend its portfolio securities to banks, securities dealers and other institutions meeting the creditworthiness standards established by the Fund's Board of Directors. The Fund may lend its portfolio securities so long as the terms and the structure of such loans are not inconsistent with the 1940 Act, which currently requires that (a) the borrower pledge and maintain with the Fund collateral consisting of cash, a letter of credit issued by a domestic United States bank or securities issued or guaranteed by the United States Government having a value at all times of not less than 100% of the value of the securities loaned, (b) the borrower add to such collateral whenever the price of the loaned securities rises (e.g., the value of the loan is "marked to market" on a daily basis), (c) the loan be made subject to termination by the Fund at any time and (d) the Fund receive reasonable interest on the loan (which may include a portion of the interest from the Fund's investing any

B-4

cash collateral in interest bearing short-term investments). Any such collateral may be invested by the Fund in repurchase agreements collateralized by securities issued or guaranteed by the United States Government. Any distributions on the loaned securities and any increase in their market value accrue to the Fund. Loan arrangements made by the Fund will comply with all other applicable regulatory requirements. All relevant facts and circumstances, including the creditworthiness of the borrowing institution, will be monitored by the Fund's Investment Adviser and Manager, and will be considered in making decisions with respect to lending of securities, subject to review by the Fund's Board of Directors. The Fund may pay reasonable negotiated fees in connection with loaned securities, so long as such fees are set forth in a written contract and approved by the Fund's Board of Directors. In addition, any voting rights may pass with the loaned securities, but if a material event were to occur affecting an investment on loan, the loan may be called and the securities voted. Any gain or loss in the market price of the loaned securities that may occur during the term of the loan will be for the account of the Fund.

Currency Transactions. The Fund may attempt to hedge its foreign currency exposure by entering into forward currency contracts. The Fund does not currently engage in foreign exchange transactions as an investment strategy. However, at such future time as the Investment Adviser and Manager believe that one or more currencies in which the Fund's securities are denominated might suffer a substantial decline against the U.S. dollar, the Fund may, in order to hedge the value of the Fund's portfolio, enter into forward contracts, e.g., to sell fixed amounts of such currencies for fixed amounts of U.S. dollars in the interbank market. A forward currency contract involves an obligation to purchase or sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract.

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEF14A

The Fund's dealings in forward exchange transactions will be limited to hedging involving either specific transactions or portfolio positions. Transaction hedging is the purchase or sale of forward currency with respect to specific receivables or payables of the Fund, which will generally arise in connection with the purchase or sale of its portfolio securities. Position hedging is the sale of forward currency with respect to portfolio security positions denominated or generally quoted in that currency.

The Fund may engage in "conventional hedging", which involves entering into forward currency contracts to sell fixed amounts of a foreign currency (e.g., Polish zlotys) for fixed amounts of U.S. dollars in order to hedge the U.S. dollar value of its portfolio. The Fund may also engage in "cross-hedging", which involves entering into forward currency contracts to sell fixed amounts of such foreign currency (e.g., Polish zlotys) for fixed amounts of another foreign currency to which the Fund may seek exposure (e.g., Deutsche marks or Austrian schillings).

The Fund may not position a hedge with respect to any currency to an extent greater than the aggregate market value (at the time of making such sale) of the securities held in its portfolio denominated or generally quoted in or currently convertible into such currency. If the Fund enters into a hedging transaction, the Fund's custodian or subcustodian will place cash or U.S. Government or other liquid securities in a segregated account of the Fund in an amount equal to the value of the Fund's total assets committed to the consummation of the forward contract, which value will be adjusted on a daily basis. If the value of the securities placed in the segregated account declines, additional cash or securities will be placed in the account so that the value of the account will equal the amount of the Fund's commitment with respect to the contract.

INVESTMENT RESTRICTIONS

In addition to its investment objective and the other investment policies so indicated under "Investment Objective and Policies - Investment Objective," the Fund has adopted certain investment restrictions, which are fundamental policies and cannot be changed without a Majority Vote of the Fund's stockholders. For purposes of the foregoing restrictions and the restrictions listed below, all percentage limitations apply only immediately after a transaction, and any subsequent change in any applicable percentage resulting from changing values will not require elimination of any security from the Fund's portfolio.

The Fund may not:

(1) purchase more than 10% of the voting securities of any single issuer;

B-5

(2) invest 25% or more of its total assets in the securities of issuers in any one industry;

(3) issue senior securities, borrow money or pledge its assets, except that the Fund may borrow for temporary or emergency purposes or for the clearance of transactions in amounts not exceeding 10% of the value of its total assets (not including the amount borrowed) and will not purchase securities while any such borrowings are outstanding, and except that the Fund may pledge its assets in connection with writing covered call options;

(4) make real estate mortgage loans or other loans, except through the

Edgar Filing: CENTRAL EUROPEAN EQUITY FUND INC /MD/ - Form DEFR14A

purchase of debt obligations consistent with the Fund's investment policies;

(5) buy or sell commodities, commodity contracts, futures contracts, real estate or interests in real estate (other than as described under "Portfolio Structure" and "Currency Transactions" under "Investment Objective and Policies");

(6) make short sales of securities or maintain a short position in any security;

(7) buy, sell or write put or call options (other than as described under "Portfolio Structure--Investment Objective and Policies--Futures and Options");

(8) purchase securities on margin, except such short-term credits as may be necessary or routine for the clearance or settlement of transactions;

(9) act as an underwriter, except to the extent the Fund may be deemed to be an underwriter in connection with the sale of securities in its portfolio; or

(10) purchase securities, the sale of which by the Fund could not be effected without prior registration under the Securities Act of 1933, as amended, except that this restriction shall not preclude the Fund from acquiring non-U.S. securities.

Non-Diversified Status. The Fund is classified as a "non-diversified" investment company under the 1940 Act, which means the Fund is not limited by the 1940 Act in the proportion of its assets that may be invested in the securities of a single issuer. However, the Fund conducts its operations so as to qualify as a "regulated investment company" for purposes of the Internal Revenue Code, which relieves the Fund of any liability for Federal income tax to the extent that its earnings are distributed to stockholders. To so qualify, among other requirements, the Fund must limit its investments so that, at the close of each quarter of the taxable year, (i) not more than 25% of the market value of the Fund's total assets may be invested in the securities of a single issuer or a group of related issuers and (ii) at least 50% of the market value of its total assets must be represented by cash, U.S. Government securities, and other securities, with such other securities limited, in respect of any one issuer, to not more than 5% of the market value of the Fund's total assets and not more than 10% of the issuer's outstanding voting securities.

The back cover displays a map of Europe on which the several countries are characterized by lines representing their national borders. The countries of Central Europe (as defined in the Fund's Revised Investment Policies) and Russia where the Fund holds investments as of May 9, 2003 are highlighted by the following popular names in the appropriate parts of the map: Austria, Croatia, Czech, Hungary, Poland, Russia. The Central European countries and Russia are shaded orange, the other European countries are shaded green.
