Compensation Committee Determination on Executive Compensation

The Compensation Committee (the Committee) of the Company's Board of Directors establishes the Company's general compensation policies, compensation plans, and specific compensation levels for the Company's Chief Executive Officer and any other executive officer which may in the future be specifically designated by the Board of Directors. The Compensation Committee also reviews the design, administration and effectiveness of compensation programs for other key executives. The general policy and philosophy of the Compensation Committee is to provide total compensation opportunities that are competitive with the opportunities offered to executives in similar positions at competing companies and that compensation with a strong link to the financial performance of the Company enables the Company to attract and retain the key personnel necessary to fuel continued growth and profitability.

The Committee has examined the compensation of the executives of comparatively placed homebuilders to determine whether or not the compensation of the Company's Chief Executive Officer is within the range of his peers. In undertaking such examination, the Committee has sought publicly available information regarding homebuilders which are at a similar stage in their growth and development to that of the Company, and therefore compete for the same executive personnel.

Performance-Based Compensation

The Committee has reviewed the Company's performance in Fiscal Year 2002 in homebuilding and in effecting strategic transactions under the direction of the Chief Executive Officer. Based upon the Committee's review of the compensation of chief executives of similarly-placed homebuilders, the Committee applied the existing performance bonus structure of four percent (4%) of pre-tax income to the Company's results in Fiscal Year 2002 and compared the expected results of that formula to the cash compensation of the peer group. The Committee found that, taking into account the absence of non-cash compensation, the performance based compensation derived from application of the existing formula put the compensation of the CEO at the lower end of the range of the peer group.

Section 162(m) of the Internal Revenue Code of 1986 limits deductions for certain executive compensation in excess of \$1 million. The Code permits deduction of compensation in excess of \$1 million only if it is performance based, the criteria for award are specified in detail, and stockholder approval is obtained prior to payment. The policy of the Company is to maintain the tax deductibility of all compensation paid to its executives. The annual performance bonus of the CEO has been structured to meet the requirements for deductibility. Any payments exceeding \$1 million under the compensation structure it has approved will be contingent upon shareholder approval.

Other Compensation

The Committee notes that, unlike most other members of the peer group, the Company's CEO has in the past received virtually no non-cash compensation. The Committee has determined that the Company's CEO should receive certain additional fringe benefits so that the CEO's total compensation package remains competitive. The Committee has determined to recommend that the Company permit the CEO to use the Company's aircraft for up to 50 flying hours of personal use (subject to the superior right of the Company to use the aircraft). The direct incremental cost to the Company of this benefit is approximately \$2,100 per flying hour, while the amount of income realized by the CEO for such use may be substantially less under applicable regulations. The Committee has considered that the cost to the Company should be deductible in full under current law. Accordingly, the Company will properly include the value of the flights in the CEO's income in accordance with applicable rules. Based upon its review of the other compensation category shown in public filings for chief executives of similarly-placed homebuilders, the Committee has found that, together with this non-cash compensation (even in the event that the Company is only able to deduct such amount as is included in the CEO's income and assuming the CEO exercises in full his option to utilize the aircraft for personal use), the other compensation of the CEO is still within the lower range of the peer group.

Table of Contents

Base Salary

The annualized base salary of the Chief Executive Officer was \$435,000 for Fiscal Year 2002. The Committee has determined to recommend a five percent increase of the CEO's base salary to \$456,750 for Fiscal Year 2003.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that the Company's directors, executive officers and persons who own more than 10 percent of the Company's Common Stock file initial reports of ownership of the Company's Common Stock and changes in such ownership with the Securities and Exchange Commission. To the Company's knowledge, based solely on a review of copies of forms submitted to the Company during and with respect to fiscal 2002 and on written representations from the Company's directors and executive officers, all required reports were filed on a timely basis during fiscal 2002.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS WITH
OFFICERS, DIRECTORS AND AFFILIATES**

The Company's policy is that all transactions between the Company and its officers, directors and principal stockholders, and their respective affiliates, must be on terms no less favorable to the Company than terms with unaffiliated parties for similar transactions. All such transactions that are not in the ordinary course of the Company's business must be approved by a majority of independent directors who do not have a financial interest in the transaction.

In May 2002, as the final component of a fiscal 2001 transaction (the Exchange Transaction) in which the Company exchanged its interests in certain joint ventures with an investment company, California Housing Finance, L.P. (CHF) in return for the bulk of CHF's interest in Capital Pacific Holdings, LLC (CPH, LLC) and certain other joint ventures, the Company issued 1,235,000 shares of its non-voting common stock to CHF in exchange for CHF's remaining 7% interest in CPH, LLC. In fiscal 2001 CHF contributed the interests in the joint ventures it acquired from the Company to Makallon, LLC (Makallon). Makallon is beneficially owned by CHF which is a beneficial owner of approximately 27% of the Company's common equity. Paul Makarechian, a former director and officer of the Company, and the son of the Chairman of the Board and Chief Executive Officer of the Company, is an executive and has a contingent minority interest in Makallon. In connection with the Exchange Transaction, Capital Pacific Homes, Inc., a subsidiary of the Company, has entered or expects to enter into construction, management and marketing agreements with Makallon relating to certain projects owned by the divested joint ventures whereby the Company is compensated for performing such services through a management fee arrangement. In addition, the Company has entered into lease agreements with Makallon for office space in two buildings owned by certain joint ventures controlled by Makallon. Further information regarding the Exchange Transaction is included in the footnotes to the Company's financial statements included in the Company's Annual Report mailed with this proxy statement.

During fiscal 2002, Mr. Wilkinson and Mr. Ira Lebovic, each an officer of the Company, purchased homes from one of the Company's managed projects for \$1,451,000 and \$976,000, respectively

INDEPENDENT AUDITORS

In connection with the uncertainty as to the future of Arthur Andersen LLP (Andersen), the Company replaced Andersen as the Company's independent auditors with the independent auditing firm of Ernst & Young LLP (Ernst & Young) for fiscal year ended February 28, 2002. Andersen served as the Company's independent auditors for the fiscal year ended February 28, 2001.

Andersen's reports on the consolidated financial statements of the Company and its subsidiaries for the two most recent years ended February 28, 2001, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's two most recent fiscal years ended February 28, 2001, and the subsequent interim periods through November 30, 2001:

there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagree-

ments, if not resolved to Arthur Andersen's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports;

there were no reportable events as described in Item 304(a)(1)(v) of Regulation S-K; and

the Company did not consult Ernst & Young with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Representatives of Ernst & Young will be present at the Meeting to respond to appropriate questions and will have the opportunity to make a statement if they desire to do so.

Auditor Fees

The following is a description of the fees billed to the Company by Andersen and Ernst & Young during the fiscal year ended February 28, 2002:

Audit fees paid by the Company to Ernst & Young in connection with the audit of the Company's financial statements for the fiscal year ended February 28, 2002 totaled \$180,000.

The Audit Committee has considered the services rendered by the Company's independent auditors for the most recent fiscal year as described above and has concluded that the provision of such services is compatible with maintaining the independent auditors' independence.
