Item 2.02. Results of Operations and Financial Condition.

On February 24, 2005, Teleflex Incorporated (the Company) issued a press release (the Press Release) announcing its financial results for the fourth quarter and fiscal year ended December 26, 2004. A copy of the press release is furnished as Exhibit 99.1 to this Current Report.

In addition to the financial information included in the Press Release that has been prepared in accordance with generally accepted accounting principles in the United States (GAAP), the Press Release includes information regarding free cash flow, which is a non-GAAP financial measure. The Press Release includes a reconciliation of this non-GAAP financial measure to the most directly comparable GAAP financial measure.

Management believes that free cash flow is a useful measure of cash performance because it provides a meaningful representation of those cash flows, both operating and capital, that are associated with the Company s operations. However, such non-GAAP measure should be considered in addition to, not as a substitute for, or superior to other financial measures prepared in accordance with GAAP. Additionally, such non-GAAP financial measure as presented by the Company may not be comparable to similarly titled measures reported by other companies.

During a conference call scheduled to be held at 10:00 a.m. EST on February 25, 2005, the Company will discuss its financial results for the fourth quarter and fiscal year ended December 26, 2004. In connection with this discussion, the Company plans to reference certain financial information reflecting the discontinued operations of the Company s automotive pedals systems business, which will be made available in advance of the call through the Company s website. A copy of such financial information is furnished as Exhibit 99.2 to this Current Report.

The information furnished pursuant to Item 2.02 of this Current Report, including Exhibit 99.1 hereto, shall not be considered filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of such section, nor shall it be incorporated by reference into future filings by the Company under the Securities Act of 1933, as amended or under the Securities Exchange Act of 1934, as amended, unless the Company expressly sets forth in such future filing that such information is to be considered filed or incorporated by reference therein.
