Item 7.01. Regulation FD Disclosure

Historically, we have accounted for deferred revenues and deferred expenses related to equipment that we rent to patients under a reimbursement contract method. These deferred amounts were included in our consolidated financial statements for the year ended December 31, 2006 on which our independent registered public accountants, Deloitte & Touche LLP, issued an unqualified opinion. In the course of a recent review of our accounting for deferred revenue and deferred expenses, it was identified that we had incorrectly deferred revenue related to all of our capitated contracts and that we incorrectly deferred certain direct, indirect and overhead expenses. Based upon our review, and after further discussions concerning these issues with Deloitte & Touche LLP, we have concluded that the rental of such equipment should be accounted for under Statement of Financial Accounting Standards (SFAS) No. 13, *Accounting for Leases*. Under SFAS No. 13 a lessor is required to recognize rental income over the lease term. We bill for the rental of patient equipment on a monthly basis beginning on the date the equipment is delivered. Since deliveries can occur on any day during a month, revenue must be deferred for the amount of billings that apply to the next month.

The accounting for the deferral of expenses by lessors is addressed by SFAS No. 91 *Accounting for Nonrefundable Fees and Costs Associated with Originating or Acquiring Loans and Initial Direct Costs of Leases*. Under SFAS No. 91 only the direct costs associated with leases are to be deferred. Based upon our review we have re-evaluated the type and amount of costs to be deferred and in the future will only be deferring the direct costs associated with the initial rental period in accordance with SFAS No. 91. Our financial statements will be corrected accordingly.

In 2006, we made adjustments to our financial statements related to deferral of certain revenue and expenses pursuant to Staff Accounting Bulletin (SAB) No. 108 issued by the Securities and Exchange Commission which we disclosed in our Form 10-K for the year ended December 31, 2006. In the SAB 108 adjustment, we incorrectly deferred all capitated contract revenue and included the direct, indirect and overhead costs referred to above that should not have been deferred. Prior to the SAB 108 adjustment in 2006, we did not record any deferred revenues or deferred costs.

Table of Contents

Management believes that the corrections will not be material to net income and diluted earnings per share of prior periods and has estimated that the impact of these corrections on net income and diluted earnings per share in our Statements of Income for the years ended December 31, 2006, 2005 and 2004 will be as follows:

(in millions, except per share data)

	Year ended December 31,					
	2006		2005		2004	
	Net	Diluted	Net	Diluted	Net	Diluted
	Income	Earnings	Income	Earnings	Income	Earnings
		Per		Per		Per
		Share		Share		Share
As previously reported	\$ 75.0	\$ 1.75	\$ 66.9	\$ 1.37	\$ 114.0	\$ 2.27
As corrected	\$ 74.3	\$ 1.73	\$ 68.5	\$ 1.40	\$ 112.0	\$ 2.23

Management has estimated that the impact of the corrections on net income and diluted earnings per share in our Statements of Income for the quarters ended March 31, 2007, June 30, 2007 and September 30, 2007 will be as follows:

(in millions, except per share data)

	Quarter ended				Year to date			
	March 31, 2007		June 30, 2007		September 30, 2007		September 30, 2007	
	Net	Diluted	Net	Diluted	Net	Diluted	Net	Diluted
	Income	Earnings	Income	Earnings	Income	Earnings	Income	Earnings
		Per		Per		Per		Per
		Share		Share		Share		Share
As previously reported	\$ 19.1	\$ 0.44	\$ 20.8	\$ 0.47	\$ 21.3	\$ 0.48	\$ 61.2	\$ 1.39
As corrected	\$ 20.9	\$ 0.47	\$ 19.3	\$ 0.44	\$ 20.9	\$ 0.47	\$ 61.0	\$ 1.38

Management has estimated the impact of the corrections to deferred revenue and deferred expense on our Balance Sheets as of September 30, 2007 and December 31, 2006 will be as follows:

(in millions)

	September 30, 2007		December 31, 2006	
	Deferred Revenue	Deferred Expense	Deferred Revenue	Deferred Expense
As previously reported	\$ 33.4	\$ 22.7	\$ 32.3	\$ 22.7
As corrected	\$ 30.7	\$ 2.9	\$ 29.2	\$ 3.0

Further, management has estimated that the cumulative effect of recording the corrections to retained earnings and stockholders' equity at January 1, 2004 would be to decrease retained earnings and stockholders' equity by \$15.1 million, or 14.1% and 4.1%, respectively. The effect on retained earnings and stockholders' equity as of December 31, 2006 would be a decrease of \$10.7 million, or 3.0% and 2.6%, respectively. These amounts are subject to audit by our independent registered public accounting firm, Deloitte & Touche LLP. These corrections should be taken into account in conjunction with our prior filings.

After substantially completing our analysis of the accounting corrections necessary to reflect the findings of our review, on December 31, 2007, management concluded and the Audit Committee of our Board of Directors approved

that due solely to our accounting for deferred revenues and expenses related to the rental of equipment to patients our financial statements should be corrected to make the above described adjustments.

In light of the Company's determination that these corrections, individually and in the aggregate, are not material, we believe it would be appropriate to make these corrections in our 2007 Form 10-K. We have initiated discussions with the staff of the Securities and Exchange Commission to obtain the staff's concurrence that it is not necessary to amend any of our previously filed Forms 10-K or 10-Q.
